6. Background/Discussion/Evaluation/Conclusion

Background

The Overstrand Municipality is, in terms of its Third Amendment Notice, dated 28 May 2003 a municipality with a mayoral executive system combined with a ward participatory system. Since 30 June 2016 the registration for organisational sectors and geographical blocks for participation in the new generation of Ward Committees were advertised in local media and community. The elections were also promoted in local communities by way of election posters, door-to-door distribution of informative pamphlets and sms-messages. Announcement of meetings by way of loud-hailing was also done in wards where preferred by communities.

The administration consulted with the newly elected Councillors at their induction workshop held on 10 August 2016 with regard to the programme for the establishment of the new generation of ward committees.

Elections took place from 15 until 18 August 2016 with the assistance of the Director: Community Services, Area Managers, Deputy Area Managers and other administrative staff. The election timetable is attached as per Annexure A. Ward Councillors fulfilled their roles as chairpersons at the respective election meetings.

Discussion

A number of 2558 registered voters (IEC's voters roll) resident in the 13 wards participated in the ward committee elections. A number of 108 organisations/sectors and 21 geographical areas'/blocks' representatives were elected/identified. The structures/entities per ward that did not reach the list of ten committee members per ward were also recorded as a replacement list of members for the particular ward for possible future vacancies. Ward 13 is the only ward where only nine committee members could be elected, but an additional member will be elected at a future meeting. Female representation accounted for 32% of the total number of elected ward committee members. A summary of the election results are attached per Annexure B.

The induction training for newly elected ward committee members will take place on 3 September 2016. Training is scheduled to take place at Gansbaai, Hermanus, Zwelihle and Kleinmond.

The administration would also like to express a word of appreciation towards the Overstrand community for their participation in the successful election of the new generation of ward committees.

7. Financial Implications

R56,520.00 as provided for in the 2016/17 Operational Budget. Funding included amounts for advertising, posters and brochures but excluded overtime for staff.

8. Staff Implications

None

9. Comments from other Departments, Divisions and Administrations

None
