Background

The Protection Services Directorate has proven to effectively rendering services over the previous holiday season in terms of fire safety education, speed enforcement, road safety, public transport, emergency response, high way patrol, informal trading, animal control and intervention services, traffic in general and enforcement of municipal by-laws.

**AGENDA of the
Portfolio Committee: Protection Services
22 November 2016
(Also the agenda for the Mayoral Committee Meeting: 02 December 2016)**

The directorate achieved this through the commitment and efforts of dedicated staff working with all stakeholders both internally and externally, sharing one common vision of safety for all.

The actions/activities listed in the attached Operational Plan for the holiday season: 2016/2017 complements the basic services that are already in place. It however concentrates more intensely on the Public Places, Public Roads and Blue Flag Beaches in the area. Staff will be employed to maintain the international standard set by the Blue Flag Committee.

It is important that the Directorate: Protection Services works closely with the South African Police Service to minimise crime and opportunities for violations of the law. To improve communications a Joint Operational Centre will be established to function during the holiday seasons. This will minimise response times to incidents and maximise communication during operations.

Furthermore the staff deployed over this period will be closely and effectively monitored by commanders. Weekly statistics will be submitted. Any serious incidents will be reported immediately to the relevant Senior Commanders, Director, Municipal Manager and Executive Mayor.
