

2014/15
Annual Report
Final Draft Audited
22 January 2016

CONTENTS

CHAPTER 1	18
COMPONENT A: MAYOR'S FOREWORD	18
COMPONENT B: EXECUTIVE SUMMARY	23
1.1 MUNICIPAL MANAGER'S OVERVIEW	23
1.2 MUNICIPAL OVERVIEW.....	25
1.2.1 <i>Vision and Mission</i>	25
1.3 MUNICIPAL FUNCTIONS, POPULATION AND ENVIRONMENTAL OVERVIEW	25
1.3.1 <i>Population</i>	25
1.3.2 <i>Households</i>	27
1.3.3 <i>Socio Economic Status</i>	27
1.3.4 <i>Demographic Information</i>	28
1.4 SERVICE DELIVERY OVERVIEW.....	33
a) <i>Local Economic Development</i>	33
b) <i>Infrastructure</i>	35
c) <i>Community Services</i>	36
1.4.1 <i>Basic services delivery performance highlights</i>	37
1.4.2 <i>Basic services delivery challenges</i>	37
1.4.3 <i>Proportion of Households with access to Basic Services</i>	38
1.5 FINANCIAL HEALTH OVERVIEW	38
1.5.1 Financial Viability Highlights.....	39
1.5.2 <i>Financial Viability Challenges</i>	39
1.5.3 <i>National Key Performance Indicators – Municipal Financial Viability and Management (Ratios)</i>	39
1.5.4 <i>Financial Overview</i>	40
1.5.5 <i>Total Capital Expenditure</i>	40
1.6 ORGANISATIONAL DEVELOPMENT OVERVIEW	41
1.6.1 <i>Municipal Transformation and Organisational Development Highlights</i>	41
1.6.2 <i>Municipal Transformation and Organisational Development Challenges</i>	41
1.7 AUDITOR GENERAL REPORT	41
1.7.1 <i>Audited Outcomes</i>	42
1.8 2014/15 IDP/BUDGET PROCESS.....	42
CHAPTER 2	49
COMPONENT A: POLITICAL AND ADMINISTRATIVE GOVERNANCE	49
2.1 NATIONAL KEY PERFORMANCE INDICATORS- GOOD GOVERNANCE AND PUBLIC PARTICIPATION	49
2.2 PERFORMANCE HIGHLIGHTS - GOOD GOVERNANCE AND PUBLIC PARTICIPATION	49
2.3 CHALLENGES - GOOD GOVERNANCE AND PUBLIC PARTICIPATION	50
2.4 GOVERNANCE STRUCTURE	51
2.4.1 <i>Political Governance Structure</i>	51
2.4.2 <i>Administrative Governance Structure</i>	55
COMPONENT B:	55

<i>INTERGOVERNMENTAL RELATIONS</i>	55
2.5 INTERGOVERNMENTAL RELATIONS.....	55
2.5.1 <i>Provincial Intergovernmental Structures</i>	55
2.5.2 <i>District Intergovernmental Structures</i>	57
<i>COMPONENT C:</i>	58
<i>PUBLIC ACCOUNTABILITY AND PARTICIPATION</i>	58
2.6.1 <i>Public Meetings</i>	59
2.6.2 WARD COMMITTEES.....	60
a) <i>Ward 1: Kleinbaai, Franskraal and Masakhane</i>	60
b) <i>Ward 2: Blompark, Gansbaai and De Kelders</i>	61
c) <i>Ward 3: Hermanus</i>	61
d) <i>Ward 4: Westcliffe, Mount Pleasant and Hemel-en-Aarde Valley</i>	62
e) <i>Ward 5: Zwelihle South</i>	62
f) <i>Ward 6: Zwelihle North</i>	62
g) <i>Ward 7: Sandbaai</i>	63
h) <i>Ward 8: Hawston, Fisherhaven and Honingklip</i>	63
i) <i>Ward 9: Kleinmond and Proteadorp East</i>	64
j) <i>Ward 10: Proteadorp West, Overhills, Palmiet, Betty's Bay, Pringle Bay and Rooi Els</i>	64
k) <i>Ward 11: Stanford, Baardskeerdersbos, Pearly Beach, Viljoenshof and Withoogte</i>	65
l) <i>Ward 12: Zwelihle North-West</i>	65
m) <i>Ward 13: Onrusrivier and Vermont</i>	65
2.6.3 FUNCTIONALITY OF WARD COMMITTEE	66
2.6.4 REPRESENTATIVE FORUMS	68
a) <i>Labour Forum</i>	68
b) <i>Overstrand Municipal Advisory Forum (OMAF)</i>	68
<i>COMPONENT D: CORPORATE GOVERNANCE</i>	69
2.7 RISK MANAGEMENT	69
2.8 ANTI-CORRUPTION AND ANTI-FRAUD	70
a) <i>Developed Strategies Update</i>	71
b) <i>Implementation of Strategies</i>	71
2.9 AUDIT COMMITTEE	72
a) <i>Functions of the Audit Committee</i>	72
b) <i>Members of the Audit Committee</i>	73
2.10 PERFORMANCE AUDIT COMMITTEE.....	73
a) <i>Functions of the Performance Audit Committee</i>	74
b) <i>Members of the Performance Audit Committee</i>	75
2.11 INTERNAL AUDITING	75
2.12 BY-LAWS AND POLICIES.....	78
2.13 COMMUNICATION	79
2.14 WEBSITE.....	80
2.14.1 PUBLIC SATISFACTION ON MUNICIPAL SERVICES.....	81
2.15 SUPPLY CHAIN MANAGEMENT	83
2.15.1 <i>Competitive Bids in Excess of R200 000</i>	84
2.15.3 <i>Deviation from Normal Procurement Processes</i>	87

2.15.4	<i>Logistics Management</i>	88
CHAPTER 3	89
3.1	<i>OVERVIEW OF PERFORMANCE WITHIN THE ORGANISATION</i>	89
3.1.1	LEGISLATIVE REQUIREMENTS	90
3.1.2	ORGANISATION PERFORMANCE.....	90
3.1.3	THE PERFORMANCE SYSTEM FOLLOWED FOR 2014/15	91
a)	<i>Adoption of a Performance Management Framework</i>	91
b)	<i>The IDP and the budget</i>	91
c)	<i>The Service Delivery Budget Implementation Plan</i>	92
d)	<i>The municipal scorecard (Top Layer SDBIP)</i>	92
e)	<i>Directorate/Departmental scorecards</i>	94
f)	<i>Actual performance</i>	95
3.1.4	PERFORMANCE MANAGEMENT	95
a)	<i>Organisational Performance</i>	95
b)	<i>Individual Performance Management</i>	96
3.2	<i>INTRODUCTION TO STRATEGIC AND MUNICIPAL PERFORMANCE FOR 2014/15</i>	97
3.2.1	STRATEGIC SERVICE DELIVERY BUDGET IMPLEMENTATION PLAN (TOP LAYER)	97
a)	<i>Top Layer SDBIP – Provision of democratic, accountable and ethical governance</i>	98
b)	<i>Top Layer SDBIP – The Encouragement of Structured Community Participation in the matters of the Municipality</i> <i>102</i>	
c)	<i>Top Layer SDBIP – Creation and Maintenance of a Safe and Healthy Environment</i>	103
d)	<i>Top Layer SDBIP – The Promotion of Tourism, Economic and Social Development</i>	104
e)	<i>Top Layer SDBIP – Basic Service Delivery</i>	105
3.2.2	EXTERNAL SERVICE PROVIDER PERFORMANCE.....	111
3.2.3	SERVICE PROVIDERS STRATEGIC PERFORMANCE	112
i)	<i>Office of the Municipal Manager</i>	112
ii)	<i>Economic Development Services</i>	112
iii)	<i>Financial Services</i>	113
iv)	<i>Management Services</i>	120
v)	<i>Infrastructure and Planning Services</i>	123
vi)	<i>Community Services</i>	137
vi)	<i>Protection Services</i>	145
3.2.3	MUNICIPAL FUNCTIONS.....	147
a)	<i>Analysis of Functions</i>	147
b)	<i>Performance Highlights per Functional Areas</i>	149
c)	<i>Overview of performance per directorate</i>	168
d)	<i>Performance per functional area (Departmental/Operational SDBIP)</i>	170
3.3	<i>COMPONENT A: BASIC SERVICES</i>	185
3.3.1	WATER PROVISION	185
a)	<i>Introduction to Water Provision</i>	185
b)	<i>Highlights: Water Services</i>	186
c)	<i>Challenges: Water Services</i>	186
d)	<i>Service delivery indicators</i>	189
3.3.2	WASTE WATER (SANITATION) PROVISION	191

a)	<i>Introduction to Sanitation Provision</i>	191
b)	<i>Highlights: Waste Water (Sanitation) Provision</i>	192
c)	<i>Challenges: Waste Water (Sanitation) Provision</i>	192
d)	<i>Service Delivery Indicators</i>	194
3.3.2	ELECTRICITY	198
a)	<i>Introduction to Electricity</i>	198
b)	<i>Electricity Losses</i>	199
c)	<i>Highlights: Electricity</i>	200
d)	<i>Challenges: Electricity</i>	200
e)	<i>Service Delivery Indicators</i>	203
3.3.4	WASTE MANAGEMENT (REFUSE COLLECTIONS, WASTE DISPOSAL, STREET CLEANING AND RECYCLING).....	204
a)	<i>Introduction to Waste Management</i>	204
b)	<i>Highlights: Waste Management</i>	205
c)	<i>Challenges: Waste Management</i>	205
d)	<i>Service Delivery Indicators</i>	207
3.3.5	HOUSING	209
a)	<i>Introduction to Housing</i>	209
b)	<i>Highlights: Housing</i>	212
c)	<i>Challenges: Housing</i>	212
3.3.6	FREE BASIC SERVICES AND INDIGENT SUPPORT	213
a)	<i>Introduction</i>	213
3.4	COMPONENT B: ROAD TRANSPORT	216
3.4.1	ROADS	216
a)	<i>Introduction to Roads</i>	216
b)	<i>Highlights: Roads</i>	217
c)	<i>Challenges: Roads</i>	217
d)	<i>Service Delivery Indicators</i>	219
3.4.2	WASTE WATER (STORM WATER DRAINAGE).....	221
a)	<i>Introduction to Storm water Drainage</i>	221
b)	<i>Highlights: Waste Water (Storm water Drainage)</i>	221
c)	<i>Challenges: Waste Water (Storm water Drainage)</i>	221
3.5	COMPONENT C: PLANNING AND LOCAL ECONOMIC DEVELOPMENT	223
3.5.1	PLANNING	223
a)	<i>Introduction to Planning</i>	223
b)	<i>Highlights: Planning</i>	224
c)	<i>Challenges: Planning</i>	224
3.5.2	LOCAL ECONOMIC DEVELOPMENT (INCLUDING TOURISM AND MARKET PLACES)	226
a)	<i>Highlights: LED</i>	226
b)	<i>Challenges: LED</i>	227
c)	<i>LED Strategy</i>	228
d)	<i>Tourism</i>	230
e)	<i>Informal Street Trading</i>	231
f)	<i>Service Delivery Indicators</i>	234
3.6	COMPONENT D: COMMUNITY AND SOCIAL SERVICES	236

3.6.1	LIBRARIES	236
a)	<i>Highlights: Libraries</i>	236
b)	<i>Challenges: Libraries</i>	238
c)	<i>Service statistics for Libraries</i>	238
3.6.2	CEMETERIES	239
a)	<i>Highlights: Cemeteries</i>	239
b)	<i>Challenges: Cemeteries</i>	239
c)	<i>Service Statistics for Cemeteries</i>	239
3.6.3	CHILD CARE; AGED CARE; SOCIAL PROGRAMMES	240
a)	<i>Introduction to Child Care; Aged Care; Social Programmes</i>	240
b)	<i>Highlights: Child Care; Aged Care; Social Programmes</i>	241
c)	<i>Challenges: Child care; Aged care; Social programmes</i>	242
d)	<i>Service Statistics for Child Care; Aged Care; Social Programmes</i>	243
3.7	COMPONENT E: ENVIRONMENTAL PROTECTION	244
3.7.1	INTRODUCTION TO ENVIRONMENTAL PROTECTION	244
3.7.2	STRATEGIC PLANNING	248
3.7.3	POLLUTION CONTROL	250
A)	TOP 3 SERVICE DELIVERY PRIORITIES:	254
3.8	COMPONENT G: SECURITY AND SAFETY	254
3.8.1	INTRODUCTION TO SECURITY & SAFETY	254
3.8.2	LAW ENFORCEMENT	254
a)	<i>Introduction to Law Enforcement</i>	254
a)	<i>Highlights: Law Enforcement</i>	255
b)	<i>Challenges: Law Enforcement</i>	255
c)	<i>Service statistics for Law Enforcement</i>	256
3.8.3	TRAFFIC SERVICES	257
a)	<i>Introduction to Traffic Services</i>	257
b)	<i>Highlights: Traffic Services</i>	258
c)	<i>Challenges: Traffic Services</i>	258
d)	<i>Service statistics for Traffic Services</i>	258
e)	<i>Service Delivery Indicators</i>	259
3.8.4	FIRE SERVICES AND DISASTER MANAGEMENT	260
a)	<i>Introduction to Fire Services and Disaster Management</i>	260
b)	<i>Highlights: Fire Services and Disaster Management</i>	261
c)	<i>Challenges: Fire Services and Disaster Management</i>	262
d)	<i>Service statistics for Fire Services</i>	263
e)	<i>Service Delivery Indicators</i>	263
3.9	COMPONENT H: SPORT AND RECREATION	265
3.9.1	<i>Introduction to Sport and Recreation</i>	265
a)	<i>Highlights: Sport and Recreation</i>	265
b)	<i>Challenges: Sport and Recreation</i>	266
c)	<i>Service statistics for Sport and Recreation</i>	266
3.10	COMPONENT I: CORPORATE POLICY OFFICES AND OTHER SERVICES	268
3.10.1	EXECUTIVE AND COUNCIL	268

a)	<i>Highlights: Executive and Council</i>	268
b)	<i>Challenges: Executive and Council</i>	270
c)	<i>Service Delivery Indicators</i>	270
3.10.2	FINANCIAL SERVICES	271
a)	<i>Introduction: Financial Services</i>	271
b)	<i>Highlights: Financial Services</i>	273
c)	<i>Challenges: Financial Services</i>	274
d)	<i>Service Delivery Indicators</i>	275
3.10.3	HUMAN RESOURCE SERVICES	277
a)	<i>Introduction to Human Resource Services</i>	277
b)	<i>Service Delivery Priorities</i>	277
c)	<i>Highlights: Human Resources</i>	278
d)	<i>Challenges: Human Resources</i>	278
e)	<i>Service Delivery Indicators</i>	279
3.10.4	INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) SERVICES	280
a)	<i>Introduction to Information and Communication Technology (ICT) Services</i>	280
b)	<i>Highlights: ICT Services</i>	281
c)	<i>Challenges: ICT Services</i>	281
3.10.5	LEGAL SERVICES	284
a)	<i>Highlights: Legal Services</i>	284
b)	<i>Challenges: Legal Services</i>	284
3.10.6	PROCUREMENT SERVICES	285
a)	<i>Highlights: Procurement Services</i>	285
b)	<i>Challenges: Procurement Services</i>	285
c)	<i>Service Statistics for Procurement Services</i>	286
3.11	<i>COMPONENT L: SERVICE DELIVERY PRIORITIES FOR 2015/16</i>	287
3.11.1	BASIC SERVICE DELIVERY	287
3.11.2	GOOD GOVERNANCE	289
3.11.3	OPTIMIZATION OF FINANCIAL RESOURCES	290
3.11.4	SAFE AND HEALTHY ENVIRONMENT	291
3.11.5	SOCIAL UPLIFTMENT AND ECONOMIC DEVELOPMENT	292
CHAPTER 4	294
4.1	<i>National Key Performance Indicators – Municipal Transformation and Organisational Development</i>	294
4.2	<i>Introduction to the Municipal Workforce</i>	294
4.2.1	EMPLOYMENT EQUITY	295
a)	<i>Employment Equity targets/actual</i>	295
b)	<i>Employment Equity vs. Population</i>	295
c)	<i>Occupational Levels – Race</i>	296
4.2.2	VACANCY RATE	296
4.2.3	TURNOVER RATE	298
4.3	<i>Managing the Municipal Workforce</i>	299
4.3.1	INJURIES	299
4.3.2	SICK LEAVE	300
4.3.3	HR POLICIES AND PLANS	300

4.4	<i>Capacitating the Municipal Workforce</i>	301
4.4.1	SKILLS MATRIX.....	301
4.4.2	SKILLS DEVELOPMENT – TRAINING PROVIDED.....	302
4.4.3	SKILLS DEVELOPMENT - BUDGET ALLOCATION.....	303
4.4.4	MFMA COMPETENCIES	304
4.5	<i>Managing the Municipal Workforce Expenditure</i>	304
4.5.1	PERSONNEL EXPENDITURE	304
CHAPTER 5		307
<i>COMPONENT A: STATEMENTS OF FINANCIAL PERFORMANCE</i>		307
5.1	FINANCIAL SUMMARY	307
5.1.1	<i>Revenue collection by Vote</i>	313
5.1.2	<i>Revenue collection by Source</i>	314
5.1.3	<i>Operational Services Performance</i>	315
5.2	FINANCIAL PERFORMANCE PER MUNICIPAL FUNCTION	316
5.2.1	<i>Water Services</i>	316
5.2.2	<i>Waste Water (Sanitation)</i>	317
5.2.3	<i>Electricity</i>	318
5.2.4	<i>Waste Management</i>	318
5.2.5	<i>Housing</i>	319
5.2.6	<i>Waste Water (Storm water)</i>	319
5.2.7	<i>Roads</i>	320
5.2.8	<i>Planning</i>	321
5.2.9	<i>Local Economic Development</i>	321
5.2.10	<i>Community & Social Services</i>	322
5.2.11	<i>Environmental Protection</i>	322
5.2.12	<i>Security and Safety</i>	323
5.2.13	<i>Sport and Recreation</i>	323
5.2.14	<i>Corporate Policy Offices & Other</i>	324
5.3	GRANTS.....	325
5.3.1	<i>Grant Performance</i>	325
5.3.2	<i>Conditional Grants (Excluding MIG)</i>	327
5.3.3	<i>Grants received from sources other than the Division of Revenue Act (DORA)</i>	331
5.3.4	<i>Level of Reliance on Grants & Subsidies</i>	332
5.4	ASSET MANAGEMENT.....	333
5.4.1	<i>Treatment of the Three Largest Assets</i>	334
5.4.2	<i>Repairs and Maintenance</i>	335
5.5	FINANCIAL RATIOS BASED ON KEY PERFORMANCE INDICATORS	336
5.5.1	<i>Liquidity Ratio</i>	336
5.5.2	<i>IDP Regulation Financial Viability Indicators</i>	337
5.5.3	<i>Creditors Management</i>	337
5.5.4	<i>Borrowing Management</i>	337
5.5.5	<i>Employee costs</i>	338
<i>COMPONENT B: SPENDING AGAINST CAPITAL BUDGET</i>		338
5.6	ANALYSIS OF CAPITAL AND OPERATING EXPENDITURE	338

5.7	SOURCES OF FINANCE	341
5.8	CAPITAL SPENDING ON 5 LARGEST PROJECTS	343
5.9	BASIC SERVICE AND INFRASTRUCTURE BACKLOGS – OVERVIEW.....	344
5.9.1	<i>Service Backlogs</i>	345
5.9.2	<i>Municipal Infrastructure Grant (MIG)</i>	345
	<i>COMPONENT C: CASH FLOW MANAGEMENT AND INVESTMENTS</i>	354
5.10	CASH FLOW	354
5.11	GROSS OUTSTANDING DEBTORS PER SERVICE	356
5.12	TOTAL DEBTORS AGE ANALYSIS	357
5.13	BORROWING AND INVESTMENTS.....	358
5.13.1	<i>Actual Borrowings</i>	358
5.13.2	<i>Municipal Investments</i>	359
5.13.3	<i>Declaration of Loans and Grants made by the municipality</i>	359
	<i>COMPONENT D: OTHER FINANCIAL MATTERS</i>	363
5.14	<i>GRAP Compliance</i>	363
	CHAPTER 6	364
	<i>COMPONENT A: AUDITOR-GENERAL OPINION 2013/14</i>	364
6.1	AUDITOR GENERAL REPORT 2013/14	364
	<i>COMPONENT B: AUDITOR-GENERAL OPINION 2014/15</i>	364
6.2	AUDITOR-GENERAL REPORT 2014/15.....	364
	LIST OF ABBREVIATIONS.....	366

ANNEXURE A: FINANCIAL STATEMENTS

ANNEXURE B: REPORT OF THE AUDITOR-GENERAL

ANNEXURE C: REPORT OF THE AUDIT COMMITTEE

ANNEXURE D: WATER SERVICES PLAN FOR 2014/15

ANNEXURE E: INTEGRATED WASTE MANAGEMENT PLAN REPORT FOR 2014/15

CHAPTER 1

COMPONENT A: MAYOR'S FOREWORD

As the Executive Mayor of Overstrand Municipality I am privileged to present the municipality's Annual Report for the 2014/15 financial year.

As a document which reflects performance of the past financial year, any organisation's annual report is extremely valuable and helps to navigate it through the obstacles and pitfalls of the past, to benchmark standards of performance and to set goals for improvement.

a. Vision

The 2nd review of our 5-year Integrated Development Plan (IDP) for 2012/2017 was successfully adopted by Council on 28 May 2014.

The 2014/15 IDP review affords the municipality the opportunity to reflect on the strategic direction set in our approved 5-year IDP (2012/2017) of May 2012. Consequently I held a Mayoral strategic session on 19 September 2013 with the following outcomes:

- We assessed our performance for the 2012/13 financial year;
- We reviewed our Vision, Mission and Strategic goals to ensure sustained service delivery in the 2014/15 financial year;
- We assessed changing circumstances in our municipal area that might hamper and or enhance service delivery.

For the 2014/15 IDP review our strategic direction is as follows:

We retained our **Vision** - "To be a centre of excellence for the community"

We retained our **Mission** – "To create sustainable communities by delivering optimal services to support economic, social and environmental goals in a politically stable environment".

Chapter 1: Mayor's Foreword and Executive Summary

Our **five strategic objectives** were reaffirmed:

1. The provision of democratic, accountable and ethical governance;
2. The provision and maintenance of municipal services;
3. The encouragement of structured community participation in the matters of the Municipality;
4. The creation and maintenance of a safe and healthy environment;
5. The promotion of tourism, economic and social development.

Our performance delivery on these strategic objectives for the period under review is clearly cited in Chapter 3 of this report.

b. Political changes

With intense sadness and total shock we learned of the untimely passing of Councillor Mzameni Mshenxiswa's on 19 September 2014 after a short illness. Councillor Mzameni served Zwelihle ward 5, as Ward Councillor since May 2011 until the day of his passing.

Following the tragic passing of Councillor Mzameni Mshenxiswa (Ward 5), and the rather unexpected resignation of two Councillors - Pieter Scholtz (Ward 2) and Ben Solomon (Ward 7), the Mayoral Committee was reshuffled with effect from 1 October 2014.

The portfolio committee for infrastructure and planning is now chaired by Cllr Rudolph Smith, who was also elected as Deputy Mayor. Cllr Moira Opperman now chairs the portfolio committee for community services, Cllr Philip Appelgrein the portfolio committees for management and protection services, and Cllr Dudley Coetzee the portfolio committees for finance and local economic development and tourism.

Following on an array of by-elections, three new councillors have been appointed to Council in November 2014. They are Cllr Riana de Coning (Ward 2), Cllr Sicelo Gxamesi (Ward 5) and Cllr David Botha (Ward 7). Cllr Mandlake Dyani also joined Council as proportional representative for the ANC to replace Cllr Gillion who has been seconded to parliament.

In addition, Council awarded the title "Alderman" to four serving councillors during a special council meeting held in November 2014. Councillors earn points for each completed year served and are awarded additional points for officiating as mayor, speaker, member of the mayoral committee or chair of a ward committee. Services rendered at a district municipality are also taken into account, with a minimum of 15 points being required to be considered for aldermanship.

The recipients were Philip Appelgrein (Ward 9), mayor Nicolette Botha-Guthrie and two proportional representatives of the ANC, Philipus May and Makhaya Ponoane.

c. Key Policy Developments

In this reporting period the municipality continued to align our core municipal service delivery to contribute towards delivery of the National Development Plan (NDP- 2030 vision).

d. Key Service Delivery Improvements

During the year under review, we received a number of accolades that gave recognition to the hard work and excellent systems of the Overstrand Municipality and I would like to highlight a few:

Overstrand best performer in South Africa - Key findings released by Municipal IQ, a specialised local government data and intelligence organisation, reveal that eight out of 10 top-performing local municipalities are in the Western Cape; with Overstrand topping the list, followed by Stellenbosch in second and Steve Tshwete (Mpumalanga) in third place.

Retained our clean audit - I am extremely proud to report that we have retained a clean audit for the third consecutive year. My sincere appreciation and congratulations to all, especially the Municipal Manager and all officials with our clean audit.

Continued implementation of 8 year Housing programme

During the 2014/15 financial year, the Municipality finalised the installation of services for 155 GAP sites in Gansbaai and commenced with the implementation of several infrastructure projects in the Zwelihle/Mt Pleasant area.

Refuse removal - The construction of a new landfill cell at Karwyderskraal was completed during this reporting period and is in operation as from 1 April 2015. The new cell was constructed at a cost of R9, 1 million.

Roads reseal/ rehabilitation programme - 163,240m² roads was resealed for the year. The target was 120,000m².

Water losses (limit unaccounted water) - Further reduced to 19.3%, exceeding the target of 25%.

Electricity losses - The electricity losses were determined at 5.77% for the 2014/15 financial year, as opposed to the 5.95% in the preceding 2013/14 financial year. Technical losses are calculated at ± 4.9%. In terms of the average electricity losses of 14.5% within South Africa based upon Electricity Distribution entities, this is considered an excellent achievement.

Chapter 1: Mayor's Foreword and Executive Summary

Continued Blue Flag status - Three bathing beaches were again awarded International Blue Flag beach status, namely Kleinmond, Hawston and Grotto. The respective statuses were maintained for the duration of the Blue Flag season, from 1 December 2014 until 31 March 2015 for Grotto and 15 December 2014 to 15 January 2015 for Kleinmond and Hawston. Amenities were maintained to Blue Flag requirements.

Some other achievements of the past year that I would like to highlight were:

Greenest Municipality competition

In the annual competition to crown South Africa's Greenest Town, Overstrand walked off with the laurels in the category "Solid Waste Management" for the second consecutive year.

Housing award

The Pearly Beach: Eluxolweni low-cost housing project was crowned "Best Housing Project of the Year" in the under R125 000 per unit category by the Southern African Housing Foundation. This project, which aimed to help eradicate existing informal settlements by addressing the urgent housing backlog in the area, yielded 183 subsidised housing opportunities for qualifiers and 28 serviced sites for non-qualifiers, all on single residential erven.

Municipal Infrastructure Grant (MIG) spending

The municipality spent 100% of the allocated R20,6 million MIG grant in the 2014/15 financial year.

Opening of the Stony Point Eco-facility project in Betty's Bay - The Stony Point Peninsula in Betty's Bay is an international tourist destination. The African Penguin colony, situated on an untamed coastline adjacent to the Betty's Bay Marine Protected Area, attracts in excess of 90 000 national and international tourists per annum.

Biological Water Treatment Plant at Preekstoel, Hermanus - The new biological water treatment plant at Preekstoel, Hermanus, was the winner of the 2014 Award for Excellence in Municipal Engineering: Water & Waste Water Category by the Institute of Municipal Engineering of SA. The plant is the first full scale plant of its kind in South Africa.

e. Public Participation

The ward committees and the Overstrand Municipal Advisory Forum (OMAF) are acknowledged as our official public consultation structures. In preparation for the 2014/15 Integrated Development Plan (IDP) review, Strategic Services held IDP consultation sessions with the ward committees and broader

Chapter 1: Mayor's Foreword and Executive Summary

stakeholders (service organisations) in September/ October 2013 to gather information on the "community needs" per ward.

Budget information sessions were arranged by the budget office and addressed by the Mayor, Councilors and Directors during April 2015 for all 13 wards, which were well attended and vigorously debated.

f. Future Actions

Municipal Regulations on a Standard Chart of Accounts (SCOA) - The Minister of Finance has issued SCOA Regulations to be effective for the 2016/17 financial year. Overstrand Municipality was declared as a Pilot Site by National Treasury, in conjunction with Bytes Technologies (SAMRAS Financial System). Before-mentioned implies that the Standard Chart of Accounts for Overstrand municipality must be in place for the 2015/16 financial year. The administration is working diligently to ensure that the 2015/16 Budget will conform with the SCOA requirements.

Additional court - The process to establish the additional court in Hermanus is well under way and set to be operational in the 2015/16 financial year. The court will assist in bringing by-law and other municipal legislation offenders to justice.

Sustained service delivery

In striving to maintain a clean audit we will not compromise on the basic service delivery mandate to our communities. Overstrand is committed to deliver on our **vision "To be a centre of excellence for the community"**. The performance and achievements stated in this annual report is testament to our commitment of sustained service delivery.

g. Conclusion

Thank you to our ward committees, communities, partners and stakeholders for your participation and support during the 2014/15 financial year. May we build on our strengths and collectively address the challenges in order for Overstrand Municipality "To be a centre of excellence for the community".

Nicolette Botha-Guthrie

EXECUTIVE MAYOR

22 January 2016

COMPONENT B: EXECUTIVE SUMMARY

1.1 Municipal Manager's Overview

In reflecting on the 2014/15 financial year, I am pleased to report that the Overstrand Municipality has performed well in relation to service delivery, governance and financial management. The detailed information can be obtained in this annual report.

The Municipality managed to achieve a 88% in its spending on infrastructure (capital budget). The municipality met 369 (88,70%) of a total number of 416 key performance indicators (KPIs) for the 2014/15 financial year. 39 (9,38%) of KPIs were almost met and 8 (1,92%) of the indicators were not met. This demonstrates the Municipality's ability to implement and maintain excellent service level standards to the benefit of our community.

Financially the Municipality has performed well in 2014/15. I am extremely proud of the clean audit status retained for the 3rd consecutive year. My sincere appreciation to my management team, staff and Council for your dedication and team work to retain our clean audit status. This is of course not the end of our journey in fulfilling our Constitutional mandate. There will always be room for improvement and we must continue to explore new ways of delivering good governance and to ensure that our ratepayers and residents receive good value for money.

To our rate payers and residents a clean audit demonstrates good management, control and compliance with audit requirements. A clean audit does not imply financial wealth. Like stated last year, sound financial management will remain a priority in the future as we foresee pressure on our financial resources due to escalating service delivery needs from our community concomitant with the impact of tough economic times. The outcome of the long term financial plan compiled by INCA during this financial year, will guide Council in practicing sound financial management with the limited financial resources to our disposal.

During the year under review the top management team remained unchanged and all Section 56 positions (Directors) were filled. This benefitted the sustained service delivery performance as noted in this annual report.

Chapter 1: Mayor's Foreword and Executive Summary

The Shared Services Initiative (SSI) in the District was excellerated in 2014/15 with risk management prioritised in the district. Overstrand Municipality is actively engaging in this SSI that aims to optimise service delivery in the district.

The municipality is collaborating with Productivity SA to optimise the productivity of our staff.

Albeit proud of our accomplishments cited in this annual report, we will not become complacent in striving to remain financially sound, well governed and delivering on local government's service delivery mandate enshrined in the Constitution.

As this annual report reflects on Overstrand Municipality's performance and challenges persevered for the 2014/15 financial year, I once again extend my sincere appreciation to all staff and Council for their dedication and contribution to deliver on our Vision "*To be a centre of excellence for the community*".

Coenie Groenewald

MUNICIPAL MANAGER

1.2 Municipal Overview

This report addresses the performance of the Overstrand Municipality in the Western Cape in respect of its core legislative obligations. Local government must create the participatory framework that defines and enhances the relationship between elected leaders and their communities. This requires that the council of the municipality provides regular and predictable reporting on programme performance and the general state of affairs in their locality.

The 2014/15 Annual Report reflects on the performance of the Overstrand Municipality for the period 1 July 2014 to 30 June 2015. The Annual Report is prepared in terms of Section 121(1) of the Municipal Finance Management Act (MFMA), in terms of which the municipality must prepare an Annual Report for each financial year.

1.2.1 Vision and Mission

The Overstrand Municipality committed itself to the following vision and mission:

Vision:

"To be a centre of excellence for the community"

Mission:

"Creation of sustainable communities by delivering optimal services to support economic, social and environmental goals in a politically stable environment"

1.3 Municipal Functions, Population and Environmental Overview

1.3.1 Population

The municipality's estimated^a population for 2014/15 is **90 000**. (^aOwn calculation based on the average annual growth rate from 2001 to 2011 census figures.)

Chapter 1: Mayor's Foreword and Executive Summary

The table below indicates the total population within the municipal area:

2010/11	2011/12	2013/14	2014/15
87 747	80 432 ¹	87 000 ²	90 000 ²

Chapter 1: Mayor's Foreword and Executive Summary

1.3.2 Households

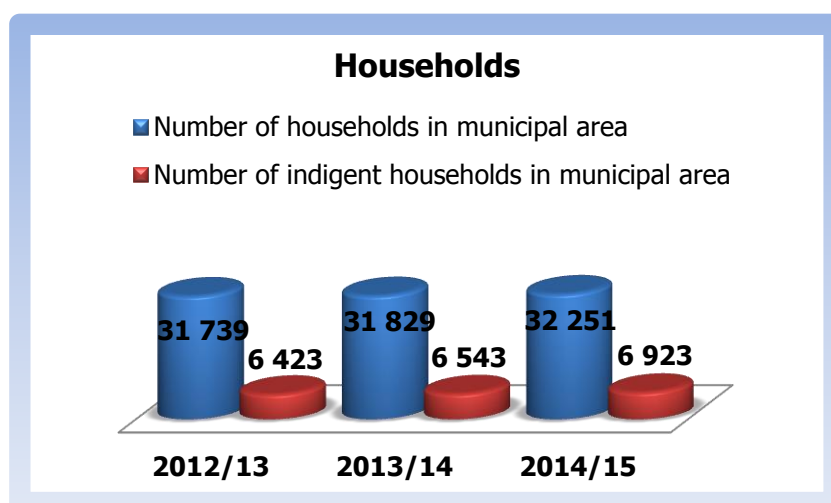

The total number of households within the municipal area increased from **31 829** in the 2013/14 financial year to a total of **32 251** the 2014/15 financial year. This indicates an **increase of 1.31%** in the total number of households within the municipal area over the two financial years (2013/14-2014/15).

Households	2011/12	2012/13	2013/14	2014/15
Number of households in municipal area	31 373	31 739	31 829	32 251
Number of indigent households in municipal area	5 852	6 423	6 543	6 923

Source: Overstrand financial system

Table 3.: Total number of households

The graph below shows that the total number of indigent households increased from 6 543 households in 2013/14 to 6 923 households in the 2014/15 financial year. This indicates an increase of 5.5% in the total number of indigent households within the municipal area over the two financial years (2013/14-2014/15).

1.3.4 Demographic Information

a) Municipal Geographical Information

Overstrand Municipality is located along the south western coastline of the Overberg District Municipal area bordering the City of Cape Town in the west and Cape Agulhas Municipality in the east. Its northern neighbour is Theewaterskloof Municipality.

The municipality covers a land area of approximately 1708 km² and covers the areas of Hangklip/Kleinmond, Greater Hermanus, Stanford and Greater Gansbaai. The municipal area has a coastline of approximately 200 km, stretching from Rooi Els in the west to Quinn Point in the east.

In addition to the endless, pristine beaches dotting the coastline, the Overstrand boasts 3 Blue Flag beaches. Tourism is a major economic driver in the area and its popularity as a holiday destination results in a fourfold increase of its population over the holiday seasons.

b) Wards

The municipality is structured into the following 13 wards:

Ward	Areas
1	Kleinbaai, Franskraal and Masakhane
2	Blompark, Gansbaai and De Kelders
3	Hermanus
4	Westcliffe, Mount Pleasant and Hemel-en-Aarde Valley
5	Zwelihle South
6	Zwelihle North
7	Sandbaai
8	Hawston, Fisherhaven and Honingklip
9	Kleinmond and Proteadorp East
10	Proteadorp West, Overhills, Palmiet, Betty's Bay, Pringle Bay and Rooi Els

¹ Western Cape Government: Provincial Treasury. Socio-economic Profile: Overstrand Municipality 2014

Chapter 1: Mayor's Foreword and Executive Summary

Ward	Areas
11	Stanford, Baardskeedersbos, Pearly Beach, Viljoenshof and Withoogte
12	Zwelihle North-West
13	Onrusrivier and Vermont

Below is a map that indicates the wards of the Municipality in the Overberg District area:

Figure 1.: Overstrand Area map

GANSBAAI

Gansbaai is situated in the centre of a number of small bays with miles of unspoiled beaches, fynbos rich nature reserves, ancient milk wood forests, historically significant caves and breath-taking sea views.

Shark cage diving has become synonymous with Gansbaai and specialized boats leave from the Kleinbaai harbor daily so that extreme adventure seekers can have close encounters with great white sharks.

Gansbaai is the business and industrial centre of the Greater Gansbaai region. Fishing is the main commercial activity and marine based industry includes abalone farms and a fishery. The property development sector is expanding and the hospitality industry brings much needed revenue to the area.

Chapter 1: Mayor's Foreword and Executive Summary

With the fertile Baardskeerdersbos valley, the fresh water caves at De Kelders, the white sands of Pearly Beach, the jackass penguins at Dyer's Island and the renowned Shark Alley, Gansbaai is truly a uniquely attractive region within Overstrand Municipality.

KLEINMOND/HANGKLIP

The Kleinmond- Hangklip coastal area including of Betty's Bay, Hangklip, Pringle Bay and Rooi Els has the unique status of being situated in the Kogelberg Biosphere Reserve which was the first UNESCO designated biosphere reserve in South Africa. Biosphere reserves are tasked with becoming role-models of sustainability and demonstrate the balance between people and the environment to the benefit of both.

Kleinmond has an active harbour and many commercial fishermen make their living along the Hangklip coastline. Whether it's hiking in the biosphere reserve with its 1 800 floral species, a visit to the Stony Point penguin colony, a tour of the Biosphere Eco-Centre in Rooi-Els, a picnic in the Harold Porter Botanical Gardens, shopping and sundowners in Kleinmond's quaint Harbour Road, a day on the beach with family and friends, or a fleeting glimpse of the heard of wild horses roaming the dunes, eco-tourism is quite definitely the economic life-blood of this scenically magnificent and environmentally sensitive area of the Overstrand.

HERMANUS

In the past decade Hermanus has established itself as the business and cultural heart of the Overstrand. Although it may have shed its sleepy holiday town image and is able to boast a modern infrastructure, sophisticated specialty shops, shopping centres and restaurants to rival the best in the world, Hermanus has managed to retain the charm of its fishing village heritage.

Hermanus is situated between sweeping mountains and the sparkling Atlantic Ocean and is only a short scenic 1½ hrs (140 km) drive from Cape Town. Tourism is a main contributor to the economy of Hermanus and businesses catering for the robust hospitality

Chapter 1: Mayor's Foreword and Executive Summary

industry are plentiful. Visitors to the town can choose from over 100 accommodation options ranging from up market B&B's, guesthouses, luxury resorts and boutique hotels to budget priced self-catering and back-packer establishments. Hermanus is known as the best land based whale watching destination in the world and from June through to December each year thousands of tourists visit our shores to marvel at the magnificent southern right whales as they splash and romp and nurture their newborn calves. Whale watching cruises depart from the New Harbour daily and flights to view the giants of the deep from the air are also very popular. The Hemel-en-Aarde wine route is one of the latest attractions to be registered as an official wine route.

Hermanus has a well-developed industrial area and over the last 10 years enjoyed growth in the building sector with security villages, private homes, holiday resorts and commercial and retail property development projects adding to the economic wealth of the area. Hermanus is also a leader in commercial abalone farming and development of further aquaculture farms is anticipated. Agriculture, manufacturing, wholesale and retail businesses, financial and investment companies and the wine industry also contribute significantly to the economic prosperity.

The Administrative head office of the municipality is also situated in the Centre in Hermanus.

STANFORD

Stanford is essentially a farming community with the Klein River meandering through lush fields and village homes built along its banks. The rural atmosphere of the old village with its many historical features has been retained and preserved thanks to the foresight of the Stanford Conservation Trust and the Stanford Heritage Committee.

Stanford has a peaceful and quiet charm which has drawn many people from the city in search of the quality of life a small village offers. Many of the old homes have been renovated and restored and countless new homes have been built in Stanford in the past decade. They all prescribe to the "Stanford Style" so that the unique character of the village is maintained.

Stanford's economy is driven by tourism, the wine estates, the commercial harvesting of fynbos, farming and smaller businesses like estate agencies and grocery shops, which offer services to the community. Stanford is very much a horse riding community and hosts a number of riding shows and gymkhanas in the village

Chapter 1: Mayor's Foreword and Executive Summary

c) *Key Economic Activities*

The main economic drivers in the municipal area are:

Key Economic Activities	Description
Tourism	<p>The Overstrand has positioned itself as an area abundant in natural coastal beauty. There is the Kogelberg Biosphere, the heart of the Floral Kingdom, the most beautiful scenic drive in the world, Clarens Drive, our Cape Whale Coast Hope Spot and much more within the 120 kms of coastline</p> <p>This is matched by the eco – adventure activities which include whale watching, shark-cage diving, hiking, golf, mountain biking, fynbos and bird viewing. Overstrand is host to three Blue Flag beaches in our region: Grotto, Hawston and Kleinmond beaches.</p> <p>Then along with the award winning restaurants, wine estates, heritage and culture, there are the pristine beaches offering a safe and clean environment in accordance with international standards.</p> <p>This has resulted in a rich basket of tourism activities.</p> <p>Gansbaai (one of the towns in the Overstrand famous for shark diving) voted “Best Responsible Tourism Destination in Africa” and shortlisted for the international award, fits in perfectly with our concerns that the Overstrand develop its tourism offering around sustainable practices, creating economic opportunities for all, while protecting our heritage for the future generations</p> <p>The Overstrand has a vibrant tourism community geared to market the area extensively and in a collaborative manner. This is relevant in developing networks that continue to leverage on the private sector partnerships to market the Cape Whale Coast, train the youth interested in tourism and develop projects to encourage transformation and economic opportunities.</p> <p>Economic sectors directly aligned to tourism experienced significant growth as in line with tourism status as a main economic driver in the area. Tourism sectors cutting across the catering and accommodation, retail and wholesale, transport and business services sector is supported as key to enhance the value chain or clusters of economic activity in the area.</p>
Aquaculture / Agriculture	<p>Significant focus has been given to the sector to ensure that jobs are maintained and that Overstrand remains the leader in exporting and growing the product. The Southern coastal line of the Overstrand produces the best quality product in the world and boosting export value and expansion of manufacturing which is key to employment creation. This includes a thriving agriculture sector with a growing wine industry.</p>
Manufacturing	<p>Manufacturing activities have grown moderately in the past year, given the sector's ability to contribute to employment creation in the area. The Overstrand has a thriving (light) manufacturing industry which bodes well for job creation. Potential exist in the beneficiation of commodities for export and alignment of sectors to ensure product offering.</p>
Finance, real estate and business	<p>The sector continues to grow the fastest contributing significantly to the provision of job opportunities, contributing the largest in the</p>

Chapter 1: Mayor's Foreword and Executive Summary

Key Economic Activities	Description
services	G CPR of the Overstrand The growth of this sector enabled the municipal area to counter job losses in the Agriculture Sector.
Secondary service industry	This sector has had significant growth over the years due to demand in services, support and information to deal with growing development demands in line with the increasing population.

Table 5.: Key economic activities

1.4 Service Delivery Overview

During the year under review the municipality made the following contributions to satisfy basic requirements:

a) Local Economic Development

→ INTERGOVERNMENTAL RELATIONS / STRATEGIC PARTNERSHIP

- Partnering with relevant stakeholders to empower local entrepreneurs, unemployed youth in career guidance and entrepreneurship.
- Tap into existing resources from Provincial and National bodies including its agencies in support of local initiatives (accessing grant funding and incentives).
- Networking with Strategic Partners – broadening scope for economic participation.
- LED facilitated engagement opportunities between local entrepreneurs and critical stakeholders with the view to improve access to much needed support and funding including information for decision-making.
- Opportunities explored to provide career guidance to both the learners and the out of school youth to broaden participation in the local economy.
- Information sharing as one of the key strategic levers for economic development to help maintain and sustain local initiatives.
- Coordination of services and products aimed at developing SMME's and procurement.

"It isn't just what you know, and it isn't just who you know. It's actually who you know, who knows you, and what you do for a living." -Bob Burg

→ ENTREPRENEUR SUPPORT CENTRE

- The centre seeks to develop entrepreneurs, promote self-reliance and increase economic participation. Furthermore ensure impact of services for the betterment of the people. Provide support and information aimed at assisting local initiatives to grow.
- Information dissemination and technical support to local entrepreneurs (bringing services to the people without going long distances to acquire).

Chapter 1: Mayor's Foreword and Executive Summary

- Also facilitated through this center are the visits by government departments and agencies all with the view to ensure better access to critical information to those entrepreneurs who need to advance their business interests.
- Provide information for accessing livelihoods.
- Bridging the technological divide by providing access to internet and social media to advance businesses as well as providing a platform where person to person consultation mentoring and counseling could take place.

→ **TRAINING AND DEVELOPMENT**

- Expanding the skill base of local entrepreneurs, business owners and individuals alike to increase and improve productivity for sustainable economic activities that contribute positively to local GDP and linked to sustainable job creation.
- Capacitation of SMMEs with the necessary skills in order to grow and develop their businesses.
 - entrepreneurial skills,
 - business development,
 - drafting a business plan,
 - business registration and mentoring,
 - Tendering
 - Cooperative development and registration
- Expanding the skill base of local entrepreneurs to increase and improve productivity for sustainable economic activities that contribute positively to local GDP and linked to sustainable job creation.
- Deliberate promotion of economic activism for both formal and informal traders and mitigate on unemployment.
- Needs based training with a clearly defined follow through process, walking the journey with entrepreneurs and service providers to succeed.

→ **INFRASTRUCTURE FOR INFORMAL TRADING**

- Provide facilities for trading to promote economic development. Facilitate economic activism for both formal and informal businesses.
- Providing informal traders with space to trade, promote economic growth and development and regenerate townships.
- Liaison with funding agencies and interested parties to further interests of the municipality's infrastructure development plans.
- Collaborate with the Directorate: Infrastructure in provision of infrastructure that supports and promote the informal economy,

→ **REGENERATION OF TOWNSHIPS**

- Addressing skewed planning practises that do not support economic freedom and practices.

Chapter 1: Mayor's Foreword and Executive Summary

- Ensuring that there is infrastructure for small businesses and corridor to promote economic development in townships.
- Organised growth to encourage investment in townships.
- Environmental awareness for healthy and prosperous living.
- Encouraging community members to identify economic potential zones and facilitate realization thereof.
- Promoting ownership of means of production within townships as levers of economic development.
- Beautification and regeneration of townships to encourage investment.

→ **OUTREACH AND ACCESS TO LIVELIHOODS**

- Focus on rural communities; ensure meaningful participation and access to livelihoods.
- Supporting and promoting projects that have impact on the youth and vulnerable communities
- Focus on rural communities to ensure meaningful participation and access to livelihoods for all communities.
- Needs assessment and outreach, bringing resources closer to the people.
- Addressing community needs through outreach and bring resources and services closer to the people,
- LED outreach offices opened in all areas for consultations and feedback on enquiries.
- Outstanding performance on EPWP creating work opportunities to benefit the local communities,

→ **FACILITATE JOB CREATION**

- Assist in ensuring a conducive environment in which job creation could thrive.
 - Facilitate and support the informal sector;
 - Self-support initiatives through training and information;
 - Collaborate with the key sectors on beneficiation;
- Administer and promote implementation of labour intensive projects through the EPWP programme
- Implementation of EPWP principles across the municipality to make meaning to job creation.

→ **FACILITATE ENTREPRENEURSHIP**

- Equipped the youth with entrepreneurial skills as means to deal with high youth unemployment rate in the Overstrand.
- Liaison with relevant stakeholders in the area of Entrepreneurship and Education to work towards establishing an Entrepreneur High School in the Kleinmond-Betty's Bay area.
- Support Early Childhood Development to expand and increase participation in the economy.
- Implement a contractor development programme to address inequality.
- Integration of LED objectives in procurement to support local suppliers (expand implementation of PPPFA)

b) Infrastructure

During the year under review the municipality made the following contributions to satisfy basic requirements:

Chapter 1: Mayor's Foreword and Executive Summary

Housing

The municipality developed an eight year Housing Implementation Programme. As part of the programme, the Municipality has during the 2014/15 financial year, finalised the installation of services for 155 GAP sites in Gansbaai and commenced with the implementation of several infrastructure projects in the Zwelihle/Mt Pleasant area.

Electricity

The municipality provided electricity to all formal households in Kleinmond, Hermanus, Sandbaai, Hawston, Stanford, Greater Gansbaai and Pearly Beach. The rest of the municipal area is supplied by Eskom. The municipality is also rolling out electricity to households in informal areas in increments. During the year under review, the municipality supplied 230 GWh of electrical energy to its consumers.

Local planning and building control

The municipality provides full town planning and building control functions in its area. During the year under review, 344 town planning applications and 1278 building plans were processed. The following strategic documents are being compiled:

- Heritage and Environmental Overlay Zone Zoning Scheme
- CBD Revitalization Study Phase 2
- Overstrand Municipal Planning By Law

c) Community Services

Water

→ Still holds Blue Drop status for 5 Water Treatment Works (WTW) from the Department of Water and Sanitation (DWS), namely: Buffelsrivier, Kleinmond, Greater Hermanus, Greater Gansbaai, and Pearly Beach. Buffelsrivier and Gansbaai received Silver awards for achieving two consecutive Blue Drop awards. DWS is still to release the latest Blue Drop Report.

Roads

To ensure that the municipal road hierarchy function in a good, safe and user friendly manner, emphasis was placed on the maintenance of roads (signs, markings, kerbs, potholes) to a high standard.

The upgrading of Roads in Zwelihle (South of Bergsig street) is completed.

Chapter 1: Mayor's Foreword and Executive Summary

Beaches

Three bathing beaches were again awarded International Blue Flag beach status, namely Kleinmond, Hawston and Grotto. The respective statuses were maintained for the duration of the blue flag season, from 1 December 2014 until 31 March 2015 for Grotto and 15 December 2014 to 15 January 2015 for Kleinmond and Hawston. Amenities were maintained to Blue Flag requirements.

1.4.1 Basic services delivery performance highlights

Highlight	Description
Water losses	Further reduced to 19.3%
Green drop score	Overstrand Municipality achieved 4 Green Drop compliant scores: Hermanus WWTW, Hawston WWTW, Stanford WWTW, and Gansbaai WWTW. The municipality's last overall Green Drop score was 89.13%, a slight improvement from the previous 88%
Refuse removal	Completed the construction of a new landfill cell at Karwyderskraal
Leak repairs at indigent households	1587 domestic leaks were repaired at indigent households
Baardskeerdersbos Water Treatment Plant	A new water treatment plant and borehole development was completed at Baardskeerdersbos, and substantially improved the drinking water quality provided to the community
Electrification of low cost housing areas (INEP)	Planning and tendering had been completed to spend grant funds in order to electrify 600 informal units within Zwelihle. The electrification of 152 informal households in Thambo Square were completed in March 2015 at a cost of R 1 315 585.00. A R 2 500 000.00 project was launched to electrify 379 informal households in Overhills in Kleinmond. The project is well on track and will be completed at end July 2015.
Reseal/rehabilitation programme	A number of 163,240m ² roads were resealed for the year. The target was 120,000m ² .
Approval of new Beach Cleaning Policy	Policy deals with cleaning of swimming beaches including handling of bamboo.

Table 6.: Basic Services Delivery Highlights

1.4.2 Basic services delivery challenges

Service Area	Challenge	Actions to address
Water & sewerage	Aging infrastructure	Increased maintenance and replacement of network and water meters

Chapter 1: Mayor's Foreword and Executive Summary

Service Area	Challenge	Actions to address
All basic services	Vandalism	Educational programmes, increased security measures.
Stormwater	Stormwater infiltration into sewer networks	Public awareness and law enforcement
Sewerage systems	High number of blockages	Repair/replace sections of pipelines and increase public awareness/education on sewerage systems.
Water	High water losses/ Aging infrastructure	Pipe replacement programme, pressure management, awareness programmes, water meter replacement, leak repairs
Refuse	Illegal dumping	Improved law enforcement.
Electricity	ESKOM's limited capacity and curbing excessive electricity consumption	South Africa has a shortage of electricity generation, which places an onus on all municipalities to reduce electricity consumption by 10%. Unless existing consumers reduce electricity consumption by 10%, it would be very difficult to connect any new customers. Overstrand Municipality launched a project to curb electricity peak consumption by installing hot water cylinder control units. The installation project is close to completion.
Electricity	Theft of electricity (tampering), cables and vandalism	Theft and vandalism is a growing concern that amounts to great unforeseen expenses. It amounts to power outages and loss of income. Overstrand Municipality works with SAPS and local law enforcement agencies to address this problem. It is however a nation-wide concern that is somewhat uncontrollable.
Roads	Lack of sufficient funding to reduce backlogs	Increase reseal operational funding
	Inadequate stormwater network in certain neighbourhoods	Beyond municipality's control
	Deterioration of gravel roads	Provision of storm water infrastructure

Table 7.: Basic Services Delivery Challenges

1.4.3 Proportion of Households with access to Basic Services

Proportion of Households with minimum level of basic services				
Description	2011/12	2012/13	2013/14	2014/15
Electricity service connections	100%	100%	79%	79%
Water - available within 200 m from dwelling	100%	100%	100%	100%
Sanitation - Households with at least VIP service	100%	100%	100%	100%
Waste collection - kerbside collection once a week	100%	100%	100%	100%

Table 8.: Households with minimum level of Basic Services

1.5 Financial Health Overview

Chapter 1: Mayor's Foreword and Executive Summary

1.5.1 Financial Viability Highlights

Highlight	Description
Outstanding debtors recovered	Recovered 99.44%

Table 9.: Financial Viability Highlights

1.5.2 Financial Viability Challenges

Challenge	Action to address
The main challenges for the municipality: <ul style="list-style-type: none">The on-going difficulties in the national and local economy and the subsequent risk of an increase in outstanding debtors	Applying Strict credit control measures
<ul style="list-style-type: none">Ever aging water, roads, sewage and electricity infrastructure;	Prioritising of projects in terms of Revenue protection, Asset conservation and supply of basic services as a constitutional obligation
<ul style="list-style-type: none">Above inflation increases in salaries & wages and other core expenditure such as bulk electricity purchases, chemicals and fuel vs inflation related tariff increases	Further operational efficiencies to be identified, reduction in non-core expenditure and consideration of adjusting service level standards

Table 10.: Financial Viability Challenges

1.5.3 National Key Performance Indicators – Municipal Financial Viability and Management (Ratios)

The following table indicates the municipality's performance in terms of the **National Key Performance Indicators** required in terms of the Local Government: Municipal Planning and the Performance Management Regulations of 2001 and section 43 of the MSA. These key performance indicators are linked to the **National Key Performance Area** namely **Municipal Financial Viability and Management**.

KPA& Indicator	2011/12	2012/13	2013/14	2014/15
Debt coverage ((Total operating revenue-operating grants received):debt service payments due within the year)	17.63	16.237	16.90	17.13
Service debtors to revenue – (Total outstanding service debtors: revenue received for services)	13.3%	11.8%	10.4%	10.36%
Cost coverage ((Available cash+ investments): Monthly fixed operating expenditure	5.83	3.49	2.3	3.72

Table 11.: National KPI's for financial viability and management

1.6 Organisational Development Overview

1.6.1 Municipal Transformation and Organisational Development Highlights

Highlights	Description
Compilation of Human Resources Newsletter	First edition of Human Resources Newsletter distributed during March 2015. The purpose of the newsletter is to communicate important Human Resources related issues to staff members. The newsletter will be published on a quarterly basis.
Health and Wellness day	Health and Wellness days were held on 16,17 and 18 July 2014 at the different administrations.
Performance Management	Performance Development Plans for staff in the Community Services Directorate up to and including T-03 has been undersigned.

Table 14.: *Municipal Transformation and Organisational Development Highlights*

1.6.2 Municipal Transformation and Organisational Development Challenges

Description	Actions to address
Hosting of Employee Wellness days	The hosting of employee wellness day has become a challenge, as the accredited Medical Aid funds not keen to participate due to increased costs of testing of staff members
Rollout PMS to the entire workforce	The first formal evaluation of operational staff in the community Services directorate is scheduled for August 2015. It is foreseen that difficulties might be experience given the size and complexity of the Directorate. Assistance will be provided to supervisors and Operational Managers.
Injuries on Duty	Problems experienced with the new electronic system for the registration of new I.O.D's. Doctors in Kleinmond and Gansbaai refuses to treat employees who got injured in the workplace. These employees now have to travel to Hermanus to be treated by doctors.

Table 15.: *Municipal Transformation and Organisational Development Challenges*

1.7 Auditor General Report

In 2005/06 Overstrand Municipality received an adverse opinion from the Auditor-General due to non-compliance with the Standards of Generally Recognised Accounting Practice (GRAP). The opinion

Chapter 1: Mayor's Foreword and Executive Summary

received from the Auditor-General has been unqualified for the last nine financial years, from 2006/07 to 2014/15.

In order to maintain and improve on these outcomes, the municipality implemented the following measures:

1. Developed an audit action plan in order to identify, implement and actively monitor the root causes of all audit findings reported by the Auditor-General at the management report level.
2. Identified and appointed an audit champion in order to ensure that all audit related communication was directed to the appropriate responsible officials.
3. Developed a transparent, professional working relationship with the Auditor-General in order to ensure that the municipality's objectives are achieved.
4. Developed and implemented measures in collaboration with the Auditor-General in order to identify, implement and actively monitor inefficiencies in the audit process.
5. Developed and implemented measures in collaboration with the Auditor-General in order to identify, implement and actively monitor the audit cost.

These measures were implemented with the goal of achieving effective corporate governance through accountability. The objective of these controls is to ensure that the Overstrand Municipality maintains and progressively improves its control environment in order to ensure that the strategic objectives assigned in terms of S217 of The Constitution, 1996 is achieved with the view of maintaining a clean administration and further enhancing service delivery through implementing the principles of Batho Pele and making a positive contribution to ensuring that the National Strategic Objectives are achieved.

Chapter 6 will provide details of the audit findings for the 2014/15 financial year.

1.7.1 Audited Outcomes

- * **CAPEX - Capital Budget**

CHAPTER 2

COMPONENT A: POLITICAL AND ADMINISTRATIVE GOVERNANCE

Good governance has 8 major characteristics. It is participatory, consensus oriented, accountable, transparent, responsive, effective and efficient, equitable and inclusive and follows the rule of law. It assures that corruption is minimized, the views of minorities are taken into account and that the voices of the communities are heard in decision-making. It is also responsive to the present and future needs of society.

2.1 National Key Performance Indicators- Good Governance and Public Participation

The following table indicates the municipality's performance in terms of the National Key Performance Indicators required in terms of the Local Government: Municipal Planning and the Performance Management Regulations 796 of 2001 and section 43 of the MSA. This key performance indicator is linked to the National Key Performance Area - Good Governance and Public Participation.

KPA & Indicators	Municipal Achievement	Municipal Achievement	Municipal Achievement	Municipal Achievement
	2011/2012	2012/13	2013/14	2014/15
The percentage of a municipality's capital budget actually spent on capital projects identified for a particular financial year in terms of the municipality's integrated development plan (After roll over projects)	92%	98% (83.3% before roll over projects)	96% (93% before roll over projects)	88% (93% after roll over projects)

Table 18.: National KPIs - Good Governance and Public Participation Performance

2.2 Performance Highlights - Good Governance and Public Participation

Highlight	Description
Ward Committee functionality	A number of 9 official ward committee meetings held per ward committee.
Ward Committee information brochure	A brochure with information on all relevant departments functions (including contact details).
Ward Operational Plans	Plans for the respective 13 ward committee were successfully developed and submitted to Province for 2015/2016.
Special Public Ward Committee Meetings	Information session meetings were held in all 13 wards regarding the draft budget and to obtain public

Description	Actions to address
Ward Committee report-back to respective constituencies.	The development of a new public participation policy. Review the ward committee representation.

Table 20.: Good Governance and Public Participation Challenges

Chapter 2: Good Governance

2.4 Governance Structure

2.4.1 Political Governance Structure

The council performs both legislative and executive functions. They focus on legislative, oversight and participatory roles, and have delegated its executive function to the Executive Mayor and the Mayoral Committee. Their primary role is to debate issues publicly and to facilitate political debate and discussion. Apart from their functions as decision makers, Councillors are also actively involved in community work and the various social programmes in the municipal area.

a) Council

Below is a table that categorised the councillors within their specific political parties and wards for the **2014/15** financial year:

Council Members	Capacity	Political Party	Ward representing or proportional	Percentage Council Meetings Attendance	Percentage Apologies for non-attendance
				%	%
Nicolette Botha-Guthrie	Executive Mayor	DA	Proportional	100	-
Anton Coetsee	Speaker	DA	Proportional	100	-
Moira Opperman	Councillor	DA	Proportional	91.67	100
Johannes Januarie	Councillor	N.I.C.O	Proportional	58.33	100
Mercia Andrews	Councillor	DA	Proportional	100	-
Phillipus May	Councillor	ANC	Proportional	100	-
Abraham Prins	Councillor	DA	Proportional	100	-
Makhaya Ponoane	Councillor	ANC	Proportional	100	-

Chapter 2: Good Governance

Council Members	Capacity	Political Party	Ward representing or proportional	Percentage Council Meetings Attendance	Percentage Apologies for non-attendance
Mandla Dyani	Councillor	ANC	Proportional	83.33	100
Caroline Mandindi	Councillor	ANC	Proportional	100	-
Marilyn Pie	Councillor	ANC	Proportional	100	-
Philippus Appelgrein	Ward Councillor	DA	9	91.67	100
Lianda Beyers – Cronje	Ward Councillor	DA	4	91.67	100
Mzameni Mshenxiswa Deceased Sep 2014	Ward Councillor	ANC	5	50.00	100
Sicelo Gxamesi Since Nov 2014	Ward Councillor	ANC	5	100	-
Dudley Coetsee	Ward Councillor	DA	11	91.67	100
Elzette Nell	Ward Councillor	DA	13	100	-
Pieter Scholtz Resigned Sept 2014	Ward Councillor	DA	2	66.67	100
Riana de Coning Since Nov 2014	Ward Councillor	DA	2	100	-
Rudolph Smith	Ward Councillor	DA	8	100	-

Nomaxesibe Nqinata	Ward Councillor	ANC	1	91.67	100
Linda Ndevu	Councillor	DA	Proportional	100	-

Table 21.: Council Meetings

b) Mayoral Committee

The Executive Mayor of the Municipality, **Alderslady Nicolette Botha-Guthrie** assisted by the Mayoral Committee, heads the executive arm of the Municipality. The Executive Mayor is at the centre of the system of governance, since executive powers are vested in her to manage the day-to-day affairs. This means that she has an overarching strategic and political responsibility. The key element of the executive model is that executive power is vested in the Executive Mayor, delegated by the Council, and as well as the powers assigned by legislation. Although accountable for the

Chapter 2: Good Governance

strategic direction and performance of the Municipality, the Executive Mayor operates in concert with the Mayoral Committee.

The name and portfolio of each Member of the Mayoral Committee is listed in the table below for the period 1 July 2014 to 30 June 2015:

Name of member	Capacity
Ald N Botha-Guthrie	Executive Mayor
Ald P Scholtz (until Sept 2014) Cllr R Smith (since Oct 2014)	Executive Deputy Mayor & Chairperson of Infrastructure & Planning Portfolio Committee
Cllr B Solomon (until Sept 2014) Cllr D Coetzee (since Oct 2014)	Chairperson of Finance & Economic Development Portfolio
Ald P Appelgrein	Chairperson of Management Services Portfolio
Cllr R Smith (until Sept 2014) Cllr M Opperman (since Sept 2014)	Chairperson of Community Services Portfolio
Cllr M Opperman (until Sept 2014) Ald P Appelgrein (since Oct 2014)	Chairperson of Protection Services Portfolio

Table 22.: Mayoral Committee Members

c) Portfolio Committees

Section 80 committees are permanent committees that specialise in a specific functional area of the municipality and may in some instances make decisions on specific functional issues. They advise the Executive Mayor on policy matters and make recommendations to Council. Section 79 committees are temporary and appointed by the Council as needed. They are usually set up to investigate a particular issue and do not have any decision making powers. Just like Section 80 committees they can also make recommendations to Council. Once their *ad hoc* task had been completed, Section 79 committees are usually disbanded. External experts, as well as Councillors can be included on Section 79 committees.

The portfolio committees for the 2011/16 Mayoral term and their Chairpersons are as follow:

Committee	Chairperson	Section 79 or 80 Committee	Number of minutes submitted to council	Meeting Date
Portfolio Committee: Infrastructure and Planning	Pieter Scholtz (until Sept 2014) Rudolph Smith (since Oct 2014)	80	9	19/08/14
				16/09/14
				21/10/14
				18/11/14
				17/02/15

Table 23.: *Portfolio Committees*

2.4.2 Administrative Governance Structure

The Municipal Manager is the Accounting Officer of the Municipality. He is the head of the administration, and primarily has to serve as chief custodian of service delivery and implementation of political priorities. He is assisted by his direct reports, which constitutes the Management Team, whose structure is outlined in the table below:

Name of Official	Department	Performance agreement signed
		Yes/No
Coenie Groenewald	Municipal Manager	Yes
Desiree Arrison	Management Services	Yes
Santie Reyneke -Naude	Finance	Yes
Solomzi Madikane	LED	Yes
Neville Michaels	Protection Services	Yes
Roderick Williams	Community Services	Yes
Stephen Muller	Infrastructure & Planning	Yes

- TASK District Coordinating Committee
- Western Cape Supplier Database (WCSD) Forum – Overberg District

COMPONENT C:

PUBLIC ACCOUNTABILITY AND PARTICIPATION

Section 16 of the Municipal Systems Act (MSA) refers specifically to the development of a culture of community participation within municipalities. It states that a municipality must develop a culture of municipal governance that complements formal representative government with a system of participatory governance. For this purpose it must encourage and create conditions for the local community to participate in the affairs of the community. Such participation is required in terms of:

- the preparation, implementation and review of the IDP;
- establishment, implementation and review of the performance management system;
- monitoring and review of the performance, including the outcomes and impact of such performance; and
- preparation of the municipal budget.

Chapter 2: Good Governance

2.6.1 Public Meetings

Nature and purpose of meeting	Date of events	Number of Participating Municipal Councillors	Number of Participating Municipal Administrators	Number of Community members attending	Dates and manner of feedback given to community

Table 25.: Public Meetings

2.6.2 Ward Committees

The ward committees support the Ward Councilor who receives reports on development, participate in development planning processes, and facilitate wider community participation. To this end, the municipality constantly strives to ensure that all ward committees function optimally with community information provision; convening of meetings; ward planning; service delivery; IDP formulation and performance feedback to communities.

Table 38.: Ward 13 Committee Meetings

2.6.3 Functionality of Ward Committee

A ward committee enhances participatory democracy at local government in the following ways:

It will be the official consultative body in that ward for:

- ➔ participating in the preparation, implementation and review of the Integrated Development Plan (IDP)
- ➔ participating in the establishment, implementation and review of a Performance Management System (PMS)
- ➔ participating in the preparation of the budget
- ➔ participating in strategic decisions of the municipality relating to the provision of municipal services in terms of Chapter 8 of the Systems Act, 2000.
- ➔ It will be the official body with which the Ward Councillor will liaise regarding any matter affecting the ward and more specifically items on the agenda of the municipality affecting that ward in particular.
- ➔ The Ward Councillor must give regular feedback at ward committee meetings on council matters as required in the Code of Conduct for Councillors.
- ➔ It will be the official body which will receive representations from the community regarding municipal matters in that ward.
- ➔ The ward committee will elect 4 representatives to serve on the Overstrand Municipal Advisory Forum (OMAF) to represent the ward's viewpoint and to participate when consulted by the Municipality on matters affecting the Overstrand municipal area in general. Such representatives must be elected to be as representative as possible with regard to gender, interests, areas and race. The ward committee should endeavour to reach consensus on its

Chapter 2: Good Governance

representation at OMAF. If this is not possible, the basis must be determined by the Chairman, taking cognisance of the debate in the ward committee in this regard.

- ➔ The above must not be interpreted to mean that a Ward Councillor or the municipality must always liaise with the ward committee before a decision is taken. A Ward Councillor may not be instructed by a ward committee on how to vote on any matter which serves before the municipality.
- ➔ Ward committees should establish ward operational plans for their respective wards annually and must be reviewed annually. The process entails active involvement of the Ward Councillors together with the ward committee members and with the assistance of municipal officials. The ward operational plans purpose is to identify the day to day activities of ward committees, which further enhance ward committee functionality.
- ➔ Ward committees should be elected by the community they serve. A ward committee may not have more than 10 members and women should be well represented. The ward councillor serves on the ward committee and act as the chairperson. Although ward committees have no formal powers, they advise the ward councillor who makes specific submissions directly to the administration. These committees play a very important role in the development and annual revision of the integrated development plan of the area.

The table below provides information on the establishment of Ward Committees and their functionality:

Ward Number	Committee established Yes / No	Number of reports submitted to the Speakers Office	Number meetings held during the year	Number of monthly Committee meetings held during the year	Number of quarterly public ward meetings held during the year

Eunice Mfakadolo	Samwu Representative	

Table 40.: Labour Forum

b) Overstrand Municipal Advisory Forum (OMAF)

The OMAF functions as the IDP representative forum and is structured as follows and serves as advisory body to the Executive Mayor.

- ➔ Chairperson – Executive Mayor

Chapter 2: Good Governance

- All elected Ward Councilors
- Management
- Four ward committee members of all 13 wards
- Specialists in specific matters who can make useful contributions

Terms of Reference of the OMAF

- A body representing civic society and interest groups serving the entire Overstrand must provide a mechanism for discussion and decision making between all relevant parties
- Ensure communication between all interest representatives

Goals and Objectives of the OMAF in the IDP process

- Inform interest groups about planning activities and the objectives thereof
- Analyze matters of interest, and provide input in order to determine priorities
- Discuss and comment on concept IDP
- Monitor implementation of the IDP.

COMPONENT D: CORPORATE GOVERNANCE

Corporate governance is the set of processes, practices, policies, laws and stakeholders affecting the way an institution is directed, administered or controlled. Corporate governance also includes the relationships among the many stakeholders involved and the goals for which the institution is governed.

2.7 Risk Management

In terms of section 62 (1)(c)(i) *"the accounting officer of a municipality is responsible for managing the financial administration of the municipality, and must for this purpose take all reasonable steps to ensure- that the municipality has and maintains effective, efficient and transparent systems – of financial and risk management and internal control;"...*

A Shared Services Risk Management Model amongst all the Municipalities in the Overberg Region has been approved. The position i.e Risk Manager – Shared Services was advertised and interviews were held during June 2015. It is anticipated that the appointment of the Risk Manager Shared Services will be with effect from 01 August 2015, pending confirmation of acceptance of this position by the appointee.

Risk	Mitigation measure
1. Disruption of basic service delivery during the	1. Back-up generators

Chapter 2: Good Governance

Risk	Mitigation measure
interruption of Eskom electrical supply with specific reference to water & sewage services (treatment & distribution).	2. Sewer Tanker services (not sufficient).
1. Inadequate/ Insufficient storm water infrastructure. Some areas not serviced by storm water networks.	1. Operational Services have a programme in place to do regular maintenance and report inadequacies to the Directorate of Infrastructure for master planning.
3. Fleet Management: Ageing of vehicle fleet. Inadequate funding to keep up with price increases and also inadequate to fund vehicle monitoring systems. Deterioration of fleet need to be addressed as a matter of urgency.	1. Fuel price increases are monitored and fuel usage is monitored monthly to keep track of budget availability. 2. Vehicle monitoring system is in place to prevent abuse and to control speeding that causes fuel wastage.
4. Financial loss and physical harm incurred as a result of armed robbery/ theft.	1. Access Control 2. Closed Circuit Television (CCTV) 3. Security Guard 4. Cash in Transit 5. Adherence to Policies & Procedures
5. Financial loss incurred as a result of services not levied.	1. Co-operation from Engineering Department 2. Monitor bulk water supply (control meters) 3. Availability of statistics

b) Implementation of Strategies

Key Risk Areas	Key measures to curb corruption and fraud
Irregularities of offering of business courtesies and gifts.	The gifts policy of the Municipality must ensure that both the acceptance and offering of business courtesies, including gifts, by all Councillors and employees of Overstrand occur only within the ethical standards as prescribed by Overstrand.
Non – Compliance with laws and regulations	Overstrand has a number of systems, policies and procedures designed to ensure compliance with specific laws and regulations and basic internal control.
Conflict of interest	Employees who perform private work will in accordance with Schedule 2 of the Systems Act be obliged to declare the full description and nature, hours of work, name of company for whom they work or name of own business, and that there is no conflict of interest with their job content as officials and that the nature of the work does not compromise their judgement and integrity as an official.

Table 43.: Implementation of the Strategies

Chapter 2: Good Governance

2.9 Audit Committee

Section 166(2) of the MFMA states that an audit committee is an independent advisory body which must –

- (a) advise the municipal council, the political office-bearers, the accounting officer and the management staff of the municipality, on matters relating to –
- internal financial control;
 - risk management;
 - performance Management; and
 - effective Governance.

a) Functions of the Audit Committee

The Audit Committee have the following main functions as prescribed in section 166 (2) (a-e) of the Municipal Finance Management Act, 2003 and the Local Government Municipal and Performance Management Regulation:

- To advise the Council on all matters related to compliance and effective governance.
- To review the annual financial statements to provide Council with an authoritative and credible view of the financial position of the municipality, its efficiency and its overall level of compliance with the MFMA, the annual Division of Revenue Act (DoRA) and other applicable legislation.
- Respond to the council on any issues raised by the Auditor-General in the audit report.
- To review the quarterly reports submitted to it by the internal audit.
- To evaluate audit reports pertaining to financial, administrative and technical systems.
- The compilation of reports to Council, at least twice during a financial year.
- To review the performance management system and make recommendations in this regard to Council.
- To identify major risks to which Council is exposed and determine the extent to which risks have been minimised.
- To review the annual report of the municipality.

Chapter 2: Good Governance

- Review the plans of the Internal Audit function and in so doing; ensure that the plan addresses the high-risk areas and ensure that adequate resources are available.
- Provide support to the Internal Audit function.
- Ensure that no restrictions or limitations are placed on the Internal Audit section.
- Evaluate the activities of the Internal Audit function in terms of their role as prescribed by legislation.

b) Members of the Audit Committee

During the period 01 July 2014 – 31 January 2015 the Audit Committee consisted of five (5) members listed here under and held four (4) meetings during the above-mentioned period. The Chairperson (Mr. GN Lawrence) and one member (Mr. DWJ Jacobs) term of office has ended on 31 January 2015 where after only one (1) extra member (Mr. Burton Van Staaden) was appointed from 01 March 2015.

Table 45.: Members of the Audit Committee (01 March 2015 – 30 June 2015)

2.10 Performance audit committee

The Regulations require that the performance audit committee is comprised of a minimum of three members, the majority of whom are external (neither a councillor nor an employee) of the

Chapter 2: Good Governance

municipality. Section 14(2) (b) of the Regulations further stipulates that the performance audit committee must include at least one person who has expertise in performance management. It is also a requirement of the Regulations in Section 14(2)(d) that the Council of a municipality designate neither a member of the performance audit committee who is neither a councillor nor an employee of the municipality as the chairperson of the committee.

In terms of Section 166(4) (a) of the MFMA, an audit committee must consist of at least three persons with appropriate experience, of who the majority may not be in the employ of the municipality.

Section 166(5) of the MFMA, requires that the members of an audit committee must be appointed by the council of the municipality. One of the members, not in the employ of the municipality, must be appointed as the chairperson of the committee. No councillor may be a member of an audit committee.

Both the Regulations and the MFMA, indicate that three is the minimum number of members needed to comprise a performance audit committee. While the regulations preclude the appointment of a councillor as chairperson of the performance audit committee, the MFMA excludes the involvement of a councillor in the composition of a performance audit committee entirely.

In accordance with the requirements of Section 14(2)(e) of the Regulations, if the chairperson is absent from a specific meeting of the committee, the members present must elect a chairperson from those present to act as chairperson for that meeting.

Further, Section 14(2) (f) of the Regulations provides that, in the event of a vacancy occurring amongst the members of the performance audit committee, the municipality concerned must fill that vacancy for the unexpired portion of the vacating member's term of appointment.

Section 14(3) (a) of the Regulations requires that the performance audit committee of a municipality must meet at least twice during each financial year. However, additional special meetings of the performance audit committee may be called for by any member of the committee, where sufficient justification exists in terms of Section 14(3) (b) of the Regulations.

a) Functions of the Performance Audit Committee

In terms of Section 14(4) (a) of the Regulations the performance audit committee has the responsibility to -

- i) review the quarterly reports produced and submitted by the internal audit process;

Chapter 2: Good Governance

- ii) review the municipality's performance management system and make recommendations in this regard to the council of the municipality; and
- iii) at least twice during each financial year submit a performance audit report to the council of the municipality.

b) Members of the Performance Audit Committee

During the period 01 July 2014 – 31 January 2015 the Performance Audit Committee consisted of five (5) members listed here under and held one (1) meeting during the above-mentioned period. The Chairperson (Mr. DWJ Jacobs) and one member (Mr. GN Lawrence) term of office has ended on 31 January 2015 where after only one (1) extra member (Mr. Burton Van Staaden) was appointed from 01 March 2015.

HV Liebenberg	Chairperson	25 March 2015 28 May 2015
HPA Beekman	Member	
KE Montgomery	Member	
B Van Staaden	Member	

Table 47.: *Members of the Performance Audit Committee (01 March 2015 – 30 June 2015)*

2.11 Internal Auditing

Section 165 (2) (a), (b)(iv) of the MFMA requires that:

The internal audit unit of a municipality must –

- (a) prepare a risk based audit plan and an internal audit program for each financial year; and

Chapter 2: Good Governance

(b) advise the accounting officer and report to the audit committee on the implementation on the internal audit plan and matters relating to:

- (i) internal audit;
- (ii) internal controls;
- (iii) accounting procedures and practices;
- (iv) risk and risk management;
- (iv) performance management;
- (v) loss control; and
- (vi) compliance with this Act, the annual Division of Revenue Act and any other applicable legislation

(c) perform other duties as may be assigned to it by the accounting officer.

The Municipality has an In-house Internal Audit function consisting of:

- Chief Audit Executive
- Three Internal Auditors (1 position was filled 01 May 2015).

Annual Audit Plan:

94% of the Risk Based Audit Plan for 2014/15 was executed with the available resources. The table below provides detail on audits completed:

Description			No of Hours	Date completed
Phase 1				
Revisiting current risk profile and priorities			100	Ongoing on a quarterly basis
Phase 2				
Compiling Risk Based Audit Plan 2014/2015			100	26 May 2014
Phase 3				
Audit Engagement	Departmental System	Detail	No of Hours	Date completed
Directorate: Finance	Deputy Director: Finance	Key Control Assessment 4 th Quarter (01 April 2014 – 30 June 2014)	160	July 2014
	Deputy Director: Finance	Key Control Assessment 1 st Quarter (01 July 2014 – 30 September 2014)	160	October 2014
	Deputy Director: Finance	Key Control Assessment 2 nd Quarter (01 October 2014 – 31 December 2014)	160	January 2015
	Deputy Director:	Key Control Assessment 3 rd	160	April 2015

Chapter 2: Good Governance

Description		No of Hours	Date completed
	Finance	Quarter (01 January 2015 – 31 March 2015)	
	Financial Services	Division of Revenue Act 2 of 2013	180

2.12 By-Laws and Policies

Section 11 of the MSA gives a Council the executive and legislative authority to pass and implement by-laws and policies.

Below is a list of all the by-laws developed and reviewed during the financial year:

By-laws developed/revised	Date adopted	Public Participation Conducted Prior to adoption of By-Laws Yes/No	Date of Publication
The Impoundment of Animals By – law	30/06/2015	Yes	To be determined
The rules of Order By – law	30/09/2015	Yes	To be determined
The LUPA By – law	(estimated) 30/09/2015	Yes	To be determined
The Special Rating Area By –	(estimated)	Pending	To be determined

Chapter 2: Good Governance

By-laws developed/revised	Date adopted	Public Participation Conducted Prior to adoption of By-Laws Yes/No	Date of Publication
law	To be determined		

Table 50.: By-laws

Below is a list of the policies – existing, developed and reviewed during the financial year:

Policies developed/ revised	Date adopted	Public Participation Conducted Prior to adoption of policy Yes/No
Supply Chain Management Policy (revision commentary)	28 May 2015	Yes
Customer Care Debt Collection Policy (revision commentary)	28 May 2015	Yes
Study Aid Policy (revision commentary)	To be determined	
Rates Policy (revision commentary)	28 May 2015	Yes
Petty Cash Policy (revision commentary)	28 May 2015	Yes
Contract Management Policy (revision commentary)	28 May 2015	Yes
Budget Policy (revision commentary)	28 May 2015	Yes

Table 51.: Policies

2.13 Communication

Local government has a legal obligation and a political responsibility to ensure regular and effective communication with the community. The Constitution of the Republic of South Africa Act 1996 and other statutory enactments all impose an obligation on local government communicators and require high levels of transparency, accountability, openness, participatory democracy and direct communication with the communities to improve the lives of all.

The communities, on the other hand, have a right and a responsibility to participate in local government affairs and decision-making and ample provision is made in the abovementioned legislation for them to exercise their right in this respect. Our democratic government is committed to the principle of ***Batho Pele*** and this, in simple terms, means that those we elect to represent us (councillors at the municipal level) and those who are employed to serve us (the municipal officials at municipal level) must always put people first in what they do.

Chapter 2: Good Governance

South Africa has adopted a system of developmental local government, which addresses the inequalities, and backlogs of the past while ensuring that everyone has access to basic services, to opportunities and an improved quality of life.

To be successful, communications must focus on the issues that are shown to impact on the residents' perceptions, quality of service, value for money and efficiencies. They should ideally look to close the communication-consultation loop, i.e. tell people how they can have a say and demonstrate how those who have given their views have had a real impact.

Communication activities	Yes/No
Communication unit	Yes
Communication strategy	Yes
Communication Policy	Yes (in draft format)
Customer satisfaction surveys	Conducted every second year therefor no survey in 2013/14 next survey in 2014/15
Functional complaint management systems	Yes
Newsletters distributed at least quarterly	Yes, monthly

Table 52.: Communication Activities

2.14 Website

A municipal website www.overstrand.gov.za is a key communication mechanism in terms of service offering, information sharing and public participation and should be an integral part of a municipality's communication infrastructure and strategy. It serves as a tool for community participation, improves stakeholder involvement and facilitates stakeholder monitoring and evaluation of municipal performance. Section 75 of the MFMA requires that the municipalities place key documents and information on their website, including the IDP, the annual budget, adjustments budgets and budget related documents and policies.

Below is a website checklist to indicate the compliance to Section 75 of the MFMA:

Documents published on the Municipal website	Date Published
Annual budget and all budget-related documents	30 May 2014(Final)
Adjustment budget for 2014/2015	Third Adjustments Budget February 2014/2015 Fourth Adjustments Budget April 2014/2015
Budget implementation policy: Tariff policy	15 July 2014
Budget implementation policy: Credit control policy	15 July 2014
Budget implementation policy: Valuation By-Law	-

Chapter 2: Good Governance

Documents published on the Municipal website	Date Published
Budget implementation policy: Rates policy	15 July 2014
Budget implementation policy: SCM policy	15 July 2014
Annual report for 2013/2014	Audited Final AR 30 March 2015
Performance agreements required in terms of section 57 (1) (b) of the Municipal Systems Act for 2014/15	24 June 2014
All quarterly reports tabled in the council in terms of section 52 (d) of the MFMA during 2014/2015	<p>Quarterly Budget statements: Published in year 2014/2015 31 October 2014 (September 2014) 26 January 2015 (December 2014) 06 May 2015 (March 2015)</p> <p>SDBIP Quarterly Reports published on 29 October 2014 (1st) 23 January 2015 (2nd) 29 April 2015 (3rd) 23 July 2014 (4th) (2013/2014)</p>

Satisfaction Surveys undertaken during: Year 2013				
Subject matter of survey	Survey method	Survey date	No. of people included in survey	Survey results indicating satisfaction or better (%)*
k) Information supplied by the municipality to the public	Structured questionnaire	Feb/Mar 2012	3005	66%
l) Opportunities for consultation on municipal affairs	Structured questionnaire	Feb/Mar 2012	3005	66%

*the percentage indicates the proportion of those surveyed that believed that relevant performance was at least satisfactory

Table 55.: Satisfaction Surveys 2011/2012

Municipal comments on the satisfaction levels:

Satisfaction levels with the major municipal services – water and electricity – stayed the same from 2011/12 to 2012/13

- Satisfaction levels with the maintenance of roads improved markedly, from 63 per cent in 2012 to 70 per cent in 2013. During the past year a number of road construction projects took place, which can be the main cause of this positive perception.
- Satisfaction levels with refuse removal dropped with 12 percent, which can be attributed to the municipality's decision to reduce the number of removals in the Greater Hermanus area from twice a week to once a week.
- The 8 percent drop in perceptions regarding opportunities for consultation (which was asked as how accessible municipal officials and other resources are) can be attributed to a great number of major issues which were highlighted in the local media lately, varying from the R43 construction to the Geyser Control Project to the resistance against the budget proposals in certain communities.
- The previous factors mentioned also had an effect on the public's perception of the information supplied to the public, which dropped with two percentage points.

2.15 Supply Chain Management

The Supply Chain Management Policy of the Overstrand Municipality is deemed to be fair, equitable, transparent, competitive and cost-effective as required by Section 217 of the Constitution.

The Supply Chain Management Policy complies duly with the requirements of Section 112 of the MFMA as well as the Supply Chain Management Regulations. The Policy was drafted based on the

Chapter 2: Good Governance

SCM Model Policy issued by the National Treasury and amended to suit the local circumstances within the ambit of the regulatory framework and sometimes even stricter than the legal requirements.

2.15.1 Competitive Bids in Excess of R200 000

a) Bid Committee Meetings

The following table details the number of bid committee meetings held for the 2014/15 financial year:

Bid Specification Committee	Bid Evaluation Committee	Bid Adjudication Committee
140	70	46

Table 56.: Bid Committee Meetings

The attendance figures of members of the bid specification committee are as follows:

Member	Percentage attendance
In terms of Paragraph 27 of Council's Supply Chain Management Policy, the Bid Specification Committee must consist of a Supply Chain Management Official as well as the Director or his delegated official from the user-department. No Bid Specification Committee meeting will continue without the attendance of either of these members.	100%

Table 57.: Attendance of members of bid specification committee

The attendance figures of members of the bid evaluation committee are as follows:

Member	Percentage attendance
In terms of Paragraph 28 of Council's Supply Chain Management Policy, the two standing members of the Bid Evaluation Committee are the chairperson and any official who is a designated Manager in the municipality. A third member of the BEC is the official presenting the report on behalf of the user-department. No Bid Evaluation Committee meeting will continue without the attendance of either of these members.	100%

Table 58.: Attendance of members of bid evaluation committee

The attendance figures of members of the bid adjudication committee are as follows:

Member	Percentage attendance
Director: Finance- Chairperson	100%
Director: Community Services	98%
Director: Management Services	98%
Director: Protection Services	91%
Director: Infrastructure & Planning Services	98%

Chapter 2: Good Governance

Member	Percentage attendance
Director: Local Economic Development & Tourism	74%

Table 59.: Attendance of members of bid adjudication committee

The percentages as indicated above include the attendance of those officials acting in the position of a bid committee member.

b) Awards Made by the Bid Adjudication Committee

The ten highest bids awarded by the bid adjudication committee are as follows:

Bid number	Date of award	Title of bid	Successful Bidder	Value of bid awarded
SC1488/2014	2014/09/22	Medium and low voltage upgrading in Gansbaai, Franskraal & Stanford	Adenco Construction (Pty) Ltd	R 9 374 793.43

Table 64.: Clause 36(1)(a)(v)- Deviations- Impractical and or Impossible

Chapter 2: Good Governance

2.15.4 Logistics Management

The system of logistics management must ensure the following:

- the monitoring of spending patterns on types or classes of goods and services incorporating, where practical, the coding of items to ensure that each item has a unique number;
- the setting of inventory levels that includes minimum and maximum levels and lead times wherever goods are placed in stock;
- the placing of manual or electronic orders for all acquisitions other than those from petty cash;
- appropriate standards of internal control and warehouse management to ensure that goods placed in stores are secure and only used for the purpose for which they were purchased;
- Monitoring and review of the supply vendor performance to ensure compliance with specifications and contract conditions for particular goods or services.

Each stock item at the municipal stores, are coded and are listed on the financial system. Monthly monitoring of patterns of issues and receipts are performed by the Storekeeper.

Inventory levels are set at the start of each financial year. These levels are set for normal operations. In the event that special projects are being launched by departments, such information should be communicated timely to the Stores section in order for them to gear them to order stock in excess of the normal levels.

Internal controls are in place to ensure that goods and service that are received are certified by the responsible person which is in line with the general conditions of contract. Regular checking of the condition of stock is performed. Annual stock counts are performed at which surpluses, deficits, damaged and redundant stock items are identified and reported to Council.

As at 30 June 2015, the value of stock at the municipal stores amounted to **R 6,212,587.73 (R 8,271,377.15 in 2013/14)**. For the **2014/2015** financial year a total of **R 9,216.35** was accounted for as surpluses (**R 9,908.81 2013/14**), **R8, 229.57** as deficits (**R 58,648.43 in 2013/14**) and no damaged stock items were reported.

CHAPTER 3

This chapter provides an overview of the key service achievements of the municipality that came to fruition during 2014/15 in terms of the deliverables achieved compared to the key performance objectives and indicators in the IDP. It furthermore, includes an overview on achievement in 2014/15 compared to actual performance in 2013/14.

3.1 OVERVIEW OF PERFORMANCE WITHIN THE ORGANISATION

Performance management is a process which measures the implementation of the organisation's strategy. It is also a management tool to plan, monitor, measure and review performance indicators to ensure efficiency, effectiveness and the impact of service delivery by the municipality.

At local government level performance management is institutionalized through the legislative requirements on the performance management process for Local Government. Performance management provides the mechanism to measure whether targets to meet its strategic goals, set by the organisation and its employees, are met.

The constitution of S.A (1996), section 152, dealing with the objectives of local government paves the way for performance management with the requirements for an "accountable government". The democratic values and principles in terms of section 195 (1) are also linked with the concept of performance management, with reference to the principles of inter alia:

- the promotion of efficient, economic and effective use of resources,
- accountable public administration
- to be transparent by providing information,
- to be responsive to the needs of the community,
- and to facilitate a culture of public service and accountability amongst staff.

The Municipal Systems Act (MSA), 2000 requires municipalities to establish a performance management system. Further, the MSA and the Municipal Finance Management Act (MFMA) requires the Integrated Development Plan (IDP) to inform the municipal budget and to be monitored for the

Chapter 3: Service Delivery Performance

performance of the budget against the IDP via the Service Delivery and the Budget Implementation Plan (SDBIP).

In addition, Regulation 7 (1) of the Local Government: Municipal Planning and Performance Management Regulations, 2001 states that "A Municipality's Performance Management System entails a framework that describes and represents how the municipality's cycle and processes of performance planning, monitoring, measurement, review, reporting and improvement will be conducted, organised and managed, including determining the roles of the different role players." Performance management is not only relevant to the organisation as a whole, but also to the individuals employed in the organization as well as the external service providers and the Municipal Entities. This framework, *inter alia*, reflects the linkage between the IDP, Budget, SDBIP and individual and service provider performance.

3.1.1 Legislative requirements

In terms of section 46(1)(a) a municipality must prepare for each financial year a performance report reflecting the municipality's and any service provider's performance during the financial year, including comparison with targets of and with performance in the previous financial year. The report must, furthermore, indicate the development and service delivery priorities and the performance targets set by the municipality for the following financial year and measures that were or are to be taken to improve performance.

3.1.2 Organisation performance

Strategic performance indicates how well the municipality is meeting its objectives and which policies and processes are working. All government institutions must report on strategic performance to ensure that service delivery is efficient, effective and economical. Municipalities must develop strategic plans and allocate resources for the implementation. The implementation must be monitored on an ongoing basis and the results must be reported on during the financial year to various role-players to enable them to timeously implement corrective measures where required.

This report highlight the strategic performance in terms of the municipality's Top Layer Service Delivery Budget Implementation Plan (SDBIP), high level performance in terms of the National Key Performance Areas, performance on the National Key Performance Indicators prescribed in terms of section 43 of the Municipal Systems Act, 2000 and an overall summary of performance on a functional level and municipal services

Chapter 3: Service Delivery Performance

3.1.3 The performance system followed for 2014/15

a) Adoption of a Performance Management Framework

The municipality adopted a performance management framework that was approved by Council on 25 June 2014.

b) The IDP and the budget

The 2nd review of the 5 year IDP for 2014/15 and the budget for 2014/15 were approved by Council on 28 May 2014. The IDP process and the performance management process are integrated. The IDP fulfills the planning stage of performance management. Performance management in turn, fulfills the implementation management, monitoring and evaluation of the IDP.

The strategy map below illustrates the strategic link of the focus areas of the municipality with the National Key Performance Areas. The National Key Performance Areas is aligned with the strategic objectives that were identified in the 2014/15 IDP review.

Vision- "To be a centre of excellence for the community"

Mission- "Creation of sustainable communities by delivering optimal services to support economic, social and environmental goals in a politically stable environment"

National Key Performance areas (KPA's)

1. Municipal Transformation and Institutional Development
2. Municipal Financial Viability and Management
3. Good Governance and Public Participation
4. Basic Service Delivery
5. Local Economic Development

Municipal Focus Areas (MFA's)

- i. Safe and Healthy environment
- ii. Optimisation of financial resources
- ii. Good Governance
- v. Basic Service Delivery
- v. Social upliftment and economic development

Chapter 3: Service Delivery Performance

Municipal strategic objectives

- i. The provision of democratic, accountable and ethical governance;
- ii. The provision and maintenance of municipal services;
- iii. The encouragement of structured community participation in the matters of the municipality;
- iv. The creation and maintenance of a safe and healthy environment;
- v. The promotion of tourism, economic and social development.

c) The Service Delivery Budget Implementation Plan

The organisational performance is evaluated by means of a municipal scorecard (Top Layer SDBIP) at organisational level and through the service delivery budget implementation plan (SDBIP) at directorate and departmental levels.

The SDBIP is a plan that converts the IDP and budget into measurable criteria on how, where and when the strategies, objectives and normal business process of the municipality is implemented. It also allocates responsibility to directorates to deliver the services in terms of the IDP and budget.

The MFMA Circular No.13 prescribes that:

- The IDP and budget must be aligned
- The budget must address the strategic priorities
- The SDBIP should indicate what the municipality is going to do during next 12 months
- The SDBIP should form the basis for measuring the performance against goals set during the budget /IDP processes.

The SDBIP were prepared as described in the paragraphs below and the Top Layer SDBIP approved by the Executive Mayor on 10 June 2014.

d) The municipal scorecard (Top Layer SDBIP)

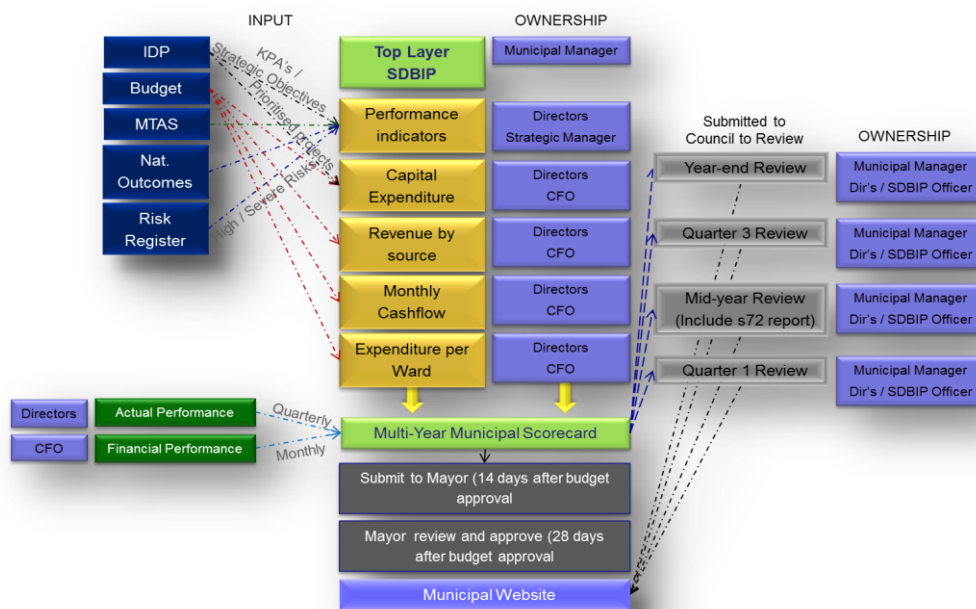

The municipal scorecard (Top Layer SDBIP) consolidate service delivery targets set by Council / senior management and provide an overall picture of performance for the municipality as a whole, reflecting performance on its strategic priorities. Components of the Top Layer SDBIP include:

- **One-year** detailed plan, but should include a **three-year capital plan**
- The 5 necessary components includes:
- Monthly projections of revenue to be collected for each source
- Expected revenue to be collected NOT billed

Chapter 3: Service Delivery Performance

- Monthly projections of expenditure (operating and capital) and revenue for each vote
- Section 71 format (Monthly budget statements)
- Quarterly projections of service delivery targets and performance indicators for each vote
- Non-financial measurable performance objectives in the form of targets and indicators
- Output NOT input / internal management objectives
- Level and standard of service being provided to the community
- Ward information for expenditure and service delivery
- Detailed capital project plan broken down by ward over three years

The following diagram illustrates the establishment, components and review of the municipal scorecard (Top Layer SDBIP):

Top Layer KPI's were prepared based on the following:

- Key performance indicators (KPI's) for the programmes / activities identified to address the strategic objectives as documented in the IDP.
- KPI's identified during the IDP and KPI's that need to be reported to key municipal stakeholders.
- KPI's to address the required National Agenda Outcomes, priorities and minimum reporting requirements.
- The municipal turnaround strategy (MTAS)

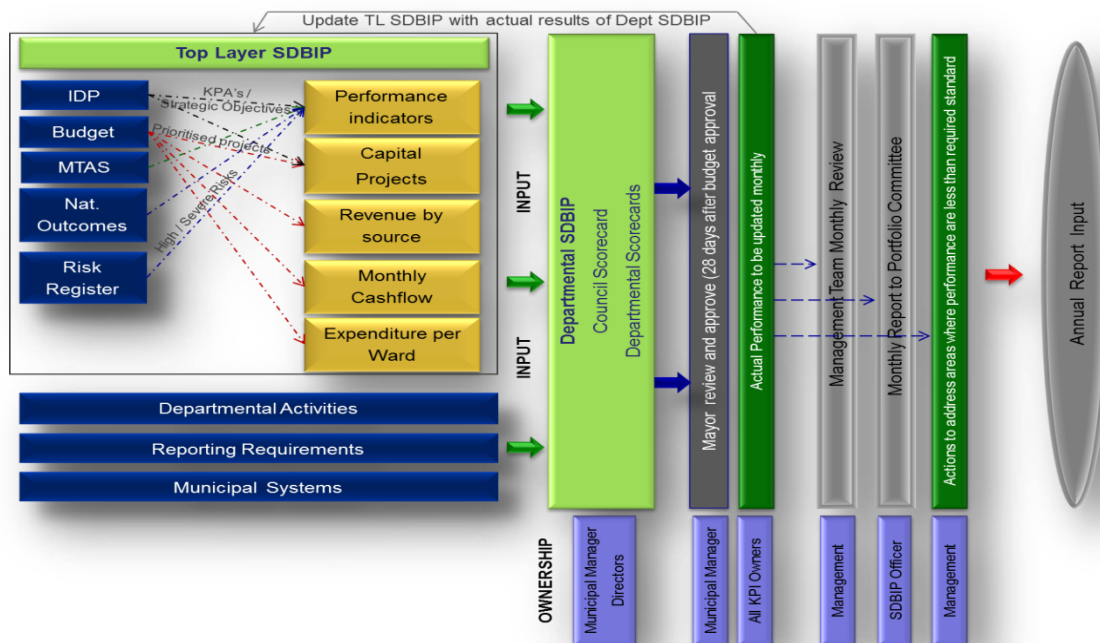

It is important to note that the municipal manager needs to implement the necessary systems and processes to provide the POE's for reporting and auditing purposes.

Chapter 3: Service Delivery Performance

e) Directorate/Departmental scorecards

The directorate and departmental scorecards (detail SDBIP) capture the performance of each defined directorate or department. Unlike the municipal scorecard, which reflects on the strategic performance of the municipality, the departmental SDBIP provide detail of each outcome for which top management are responsible for, in other words a comprehensive picture of the performance of that directorate/sub-directorate. It was compiled by **senior managers** for their **directorate** and consists of objectives, indicators and targets derived from the approved Top Layer SDBIP, the approved budget and measurable service delivery indicators related to each functional area.

The following diagram illustrates the establishment, components and review of the departmental SDBIP:

KPI's were developed for Council, the Office of the Municipal Manager and for each Directorate. The KPI's:

- Address the TL KPI's by means of KPI's for the relevant section responsible for the KPI.
- Include the capital projects KPI's for projects. The targets are aligned with the projected monthly budget and project plans.
- Address the key departmental activities.
- Each KPI have clear monthly targets and are assigned to the person responsible for the KPI's.

Chapter 3: Service Delivery Performance

f) Actual performance

The municipality utilizes an electronic web based system on which KPI owners update actual performance on a monthly basis. KPI owners report on the results of the KPI by documenting the following information on the performance system:

- The actual result in terms of the target set.
- The output/outcome of achieving the KPI.
- The calculation of the actual performance reported. (If %)
- A performance comment.
- Actions to improve the performance against the target set, if the target was not achieved.

It is the responsibility of every KPI owner to maintain a portfolio of evidence to support actual performance results updated.

3.1.4 Performance Management

Performance management is prescribed by Chapter 6 of the Municipal Systems Act, Act 32 of 2000 and the Municipal Planning and Performance Management Regulations, 796 of August 2001. Section 7 (1) of the aforementioned regulation states that "A Municipality's Performance Management System entails a framework that describes and represents how the municipality's cycle and processes of performance planning, monitoring, measurement, review, reporting and improvement will be conducted, organized and managed, including determining the responsibilities of the different role players." This framework, *inter alia*, reflects the linkage between the IDP, Budget, SDBIP and individual and service provider performance. The municipality adopted a performance management framework that was approved by Council on 25 June 2014.

a) Organisational Performance

The organisational performance is monitored and evaluated via the SDBIP and the performance process can be summarised as follows:

- The Top Layer SDBIP was approved by the Mayor on 10 June 2014 and the information was loaded on an electronic web based system.
- The web based system sent automated e-mails to the users of the system as a reminder to all staff responsible for updating their actual performance against key performance indicator targets by the 10th of every month for the previous month's performance.
- Additionally, the performance system administrator reminded all departments on a monthly basis to update their actual performance on the web based system.

Chapter 3: Service Delivery Performance

- The first quarterly report was submitted to Council on the 29th of October 2014 (Agenda item 5.1) and the second quarterly report submitted on the 23rd of January 2015 (Agenda item 4.7). The third quarter report was submitted to Council on the 29th of April 2015 (Agenda item 5.1).
- The Quarterly SDBIP performance reports are also submitted to the Performance Audit Committee. The quarterly reports were submitted to the committee on the 21st of October 2014, 16th of March 2015 and 21st of May 2015.
- Internal Audit performed a statutory compliance review which included revision of the information contained in the budget / SDBIP and reviewed IDP and reported thereon. In addition, a compliance review was performed on the submission of the budget / SDBIP and performance agreements of managers reporting directly to the Municipal Manager to ensure compliance to the relevant legislative requirements.

b) Individual Performance Management

Municipal Manager and Managers directly accountable to the Municipal Manager

The Municipal Systems Act, 2000 (Act 32 of 2000) prescribes that the municipality must enter into performance based agreements with the all s57-employees and that performance agreements must be reviewed annually. This process and the format are further regulated by Regulation 805 (August 2006). The performance agreements for the 2014/15 financial year were signed on 24 June 2014 as prescribed.

The appraisal of the actual performance in terms of the signed agreements takes place twice per annum as regulated. The final evaluation of the 2013/14 financial year (1 January 2014 to 30 June 2014) took place on 04/04/2014 and the mid-year performance of 2014/15 (1 July 2014 to 31 December 2014) took place on 24/10/2014.

The appraisals was done by an evaluation panel as indicated in the signed performance agreements and in terms of Regulation 805 and consisted of the following people:

- Executive Mayor
- Portfolio Chairperson
- Municipal Manager
- Chairperson of the Audit Committee
- Municipal manager from other municipality

Other municipal personnel

The individual Performance Management system has been rolled out to staff in the Community Services directorate on T-3 post level.

Chapter 3: Service Delivery Performance

Challenges experienced due to the literacy and computer literacy of staff in some of the directorates remains a challenge. Focus on training and awareness is planned during the 2015/2016 performance cycle to overcome challenges experienced.

3.2 INTRODUCTION TO STRATEGIC AND MUNICIPAL PERFORMANCE FOR 2014/15

3.2.1 Strategic Service Delivery Budget Implementation Plan (Top Layer)

The purpose of strategic performance reporting is to report specifically on the implementation and achievement of IDP outcomes. This section should provide an overview on the strategic achievement of a municipality in terms of the strategic intent and deliverables achieved as stated in the IDP. The Top Layer (strategic) SDBIP is the municipality's strategic plan and shows the strategic alignment between the different documents. (IDP, Budget and Performance Agreements)

In the paragraphs below the performance achieved is illustrated against the Top Layer SDBIP according to the Strategic Objectives linked to the Municipal KPA's.

The following table explains the method by which the overall assessment of actual performance against targets set for the key performance indicators (kpi's) of the SDBIP is measured:

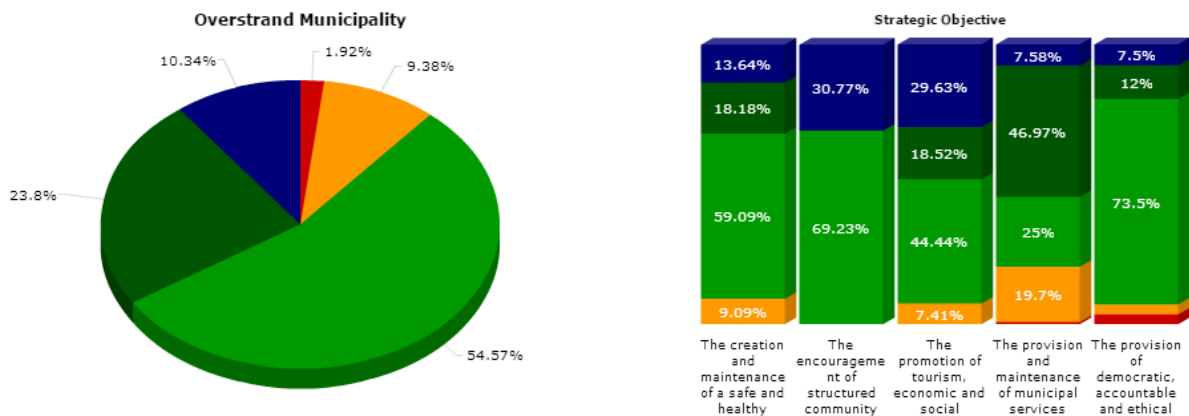

Category	Color	Explanation
KPI's Not Yet Measured	Grey	KPIs with no targets or actuals in the selected period.
KPI's Not Met	Red	0% >= Actual/Target < 75%
KPI's Almost Met	Orange	75% >= Actual/Target < 100%
KPI's Met	Green	Actual/Target = 100%
KPI's Well Met	Dark Green	100% > Actual/Target < 150%
KPI's Extremely Well Met	Dark Blue	Actual/Target >= 150%

Figure 2.: SDBIP Measurement Categories

Note: The system descriptions for the Top layer (TL) kpi's is available at the Strategic Services department for clarity on the process followed to reach the KPI's that were set for the financial year.

Chapter 3: Service Delivery Performance

The graph below displays the overall performance per Strategic objective for 2014/15

Graph 4.: Overall performance per Strategic Objective

a) Top Layer SDBIP – Provision of democratic, accountable and ethical governance

The IDP Strategic objective "The provision of democratic, accountable and ethical governance" is linked to the Municipal Key Performance Areas namely "Good Governance" and "Optimisation of financial resources".

Ref	Strategic Objective	KPI	Unit of Measurement	Wards	Actual 2013/14	Overall Performance for 2014/15						
						Target					Actual	Corrective Measures
						Q1	Q2	Q3	Q4	Annual Target		
TL1	The provision of democratic, accountable and ethical governance	98% of the operational conditional grant (Libraries, CDW) spent (Actual expenditure divided by the total grant received)	% of total conditional operational grants spent (Libraries, CDW)	All	100.45%	20%	55%	75%	98%	98%	100%	Target well met
TL7	The provision of democratic, accountable and ethical governance	Submit quarterly progress reports on the revision of the top 10 risks as a corrective action to the Executive Management Team	Number of progress reports submitted	All	4	1	1	1	1	4	4	Target Met

Chapter 3: Service Delivery Performance

Ref	Strategic Objective	KPI	Unit of Measurement	Wards	Actual 2013/14	Overall Performance for 2014/15

Chapter 3: Service Delivery Performance

3.2.2 External Service Provider Performance

The table below indicates the performance of the external service providers utilised for the past two financial years:

External service provider/s performing an external mechanism function (Sect 76(b)(iv/v)) and comparison to previous financial year (sect 46(b) of the Systems Act 2000:								
Contract name	Supplier name	Type of services rendered	Term of contract (in Years)	Performance area	Average rating (2013/2014)	Comment and/or corrective action when under performed	Average rating (2014/2015)	Comment and/or corrective action when under performed
Infrastructure & Planning								
Operation of the Gansbaai landfill and public drop-offs in greater Gansbaai and Stanford	Enviro Serve waste management (Pty) Ltd	Operation of the Gansbaai landfill	7.0	Positive effect on public's perception of Municipal service delivery	4	Good	3	Satisfactory
				Compliance with environmental "duty of care" principle	4	Good	3	Satisfactory
				Compliance with specified response times	4	Good	3	Satisfactory
				Compliance with rendering specified service	4	Good	3	Satisfactory
				Compliance with OHS Act regulations	4	Good	3	Satisfactory

Chapter 3: Service Delivery Performance

3.2.3 Service Providers Strategic Performance

Section 76(b) of the MSA states that KPIs should inform the indicators set for every municipal entity and service provider with whom the municipality has entered into a service delivery agreement.

Service provider means a person or institution or any combination of persons and institutions which provide a municipal service

- External service provider means an external mechanism referred to in section 76(b) which provides a municipal service for a municipality
- Service delivery agreement means an agreement between a municipality and an institution or person mentioned in section 76(b) in terms of which a municipal service is provided by that institution or person, either for its own account or on behalf of the municipality.

Section 121(b) of the MFMA and Section 46 of the MSA further state that a municipality should include the following related to service providers in its annual report:

- The performance of each service provider
- a Comparison of the performance with targets set for and performances in the previous financial year; and
- measures taken to improve performance

Section 116(2) of the MFMA further states:

The accounting officer of a municipality must:

- take all reasonable steps to ensure that a contract or agreement procured through the supply chain management policy of the municipality or municipal entity is properly enforced;
- monitor on a monthly basis the performance of the contractor under the contract or agreement;

The purpose of this section is to provide information related to the performance of external service providers. Only services rendered for an amount more than **R200 000** are listed.

The table below indicates service providers utilised according to functional areas:

i) Office of the Municipal Manager

Contract name	Supplier name	Type of services rendered	Term of contract (in months)	Performance area	Average rating	Comment and/or corrective action when under performed
None	N/A	N/A	N/A	N/A	N/A	N/A

3.2.3 Municipal Functions

a) Analysis of Functions

The municipal functional areas are as indicated below:

Municipal Function	Municipal Function Yes / No
--------------------	-----------------------------

Chapter 3: Service Delivery Performance

Municipal Function	Municipal Function Yes / No
Constitution Schedule 4, Part B functions:	
Air pollution	Yes
Building regulations	Yes
Child care facilities	Yes
Electricity and gas reticulation	Yes
Firefighting services	Yes
Local tourism	Yes
Municipal airports	No
Municipal planning	Yes
Municipal health services	No
Municipal public transport	Yes
Municipal public works only in respect of the needs of municipalities in the discharge of their responsibilities to administer functions specifically assigned to them under this Constitution or any other law	Yes
Pontoons, ferries, jetties, piers and harbors, excluding the regulation of international and national shipping and matters related thereto	No
Storm water management systems in built-up areas	Yes
Trading regulations	Yes
Water and sanitation services limited to potable water supply systems and domestic waste-water and sewage disposal systems	Yes
Constitution Schedule 5, Part B functions:	
Beaches and amusement facilities	No
Billboards and the display of advertisements in public places	Yes
Cemeteries, funeral parlors and crematoria	Yes
Cleansing	Yes
Control of public nuisances	Yes
Control of undertakings that sell liquor to the public	Yes
Facilities for the accommodation, care and burial of animals	Yes
Fencing and fences	Yes
Licensing of dogs	Yes
Licensing and control of undertakings that sell food to the public	Yes
Local amenities	Yes
Local sport facilities	Yes
Markets	Yes
Municipal abattoirs	Yes
Municipal parks and recreation	Yes
Municipal roads	Yes

Chapter 3: Service Delivery Performance

Municipal Function	Municipal Function Yes / No
Noise pollution	Yes
Pounds	Yes
Public places	Yes
Refuse removal, refuse dumps and solid waste disposal	Yes
Street trading	Yes
Street lighting	Yes
Traffic and parking	Yes

Table 77.: Functional Areas

b) Performance Highlights per Functional Areas

Directorate/ Functional area	Sub Directorate	Highlights
Council and Municipal Manager	Internal Audit	On 27 and 28 October 2014 Overstrand Municipality co-host together with Provincial Treasury & SALGA the Annual Conference for Local Government Assurance Providers at the Arabella Western Cape Hotel & Spa.
Management Services	Communications	<p>COMMUNICATION ACTIVITIES:</p> <p>External</p> <ul style="list-style-type: none"> → Municipal Newsletter (Bulletin) – 12 (Bi-monthly fully available in Afrikaans, English and isiXhosa) → Website: 826 updates 187 word documents, 20 images and 589 PDF's) → Media releases and opportunities used: 517 → Events/Handovers/Commissioning: → Special requests (designs, projects): 10 → Corporate advertising and special notices: 12 issues of (bulletin posters) <p>Internal</p> <ul style="list-style-type: none"> → Staff Newsletter (Phambili) – 6 times (Afrikaans/English and isiXhosa) → Internal Communication Committee – 4 meetings <p>Other</p> <ul style="list-style-type: none"> → Municipal Showcase, planning, co-ordination and execution of the event. → Involved in Launch of the cape whale coast spot → Involvement in Launch of Stony Point → Madiba day → Junior Council – best practice model → Report on drinking water quality to public → Orientation tours for Junior Town Councillors

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
		<ul style="list-style-type: none"> → Involvement in Mayoral projects (Mayoral awards) → Involvement in handing overs and openings of key projects of municipality (Eluxolweni Housing)
	Information Technology	<p>Development of Management Information System (MIS):</p> <p>The nature of MIS is such that it will always remain a moving challenge as much for management, as it is for ICT Services that need to extract and transform data sets from disparate systems into a seamless and flexible architecture framework that can assist management to assess, interpret and take informed decisions on the way forward when alternative solutions are considered.</p> <p>The primary focus during 2014/15 financial year was to:</p> <ul style="list-style-type: none"> → Ongoing improvement in financial reporting and budgeting; → Ongoing improvements of a monthly statements by providing a more comprehensive and transparent presentation of water and electricity usage by account holders as well as accommodating tariff changes brought about by SCOA; → The use of the GIS System has also been expanded as the key systems integrator, not only for the core financial system, but also for Town Planning, Erf Lookup Tables, statement reviews, building plans status, and Ward Based Planning initiatives. <p>Ongoing research into improvements of processes and functionality of existing operations software and toolsets. This enables improvements to employee productivity and also to work smarter.</p> <p>Upgrading of the Data Centre Disk Storage and Regional Office Servers</p> <ul style="list-style-type: none"> → The Servers at the regional offices (e.g. Kleinmond, Stanford, and Gansbaai) have been in operation for at least seven to nine years and have reached the end of its technical life. → Workload growth as well as the revised SCOA requirements from National Treasury to provide for more detailed and bigger data sets necessitated the replacement of the older Servers in the Data Centre with latest technology Servers that will also support the ongoing demand for faster and more reliable performance and systems throughput. → Disk space upgrades (to the municipalities main Disk Storage Array) to facilitate growth of platform and load analysis to determine optimal usage, facilitate for the municipalities expanded needs and prevent downtime and prevent data loss. <p>Disaster Recovery Site (DR Site)</p> <ul style="list-style-type: none"> → Systems applications and data bases are replicated at the DR site every night to ensure full recovery of any system at any only losing the current day's data, which can in most cases easily be recovered. → DR testing finalised during June 2015 and is done on an annual basis.

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
		<p>PC Refresh project</p> <ul style="list-style-type: none"> ➔ Limited new PC's procured end of financial year ➔ Used in conjunction with a PC refresh project to: <ul style="list-style-type: none"> ○ Migrate to Windows 7, with patches and updates ○ Upgrade MS Office to a standardised version ○ Ensure standard packages are installed and ensure virus protection ○ Upgrade machines where feasible ○ Replace machines where needed ○ This is specifically important due to new business system implication for example Time and Attendance which requires managers to be on the latest version. <p>Consolidation of Similar Application Systems Functionalities and Normalization of Systems Data.</p> <ul style="list-style-type: none"> ➔ Various business applications systems with similar functionalities are currently deployed in the Overstrand Municipality, resulting in ongoing increases in annual licensing fees and support fees. ➔ Also, ongoing data integration between disparate business application systems results in increased complexities whilst attempting to maintain data integrity between systems. ➔ It remains the strategic intent of the municipality to assimilate similar functionalities from the other business application systems deployed in the municipality into the municipality's core Financial System (Samras) in cases where it is cost effective and functionally viable, and where it is not, to ensure the effective integration between systems. This again has been highlighted in the main priorities of business system requirements prescribed by NT on SCOA. ➔ Priorities and time-lines to do the conversions are dependent on business needs and available funding over the next few years. ➔ Initiatives currently on the way include the building of the Supply Chain Management process on SamrasClassic and SamrasPlus as well as integration between the works order system and Samras, GIS and payroll system (Payday). ➔ Investigation and feasibility into an integrated Asset Maintenance Management system as well as Operation and spatial integration is paramount to the municipality. <p>The Senior ICT Business Analyst assists management in driving this initiative forward.</p>
	Legal Services	<p>No successful appeals against the municipality regarding the awarding of tenders and quotations.</p> <p>90% turnaround time for referrals by user departments.</p> <p>Increase in the provision of legal updates to respective user departments.</p> <p>The adoption of one new by – law, and the development of two new other draft by – laws.</p> <p>Coordinate all litigious matters by and against the municipality, with no</p>

		<p>The AFS for 2013/2014 financial year was submitted by 31 August</p>													

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
		2014 and an unqualified audit opinion with no findings was received from the Auditor General
		Quarterly financial statements are being produced for submission to the Audit Committee.
		During the financial year the Budget Office was a key role player in the introduction and implementation of SCOA and the preparation of a SCOA budget for the 2015/2016 MTREF
	Expenditure and Asset Management	Municipal Financial Management Programme Training – In addition to the three (3) Managers in the Department, who had to complete the program as a requirement set by National Treasury, a further eight (8) officials have already successfully completed the Municipal Financial Management Programme Training. This has resulted in the attainment of the required competency levels for middle and senior managers, in terms of National Treasury’s minimum MFMA Competency Regulations, by more than half of the staff in the Department.
		The reconciling of Creditor Statements per the SAMRAS Financial System, developed and incorporated by Bytes Systems Integration (Pty) Ltd as part of their Financial System during the 2012/13 financial year, continued to support this division in providing detailed and meaningful reporting whilst also performing an integral part of the internal control measures.
		The Costing Division, established during 2010, continued to compliment the Expenditure & Asset Management Division in maintaining a Job Costing Framework in respect of all projects. Examples of these are Ward Specific Projects, EPWP Projects and Capital Project components in terms of the management of new assets for inclusion in the Asset Registers (GRAP principles). It is envisaged that this section will play an ever increasing role in analyzing and reporting of management information.
		In conjunction with the other Financial Services Directorate’s departments, the Expenditure & Asset Management Department successfully contributed to prepare for implementation of mSCOA with effect from 01 July 2015. After being identified as one of the Pilot Sites by National Treasury, the Municipality had to prepare for the early implementation of mSCOA while the remainder of the municipalities will have to follow suite as from 01 July 2017.
Community Services	Hangklip/Kleinmond Administration	Very active and vibrant citizenry co-operation between the different sectors of the community and the municipality. This is amplified by the well-organized ward committee system for Wards 9 and 10.
		Budget information sessions were arranged by the budget office and addressed by the Mayor, Councilors and Directors during April 2015 for wards 9 and 10, which were well attended and vigorously debated.
		A brand new soccer turf has been erected in Overhills Informal Settlement. The plans for the clubhouse are currently in progress.
		The water pipe replacement project has been well received by the residents.
		Kleinmond beach once again obtained blue flag status and evaluations proofed that a high standard of management by the municipal officials were rendered.

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights		
		Blue drop status was obtained for Kleinmond Water Treatment Works and for the fourth time for Buffels River Water Treatment Works.		
		The projects for the specific areas which benefitted from the Greenest Town Competition have been rolled out and will be finalized by 30 August 2015.		
		The upgrading of the Kleinmond Harbour was finalised in April 2015		
		Extensions & alterations to the Kleinmond Harbour in the amount of R4 m commenced in March 2015.		
		Hermanus Administration	Achieved Blue Drop Status for Preekstoel Water Treatment Works.	
			Achieved Green Drop status for Hermanus and Hawston Waste Water Treatment Works.	
			Large number of roads resealed in all neighbourhoods.	
			More sections of the Cliff Path and Coastal Path tourist attractions were upgraded.	
			Blue Flag Beach status again awarded to Grotto & Hawston Beaches.	
			Extensive fire breaks were cut at high risk fire hazard areas around residential areas	
			The Historical Canons in Hermanus that were in state of disrepair were completed restored by a team of professionals The canons are once again a proud asset to the Town.	
			The Hermanus Taxi Rank and ablution facilities were revamped.	
			Upgraded various parking areas and surrounds at estuaries and beaches.	
			A number of sidewalks were paved and streets tarred making the CBD and residential areas very attractive and functional.	
			A second set of scientifically designed sundials were erected at a popular tourist spot.	
			Community halls were further upgraded and provided with new improved kitchen and other equipment.	
			Storm water systems which are the highest risk were installed at hotspots throughout the Greater Hermanus Area.	
			At the Municipal Head Office, additional tarred parking area provided and further beautification.	
			The Onrus Caravan Park 's 3 star tourist rating was re-affirmed.	
			The Onrus Caravan Park hosted the Wines to Whales MTB event attracting over 3000 visitors to the Park.	
			Various Festivals were successfully hosted in Hermanus with the assistance and support of the Municipality.	
			Gansbaai/Stanford Administration	More than 40 jobs were created and funded from the prize money received from the Greenest Municipality competition which the Overstrand Municipality won for two (2) consecutive years. Four teams consisting of ten members each were appointed to execute the approved projects in the areas of Stanford, Gansbaai and Pearly Beach

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
		<p>(Eluxolweni).</p> <p>The teams made huge progress with the implementation of projects such as safe pedestrian sidewalks (used to connect the previously disadvantaged area of Thembelihle with the central business area of Stanford). In the Gansbaai area remarkable improvements were made to the upgrading of the town entrance and picnic tables were installed along the popular coastline of Franskraal. Various playparks were fenced in to safeguard children playing in the playparks. Park benches were also installed in the playparks to be used by the parents.</p> <p>Labour intensive clean-up operations in and around the residential areas of Masakhane, Blompark and Eluxolweni proved to be extremely successful and contributed vastly to the cleanliness of these areas. More than 500 trees were planted and it seems that the survival rate is quite high.</p> <p>The introduction of Government's EPWP (Working for the Coast) initiative for clean up along water courses is making a huge impact along the Klein River in Stanford. The Khoisan Group, consisting of 10 local people, is very enthusiastic and hardworking and has made and is still making a big difference in Stanford.</p> <p>Working for the Coast (WFTC) teams consisting of an average of 50 - 60 team members performed duties along the coastline and public open spaces from Stanford, Gansbaai and Pearly Beach for the entire financial year. This project delivered remarkable and valuable results which is recognised and appreciated by the local residents.</p> <p>The Executive Mayor and full time Councillors attended public meetings during April 2015 to explain the content and implications of the proposed 2015/16 budget as well as tariff structure for municipal services. The meetings were well attended by ward committee members and leading role players in the community.</p> <p>The beautification of the town entrance of Gansbaai was funded as a joint venture established between the Overstrand Municipality, the Gansbaai Chamber of Commerce as well as the implementing agent responsible for the implementation of the approved businessplan pertaining to the Greenest Municipal Competition prize money.</p> <p>The determination of community needs that formed the basis of the IDP influenced the capital budget and provision was made in the budget to satisfy the need for an additional crèche (Early Childhood Development Centre) in Masakhane. The facility will soon be commissioned and the community awaits this event with great excitement.</p> <p>The communal sport centre (Spaces for Sport) in Gansbaai also received a valuable financial contribution from the private sector when the Grootbos Foundation and the Department of Cultural Affairs and Sport (Western Cape) contributed towards the construction of a roof cover to be used by local sportsmen as part of the gymnasium on the premises.</p> <p>The majority (96%) of the budget allocated to the wards in order to fund projects identified by the various wards (1, 2 and 3), were spend and the beneficiaries expressed their appreciation for the remarkable changes that was made possible as a result.</p>
	Housing	Eluxolweni (Pearly Beach) 211 sites:

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
	Administration	<p>→ 182 title deeds for Eluxolweni were handed over by the Minister, mayor and officials at a ceremony on 19 May 2015.</p> <p>Access to Basic Services (ABS) Project</p> <p>→ Project has been completed. Every household in the 12 informal settlements has access to water (1 tap per 25 families) and sanitation (1 toilet per 5 families)</p> <p>Title Deeds: Overstrand</p> <p>→ 487 title deeds had been registered in the Deeds Office for the 2014/2015 financial year.</p> <p>Informal settlement survey : June 2015</p> <p>→ The successful bi-annual survey of the informal settlements – 3144 units were counted and verified.</p>
	Fire Management	International Fire fighters Day Team Challenge
	Traffic Services	<p>Successful management of big events. There were no fatal accidents over Easter weekend. Members obtained the targets set for them. Because of experience, planning was done efficiently.</p> <p>Motor Registrations and Licensing moved back to Traffic Department on 1 October 2015.</p> <p>On 1 December 2014 15 EPWP members were permanently employed at the Traffic Department.</p>
Economic Development and Tourism	LED	

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
		<p>The pass rate for the current intake was:</p> <ul style="list-style-type: none"> * 100 % of all learners who wrote the Learners Drivers Test Passed * 50 % of learners who went for the Driver's Test passed. * 50 % of learners failed their drivers test * final opportunity has now been given to 13 learners <p><i>b. WORLD WIDE FUND for NATURE - MOU:</i></p> <p>The purpose of this agreement is to advance a small scale fisheries implementation plan in Kleinmond. Funds will be sourced by WWF from different sources for the project activities. The agreement is a partnership between Overstrand Municipality, WWF and LED to develop a support plan for the activities and to work with the community and small scale fisheries stakeholders of Kleinmond and the entire Kogelberg area in order to fulfill the objectives of the Fisheries Improvement programme and achieve the ultimate goal of economic development and better environment management. The partnership is needed to collaborate and combine programs that will have a long term socio economic impact.</p> <p>The LED department will also be responsible for linking and supporting the Fisheries Improvement Programme to local businesses and access to market opportunities including value adding opportunities and business ventures that are emanating from fisheries.</p> <p>Fishers Improvement Project</p> <p>LED in a joint venture with WWF initiated a process of establishing a local economy around small scale fishing. The objective of the project is to address the socio and economic conditions in the community of Kleinmond while protecting the environment and prevent stock depletion of certain species of fish.</p> <p>The project seeks to establish a value in which business opportunities can be identified for the fishers. The LED has assisted with the registration of the women cooperative and has provided logistical support to the cooperative.</p> <p>WWF has since negotiated a deal with the local restaurant to buy fish from the women's cooperative.</p> <p><i>c. PRODUCTIVITY-SA, OVERSTRAND MUNICIPALITY and CASIDRA – MOU:</i></p> <p>The MOU is a partnership between Overstrand Municipality,</p>

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
		<p>Productivity SA and Casidra to improve co-operatives growth and job creation potential. Productivity SA undertakes to provide further training for the co-operatives. The co-operatives will also be assisted to apply for the grants from DTI; Casidra will assist with the business plan and funding. The LED department will be responsible for ensuring the attendance in the workshops, completion of action plans and provision of mentorship assistance for the selected co-operatives.</p> <p>Three cooperatives were assisted with business plans by Productivity South Africa (PSA). Casidra is currently considering the plans for funding. The three co-ops are based in Hawston, Stanford and Gansbaai.</p> <p>d. National Youth Development Agency (MoU)</p> <p>The MoU between NYDA and the municipality has since been extended to ensure that a more focused approach is adopted to deal with the challenges faced by the youth in the Overstrand. The Walking Centre also serves as a satellite office of the NYDA as means to bring the services of the NYDA closer to the intended beneficiaries.</p> <p>In terms of the said agreement NYDA is responsible for providing ongoing capacity building and support to the local youth office staff on NYDA products and services.</p> <p>Training took place at the Cape Town NYDA branch on the 24th – 27th March 2015. Four (4) Staff Members from LED attended training. The training covered aspects such as Orientation on NYDA products and Services available to the Youth. NYDA incurred the costs for accommodation and training.</p> <p>ii. Business Development and Support</p> <p>LED actively sought cooperation with organizations mandated to bring practical assistance to budding as well as established entrepreneurs such as NYDA, DEDAT, DTI, SARS, DAFF, etc. We worked directly with individual businesses in accordance with their developmental programs. They participated in a number of outreach programs that were organized in the financial year 2013/2014.</p> <p>Entrepreneur Development Training – April 2015</p> <p>On the 13 April 2015 Entrepreneur Development training was conducted in Mount Pleasant to identify which entrepreneurs have the characteristic of an entrepreneur. Strength and weaknesses of each business owner was assessed to identify in which areas they still needed training and assistance in.</p>

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
		<p>At the end of the workshop the 25 participants were enabled to write their own business profile and knew which actions to take beyond the workshop. The same training was also conducted in Gansbaai.</p> <p>ii. EPWP</p> <p>a. EPWP Grant Funding Projects</p> <p>Grant funding received from the Department of Public Works to roll out EPWP projects in the financial year of 2014-2015 to the value of R1,76m. Further job opportunities were recorded from internal projects improving the municipality's performance in labour intensive initiatives. This has propelled the municipality to one of the best performing municipalities.</p> <p>Work opportunities 779 created from 29 projects</p> <p>b. EPWP Work Opportunities</p> <p>The municipality augmented its EPWP grant funding through its MIG funding to further deal a decisive blow to poverty and unemployment through using EPWP principles in its infrastructure projects. The total value of projects that were rolled out in the year 2014/2015 was to the tune of R21m.</p> <p>Symposiums</p> <p>A number of symposiums were organized to mobilize people interested in pursuing business initiatives and most importantly to provide information that will be useful to them to as they take crucial decisions with regards to their businesses. The following are some of the symposiums that were hosted by the Overstrand:</p> <p>a. SAWEN Consultative Forum</p> <p>Women from across the Overstrand converged in the auditorium to be addressed by SAWEN as well as other key speakers with regards to the business opportunities that exist for women and support mechanism that SAWEN provides to ensure they succeed.</p> <p>Female Entrepreneur Cocktail Evening –APRIL 2015</p> <p>On the 17 April 2015 the LED department hosted a Female Entrepreneur Cocktail evening. The event was well attended. The main objective was to bring female entrepreneurs together to network and to give them exposure to the different agencies that have a specific mandate to fund and support businesses owned by female entrepreneurs namely the National Empowerment fund, SEFA , SEDA, Clothing Bank, South African Women's Entrepreneur Network SAWEN an agency of the DTI and Learn to Earn.</p>

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
		<p>Women were also invited to exhibit their products at the event and inspirational business experiences were shared amongst the women from Hawston, Zwelihle, Kleinmond and Gansbaai.</p> <p>Success Story: Fikiswa Gwamesi – African Hair Design Fikiswa Gwamesi is the owner of African Hair Design a hair salon operating in Long street Hermanus. She received the NYDA Grant for the purchasing of furniture to the value off in October 2014. During June 2015 she also qualified for more furniture under the same grant. Fikiswa is also a social entrepreneur and is involved in various social upliftment activities in Zwelihle She is the co-owner of the Zwelihle Youth Café and has recently ventured into catering as well. Fikiswa states that the Women’s event has inspired her to take her businesses to the next level and that she is thankful for all the assistance provided to her through the LED department which has linked her to the services of NYDA.</p> <p><i>b. Department of Trade and Industry (DTI)</i></p> <p>An open day was hosted to afford business persons in the Overstrand to interact directly with DTI primarily around the Incentive Scheme programs. The meeting bridged the gap between DTI and local entrepreneurs and provided practical assistance to the challenges that they were faced with. It was through this interaction that DTI committed to support us in assisting at least 20 cooperatives to access the Cooperative Incentive Scheme (CIS) grant. Since this interaction 5 cooperatives have been assistance to apply and DTI has confirmed that they are following through with the process.</p> <p><i>Heritage Supplier Market day – September 2014</i></p> <p>On the 26 September 2014 a Heritage Supplier Market day was hosted by the LED department and the Department of Agriculture, Forestry & Fisheries at the Zwelihle Community hall. The objectives for the event was to celebrate heritage month while promoting entrepreneurship in the local communities, promoting locally produced products , linking service providers with potential clients, promotion of educational or historical values and cultural practices in the Overstrand and providing an opportunity for network. The event was attended by local crafters, caterers, artists and members of the community.</p> <p>v. Emerging Contractor Development and Service Provider</p>

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
		<p>Construction Industry Development Board provides guidance and assistance to the municipality with regards to the Implementation Strategy organized in partnership with National Public Works.</p> <p>This programme is to benefit local contractors and service providers increasing their chances of doing business with the municipality and further create job opportunities including participation of small businesses in the local economy.</p> <p>vi. Cooperatives Development Initiative</p> <p>Cooperatives are regarded as important to increase ownership percentage and participation in the running of the business by broadening ownership. Assistance for registration and access to incentives often come with challenges...</p> <p>Conflict Resolution & Management Training</p> <p>Co-operatives have a high failure rate due to the group dynamics and different approaches to handling conflict in their businesses. Conflict management workshops were conducted in Zwelihle, Gansbaai and Kleinmond during the month of April 2015. Many issues leading to conflict were identified by the communities and approaches were introduced on how to resolve issues.</p> <p>Success story: SEA HARVEST CO-OPERATIVE receives DTI Co-operative Incentive Grant</p> <p>Sea Harvest Co-operative is fishing co-operative from Mount Pleasant was registered by the LED department. After 4 years perseverance and diligence the group finally received the Co-operative Incentive Grant from the DTI to the value of R450000. The grant was used to purchase boats for the co-operative.</p> <p>viii. Entrepreneurship</p> <p>A focused number of entrepreneurs were identified for more focused and mentorship interventions and as a measure of assessing effectiveness of training programmes</p> <p>The introduction of entrepreneurship in schools is receiving the Department of Education's attention. A process was initiated and broad community participation will be followed to solicit community buy-in and ownership.</p>

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
		<p>Entrepreneurial week 3- 7 November 2015</p> <p>The LED department hosted an Entrepreneur week on the 3 -7 November 2015. The entrepreneurship week sought to increase entrepreneurial activity, celebrate and support entrepreneurs, spark dialogue between entrepreneurs, policy makers and service providers, aid entrepreneurs to gain access to services, support and opportunities. Different themed workshops were took place throughout the week</p> <p>Introduction to Business Retention and Expansion</p> <p>Recently many businesses have closed in town. The existing businesses are also not able to expand due to seasonality and other factors. On the 3 November 2015 a Business Retention and Expansion workshop was hosted in Gansbaai.</p> <p>The workshop also took place in Hermanus on the 6 November 2015.</p> <p><u>Tender training</u></p> <p>On the 4 November 2015 a tender training workshop was hosted in the Auditorium, Overstrand Municipality. The workshop was facilitated by Buyolo Business Advisory services Pty. The workshop was targeted at suppliers trading in various services specifically the local contractors.</p> <p>The workshop aimed at teaching entrepreneurs the do's and dont's of tendering and how to adhere to specifications as per the Supply Chain regulations. The Supply Chain department of the Overstrand municipality also made a presentation to explain to entrepreneurs what their requirements are when assessing a tender document submitted to them.</p> <p>This workshop gave the audience various tips and resource to increase their chances of success when submitting a tender application.</p> <p><u>Round table: Discussion access to funding</u></p> <p>Access to funding has been identified as the biggest challenge facing small businesses. This workshop took place on the 5 November 2015 and enabled local SMMEs to engage with the funders namely SEFA, IDC, DTI and DEDAT.</p> <p>Participants were taught about the common pitfalls of why many funding applications are not successful.</p>

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
		<p>At the end of the workshop participants networked and had a clearer understanding on who to contact and where funding could be accessed applicable to their particular business venture.</p> <p>Success story: Margaret Motsoene – Throneroom</p> <p>Margaret Motsoene, a local crafter and regular client of the LED was one of the entrepreneurs who exhibited during the Entrepreneur week. She also attended all the workshops hosted during the week. She found the Business Retention and Expansion workshop of particular importance. Her exhibition was noticed by the mayor and other attendees.</p> <p>The following Monday Margaret came to the LED OFFICE determined to apply principles and theory that she gained from the Business Retention and Expansion workshop. She and the LED officer set out an action plan committed to better marketing and identifying places and clients to display her products to attract new clients and give general exposure to her business. She has displayed her exhibition at the Heritage Supplier Market day, Entrepreneur week and Female Entrepreneur Cocktail event. Her last display at the Women’s Entrepreneur Cocktail evening was noticed and she was nominated for the prestigious Lilizela Tourism awards in the category of roots and tradition.</p> <p>Upon the advice of the LED officer she has also approached local hotels and tourism resorts and leisure activity businesses for eg shark cage diving to ask whether she may display her products at their premises. This has increased her sales and she intends to train youth and women from Zwelihle at the school how to produce herbal soaps and crafts form recycled materials, paper, wire etc to keep up with the demand of her customers which now included local hotels, guesthouses and individuals.</p> <p>Margaret Motsoene is also a good example of crafter who is incorporating an element of sustainability in the production of her products. She believes in recycle, reuse and reducing wastage and damage to the environment.</p>

Chapter 3: Service Delivery Performance

Directorate/ Functional area	Sub Directorate	Highlights
		<p><i>Youth Entrepreneurship Development.</i></p> <p>The LED department and Harambee Youth Accelerator and National Youth development conducted an outreach in the Masakhane and Blompark communities in Gansbaai on the 3 November 2014.</p> <p>Harambee Youth Employment Accelerator is an NGO that seeks to match youth from the Overstrand with entry level job opportunities in Cape Town from various employers.</p> <p>A youth development workshop was also hosted on the 6 November 2015. The purpose of the workshop sought to give the youth exposure to extra services of the NYDA and how to apply for their grants programme and the NYDA Second Chance Initiative that gives matriculants who have failed their matric an opportunity to rewrite their matric exams.</p> <p><i>Round table: "Discussion on LED governance and an Open discussion with the business community."</i></p> <p>Mr Michael Lutzeyer, CEO of Grootbos was the guest motivational speaker to the small business and dealt with how to market their businesses more effectively on internet and social media platforms.</p> <p>He emphasized the importance of the municipality and the business community fostering a closer relationship and that both should partner in uplifting the disadvantaged communities.</p> <p>The SMMES were inspired and gained insight into better, cost effective ways of marketing their businesses.</p> <p><i>ix. Overstrand Bakery Initiative</i></p> <p>An initiative by a group of local women who were provided with necessary skills and support through a local NGO (Learn to Earn). Their products were taken through a market test and received positive feedback. They will continue to operate as a co-operative going further.</p> <p><i>x. Youth Conference</i></p> <p>A total of 134 young people attended the youth focus day which was organized to give the youth an opportunity to gain access to information and people who can help in assisting them to realize their dreams. Amongst the speakers were the Executive Mayor and the Director Economic Development including other relevant people</p>

The Operational Key Performance Indicators for Community Services are aligned to the following National Key Performance Areas, Municipal Key Performance Areas and the IDP Strategic Objectives:

National Key Performance Area	Municipal Key Performance Area	IDP Strategic Objectives
Good Governance and Public Participation	Good governance	Encouragement of structured community participation in the affairs of the municipality
Municipal Financial Viability and Management	Optimisation of financial resources	Provision of democratic, accountable and ethical governance
Municipal Transformation and Institutional Development	Good governance	Provision of democratic, accountable and ethical governance
Basic Service Delivery	Basic Service Delivery	Provision and maintenance of municipal services
Local Economic Development	Social upliftment and Economic Development	Promotion of tourism, economic and social development Creation and maintenance of a safe and healthy environment

Table 83.: Functional alignment – Community Services

Chapter 3: Service Delivery Performance

3.3 COMPONENT A: BASIC SERVICES

This component includes basic service delivery highlights and challenges, includes details of services provided for water, waste water (sanitation), electricity, waste management, housing services and a summary of free basic services.

3.3.1 Water Provision

a) Introduction to Water Provision

Overstrand Municipality has 8 water schemes, providing water to more than 80 000 residents. Water sources include rivers, dams, boreholes, springs, and fountains. All residents have access to at least a basic water supply service. The top priorities are to develop sufficient sources, adequate treatment capacity, as well as bulk and reticulation system capacity to address the housing backlog and to provide for growth and development in the foreseeable future.

In order to counter the possible effects of climate change and future dry periods, a strategy of diversifying water resources between surface water, groundwater, and eventually waste water re-use and seawater desalination was embarked upon.

The main projects for 2014/15 included the completion of the upgrading of the Baardskeedersbos Water Treatment Plant, which included the development of two new boreholes, as well as the construction of a new ultrafiltration treatment plant for iron and manganese removal from groundwater; continuation of a major water pipe replacement project covering most of the Overstrand areas; and additions to the telemetry systems. A household water leak repairs project at indigent households was continued, as well as the replacement of ageing domestic water meters.

Construction of Baardskeedersbos WTW

A water demand management strategy is in place as part of the municipality's Turn Around Strategy, with the focus to decrease water losses. Overstrand Municipality obtained Blue Drop status in 2010/11 by receiving 3 Blue Drops. This figure increased to 5 Blue Drops out of a potential 8 in 2011/12. The municipality's overall Blue Drop score was 96.82%, putting it in 12th position nationally. The next Blue Drop assessment was carried out by the Department of Water and Sanitation during the first half of 2014, but the results have not been released by DWS to date.

Chapter 3: Service Delivery Performance

b) Highlights: Water Services

Highlights	Description
Biological Water Treatment Plant at Preekstoel, Hermanus	The new biological water treatment plant at Preekstoel, Hermanus, was the winner of the 2014 Award for Excellence in Municipal Engineering: Water & Waste Water Category by the Institute of Municipal Engineering of SA. The plant is the first full scale plant of its kind in South Africa.
Water Pipe Replacement	The next phase of the replacement of ageing water pipes across the Overstrand area continued.
Baardskeerdersbos Water Treatment Plant	A new water treatment plant and borehole development was completed at Baardskeerdersbos, and substantially improved the drinking water quality provided to the community.
Water meter replacement programme	1851 water meters were replaced.
Leak repairs at indigent households	1587 domestic leaks were repaired at indigent households.

Table 87.: Water Services Highlights

c) Challenges: Water Services

Description	Actions to address
Continue to reduce the relatively high water losses in areas (the trend is decreasing)	Continues with water pipe replacement, leak repairs, pressure management, water meter replacement, and public awareness.
Climate change	Public awareness on water issues. Further development of groundwater sources. Diversifying water resources with planned Theewaterskloof Dam scheme, waste water reclamation plant, and eventually seawater desalination.
Lack of suitably qualified technical staff	On-going training of staff. Implementation of Council's MSA Section 78 decision on the water services delivery mechanism is in process.
Ageing infrastructure	Increase maintenance budget and enhance asset replacement programmes (capital budget). Section 78(2) implementation.

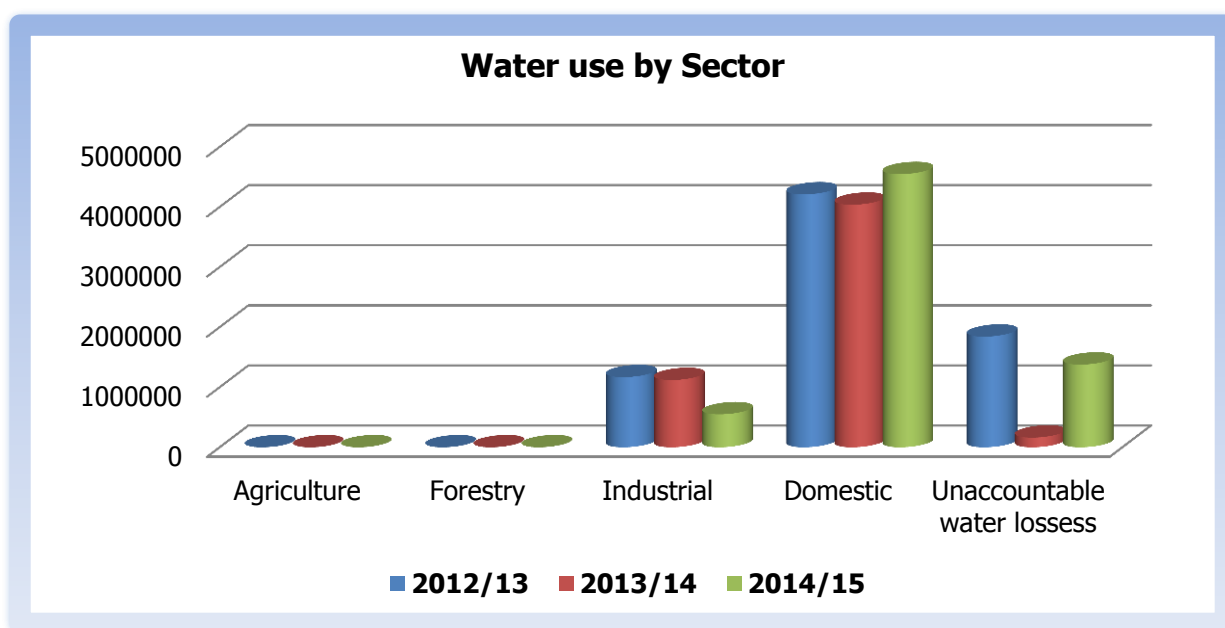

Table 88.: Water Services Challenges

Total Use of Water by Sector (cubic meters)					
Year	Agriculture	Forestry	Industrial	Domestic	Un accountable water losses
2011/12	0	0	1 120 359	4 040 527	1 858 105
2012/13	0	0	1 167 319	4 209 885	1 842 214
2013/14	0	0	1 119 546	4 037 849	1 619 350
2014/15	0	0	549 104	4 546 799	1 376 842

Chapter 3: Service Delivery Performance

Total Use of Water by Sector (cubic meters)					
Year	Agriculture	Forestry	Industrial	Domestic	Un accountable water losses
<p><i>The above figures for "Industrial" include commercial, industrial, and "other", being all non-domestic consumption. It is clear that water losses decreased significantly as a result of the water demand management program. The overall water demand also decreased as a result of water demand management and good co-operation from the public.</i></p>

Table 94.: Capital Expenditure 2014/15: Water Services

99% of the capital budget for Water for 2014/15 was spent.

3.3.2 Waste water (sanitation) provision

a) Introduction to Sanitation Provision

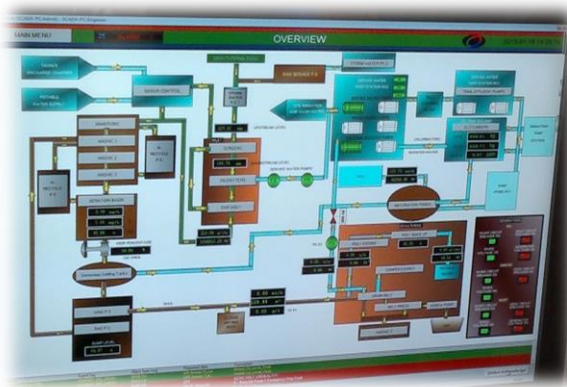

Overstrand Municipality has 5 waste water schemes. All residents have access to at least a basic sanitation service.

The main challenges are to:

Provide sufficient waste water treatment capacity as well as bulk and reticulation system capacity in all the schemes to be able to accommodate future growth and development and the planned new low cost housing projects;

- extend the waterborne sewer networks in the different towns; and
- eliminate the tanker truck service over time.

Chapter 3: Service Delivery Performance

Hermanus Waste Water Treatment Works (WWTW) Telemetry monitoring system

Overstrand Municipality achieved 4 Green Drop compliant scores: Hermanus WWTW, Hawston WWTW, Stanford WWTW, and Gansbaai WWTW. The municipality's last overall Green Drop score was 89.13%, a slight improvement from the previous 88%.

b) Highlights: Waste Water (Sanitation) Provision

Highlights	Description
Green Drop status for the Greater Hermanus, Greater Gansbaai, Stanford, and Hawston schemes	The WWTW's mentioned all scored above 90% in the previous Green Drop audit, giving it Green Drop status.
Hermanus sewerage pump stations upgrade	An environmental impact assessment was initiated for the upgrading of various ageing pump stations in the Hermanus area. Construction to commence in 2015/16.
The next phase of the sewer network extension at Stanford was completed.	The next phase of extending the sewer main pipelines was completed at Stanford.
Upgrade of the Kidbrooke sewer pipeline 1 st phase, Hermanus	The first phase of the upgrade of the Kidbrooke sewer pipeline was completed. An environmental impact assessment is in progress for the remainder of the pipeline.
Eluxolweni WWTW construction	Commenced with construction of the new Eluxolweni WWTW at the Pearly Beach low cost housing scheme.

Table 95.: Waste Water (Sanitation) Provision Highlights

c) Challenges: Waste Water (Sanitation) Provision

Description	Actions to address
Provision of adequate treatment capacity in all areas	Upgrade of waste water treatment works when required
Extension of waterborne sewer networks	Elimination of septic tanks by laying new sewer pipe networks and connecting properties to it. Ensure provision of sewer networks for new developments.

Chapter 3: Service Delivery Performance

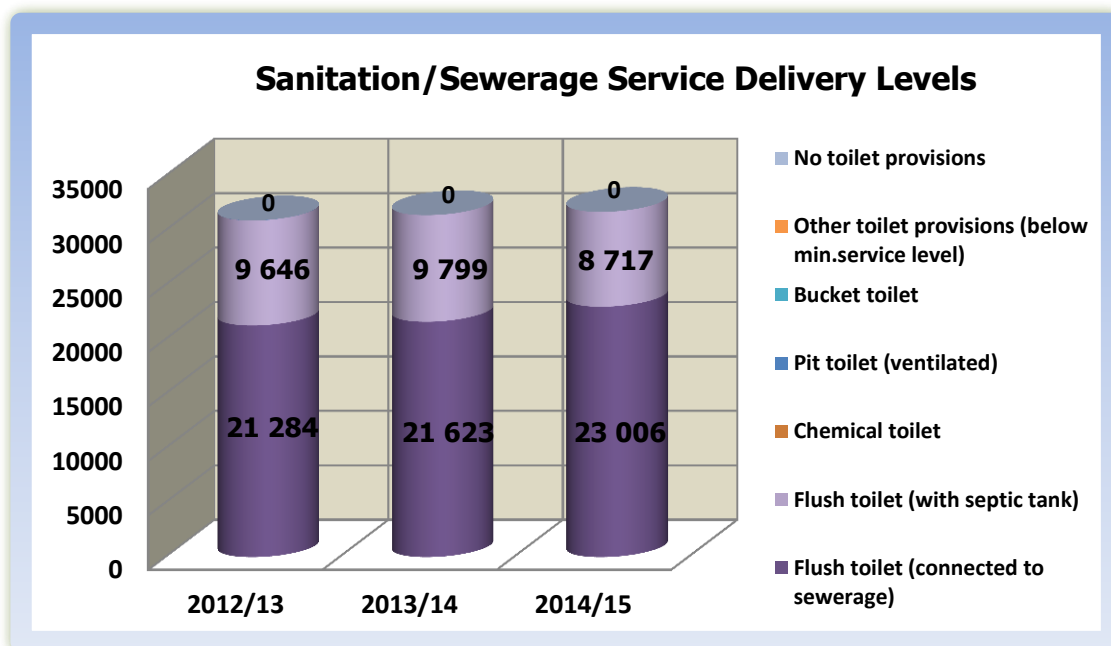

Description	Actions to address
Sludge handling according to legislation	Disposal of dried waste sludge in the most efficient way remains a challenge.
Extension of basic services	Improvement of ratio of sanitation facilities to households in informal settlements
Lack of suitably qualified personnel	Training of staff. Implementation of Council's MSA Section 78(2) decision on water services delivery mechanisms was commenced.
Lack of knowledge of sewer systems by consumers	Public awareness and training
Ageing infrastructure / lack of maintenance funds	Increased maintenance budget as well as capital for replacement of old infrastructure
Stormwater infiltration into sewer networks	Public awareness and law enforcement
High number of blockages	Repair/replace sections of pipelines and increase public awareness/education on sewerage systems.
Conservancy tanker service	Additional tankers and the replacement of ageing tankers required

3.3.2 Electricity

a) Introduction to Electricity

344 New prepaid electricity meters were installed throughout Overstrand in 2014/15

Overstrand Municipality is committed to quality service delivery to the residents of Overstrand and to the expansion of services to those who never previously had access to these. A sustainable supply of sufficient electricity and energy is vital for the growth and development of Overstrand.

Electricity Reticulation is a Local Government Competence in terms of the Constitution and forms the highest earner of revenue within municipalities. Electricity is also the best tool available to control revenue within the municipality. Eskom's 10% required savings however has a negative impact on revenue.

The Municipality is licensed to sell electricity to customers in its designated area of supply.

In this regard, the Municipality has the following responsibilities:

Chapter 3: Service Delivery Performance

- Preparing a sustainable business for the future through the promotion of alternative energy sources.
- Planning, designing and operating its network
- Proper metering and recording of customers
- Maintaining an acceptable standard of electricity supply to all customers.

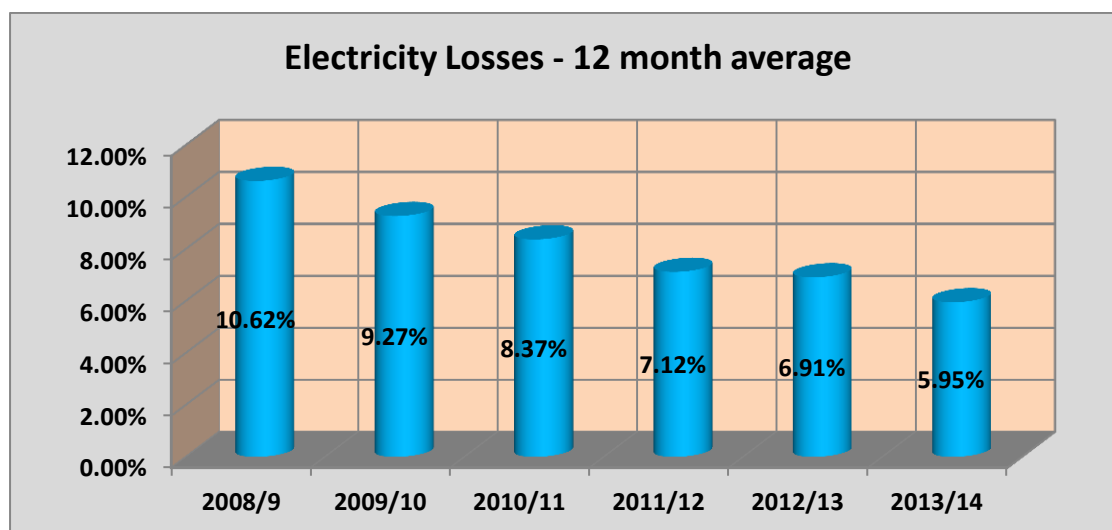

The Municipality is tasked with the provision of a safe and reliable electricity supply to all customers in accordance with its legislated mandate and the relevant national standards and, as such, there is no high or low standard of supply.

The Department has accelerated its provision of electricity to informal homes. The Construction of a new 66kV substation, the Walker Bay Substation, was completed. This substation is to supply the industrial section as well as the Zwelihle area.

Consultants were appointed to update the master plan and previous status report on the electricity infrastructure in the Overstrand area, as well as to verify the correctness and completeness of data on the GIS platform. This updated master plan report must be read in conjunction with the drawings and other information available on the GIS database. The existing electrical infrastructure for all Overstrand areas is shown on the layout drawings as available on the GIS platform.

b) Electricity Losses

The electricity losses were determined at 5.77% for the 2014/15 financial year as opposed to the 5.95% in the preceding 2013/14 financial year. Technical losses are calculated at $\pm 4.9\%$. In terms of the average electricity losses of 14.5% within South Africa based upon Electricity Distribution entities, this is considered an excellent achievement. A target of 8.5% has been set for the next financial year.

Chapter 3: Service Delivery Performance

c) Highlights: Electricity

Highlights	Description
<p>Franskraal, Kleinbaai & Birkenhead: MV/LV and Minisub upgrade</p> <p>Gansbaai: Minisub and MV/LV upgrade</p> <p>Blompark: Low Voltage upgrade</p> <p>Stanford: MV upgrade</p>	<p>A R 7.85 million project was launched to do upgrading on MV and LV electrical networks in Franskraal, Kleinbaai, Birkenhead, Gansbaai, Blompark and Stanford. The project will be completed at end August 2015.</p>
<p>Electrification of low cost housing areas (INEP)</p>	<p>Planning and tendering had been completed to spend grant funds in order to electrify 600 informal units within Zwelihle.</p> <p>The electrification of 152 informal households in Thambo Square were completed in March 2015 at a cost of R 1 315 585.00.</p> <p>A R 2 500 000.00 project was launched to electrify 379 informal households in Overhills in Kleinmond. The project is well on track and will be completed at end July 2015.</p>
<p>Hermanus: Main Str to Royal 2nd supply feeder</p> <p>Hermanus: LV Upgrade/ Replacement</p> <p>Kleinmond: MV & LV network upgrade</p> <p>Hawston: LV Upgrade/ Replacement</p>	<p>A R 5.611 million project was launched to do MV and LV electrical network upgrading in Hermanus, Hawston and Kleinmond. The project will be completed at end August 2015.</p>

Table 101.: Electricity Highlights

d) Challenges: Electricity

Description	Actions to address
<p>Electrification of Informal Settlements</p>	<p>Funds are being sought to electrify approximately 6260 units</p>
<p>ESKOM's limited capacity and curbing excessive electricity consumption</p>	<p>South Africa has a shortage of electricity generation, which places an onus on all municipalities to reduce electricity consumption by 10%. Unless existing consumers reduce electricity consumption by 10%, it would be very difficult to connect any new customers. Overstrand Municipality launched a project to curb electricity peak consumption by installing hot water cylinder control units. The installation project is close to completion.</p>
<p>Theft of electricity (tampering), cables and vandalism</p>	<p>Theft and vandalism is a growing concern that amounts to great unforeseen expenses. It amounts to power outages and loss of income. Overstrand Municipality works with SAPS and local law enforcement agencies to address this problem. It is however a nation-wide concern that is somewhat uncontrollable.</p>

3.3.4 Waste management (Refuse collections, waste disposal, street cleaning and recycling)

a) Introduction to Waste Management

Overstrand Municipality is delivering a first world solid waste service to the residents of Overstrand and all residents are receiving the service at least once a week. A two bag system is applied, i.e. a black bag for wet waste and a clear bag for recycling. Overstrand Municipality has two material recovery facilities, one in Hermanus and the other one in Gansbaai which is operated by private contractors on behalf of Overstrand Municipality. An agreement with the Overberg

Chapter 3: Service Delivery Performance

District Municipality has been reached to lease the operational area of Karwyderskraal to build a new cell for the Overstrand Municipalities account and to operate the cell as long as its life span last. The cell was buildt in this financial book year and is in operation from 1 st of April 2015. The informal areas are serviced with swing bins and mini disposal sites for the residents to dispose of their refuse. In the disadvantaged areas private contractors are deployed for area and road cleaning. The criteria are that the contractor must stay in the area and is only allowed to employ unemployed people from that area. Although their main purpose is cleaning, they must also do awareness about cleanliness. The three service priorities are to provide a service that is affordable, effective and efficient to the residents.

Table 113.: Capital Expenditure 2014/15 Solid waste services

Capital expenditure on waste management

The building of a new cell at Karwyderskraal was done in this financial year. An Agreement with Overberg District Municipality made it possible for Overstrand Municipality to build a cell at Karwyderskraal Landfill for our account and to operate it till the cell reached its capacity.

Waste management provides a good and effective refuse removal service and is coping well with the high season (peak) periods. All Overstrand's solid waste facilities have been issued with permits. Overstrand Municipality provides transfer stations and drop off facilities and weekend drop off

Chapter 3: Service Delivery Performance

facilities for the convenience of the community. The municipality has through the years committed themselves to not only the delivery of collection and disposal service for all its residents, but also to Best Environmental Practice. The municipality is also regarded as being on the forefront of waste recovery in South Africa, by means of source separation and separate collection and continues to improve and expand on the current situation.

New cell at Karwyderskraal landfill opened, April 2015

3.3.5 Housing

a) Introduction to Housing

The Overstrand Municipality has over the last few years had its portion of in-migration of people, which is a function of the urbanization process. As a result of this in-migration a backlog developed in the provision of housing accommodation. It manifests in the growth in the number of backyard dwellers and in informal settlements that are scattered over the entire municipal area.

To address this problem, a comprehensive strategy has been developed and is in the process of being implemented. An 8-year program of development has been compiled, which addresses this backlog and identifies projects in each area where the need exists for development. The approach has the following main objectives:

- Firstly to provide basic services in the form of rudimentary services in those areas where it is most needed, namely the informal settlements. This objective has been fully met and the national standard of one tap for every 25 families and one toilet for every 5 families has been achieved.

Chapter 3: Service Delivery Performance

- Secondly, the upgrading of informal settlements has been made a priority in the 8-year housing program. The first informal settle to be completely redeveloped was completed during the 2013/14 financial year. Application for funding has been lodged with the Provincial Department of Human Settlements and approval has been received for the development of the informal settlements in Zwelihle.

The planning for the first phase of the Zwelihle informal settlements (Mandela Square/Garden Site) has been completed by the end of May 2013 and all planning and funding approvals were obtained during the 2013/14 financial year. The project consists of 141 serviced sites, of which the first 58 on Garden Site has been completed during the 2014/15 financial year. The remainder will follow in the 2015/16 financial year. The second phase of upgrading has been fully approved by the Municipality and the Department of Human Settlements during 2014/15 and development will commence during 2015/16. This consists of 132 serviced sites on Swartdamweg and 164 serviced sites on the Admin Site on Still Street. Construction of services commenced during July 2015 and will be completed by end March 2016.

Planning for the upgrading of the informal settlements Masakhane and Beverley Hills in Gansbaai has also commenced in the 2012/13 financial year after conditional approval has been received from the Provincial department.

- Thirdly, the development of communities through the Integrated Residential Development Program (IRDP and GAP program) has been addressed in the 8-year program in order to reduce the housing waiting list as far as possible. During the 2011/12 financial year two projects were delivered, namely 410 units in Kleinmond and 13

in Betty's Bay. Application for funding for all the areas with people on the waiting list has been lodged with Province and once approval is received, the availability of funding will dictate the tempo of delivery. During the 2012/13 financial year planning approval has been received for the following projects: Hawston, Blompark and Mt Pleasant, and planning for the projects are all under way. The Mt Pleasant planning went particularly well and all planning approvals have been obtained during the 2013/14 financial year. Development of 194 serviced sites commenced during the 2014/15 financial year and all these erven was completed by the end of the financial year. Furthermore funding has been approved for the delivery of 392 erven of the Swartdamweg

Mount Pleasant Housing development

Chapter 3: Service Delivery Performance

project, which was 90% completed by the end of the 2014/15 financial year. 150 of these erven is destined to become available in the GAP market. The Gansbaai GAP project of 155 units was also approved during the 2013/14 financial year. The services have been installed and completed by the end of the 2014/15 financial year.

Construction at the Swartdam Road

Gansbaai GAP Project

All in all, the 8-year program will affect the lives of the 6 000 odd families in need of basic services and housing in the municipal area in order to give them a much better quality of life.

The Municipality finalised the acquisition of 28 ha of land in Stanford in the 2012/13 financial year in order to house people on the waiting list. Planning of this land commenced during the 2013/14 financial year and is currently ongoing.

2012/13	6 402	4.06% increase
2013/14	6 719	4.79% increase
2014/15	6 807	1.30% increase

Table 117.: *Housing waiting list*

3.3.6 Free Basic Services and Indigent Support

a) Introduction

The free basic services were funded from the "equitable share" grant received from National Treasury plus an amount from the municipality's own income as budgeted for in the financial year under review.

The criteria for an Indigent Household was extended as follows:

- Indigent households with a property value greater than R220 000
- Indigent households with a property value less than R220 000
- Poor households

All water leaks on the consumer side of indigent households were repaired at no cost to the household by the municipality. Great savings on water losses were affected by these actions.

Pre-paid electricity and water flow limited meters were installed in all indigent households at no cost to the consumer.

The Indigent basket indication for 2013/14 was R539.95 and for 2014/15 R571.06

The following table indicates the percentage of indigent households that have access to free basic municipal services. In accordance with the approved indigent policy of the municipality, all

Chapter 3: Service Delivery Performance

households earning less than **R5 401.00** per month will receive the free basic services as prescribed by national policy.

The table below indicates that **20.56 %** of the total number of households received free basic services in 2013/14 financial year whilst it increased to **21.46%** in the 2014/15 financial year:

Financial year	Number of households

3.4 COMPONENT B: ROAD TRANSPORT

3.4.1 Roads

a) Introduction to Roads

UPGRADING OF ROADS- ZWELIHLE- SOUTH OF BERGSIGSTREET & UPGRADING OF LANDA ROAD

The gravel roads of Zwelihle were in poor condition while the surfaced roads' condition varied between poor to fair. A large portion of the surfaced roads had no kerbs or edgings and contained edge breaks which reduced the surface width of the roads. The gravel roads were generally in poor condition due to insufficient and silted up storm water drainage systems. The insufficient stormwater infrastructure leads to standing water and muddy conditions on the roads during the rainy season. The gravel roads needed continuous maintenance to keep it in decent operational condition. The streets had no kerbs leading to edge breaks and had the consequence that vehicles encroached onto pedestrian areas, which make it very unsafe for them. These roads and the stormwater infrastructure have been upgraded and kerbs were installed during the 2013/2014 and 2014/2015 financial years. 3.15km of roads in Zwelihle have been upgraded.

*Roads
upgraded,
Zwelihle*

MAINTENANCE

The implementation of the Overstrand's pavement management programme continued. Scheduled repair of potholes in all areas, as well as attending to ad-hoc complaints are conducted by municipal teams with the assistance of a private contractor. The results of the re-assessment of the condition of all surfaced roads will be available in the revised PMS report, during the first half of

Chapter 3: Service Delivery Performance

2015/16. The majority (45%) of resealing was completed in the Gansbaai/Stanford area due to the rapid deterioration of sandseal roads. Hermanus accounted for 33% and Kleinmond for 22% of the total roads resealed.

Roads maintained

b) Highlights: Roads

Highlights	Description
Upgrading of Roads in Zwelihle	The upgrading of roads in Zwelihle has been successfully completed.
Reseal/rehabilitation programme	The length of roads resealed during 2014/15 increased by 4.8 km compared to the length of roads resealed in 2013/14

Table 124.: Roads Highlights

c) Challenges: Roads

Description	Actions to address
Lack of sufficient funding to reduce backlogs	Increase reseal operational funding
Regular price increases of bitumen products	Beyond municipality's control
Deterioration of gravel roads	Provision of storm water infrastructure

Table 125.: Roads Challenges

3.4.2 Waste water (Storm water drainage)

a) Introduction to Storm water Drainage

Various storm water plans has been compiled amongst others, were the Hermanus CBD Stormwater management plan and Industrial Area. The occurrence of flooding was again experienced during the rainy season.

The storm water flooding has further been caused due to insufficient storm water systems in the Overstrand Area and LED to damages of residential and business property damages.

b) Highlights: Waste Water (Storm water Drainage)

Highlights	Description
Compilation of storm water master plans	To identify storm water problems areas

Table 132.: Waste Water (Storm water drainage) Highlights

c) Challenges: Waste Water (Storm water Drainage)

Description	Actions to address
Backlog in infrastructure provision	Provision to be made on the capital budget for storm water projects
Damage and flooding of infrastructure and properties	Provide storm water infrastructure, worst affected areas being Betty's Bay, Pringle Bay, Franskraal, Hermanus CBD & Industrial areas
More frequent and high intensity storms	Early warning alerts

Table 133.: Waste Water (Storm water drainage) Challenges

The table below shows the total kilometers of storm water maintained and upgraded as well as the kilometers of new storm water pipes installed:

Chapter 3: Service Delivery Performance

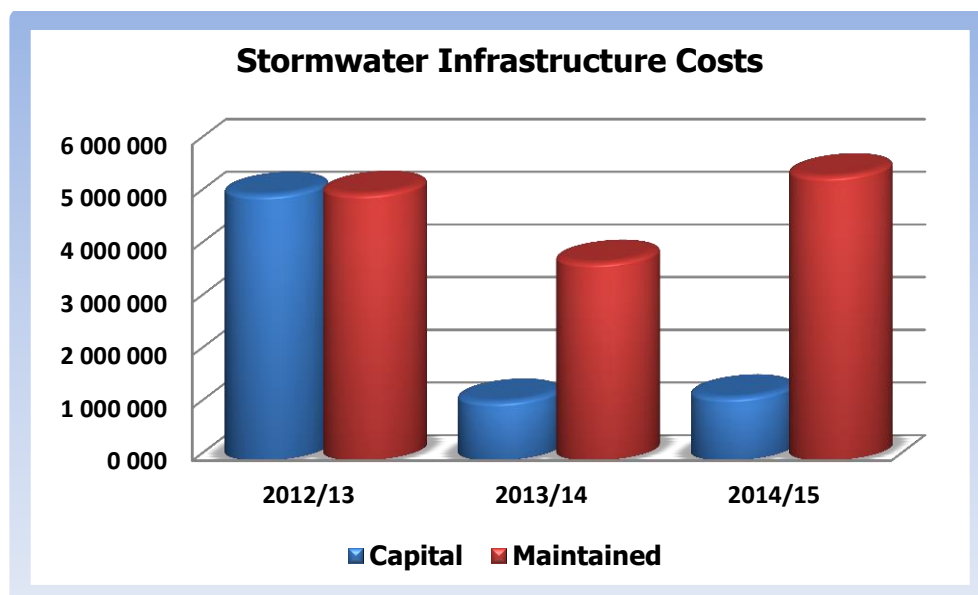

Storm water Infrastructure: Kilometres

Chapter 3: Service Delivery Performance

3.5.2 Local Economic Development (Including Tourism and Market places)

a) Highlights: LED

The following performance highlights with regard to the implementation of the LED strategy are:

Highlights	Description
Township Development and creation of economic spaces	Integrating transport and economic nodes aimed at beautification of townships to encourage and promote private investment.
Sector support and development	Identify constraints and support programmes to promote key economic sectors such as aquaculture, tourism and agriculture.
Enterprise development and promotion of locally based economic initiatives	Provide training and support / access to resources and livelihoods to strengthen capacity for business improvement. Monitor sector performance and introduce intervention programmes.
Position of the Overstrand through marketing and branding	Positioning the Overstrand as a destination of choice, exposing the brand at local and international shows/exhibitions. Overstrand Municipality is host to a vibrant tourism centre in the area, experiencing rapid growth in key industries contributing to tourism. Marketing and branding initiatives included exhibits in the following exhibitions: Cape Argus Expo, Cape Getaway Show, JHB Getaway, Indaba and Beeld Holiday Show.
Information, support and mentoring	Collaborate with other spheres of government, developmental agencies and NGO's in supporting and maintaining local initiatives to grow. Access to funding and other relevant services direct to SMME's. Linkages between the first and second economy. Mentoring for crafters at the Red Shed, including business and product development with an eventual exit strategy

Chapter 3: Service Delivery Performance

Highlights	Description
	4 Tourism interns as a support to the LTOs while allowing them to get on the job training in tourism
Informal Sector Development	Supporting the sector, making doing business easy with reduced red tape and provision of trading spaces and infrastructure. Crafters to Design Indaba – to encourage product development and relationship with the CCDI

Table 144.: LED Highlights

b) Challenges: LED

The following challenges with regard to the implementation of the LED strategy are:

Description	Actions to address challenges
High level of unemployment and poverty	Implement municipal capital projects through EPWP principles and facilitate an environment that will attract sectors with high value and support industries that yield employment opportunities and are prevalent in the area.
Co-operation with the private sector	Introduce activities that build co-operation with the private sector – clarify roles and responsibilities including implementation of joint projects aimed at improving the local economy. Introduce participatory tools such as PACA to instil ownership. Private sector engagement has begun with HOT in Hermanus - joint branding and the leveraging of the Whale Crier at Indaba 2015
Seasonality	Vigorous marketing campaign as a destination of all seasons. Encourage on all year round programmes for festivals and events. Encourage “buy local” campaigns and better business management strategies to cushion businesses from impact of seasonality.
Low skill base, brain drain and inequality	Implement joint programmes with other spheres of government and NGO’s focussing on skills development, learnerships and promotion of early childhood development.
Skewed gini-co-efficiency [the gap between the rich and the poor]	Work with the private sector and other spheres of government to improve income levels through quality jobs, education and entrepreneurship.
Restrictive environmental considerations	Co-operation between the municipality, responsible government department and the community and introduction of appropriate planning methods with improved responses.
Inward focus economy attracting few provincial and national focus enterprises	Conducive business environment taking into consideration business needs – effective and efficient systems to do business in the area. Improve business attraction strategies.

Chapter 3: Service Delivery Performance

Description	Actions to address challenges
Financial and investment support programmes	Understanding the eco-system of entrepreneurs and financiers to better understand the types of companies suited for the area and which are not. Tapping into government development incentives.
Exporting	Investigate and apply for consideration as an [SEZ] Special Economic Zone to boost export potential. Need to expand export potential.
The changing nature of the way the tourist travels	Working with the bureaus to address lower booking numbers resulting in less commission. Engaging with private sector on collaborations in order to leverage on their budgets/ experience
Lack of Transformation in Tourism Business Ownership/opportunities	Access training and opportunities for the previously disadvantaged communities Working with Provincial and National roleplayers to help with the keys to Transformation Many of businesses family owned, so have to find ways to upskill in order to increase employability

Table 145.: Challenges LED

c) LED Strategy

The Overstrand municipality has a formidable and credible LED Strategy which was up for review in the 2014/15 financial year. It is a strategy that economic development considerations and approaches including interventions such as the following:

Strategic areas	Description
Infrastructure development	Good and efficient infrastructure facilitates a seamless approach to economic growth. It also promotes, encourages and attracts private and community investment. The Overstrand Municipality has amongst other good quality water, roads infrastructure with kilometres of tarred roads and excellent service delivery
Marketing	Marketing and branding of the Cape Whale Coast as a destination of choice is key to economic development in the area. <ul style="list-style-type: none"> ▪ Increasing the level of awareness of Overstrand in international and local markets through the Cape Whale Coast brand, ▪ Promoting an environmentally responsible tourism industry that will benefit the whole community ▪ Increase tourism spend and length of stay ▪ Increase visitor numbers outside of peak season ▪ Support sustainable and economically viable festivals
Enabling business environment	Small to medium enterprises constitute a large percentage of businesses in the Overstrand; therefore, the municipality has to always ensure that an enabling environment is created for businesses to prosper. Efficient and affordable destination to set-up a business, setting up friendly legislation with less red tape, approval of town planning applications timeously and providing support and training for new entrants. Red Tape Identification Workshop – 19 November 2015

Chapter 3: Service Delivery Performance

Strategic areas	Description
	<p>Red tape is defined as rules, regulations and systems and bureaucratic procedures and processes which impose unnecessary delays and costs which exceeds the benefits and purpose for which they were originally created.</p> <p>A Red tape reduction survey was conducted with the 36 informal face to face interviews and formal businesses. A total of 306 reponses was received from the online survey sent to formal businesses.</p> <p>Red Tape Action Plan Workshop – February 2015</p> <p>This workshop sought to inform the various departments from the municipality about the Red tape reduction process and what issues were identified by the community in hindering their business activities.</p> <p>The final action plan will be implemented across the departments, championed by the LED department.</p>
Resource and asset management	The Overstrand Municipality has a vast resource of natural resources, heritage and beautiful landscapes. To ensure sustainability, management of these resources and assets is prioritised for long-term investment and realization of the municipal competitive advantage is achieved.
Economies of the poor	Integrating economies of the poor within the main economic hub to ensure participation and shared growth. Ensure availability of developmental services and access to infrastructure and facility that promotes trade. Township development activities aimed at promoting investment, transport hub including informal trading and beautification of townships. Implement pro-poor tourism strategies. Support the informal economy and promote social capital.
Human resource development	Addressing skills shortage to bolster economic growth, ensuring availability of important services. Skills training aimed at meeting market demands for long term sustainable human development. Skills development initiatives conducted in partnership with NGO's and other public bodies.

Table 146.: LED Strategic areas

Note: Economic data for the 2013/14 and 2014/15 years are not available at the time of compiling this report – therefore the report can only re-state the 2012/13 figures.

The table below identifies the economic activity within the different sectors:

Sector	2011/12 (R)	2012/13
Agriculture, forestry and fishing	101.0	4%
Mining and quarrying	0.4	0%
Manufacturing	426.0	16%
Wholesale and retail trade	366.6	17%
Finance, property, etc.	793.7	31%
Community and social services	108.8	4%
Infrastructure services	7.3	9%

Table 147.: Economic Activity by Sector

Chapter 3: Service Delivery Performance

Economic Employment by Sector		
Sector	2010/11	2011/12
	No.	No.
Agriculture, forestry and fishing	(3 005)	(3 005)
Mining and quarrying	(8)	(8)
Manufacturing	572	572
Wholesale and retail trade	479	479
Finance, property, etc.	2 380	2 380
Government, community and social services	996	996
Infrastructure services	321	321
Total	1 735	1 735

Note: Information for 2013/14 and 2014/15 not available, therefor the 2011/12 figures are restated

Table 148.: Economic Employment by Sector

The Overstrand has the strongest economic growth in the region, it accounts for about 46% of the employment creation in the region. It has the most vibrant sub-regional economy, albeit only marginally so compared with the other municipalities. The financial and business services are the leading growth sector and provide more job opportunities.

d) Tourism

The global economy improved in 2013 with a 3, 1% increase from 2, 0% in 2012, a gain that contributed to the increase in foreign tourism in SA. The high infrastructure investment in the Overstrand is matched by high growth rate. Tourism related sectors are the fastest growing sectors confirming tourism as a key economic driver in the municipality.

The municipality had the fastest growing economy in the region [growing by 6.8% per annum], if with the neighbouring municipality [Theewaterskloof] have the largest municipal economies and combined accounted close to 70% of the region-wide GDP. In order to drive economic growth, sustain job creation and minimize seasonality, more attention and investment should be given to improve domestic and business tourism.

Chapter 3: Service Delivery Performance

Developing a calendar of events and festivals spread throughout the year to address seasonality and continue with the vibrant economy is one of the key strategies to promote tourism. Marketing the Overstrand as a destination can help spread economic benefits throughout the towns and ensure continued visit to the municipality. Forging effective partnerships with many different industry players will contribute to the success of marketing the Overstrand as a destination.

Overstrand is host to a vibrant tourism centre in the District which has contributed significantly to the relatively stronger economic growth in the municipality.

Safe to say; given the diverse economic sectors and their resilience to economic meltdown it is noted that growth is likely to remain under pressure during this year due to sustained weaknesses in the global economy. Finance, insurance, real estate and business services sector is the largest and fastest growing sector in the municipality and due to its broadness it contributed to growth during the economic recovery.

Tourism continues to be the key economic driver within the Overstrand and with provincial government deciding to focus on Tourism as the number one industry for job creation. We are ideally situated to leverage on the strategies and plans that are being implemented through their Project Khulisa.

The Overstrand with its emphasis on responsible tourism, has a basket of products that perfectly align themselves to the 3 niche markets that Wesgro will emphasize in its marketing; Cycling, Food & Wine, and Culture & Heritage.

As a vibrant tourism centre in the District, the Overstrand has been instrumental in working with National and Provincial Tourism, District and the other 3 B Municipalities to create a forum to develop both the brand and the strategic planning for the regional identity.

e) Informal Street Trading

The recent study conducted by DEDAT in the Overberg on the informal sector indicates a 95% confidence level that indicates a vibrant sector that contributes significantly to the GDP and employment in the region. For example the report point to the diverse products and activities the sector offers:

Product orientated informal business per sector in the Overberg

Product per sector	Percentage

Chapter 3: Service Delivery Performance

• Retail food and drinks	39,9%
• Retail attire	20,7%
• Household goods	6,3%
• Personal requirements	3,8%
• Services orientated per sector (micro-manufacturing, personal services, business services and social services)	29,3%
TOTAL	100%

Source: DEDAT 2013, MERO 2013

The survival, sustainability and longevity of the studied informal economy enterprises are considerably high. A relatively small number (10,6%) of enterprises are less than a year old. The majority interview had been in operation for between 1-5 years with a further 19,2% operating between 6-10 years and a further 18,8% operating for over 11 years.

The Overstrand municipality has an ever growing informal sector which in many respect compliment the tourism and retail sectors. Informal trade contributes about 12% of the local GDP and has potential to grow.

One of the fundamental reasons for supporting this sector is to acknowledge the sector's relevance and contribution to the economic and social life of the area. This sector provides some income to those who are unemployed, as well as providing an alternative to established traditional formal sector retail options.

The introduction of systems and controls will continually assist the municipality to assist the sector and its participants to grow into a commercially viable and dynamic sector which contribute to economic development and growth aimed at improving the quality of life of the local people.

Overstrand is amongst some of the municipalities which has provided infrastructure in form of trading stalls for use by the sector including demarcated and dedicated space for trading. This is further linked to transport and economic nodes facilitating easy access to markets.

The table below identifies the detail of the jobs created through EPWP initiatives in the municipal area:

Job creation through EPWP projects		
Details	EPWP Projects	Jobs created through EPWP projects

Chapter 3: Service Delivery Performance

	No.	No.
2011/12	34	616
2012/13	36	675
2013/14	25	517
2014/15	29	779

Table 149.: Job creation through EPWP* projects

EPWP EVENTS FOR 2014/15

EPWP Dibanisa Greening Project

EPWP Community Fire Protection Project

a) EPWP Day– 30 October 2014

The EPWP day was organised to showcase some success stories, impact of the project on its beneficiaries including showcasing some of the projects. Beneficiaries were awarded certificates of good standing.

b) EPWP Ground Breaking Event – 01 December 2014

Overstrand Municipality hosted a Ground Breaking Event “The Full Cycle of EPWP” where we welcomed 60 EPWP Beneficiaries as permanent employees at the Overstrand Municipality in the Fire, Traffic and Law Enforcement Departments.

EPWP Parking Warden Recognition Day – 01 April 2015

The Parking warden recognition day was organized to give the Parking wardens recognition for their hard work and dedication on the EPWP Parking Services Project.

Chapter 3: Service Delivery Performance

c) Overstrand success stories - Permanent Employment

The Programme (EPWP) continues to make the intended impact giving beneficiaries opportunities to better their lives by advancing to other permanent job opportunities. Though faced with tracking and monitoring mechanism, some of the beneficiaries ventured in the following field of work as permanent employees

EPWP PROJECT	NUMBER OF BENEFICIARIES	ORGANISATION
Dibanisa Environmental Project	2	Grootbos Nature Reserve (Grootbos Foundation)
Overstrand Road Safety Project	1	I & J Abalone Farm
Jeep Track Maintenance	1	ADT Security Company
Parking Management Services	1	ADT Security Company
Community Fire Protection 1	1	Ilze Perold Radiology
Reduction of Crime, Overstrand Road Safety & Community Fire Protection 2	61	Overstrand Municipality
EPWP Project Management and Admin Assistance	1	Department of Justice (Hermanus Magistrate Court)

f) Service Delivery Indicators

Ref	Strategic Objective	KPI	Unit of Measurement	Wards	Actual 2013/14	Overall Performance for 2014/15		
						Target	Actual	Corrective Measures
TL10	The promotion of tourism, economic and social development	Report quarterly to Portfolio committee on the development and implementation of tourism marketing tools	Quarterly report on marketing tools	All	New TL kpi for 2014/15	4	3	Target almost met
TL11	The promotion of tourism, economic and social development	Report bi-annually to Director LED on the support to festivals that make an impact on local economic development	Number of reports submitted	All	New TL kpi for 2014/15	2	2	Target met
TL12	The promotion of tourism,	Identify and support thirty SMME's businesses	Number of SMME's supported	All	45	30	73	Target Extremely well met

Chapter 3: Service Delivery Performance

3.6.3 Child Care; Aged Care; Social Programmes

a) Introduction to Child Care; Aged Care; Social Programmes

Early Childhood Development (ECD) is a universal right and access to ECD services has significant benefits to children, their families, communities and the country as a whole. ECD is thus recognized as a key intervention in addressing South Africa's two key developmental challenges: inequality and poverty.

Given this key developmental role, ECD has been identified as a key strategic objective of the Overstrand Municipality. From a vulnerable group's perspective, ECD also provides employment opportunities to women and youth. Despite ECD being a key strategic objective, the municipality is aware of the other social challenges facing our communities. There is a growing number of unemployed youth, teenagers who fall pregnant, others who drop out of school, some get involved with drugs, gangs and other illegal activities. Women continue to be marginalized or discriminated against whether it is directly or indirectly, driven out of anger, fear, culture or tradition, we have a long way to go to realize a society of gender equality. The perils of HIV/AIDS continue to plague our communities. People with disabilities are not offered the opportunities they deserve, for many of them our society still very much discriminates against them. The Overstrand municipality has the highest percentage of elderly people in relation to its population in South Africa. Many of them have come here to live out their remaining days in the tranquil serenity of the Overstrand, for others survival has become a daily challenge.

Whether it is children, youth, women, people with disabilities, elderly or people living with HIV/AIDS the struggle for survival increase when economic prosperity decrease. For all of these vulnerable groups the key challenge is to create the necessary environment, directly through service delivery

Chapter 3: Service Delivery Performance

and through partnerships, where opportunities for vulnerable groups can flourish. Meaningful change can only occur if this enabling environment is created through the cooperation of the different spheres of government and the various departments, non-government organisations, and businesses, community members willing.

b) Highlights: Child Care; Aged Care; Social Programmes

Highlights	Description
Early Childhood Development	<ul style="list-style-type: none"> → All three of the registered ECD programmes currently being rolled out in the Overstrand currently receive funding from the Department of Social Development → Through our partnership with a local NGO we have also assisted with the roll-out of the ECD programmes to more than 8 crèches that had no programmes in place. → We have also availed training space for another organization that provides free accredited ECD training and a registered programme to ECD practitioners in the Overstrand. → A couple of crèches has also benefit with ECD assistants that was made possible through EPWP - these staff members will gain permanent employment at the ECD centers when their EPWP contracts expire.
16 Days of Activism	<ul style="list-style-type: none"> → All the municipal staff was involved with the campaign. Administrative personnel received a white ribbon to wear as well as a silicone bracelet. External staff received a T-Shirt with the message - "protect our women and children" a message that they will carry in our communities 365 days.
Child Care	<ul style="list-style-type: none"> → Three crèches are planned for construction in the next 3 years → We are in the process of a drafting a ECD Policy → We have partnered with a programme implementer on an afterschool programme at a primary school where 120 children receive food, academic support and recreational opportunities 5 days a week from 14:00 -17:00.

Chapter 3: Service Delivery Performance

Highlights	Description
Disability	<ul style="list-style-type: none"> → People with disabilities participated in the prestigious Overstrand Sports Festival. All the sporting codes had their finals on the day which included the wheelchair domino teams who competed for the disability trophy on the same day at the same venue amongst the rugby, soccer and cricket teams. → The municipality also supported Disability Awareness Day in partnership with a local NGO → Through EPWP principles, the municipalities supported 5 disabled youth to host weekly workshops in their areas with disabled persons.
Elderly	<ul style="list-style-type: none"> → Elderly awareness day was a big success. The municipality brought close to 120 elderly from service centers across the Overstrand together for tea, lite lunch and entertainment to celebrate this special day with them.
Substance Abuse	<ul style="list-style-type: none"> → The Overstrand Municipality has established a Local Drug Action Committee

Table 159.: Child care; Aged care; Social programmes Highlights

Winners of the Domino Finals at the Overstrand Sports Festival

c) Challenges: Child care; Aged care; Social programmes

Description	Actions to address
There is a general lack of intergovernmental cooperation, in the delivery of social programmes in the Overstrand.	Cooperation with the Department of Social Development remains challenging.
The Overberg District municipality no longer performs Social Development Functions. Local municipalities are required to implement own initiatives	We are engaging with SALGA
The municipal social development department is under staffed	We are forming partnerships with role players to assist in the delivery of programmes.

Table 160.: Child care; Aged care; Social programmes Challenges

Table 162.: Employees: Child care, aged care, social programmes

3.7 COMPONENT E: ENVIRONMENTAL PROTECTION

This component includes: pollution control; biodiversity and landscape; and coastal protection.

3.7.1 Introduction to Environmental Protection

The long-term **vision** for the future is to “manage, protect and sustainably use the natural assets of our areas, in partnership with the relevant communities, to preserve and ensure the continued existence of our rich biodiversity and its associated ecological processes and services of our environment”.

Our **mission** is to “conserve the rich biodiversity, diverse natural ecosystems and cultural heritage characteristics of our environment through the implementation of management programmes that have clearly defined management goals and objective for the enlightenment, enjoyment and benefit of present and future generations”.

The Environmental Management Section is divided in two units;

- 1) Biodiversity Conservation

Chapter 3: Service Delivery Performance

2) Environmental Management

With additional units funded by the EPWP Programmes;

- 3) Working for Water Programme
- 4) Working for the Coast Programme

1) The Biodiversity Conservation Section strives to achieve the following:

- ➔ To ensure declared protected area status for Nature Reserves in terms of the NEM:PAA.
- ➔ To institute invasive alien vegetation clearing and management according to the APO.
- ➔ To lead a better understanding, appreciation, use and conservation of the limited natural resources within OSM (including biodiversity, soil, water and energy) by the owners and staff of, and visitors to OSM.
- ➔ To promote the conservation of the environment (biophysical, socio-economic and cultural-historic characteristics) by formally entering into Stewardship Programmes and /or Conservation Management Agreements with neighboring property owners.
- ➔ Overstrand Municipality is a member of the Greater Overberg Fire Protection Association which includes the Groot Hagelkraal, Babilonstoring and Theewaters-Groenland Fire Protection Associations. Attention must be devoted to the development and signature of Memoranda of Agreement with these associations in order to facilitate communication and co-operation between the parties to the agreement.
- ➔ To promote and continue with the integrated management of Reserves and natural areas by the Municipality in partnership with current and any other NGO's which may be formed who wish to be involved with the management of the natural areas in OSM.
- ➔ To develop and maintain high quality visitor infrastructure, facilities and recreational activities along sound financial lines.

2) The Environmental Management Section strives to achieve the following:

- ➔ Environmental Officers assist the regional building control committees with respect to the reviewing of building plans, land use applications and environmental impact assessment applications. This service continually promotes communication with respect to the environmental impacts associated with development processes and facilitates the implementation of environmental impact assessments in realization of the environmental rights of the citizens of the Overstrand region. The Environmental Management Section facilitates communication between the public and the National and Provincial spheres of government and furthermore provides ecosystem management information services for stakeholders in each administrative region.

Chapter 3: Service Delivery Performance

- The Environmental Management Section has appointed a consultant to assist with the compilation and implementation of an Environmental Management System. An Environmental Management System is that part of an organisation's overall management structure and arrangements that addresses the immediate and long-term impact of its activities, products, services, facilities and process on the environment. By implementing an EMS the Municipality seeks to instill "Good Practice" procedures in the operational aspects

3) Working for Water Programme:

The Working for Water Programme which is a subsection of the Environmental Management Section, has cleared 2580 ha of privately and state owned alien infested properties during the 2014/2015 financial year. The total budget was R 4.2 mil and 18846 person days were generated with this external funding from the National Working for Water Programme.

4) Working for the Coast Programme:

The Environmental Section, in partnership with the Working for the Coast Project, played an important oversight role in the maintenance of existing infrastructure in all coastal zone areas during the 2014/15 financial year, with an amount of 146 temporary beneficiaries employed. The total budget and person day cost was not available at the update of this document but the total budget allocated to the Overstrand project for the two year WftC cycle was R14,5 mil.

Overstrand Municipality has addressed the cleansing and cleaning of public beaches as well as the maintenance of infrastructure (signs, trails, paths, benches, ablutions, boardwalks and bridges) in the coastal zone and nature reserves by means of the Working for the Coast Programme. The WftC Programme does not only assist with infrastructure maintenance but also funds coastal monitors who assist with coastal patrols, data collection and biodiversity management along the coastline.

The Working for the Coast Programme also funds the Voëlklip and Pringle Bay Baboon monitors.

Chapter 3: Service Delivery Performance

Cape Whale Coast Hope Spot Initiative:

“Overstrand Municipality, in partnership with various NGO’s, launched the Cape Whale Coast Hope Spot between 5 and 7 December 2014.

Dr Sylvia Earle, world renowned marine conservationist and National Geographic Explorer-in-Residence, believes that we are “...in a sweet spot in time”. A time where we are equipped with the knowledge and technology to protect the oceans, promoting a global sense of hope for people, different cultures and the environment. Dr Earle, through the ocean community hub *Mission Blue*, created the idea of Hope Spots in 2009 to ignite public support for a global network of special marine management areas critical to the health of the oceans and our planet.

Hope Spots promote an inclusive approach, where science, tourism, education, sustainable development and use are possible. These special areas also act as a network of marine spaces designed to maintain biodiversity, provide a carbon sink, generate life-giving oxygen, preserve critical habitat and allow low-impact activities to thrive.

The short term aim for the CWC-HS launch in 2014 was to host an array of activities on December 6th focused primarily on involving coastal communities – from Rooi Els to Quoin Point – in an inclusive celebration of our amazing coastal zone; highlighting the myriad of activities our Hope Spot has to offer, including fishing, tourism, biodiversity, diving and industry.

The long-term aims for the future will be to focus on uplifting educational processes related to coastal issues, improved eco-friendly and informed tourism and, finally, creating community drive to protect our coastline so our children can partake in the coastal livelihoods and recreational activities that makes the Cape Whale Coast Hope Spot unique.

Chapter 3: Service Delivery Performance

3.7.2 Strategic Planning

The Integrated Management Plan for the Fernkloof Nature Reserve was drafted during the course of the financial year and was advertised for public comment. A special meeting of the Fernkloof Advisory Board was convened to discuss comments that were received and the results of the review session were submitted to the Environmental Consultants for the amendment of the final document. The final Draft was placed under review at the end of the period in order to prepare an item to Council for the adoption of the Integrated Management Plan as a sectoral plan within the IDP for the Overstrand Municipality.

Urban Dynamics Western Cape in association with Duncan Heard Environmental Consulting Services were appointed to develop an Environmental Overlay for the Overstrand Municipality, which will assist in the identification of properties with biodiversity value which should be protected under the provisions of the Overstrand Wide Zoning Scheme. The Environmental Section has assisted the Environmental Consultants with detailed information in order to prepare a first draft.

The Environmental Management Section delivered comments with respect to the formulation of the Overberg District Coastal Management Programme and attended various Municipal Coastal Committee meetings during the course of the financial year.

The Environmental Management Section participated in the process for the delineation of coastal setback lines during the past financial year. The draft coastal management lines were subjected to public participation and the Municipality is awaiting the Gazetting of the coastal lines which will define the boundaries of Coastal Public Property, the Coastal Protection Zone, as well as urban hazard zones where property development should proceed with caution.

Towards the end of the financial year, the Environmental Section attended a strategic SALGA meeting to discuss the impacts of the ICMA on Local Government and to define the role of local government in implementing the ICMA. SALGA will continue with this investigation in collaboration with coastal municipalities and government organizations in the 2015/2016 financial year.

Towards the end of the financial year, the Western Cape Provincial Government released the first Draft Western Cape Provincial Coastal Management Programme. Overstrand Municipality is now in a position to develop a Local Coastal Management Plan, as the local coastal management programme must be aligned with the National and Provincial Programmes. The Biodiversity Conservation section has performed a survey of the ownership profile of properties within the proposed coastal protection zone in order to define a stakeholder base for public participation in the development of a Coastal Management Plan. The survey will also enable the Municipality to define the boundaries of coastal public property and coastal access land. The information has been captured in a geographical

Chapter 3: Service Delivery Performance

database which will be used to rectify errors in zoning maps and furthermore to apply for the designation of coastal property as 'public places'. The declaration of coastal property as 'public places' will allow Overstrand Municipality to comply with the provisions of coastal access land as stipulated in the ICMA and furthermore allow the application of the existing Overstrand bylaws in a coastal management context.

The Biodiversity Conservation Section performed a survey of infrastructure in all Municipal coastal public property during the financial year. EPWP staff members (Greenest Municipality Competition: Reserve Monitoring and Maintenance Team) were trained in the use of GPS technology to perform this survey. The information is being used to inform the costing of the Coastal Management Programme, to provide the basis of maintenance management plans for the maintenance of infrastructure under the Working for the Coast Programme. The coastal survey furthermore indicates the condition of various sections of the coast and identifies areas where there is damage to coastal areas by means of presence of illegal structures, illegal dumping of waste and the construction of illegal structures in the coastal zone. This information shall be used for the development of coastal rehabilitation programmes in the 2015/6 financial year.

A draft strategic fire protection system, delineating key firebreaks that have to be maintained on an annual basis, was compiled during the financial year. This strategic map must be discussed with Municipal Departments, Government Departments and Ward Committees as part of the Overstrand Disaster Management Plan, in order to inform the annual budgeting process. The strategic plan, once implemented, will greatly reduce the damage caused by wild fires, as was experienced during the financial year.

The Biodiversity Conservation Section, in association with Working for Water, has developed a costing system by means of which to improve the cost projections that are used to inform the annual budget for the management of alien invasive vegetation. The system will be used in the 2015/6 financial year to improve forecasting of budgetary requirements, improve budget control, reporting and auditing of the outputs of the alien vegetation management programme.

The Biodiversity Conservation Section, Working for Water and the Overstrand GIS services have started the development of a geographical database system in order to align ecosystem data, alien vegetation data, fire management data and infrastructure data into a system which will assist in the forecasting of disasters, the implementation of a proactive fire management programme and an improvement in the management of alien vegetation before and after fires. This system will allow the Municipality to manage risks in an efficient and cost effective manner. Once the prototype of the system is completed, Government Departments and private landowners will be invited to collaborate with the Municipality to manage risks in a cooperative governance approach towards the

Chapter 3: Service Delivery Performance

management of alien vegetation and fire safety. Work on this system will proceed during the 2015/2016 financial year.

3.7.3 Pollution Control

An Air Quality Plan has been developed by the Environmental Section. The document has been approved by DEADP. The Environmental Section does not have staff dedicated to Air quality but does assist the District with Air Quality Management activities. The plan needs to be updated and improved in the 2015/16 financial year.

OSM is also in the process of developing an Environmental and Heritage Overlay Zone that will give more protection to the environment without infringing on people rights. The Overlay Zone will also identify all areas of conservation importance that needs to be included into the management of the Environmental Section

Operational Management: Management of Nature Reserves

The main focus of the Biodiversity Conservation Section has been to forge stronger ties with the various stakeholders that participate in the management of Nature Reserves and Open Spaces, as well as an improvement in the management of infrastructure within these areas during the 2014/5 financial year.

The Fernkloof Advisory Board is a statutory body that is required to advise Council concerning the management of the Nature Reserve. The Board met on a regular basis during the year and the minutes are available on the Municipal website www.overstrand.gov.za.

The FAB, BOTSOC and Cliff Path Management Group were integrally involved in the drafting, review and amendment of the Integrated Management Plan for the Fernkloof Nature Reserve.

The Botanical Society continues to play an important role in the management of the Fernkloof Herbarium, the Fernkloof Botanical Gardens and in the maintenance of infrastructure within the area that is leased by the

Chapter 3: Service Delivery Performance

Society. The Botanical Society furthermore hosts member evenings with informative educational talks which contributes to the community participation profile of this nature reserve.

The Biodiversity Conservation Section focused on the maintenance of hiking trails, roads and firebreaks during 2014/5 as well as the management of alien invasive vegetation. Alien invasive vegetation was reduced from an estimated density of 4.7 % to an estimated level of 2.7% of the surface area of the entire reserve. Whilst alien vegetation remains, the current infestation is below 5% which places the nature reserve in a maintenance phase as far as management of invasive species is concerned.

Firebreaks were cut in key positions during the financial year to protect adjacent residential areas and to prepare management units for a controlled fire management programme. The controlled burning programme at Mount Pleasant, Voelklip and in the coastal zone (Kraal rock area) will proceed in the 2015/6 financial year.

Ecological management of the Kleinmond Nature Reserve was greatly improved by means of the implementation of three ecological burns at Palmiet, and in the coastal reserve. The fires were well planned and there has been good post-fire emergence of geophytes in response to the programme and good rain. Considerable builder's rubble was removed from the coastal reserve after the fires and Kikuyu grass was controlled as a follow-up rehabilitation measure. Further attention was devoted to the restoration of the Fransie de Klerk boardwalk (approximately 400 m) after vandalism attempts and some damage which was incurred during the controlled fire. Vegetation along the mountain trails was trimmed in order to make them passable for the hiking fraternity. In addition, signs were repaired, erosion areas were filled up and certain paths were closed to prevent further erosion. Illegal dumping and vagrancy continue to be a problem in this region. Management of the Rooi Els Nature Reserve primarily focused on the removal of alien vegetation, as the area is very small.

A highlight of the year was the opening of the Stony Point Eco-facility. This complex is in the process of being handed over to Cape Nature in anticipation of the proclamation of the land as a Protected Area under the auspices of the NEM: Protected Areas Act.

Stony Point boardwalk, Betty's Bay

Chapter 3: Service Delivery Performance

Fire Protection, Controlled Fire Management and Wild Fire Response

The Biodiversity Section cleared 10.6 km of firebreaks throughout the region during the 2014/5 financial year. It was initially planned to burn 263 Hectares of the open spaces and nature reserves in the Kleinmond, Betty's Bay and Hermanus regions during the financial year. Firebreaks were cut in preparation for a controlled burning programme in these areas.

However, unplanned fires occurred in Hawston, Betty's Bay and Karwyderskraal with associated damage to property and firefighting equipment. As a result, only 22 ha of the planned programme could be implemented under controlled conditions. It is estimated that the Betty's Bay Fire claimed 22 Hectares of the Dawidskraal wetland and portions of the residential area. Strategic firebreaks that were cut in this area assisted firefighting teams to contain the fire. GIS records of the Hawston fire indicate that approximately 801 hectares of Municipal, Government and private land was burned during this fire.

The Environmental Section assisted in the Joint Operations Centre during the Betty's Bay, Hawston and Karwyderskraal fires. This section also deployed Working for the Coast and Reserve Maintenance and Monitoring teams to assist in the cutting of ground attack firebreaks in order to contain the fires in Hawston, Betty's Bay and in the Gansbaai region during the firebreak season. Reserve management staff was called upon to assist fire services in – field at the Karwyderskraal fire.

Alien Vegetation Management

The Biodiversity Conservation Section implements an annual control programme in order to prevent the spread of alien invasive vegetation. This programme is primarily implemented on nature reserves and open spaces with biodiversity conservation status, but recent efforts have focused on heavily infested areas in Sandbaai, Onrus and the Hemel en Aarde valley in order to reduce the fire hazard in these areas. It is estimated that the degree of alien invasive vegetation in the Overstrand region has been reduced from 12.9 % (2013/4 balance) to a density of 10.4 % at the end of the 2014/5 financial year. The density of alien invasive vegetation is influenced by climatic factors the fire return period and secondary invasions after initial clearing. Densities will therefore fluctuate considerably on an annual basis.

Infrastructure Management

The Biodiversity Conservation Section manages a wide spectrum of properties in the Coastal Zone in all of the administrative regions of the Overstrand Municipality. Field Rangers and the Assistant Environmental Officer are involved in the maintenance of all infrastructures such as boardwalks,

Chapter 3: Service Delivery Performance

steps, signs, fences, and various facilities in this zone by co-ordinating and overseeing the activities of the Working for the Coast EPWP workers.

Environmental Management Section interacted with the following stakeholders forums during the (2014/15) financial year:

1. Western Cape Nature Conservation Board: Management of Municipal Nature Reserves.
2. Overberg Municipal Coastal Committee: Overberg Coastal Management Programme.
3. Western Cape Department of Environmental Affairs and Development Planning: Coastal Programme, Municipal Outreach Programme, Kelp Harvesting action group; process for designation of slipways.
4. National Department of Tourism: Finalisation of the Launch of the Stony Point Ecotourism Project.
5. Overberg District Municipality: Planning of fire safety and controlled burning operations.
6. Department of Agriculture: Management of Alien Invasive Vegetation.
7. Onrus Mountain Conservancy Fire Safety Forum: management of fire safety hazards in the Onrus Mountain.
8. Kleinmond Nature Conservation Society: Management of Kleinmond Nature Reserve;
9. Pringle Bay Conservancy: Management of Alien Vegetation in Pringle Bay.
10. Rooiels Nature Conservancy: Management of Alien Vegetation in Rooiels.
11. Cliff Path Management Group: Management of the Hermanus Cliff Path.
12. Hermanus Branch of the Botanical Society: Management of Fernkloof Nature Reserve.
13. Fernkloof Advisory Board: Management of Fernkloof Nature Reserve.
14. Overberg Fire Protection Association: Fire planning, management of wild fires and collaborative fire management agreements.
15. Hermanus Hacking Group: Management of alien vegetation in the Hermanus region.
16. Hermanus Golf Course Wetlands Committee: Management of the Hermanus Golf Course Wetlands.
- 17) The Whale Coast Conservation Foundation with respect to the provision of Environmental Education services for the Blue Flag Programme.
- 18) The Kleinrivier, Uilenkraal and Botriver Estuary Forums with respect to the management of the Uilenkraalsmond, Klein River and Bot River Estuaries.
- 19) The Onrus Lagoon Trust for the development of the Onrus Estuary Management Plan.
- 20) The Kleinmond Nature Conservation Society (incorporating the Botanical Society, Kleinmond Bird Club & Kleinmond hiking club) with respect to the management of the Kleinmond Nature Reserve.
- 21) The Pringle Bay Baboon Management Group with respect to baboon management in the Pringle Bay area.
- 22) The Stanford Conservation Trust with respect to the planning of a Reed Management Plan for the Klein River (in process).
- 23) The Pringle Bay and Betties Bay Ratepayers Association with the management of the coastal dune systems (in process).
- 24) Afriforum with the development of a Reed Management Plan for Kleinmond.
- 25) Rooisand Horse Watch with the way forward for the management of the Fisherhaven and Rooisand Horses of Kleinmond (in process).
- 26) Fisherhaven Ratepayers and BREF with the development of a Reed Management Plan for the Botriver Estuary (in process).

Chapter 3: Service Delivery Performance

27) Botvlei Friends with the development of a co-management agreement for the clearing of invasive alien plants in and around Fisherhaven (in process).

a) Top 3 Service Delivery Priorities:

Approved Management Plans for our 2 Nature Reserves: The consultant is in the process of finalizing the Integrated Management Plan for the Fernkloof Nature Reserve. The final document has been completed and needs to be submitted to council for approval. Kleinmond Nature Reserve will be drafted after the Fernkloof Plan has been approved.

Coastal Management Programme: Overberg District Municipality has commenced with the development of the Coastal Management Plan for the entire Overberg. As part of the district's coastal municipalities, the Overstrand is assisting with the development of the Programme which should be completed in 2016.

Environmental Management System: The final draft document has been completed and will be submitted by January 2016 for final review by the Municipality. The new financial year will be dedicated to the development of the Operational Management Plan. The program must then be rolled out to the different operational units for implementation. The entire process will be monitored and audited by the EMS section.

3.8 COMPONENT G: SECURITY AND SAFETY

This component includes: traffic; law enforcement; fire and disaster management

3.8.1 Introduction to Security & Safety

The function of security and safety in the Overstrand Municipality is to provide a safe environment for the residents of the Overstrand and to ensure the safety of the personnel of the Overstrand Municipality through effective and efficient operationalisation of all relevant plans in conjunction with all public safety institutions.

3.8.2 Law Enforcement

a) Introduction to Law Enforcement

The aim of Law Enforcement in a municipality is to create an environment that will further the social and economic development of the community. Given that context the quality of life within a municipality depends to a large extent on the possibility that individuals and their families will

Chapter 3: Service Delivery Performance

be safe. They will also feel safe while using public open spaces and equipment and that conflicts within communities can be resolved peacefully. On a provincial level law is enforced by the South African Police Services. They have an extremely heavy workload and therefore certain laws (By-laws) and laws applicable only to a particular municipality are enforced by the Law Enforcement Officers appointed within its area of jurisdiction.

a) Highlights: Law Enforcement

Highlights	Description
By-law training in the communities (Street Committees)	The Law Enforcement department ensures that the public is well informed with regard to Municipal By-laws and penalties by distributing information booklets and conducting By-law training. 5 By-law training workshops were conducted and 124 candidates successfully completed their By-law training.
School Visits	Schools are visited on a regular basis by Law Enforcement officials to ensure that the youth are well informed regarding Municipal by-laws.
Fernkloof Nature Reserve	Law Enforcement officials were placed at this popular tourist destination on a daily basis. No crimes were reported due to Law Enforcement presence.

Table 163.: Law Enforcement Highlights

b) Challenges: Law Enforcement

Description	Actions to address
Staff capacity – The ratio of Law Enforcement officials on duty daily to the number of households in Overstrand is 1: 2154.	Permanent Law Enforcement officials were assisted by EPWP officials with regards to attending By-law related complaints. By-law training workshops and visits to schools inform citizens of the provisions of the By-laws. The distribution of information booklets assists in By-law awareness for citizens and visitors.
Ignorance with regard to Solid Waste disposal. Problem animals damage waste containers and refuse bags and this leads to health hazards.	Pamphlets regarding the Intergrated Waste Management By-law were distributed to the public at Law Enforcement offices and the Problem Animal Areas.
Vagrants – a number of vagrants are illegally occupying municipal land or are loitering in the Central Business Districts. This creates nuisances, fire and health hazards.	The Hermanus Shelter was opened but was unsuccessful due to specific rules set which vagrants did not want to abide by. Regular inspections are done at problem areas to minimize illegal occupying and other nuisances. The problems need to be addressed by all role-players eg. SAPS, Social Workers, Community leaders and Charity Organisations.

3.8.3 Traffic Services

a) Introduction to Traffic Services

The aim and function of the Traffic Department is to educate and create a culture of voluntary compliance with road traffic rules and regulations and to enhance courteous and tolerant road user behavior. We operate on the legal mandate of the NRTA 93/96 & NLTA 5/2009. Our operational activities include roadblocks at strategic places, high visibility in hotspot areas, special intelligence

Chapter 3: Service Delivery Performance

driven operations, random vehicle check points, execution of traffic related warrants and enforcement of traffic laws. Our operational approaches is to co-ordinate and integrate operations, sporadic interventions in hotspot areas as per crime threat analysis e.g. offence patterns, etc. and special operations and speed enforcement in high accident frequency locations and high traffic offence locations.

b) Highlights: Traffic Services

Highlights	Description

3.8.4 Fire Services and Disaster Management

a) Introduction to Fire Services and Disaster Management

Fire Services is responsible for the following functions:

Chapter 3: Service Delivery Performance

- Fire-fighting of structural fires, veld and bush fires and any other fire;
- Fire safety (the application of the National Building Regulations, Fire codes and municipal by-laws with regard to fire safety);
- Rescue services;
- Support services to municipal and other instances;
- Fire pre-planning and related preparedness plans;
- Testing and basic maintenance work on emergency vehicles and equipment; and
- Fire communications facilities for the particular service.

Our Disaster Management is a continuous and integrated multi-sectoral and multi-disciplinary process of planning and implementation of measures aimed at disaster prevention, -mitigation, -preparedness, -response, -recovery and –rehabilitation.

b) Highlights: Fire Services and Disaster Management

Highlights	Description
Permanent Personnel	Since inception, the fire department was made up of a majority of reservists and EPWP officials. This changed on 1 December 2014 as 30 Cadet Firefighters were permanently appointed. This highlight is twofold: It is the first time the force received many permanent positions; and two, it is the first time that EPWP beneficiaries were permanently appointed.
International Firefighters Day on 2 May 2015 and Team Challenge	International Firefighters Day is one of the biggest events to be held within the industry. For 2015 the event was hosted by City of Cape Town at Muizengerg, Zandvlei. The Overstrand Fire, Rescue & Disaster Management firefighters participated in the Team Challenge and took first place in each challenge, ultimately winning the overall competition. The team challenge consisted of the Pump & Hose Drill, Rescue Drill and the Hose Drag. Executive Mayor Nicolette Botha-Guthrie handed the trophy and shield to the team members at the Council meeting held on 24 June 2015
Minister Honoring Firefighters	On Wednesday 15 April 2015, honourable Minister Pravin Gordhan of Cooperative Governance and Traditional affairs hosted an event for all firefighters who were active during the 2014 - 2015 Fire Season. The 2014 – 2015 fire season was one of the most devastating seeing many extended fires all over the region. All firefighters, reservists and volunteer corps alike received a certificate of appreciation.
Fire Safety	Overstrand Fire Safety Division has made substantial progress in improving public fire safety standards. The increased public awareness programmes have enhanced public communication an understanding of the rationale behind implementing the National Fire Protection Regulations and has proven to be innovative in improving fire safety. The regulation of LP Gas and other Flammable Substances through issue of certificates has played a significant role on improve safe storage and installations of

Chapter 3: Service Delivery Performance

Highlights	Description
	distribution systems. This division has been active I assistance with event applications by assisting with the regulation of population control in halls and temporary structures.
Implementation of Tariffs	The implementations of tariffs are a first for the Overstrand Fire, Rescue & Disaster Management. The department now provides a more effective and efficient service to the general public. Processes and application forms have either been updated or developed and are now in place; allowing for better control.
Fire & Rescue International Volume 3 no 1	The Fire & Rescue International is a magazine providing information of the integrated fire, rescue, EMS and command technology. With each edition, a fire department is profiled. Overstrand Fire and Rescue was profiled in Volume 3 no 1. The article also included a piece on both the Bettys Bay volunteer firefighters and Pringle Bay volunteer community firefighters.
Western Cape Government Disaster Management Logo	Engine 11 of Overstrand Fire, Rescue & Disaster Management fleet was chosen to be part of the Western Cape Government Disaster Management Logo.

Table 176.: Fire Services and Disaster Management Highlights

3.9 COMPONENT H: SPORT AND RECREATION

3.9.1 Introduction to Sport and Recreation

This component includes: community parks; sports fields; sports halls; stadiums; swimming pools; and camp sites.

a) Highlights: Sport and Recreation

Highlights	Description
Overstrand Sports Festival	<ul style="list-style-type: none"> Overstrand Sports Festival was hosted in Mt Pleasant Sports Grounds on the 01 November 2014. The event included the following activities namely: Rugby, Soccer, Netball, Cycling, softball and disable people dominoes. This event was organised in

Chapter 3: Service Delivery Performance

Highlights	Description
	partnership with Department of Cultural Affairs and Sport and Coca-cola.
Better Together Games	<ul style="list-style-type: none"> Overstrand Municipal staff members participated on the 3rd edition of Better Together Games which took place in Worcester on the 10th October 2014. The event is meant only for government and municipal staff members. The event was organised in partnership with various participating municipalities and provincial government departments. Overstrand Municipality retained their trophy as champions of touch rugby 2014.
Mini AFCON Tournament 2015 (5 A Side)	<ul style="list-style-type: none"> Mini AFCON Soccer Tournament finals were hosted in Zwelihle Multi- Purpose Court on 07 February 2015. The event comprised of under 15 youth from across Overstrand areas.
June 16 Youth Festival	<ul style="list-style-type: none"> Youth festival was hosted on the 16th June 2015 at Hawston Tusong centre. The following were the activities of the day namely: mini soccer, netball, mini cricket, dominoes, mrabaraba, chess, kerem and drama.

Table 182.: Sport and Recreation Highlights

b) Challenges: Sport and Recreation

Description	Actions to address
Vandalism of infrastructure	<ul style="list-style-type: none"> To install more lighting and policing by law enforcement. Management of facility through lease agreement in process. Ongoing education of structures to preserve their facilities. Hiring of Security Company to safe guard facilities. Getting the youth in general involve in sport.
Usage of Halls as sport hubs	<ul style="list-style-type: none"> Engagement with schools is still at its preliminary phase, with other schools buying in and others still reluctant to open doors for sport promotion. Partnership with Department of Cultural Affairs and Sport resulted in employment of youth as coaches on targeted areas to promote Mass Participation. Effective booking system of halls that will allow for usage community halls for sport promotion programmes(holiday/after school).
Over use of sport fields	<ul style="list-style-type: none"> Reduction of number of teams in LFAs to strengthen competition within in a league and also will allow better maintenance of grass. Alternatively optimal use facilities in close proximity will reduce congestion of fixtures in one facility. Properly planned fixtures will allow municipality to identify gaps which they can schedule maintenance.

Chapter 3: Service Delivery Performance

3.10.2 Financial Services

a) Introduction: Financial Services

Financial Services

The application of sound financial management principles is essential and critical to ensure that the Municipality remains financially viable and that municipal services are provided sustainable, economically and equitably to all communities.

The key objective of the Municipal Finance Management Act (2003) is to modernise municipal financial management in South Africa so as to lay a sound financial base for the sustainable delivery of services. Municipal financial management involves managing a range of interrelated components: planning and budgeting, revenue, cash and expenditure management, procurement, asset management, reporting and oversight. Each component contributes to ensuring that expenditure is developmental, effective and efficient and that municipalities can be held accountable.

The Municipality has undertaken various customer care initiatives to ensure the municipality truly involves all citizens in the process of ensuring a people lead government. Encouragement of structured community participation in the matters of the municipality is an important focus area.

Section 216 of the Constitution of the Republic of South Africa, 1996, provides that national legislation must prescribe measures to ensure transparency and expenditure control in each sphere of government by introducing generally recognised accounting practice, uniform expenditure classifications and uniform treasury norms and standards. The Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003), determines those measures for the local sphere of government and enables the Minister of Finance to further prescribe, by regulation such measures in terms of section 168 thereof.

Municipal Regulations on a Standard Chart of Accounts (mSCOA) - Section 216 of the Constitution of the Republic of South Africa, 1996, provides that national legislation must prescribe measures to ensure transparency and expenditure control in each sphere of government by introducing generally recognised accounting practice, uniform expenditure classifications and uniform treasury norms and standards.

Chapter 3: Service Delivery Performance

In terms of section 169(1)(b) of the Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003), the Minister of Finance has signed into effect and subsequently published the Municipal Regulations on a Standard Chart of Accounts (mSCOA) in terms of Notice 312 of 2014, Government Gazette No. 37577 subsequent to formal consultation.

Overstrand Municipality was selected by National Treasury as a vendor pilot site for the implementation of mSCOA on the SAMRAS financial system of Bytes Universal Systems. Before-mentioned implies that the Standard Chart of Accounts must be implemented from **1 July 2015**, in order to effectively proof successful roll-out of the SCOA compliant SAMRAS system, involving further development of the system. The mSCOA regulation is, in the viewpoint of National Treasury, the biggest reform in Local Government since the implementation of the MFMA. It is not just a financial reform, but an organisational reform. The 2015/2016 MTREF Budget has been compiled and approved by Council on 27 May 2015 according to the SCOA classification framework.

The management of key financial and governance areas is achieved by focusing on:

- reducing the levels of outstanding debt owed to the Municipality, to assist with service delivery spending and maintaining a healthy cash flow;
- maintaining an unqualified audit for the Municipality by resolving audit findings and improving financial governance and over and above before-mentioned, also upholding our Clean Audit status obtained in 2013/2014;
- maintaining a good credit rating to ensure favourable lending rates and terms; and
- successfully implementing the Standard Chart of Accounts (SCOA) as promulgated
- Spending budgets to maximise delivery.

The Municipality's annual budget comprises an operating budget and a capital budget. The operating budget funds employee salaries, operating costs, purchases and assistance for the poor, such as free basic water and sanitation. The Municipality's business and service delivery priorities were reviewed and where appropriate, funds were transferred from low- to high-priority programmes so as to maintain sound financial stewardship. The focus is to critically review expenditure on non-core items.

The capital budget is set aside for spending on infrastructure and services, such as roads, water and electricity as well as the many other utilities and services that Overstrand needs in order to function, grow and offer opportunities to its residents.

The entire budget amount per annum is based on the income that the Municipality expects to derive from rates, service charges, and grants and subsidies. During the 2014/2015 financial year, the Municipality managed to spend 88.2% of its capital budget, 97,6% of its operating budget (pre-audit outcome) and raised 99.4% of the total revenue budget.

Chapter 3: Service Delivery Performance

Financial Management Reforms

In order to achieve our objectives, the Municipality has implemented the following financial management reforms to ensure that resources are used efficiently:

- Efficient costing of services and projects by identifying and managing the cost drivers.
- Active use of forecasts and projections to manage cash flow efficiently.
- Active monitoring of income and expenditure against pre-determined budget targets/projections.
- Set financial benchmarks and monitor performance against them.
- Development of a feasible capital funding strategy.
- Development of a feasible cash and investment strategy.
- Exploring additional funding sources.

b) Highlights: Financial Services

Highlights	Description
Supply Chain Management	Reduction in the total number of Clause 36 Deviations approved during the financial year.
Budgeting & Accounting Services	During the financial year the Budget Office was a key role player in the introduction and implementation of SCOA and the preparation of a SCOA budget for the 2015/2016 MTREF.
Expenditure and Asset Management	The Costing Division, established during 2010, continued to compliment the Expenditure & Asset Management Division in maintaining a Job Costing Framework in respect of all projects. Examples of these are Ward Specific Projects, EPWP Projects and Capital Project components in terms of the management of new assets for inclusion in the Asset Registers (GRAP principles). It is envisaged that this section will play an ever increasing role in analyzing and reporting of management information.
	In conjunction with the other Financial Services Directorate's departments, the Expenditure & Asset Management Department successfully contributed to prepare for the implementation of mSCOA with effect from 01 July 2015. After being identified as one of the Pilot Sites by National Treasury, the Municipality had to prepare for the early implementation of mSCOA while the remainder of the municipalities will have to follow suite as from 01 July 2017.

Table 189.: Financial Services Highlights

Chapter 3: Service Delivery Performance

c) Challenges: Financial Services

Description	Actions to address
Priorities in terms of Management Information Systems	An optimal solution, with reference to the Municipal Regulations on a Standard Chart of Accounts (mSCOA) in terms of Notice 312 of 2014, Government Gazette No. 37577, that defines as follows: "minimum system requirements" means those specifications for an integrated software solution, incorporating an enterprise resource management system determined in terms of regulation 7;".
Strategic considerations	A review of existing systems and procedures within the directorate is identified as a priority, in order to ensure increased productivity and efficiency.

3.10.3 Human Resource Services

a) Introduction to Human Resource Services

The Human Resources Department resort under the Director: Management Services and is responsible for the following functions:

- Strategic Human Resources
- Human Resources Administration
- Recruitment and Selection
- Labour Relations
- Performance Management
- Occupational Health and Safety
- Training and Development

The challenge is to move from Human Resources Management to Human Capital Management

b) Service Delivery Priorities

Chapter 3: Service Delivery Performance

Strategic Human Resources

To provide management with effective and efficient strategic advice and support with reference to new and amended legislation, interpretation of policies; organizational change, sound labour relation practices and health and safety environment.

Recruitment and Selection

To ensure that the right persons are appointed at the right time in the right positions are one of the most important challenges. This priority challenges in terms of legislation, cost and service delivery.

Labour Relations

To apply sound labour relations within the work place. Inform and advise management on the application of disciplinary code and procedures in order to comply with the necessary legislation and Bargaining Council Agreements.

c) Highlights: Human Resources

Highlights	Description
Compilation of Human Resources Newsletter	First edition of Human Resources Newsletter distributed during March 2015. The purpose of the newsletter is to communicate important Human Resources related issues to staff members. The newsletter will be published on a quarterly basis.
Health and Wellness day	Health and Wellness days were held on 16, 17 and 18 July 2014 at the different administrations.
Performance Management	Performance Development Plans for staff in the Community Services Directorate up to and including T-03 has been undersigned.

Table 194.: Human Resources Highlights

d) Challenges: Human Resources

Description	Actions to address
Hosting of Employee Wellness days	The hosting of employee wellness day has become a challenge, as the accredited Medical Aid funds not keen to participate due to increased costs of testing of staff members
Rollout PMS to the entire workforce	The first formal evaluation of operational staff in the community Services directorate is scheduled for August 2015. It is foreseen that difficulties might be experience given the size and complexity of the Directorate. Assistance will be provided to supervisors and Operational Managers.
Injuries on Duty	Problems experienced with the new electronic system for the registration of new I.O.D's. Doctors in

Chapter 3: Service Delivery Performance

3.10.4 Information and Communication Technology (ICT) Services

a) Introduction to Information and Communication Technology (ICT) Services

The traditional role of ICT Departments in local government from being primarily a technical support function and to assist business on a re-active basis to resolve problems of a technical nature is long gone. For municipalities to deliver an ongoing, cost effective and quality service to all its communities it is imperative that the ICT Services Division becomes an equal partner with all Directorates in the municipality when alternative opportunities for improved service delivery mechanisms are contemplated.

The emergence of new ICT technology solutions to enable more effective service delivery while driving costs down necessitates even more than ever before, a sound and strategic alliance between lines of business and the ICT Services Division in the municipality.

Compared to many other municipalities, the ICT Services Division in the Overstrand Municipality is well positioned with a fully functional ICT Steering Committee that ensures proper governance and management of all ICT related initiatives, ICT policy frameworks and ICT work processes.

In addition to the Business and Operation reporting done at the ICT Steering Committee, it also serves also the platform where the ICT Services Division can:

Chapter 3: Service Delivery Performance

- Share information with Councilors, Executive management and management on emerging trends in the ICT Industry;
- Present to business, opportunities to exploit emerging ICT technologies to improve service delivery and
- To demonstrate to the continued alignment between lines of business and ICT and the value adds that can be achieved through ongoing alignment and collaboration.

b) Highlights: ICT Services

Highlights	Description
Continued RF Network Upgrade	Upgrade the RF Network connection (Hawston), the crucial high site link between and Hermanus and Kleinmond high sites to a 300Mb/s link.
Reconfigure Virtual Server and Storage system	Based on the SAN Disk upgrade, server instances, SQL configurations and backups was reconfigured and tested to be more optimal and upgraded.
PC Refresh Project	Refresh PC's: Refresh, Upgrade or Replace. Conform O/S and S/W. Ongoing; expect to finish by end of 2014.
Time and Attendance	Collaboration on T&A project from a Technical perspective (Server hardware, device configuration and network setup).
MIS Productivity	Unemployment database and Telephone Billing systems.

Table 198.: ICT Service Highlights

c) Challenges: ICT Services

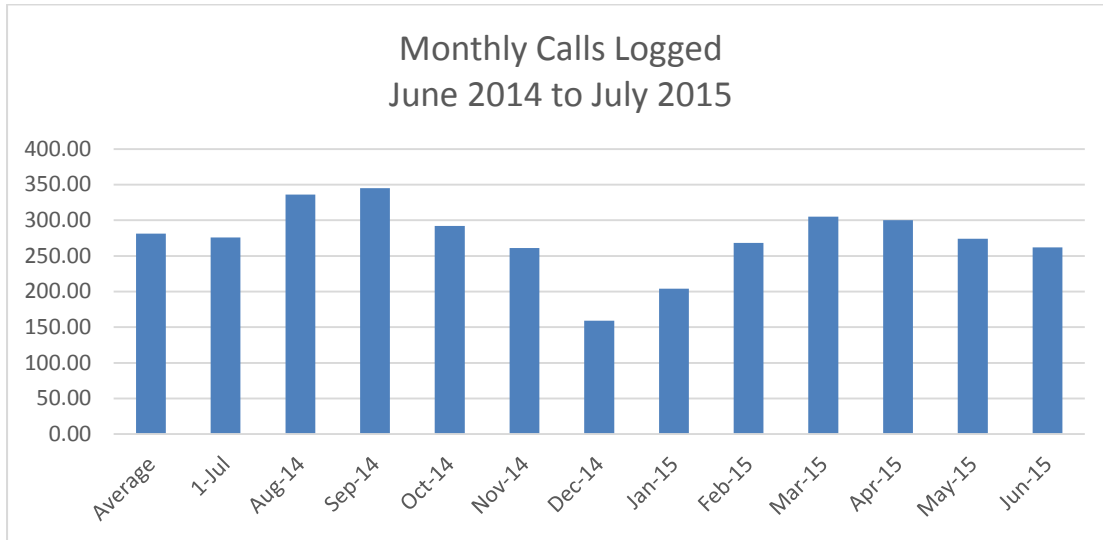

Description	Actions to address
Global Service Desk	Investigating Systems, Scoping and gathering requirements that are cross department and functional areas. See how a global service desk can increase communication, response, collaboration, problem resolution and more clearly define responsibility and urgency.
Funds for new PC's	Investigating alternative forms of finance to procure needed PC's or investigates alternative options to present standardised workstation and access to employees.
Telecoms systems and infrastructure	Ensure viable telecoms infrastructure in terms of future sustainability, lowering fixed costs and driving down usage costs.
Network monitoring tools	Testing and tools to monitor Network (RF and LAN/WAN)

Table 199.: ICT Service Challenges

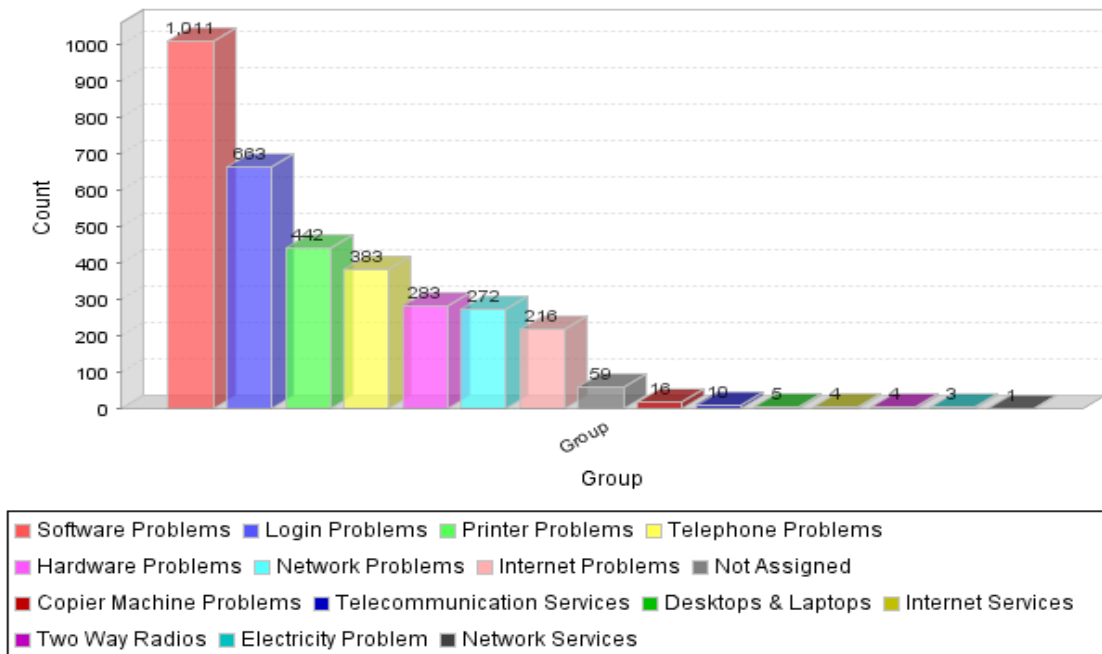

The ICT Department currently does not have all the required toolsets to monitor the performance and throughput of its ICT Infrastructure Services and systems. However, a measurement of ongoing

Chapter 3: Service Delivery Performance

maintenance and support services can be derived from the Help Desk statistics for the year 2014/2015, were these statistics are categorised to assist with identifying specific problem areas that require focus and attention and to analyse the data to determine root causes of problems.

Table 200.: Employees: ICT Services

CAPITAL EXPENDITURE 2014/15: ICT SERVICES						
Capital Projects	Budget	Adjustment Budget	Actual Expenditure	Total Project Value	Budget Variance	
					R.	0%
Additional Disc Storage for DR Site (Onrus)	R 0.00	R 100,000.00	R 123,200.00	R 123,200.00	R 23,300.00	+18.9%
Integrated asset management and maintenance system: Changed to IT Systems	R 1,500,000.00	R 934,000	R 917,448.00	R 917,448.00	R 16,552.00	-1.78%
Time and Attendance	R 0.00	R 150,000.00	R 149,629.00	R 150,000.00	R 371.00	-0.25%
Disk Space Chassis – Space Storage	R 600,000.00	R 600,000.00	R 599,750.23	R 600,000.00	R 249.77	-0.04%
RF Network (High site upgrade)	R 750,000.00	R 726,800.00	R 715,087.65	R 726,800.00	R 11,712.35	-1.61%

Table 201.: Capital Expenditure 2014/15: ICT Services

The Time and Attendance was initially funded source via the MSIG Grant funding and changed to another Funding source in the course of the year. Permission was sought and received to change

Chapter 3: Service Delivery Performance

that funding to the improvement of IT Systems, which was granted nearing the end of the municipal financial year. The extra budget that was needed for the Additional Disc Storage for DR Site (R23, 200.00) was transferred from the RF Network (High site upgrade) capital project, hence the change in budget for these projects.

3.10.5 Legal Services

a) Highlights: Legal Services

Highlights	Description
Legal Services	<p>No successful appeals against the municipality regarding the awarding of tenders and quotations</p> <p>90% turnaround time for referrals by user departments</p> <p>Increase in the provision of legal updates to respective user departments</p> <p>The adoption of two new by – laws, and the development of three other draft by – laws</p> <p>Coordinate all litigious matters by and against the municipality, with no court orders issued against the municipality</p> <p>Provide Monthly Departmental Reports</p> <p>Provide Monthly Reports on Internal Court Meetings</p> <p>Provide Monthly Stats reports revenue generated from Additional Court.</p>

Table 202.: Legal Services Highlights

b) Challenges: Legal Services

Description	Actions to address
Ensure that the municipal court is a success	Proper project management, people management skills, controls and performance management.
<p>Ensure that legal service maintain its existing standard of objectivity and focus on corporate governance, irrespective of external and internal pressure</p> <p>Ensure that each problem is defined correctly and understanding the implications of not resolving the problem. In retrospect legal services not only identify the problem but also find the solution.</p> <p>Ensure proper budget control to ensure that the department operate to both an optimum and efficient level.</p>	Establish the cause of the problem, and not only the symptoms.

Table 203.: Legal Services Challenges

Chapter 3: Service Delivery Performance

3.10.6 Procurement Services

a) Highlights: Procurement Services

Highlights	Description
Supply Chain Management IT System	<p>User testing of the SCM Electronic Processing System-SAMRAS (Integrating Contract Management and records management into SCM) was undertaken during the 2014/2015 financial year. It is expected that the system will be implemented by December 2015.</p> <p>Overstrand Municipality in collaboration with Provincial Treasury and the municipalities within the Overberg District have decided to Migrate their Supplier Database's to a Centralized Western Cape Supplier Database. It is expected that the municipalities will make use of this centralized database by August 2015.</p>

Table 205.: Procurement Services Highlights

b) Challenges: Procurement Services

Description	Actions to address
The implementation of Clause 44 & 45 of the Overstrand Municipality's Supply Chain Management Policy (SCMP). The Municipality does not have a database of persons in the service of the state, despite making every attempt to achieve 100% compliance	<p>No database exists that is regularly updated and maintained that is available to Local Government.</p> <p>Continuous engagement with Provincial Treasury and other role players to ensure that a viable solution to address the problem is found.</p>

Chapter 3: Service Delivery Performance

Description	Actions to address
with the SCMP.	
The eradication of the occurrence of irregular expenditure.	<p>Strengthening of the control environment to ensure that irregular expenditure is effectively detected and prevented.</p> <p>Creating continuous awareness of the risks of non-compliance and the controls that have been implemented to ensure that we obtain the "buy-in" of all the relevant role players.</p>

Table 206.: Procurement Services Challenges

c) Service Statistics for Procurement Services

- The Buyer's Division processed transactions as follows from the 2011/12 financial year. This is a new division and no comparative results are available.

Buyer's Section	Activities	Total No	Monthly Average	Daily Average
2011/12	Requests processed	10 313	1 719	78
2011/12	Orders processed	11 661	1 944	88
2012/13	Requests processed	10 804	900	43
2012/13	Orders processed	9 808	817.33	39.39
2013/14	Requests processed	10 556	879	43
2013/14	Orders processed	9 897	825	40
2014/15	Requests processed	12 682	1057	50
2014/15	Orders processed	9 772	814	39

Table 207.: Activities of the Buyer's Section

- The Procurement Division is primarily responsible for the formal bidding processes through the bid committee system and has processed the following transactions:

Bids awarded 2014/15	Total	Monthly average	Value R
Requests registered	127	11	N/A
Requests cancelled or	6	N/A	N/A

Chapter 3: Service Delivery Performance

Bids awarded 2014/15	Total	Monthly average	Value R
referred back			
Extensions	9	N/A	R 21,831,487.62
Bids received (number of documents)	578	48	N/A
Bids awarded	116	10	R 304,881,837.56
Bids awarded ≤ R200 000	34	3	R 3,112,976.25

3.11 COMPONENT L: SERVICE DELIVERY PRIORITIES FOR 2015/16

The main development and service delivery priorities for 2015/16 forms part of the Municipality's top layer SDBIP for 2015/16 and are indicated in the table below:

3.11.1 Basic Service Delivery

Ref	KPI	Unit of Measurement	Wards	Annual Target
TL2	m ² of roads patched and resealed according to Paveman Management System within available budget	m ² of roads patched and resealed	All	100,000

Chapter 3: Service Delivery Performance

Ref	KPI	Unit of Measurement	Wards	Annual Target
TL3	Quality of effluent comply 90% with general limit in terms of the Water Act (Act 36 of 1998)	% compliance	All	90%
TL4	Quality of potable water comply 95% with SANS 241	% compliance with SANS 241	All	95%
TL5	Limit unaccounted water to less than 25% $\{(Number\ of\ kilolitre\ water\ purified - Number\ of\ kilolitre\ water\ sold)/Number\ of\ kilolitre\ sold\ \times\ 100\}$	% of water unaccounted for	All	25%
TL22	Limit electricity losses to 8% or less $\{(Number\ of\ Electricity\ Units\ Purchased - Number\ of\ Electricity\ Units\ Sold) / Number\ of\ Electricity\ Units\ Purchased\ and/or\ Generated\} \times 100\}$	% of electricity unaccounted for	All	8%
TL23	Achieve two Green Drop awards	Number of awards	All	2
TL24	Achieve 5 Blue drop awards	Number of awards	All	5
TL25	Report on the implementation of the Water Service Development plan annually by the end of October 2015	Report submitted	All	1
TL39	Provision of water to informal households with access within a 200 m radius	No of informal households that have access to water within a 200 m radius	All	3,152
TL40	Provision of cleaned piped water to all formal households within 200 m from households	No of formal households that meet agreed service standards for piped water	All	32,483
TL41	Provision of refuse removal, refuse dumps and solid waste disposal to all formal households at least once a week	Number of formal households for which refuse is removed at least once a week	All	33,094
TL42	Provision of refuse removal, refuse dumps and solid waste disposal to all informal households at least once a week	Number of informal households for which refuse is removed at least once a week	All	3,152
TL43	Provision of Electricity: Number of metered electrical connections in formal areas (Eskom Areas	Number of formal households that meet agreed service standards	All	25,354

Chapter 3: Service Delivery Performance

Ref	KPI	Unit of Measurement	Wards	Annual Target
	excluded)			
TL44	Provision of free basic electricity, refuse removal, sanitation and water in terms of the equitable share requirements	Number of households	All	6,650
TL45	Percentage of a municipality's capital budget actually spent on capital projects identified for 2015/16 in terms of the municipality's IDP {(Actual amount spent on projects as identified for the year in the IDP/Total amount spent on capital projects)X100}	% of the capital budget spent	All	98%
TL46	The provision of sanitation services to informal households based on the standard of 1 toilet to 5 households	No of informal households that have access to sanitation based on the standard of 1 toilet to 5 households	All	3,406
TL47	Provision of sanitation services to formal residential households	No of formal residential households which are billed for sewerage in accordance to the SAMRAS financial system	All	32,483
TL48	100% of the Municipal Infrastructure Grant (MIG) spent by 30 June 2016 (Actual MIG expenditure/Allocation received)	% Expenditure of allocated funds	All	100%

Table 210.: Service Delivery Priorities for 2015/16– Basic Service Delivery

3.11.2 Good Governance

Ref	KPI	Unit of Measurement	Wards	Annual Target
TL6	Ward committee meetings held to facilitate consistent and regular communication with residents	Number of ward committee meetings per ward per annum	All	8
TL7	Submit quarterly progress reports on the revision of the top 10 risks as a corrective action to the Executive Management Team	Number of progress reports submitted	All	4
TL8	Quarterly report to the Management,	Quarterly reports submitted	All	4

Chapter 3: Service Delivery Performance

Ref	KPI	Unit of Measurement	Wards	Annual Target
	Executive Mayor, Auditor-General and Audit Committee on progress with implementation of key controls as identified in key control deficiencies			
TL9	Risk based audit plan approved by the Audit Committee by the end of June 2016	Plan approved	All	1
TL26	The percentage of a municipality's budget (training budget) actually spent on implementing its workplace skills plan (Actual expenditure divided by the budget allocated)	% of the training budget spent on implementation of the WSP	All	100%
TL27	Review the Municipal Organisational Staff Structure by the end of June 2016	Structure reviewed	All	1
TL28	Revise the Section 14 Access to Information Manual by the end of June 2016 to ensure compliant and up to date policies	Manual revised	All	1
TL29	90% of the approved and funded organogram filled {(actual number of posts filled dived by the funded posts budgeted) x100}	% filled	All	90%
TL30	The number of people from employment equity target groups employed in the three highest levels of management in compliance with a municipality's approved employment equity plan	The number of people from EE target groups employed	All	54
TL31	Provide legal assistance and input on policies, contracts, agreements, legislation, by-laws and authorities within 5 working days	Number of reponses to legal assistance provided within 5 working days	All	120
TL32	Monthly Report on additional court matters	Number of reports on court matters	All	12

Table 211.: Services Delivery Priorities for 2015/16- Good Governance

3.11.3 Optimization of financial resources

Ref	KPI	Unit of Measurement	Wards	Annual Target
TL1	98% of the operational conditional grant	% of total conditional	All	98%

Chapter 3: Service Delivery Performance

Ref	KPI	Unit of Measurement	Wards	Annual Target
	(Libraries, CDW) spent (Actual expenditure divided by the total grant received)	operational grants spent (Libraries, CDW)		
TL17	Financial viability measured in terms of the available cash to cover fixed operating expenditure ((Available cash+ investments)/ Monthly fixed operating expenditure)	Ratio achieved	All	1.3
TL18	Financial viability measured in terms of the municipality's ability to meet it's service debt obligations ((Total operating revenue-operating grants received)/debt service payments due within the year) (%)	Ratio achieved	All	17%
TL19	Financial viability measured in terms of the outstanding service debtors (Total outstanding service debtors/ revenue received for services)	% achieved	All	12.20%
TL20	Financial statements submitted to the Auditor-General by 31 August 2015	Financial statements submitted	All	1
TL21	Submit a reviewed long term financial plan by end of October 2015	Submission of long term financial plan	All	1
TL51	Achieve a debt recovery rate not less than 96% (Receipts/total billed for the 12 month period x 100)	% Recovered	All	96%

	to 396 work opportunities)			
TL16	Monthly monitor the statistics on the usage of the LED Walk-in Centre (outreach & referral purposes) through the attendance registers	Monthly registers on LED outreach statistics (walk in centre)	All	12
TL33	Establish a LDAC (Local Drug Action Committee) in terms of the Prevention and Treatment of Substance Abuse Act by August 2015	Established LDAC	All	1
TL49	Compile an action plan to improve on the LED maturity assessment	Plan Completed	All	1

Table 214.: Services Delivery Priorities for 2015/16 – Social Upliftment and Economic Development

CHAPTER 4

Participants- Municipal Minimum Competency (MMC) training

4.1 National Key Performance Indicators – Municipal Transformation and Organisational Development

The following table indicates the municipality's performance in terms of the National Key Performance Indicators required in terms of the Local Government: Municipal Planning and the Performance Management Regulations of 2001 and section 43 of the MSA. These key performance indicators are linked to the National Key Performance Area – Municipal Transformation and Organisational Development.

KPA & Indicators	Municipal Achievement	Municipal Achievement	Municipal Achievement	Municipal Achievement
	2011/12	2012/13	2013/14	2014/15
The number of people from employment equity target groups employed in the three highest levels of management in compliance with a municipality's approved employment equity plan	54	64	63	61
The percentage of a municipality's budget actually spent on implementing its workplace skills plan	100	100	100	99.64

Table 215.: National KPIs– Municipal Transformation and Organisational Development

4.2 Introduction to the Municipal Workforce

For the 2014/15 financial year Overstrand Municipality employed **1 085** (excluding non-permanent positions) officials, who individually and collectively contribute to the achievement of Municipality's

Chapter 4: Organisational Development Performance

objectives. The primary objective of Human Resource Management is to render an innovative HR service that addresses both skills development and an administrative function.

4.2.1 Employment Equity

The Employment Equity Act (1998) Chapter 3, Section 15 (1) states that affirmative action measures are measures designed to ensure that suitable qualified people from designated groups have equal employment opportunities and are equitably represented in all occupational categories and levels in the workforce of a designated employer. The national performance indicator also refers to: "Number of people from employment equity target groups employed in the three highest levels of management in compliance with a municipality's approved employment equity plan"

a) Employment Equity targets/actual

African		Coloured		Indian		White	
Target June	Actual June	Target June	Actual June	Target June	Actual June	Target June	Actual June

Non- permanent employees									
Grand total	273	392	2	112	60	128	1	115	1083

Table 220.: Occupational Levels

4.2.2 Vacancy Rate

The approved organogram for the municipality had **1 174** posts for the 2014/15 financial year. The actual positions filled are indicated in the tables below by post level and by functional level. **89** Posts were vacant at the end of (2014/15), resulting in a vacancy rate of 7.58%.

Below is a table that indicates the vacancies within the municipality:

Per Post Level		
Post level	Filled	Vacant
MM & MSA section 57 & 56	7	0
Middle management (T14-T19)	57	9
Admin Officers (T4-T13)	628	73
General Workers (T3)	393	7

Chapter 4: Organisational Development Performance

Per Post Level		
Post level	Filled	Vacant
Total	1085	89
Per Functional Level		
Functional area	Filled	Vacant
Municipal Manager	12	0
Management Services	47	4
Financial Services	102	13
Community Services	685	46
Protection Services	126	4
Infrastructure and Planning Services	110	19
Economic Development Services	3	3
Total	1085	89

Table 221.: Vacancy rate per post and functional level

The table below indicates the number of staff per level expressed as total positions and current vacancies express as full time staff equivalents:

Salary Level	Number of current critical vacancies	Total posts as per organo-gram	Vacancy job title	Vacancies (as a proportion of total posts per category)
Municipal Manager	0	1	n/a	0
Chief Financial Officer	0	1	n/a	0
Other Section 57 Managers	0	5	n/a	0
Senior management (T14-T19)	9	15	Risk Manager Manager: Purchases Manager: Tourism Town Planner Manager: Engineering Services Manager: Communications (Office of the Mayor) Manager: Corporate Projects Chief: Law Enforcement and Security Deputy Director: Electro technical Services	60%
Highly skilled supervision (T4-T13)	29	76	Artisan Assistant(Plumber) Works Operator Assistant Handyman Electrical Distribution	38%

Chapter 4: Organisational Development Performance

Salary Level	Number of current critical vacancies	Total posts as per organogram	Vacancy job title	Vacancies (as a proportion of total posts per category)
			Plant Operator Water & Sanitation Special Workman/Supervisor Supervisor: Electrical Services Supervisor: Purification Works Operator Grade II: Sewerage Works Artisan: Bricklayer Artisan: Plumber Plant Operator: Purification Works Process Controller: Water Purification Works Operator Artisan: Construction Artisan: Electrician Building Inspector Superintendent: Water & Sanitation Accounting: Costing Accountant: Operational Budget Senior Superintendent Senior Accountant: Assets and Insurance Senior superintendent: Operations	
Total	38	98		38.78%

Table 222.: Vacancy rate per salary level

4.2.3 Turnover rate

A high turnover may be costly to a municipality and might negatively affect productivity, service delivery and institutional memory/organizational knowledge. Below is a table that shows the turnover rate within the municipality. The turnover rate shows a **decrease** from **5.80%** in 2013/14 to **5.28%** in 2014/15.

The table below indicates the turn-over rate for the past three financial years:

Financial year	Total no appointments at the end of each Financial Year	New appointments	No Terminations during the year	Turn-over Rate
2011/12	56	56	59	5.40%
2012/13	57	57	56	5.00%

Chapter 4: Organisational Development Performance

Financial year	Total no appointments at the end of each Financial Year	New appointments	No Terminations during the year	Turn-over Rate
2013/14	58	58	64	5.80%
2014/15	113	113	62	5.28%

Table 223.: Turnover Rate

4.3 Managing the Municipal Workforce

Managing the municipal workforce refers to analyzing and coordinating employee behavior.

4.3.1 Injuries

An occupational injury is a personal injury, disease or death resulting from an occupational accident. Compensation claims for such occupational injuries are calculated according to the seriousness of the injury/disease and can be costly to a municipality. Occupational injury will influence the loss of man hours and therefore financial and productivity performance.

The injury rate shows an increase for the 2014/15 financial year from **164** employees injured to **151** employees in the 2013/14 financial year. Due to the nature of the injuries the duration of absenteeism due to Injury on duty (IOD) is lengthy in terms of IOD leave.

The table below indicates the total number of injuries within the different directorates:

Directorates	2011/12	2012/13	2013/14	2014/15
Municipal Manager	0	0	0	
Management Services	1	1	1	0
Financial Services	6	6	5	4
Community Services	127	98	110	3
Protection Services	24	12	16	117
Infrastructure and Planning Services	22	23	18	21
Economic Development Services	3	0	1	19
Total	183	140	151	0
				164

Table 224.: Injuries

Chapter 4: Organisational Development Performance

4.3.2 Sick Leave

The number of day's sick leave taken by employees has service delivery and cost implications. The monitoring of sick leave identifies certain patterns or trends. Once these patterns are identified, corrective action can be taken.

The total number of employees that have taken sick leave during the 2014/15 financial year shows a 19% **increase** when comparing it with the 2013/14 financial year. Noticeable is that the increase in percentage is much higher in office personnel.

The table below indicates the total number sick leave days taken within the different directorates:

Department	2011/12	2012/13	2013/14	2014/15
Municipal Manager	35	54	14	14
Management Services	333	237	82	195
Financial Services	1152	668	471	791
Community Services	8390	4835	3799	4813
Protection Services	819	463	282	608
Infrastructure and Planning Services	1176	546	491	525
Economic Development Services	45	4	28	19
Total	11950	6807	5167	6965

Table 225.: Sick Leave

4.3.3 HR Policies and Plans

Policies and plans provide guidance for fair and consistent staff treatment and a consistent approach to the managing of staff.

The table below shows the HR policies and plans that are approved and that still needs to be developed:

Approved policies	
Name of policy	Date approved/ revised
Employment Equity Policy	June 2015
Recruitment and Selection	Reviewed August 2013
Collective Agreement Conditions of Service	Adopted (SALGBC) June 2009 (Extended to 31

Chapter 4: Organisational Development Performance

Approved policies	
	December 2015)
Collective Agreement Disciplinary and Grievance Procedure	Adopted (SALGBC) June 2010
Municipal Code of Conduct	Schedule 2 of the Municipal Systems Act 32 of 2000
Uniform /Protective Clothing	November 2008
HIV/AIDS Policy	September 2009
Staff Succession Planning Policy	November 2010
Performance Management System- Implementation Policy	November 2008
Rewards and Incentive	November 2008
Retirement Planning	November 2008
Sexual Harassment	November 2008
Leave Policy	August 2010
Employee Study Aid Policy	Reviewed June 2014
OHS Policy	October 2010
TASK Job Evaluation Policy	Reviewed March 2013
Gift policy for officials	June 2011
Staff Succession planning policy guidelines	Reviewed June 2014
Performance Management Framework (PMF)	June 2014
Incapacity: Ill health/Injury policy	Reviewed June 2015
Policy on Membership of Medical aid Funds	June 2015
Policies still to be developed	
Name of policy	Proposed date of approval
None	

Table 226.: HR policies and plans

4.4 Capacitating the Municipal Workforce

Section 68(1) of the MSA states that municipality must develop its human resource capacity to a level that enables it to perform its functions and exercise its powers in an economical, effective, efficient and accountable way. For this purpose the human resource capacity of a municipality must comply with the Skills Development Act (SDA), 1998 (Act No. 81 of 1998), and the Skills Development Levies Act, 20 1999 (Act No. 28 of 1999).

4.4.1 Skills Matrix

The table below indicates the number of employees that received training in the year under review:

Chapter 4: Organisational Development Performance

Management level	Gender	Number of employees identified for training at start of the year (2014/15)	Number of Employees that received training (2014/15)
MM and S57	Female	0	0
	Male	0	0
Legislators, senior officials and managers	Female	8	9
	Male	19	4
Associate professionals and Technicians	Female	3	1
	Male	17	13
Professionals	Female	10	9
	Male	11	7
Clerks	Female	54	63
	Male	11	8
Service and sales workers	Female	4	12
	Male	13	51
Craft and related trade workers	Female	0	0
	Male	0	0
Plant and machine operators and assemblers	Female	1	0
	Male	15	30
Elementary occupations	Female	13	4
	Male	185	115
Sub total	Female	93	98
	Male	271	228
Total		364	326

Table 227.: Skills Matrix

4.4.2 Skills Development – Training provided

The Skills Development Act (1998) and the Municipal Systems Act, (2000), require employers to supply employees with the necessary training in order to develop its human resource capacity. Section 55(1)(f) states that as head of administration the Municipal Manager is responsible for the management, utilization and training of staff.

Table 228.: Skills Development

4.4.3 Skills Development - Budget allocation

The table below indicates that a total amount of **R2 222 400** were allocated to the workplace skills plan and that **99.64%** of the total amount was spent in the (2014/15) financial year:

Year	Total personnel budget	Total Allocated	Total Spend	% Spent
2011/12	R193 778 285	R3 171 200	R3 171 200	100
2012/13	R 824 059 000.00	R2 416 000.00	R2 412 976.34	99.87%
2013/14	R260 431 000.00	R2 010 000.00	R2 010 000.00	100%
2014/15	R291 593 000.00	R2 222 400	R 2 216 101,89	99.64 %

Table 229.: Budget allocated and spent for skills development

Chapter 4: Organisational Development Performance

4.4.4 MFMA Competencies

In terms of Section 83 (1) of the MFMA, the accounting officer, senior managers, the chief financial officer, non-financial managers and other financial officials of a municipality must meet the prescribed financial management competency levels that are key to the successful implementation of the Municipal Finance Management Act. National Treasury has prescribed such financial management competencies in Government Notice 493 dated 15 June 2007.

To assist the above-mentioned officials to acquire the prescribed financial competencies, National Treasury, with the collaboration of various stakeholders and role players in the local government sphere, developed an outcomes-based NQF Level 6 qualification in municipal finance management.

National treasury circular 6 extended the deadline to In terms of the Government Notice 493 of 15 June 2007, "(1) No municipality or municipal entity may, with effect 1 January 2013, employ a person as a financial official if that person does not meet the competency levels prescribed for the relevant position in terms of these Regulations."

On 14 March 2014, the deadline was further extended to 30 September 2015. The latest extension no longer speaks to of "special merit cases" but covers every affected official.

115 Employees were identified to obtain the abovementioned qualification and prescribed competencies. The 115 employees were divided into four groups of 30, 30, 26 and 29. The first group completed their training in January 2012, the second group in March 2012, the third group in August 2013 and the fourth group completed in January 2015. The service provider for the first three groups was the University of Pretoria, and the fourth group is the University Stellenbosch.

From the above mentioned it is clear that most of our staff will comply with the requirements of the Government Notice 493 of June 2007.

4.5 Managing the Municipal Workforce Expenditure

Section 66 of the MSA states that the accounting officer of a municipality must report to the Council on all expenditure incurred by the municipality on staff salaries, wages, allowances and benefits. This is in line with the requirements of the Public Service Regulations, (2002), as well as National Treasury Budget and Reporting Regulations SA22 and SA23.

4.5.1 Personnel Expenditure

The percentage personnel expenditure is essential in the budgeting process as it reflects on current and future efficiency. The table below indicates the percentage of the municipal budget that was

Chapter 4: Organisational Development Performance

spent on salaries and allowance for the past two financial years and that the municipality is well within the national norm of between 35 to 40%:

Financial year	Total Expenditure salary and allowances (R'000)	Total Operating Expenditure (R'000)	Percentage
	R'000	R'000	
2011/12	199 476	733 196	29.2
2012/13	224 760	745 589	30.16
2013/14	244,886	823 352	29.74
2014/15	257,389	908,694	28,33

Table 230.: Personnel Expenditure

Chapter 5: Financial Performance

CHAPTER 5

This chapter provides details regarding the financial performance of the municipality for the 2014/15 financial year.

The municipality takes inflationary pressures into account when tariffs and operational expenditure are budgeted for.

The table below shows the 5 most expensive consultancy arrangements for the 2014/15 financial year:

Consultant arrangement	Cost	Reason for this engagement
V & V CONSULTING ENGINEERS	R 4,003,806.22	Appointment of Consultants for various groundwater and engineering projects in the Overstrand Municipal area.
AL ABBOTT	R 1,613,016.78	Provision of laboratory services for the monitoring of water quality in the Overstrand Municipal Area.
UMVOTO AFRICA	R 2,043,033.79	Appointment of Consultants for various groundwater and engineering projects in the Overstrand Municipal area.
J PALM CONSULTING ENGINEERS	R1,575,569.87	Appointment of Consultants for various groundwater and engineering projects in the Overstrand Municipal area.
WORLEY PEARSONS	R 2,558,784.30	Appointment of Consultants for various groundwater and engineering projects in the Overstrand Municipal area.

Table 232.: 5 Most expensive consultants for 2014/15 financial year

COMPONENT A: STATEMENTS OF FINANCIAL PERFORMANCE

The Statement of Financial Performance provides an overview of the financial performance of the municipality and focuses on the financial health of the municipality.

5.1 Financial Summary

The table below indicates the summary of the financial performance for the 2014/15 financial year:

5.1.3 Operational Services Performance

The table below indicates the Operational services performance for the 2014/15 financial year:

Financial Performance of Operational Services							
R '000							
Description	2012/13	2013/14	2014/15			2014/15 Variance	
	Actual	Actual	Original Budget	Adjustments Budget	Actual	Original Budget	Adjustments Budget
Operating Cost							
Water	(75 341)	(72 120)	(76 407)	(73 237)	(70 507)	-8.37%	-3.87%
Waste Water (Sanitation)	(44 562)	(45 785)	(41 744)	(44 673)	(43 896)	4.90%	-1.77%
Electricity	(221 952)	(218 959)	(227 224)	(228 426)	(227 319)	0.04%	-0.49%
Waste Management	(46 617)	(29 426)	(44 790)	(91 875)	(90 621)	50.57%	-1.38%
Housing	14 670	1 875	2 618	24 629	21 539	87.84%	-14.35%
Component A: sub-total	(373 800)	(364 414)	(387 547)	(413 581)	(410 804)	5.66%	-0.68%
Waste Water (Stormwater Drainage)	(705)	(5 234)	(6 627)	(6 024)	(5 787)	-14.51%	-4.09%
Roads	(73 627)	(60 717)	(76 800)	(73 394)	(72 865)	-5.40%	-0.73%
Transport	–	–	–	–	–	0.00%	0.00%
Component B: sub-total	(74 331)	(65 950)	(83 427)	(79 418)	(78 652)	-6.07%	-0.97%
Planning	(26 446)	(20 868)	(24 354)	(23 554)	(18 037)	-35.02%	-30.58%
Local Economic Development	(3 972)	(3 198)	(7 928)	(7 565)	(6 837)	-15.96%	-10.65%
Component C: sub-total						-29.78%	-25.10%

Chapter 5: Financial Performance

Financial Performance of Operational Services							
R '000							
Description	2012/13	2013/14	2014/15			2014/15 Variance	
	Actual	Actual	Original Budget	Adjustments Budget	Actual	Original Budget	Adjustments Budget
	(30 418)	(24 066)	(32 282)	(31 119)	(24 874)		
Community & Social Services	(26 399)	(22 769)	(26 057)	(26 162)	(30 745)	15.25%	14.91%
Environmental Protection	(6 369)	(6 133)	(5 906)	(5 911)	(5 643)	-4.65%	-4.75%
Health	–		–	–	–	0.00%	0.00%
Security and Safety	(27 769)	(21 487)	(30 659)	(31 826)	(21 741)	-41.02%	-46.39%
Sport and Recreation	(9 646)	(4 152)	(9 828)	(8 682)	(7 955)	-23.54%	-9.13%
Corporate Policy Offices and Other	(97 107)	(148 129)	(147 248)	(147 799)	(142 693)	-3.19%	-3.58%
Component D: sub-total	(167 289)	(202 670)	(219 696)	(220 381)	(208 777)	-5.23%	-5.56%
Total Expenditure	(645 839)	(657 100)	(722 953)	(744 498)	(723 107)	0.02%	-2.96%

In this table operational income (but not levies or tariffs) is offset against operational expenditure leaving a net operational expenditure total for each service as shown in the individual net service expenditure tables in chapter 3. Variances are calculated by dividing the difference between actual and original/adjustments budget by the actual.

Table 237.: Operational Services Performance

Total Net Expenditure variance between the original budget and actual was 0.02%. Total Net Expenditure variance between the amended budget and actual was -2.96%.

5.2 Financial Performance per Municipal Function

5.2.1 Water Services

Description	2012/13	2013/14	2014/15			
	R'000					
	Actual	Actual	Original Budget	Adjustment Budget	Actual	Variance to Budget
Total Operational Revenue (excluding tariffs)	11 081	950	975	975	1 564	37.7%

Chapter 5: Financial Performance

Description	2012/13	2013/14	2014/15			
	R'000					
	Actual	Actual	Original Budget	Adjustment Budget	Actual	Variance to Budget
Expenditure:						
Employees	13 309	15 188	16 673	16 333	15 752	-3.7%

Chapter 5: Financial Performance

Table 251.: Financial Performance: Corporate Policy Offices & Other

5.3 Grants

5.3.1 Grant Performance

The municipality had a total amount of R56 million for infrastructure and other capital projects available that was received in the form of grants from the National and Provincial Governments during the 2014/15 financial year. The performance in the spending of these grants is summarised as follows:

Grant Performance							
R' 000							
Description	2012/13	2013/14	2014/15			2014/15 Variance

						1999 and other conditions as determined by the Department of Environmental Affairs and Development Planning.
Memorial Service in Honour of the former President Nelson Mandela				0.0%	#DIV/0!	Expenditure to be limited to funeral related activities excluding commemorative advertising and clothing.
Total	19 946	44 758	43 275	117.0%	-3.3%	
* This includes Neighbourhood Development Partnership Grant, Public Transport Infrastructure and Systems Grant and any other grant excluding Municipal Infrastructure Grant (MIG) which is dealt with in par 5.9.2. Variances are calculated by dividing the difference between actual and original/adjustments budget by the actual.						

Table 253.: Conditional Grant (excl. MIG)

Total conditional grants for the 2014/15 financial year was R43mil (excluding MIG grant and equitable share). The total conditional grants comprises of capital as well as operational grants.

The total conditional operating grants for the 2014/15 financial year was R8mil (excluding equitable share) and the total conditional capital grants for the 2014/15 financial year was R35mil (excluding MIG grant).

The operational transfers and grants finance the operational expenditure portion of the conditions attached the each relevant grant.

Total conditional grants variance between the original budget and actual was 117.0%. Total conditional grants variance between the amended budget and actual was -3.3%. This was due to two factors, namely:

- The housing allocation is on a claim basis even though it appears in the DoRA as a global amount. Additional amounts were allocated by the Human Settlements Department in two subsequent provincial adjustment budgets.
- FMSG & FMG conditional receipts of R0.802 million remained unspent at 30 June 2015.

Chapter 5: Financial Performance

Table 254.: Grants Received sources other than DORA

The total amount of grants received from other sources during the 2014/15 financial year was R3 million.

The benefits and conditions from conditional grants and grants received from other sources can be seen in the relevant tables above.

5.3.4 Level of Reliance on Grants & Subsidies

Financial year	Total grants	Total	Percentage
	and subsidies received	Operating Revenue	
	R'000	R'000	
2012/13	95 489	713 320	13.4%
2013/14	105 925	788 531	13.4%
2014/15	115 970	862 841	13.4%

Table 255.: Reliance on grants

The following graph indicates the municipality's reliance on grants as percentage for the last two financial years

Chapter 5: Financial Performance

Table 256.: Reliance on grants

Total amount of conditional grants received during the 2014/15 financial year was R43million (excluding MIG).

5.4 Asset Management

The objectives of the Asset Management within the Overstrand Municipality are to assist officials in understanding their legal and managerial responsibilities with regard to assets and to ensure the effective and efficient control of the municipality's assets through:

- proper recording of assets from authorisation to acquisition and to subsequent disposal;
- providing for safeguarding procedures,
- setting proper guidelines as to authorised utilisation;and
- prescribing for proper maintenance.

The key elements of the Asset Management Policy represent:

- Statutory and Regulatory Framework / Responsibilities and Accountabilities
- Financial Management / Internal Controls / Management of Control Items
- Management and Operation Of Assets / Classification & Components
- Accounting for Assets / Financial Disclosure

Chapter 5: Financial Performance

The Asset Management Section consists of three staff members and forms part of the Expenditure & Asset Management Division within the Finance Directorate.

The costing module on the SAMRAS Management Information System is utilized to cost all new asset components up to completion there-of. This approach was deployed over the past year with great success.

Regular Asset counts are conducted in accordance with the prescriptions of the Asset Management Policy. Information regarding Asset Register updates in respect of disposals, adjustments, review of useful life etc. is based on submissions by user departments in accordance with the procedures in place.

Management envisages that the Asset Register will be hosted on software specifically developed for this purpose (currently on Excel) and more to full adherence to GRAP requirements.

5.4.1 Treatment of the Three Largest Assets

Asset 1			
Name	Preekstoel Water Treatment Works Upgrade		
Description	Upgrading of Preekstoel Water Treatment Plant		
Asset Type	Infrastructure		
Key Staff Involved	Hanre Blignaut / Patrick Robinson / Hannes Vorster		
Staff Responsibilities	Project Management / Asset Register Compilation		
Asset Value	2012/13	2013/14	2014/15
	52 101 983	82 445 522	82 445 522
Capital Implications	External Loan / MIG Funding / Regional Bulk Infrastructure Grant		
Future Purpose of Asset	To treat raw water from the De Bos Dam and the three municipal well fields. The Works provide drinking water to the Greater Hermanus area.		
Describe Key Issues	Access to land (farms) for the installation of new bulk water pipelines		
Policies in Place to Manage Asset	Asset Management Policy		

Table 257.: Summary of Largest Asset

Asset 2	
Name	Hermanus Waste Water Treatment Works Upgrading
Description	Upgrading of the Waste Water Treatment Works at Hermanus
Asset Type	Infrastructure
Key Staff Involved	Hanre Blignaut / Patrick Robinson / Hannes Vorster
Staff Responsibilities	Project Management / Asset Register Compilation

Chapter 5: Financial Performance

	2012/13	2013/14	2014/15
Asset Value	22 897 159	46 694 370	46 694 370
Capital Implications	External Loans Funding / Regional Bulk Infrastructure Grant		
Future Purpose of Asset	To treat waste water (sewerage) from the Greater Hermanus Area		
Describe Key Issues	Proximity of the works to residential areas		
Policies in Place to Manage Asset	Asset Management Policy		

Table 258.: Summary of 2nd Largest Asset

Asset 3			
Name	New 66 KV Intake Point		
Description	66 KV Substation		
Asset Type	Infrastructure		
Key Staff Involved	Koos du Plessis / Jamie Klem / Hannes Vorster		
Staff Responsibilities	Project Management / Asset Register Compilation		
	2012/13	2013/14	2014/15
Asset Value	16 634 716	32 878 614	32 878 614
Capital Implications	External Loan Funding		
Future Purpose of Asset	Eskom could not supply enough capacity to cater for the growing demand, therefore second supply intake was needed		
Describe Key Issues	Identifying suitable land for construction of substation		
Policies in Place to Manage Asset	Asset Management Policy		

Table 259.: Summary of 3rd Largest Asset

All three projects listed above are revenue generating assets and the costs are recovered through tariffs.

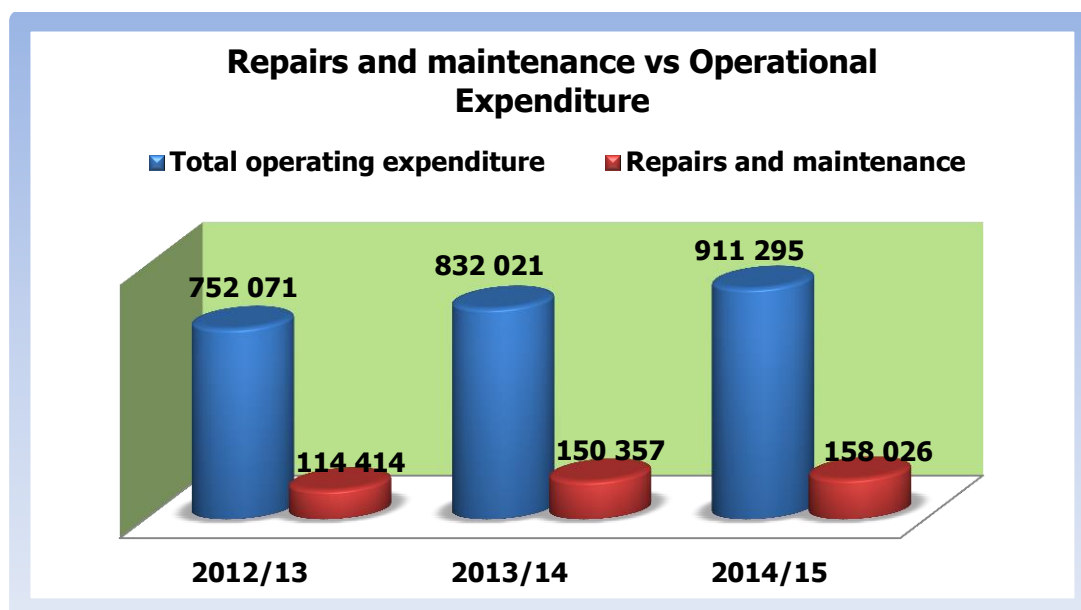

5.4.2 Repairs and Maintenance

Description	2011/12	2012/13	2013/14	2014/15
	R'000	R'000	R'000	R'000
Total Operating Expenditure	735 237	752 071	824 620	911 073
Repairs and Maintenance	64 845	114 414	150 357	158 026
% of total OPEX	8.8%	15.2%	18.2%	17.3%

Table 260.: Repairs & maintenance as % of total Operating Expenditure

The following graph indicates the percentage of the budget that was spent on repairs & maintenance in relation to the operational expenditure

Chapter 5: Financial Performance

Graph 24.: Repairs & Maintenance vs. Operational Expenditure

The percentage of repairs and maintenance over the total operating expenditure for the 2014/15 financial year was 17.3% (2013/14: 18.2%). The repairs and maintenance expenditure appears adequate to maintain existing infrastructure as service delivery is not negatively affected.

5.5 Financial Ratios Based on Key Performance Indicators

5.5.1 Liquidity Ratio

Description	Basis of calculation	2011/12	2012/13	2013/14	2014/15
		Audited outcome	Audit outcome	Audited outcome	Audited outcome

5.5.5 Employee costs

Description	Basis of calculation	2011/12	2012/13	2013/14	2014/15
		Audited outcome	Audited outcome	Audited outcome	Audited outcome
Employee costs	Employee costs/ (Total Revenue - capital revenue)	30.5%	32.7%	35.4%	33.3%

Table 266.: Employee Costs

Overstrand Municipality is still functioning inside the acceptable liquidity norm. The Municipality has a positive liquidity ratio. It increased from 1.08 to 1.76. The Municipality has a positive current ratio. It increased from 1.19 to 1.45. Efforts to increase the debt collection rate must stay the main focus area for improving this ratio. The largest contributor to the increase in the current liabilities is the unspent government grants and the consumer deposits.

The creditors' system efficiency increased from 97.8% to 98%. The cost coverage increased from 2.31 to 3.72. The total outstanding service debtors to revenue decreased from 10.40% to 10.36%. The debt coverage increased from 16.76 to 17.13. The capital charges to operating expenditure decreased from 7.3% to 7.0%. The employee cost over total operating revenue decreased from 35.4% to 33.3%. The repairs and maintenance over total operating expenditure decreased from 18.2% to 17.3%. The ratios indicate a sound financial position.

Table 268.: Capital Expenditure by funding source

The Public Contribution variance is as a result of assets recognised at year end.

Capital expenditure amounting to R3.3 million, funded from external loans, remained unspent at 30 June 2015 of which R3.3 million has rolled over to the 2015/2016 capital budget.

Table 269.: Capital Expenditure on the 5 Largest Projects

Name of Project	A – REPLACEMENT OF WATER PIPES
Objective of Project	The replacement and upgrade of ageing water network infrastructure
Delays	None
Future Challenges	To maintain an adequate rate of replacement of ageing infrastructure.
Anticipated citizen benefits	Less water supply interruptions; improved overall water supply service

Table 270.: Summary of Replacement of Water pipes

Name of Project	B – KARWYDESKRAAL: NEW WASTE CELL
Objective of Project	To build a new cell to discharge general waste at landfill according to specifications by DEADP.
Delays	Adverse weather conditions
Future Challenges	To extend the landfill site when existing cells reach its full capacity and to rehabilitate completely filled cells as required by legislation.
Anticipated citizen benefits	A landfill site constructed to the required standards, thereby contributing to a healthy environment

Table 271.: Summary of Karwyderskraal: New waste cell

Name of Project	C - ELUXOLWENI - NEW BULK SEWERAGE FOR HOUSING PROJECT
Objective of Project	To extend the waterborne sewer network in Eluxolweni.
Delays	Adverse weather conditions during winter

Chapter 5: Financial Performance

Future Challenges	The allocation of sufficient funding to complete the entire sewer network in area.
Anticipated citizen benefits	Improved sanitation service through the eradication of the tanker truck system, replacing it with a waterborne sewer system.

Table 272.: Summary of Eluxolweni- New Bulk Sewerage for Housing project

Name of Project	D - UPGRADE AND REHABILITATE ROADS
Objective of Project	Upgrade the existing gravel roads to paved roads, allow sidewalks and install proper stormwater infrastructure in Zwelihle.
Delays	The project was awarded and proceeded as per programme.
Future Challenges	The increase of security during construction phase for the safe keeping of material.
Anticipated citizen benefits	There will be no houses being flooded, standing water and muddy conditions during winter, no severe dust storms during summer, no unsafe and unhealthy living conditions and continuous maintenance to keep roads operational.

Table 273.: Summary of Upgrade and Rehabilitate Roads

Name of Project	E - ELECTRIFICATION OF LOW COST HOUSING AREAS (INEP)
Objective of Project	Extend and Increase the Electricity Supply capacity for the Kleinmond area of electricity supply
Delays	The project has been awarded and is proceeding as per program.
Future Challenges	Adjusting the existing electricity network to align with the upgraded and altered position of electricity supply to Kleinmond.
Anticipated citizen benefits	Increased capacity of electricity supply will allow the addition of complexes such as a shopping mall and additional industry developments

Table 274.: Summary of Electrification of Low cost housing areas (INEP)

The variance between the original and adjustment budgets on these projects amount to 10% and 1% respectively.

5.9 Basic Service and Infrastructure Backlogs – Overview

The backlogs in the provision of water and sanitation in the informal settlements are the result of the historical migration of people into the area. Infrastructure in the informal settlements is, however, upgraded on a continual basis. The Access to Basic Services (ABS) project initiated by the Department of Human Settlement, aligned with Strategic Objective no. 6 of the Provincial Government, is completed. Additional water points and toilets were provided in these areas to improve the ratio of

Chapter 5: Financial Performance

the provision of services to 1 toilet per 5 households and 1 water point per 25 households (these ratios being the minimum standards nationally).

5.9.1 Service Backlogs

Households (HHs)				
Description	Service level above minimum standard		Service level below minimum standard	
	No. HHs	% HHs	No. HHs	% HHs
Water	32032	100%	0	0%
Sanitation	30930	100%	0	0%
Electricity	23736	79%	0	0%
Waste management	31829	100%	0	0%

Table 275.: Service Backlogs

5.9.2 Municipal Infrastructure Grant (MIG)

The MIG grant is intended to provide specific capital finance for basic municipal infrastructure backlogs for poor households, micro enterprises and social institutions servicing poor communities.

Total	20 674 000	20 674 000	20 674 000	0	0

** MIG is a government grant program designed to fund a reduction in service backlogs, mainly: Water; Sanitation; Roads; Electricity. Expenditure on new, upgraded and renewed infrastructure is set out at Appendix M; note also the calculation of the variation. Variances are calculated by dividing the difference between actual and original/adjustment budget by the actual.*

Table 276.: Municipal Infrastructure Grant (MIG)

The MIG allocation of R 20 674 000 for 2014/15 were spent on the following projects:

Upgrade roads (Zwelihle) (R 4 650 254.00) & Landa Road (R 1 350 000.00)

The gravel roads of Zwelihle were in poor condition while the surfaced roads' condition varied between poor to fair. A large portion of the surfaced roads had no kerbs or edgings and contained edge breaks which reduced the surface width of the roads. The gravel roads were generally in poor condition due to insufficient and silted up storm water drainage systems. The insufficient stormwater

Chapter 5: Financial Performance

infrastructure leads to standing water and muddy conditions on the roads during the rainy season. The gravel roads needed continuous maintenance to keep it in decent operational condition. The streets had no kerbs leading to edge breaks and had the consequence that vehicles encroached onto pedestrian areas, which make it very unsafe for them. These roads and the stormwater infrastructure have been upgraded and kerbs were installed during the 2013/2014 and 2014/2015 financial years. 3.15km of roads in Zwelihle have been upgraded. The total project cost is R 7 775 761.00 of which R 4 650 254.00 were spent in the 2014/2015 financial year. The project cost for the upgrading of Landa Road amounted to R 1 350 000.00. The project was successfully completed.

Roads under construction

Completed roads

Pearly beach waste water treatment works (WWTW) (R 5 851 015.00)

The bulk sewer infrastructure project for the housing development in Eluxolweni, Pearly Beach, comprises of a sewage pump station, rising main and an oxidation pond system. Eluxolweni does not have an existing waste water treatment works, the existing 100 erven are currently being serviced by conservancy tanks. The project will benefit the whole population of Eluxolweni. The population consists of a total of 319 households this includes the current 100 households, the proposed new low cost housing development consisting of 211 houses and the future development of 108 houses. The project will ensure safe and healthy living conditions.

Chapter 5: Financial Performance

Oxidation ponds

The first phase consisted of the provision of the sewage pipeline to the proposed waste water works and the design of the WWTW. Phase 1 was completed during the 2013/2014 financial year. The construction of the WWTW was completed in the 2014/2015 financial year.

Overhills: Kleinmond soccer field (R 1 565 370.00)

Phase 1 of the project, the turf soccer field was started in the 2013/2014 financial year and was completed in the 2014/2015 financial year. Phase 2 entailed the construction of the access road and was completed in the 2014/2015 financial year. The project will benefit the whole population of Overhills in Kleinmond and will improve community cohesion; increase the local community's interest in sport; improve people's physical health and well-being, improve sport development & skills and will create temporary job opportunities.

Chapter 5: Financial Performance

Phase 1 – Completed

Phase 2- Under Construction

Zwelihle: Installation of Stormwater (R 1 200 000.00)

The existing stormwater infrastructure in Zwelihle is insufficient and in urgent need of upgrading. The area experience severe problems with stormwater and a high water table during the rainy season, even are flooded on a regular basis and remain wet for long periods, leading to the damage of properties. Storm water flows into the sewer system, causing the network to overflow which in turn contribute to waterborne deceases.

Under Construction

To address these problems the Installation of Stormwater infrastructure in Zwelihle was implemented in 2014/2015 financial year. The works were divided into two phases: Phase 1 entailed the laying stormwater pipes in Still Street and was completed in the 2014/2015 financial year. Phase 2 entails the installation of stormwater in Peach House Area, Sazona Street, Hlobo Street, Hlola Street, Ntlobati Street & Ntlanzi Street and will be completed in the 2015/2016 financial year (**R 2 476 500.00**).

Chapter 5: Financial Performance

Construction of MIG PMU Building (R 1 700 000.00)

Due to the centralization of the Town Planning Department, the Department Property Administration will occupy office space currently used by the Department Engineering Services. The current space is insufficient to accommodate the two Departments. Alternatives have been investigated for the provision of office space. It has consequently been decided to extend the existing offices located at the Preekstoel Water Treatment Works (WTW) for the following reasons;

PMU Building Under Construction

Existing office space at the WTW (Preekstoel) is currently occupied by the Department Water & Sanitation Planning and Operational Services;

The two Departments form an integral part along with the Department of Engineering Services to ensure;

- Effective development of the Municipal Infrastructure
- Effective management, operation and maintenance of municipal infrastructure;
- Weaknesses of silo management can be addressed to ensure effective and satisfactory service delivery.

The project will be completed in the 2015/2016 financial year.

Karwyderskraal New Waste Cell (R 4 057 361)

The Karwyderskraal regional landfill site is owned and operated by Overberg District Municipality (ODM). The site received waste from Overstrand (OM) & Theewaterkloof municipal areas, consisting of mainly domestic & commercial waste, minor non-hazardous industrial waste, builder's rubble and garden waste.

The air space at Karwyderskraal landfill site reached its capacity in December 2010/2011 financial year which led to the closure of the site. Agreement has been reached between the ODM and OM that OM lease the operational area of the landfill site to build a new cell and operate it until it reach

Chapter 5: Financial Performance

it's lifespan (\pm 7 years). R 4 057 361 MIG funds as well municipal funding was utilized for the construction of the new cell. The cell was completed in the 2014/2015 financial year.

New Cell at Karwyderskraal Landfill Site

COMPONENT C: CASH FLOW MANAGEMENT AND INVESTMENTS

Cash flow management is critical to the municipality as it enables the organisation to assess whether enough cash is available at any point in time to cover the council's commitments. Cash flow is rigorously managed and monitored on a regular basis.

**ANNEXURE A:
FINANCIAL STATEMENTS**

Overstrand Municipality
Financial statements
for the year ended 30 June 2015

**OVERSTRAND MUNICIPALITY
ANNUAL FINANCIAL STATEMENTS**

for the year ended 30 June 2015

APPROVAL OF THE ANNUAL FINANCIAL STATEMENTS

I am responsible for the preparation of these annual financial statements, which are set out on pages 1 to 76, in terms of Section 126(1)(a) of the Municipal Finance Management Act and which I have signed on behalf of the Municipality.

I certify that the salaries, allowances and benefits of Councillors, loans made to Councillors, if any, and payments made to Councillors for loss of office, if any, as disclosed in the notes of these annual financial statement are within the upper limits of the framework envisaged in Section 219 of the Constitution, read with the Remuneration of Public Office Bearers Act and the Minister of Provincial and Local Government's determination in accordance with this Act.

Handwritten signature of CC Groenhewald in black ink, written over a horizontal line.

CC Groenhewald

Municipal Manager

Financial Statements for the year ended 30 June 2015

Accounting Policies

1. Presentation of Financial Statements

The financial statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practice (GRAP) including any interpretations, guidelines and directives issued by the Accounting Standards Board in accordance with Section 122(3) of the Municipal Finance Management Act, (Act no. 56 of 2003).

These financial statements have been prepared on an accrual basis of accounting and are in accordance with historical cost convention as the basis of measurement, unless specified otherwise.

The financial statements have been prepared on a going-concern basis.

A summary of the significant accounting policies, which have been consistently applied in the preparation of these financial statements, are disclosed below.

These accounting policies are consistent with the previous period.

1.1 Presentation currency

These financial statements are presented in South African Rand, which is the functional currency of the municipality.

1.2 Significant judgements and sources of estimation uncertainty

In preparing the financial statements, management is required to make estimates and assumptions that affect the amounts represented in the financial statements and related disclosures. Use of available information and the application of judgement is inherent in the formation of estimates. Actual results in the future could differ from these estimates which may be material to the financial statements. Significant judgements include:

Impairment testing

The municipality reviews and tests the carrying value of assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. In addition, goodwill is tested on an annual basis for impairment. Assets are grouped at the lowest level for which identifiable cash flows are largely independent of cash flows of other assets and liabilities. If there are indications that impairment may have occurred, estimates are prepared of expected future cash flows for each group of assets. Expected future cash flows used to determine the value in use of goodwill and tangible assets are inherently uncertain and could materially change over time. They are significantly affected by a number of factors.

Provisions

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions are included in note 19 - Provisions.

Useful lives of infrastructure and other assets

The municipality's management determines the estimated useful lives and related depreciation charges for the waste water and water networks. This estimate is based on industry norm. Management will increase the depreciation charge where useful lives are less than previously estimated useful lives.

Post retirement benefits

The present value of the post retirement obligation depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) include the discount rate. Any changes in these assumptions will impact on the carrying amount of post retirement obligations.

Receivables from non-exchange transactions

Management made key assumptions and estimations to determine the initial recognition and measurement of revenue on fines using estimated reductions based on historical information.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.3 Investment property

Investment property is property (land or a building - or part of a building - or both) held to earn rentals or for capital appreciation or both, rather than for:

- use in the production or supply of goods or services or for
- administrative purposes, or
- sale in the ordinary course of operations.

Owner-occupied property is property held for use in the production or supply of goods or services or for administrative purposes.

Investment property is initially recognised at cost. Transaction costs are included in the initial measurement.

Where investment property is acquired through a non-exchange transaction, its cost is its fair value as at the date of acquisition.

Fair value

Subsequent to initial measurement investment property is measured at fair value.

The fair value of investment property reflects market conditions at the reporting date.

A gain or loss arising from a change in fair value is included in net surplus or deficit for the period in which it arises.

Compensation from third parties for investment property that was impaired, lost or given up is recognised in surplus or deficit when the compensation becomes receivable.

Property interests held under operating leases are classified and accounted for as investment property.

When classification is difficult, the criteria used to distinguish investment property from owner-occupied property and from property held for sale in the ordinary course of operations, are as follows:

- All properties held to earn market-related rentals or for capital appreciation or both and that are not for administrative purposes and that will not be sold in the ordinary course of operations are classified as Investment Properties.
- Land held for currently undetermined future use.
- Leases properties that are held to provide a social (community) service or that are necessary for employees to perform their job functions, but which also generates rental revenue are not seen as Investment Properties. The rental revenue generated is incidental to the purposes for which the property is held.

1.4 Property, plant and equipment

Property, plant and equipment is initially measured at cost.

The cost of an item of property, plant and equipment is the purchase price and other costs attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Trade discounts and rebates are deducted in arriving at the cost.

Where an asset is acquired through a non-exchange transaction, its cost is its fair value as at date of acquisition.

Where an item of property, plant and equipment is acquired in exchange for a non-monetary asset or assets, or a combination of assets and non-monetary assets, the asset acquired is initially measured at fair value (the cost). If the acquired item's fair value was not determinable, it's deemed cost is the carrying amount of the asset(s) given up.

When significant components of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment is carried at cost less accumulated depreciation and any impairment losses.

Property, plant and equipment are depreciated on the straight line basis over their expected useful lives to their estimated residual value.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.4 Property, plant and equipment (continued)

The useful lives of items of property, plant and equipment have been assessed as follows:

Item	Average useful life in years
Buildings	5 - 30
Furniture and fixtures	3 - 15
Motor vehicles	4 - 10
Office equipment	3 - 15
Infrastructure	
• Road and paving	3 - 60
• Pedestrian malls	25 - 80
• Electricity	3 - 60
• Water	5 - 100
• Sewerage	10 - 60
• Housing	30
Community	
• Improvements	5 - 30
• Recreational facilities	5 - 30
• Security	5 - 15
Bins and containers	10 - 15

The residual value, the useful life and depreciation method of each asset are reviewed at least at the end of each reporting date. If the expectations differ from previous estimates, the change is accounted for as a change in accounting estimate.

Reviewing the useful life of an asset on an annual basis does not require the entity to amend the previous estimate unless expectations differ from the previous estimate.

Items of property, plant and equipment are derecognised when the asset is disposed of or when there are no further economic benefits or service potential expected from the use or disposal of the asset.

The gain or loss arising from the derecognition of an item of property, plant and equipment is included in surplus or deficit when the item is derecognised. The gain or loss arising from the derecognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item.

Land is not depreciated as it is deemed to have an indefinite useful life.

Incomplete construction work is stated at historical cost. Depreciation only commences when the asset is available for use.

1.5 Intangible assets

An asset is identifiable if it either:

- is separable, i.e. is capable of being separated or divided from an entity and sold, transferred, licensed, rented or exchanged, either individually or together with a related contract, identifiable assets or liability, regardless of whether the entity intends to do so; or
- arises from binding arrangements (including rights from contracts), regardless of whether those rights are transferable or separable from the municipality or from other rights and obligations.

Intangible assets are initially recognised at cost.

Where an intangible asset is acquired through a non-exchange transaction, its initial cost at the date of acquisition is measured at its fair value as at that date.

Intangible assets are carried at cost less any accumulated amortisation and any impairment losses.

An intangible asset is regarded as having an indefinite useful life when, based on all relevant factors, there is no foreseeable limit to the period over which the asset is expected to generate net cash inflows or service potential. Amortisation is not provided for these intangible assets, but they are tested for impairment annually and whenever there is an indication that the asset may be impaired. For all other intangible assets amortisation is provided on a straight line basis over their useful life.

The amortisation period and the amortisation method for intangible assets are reviewed at each reporting date.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.5 Intangible assets (continued)

Reassessing the useful life of an intangible asset with a finite useful life after it was classified as indefinite is an indicator that the asset may be impaired. As a result the asset is tested for impairment and the remaining carrying amount is amortised over its useful life.

Amortisation is provided to write down the intangible assets, on a straight line basis, to their residual values as follows:

Item	Average useful life in years
Computer software, other	2 - 5

1.6 Heritage assets

Class of heritage assets means a grouping of heritage assets of a similar nature or function in a municipality's operations that is shown as a single item for the purpose of disclosure in the financial statements.

Cost is the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire an asset at the time of its acquisition or construction or, where applicable, the amount attributed to that asset when initially recognised in accordance with the specific requirements of other Standards of GRAP.

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Heritage assets are assets that have a cultural, environmental, historical, natural, scientific, technological or artistic significance and are held indefinitely for the benefit of present and future generations.

An inalienable item is an asset that a municipality is required by law or otherwise to retain indefinitely and cannot be disposed of without consent.

The Municipality classifies assets as heritage assets where the significance as a heritage asset can be determined. In regards to land and buildings all graded sites are classified a Heritage Assets. Furthermore land with a natural significance is not componentised but seen as a single Heritage asset due to all parts contributing together to make up its significance.

Recognition

The municipality recognises a heritage asset as an asset if it is probable that future economic benefits or service potential associated with the asset will flow to the municipality, and the cost or fair value of the asset can be measured reliably.

Initial measurement

Heritage assets are measured at cost.

Where a heritage asset is acquired through a non-exchange transaction, its cost is measured at its fair value as at the date of acquisition.

Subsequent measurement

After recognition as an asset, a class of heritage assets is carried at its cost less any accumulated impairment losses.

Impairment

The municipality assess at each reporting date whether there is an indication that it may be impaired. If any such indication exists, the municipality estimates the recoverable amount or the recoverable service amount of the heritage asset.

Transfers

Transfers from heritage assets are only made when the particular asset no longer meets the definition of a heritage asset.

Transfers to heritage assets are only made when the asset meets the definition of a heritage asset.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.6 Heritage assets (continued)

Derecognition

The municipality derecognises heritage assets on disposal, or when no future economic benefits or service potential are expected from its use or disposal.

The gain or loss arising from the derecognition of a heritage asset is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the heritage asset. Such difference is recognised in surplus or deficit when the heritage asset is derecognised.

1.7 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or a residual interest of another entity.

The amortised cost of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured at initial recognition minus principal repayments, plus or minus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, and minus any reduction (directly or through the use of an allowance account) for impairment or uncollectibility.

Derecognition is the removal of a previously recognised financial asset or financial liability from a municipality's statement of financial position.

Classification

The municipality has the following types of financial assets (classes and category) as reflected on the face of the statement of financial position or in the notes thereto:

Class	Category
Operating lease assets	Financial asset measured at amortised cost
Receivables from exchange transactions	Financial asset measured at amortised cost
Receivables from non-exchange transactions	Financial asset measured at amortised cost
VAT receivable	Financial asset measured at amortised cost
Consumer debtors	Financial asset measured at amortised cost
Long term receivables	Financial asset measured at amortised cost
Cash and cash equivalents	Financial asset measured at amortised cost
Other financial assets	Financial asset measured at fair value

The municipality has the following types of financial liabilities (classes and category) as reflected on the face of the statement of financial position or in the notes thereto:

Class	Category
Other financial liabilities	Financial liability measured at amortised cost
Finance lease obligations	Financial liability measured at amortised cost
Payables from exchange transactions	Financial liability measured at amortised cost
Consumer deposits	Financial liability measured at amortised cost

Initial recognition

The municipality recognises a financial asset or a financial liability in its statement of financial position when the municipality becomes a party to the contractual provisions of the instrument.

The municipality recognises financial assets using trade date accounting.

Initial measurement of financial assets and financial liabilities

The municipality measures a financial asset and financial liability initially at its fair value plus transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.7 Financial instruments (continued)

Subsequent measurement of financial assets and financial liabilities

The municipality measures all financial assets and financial liabilities after initial recognition using the following categories:

- Financial instruments at fair value.
- Financial instruments at amortised cost.
- Financial instruments at cost.

All financial assets measured at amortised cost, or cost, are subject to an impairment review.

Gains and losses

A gain or loss arising from a change in the fair value of a financial asset or financial liability measured at fair value is recognised in surplus or deficit.

For financial assets and financial liabilities measured at amortised cost or cost, a gain or loss is recognised in surplus or deficit when the financial asset or financial liability is derecognised or impaired, or through the amortisation process.

Impairment and uncollectibility of financial assets

The municipality assesses at the end of each reporting period whether there is any objective evidence that a financial asset or group of financial assets are impaired.

Financial assets measured at amortised cost:

If there is objective evidence that an impairment loss on financial assets measured at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced directly or through the use of an allowance account. The amount of the loss is recognised in surplus or deficit.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed directly or by adjusting an allowance account. The reversal does not result in a carrying amount of the financial asset that exceeds what the amortised cost would have been had the impairment not been recognised at the date the impairment is reversed. The amount of the reversal is recognised in surplus or deficit.

The calculation in respect of the impairment of fines receivable (receivables from non-exchange transactions) is based on an assessment of the past payment history of fines per category.

Derecognition

Financial assets

The municipality derecognises a financial asset only when:

- the contractual rights to the cash flows from the financial asset expire, are settled or waived;
- the municipality transfers to another party substantially all of the risks and rewards of ownership of the financial asset; or
- the municipality, despite having retained some significant risks and rewards of ownership of the financial asset, has transferred control of the asset to another party and the other party has the practical ability to sell the asset in its entirety to an unrelated third party, and is able to exercise that ability unilaterally and without needing to impose additional restrictions on the transfer. In this case, the municipality :
 - derecognise the asset; and
 - recognise separately any rights and obligations created or retained in the transfer.

On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received is recognised in surplus or deficit.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.7 Financial instruments (continued)

If a transfer does not result in derecognition because the municipality has retained substantially all the risks and rewards of ownership of the transferred asset, the municipality continues to recognise the transferred asset in its entirety and recognises a financial liability for the consideration received. In subsequent periods, the municipality recognises any revenue on the transferred asset and any expense incurred on the financial liability. Neither the asset, and the associated liability nor the revenue, and the associated expenses are offset.

Financial liabilities

The municipality removes a financial liability (or a part of a financial liability) from its statement of financial position when it is extinguished — i.e. when the obligation specified in the contract is discharged, cancelled, expires or waived.

The difference between the carrying amount of a financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in surplus or deficit. Any liabilities that are waived, forgiven or assumed by another entity by way of a non-exchange transaction are accounted for in accordance with the Standard of GRAP on Revenue from Non-exchange Transactions (Taxes and Transfers).

1.8 Leases

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

When a lease includes both land and buildings elements, the entity assesses the classification of each element separately.

Finance leases - lessor

The municipality recognises finance lease receivables as assets on the statement of financial position. Such assets are presented as a receivable at an amount equal to the net investment in the lease.

Finance revenue is recognised based on a pattern reflecting a constant periodic rate of return on the municipality's net investment in the finance lease.

Finance leases - lessee

Finance leases are recognised as assets and liabilities in the statement of financial position at amounts equal to the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation.

The discount rate used in calculating the present value of the minimum lease payments is the interest rate implicit in the lease.

Minimum lease payments are apportioned between the finance charge and reduction of the outstanding liability. The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate on the remaining balance of the liability.

Any contingent rents are expensed in the period in which they are incurred.

Operating leases - lessor

Operating lease revenue is recognised as revenue on a straight-line basis over the lease term.

Operating leases - lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset or liability.

1.9 Inventories

Inventories are initially measured at cost except where inventories are acquired through a non-exchange transaction, then their costs are their fair value as at the date of acquisition.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.9 Inventories (continued)

Subsequently inventories are measured at the lower of cost and net realisable value or the lower of cost and current replacement cost.

Inventories are measured at the lower of cost and current replacement cost where they are held for;

- distribution at no charge or for a nominal charge; or
- consumption in the production process of goods to be distributed at no charge or for a nominal charge.

The cost of inventories comprises of all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

The cost of inventories is assigned using the weighted average cost formula. The same cost formula is used for all inventories having a similar nature and use to the municipality.

When inventories are sold, the carrying amounts of those inventories are recognised as an expense in the period in which the related revenue is recognised. If there is no related revenue, the expenses are recognised when the goods are distributed, or related services are rendered. The amount of any write-down of inventories to net realisable value or current replacement cost and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories, arising from an increase in net realisable value or current replacement cost, are recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

Water is valued at purified cost insofar as it is stored and controlled in reservoirs at year-end.

Low cost housing properties are subsequently valued at the lower of cost and current replacement cost. Direct costs are accumulated for each separately identifiable development. Costs also include a proportion of overhead costs.

1.10 Impairment of cash-generating assets

Impairment is a loss in the future economic benefits or service potential of an asset, over and above the systematic recognition of the loss of the asset's future economic benefits or service potential through depreciation (amortisation).

Carrying amount is the amount at which an asset is recognised in the statement of financial position after deducting any accumulated depreciation and accumulated impairment losses thereon.

Recoverable amount of an asset or a cash-generating unit is the higher its fair value less costs to sell and its value in use.

Identification

When the carrying amount of a cash-generating asset exceeds its recoverable amount, it is impaired.

The municipality assesses at each reporting date whether there is any indication that a cash-generating asset may be impaired. If any such indication exists, the municipality estimates the recoverable amount of the asset.

Value in use

Value in use of a cash-generating asset is the present value of the estimated future cash flows expected to be derived from the continuing use of an asset and from its disposal at the end of its useful life.

When estimating the value in use of an asset, the municipality estimates the future cash inflows and outflows to be derived from continuing use of the asset and from its ultimate disposal and the municipality applies the appropriate discount rate to those future cash flows.

1.11 Impairment of non-cash-generating assets

Non-cash-generating assets are assets other than cash-generating assets.

Impairment is a loss in the future economic benefits or service potential of an asset, over and above the systematic recognition of the loss of the asset's future economic benefits or service potential through depreciation (amortisation).

Carrying amount is the amount at which an asset is recognised in the statement of financial position after deducting any accumulated depreciation and accumulated impairment losses thereon.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.11 Impairment of non-cash-generating assets (continued)

Recoverable service amount is the higher of a non-cash-generating asset's fair value less costs to sell and its value in use.

Identification

When the carrying amount of a non-cash-generating asset exceeds its recoverable service amount, it is impaired.

The municipality assesses at each reporting date whether there is any indication that a non-cash-generating asset may be impaired. If any such indication exists, the municipality estimates the recoverable service amount of the asset.

Value in use

Value in use of non-cash-generating assets is the present value of the non-cash-generating assets remaining service potential.

1.12 Employee benefits

Employee benefits are all forms of consideration given by an municipality in exchange for service rendered by employees.

Other long-term employee benefits are employee benefits (other than post-employment benefits and termination benefits) that are not due to be settled within twelve months after the end of the period in which the employees render the related service.

Composite social security programmes are established by legislation and operate as multi-employer plans to provide post-employment benefits as well as to provide benefits that are not consideration in exchange for service rendered by employees.

A constructive obligation is an obligation that derives from an municipality's actions where by an established pattern of past practice, published policies or a sufficiently specific current statement, the municipality has indicated to other parties that it will accept certain responsibilities and as a result, the municipality has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

Short-term employee benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are due to be settled within twelve months after the end of the period in which the employees render the related service.

Short-term employee benefits include items such as:

- wages, salaries and social security contributions;
- short-term compensated absences (such as paid annual leave and paid sick leave) where the compensation for the absences is due to be settled within twelve months after the end of the reporting period in which the employees render the related employee service;
- bonus, incentive and performance related payments payable within twelve months after the end of the reporting period in which the employees render the related service; and
- non-monetary benefits (for example, medical care, and free or subsidised goods or services such as housing, cars and cellphones) for current employees.

The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-accumulating absences, when the absence occurs. The municipality measure the expected cost of accumulating compensated absences as the additional amount that the entity expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The municipality recognise the expected cost of bonus, incentive and performance related payments when the municipality has a present legal or constructive obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made. A present obligation exists when the entity has no realistic alternative but to make the payments.

Post-employment benefits

Post-employment benefits are employee benefits (other than termination benefits) which are payable after the completion of employment.

Post-employment benefit plans are formal or informal arrangements under which an municipality provides post-employment benefits for one or more employees.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.12 Employee benefits (continued)

Multi-employer plans are defined contribution plans under which the municipality pays fixed contributions into a separate entity. The municipality has no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to service in the current or prior periods.

The municipality's contributions to the defined contribution funds are established in terms of the rules governing those plans. Contributions are recognised in the Statement of Financial Performance in the period in which the service is rendered by the relevant employees. The municipality has no further payment obligations once the contributions have been paid.

The municipality contributes to various National- and Provincial-administered Defined Benefit Plans on behalf of its qualifying employees. These funds are multi-employer funds. The contributions to the fund obligations for the payment of retirement benefits are charged against revenue in the year they become payable. These defined benefit funds are actuarially valued at least bi-annually on the Projected Unit Credit Method basis. Deficits are recovered through lump sum payments or increased future contributions on a proportional basis from all participating municipalities.

Other post retirement obligations

The municipality provides post-retirement health care benefits, housing subsidies and gratuities upon retirement to some retirees.

The entitlement to post-retirement health care benefits is based on the employee remaining in service up to retirement age and the completion of a minimum service period. The expected costs of these benefits are accrued over the period of employment. Independent qualified actuaries carry out valuations of these obligations. The municipality also provides a gratuity and housing subsidy on retirement to certain employees. An annual charge to income is made to cover both these liabilities.

The amount recognised as a liability for other long-term employee benefits is the net total of the following amounts:

- the present value of the defined benefit obligation at the reporting date;
- minus the fair value at the reporting date of plan assets (if any) out of which the obligations are to be settled directly.

The municipality shall recognise the net total of the following amounts as expense or revenue, except to the extent that another Standard requires or permits their inclusion in the cost of an asset:

- current service cost;
- interest cost;
- the expected return on any plan assets and on any reimbursement right recognised as an asset;
- actuarial gains and losses, which shall all be recognised immediately;
- past service cost, which shall all be recognised immediately; and
- the effect of any curtailments or settlements.

These post-retirement health care benefits are actuarially valued at least bi-annually on the Projected Unit Credit Method basis.

1.13 Provisions and contingencies

Provisions are recognised when:

- the municipality has a present obligation as a result of a past event;
- it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; and
- a reliable estimate can be made of the obligation.

The amount of a provision is the best estimate of the expenditure expected to be required to settle the present obligation at the reporting date.

The discount rate is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. Provisions are reversed if it is no longer probable that an outflow of resources embodying economic benefits or service potential will be required, to settle the obligation.

When the effect of discounting is material, provisions are determined by discounting the expected future cash flows that reflect current market assessments of the time value of money. The impact of the periodic unwinding of the discount is recognised in the Statement of Financial Performance as a finance cost as it occurs.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.13 Provisions and contingencies (continued)

A provision is used only for expenditures for which the provision was originally recognised.

Provisions are not recognised for future operating deficits.

If the municipality has a contract that is onerous, the present obligation (net of recoveries) under the contract is recognised and measured as a provision.

Contingent assets and contingent liabilities are not recognised. Contingencies are disclosed in note 41.

1.14 Revenue from exchange transactions

Revenue is the gross inflow of economic benefits or service potential during the reporting period when those inflows result in an increase in net assets, other than increases relating to contributions from owners.

An exchange transaction is one in which the municipality receives assets or services, or has liabilities extinguished, and directly gives approximately equal value (primarily in the form of goods, services or use of assets) to the other party in exchange.

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Measurement

Revenue is measured at the fair value of the consideration received or receivable, net of trade discounts and volume rebates.

Sale of goods

Revenue from the sale of goods is recognised when all the following conditions have been satisfied:

- the municipality has transferred to the purchaser the significant risks and rewards of ownership of the goods;
- the municipality retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits or service potential associated with the transaction will flow to the municipality; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Rendering of services

When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction is recognised by reference to the stage of completion of the transaction at the reporting date. The outcome of a transaction can be estimated reliably when all the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the economic benefits or service potential associated with the transaction will flow to the municipality;
- the stage of completion of the transaction at the reporting date can be measured reliably; and
- the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

Service charges relating to electricity and water are based on consumption. Meters are read on a monthly basis and are recognised as revenue when invoiced. Provisional estimates of consumption, based on the consumption history, are made monthly when meter readings have not been performed. The provisional estimates of consumption are recognised as revenue when invoiced, except at year-end when estimates of consumption up to year-end are recorded as revenue without being invoiced. Adjustments to provisional estimates of consumption are made in the invoicing period in which meters have been read. These adjustments are recognised as revenue in the invoicing period. In respect of estimates of consumption between the last reading date and the reporting date, an accrual is made based on the average monthly consumption from the first reading after the reporting date.

Revenue from the sale of pre-paid electricity units is recognised when the risks and rewards of ownership has passed to the buyer.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.14 Revenue from exchange transactions (continued)

Revenue received from pre-paid electricity sales are deferred and recognised as revenue on the consumption basis, commencing on the date of purchase. The consumption of pre-paid electricity is measured by using a trend analysis and other historical data about electricity usage, including how often an electricity card is purchased or additional units of electricity loaded onto a pre-paid card.

Service charges relating to refuse removal are recognised on a monthly basis in arrears by applying the approved tariff to each property that has a water connection. Tariffs are determined per category of property usage and are levied monthly based on the number of refuse containers on each property, regardless of whether or not all containers are emptied during the month.

Service charges from sewerage and sanitation are charged on both vacant and developed property using the tariffs approved from Council and are levied monthly.

Interest and other revenue

Revenue arising from the use by others of entity assets yielding interest, royalties and dividends or similar distributions is recognised when:

- It is probable that the economic benefits or service potential associated with the transaction will flow to the municipality, and

Interest is recognised, in surplus or deficit, using the effective interest rate method.

Service fees included in the price of the product are recognised as revenue over the period during which the service is performed.

Revenue arising from the application of the approved tariff of charges is recognised when the service is rendered by applying the relevant approved tariff. This includes the issuing of licences and permits.

Income for agency services is recognised on a monthly basis once the income collected on behalf of agents has been quantified. The income recognised is in terms of the agency agreement.

Finance income from the sale of housing by way of instalment sales agreements or finance leases is recognised on a time proportion basis.

1.15 Revenue from non-exchange transactions

Fines are economic benefits or service potential received or receivable by entities, as determined by a court or other law enforcement body, as a consequence of the breach of laws or regulations.

Non-exchange transactions are transactions that are not exchange transactions. In a non-exchange transaction, an entity either receives value from another entity without directly giving approximately equal value in exchange, or gives value to another entity without directly receiving approximately equal value in exchange.

Restrictions on transferred assets are stipulations that limit or direct the purposes for which a transferred asset may be used, but do not specify that future economic benefits or service potential is required to be returned to the transferor if not deployed as specified.

Taxes are economic benefits or service potential compulsorily paid or payable to entities, in accordance with laws and or regulations, established to provide revenue to government. Taxes do not include fines or other penalties imposed for breaches of the law.

Transfers are inflows of future economic benefits or service potential from non-exchange transactions, other than taxes.

Recognition

An inflow of resources from a non-exchange transaction recognised as an asset is recognised as revenue, except to the extent that a liability is also recognised in respect of the same inflow.

As the municipality satisfies a present obligation recognised as a liability in respect of an inflow of resources from a non-exchange transaction recognised as an asset, it reduces the carrying amount of the liability recognised and recognises an amount of revenue equal to that reduction.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.15 Revenue from non-exchange transactions (continued)

Measurement

Revenue from a non-exchange transaction is measured at the amount of the increase in net assets recognised by the municipality.

When, as a result of a non-exchange transaction, the municipality recognises an asset, it also recognises revenue equivalent to the amount of the asset measured at its fair value as at the date of acquisition, unless it is also required to recognise a liability. Where a liability is required to be recognised it will be measured as the best estimate of the amount required to settle the obligation at the reporting date, and the amount of the increase in net assets, if any, recognised as revenue. When a liability is subsequently reduced, because the taxable event occurs or a condition is satisfied, the amount of the reduction in the liability is recognised as revenue.

Taxes

The municipality recognises an asset in respect of taxes when the taxable event occurs and the asset recognition criteria are met.

Resources arising from taxes satisfy the definition of an asset when the municipality controls the resources as a result of a past event (the taxable event) and expects to receive future economic benefits or service potential from those resources. Resources arising from taxes satisfy the criteria for recognition as an asset when it is probable that the inflow of resources will occur and their fair value can be reliably measured. The degree of probability attached to the inflow of resources is determined on the basis of evidence available at the time of initial recognition, which includes, but is not limited to, disclosure of the taxable event by the taxpayer.

The municipality analyses the taxation laws to determine what the taxable events are for the various taxes levied.

The taxable event for value added tax is the undertaking of taxable activity during the taxation period by the taxpayer.

The taxable event for property tax is the passing of the date on which the tax is levied, or the period for which the tax is levied, if the tax is levied on a periodic basis.

Taxation revenue is determined at a gross amount. It is not reduced for expenses paid through the tax system.

Transfers

Apart from Services in kind, which are not recognised, the municipality recognises an asset in respect of transfers when the transferred resources meet the definition of an asset and satisfy the criteria for recognition as an asset.

Transferred assets are measured at their fair value as at the date of acquisition.

Fines

Fines constitute both spot fines and camera fines. Fines are recognised as revenue when the receivable meets the definition of an asset and satisfies the criteria for recognition as an asset. It is measured at the best estimate, based on past experience, of the amount of revenue the municipality is entitled to collect.

Subsequent to initial recognition and measurement, the municipality assesses the collectability of the revenue and recognises a separate impairment loss, where appropriate.

Bequests

Bequests that satisfy the definition of an asset are recognised as assets and revenue when it is probable that the future economic benefits or service potential will flow to the municipality, and the fair value of the assets can be measured reliably.

Gifts and donations, including goods in-kind

Gifts and donations, including goods in kind, are recognised as assets and revenue when it is probable that the future economic benefits or service potential will flow to the municipality and the fair value of the assets can be measured reliably.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.15 Revenue from non-exchange transactions (continued)

Services in-kind

Services in-kind are not recognised.

1.16 Borrowing costs

Borrowing costs are recognised as an expense in the period in which they are incurred.

1.17 Comparative figures

Where necessary, comparative figures have been reclassified to conform to changes in presentation in the current year.

1.18 Unauthorised expenditure

Unauthorised expenditure means:

in relation to a municipality, means any expenditure incurred by a municipality otherwise than in accordance with section 15 or 11(3), and includes—

- overspending of the total amount appropriated in the municipality's approved budget
- overspending of the total amount appropriated for a vote in the approved budget;
- expenditure from a vote unrelated to the department or functional area covered by the vote;
- expenditure of money appropriated for a specific purpose, otherwise than for that specific purpose;
- spending of an allocation referred to in paragraph (b), (c) or (d) of the definition of "allocation" otherwise than in accordance with any conditions of the allocation; or
- a grant by the municipality otherwise than in accordance with this Act;

All expenditure relating to unauthorised expenditure is recognised as an expense in the statement of financial performance in the year that the expenditure was incurred. The expenditure is classified in accordance with the nature of the expense, and where recovered, it is subsequently accounted for as revenue in the statement of financial performance.

1.19 Fruitless and wasteful expenditure

Fruitless expenditure means expenditure which was made in vain and would have been avoided had reasonable care been exercised.

All expenditure relating to fruitless and wasteful expenditure is recognised as an expense in the statement of financial performance in the year that the expenditure was incurred. The expenditure is classified in accordance with the nature of the expense, and where recovered, it is subsequently accounted for as revenue in the statement of financial performance.

1.20 Irregular expenditure

According to section 1 of the MFMA: "irregular expenditure", in relation to a municipality or municipal entity, means -

- (a) expenditure incurred by a municipality or municipal entity in contravention of, or that is not in accordance with, a requirement of this Act and which has not been condoned in terms of section 170; or
- (b) expenditure incurred by a municipality or municipal entity in contravention of, or that is not in accordance with, a requirement of the Municipal Systems Act and which has not been condoned in terms of that Act; or
- (c) expenditure incurred by a municipality in contravention of, or that is not in accordance with, a requirement of the Public Office-Bearers Act, 1998 (Act No. 20 of 1998); or
- (d) expenditure incurred by a municipality or municipal entity in contravention of, or that is not in accordance with, a requirement of the supply chain management policy of the municipality or entity or any of the municipality's by-laws giving effect to such policy and which has not been condoned in terms of such policy or by-law, but excludes expenditure by a municipality which falls within the definition of unauthorised expenditure.

Irregular expenditure that was incurred and identified during the current financial and which was condoned before year end and/or before finalisation of the financial statements must also be recorded appropriately in the irregular expenditure register. In such an instance, no further action is also required with the exception of updating the note to the financial statements.

Irregular expenditure that was incurred and identified during the current financial year and for which condonement is being awaited at year end must be recorded in the irregular expenditure register. No further action is required with the exception of updating the note to the financial statements.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.20 Irregular expenditure (continued)

Where irregular expenditure was incurred in the previous financial year and is only condoned in the following financial year, the register and the disclosure note to the financial statements must be updated with the amount condoned.

Irregular expenditure that was incurred and identified during the current financial year and which was not condoned by the National Treasury or the relevant authority must be recorded appropriately in the irregular expenditure register. If liability for the irregular expenditure can be attributed to a person, a debtor's account must be created if such a person is liable in law. Immediate steps must thereafter be taken to recover the amount from the person concerned. If recovery is not possible, the council may write off the amount and disclose such in the relevant note to the financial statements. The irregular expenditure register must also be updated accordingly.

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No.56 of 2003), the Municipal Systems Act (Act No.32 of 2000), and the Public Office Bearers Act (Act No. 20 of 1998) or is in contravention of the municipality's supply chain management policy. Irregular expenditure excludes unauthorised expenditure. Irregular expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

1.21 Housing development fund

The Housing Development Fund was established in terms of the Housing Act, (Act No. 107 of 1997). Loans from national and provincial government used to finance housing selling schemes undertaken by the municipality were extinguished on 1 April 1998 and transferred to a Housing Development Fund. Housing selling schemes, both complete and in progress as at 1 April 1998, were also transferred to the Housing Development Fund. In terms of the Housing Act, all proceeds from housing developments, which include rental income and sales of houses, must be paid into the Housing Development Fund. Monies standing to the credit of the Housing Development Fund can be used only to finance housing developments within the municipal area subject to the approval of the Provincial MEC responsible for housing.

Any contributions to or from the fund are shown as transfers in the Statement of Changes in Net Assets.

1.22 Internal reserves

Self insurance reserve

The municipality has a Self-Insurance Reserve to set aside amounts to offset potential losses or claims that cannot be insured externally. The balance of the self-insurance fund is invested in short-term cash investments.

Claims are settled by transferring a corresponding amount from the self-insurance reserve to the accumulated surplus.

1.23 Budget information

Municipalities are typically subject to budgetary limits in the form of appropriations or budget authorisations (or equivalent), which is given effect through authorising legislation, appropriation or similar.

General purpose financial reporting by municipalities shall provide information on whether resources were obtained and used in accordance with the legally adopted budget.

The approved budget is prepared on an accrual basis and presented by functional classification linked to performance outcome objectives.

The approved budget covers the fiscal period from 2014/07/01 to 2015/06/30.

The financial statements and the budget are on the same basis of accounting therefore a comparison with the budgeted amounts for the reporting period have been included in the Statement of comparison of budget and actual amounts.

The Statement of comparative and actual information has been included in the financial statements as the recommended disclosure when the financial statements and the budget are on the same basis of accounting as determined by National Treasury.

Comparative information is not required.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Accounting Policies

1.24 Related parties

Management are those persons responsible for planning, directing and controlling the activities of the municipality, including those charged with the governance of the municipality in accordance with legislation, in instances where they are required to perform such functions.

Only transactions with related parties not at arm's length or not in the ordinary course of business are disclosed.

1.25 Changes in accounting policies, estimates and errors

Changes in accounting policies that are effected by management are applied retrospectively in accordance with GRAP 3 requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the change in policy. In such cases the municipality shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

Changes in accounting estimates are applied prospectively in accordance with GRAP 3 requirements. Details of changes in estimates are disclosed in the notes to the annual financial statements where applicable.

Correction of errors is applied retrospectively in the period in which the error has occurred in accordance with GRAP 3 requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the error. In such cases the municipality shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

1.26 Events after reporting date

Events after reporting date that are classified as adjusting events are accounted for in the annual financial statements. The events after reporting date that are classified as non-adjusting events are disclosed in the notes to the annual financial statements.

1.27 Offsetting

Assets, liabilities, revenue and expenses have not been offset except when offsetting is required or permitted by a Standard of GRAP.

1.28 Standards issued but not yet effective

The following GRAP standards have been issued but are not yet effective and have not been early adopted by the municipality:

GRAP 18	Segment reporting - issued March 2005
GRAP 32	Service concession arrangements: Grantor - issued August 2013
GRAP 108	Statutory receivables - issued September 2013
GRAP 109	Accounting by Principals and Agents - issued July 2015

Application of all the above GRAP standards will be effective from the date to be announced by the Minister of Finance. This date is not currently available.

The ASB Directive 5 paragraph 29 allows for the municipality to apply the principles established in a standard of GRAP that has been issued, but is not yet effective, in developing an appropriate accounting policy dealing with a particular transaction or event before applying paragraph 12 of GRAP 3 on Accounting policies, Changes in accounting estimates and Errors.

The municipality applied the principles established in a standard of GRAP that has been issued, but is not yet effective, in developing an appropriate accounting policy dealing with the following transactions, but have not early adopted these standards:

GRAP 20	Related parties - issued June 2011
---------	------------------------------------

Management has considered all the above standards issued but not yet effective and anticipates that the adoption of these standards will not have a significant impact on the financial position, financial performance or cash flows of the municipality.

Other information

Intangible assets with indefinite lives:

Water rights	2,360,000	2,360,000
--------------	-----------	-----------

The municipality entered into a contract with Kraai Bosch Plase (Pty) Ltd on 28 May 1999. The useful life of the water right is considered to be indefinite as the contract does not define when the municipality will cease to enjoy the right to use the water from the Kraaibosch dam. There is no reason to believe that the right to the Kraaibosch dam has a limited useful life due to the condition of the dam. Regular assessments are performed to determine whether the conditions that existed at the inception of the contract have changed.

Time and Attendance software	708,570	567,321
------------------------------	---------	---------

The municipality entered into a contract with Bytes Systems Integration on 7 November 2014. The useful life of the software is considered to be indefinite as the contract does not define when the municipality will cease to enjoy the right to use the software. There is no reason to believe that the right to the software has a limited useful life due to the condition thereof. Regular assessments are performed to determine whether the conditions that existed at the inception of the contract have changed.

Notes to the Financial Statements

Figures in Rand

2015

2014

8. Employee benefit obligations

Defined benefit plan

The plan is a post employment health benefit plan.

Post-employment health care benefit plan

The municipality provides certain post-employment health care benefits by funding the medical aid contributions of qualifying retired members of the municipality. According to the rules of the Medical Aid Funds, with which the municipality is associated, a member (who is on the current Conditions of Service) is entitled to remain a continued member of such medical aid fund on retirement, in which case the municipality is liable for a certain portion of the medical aid membership fee. The municipality operates an unfunded defined benefit plan for these qualifying employees. No other post-retirement benefits are provided to these employees.

The municipality makes monthly contributions for health care arrangements to the following medical aid schemes:

- Bonitas;
- LA Health;
- Prosano; - Hosmed;
- Samwumed; and
- Keyhealth

The most recent actuarial valuations of plan assets and the present value of the defined benefit obligation were carried out at 30 June 2014 by ARCH Actuarial Consulting, Fellow of the Actuarial Society of South Africa, including projections for the 2015 and 2016 financial periods. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

The members of the Post-employment health care benefit plan are made up as follows:

In-service members (employees)	367	367
Continuation members (retirees, widowers and orphans)	71	71
	438	438

The amounts recognised in the statement of financial position are as follows:

Carrying value

Present value of the defined benefit obligation-wholly unfunded	(109,634,000)	(97,708,508)
Non-current liabilities	(107,289,538)	(95,534,792)
Current liabilities	(2,344,462)	(2,173,716)
	(109,634,000)	(97,708,508)

Changes in the present value of the defined benefit obligation are as follows:

Opening balance	97,708,508	81,920,000
Net expense recognised in the statement of financial performance	11,925,492	15,788,508
	109,634,000	97,708,508

Net expense recognised in the statement of financial performance

Current service cost	5,461,583	4,940,000
Interest cost	8,637,625	6,439,000
Actuarial (gains) losses	298,203	6,445,136
Benefits	(2,471,919)	(2,035,628)
	11,925,492	15,788,508

Overstrand Municipality

Notes to the Financial Statements

Figures in Rand

2015

2014

8. Employee benefit obligations (continued)

Key assumptions used

Assumptions used at the reporting date:

Discount rates used	8.94 %	8.94 %
Medical cost trend rates	7.86 %	7.86 %
Net effective discounted rate	1.00 %	1.00 %

Management assessed the assumptions used and found it to be adequate.

Other assumptions

Assumed healthcare cost trends rates have a significant effect on the amounts recognised in surplus or deficit. A one percentage point change in assumed healthcare cost trends rates would have the following effects:

	1% point increase	1% point decrease
Effect on the aggregate of the service cost and interest cost	16,778,058	11,984,327
Effect on defined benefit obligation	127,175,440	95,381,580

Amounts for the current and previous four years are as follows:

	2015 R	2014 R	2013 R	2012 R	2011 R
Defined benefit obligation	109,634,000	97,708,508	81,920,000	73,505,000	63,437,000

Defined contribution plan

It is the policy of the municipality to provide retirement benefits to all its employees. A number of defined contribution plans, all of which are subject to the Pensions Fund Act exist for this purpose.

The municipality is under no obligation to cover any unfunded benefits.

9. Long term receivables

Land sales	-	752
Housing selling scheme	15,531	16,738
Sport clubs	52,878	65,500
	68,409	82,990

Non-current assets

Long term receivables	53,303	68,205
-----------------------	--------	--------

Current assets

Long term receivables	15,106	14,785
	68,409	82,990

In determining the recoverability of long term receivables, the Overstrand Municipality considers any change in the credit quality of the long term receivables from the date the credit was initially granted up to the reporting date.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Notes to the Financial Statements

Figures in Rand	2015	2014
10. Inventories		
Stores and materials	6,215,900	6,944,368
Work-in-progress - Low cost housing	1,621,387	1,851,413
Low cost housing properties not transferred to beneficiaries	2,177,100	3,912,600
Water	411,383	422,808
	10,425,770	13,131,189

Inventories recognised as an expense during the period:

Water	27,508,942	27,647,556
Stores and materials	9,206,886	8,880,495
Low cost housing	3,559,722	18,119,392
	40,275,550	54,647,443

11. Receivables from exchange transactions ¹

Trade debtors	18,350,220	16,733,329
Prepayments	2,660,657	2,472,249
Deposits	560,813	535,372
Insurance debtor	-	330,178
Other debtors	1,421,578	6,335,441
	22,993,268	26,406,569

In determining the recoverability of receivables from exchange transactions, the Overstrand Municipality considers any change in the credit quality of the trade and other receivables from the date the credit was initially granted up to the reporting date.

12. Receivables from non-exchange transactions ¹

Fines	17,633,396	10,379,431
Government grants and subsidies	5,578,253	6,265,099
Control accounts - sundry	2,897,218	2,758,298
	26,108,867	19,402,828

In determining the recoverability of receivables from non-exchange transactions, the Overstrand Municipality considers any change in the credit quality of the trade and other receivables from the date the credit was initially granted up to the reporting date.

Receivables from non-exchange transactions impaired

As of 30 June 2015, other receivables from non-exchange transactions of R 36,791,830 (2014: R 19,869,897) were impaired and provided for.

Revenue from fines recognised for the period amounts to R 25,389,497 (2014: R 17,215,724).

Fines receivable from non-exchange transactions after the provision of impairment amounted to R 17,633,396 (2014: R 10,379,431).

The amount provided for impairment was R 19,158,434 (2014 R 9,490,465)

Analysis of fines past due but not impaired

< 12 months	8,072,874	5,285,322
> 1 year	9,560,522	5,094,109

¹ See Note 14 for further details of receivables from exchange and non-exchange transactions

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Notes to the Financial Statements

Figures in Rand	2015	2014
-----------------	------	------

12. Receivables from non-exchange transactions ¹ (continued)

Reconciliation of provision for impairment of receivables from non-exchange transactions

Opening balance	9,490,465	4,472,843
Provision for impairment	9,667,969	5,017,622
	19,158,434	9,490,465

The calculation in respect of the impairment of fines receivable (receivables from non-exchange transactions) is based on an assessment of the past payment history of fines per category. The total average non-collectability of fines were 41% (2014: 46%).

The calculation for initial recognition and measurement in respect of fines reduced and or cancelled is based on an assessment of past reduced and or cancelled history of fines per category. The total average estimated reductions used were 21% (2014: 21%).

13. VAT receivable

VAT	6,356,063	5,944,086
-----	-----------	-----------

In determining the recoverability of VAT receivable, the Overstrand Municipality considers any change in the credit quality of the VAT receivable from the date the credit was initially granted up to the reporting date.

Overstrand Municipality is registered on the cash/payment basis for VAT.

14. Consumer debtors

Current liabilities	80,454	62,622
	140,422	62,622

The municipality has entered into contracts with suppliers for the rental of office equipment and has agreed to accept the option to purchase the equipment at the end of the lease term.

The average lease term was 3 years and the average effective borrowing rate was 13% (2014: 13%).

Interest rates are fixed at the contract date. All leases have fixed repayments and no arrangements have been entered into for contingent rent.

Refer to note 4 for the carrying value of assets under finance lease.

17. Unspent conditional grants and receipts

Unspent conditional grants and receipts comprises of:

Unspent conditional grants and receipts

Financial management grant	589,614	-
Human settlements development grant	-	2,381,752
Financial management support grant	212,716	645,189
Greenest municipality competition grant	-	37,640
Unspent public contributions and donations	1,273,987	360,918
	2,076,317	3,425,499

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Notes to the Financial Statements

Figures in Rand	2015	2014
17. Unspent conditional grants and receipts (continued)		
Movement during the year		
Balance at the beginning of the year	3,425,499	7,783,323
Additions during the year	64,939,573	61,888,978
Income recognition during the year	(66,288,755)	(66,246,802)
	2,076,317	3,425,499

The nature and extent of government grants recognised in the financial statements and an indication of other forms of government assistance from which the municipality has directly benefited; and

Unfulfilled conditions and other contingencies attaching to government assistance that has been recognised.

See note 24 for reconciliation of grants from National/Provincial Government and note 25 for the public contributions.

18. Borrowings

At amortised cost

Annuity loans	432,443,582	412,824,494
---------------	-------------	-------------

Non-current liabilities

At amortised cost	408,904,414	392,443,635
-------------------	-------------	-------------

Current liabilities

At amortised cost	23,539,168	20,380,859
-------------------	------------	------------

The fair values of the financial liabilities were determined as follows:

- The management of the municipality is of the opinion that the carrying value of Financial Assets and Financial Liabilities recorded at amortised cost in the Annual Financial Statements approximate their fair values. The fair value of Financial Assets and Financial Liabilities were determined after considering the standard terms and conditions of agreements entered into between the municipality and other parties as well as the current payment ratio's of the municipality's debtors.
- At the reporting date there are no significant concentrations of credit risk for other financial liabilities. The carrying amount reflected above represents the municipality's maximum exposure to credit risk for such other financial liabilities.

Refer to note 44 for maturity analysis of financial liabilities.

Current liabilities					21,594,980	23,071,737
					107,532,421	56,063,736

Rehabilitation of tip sites

Provision is made in terms of the Overstrand Municipality's licensing stipulations on the landfill sites, for the estimated cost of rehabilitating landfill sites. The estimation of landfill sites was conducted by JPCE specialist waste management consultants, independent consultants who are not connected to the municipality.

The costs are determined by calculating the volumes of excavations, materials required and legal requirements according to the footprint of each individual site. The previous year's figures are escalated using the latest CPI of 6%. The individual rates are then again cross-checked to determine if they are still in line with current rates for similar activities and adjusted accordingly.

The scheduled dates of total closure and rehabilitation for the operational site is at present anticipated to take place between 2016 and 2031.

The cost to rehabilitate all identified sites in the Overstrand are estimated at R 77,799,129 for the period.

Clearing of alien vegetation

The average cost of alien clearing within the Overstrand is derived from the actual expenditure of the Department of Environmental Affairs, working for water programme. During the financial year, the programme cleared 2,580 ha at a total cost of R4,017,014. This equates to an average cost of R1,557 per ha.

Approximately 10.6% of a total area of 6,650 ha must be cleared during the next 3 to 10 years and the estimated cost amounts to R 1,093,000 for the period.

Gratification payable

The cost of the gratification payable was based on employees not belonging to a pension fund up until February 2003 and is only payable on retirement. The estimated cost amounts to R 387,562 for the period.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Notes to the Financial Statements

Figures in Rand

2015

2014

19. Provisions (continued)

Long service awards

A long-service award is granted to municipal employees after the completion of fixed periods of continuous service with the Municipality. The said award comprises a certain number of vacation leave days which, in accordance with the option exercised by the beneficiary employee, can be converted into a cash amount based on his/her basic salary applicable at the time the award becomes due or, alternatively, credited to his/her vacation leave accrual. The provision represents an estimation of the awards to which employees in the service of the Municipality at 30 June 2015 may become entitled to in future, based on an actuarial valuation performed at 30 June 2014, to the amount of R 9,345,493 for the period.

Discount rate:

A discount rate of 7.84% per annum has been used. This is derived by using a liability-weighted average of the yields corresponding to the average term until payment of long service awards, for each employee.

Key assumptions:

Discount rate of 7.84% (2014: 7.84%), a general salary inflation rate of 7.03% (2014: 7.03%) and a net discount rate of 0.75% (2014: 0.75%).

Leave pay

Annual leave accrues to employees on a monthly basis in accordance with the conditions of employment. Employees are entitled to 16 non-vested leave days and 8 vested leave days per annum, accumulated to a maximum of 48 leave days. The provision is an estimate of the amount due to staff as at the financial year-end, based on the value of leave and the estimated leave days to be forfeited. The estimated cost amounts to R 11,102,557 for the period.

It is not the municipality's policy to encash leave in the normal course of business, except upon resignation or retirement.

Bonuses

Annual bonuses accrues to employees on a monthly basis, subject to certain conditions. The provision is an estimate of the amount due to staff as at the financial year-end, based on assumptions and the estimated cost amounts to R 7,804,680 for the period.

20. Payables from exchange transactions

Trade payables	25,737,966	28,449,848

-----------------	------	------

40. Commitments (continued)

Operating leases - as lessee (expense)

Minimum lease payments due

- within one year	-	74,280
-------------------	---	--------

Operating lease payments represent rentals payable by the municipality for certain of its office equipment and office space. Leases are negotiated for an average term of 3 years and rentals are fixed for the lease term. No contingent rent is payable.

Operating leases - as lessor (income)

Minimum lease payments due

- within one year	155,141	263,957
- in second to fifth year inclusive	433,278	508,895
- later than five years	3,011,096	3,090,621
	3,599,515	3,863,473

Certain of the municipality's property is held to generate rental income. Lease agreements are non-cancellable and have terms from 3 to 99 years. There are no contingent rents receivable.

41. Contingencies

Contingent liabilities

Kleynhans Family Trust vs Overstrand Municipality

The applicant filed a notice of motion in the Western Cape High Court requesting that the municipality be ordered to ensure that the Fernkloof Estate is fully protected by electrified fencing that is designed to prevent unauthorised access to the estate.

In February 2015 the High Court found in favour of the Municipality by dismissing the claim with cost. The applicant filed an application for leave to appeal on 4 March 2015. Limited leave to appeal was granted to the applicant, with cost to be taxed after the appeal is finalized. The period of finalizing the appeal might take up to a year. The Municipality received the applicant's application for leave to appeal to the Supreme Court of Appeal on 3 June 2015. The municipality's exposure is approximately R7,000,000

David Abbot vs Overstrand Municipality

The applicant filed for damages to property due to flooding of the Klein River estuary. The matter served before the Western Cape High Court in August 2014. The applicant was granted leave to appeal the judgment. We have received confirmation from our attorneys that the core bundle is being finalised for the appeal. The municipality's exposure was approximately R500,000.

H Myburgh vs the Minister of Police and two others

A senior official of the Municipality was alleged to have assaulted a member of the public. The municipality was joined as a third party respondent by the defendant, being the Minister of Police. The claim is R600,000 however, Overstrand Municipality has no financial exposure to this claim as it is covered in terms of the municipality's insurance portfolio.

Erf 17 Van Dyks Bay

The municipality is involved in settlement discussions with the Pierre Smit Family Trust to register a servitude over the portion of its property where on a public road has been built. The owners of the adjoining properties have already paid for the registration costs and await signature of the agreement and registration of the servitude. Our attorneys duly advised the affected parties of the vested rights of the municipality, despite closure of the public street. The municipality's exposure is approximately R50,000.

2014

41. Contingencies (continued)

Contingent assets

New Republic Bank

The municipality has an investment with New Republic Bank. The bank is under receivership since October 1999. Interest only accrued until 31 December 2007. There is no guarantee that the municipality will receive the full value of the investment. After the 2013 financial year-end, a dividend of R0.5268 in the rand on the capital amount still outstanding has been received. Therefore the a portion of the impairment was reversed. This brings the total payout to 99.15% of the original investment.

Due to the fact that the majority of the debt still to be collected, by the receivers, involve some form of legal action, it is not possible to determine a date as to when the liquidation process will be completed.

Management impaired this investment from R2,631,821 to Rnil in 2010/2011 financial year. The exposure is approximately R405,181.

42. Related parties

Members of key management

Refer to notes 28.1 to 28.7 and 29

There were no related party transactions that occurred during the period under review.

43. Comparative figures

The information presented below is only the statement of financial position and statement of financial performance items that have been affected by adjustments to comparative figures. The comparative figures have been adjusted for the following reasons:

Accounting errors:

Accounting errors relating to prior periods have been identified during the 2013/2014 financial period. These errors include mathematical errors¹, misapplication of accounting policies², oversight or misinterpretation of facts³ and effects of fraud⁴

Changes in classification:

There were no changes in classifications identified during the year.

Changes in accounting policies:

Changes in accounting policies were due to GRAP 100 regarding Non-current assets held for sale that was withdrawn and became effective on 1 July 2014 and needs to be implemented retrospectively and prospectively where relevant.

The correction of errors and change in accounting policy detailed below has the following impact on the global opening balances as at 1 July 2013:

Assets:	Property, plant and equipment	R 13,448,410
	Non-current assets held for sale	R (1,025,005)
	VAT receivable	R 4,695
	Other receivables from non-exchange transactions	R (1,134,495)
Liabilities:	Payables from exchange transactions	R 66,600
	Consumer deposits	R (9,500)
Reserves:	Accumulated surplus	R (11,350,705)

Notes to the Financial Statements

Figures in Rand

2015

2014

44. Risk management

Financial risk management

Due to the largely non-trading nature of activities and the way in which they are financed, municipalities are not exposed to the degree of financial risk faced by business entities. Financial instruments play a much more limited role in creating or changing risks that would be typical of listed companies to which the IAS's mainly apply. Generally, Financial assets and liabilities are generated by day-to-day operational activities and are not held to manage the risks facing the municipality in undertaking its activities.

The Finance directorate monitors and manages the financial risks relating to the operations through internal policies and procedures. These risks include interest rate risk and liquidity risk. Compliance with policies and procedures are reviewed by the internal auditors on a continuous basis and annually by the external auditors. The municipality does not enter into or trade with financial instruments for speculative purposes.

Internal audit, responsible for initiating a control framework and monitoring and responding to potential risk, reports periodically to the municipality's audit committee, an independent body that monitors the effectiveness of the internal audit function.

Liquidity risk

The municipality's risk to liquidity is a result of the funds available to cover future commitments. The municipality manages liquidity risk through an ongoing review of future commitments and credit facilities.

Credit risk

Credit risk consists mainly of cash deposits, cash equivalents, derivative financial instruments and trade debtors. The municipality only deposits cash with major banks with high quality credit standing and limits exposure to any one counter-party.

The Municipality manages credit risk in its borrowing and investing activities by only dealing with well-established financial institutions of high credit standing, and by spreading its exposure over a range of such institutions in accordance with its approved investment policies. Credit risk relating to consumer debtors is managed in accordance with the Municipality's credit control and debt collection policy. The Municipality's credit exposure is spread over a large number and wide variety of consumers and is not concentrated in any particular sector or geographical area. Adequate provision has been made for anticipated bad and doubtful debts. Additional information relating to the analysis of consumer debtors is given in note 14 to the financial statements.

Financial assets exposed to credit risk at 30 June were as follows:

Counter parties with external credit rating (Fitch's):

Investments

F1	26,051,343	50,039,377
F2	23,148,842	16,965,036

Counter parties without external credit rating:

Receivables from exchange and non-exchange transactions

Group 1	17,633,396	10,379,431
Group 3	9,897,049	15,689,016
Group 4	21,571,690	19,740,950

Consumer debtors

Group 1	16,194,721	14,246,349
Group 2	838,230	1,025,600
Group 3	1,232,485	1,416,871

Long term receivables

Group 4	68,409	82,990
---------	--------	--------

F1 = Highest credit quality. Indicates the strongest capacity for timely payment of financial commitments.

F2 = Good credit quality. A satisfactory capacity for timely payment of financial commitments.

F3 = Fair credit quality. The capacity for timely payment of financial commitments is adequate.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Notes to the Financial Statements

Figures in Rand

2015

2014

44. Risk management (continued)

- Group 1 = Speculative. Minimal capacity for timely payment of financial commitments, plus vulnerability to near term adverse changes in the financial and economic conditions.
- Group 2 = Fair credit quality. The capacity for timely payment of financial commitments is adequate.
- Group 3 = Good credit quality. A satisfactory capacity for timely payment of financial commitments.
- Group 4 = Highest credit quality. Indicates the strongest capacity for timely payment of financial commitments.

Market risk

Interest rate risk

The municipality's interest rate risk arises from long-term borrowings. Borrowings issued at variable rates expose the municipality to cash flow interest rate risk. Borrowings issued at fixed rates expose the municipality to fair value interest rate risk. Municipality's policy is to maintain approximately 60% of its borrowings in fixed rate instruments. During 2015 and 2014, the municipality's borrowings at variable rate were denominated in the Rand.

The municipality limits its counterparty exposures from its money market investment operations by only dealing with well established financial institutions of high credit standing. No investment with a tenure exceeding twelve months shall be made without consultation with the councillor responsible for financial matters.

Consumer debtors comprise of a large number of ratepayers, dispersed across different industries and geographical areas. Ongoing credit evaluations are performed on the financial condition of these debtors. Consumer debtors are presented net of a provision for impairment. In the case of debtors whose accounts become in arrears, it is endeavoured to collect such accounts by "levying of penalty charges", "demand for payment", "restriction of services" and, as a last resort, "handed over for collection", whichever procedure is applicable in terms of Council's Credit Control and Debt Collection Policy.

Interest rate risk for trade and other payables is managed by ensuring that all payments are made within 30 days of receipt of statement, as prescribed by the MFMA.

Interest rate sensitivity analysis:

Financial assets:

If the average interest rate at a given date had been 100 basis points higher, with all other variables held constant, the fair value impact on the Statement of Financial Performance would have been R 171,988 (2014: R 166,107) with the opposite effect if the interest rate had been 100 basis points lower.

Financial liabilities:

If the average interest rate at a given date had been 100 basis points higher, with all other variables held constant, the fair value impact on the Statement of Financial Performance would have been R 51,209 (2014: R 60,121) with the opposite effect if the interest rate had been 100 basis points lower.

Cash flow interest rate risk

Financial instrument	Current interest rate	Due in less than a year	Due in one to two years	Due in two to five years	Due after five years	Total
Trade and other receivables - normal credit terms	13.25 %	40,813,237	12,036,331	-	-	52,849,568
Cash in current banking institutions	5.35 %	104,971,103	-	-	15,980	104,987,083
Fixed interest rate instruments	10.37 %	66,648,292	66,172,302	195,442,740	430,301,595	758,564,929
Variable interest rate instruments	9.19 %	1,293,488	1,202,156	3,063,126	137,249	5,696,019

Overspending of the total amount appropriated in the municipality's approved budget	-	4,887,858
Written-off by council	(4,887,858)	-
	-	4,887,858

Overspending of the total amount per vote appropriated in the municipality's approved budget

Opening balance	18,021,157	-
Directorate: Council general	1,311,496	5,869,791
Directorate: Protection services	-	12,151,366
Directorate: Infrastructure and planning	2,403,777	-
Written-off by council	(18,021,157)	-
	3,715,273	18,021,157

Unauthorised expenditure awaiting authorisation.

Directorate: Councils' general budget was overspent due to the adjustment of the value for post retirement benefits.

Directorate: Infrastructure & Planning services' budget was overspent primarily due to the transfer of property (Penguin colony) with a value of R6 459 443 to Cape Nature.

46. Fruitless and wasteful expenditure

Opening balance	181,836	176,250
Plot clearing charges not collected	2,582	3,848
Interest paid on overdue account	-	738
Administration fee for plot clearing charges not collected	-	1,000
Sound equipment missing from Thusong Centre	8,000	-
Recovered / written-off by council	(5,586)	-
	186,832	181,836

47. Irregular expenditure

Opening balance	4,547,590	30,218,884
Procuring goods and services without following any official procurement process	145,948	228,306
Tenders not advertised for 30 days as prescribed	-	4,016,992
Procuring goods and services without adhering to the provisions of contracts longer than 3 years	-	442,737
Irregular expenditure identified in current year but relating to prior years	647,695	-
Certified as irrecoverable and written-off / Recovered / Condoned	(4,107,027)	(30,359,329)
	1,234,206	4,547,590

Expenditure was incurred in contravention with the municipality's supply chain management policy. Irregular expenditure was approved in accordance with the supply chain management policy.

48. Actual operating expenditure versus budgeted operating expenditure

Refer to Appendix E(1) for the comparison of actual operating expenditure versus budgeted expenditure.

49. Actual capital expenditure versus budgeted capital expenditure

Refer to Appendix E(2) for the comparison of actual capital expenditure versus budgeted expenditure.

2014

50. Deviation from supply chain management regulations

Paragraph 12(1)(d)(i) of Government gazette No. 27636 issued on 30 May 2005 states that a supply chain management policy must provide for the procurement of goods and services by way of a competitive bidding process.

Paragraph 36 of the same gazette states that the accounting officer may dispense with the official procurement process in certain circumstances, provided that he records the reasons for any deviations and reports them to the next meeting of the council and includes a note to the financial statements.

Refer to pages 61 to 65 for the supply chain management deviations.

51. Multi-employer retirement benefit information

Overstrand Municipality makes provision for post-retirement benefits to eligible councillors and employees, who belong to different pension schemes.

One councillor belongs to the Pension Fund for Municipal Councillors.

Employees belong to a variety of approved Pension and Provident Funds as described below.

These funds are governed by the Pension Funds Act and include both defined benefit and defined contribution schemes.

All of these afore-mentioned funds are multi-employer plans and are subject to either a tri-annual, bi-annual or annual actuarial valuation, details which are provided below.

The only obligation of the municipality with respect to the retirement benefit plans is to make the specified contributions. Where councillors / employees leave the plans prior to full vesting of the contributions, the contributions payable by the municipality are reduced by the amount of forfeited contributions.

The total expense recognised in the Statement of Financial Performance of R40.0 million (2014: R41.5 million) represents contributions payable to these plans by the municipality at rates specified in the rules of the plans. These contributions have been expensed.

DEFINED BENEFIT SCHEMES

Cape Joint Pension Fund:

The scheme is subject to an annual actuarial valuation. The last statutory valuation was performed as at 30 June 2014. The scheme both operates a Defined benefit and Defined contribution scheme.

Defined Benefit Scheme:

The contribution rate payable under the defined benefit section is 27%, 9% by the members and 18% (up to 31 January 2012) and 23.06% (from 1 February 2012) by their councils. The actuarial valuation report at 30 June 2014 disclosed an actuarial valuation amounting to R3.632 billion (2013 : R3.227 billion), with a net accumulated surplus of R23.343 million (2013 : R10.030 million (deficit)), with a funding level of 104.4% (2013 : 99.7%).

Defined Contribution Scheme:

The actuarial valuation report at 30 June 2014 indicated that the defined contribution scheme of the fund is in a sound financial position, with a assets amounting to R566.7 million (2013 : R483.6 million), net investment reserve of R0 million (2013 : (R0,787) million) and a funding level of 100.0% (2013 : 99.8%).

South African Local Authorities Pension Fund (SALA):

The scheme is subject to an annual actuarial valuation. The last statutory valuation was performed as at 1 July 2014.

The statutory valuation performed as at 1 July 2014 revealed that the assets of the fund amounted to R12.658 billion (2013 : R10.439 billion), with funding levels of 100% (2013 : 100%). The contribution rate paid by members was 9% and by Council 18% and is sufficient to fund the benefits accruing from the fund in the future.

Overstrand Municipality

Notes to the Financial Statements

Figures in Rand

2015

2014

51. Multi-employer retirement benefit information (continued)

DEFINED CONTRIBUTION SCHEMES

Cape Retirement Fund for Local Government:

The scheme is subject to an annual actuarial valuation. The last statutory valuation was performed as at 30 June 2014.

The statutory valuation performed as at 30 June 2014 revealed that the assets of the fund amounted to R17.212 billion (2013 : R13.639 billion), with funding levels of 99.9% and 112.6% (2013 : 100.2% and 105.1%) for the Share Account and the Pensions Account respectively. The contribution rate paid by the members (8%) and the municipalities (19%) is sufficient to fund the benefits accruing from the fund in the future.

Municipal Councillors Pension Fund:

The scheme is subject to an actuarial valuation every three years. The last statutory valuation was performed as at 30 June 2012.

The statutory valuation performed as at 30 June 2012 revealed that the assets of the fund amounted to R1.384 billion (2009 : R1.124 billion) with funding levels of 101.6% (2009 : 102.0%). The contribution rate paid by the members (13.75%) and the municipalities (15.00%) is sufficient to fund the benefits accruing from the fund in the future.

South African Municipal Workers Union National Provident Fund:

The last statutory valuation was performed as at 30 June 2011.

The statutory valuation performed as at 30 June 2011 revealed that the fund had a funding level of 111.1% (30 June 2008 : 100.0%). The contribution rate paid by the members not less than 7.50% and Council not less than 18.00% is sufficient to fund the benefits accruing from the fund in the future.

The next statutory valuation is due not later than 30 June 2014. Valuation not yet received.

52. Distribution losses

Water

Technical losses

Rand value	300,931	544,084
No. of units (kl)	95,586	164,119
% loss	1.34 %	2.42 %

Non-technical

Rand value	5,018,708	5,726,220
No. of units (kl)	1,281,256	1,455,231
% loss	17.99 %	21.47 %

Electricity

Technical losses

Rand value	6,397,364	5,903,985
No. of units (kWh)	11,499,184	11,482,704
% loss	5.00 %	5.00 %

Non-technical losses

Rand value	986,495	1,124,096
No. of units (kWh)	1,773,212	2,186,263
% loss	0.77 %	0.95 %

Non-technical water losses to the amount of R 5,018,708 (17.99%) were incurred as a result of unmetered connections, aging pipeline infrastructure, burst pipes, old reticulation networks and other leakages. Alien vegetation infestation in watercourses and catchment areas are also a contributing factor as well as technical water losses to the amount of R 300,931 (1.34%).

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Notes to the Financial Statements

Figures in Rand

2015

2014

52. Distribution losses (continued)

Cost per kilolitre was calculated using the following basis:

The cost of water treatment and raw water is used in calculating the cost per kilolitre as follows:

General expenses (excluding departmental charges), direct labour attributable to the purification of water, depreciation based on the cost of attributable infrastructure assets and all repair and maintenance.

The total expenditure is then divided by the total kilolitres of water purified during the year and this equals the cost per kilolitre.

Electricity losses to the amount of R 6,397,364 (5.00%) were incurred as a result of technical losses caused by the nature of electricity and the manner of its distribution, via the network, status/condition and age of the network, weather conditions and load on the system as well as non-technical losses, e.g. theft and vandalism, to the amount of R 986,495 (0.77%).

53. Awards to close family members of persons in the service of the state

Refer to pages 66 to 68 for detail relating to awards made to close family members of persons in the service of the state during the 2014/2015 financial year.

Refer to the 2013/2014 Annual report for comparative detail.

54. Budget differences

Changes from the approved budget to the final budget

The changes between the approved and final budget are a consequence of changes in the overall budget parameters.

Explanations for variances over 10% between budget and actual figures.

Statement of Comparison of Budget and Actual Amounts and Appendix E(1)

Statement of financial performance and Appendix E(1):

Revenue:

Rentals - 14.9% - Rental income received in excess of budgeted amount. This is due to various factors, eg. new lease agreements materialised sooner than expected.

Income from agency services - 11.6% - Agency income received in excess of budgeted amount. This is due to various factors, eg. increased volume in motor vehicle registrations.

Licences and permits - (11.5%) - Income received less than budgeted amount due to economic factors.

Penalties imposed on property rates - (28.8%) - Fewer property owners defaulted on payment deadlines than budgeted for.

Public contributions - 37.7% - Non cash contributions for land that vested to the municipality.

Fines - (17.8%) - Additional information acquired during the year resulted in a change in estimate.

Other income - 20.8% - Revenue received in excess of budgeted amount. This can be due to various factors, eg. increase in volume of building plans submitted for approval and collection charges.

Interest received - 11.0% (in total) – Interest received on investments in excess of budgeted amount.

Other revenue and costs:

Gain/Loss on disposal of assets - (1853.0%) - Budgeting subject to impracticalities for the determination of the outcome in advance.

Fair value - (100%) - Budgeting subject to impracticalities for the determination of the outcome in advance.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Notes to the Financial Statements

Figures in Rand

2015

2014

54. Budget differences (continued)

Expenditure:

Amortisation and impairment - 100% - The budget does not provide a separate item for amortisation and impairment and therefore it is included with depreciation. These items need to be seen as a whole to determine the actual variance. The actual variance is therefore below 10%.

Debt impairment - (52.4%) - Additional information acquired during the year resulted in a change in estimate for the impairment of fines.

Grants and subsidies paid - 17.0% - Variance due to the transfer/donation of property (Penguin colony) to Cape Nature.

Statement of financial position:

Receivables from exchange, receivables from non-exchange, operating leases and VAT - (1.4%) (in total, but individual above 10%) - The budget does not provide for detail splitting of the various types of receivables therefore it is shown as one line item in the budget but separate line items in the financial statements. All these items need to be seen as a whole to determine the actual variance. The actual variance is therefore below 10%.

Cash and cash equivalents - 17.4% - Variance on cash and cash equivalent is due to savings on expenditure.

Heritage assets and Property, plant and equipment - (0.01%) (in total but heritage assets by itself is 100%) - The budget does not provide a separate item for heritage assets and therefore it is included with property, plant and equipment. These items need to be seen as a whole to determine the actual variance. The actual variance is therefore below 10%.

Finance leases and borrowings - (6.0%) (in total but finance leases by itself is 100%) - The budget does not provide a separate item for finance leases and therefore it is included with borrowings. These items need to be seen as a whole to determine the actual variance. The same principle applies with regard to the long term portions. The actual variance is therefore below 10%.

Other payables from exchange transactions - 26.1% - Budgeting subject to impracticalities for the determination of the outcome in advance.

Unspent conditional grants - 100% - Budgeting subject to impracticalities for the determination of the outcome in advance.

Provisions and employee benefit obligation - (34.0%) (in total but employee benefit by itself is 100% and provisions by itself is (40.3%)) - The budget does not provide a separate item for employee benefit obligation and therefore it is included with provisions. These items need to be seen as a whole to determine the actual variance. The same principle applies with regards to the long term portions, which are, in total below 10%. The variance in the current provisions is due to the rehabilitation of tipsites where the lifespan of the open cell increased due to extra capacity and a new cell that became operational.

Cash flow statement:

Interest received - 23.3%— Interest received on investments in excess of budgeted amount.

Movement in housing development fund and self insurance fund— 100% - The budget does not provide a separate item for the movement in the housing development fund and the self insurance fund and therefore it is included with other receipts. These items need to be seen as a whole to determine the actual variance which will then be below 10%.

Purchase of property, plant and equipment and intangible assets— 9.9% (in total) - The budget does not provide a separate item for the purchase of intangible assets and therefore it is included with the purchase of property, plant and equipment. These items need to be seen as a whole to determine the actual variance. The variance was due to capital expenditure not realising as planned and rolled over to the next year.

Proceeds on sale of assets (PPE, Investment property, heritage assets etc) - (100%) - The budget does not provide a separate item for the proceeds of other types of assets and therefore it is included with the proceeds of property, plant and equipment, if any. These items need to be seen as a whole to determine the actual variance. Budgeting subject to impracticalities for the determination of the outcome in advance.

Overstrand Municipality

Financial Statements for the year ended 30 June 2015

Notes to the Financial Statements

Figures in Rand

2015

2014

54. Budget differences (continued)

Movement in financial assets - 14.5% - Growth in the financial assets did not realise as expected due to various economic factors.

Movement in finance lease obligation - (99.0%) - Hire purchase for vehicles did not realise as planned.

Appendix E(2)

Sport and recreation - 40% - Monies from National Lotto Fund was received late and therefore rolled over to the next financial year as well as non-cash public contribution received.

Electricity - 20% - Certain projects rolled over to the next financial year.

Corporate services - 41% - Hire purchase for vehicles did not realise as planned.

55. Public-private partnership

Gansbaai Landfill Site

The municipality entered into a public-private partnership during the 2010/11 financial year. The service consists of the chipping of garden waste to reduce the transportable volume and the hauling by road of all waste from the Public Drop-offs at Stanford and Pearly Beach to the Gansbaai Landfill as well as the operation of these two Public Drop-offs and the Gansbaai Landfill. The agreement is for a period of eight years terminating in the 2018/19 financial year.

The following facilities are made available to the Contractor:

Gansbaai Landfill Site:

Weighbridge, Office, ablution facilities, kitchen, Material Recovery Facility, Public Drop-off and limited container storage,

Stanford Drop-off:

Access Control Building, ablution facilities and limited container storage

Pearly Beach Drop-off:

Access Control Building, ablution facilities and limited container storage.

Equipment and materials made available to the Service Provider by the Employer, or purchased by the Service Provider with funds provided by the Employer for the performance of the Services shall be the property of the Employer and shall be marked accordingly.

The contract may be terminated by either party due to non-performance.

ANNEXURE B:
REPORT OF THE AUDITOR-GENERAL

Report of the auditor-general to the Western Cape Provincial Parliament and the council on the Overstrand Municipality

Report on the financial statements

Introduction

1. I have audited the financial statements of the Overstrand Municipality set out on pages 2 to 68, which comprise the statement of financial position as at 30 June 2015, the statement of financial performance, statement of changes in net assets, cash flow statement and statement of comparison of budget and actual amounts for the year then ended, as well as the notes, comprising a summary of significant accounting policies and other explanatory information.

Accounting officer's responsibility for the financial statements

2. The accounting officer is responsible for the preparation and fair presentation of these financial statements in accordance with South African Standards of Generally Recognised Accounting Practice (SA Standards of GRAP) and the requirements of the Municipal Finance Management Act of South Africa, 2003 (Act No. 56 of 2003) (MFMA) and the Division of Revenue Act of South Africa, 2014 (Act No. 10 of 2014) (DoRA), and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor-general's responsibility

3. My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with International Standards on Auditing. Those standards require that I comply with ethical requirements, and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
4. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the municipality's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

6. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Overstrand Municipality as at 30 June 2015 and its financial performance and cash flows for the year then ended, in accordance with SA Standards of GRAP and the requirements of the MFMA and DoRA.

Emphasis of matters

7. I draw attention to the matters below. My opinion is not modified in respect of these matters.

Restatement of corresponding figures

8. As disclosed in note 43 to the financial statements, the corresponding figures for 30 June 2014 have been restated as a result of errors discovered during 2014-15 in the financial statements of the municipality at, and for the year ended, 30 June 2014.

Material impairments

9. As disclosed in notes 12 and 14 to the financial statements, the receivables from fines and consumer debtors were impaired by R19,2 million and R16,9 million, respectively, at 30 June 2015.

Material underspending of the capital budget

10. As disclosed in the appropriation statement, the municipality materially underspent its final approved capital budget of R122,8 million by R14,3 million (12%). The services affected by, and the explanations for, the underspending are set out in note 54 to the financial statements.

Additional matters

11. I draw attention to the matters below. My opinion is not modified in respect of these matters.

Unaudited supplementary schedules

12. The supplementary information set out on pages 69 to 76 does not form part of the financial statements and is presented as additional information. I have not audited these schedules and, accordingly, I do not express an opinion thereon.

Unaudited disclosure note

13. In terms of section 125(2)(e) of the MFMA, the municipality is required to disclose particulars of non-compliance with the MFMA. This disclosure requirement did not form part of the audit of the financial statements and, accordingly, I do not express an opinion thereon.

Report on other legal and regulatory requirements

14. In accordance with the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004) (PAA) and the general notice issued in terms thereof, I have a responsibility to report findings on the reported performance information against predetermined objectives for selected objectives presented in the annual performance report, compliance with legislation and internal control. The objective of my tests was to identify reportable findings as described under each subheading, but not to gather evidence to express assurance on these matters. Accordingly, I do not express an opinion or conclusion on these matters.

Predetermined objectives

15. I performed procedures to obtain evidence about the usefulness and reliability of the reported performance information for the following selected objective presented in the annual performance report of the municipality for the year ended 30 June 2015:
 - Objective: The provision and maintenance of municipal services, as set out on pages 105 to 110
16. I evaluated the reported performance information against the overall criteria of usefulness and reliability.
17. I evaluated the usefulness of the reported performance information to determine whether it was presented in accordance with the National Treasury's annual reporting principles and whether the reported performance was consistent with the planned objectives. I further performed tests to determine whether indicators and targets were well defined, verifiable, specific, measurable, time bound and relevant, as required by the National Treasury's *Framework for managing programme performance information*.
18. I assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.
19. I did not identify material findings on the usefulness and reliability of the reported performance information for the selected objective listed above.

Additional matter

20. Although I identified no material findings on the usefulness and reliability of the reported performance information for the selected objective, I draw attention to the following matter:

Achievement of planned targets

21. Refer to the annual performance report on pages 89 to 110 for information on the achievement of the planned targets for the year.

Compliance with legislation

22. I performed procedures to obtain evidence that the municipality had complied with applicable legislation regarding financial matters, financial management and other related matters. I did not identify any instances of material non-compliance with specific matters in key legislation, as set out in the general notice issued in terms of the PAA.

Internal control

23. I considered internal control relevant to my audit of the financial statements, annual performance report and compliance with legislation. I did not identify any significant deficiencies in internal control.

ANNEXURE C:
REPORT OF THE AUDIT COMMITTEE

OVERSTRAND MUNICIPALITY

ANNUAL OVERSIGHT REPORT OF THE AUDIT- AND PERFORMANCE AUDIT COMMITTEE FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

1. Introduction

The Audit Committees are independent statutory committees appointed by the Council in terms of section 166 of the Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003). We are please to present our oversight report for the financial year ended 30 June 2015.

2. AUDIT COMMITTEE

2.1 Members

During the period from 01 July 2014 to 31 January 2015, the Committee consists of five members none of whom are councilors or officials of the Municipality. The Committee members are:

- GN Lawrence (Chairperson)
- DWJ Jacobs
- HPA Beekman
- HV Liebenberg
- KE Montgomery

During the period from 01 February 2015 to 30 June 2015, the Committee consists of four members none of whom are councilors or officials of the Municipality. The Committee members are:

- KE Montgomery (Chairperson)
- HPA Beekman
- HV Liebenberg
- B Van Staaden (Appointed from 01 March 2015)

2.2 Meetings

The Committee met on the following dates during the year under review:

- 22 August 2014
- 27 August 2014
- 09 October 2014
- 18 December 2014
- 25 March 2015
- 08 June 2015

The Executive Mayor, Chairperson of the Finance & Economic Development Portfolio Committee, Municipal Manager, Director: Finance, Director: Management Services and Chief Audit Executive and Internal Audit officials, attend the meetings.

2.3 Role and responsibilities

The Committee was fully functional for the year under review and operated in accordance with the adopted Audit Committee Charter, which was approved by Council. The provisions contained in the Local Government: Municipal Finance Management Act, 2003 and Internal Audit Framework, which was developed by National Treasury, are included in the Charter.

OVERSTRAND MUNICIPALITY

ANNUAL OVERSIGHT REPORT OF THE AUDIT- AND PERFORMANCE AUDIT COMMITTEE FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

The Committee substantially fulfilled its responsibilities for the year under review, as set out in section 166 of the Municipal Finance Management Act, 2003. (*Refer to point 4 below.*)

3. Reports and Charters reviewed

The Committee has reviewed the following reports, charters and documents for the period under review:

- 3.1 Follow-up Internal Audit Report: Leave Administration.
- 3.2 Comments regarding Alienation of erf 11457 to Child Welfare SA (Hermanus).
- 3.3 Fleet Management.
- 3.4 Application of Tariffs.
- 3.5 Swimming Pools.
- 3.6 Illegal Structures.
- 3.7 Follow-up Audit – Administration of Working for Water Projects.
- 3.8 Key Control Assessment fourth quarter (April – June 2014) for the period 2013/2014.
- 3.9 Key Control Assessment first quarter (July – September 2014) for the period 2014/2015.
- 3.10 Key Control Assessment second quarter (October – December 2014) for the period 2014/2015.
- 3.11 Key Control Assessment third quarter (January – March 2015) for the period 2014/2015
- 3.12 Internal Audit Charter
- 3.13 Audit Committee Charter
- 3.14 Internal Audit Methodology
- 3.15 Framework for Combined Assurance
- 3.16 Auditee's Assessment (Internal)
- 3.17 Quality Assurance & Implementation Program (QAIP)
- 3.18 Audit Committee Workplan

4. Draft Annual Financial Statements 2014/2015 financial period

The Audit Committee commends the Municipality for compiling and completing the Annual Financial Statements (AFS) in-house and with own resources.

The Audit Committee also takes note that the Annual Financial Statements were not subjected to any form of correction with no material misstatements.

OVERSTRAND MUNICIPALITY

ANNUAL OVERSIGHT REPORT OF THE AUDIT- AND PERFORMANCE AUDIT COMMITTEE FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

5. Management Report and Audit Report of the Auditor-General for 2014/2015

The content of the draft Management Report and draft Audit Report of the Auditor-General for 2015/2016 is noted by the Audit Committee. At the time of compiling the Oversight report the Audit Committee did not have sight of the final documents

The Audit Committee has taken note of Section 4 "Emerging Risks" paragraphs 76 – 78 (Standards of GRAP and Standard Chart of Accounts (mSCOA)) which was discussed during the debriefing session with the Auditor-General.

6. Specific issues that need attention

Section 3 Specific Focus Area paragraphs 59 and 60 refer.

The Audit Committee remains concerned at the fact that the municipality is not in a position nor able to access accurate information relating to procurement of goods and services by suppliers/ providers who are disqualified from so doing. Despite this information being available it is not shared with the municipality

OVERSTRAND MUNICIPALITY

ANNUAL OVERSIGHT REPORT OF THE AUDIT- AND PERFORMANCE AUDIT COMMITTEE FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

7. PERFORMANCE AUDIT COMMITTEE

7.1 Members

The Performance Audit Committee consists of the same members as that of the Audit Committee except that there is a different Chairperson, namely DWJ Jacobs for the period 01 June 2014 – 31 January 2015 and HV Liebenberg for the period 01 February 2015 – 30 June 2015.

7.2 Meetings

The Committee met on the following dates during the year under review:

- 27 August 2014
- 25 March 2015
- 28 May 2015

The Executive Mayor, Chairperson of the Management Services Portfolio Committee, Municipal Manager, Director: Management Services, Senior Manager: Strategic Services, Chief Audit Executive and Internal Audit officials, attend the meetings.

7.3 Role and responsibilities

The Committee was fully functional for the year under review and operated in accordance with the Local Government: Municipal Planning and Performance Management Regulations, 2001.

8. Reports Reviewed

The Committee has reviewed the following reports for the period under review:

- 8.1 Predetermined Objectives 4th Quarter – Financial period 2013/2014.
- 8.2 Predetermined Objectives 1st Quarter – Financial period 2014/2015.
- 8.3 Predetermined Objectives 2nd Quarter – Financial period 2014/2015.
- 8.4 Predetermined Objectives 3rd Quarter – Financial period 2014/2015.

Based on the processes and assurances obtained from management, Internal Audit and Auditor-General, the Committee is satisfied that the performance management processes and the reporting thereof are adequate.

9 Report of the Auditor-General for 2014/2015

The Performance Audit Committee has taken note that no material findings were raised by the Auditor-General on the usefulness and reliability of the reported performance information.

10 CONCLUSION

The Committees enjoyed the full cooperation of the Municipal Manager, Executive Mayor and councilors who attended meetings of the Committees - with whom the Committees enjoy an excellent working relationship.

OVERSTRAND MUNICIPALITY

ANNUAL OVERSIGHT REPORT OF THE AUDIT- AND PERFORMANCE AUDIT
COMMITTEE FOR THE FINANCIAL YEAR ENDED 30 JUNE 2015

It should be noted that the Internal Audit department did valuable work and the Committees relied heavily on their inputs and effort.

WATER SERVICES DEVELOPMENT
PLAN FOR 2014/15**

OVERSTRAND MUNICIPALITY

ANNUAL WSDP PERFORMANCE AND WATER SERVICES AUDIT REPORT FOR 2014/2015

EXECUTIVE SUMMARY

Overstrand Municipality is required in terms of Section 18 of the Water Services Act, 1997 (Act No.108 of 1997), as well as the “Regulations relating to compulsory national standards and measures to conserve water”, as issued in terms of sections 9(1) and 73(1)(j) of the Water Services Act, to report on the implementation of its WSDP during each financial year and to include a water services audit in such an annual report.

Section 62 of the Water Services Act further requires the Minister to monitor every WSI in order to ensure compliance with the prescribed national standards. This regulation requires a WSA to complete and submit a Water Services Audit every year.

The Water Services Audit is designed to monitor the compliance of the WSA and other WSIs with these regulations. The Water Services Act allows the audit to be used as a tool to compare actual performance of the WSA against the targets and indicators set in their WSDP. The Water Services Audit also assists local communities and DWS to assess how well WSAs are performing relative to their stated intentions and their capacity.

The Water Services Audit Report will give an overview of the implementation of the Municipality’s previous year’s WSDP, for the 2014/2015 financial year, and can be seen as an annexure to Overstrand Municipality’s Annual Report. The Annual Report is compiled as required by the Local Government: Municipal Systems Act, Act no 32 of 2000 (Section 46) and the Local Government: Municipal Finance Management Act, Act no 56 of 2003 (Section 121).

Availability of the Water Services Audit Report: The Water Services Audit Report is a public document and must be made available within four months after the end of each financial year and must be available for inspection at the offices of the WSA. It is also recommended that the document be placed on the Municipality’s website and that copies of the document be placed at the public libraries. The Water Services Audit Report also needs to be made available to the Minister of the DWS, the Minister of the Department of Cooperative Governance, the Province and to SALGA, as required by the Water Services Act, 1997.

The Water Services Audit Report contains the following detail information:

- The Municipality’s performance with regard to their KPIs for water and sewerage services for the 2014/2015 financial year, as included in the Municipality’s SDBIP.
- The Municipality’s Performance with regard to DWS’s Blue and Green Drop Assessments. Blue drop status is awarded to those towns that comply with 95% criteria on drinking water quality management. Green drop status is awarded to those WWTWs that comply with 90% criteria on key selected indicators on waste water quality management.
- DWS’s Scorecard for assessing the potential for WC/WDM efforts in the Municipality.
- Information to be included in a Water Services Audit as stipulated in regulations under section 9 of the Water Services Act, “Guidelines for Compulsory National Standards”.
- Information on the implementation of the various WSDP activities, as included under the thirteen WSDP Business Element Chapters.

The Municipality has a comprehensive Performance Management System in place. The SDBIP is the process plan and performance indicator / evaluation for the execution of the budget. The SDBIP is being used as a management, implementation and monitoring tool that assists and guide the Executive Mayor, Councillors, Municipal Manager, Senior Managers and the community. The plan serves as an input to the performance agreements of the Municipal Manager and Directors. It also forms the basis for the monthly, quarterly, mid-year and the annual assessment report and performance assessments of the Municipal Manager and Directors.

The following water and sanitation related investigations were successfully completed during the last financial year.

- The Water Services Audit Report for 2013/2014 was finalised and approved by Council as part of the Annual Report. The non-revenue water balance models were also updated for each of the distribution systems (Up to the end of June 2014) as part of the Water Services Audit Process.
- Overstrand Municipality continues with the implementation of their Drinking Water Quality and Effluent Quality Sampling Programmes (Both Operational and Compliance Monitoring). Sample results are loaded on a monthly basis onto DWS's BDS and GDS. All the WTWs and WWTWs are also registered on the BDS and GDS websites.
- The WSDP-IDP Sector Input Report was compiled and taken to Council with the IDP and approved.
- The Asset Register was updated to include all the water and sewerage capital projects completed during the 2014/2015 financial year.
- A MIG Technical Report was compiled for the construction of the new Pearly Beach Oxidation dams.
- The Municipality completed the Section 78(1) Municipal Systems Act investigation for the bulk water and sewerage services, and made a resolution i.t.o Section 78 (2) to continue with an internal service delivery mechanism, but with a support contract. The Contract was recently signed with Veolia Water Solutions & Technologies South Africa (Pty) Ltd.

The following awards / acknowledgements were also received by the Municipality:

- The Preekstoel WTW was awarded winner in the Water and Wastewater Category of the IMESA-CESA bi-annual Project Excellence Awards 2014.
- Overstrand Municipality achieved un-accounted for water (UAW) below 20% for the first time in 2014/2015.
- Overstrand Municipality was invited to present their case study at the IWA Western Cape Water Leakage Summit in Stellenbosch on 23-24 June 2015.

The Department of Water and Sanitation has not yet published their most recent Blue and Green Drop Results. The findings from the previous Blue and Green Drop Reports are listed below:

- Overstrand Municipality is performing very well with regard to drinking water quality management, to the extent that the Municipality was **awarded Blue Drop Status (>95%) for five of their eight distribution systems in 2012** and received an overall Blue Drop Score of 96.82%. The Municipality was 5th on the 2012 Blue Drop Provincial Performance Log for the Western Cape, and in 12th position on the National Performance Log.

Seven out of the eight systems further managed to achieve a Blue Drop Risk Rating below 20% in 2013, with Baardskeerdersbos attaining a respectable scoring just above 20% (DWS's 2013 Blue Drop Risk Profile Progress Report). The DWS acknowledges the Municipality's efforts in achieving excellent progress in complying with the draft Regulation 17 requirements for all their systems, an achievement which is not easily attained.

- **2013 Green Drop awards (>90%) were received for four of the WWTWs and drainage systems** (National report not yet released by the DWS). The overall Green Drop Score for the Municipality was 89.14%. The strengths noticed by the DWS included the high overall compliance of effluent quality, prominent risk abatement and technical skilled staff with strong management support and involvement.

Quantity of Water Services Provided (Water Balance)

Detail water balance models are in place for each of the distribution systems in Overstrand Municipality's Management Area. These models include the volume of raw water abstracted from the various resources, the treated volume supplied from the WTW and the billed metered consumption for each of the distribution systems. The volume and percentage of water losses and non-revenue water were also calculated from the available data. The flows at each of the WWTWs are also recorded by the Municipality.

Water Services Delivery Profile

The number of consumer units per category or user type is available for each of the distribution systems. All the households in the urban areas of Overstrand Municipality's Management Area are provided with water connections inside the houses. Informal areas are supplied with shared services as an intermediary measure. Overstrand Municipality is committed to ensure that private landowners provide at least basic water and sanitation services to those households in the rural areas with existing services below RDP standard.

Cost Recovery and Free Basic Services

A detail step block tariff system is implemented by Overstrand Municipality. This tariff system discourages the wasteful or inefficient use of water. It is expected that this tariff structure will continue to be implemented in the future. The sustainable supply of potable water is however becoming an ever increasing challenge.

The first six (6) kl of water is provided free to all indigent consumers. Overstrand Municipality's tariffs support the viability and sustainability of water supply services to the poor through cross-subsidies (where feasible). Free basic water and sanitation services are linked to the Municipality's Indigent Policy and all indigent households therefore receive free basic water and sanitation services. This implies that either the equitable share is used to cover this cost, or higher consumption blocks are charged at a rate greater than the cost in order to generate a surplus to cross-subsidies consumers who use up to six (6) kilolitres per month.

The operational budget of the past five financial years for water and sanitation services is summarised in the table below:

Service	Expenditure / Income	Actual 14/15	Actual 13/14	Actual 12/13	Actual 11/12	Actual 10/11
Water	Expenditure	R87 684 218-72	R95 829 984-21	R85 498 520-43	R83 115 288-69	R73 321 373-08
	Income	R109 580 993-32	R96 057 574-71	R96 578 920-13	R104 938 998-48	R79 588 700-02
	Surplus / (Deficit)	(21 896 774-60)	(R227 590-50)	(R11 080 399-70)	(R21 823 709-79)	(R6 267 326-94)
Sanitation	Expenditure	R59 653 861-52	R57 539 215-06	R51 607 042-31	R45 790 334-40	R40 666 933-48
	Income	R75 482 947-03	R65 032 183-93	R64 291 003-56	R74 623 658-62	R50 911 541-99
	Surplus / (Deficit)	(R15 829 085-51)	(R7 492 968-87)	(R12 683 961-25)	(R28 833 324-22)	(R10 244 608-51)

Water Quality

An Operational and Compliance Water Quality and Final Effluent Monitoring Programme, which meets the requirements of SANS:241 and the DWS's Blue and Green Drop sampling criteria are implemented by the Municipality.

The percentage compliance of the water quality samples taken over the period July 2014 to June 2015 for the various distribution systems are summarised in the table below (DWS's 2014 Blue Drop Limits).

Distribution System	Acute Health – 1 Microbiological	Acute Health – 1 Chemical	Chronic Health	Aesthetic	Risk assessment defined Health (Acute or Chronic)	Operational Efficiency
Buffels River	100.0%	100.0%	98.0%	99.6%	98.4%	95.9%
Kleinmond	97.2%	100.0%	99.4%	98.9%	99.0%	95.9%
Greater Hermanus	100.0%	100.0%	99.7%	99.0%	99.7%	94.7%
Stanford	100.0%	100.0%	100.0%	100.0%	100.0%	98.9%
Greater Gansbaai	100.0%	100.0%	99.6%	99.4%	99.7%	98.9%
Pearly Beach	100.0%	100.0%	99.3%	100.0%	99.5%	98.7%
Baardskeerdersbos	100.0%	100.0%	97.8%	94.2%	98.2%	96.4%
Buffeljags Bay	100.0%	100.0%	100.0%	92.3%	100.0%	89.5%

The overall percentage compliance of the final effluent samples taken over the period July 2014 to June 2015 at the Kleinmond, Hawston, Hermanus, Stanford and Gansbaai WWTW is summarised in the table below.

WWTW	Microbiological	Chemical	Physical
Kleinmond	91.7%	81.7%	91.7%
Hawston	100.0%	68.3%	91.7%
Hermanus	75.0%	100.0%	61.1%
Stanford	91.7%	96.7%	97.2%
Gansbaai	91.7%	95.0%	88.9%
Overall compliance percentages	90.0%	88.3%	86.1%

WG/WDM

The implementation of Overstrand Municipality's WDM Strategy and Action Plan has been extremely successful and the Municipality was able to reduce the water requirements of the towns significantly. The overall percentage of non-revenue water for Overstrand Municipality for the 2014/2015 financial year was 19.43% and the Municipality's target is to reduce it to 17% by June 2017.

The table below gives a summary of the non-revenue water for the various distribution systems in Overstrand Municipality's Management Area.

Description	Unit	1415	Record : Prior (MI/a)				
			13/14	12/13	11/12	10/11	09/10

	Percentage	19.43%	23.25%	23.23%	24.94%	26.65%	25.18%
	ILI	1.78	2.02	2.26	2.02	2.33	2.94

Notes:

Infrastructure Leakage Index (ILI) for Developed Countries = 1 – 2 Excellent (Category A), 2 – 4 Good (Category B), 4 – 8 Poor (Category C) and > 8 – Very Bad (Category D)

Category A = No specific intervention required.

Category B = No urgent action required although should be monitored carefully.

Category C = Requires attention

Category D = Requires immediate water loss reduction interventions

Water Services Infrastructure Management

The PC, CV, RUL and Age distribution of the water and sewerage infrastructure in Overstrand Municipality's Management Area is summarised in the table below (June 2015):

Asset Type	PC	CV	% CV / PC		
Water Infrastructure	R1 393 357 117	R461 739 140	33.1%		
Sewerage Infrastructure	R733 379 073	R382 378 662	52.1%		
Remaining Useful Life					
Asset Type	0 – 5 yrs	6 – 10 yrs	11 – 15 yrs	16 – 20 yrs	> 20 yrs
Water Infrastructure	R599 376 591	R221 067 034	R52 211 966	R90 412 188	R430 289 339
Sewerage Infrastructure	R57 841 190	R207 652 408	R42 605 760	R16 141 881	R409 137 833
Age Distribution					
Asset Type	0 – 5 yrs	6 – 10 yrs	11 – 15 yrs	16 – 20 yrs	> 20 yrs
Water Infrastructure	R 256 791 470	R68 515 907	R58 684 737	R90 006 543	R919 358 463
Sewerage Infrastructure	R109 905 493	R53 912 628	R74 009 338	R278 413 043	R217 138 571

The above table means that 66.9% of the water infrastructure and 47.9% of the sewer infrastructure has been consumed.

Some of the key challenges of Overstrand Municipality are to identify adequate funds for the rehabilitation and maintenance of their existing infrastructure, which is critical to ensure the sustainability of the services that are provided by the Municipality. The new Water and Waste Water Bulk Works Contract between the Municipality and Veolia Water Solutions & Technologies South Africa (Pty) Ltd will ensure that the new technology installed is adequately maintained and operated in order to prevent a massive increase in maintenance in the future due to backlog being created. It is believed that the technology and the expansion of infrastructure and the capacity has not been developed in the same manner, accordingly the current human resources is finding it difficult to operate and maintain the infrastructure and does not necessarily have the skills to operate the infrastructure optimally. The new Contract will therefore address the current capacity constraint with regards to operations of the WTWs and WWTWs.

It is also important for the Municipality to secure adequate funding for the provision of bulk infrastructure and development of additional sources to keep up with the high demand for services.

Associated Services

All schools and medical facilities in Overstrand Municipality's Management Area are supplied with adequate water and sanitation services.

Water Resources

Overstrand Municipality continue to actively plan for the augmentation of their existing water resources for the systems where the future water requirements will exceed the safe yields of the existing resources. The table below gives an overview of the years in which the annual water requirement will exceed the sustainable yield from the various resources.

Distribution System	Total sustainable Yield (x 10 ⁶ m ³ /a)	Annual Growth on 2012/2013 requirement (2%, 3% or 4%)	Annual Growth on 2012/2013 requirement (4%, 5% or 6%)	WSDP Projection Model
Buffels River	1.717	2031 (3%)	2023 (5%)	> 2037
Kleinmond	2.589	> 2037 (3%)	2032 (5%)	> 2037
Greater Hermanus	5.200*	2020 (4%)	2017 (6%)	2019
Stanford	1.600	> 2037 (3%)	> 2037 (5%)	> 2037
Greater Gansbaai	2.768	2027 (4%)	2022 (6%)	2031
Pearly Beach	0.307	2033 (3%)	2025 (5%)	2034
Baardskeerdersbos	0.405	> 2037 (2%)	> 2037 (4%)	> 2037
Buffeljags Bay	0.028	> 2037 (2%)	> 2037 (4%)	> 2037

Note * With Gateway, Camphill and Volmoed Well Fields fully operational according to the licensed volumes.

Institutional Arrangement Profile

Overstrand Municipality is the official WSA for the entire Municipal Management Area and act as the WSP for the whole area. The Municipal personnel is continuously exposed to training opportunities, skills development and capacity building at a technical, operations and management level in an effort to create a more efficient overall service to the users. A Workplace Skills Plan is compiled every year and the specific training needs of the personnel, with regard to water and wastewater management are determined annually.

A Water and Waste Water Bulk Works Contract was recently signed between Overstrand Municipality and Veolia Water Solutions & Technologies South Africa (Pty) Ltd to operate the bulk infrastructure in Overstrand Municipality's Management Area for a period of fifteen (15) years. The Municipality also has the right to extend the contract for a further five (5) years. The operation and maintenance of the following bulk infrastructure forms part of the Contract:

- Hawston, Hermanus, Stanford, Gansbaai and Kleinmond WWTW.
- Preekstoel, Buffels River, Franskraal, Pearly Beach, De Kelders, Stanford, Kleinmond, Baardskeerdersbos and Buffeljags Bay WTW.
- Resources
- Surface water pump stations and borehole pumps.
- Bulk water and sewer pipelines.
- Reservoirs
- Sewer pump stations

Social and Customer Services Requirements

A comprehensive Customer Services and Complaints system is in place at Overstrand Municipality. The Municipality has maintained a high and a very consistent level of service to its urban water consumers. Help-desks were developed at all the municipal administrations with the objective to assist customers. Disabled people are supported to do business from the help-desks. Requests by the illiterate are being captured and forwarded to the relevant official / section. All municipal buildings are accessible and wheel-chair friendly.

The Water Safety Plans of Overstrand Municipality includes an Improvement / Upgrade Plan. The purpose of the Improvement / Upgrade Plan is to address the existing significant risks where the existing controls were not effective or absent. Barriers implemented by Overstrand Municipality against contamination and deteriorating water quality include the following:

- Participate in Catchment management and water source protection initiatives.
- Protection at points of abstraction such as river intakes and dams (Abstraction Management).
- Correct operation and maintenance of WTWs (Coagulation, flocculation, sedimentation and filtration).
- Protection and maintenance of the distribution system. This includes ensuring an adequate disinfectant residual at all times, rapid response to pipe bursts and other leaks, regular cleaning of reservoirs, keeping all delivery points tidy and clean, etc.

Three other important barriers implemented by Overstrand Municipality against poor quality drinking water that are a prerequisite to those listed above are as follows:

- A well informed Council and top management that understands the extreme importance of and are committed to providing adequate resources for continuous professional operation and maintenance of the water supply system.
- Competent managers and supervisors in the technical department who are responsible for water supply services and lead by example and are passionate about monitoring and safeguarding drinking water quality.
- Well informed community members and other consumers of water supply services that have respect for water as a precious resource.

ANNEXURE E:
INTEGRATED WASTE MANAGEMENT
PLAN REPORT FOR 2014/15

OVERSTRAND MUNICIPALITY

INTEGRATED WASTE MANAGEMENT PLAN

Annual Report (30 June 2014 – 30 June 2015)

OVERSTRAND MUNICIPALITY

ANNUAL REPORT ON THE MUNICIPAL INTEGRATED WASTE MANAGEMENT PLAN

1. INTRODUCTION

This report is a requirement as part of the Integrated Waste Management Plan (IWMP) monitoring and review process as well as being a requirement of the Waste Act to be submitted. The purpose is to determine whether the action plans and implementation items contained in the IWMP are being implemented and if not, what is the planning regarding these. Evaluating the above will provide insight into the extent to which the IWMP has been implemented during the evaluation period, the levels of compliance and if the IWMP is still useful in terms of its goals or if it should be updated.

The evaluation period for this report is from 30 June 2014 to 30 June 2015. During this period, the previous Overstrand IWMP (dated May 2012) was the document used as the new generation IWMP was developed during this period (discussed below).

2. OVERSTRAND IWMP FINAL VERSION DATED MAY 2012

2.1 GOALS AND IMPLEMENTATION ITEMS SUMMARY

The following goals and implementation items were included in the 2012 IWMP:

Public Awareness and Education: Development of a public awareness and education campaign in terms of solid waste management and aspects of waste avoidance and reducing waste to landfill. Aimed at achieving greater participation in source separation. Implementation from approval date to current date. Not coupled with an end date as implementation will be continuous.

Quantifying Prevention: The Municipality will make use of statistics and collected data in order to assess success of waste diversion. Project also continuous and dependent on available information and collected data.

Post Collection Recovery: The Municipality will ensure continuing operation of the Material Recovery Facility (MRF) at Hermanus transfer station and Gansbaai landfill to minimise material of value being disposed. Action is under way and continuous.

Post Collection Composting: The Municipality will continue to chip its garden waste and to support the central composting facility at the Karwyderskraal landfill. Investigate the feasibility of establishing and operating a small composting plant at the Gansbaai landfill. Action items estimated with a duration of 2 years, being budget dependent.

Engineered Waste Disposal Facilities: The disposal of non-recoverable waste will only be allowed at properly engineered waste disposal sites that are licensed and operated and audited according to the relevant conditions. Action also continuous in terms of ensuring sufficient disposal airspace and rehabilitating old sites as and when budget becomes available.

Monitoring of waste disposal: Waste destined for disposal and disposal facilities will continue to be monitored for compliance with permit/licence conditions, volumes received and for environmental impact. Action continuous and determined by the relevant licences/permits.

Collection service review: The Municipality will continuously review its waste collections operations. First review to be completed 1 July 2012 with new collection schedules.

Data Compilation: The Municipality will continue to gather accurate data regarding domestic, commercial and industrial waste generation and collection. Action under way and continuous.

Cleansing: The Municipality will ensure general cleansing of the municipal area. Action was partly under way with continuous expansion planned.

2.2 IWMP COMMENTS AND ASSESSMENT

The above-mentioned IWMP was assessed and commented on by the Department: Environmental Affairs and Development Planning (D:EA&DP) in March 2013. The comments listed by them were taken as additional action items to be included in the development of the new IWMP generation where possible/applicable. The assessment is summarised as follows:

- Introduction and general description: Requires reference to recommendations made in the assessment report.
- Strategic linkages: The IWMP must be aligned to the Integrated Development Plan (IDP), Provincial Spatial Development Framework (SDF) as well as the municipal SDF, the Western Cape IWMP and National Waste Management Strategy 2011. Indicate what will be incorporated in the IDP.
- Public participation: Include proof of public participation.
- The latest solid waste legislation must be included in the IWMP, including Municipal by-laws.
- The latest demographic information must be used from Census 2011.
- Budget and capital and operational expenditure should be shown.
- The IWMP must indicate service areas the level of free basic services and tariffs and tariff reviews.
- The IWMP must indicate an updated status of waste management licenses and compliance of waste management facilities.
- The previous IWMP does not include a waste stream characterisation.
- The IWMP must indicate which awareness and education campaigns have been successful to date, the cost of these campaigns and how the Municipality plans to improve on them.
- The IWMP must include a gaps and needs analysis.
- Implementation budget and human resources must be shown.
- There was no monitoring or review programme in the IWMP.

3. 30 JUNE 2014 – 30 JUNE 2015 EVALUATION

As per the Waste Act, this report must evaluate the implementation of the IWMP in terms of the following:

- a. the extent to which the plan has been implemented during the period;
- b. the waste management initiatives that have been undertaken during the reporting period;
- c. the delivery of waste management services and measures taken to secure the efficient delivery of waste management services, if applicable;
- d. the level of compliance with the plan and any applicable waste management standards;
- e. the measures taken to secure compliance with waste management standards;
- f. the waste management monitoring activities;
- g. the actual budget expended on implementing the plan;
- h. the measures that have been taken to make any necessary amendments to the plan;
- i. in the case of a province, the extent to which municipalities comply with the plan and, in the event of any non-compliance with the plan, the reasons for such non-compliance: and
- j. any other requirements as may be prescribed by the Minister.

To reflect the required information, the extent to which action items and goals listed above were implemented are described below:

3.1 AWARENESS AND EDUCATION

The two-bag separation at source system was expanded to the Hawston and Mount Pleasant areas. Before the launch of the system in these areas, awareness campaigns were conducted and pamphlets were distributed to all residents which explained exactly how the system works. Also as part of this awareness and education was conducted at the schools of these areas. The pupils performed on stage on how to recycle and how the process works. The performances took place at the Mount Pleasant Primary School as well as the Hawston Primary School.

The Overstrand complies with this goal of the IWMP.

3.2 QUANTIFYING PREVENTION, POST COLLECTION RECOVERY, POST COLLECTION COMPOSTING & DATA COLLECTION

The ongoing implementation of this goal is under way and accurate data has been used to determine the portions of waste diverted from landfill. The monthly data is also reported to the Integrated Pollutant and Waste Information System (IPWIS) by the Municipality. This information is summarised as follows:

Month	Waste Diverted						Waste Disposed		
	Builder's Rubble used as Cover at Gansbaai (tonnes)	Builder's Rubble used as Cover at Karwyderskraal (tonnes)	Chips used as Cover at Gansbaai (tonnes)	Chips Composted at Karwyderskraal (tonnes)	Recycled at Gansbaai (tonnes)	Recycled at Hermanus (tonnes)	Total % diverted	Disposed at Gansbaai landfill (tonnes)	Disposed at Karwyderskraal (tonnes)
Jul-14	6.52	698.96	68.58	1 358.10	32.37	275.48	41%	3 512.95	
Aug-14	219.44	765.50	67.88	822.88	9.98	205.53	39%	3 336.46	
Sep-14	202.16	1 203.27	55.60	697.40	42.68	204.84	42%	3 265.68	
Oct-14	83.50	1 319.51	67.88	744.40	46.43	233.34	44%	3 123.67

Average Monthly	91.44	1 149.49	50.01	631.48	31.57	223.96		3 232.81	1 795.91
Average Daily (6day)	3.52	44.21	1.92	24.29	1.21	8.61		124.34	69.07

From the table above, it can be seen that on average, 37% of the Overstrand's solid waste stream has been diverted. This is over and above the proposed target of 15% by 2015 of the Western Cape IWMP.

The Material Recovery Facilities at Gansbaai and Hermanus are operating as intended and private contractors have been appointed to operate the facilities. Walker Bay Recycling runs the Hermanus MRF and Enviroserv runs the Gansbaai MRF.

Establishing a small composting facility at the Gansbaai landfill was not found to be a feasible option, but garden waste is chipped and transported to the Karwyderskraal landfill where composting takes place.

Data recording will continue to be improved as the entrance upgrade at the Hermanus MRF started during the evaluation period, which includes the installation of a new weighbridge.

The Overstrand is therefore fully compliant with these goals.

3.3 ENGINEERED WASTE DISPOSAL FACILITIES & MONITORING OF WASTE DISPOSAL

During the time that the Karwyderskraal landfill was not operational, the Overstrand Municipality disposed all of their waste at the permitted Gansbaai landfill. A new landfill cell was constructed at the Gansbaai landfill and completed in June 2014 in order to provide sufficient disposal airspace.

The Overstrand Municipality also constructed the new disposal cell at the Karwyderskraal landfill, which was completed in March 2015. The Gansbaai landfill therefore does not receive the entire Overstrand waste stream any longer, only the eastern portion of the Overstrand's waste is disposed at Gansbaai and the rest at Karwyderskraal.

All of the waste management facilities in the Overstrand were internally audited in the period and those that require external audits were externally audited as required.

The Overstrand is therefore fully compliant with these goals.

3.4 COLLECTION SERVICE REVIEW

This item was completed before the start of this evaluation period. New collection routes were established in 2012. Waste collection is available throughout the Municipality.

3.5 CLEANSING

Cleansing services are rendered by the Municipality in all Overstrand areas. Public refuse bins and "weekend drop-offs" have been established throughout the Overstrand in order to reduce littering and illegal dumping. Illegal dumping is cleaned once per week and/or as reported by the public.

3.6 SOLID WASTE EXPENDITURE DURING EVALUATION PERIOD

The actual solid waste management expenditure from 30 June 2014 to 30 June 2015 was as follows:

Actual Financial Results 2014/2015 per Vote : Waste Management : GFS 1500

DEPARTMENT	Salaries	General	Repairs	Capital	Contrib	Total	Income	Balance

3.7 IWMP REVIEW AND UPDATE

The Municipality decided to update the 2012 IWMP to the next generation to keep the goals and actions relevant and to address the comments received by the D:EA&DP. The new generation IWMP was developed during the 2014/2015 period and not finalised by 30 June 2015. The next annual IWMP report will evaluate the compliance with the new IWMP.

4. CONCLUSIONS AND RECOMMENDATIONS

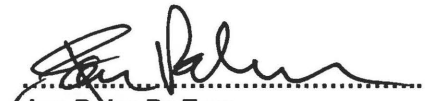

Based on the goals that were set in the 2012 IWMP for each solid waste management category it is evident that the Overstrand Municipality followed the IWMP and implemented all items planned for. This is also evident from the Municipality identifying that the 2012 IWMP needed to be updated before the recommended 5-year cycle in order to keep the goals and implementation up to date and relevant.

The Overstrand Municipality is committed to deliver efficient waste management services as is evident from the basic services they render as well as the supporting functions by implementing awareness and education, post-collection recycling, garden waste chipping and composting.

It is recommended that the draft 2015 IWMP is finalised so that implementation on new goals and objectives can start in order to continue to improve solid waste management in the Overstrand and build on previous successes.
