6. Background/Discussion/Evaluation/Conclusion

Background and Discussion

In addition to the introductory note in paragraph 1 of this Item, the Overstrand Municipality decided to propose the Policy in order to guide event organisers and to encourage the staging of safe and secure events, as well as to provide structures and processes which will simplify the staging of events in the Overstrand Municipal jurisdiction.

This Policy will implement a single standardised cost and liability structure for the staging of events, as well as payment for services, and furthermore ensures the financial viability of organising events within the Overstrand jurisdiction.

Overstrand Municipality is also desirous to support the co-ordination and collaboration between all roll players in order to promote partnerships and to and to enhance the effects of events in its jurisdiction.

Overstrand Municipality is furthermore desirous to ensure that events take place safely and securely in a co-ordinated manner.

The proposed Policy addresses various issues and matters, the most important of which are the following:

1. The submission of applications in terms of the By-law for the staging of an event or events;
2. The relevant legislative provisions that will have to be complied with by the Event Organiser;
3. Communication by the Event Organiser with the South African Police Services with regard to Risk Classification of the event;
4. The duties of the particular Area Manager of the municipality as the Events Co-ordinator;
5. The establishing of an Events Planning Committee;
6. The designing and completion of documents required to stage an event;
7. The process for the approval or rejection of an application for the staging of an event and the furnishing of reasons when an application has been rejected;
8. The requirements for a contingency plan / plans should an incident or incidents of whatever nature occur at an event / events;
9. The setting up and construction of temporary structures;
10. Noise Control requirements;
11. The cancellation of an event by the municipality subsequent to an application for the staging of an event was approved;
12. The dismantling of all structures and clearing of the site after the event;
13. Further development of the Policy with a view to consultation with communities with regard to events;

**AGENDA of the
Portfolio Committee : Community Services

(Also the agenda for the Mayoral Committee Meeting : 31 October 2018)**

14. The deposit payable by the Event Organiser;
15. The administration of the Policy and whom will be the custodian thereof.

Process followed

Section 11(3)(a) of the MSA entitles a municipality to exercise its legislative or executive authority by developing and adopting policies and does section 16 of the MSA in effect require community (public) participation with regard to the affairs of a municipality.

In view of the above Draft Policy was advertised for Public Participation purposes on 16 November 2017 and 11 January 2018 in the Gansbaai Courant, Hermanus Times; and the Overstrand Herald and was placed on Municipal notice boards as well as the official website of the municipality.

In all, 14 (fourteen) representations were received and considered and would it appear that in most instances an extension of the participation period was requested, which was subsequently granted and effected. The comments were generally positive and constructive.

Council members have also been afforded reasonable notice of the proposed Policy.

It is therefore recommended that the Policy be adopted by the Council. Please refer to the Policy attached as Annexure A.

Finally the provisions of the By-law on Rules of Order for Internal Arrangements have been complied with.

Discussion

A workshop (as required by Council) was held on Monday, 17 September 2018 to discuss this new proposed by-law. The following additions/alterations to the draft by-law were requested by Council at the workshop, which is also included in the document (indicated in bold), namely:

- ✓ By changing the word must to **should** and adding **disciplines, dependent on the discretion of the events coordinator** (Page 11)

1. PREAMBLE

The hosting of events is a significant part of the Overstrand Municipality's competitiveness strategy. Events in our area play an important role to enhance cultural and social cohesion in communities, and support economic growth. Events also have a close connection to other sectors within our economy, including tourism, and addresses seasonality and sustainability challenges and imperatives. Communities are central in making events successful.

There are a range of stakeholders involved in events and events management in various ways, including the Municipality, other spheres of government, event organizers, the event industry, businesses, ward committees, local tourism board, Fernkloof Advisory Body, Whale Coast Conservation, and Cape Nature.

The Overstrand Municipality Events policy provides a framework and direction for the various role players with regard to current and future events, processes and the Municipality's events calendar. The approach is mindful of the need to balance the economic development needs with those of the community such as health, safety, amenities and environmental management.

The Overstrand Municipality is also mindful of the various environmentally sensitive areas within its jurisdiction, including Fernkloof nature reserve, and thus recognizes the importance of the input from role players such as the Fernkloof Advisory Board, Cape Nature, Botanical Society, Whale Coast Conservation, as well as the local tourism board, whenever Fernkloof Nature Reserve, or any other reservation area, is or may be involved.

Through this policy, the Overstrand Municipality aims to support the coordination and collaboration between all role players, to promote partnerships and to facilitate an appreciation of the requirements, expectations and responsibilities of all concerned.

In this way, mutually beneficial outcomes may be achieved for the Overstrand area, and its residents, business, and visitors and thereby contribute to growth and development.

3. VISION AND STRATEGIC INTENT

The Overstrand Municipality seeks to use events in a proactive, creative, and inclusive manner to promote and develop the Overstrand area as a whole as:

- (a) A vibrant, multi-dimensional, events-friendly area and year-round destination which supports, celebrates and complements its unique identity and profile both nationally and internationally;
- (b) An area that recognises communities and the impact of events on them;
- (c) An area that has the highest standard of safety and integrated management;
- (d) An area where the importance of events is recognised as a major economic and social development driver;
- (e) An area where events contribute to the sense of experience and place through sport, recreation, arts and culture;
- (f) An area where events are developed and managed in such a way that they contribute to sustainable development, including responsible use of the natural environment;
- (g) An area that actively seeks or responds to opportunities for new events that support the vision for events in the area and that assists in making the best use of the areas events venues and assets.

4. OBJECTIVES OF THE OVERSTRAND MUNICIPALITY EVENTS POLICY

The Overstrand Municipality's Events Policy is a strategic framework which:

- (a) Provides direction for the area's current and future events, processes and events calendar.
- (b) Identifies a consistent, proactive and integrated approach to events processes and management.
- (c) Determines the level of involvement of the Municipality in hosting and supporting events through:
 - i Approving the hosting of events by using a consistent decision - making framework and tools to assess proposals and plans related to events;
 - ii Linking some of the Municipality's financial and logistical support to those events that may facilitate strategic benefits to the Municipality and its community;
 - iii Providing the framework for the Municipality to support defined events which are aligned to its strategic objectives either financially or non-financially or both;
 - iv Ensuring the highest standard of public safety and health for all events with due consideration to the public interest;
 - v Balancing the benefits: short and long term, obtained from an event with the costs incurred by the Municipality.

Establishes the Overstrand Municipality as the authority for the approval of events and as a controlling body for events within its jurisdiction.

5. SCOPE OF THE OVERSTRAND MUNICIPALITY'S EVENTS POLICY

A6/18

The Overstrand Municipality Events Policy applies to all events within its jurisdictional area which may in any way require the services of the Overstrand Municipality which occurs in a public and / or private place.

Events may range from international events (such as the Cape Epic), national, regional to local and community events hosted by event organisers, private organisations, individuals, community, or Non – Governmental organisations and / or any spheres of government and across the event spectrum (cultural, business and sport).

The policy applies to events held on public land and in public sector venues as well as on private land and in private sector venues which impact on public resources, have implications for public safety and the environment of the local community.

Where events are hosted with neighbouring Municipalities, such events will be subject to a formalised agreement between the Overstrand Municipality and the neighbouring Municipalities.

The Overstrand Municipality is committed to facilitating a sustainable number of events in accordance with this policy. The sustainable number of events will be guided by the Municipality's Event Policy objectives and strategic intent, as well as its resources and in consultation with the local community.

The Overstrand Municipality's Events Policy does not apply to public gatherings and demonstrations as defined in the Regulation of Gatherings Act, 1993 (Act No. 205 of 1993 as amended). In terms of the Act, "gatherings" means any assembly, concourse or procession of more than 15 people in or on any public road as defined in the Road Traffic Act, 1989 (Act 29 of 1989), or any other public place or premises wholly or partly open to the air –

- (a) At which the principles, policy, actions or failure to act of any government, political party or political organisation, whether or not that party or organisation is registered in terms of any applicable law, are discussed, attacked, criticised, promoted or propagated; or
- (b) Held to form pressure groups, to hand over petitions to any person, or to mobilise or demonstrate support for or opposition to the views, principles, policy, actions, or omissions of any person or body of persons or institution, including any government, administration or government institution.

"Demonstration" in terms of the Act includes any demonstration by one or more persons, but not more than 15 persons, for or against any person, cause, action or failure to take action.

The Overstrand Municipality's Events Policy does not apply to events of less than 50 people where there is no amplified sound or no temporary structures to be used. However, the Overstrand Municipality may determine whether the impact and risk attached to an event of less than 50 persons would require the submission of an application for an event.

6. EVENT TYPES

The Overstrand Municipality recognises and defines events in the following way:

World or Special Event/International Event**A7/18**

An event of international significance which also attracts international visitors and international media coverage and assists in the positioning of the Overstrand Municipality as a tourist or events destination including the global market. An example will be the Cape Epic Cycle event.

- (b) The application must contain all the information required on the application form and the municipality may require additional information. Failure to comply with these requirements may result in an application not being considered by the municipality.
- (c) The approval of building plans for new facilities or the redevelopment of current facilities that can be used for the staging of events, or land use applications with the intention to establish land use rights for events are not subject to timeframes as prescribed within schedule 1.
- (d) Normal building plan approval process must be followed for any building plan submission and may only be approved by the delegated official with input from the Events Committee and Events Coordinator. During the consideration of such plans by the delegated official, abovementioned applications should also be circulated to the Events Committee for comments. Public safety and the reduction of risk must be considered as a primary goal.
- (e) Land use applications with the intention of establishing the necessary land use rights to stage an event may only be approved by Council's Municipal Planning Tribunal or delegated official identified in terms of the Spatial Planning and Land Use Management Act, Act 16 of 2013 (SPLUMA).
- (f) Applications for the staging of events will only be considered if the necessary land use rights are in place for the event and the premises complies with all legal requirements. These legal requirements include compliance with all environmental legislation in the event that the venue encompasses a nature reserve or environmentally sensitive area which may trigger environmental legislation, and the Municipalities Land Use Planning By-law and zoning scheme regulations.
- (g) Input and requirements of all role players must be obtained prior to the approval of plans for the staging of events, including the Fernkloof Advisory Board, Whale Coast Conservation, Cape Nature, and the Botanical Society in the event that

the venue encompasses a nature reserve, or may trigger environmental legislation. A12/18

- (h) The application must be made to the Events Coordinator and include the name and contact numbers of the Event Organiser, the event venue owner, and provide as much information as possible about the planned event.
- (i) Depending on the size, type, location, date, duration event location, impact or risk of the event, the time frames as prescribed in schedule 1 of the Events By-law, and Annexure A of the policy will apply.
- (j) Depending on the size, and risk profile of the event the required listing for the event plan as contained in Schedule 2 of the By-law will apply.
- (k) The table in Annexure C of the policy contains a list of plans that will be required, depending on the nature, size, impact and risk associated with any event.
- (l) The forms listed in Annexure B of the Events policy need to accompany the initial event application to the Event Coordinator's office, and will be subject to the event type, its risk categorization, and size.

14. APPROVAL / REJECTION OF APPLICATION TO STAGE AN EVENT

- (a) The Events Coordinator can either approve or reject for various reasons an application for the staging of an event. During the approval process, the Events Coordinator must consider the following aspects:
 - i. The Overstrand municipality's By-law on Staging of Events;
 - ii. Compliance to the District's policies and guidelines on events;
 - iii. The risk profile or categorization of the event;
 - iv. The impact of the event on the surrounding area/community/environment including crime prevention issues;
 - v. Any restrictions regarding the duration of the event;
 - vi. National legislation;
 - vii. Provincial legislation and regulations;
 - viii. The recommendations by the Events Committee;
 - ix. The representations by the Fernkloof Advisory board, the Botanical Society, Whale Coast Conservation, Hermanus tourism, and Cape Nature if the event venue encompasses a nature reserve, or may trigger any environmental legislation.
 - x. Any conditions to be imposed on the event.
- (b) The Event Organiser submits the event application to the Events Coordinator for approval/rejection taking into consideration the statutory powers of Council, individual officials and external role players such as the SAPS.
- (c) The Event Coordinator with the recommendations from the Events Committee makes a decision and communicates the outcome to the Municipal Manager, who informs the Applicant/Organiser in writing. The Municipality may in respect of the respective certificates that it issues set out certain conditions which it considers necessary for the venue.
- (d) An approved event plan is a binding contract between the local authority and the event organiser, and must be complied with at all times.

15. BASIS FOR REJECTION OF APPLICATION

- (a) The Event Coordinator with the recommendations from the Events Committee may reject applications for the staging of events for the following reasons, which do not necessarily encompass all of the possible grounds for refusal:
 - i. Event application not submitted timeously before the event according to schedule 1 of the By-law;
 - ii. Event Plan not completed adequately and submitted for approval;
 - iii. Event Plan submitted but not approved;
 - iv. Event Organiser or any party involved in staging the event black-listed due to previous non-compliance;
 - v. Sufficient emergency services attendance is not possible due to other prior commitments and/or approved events;

- vi. Nuisance and noise concerns not satisfactorily addressed;
 - vii. Failure to comply with any relevant legislation, including environmental legislation;
 - viii. The purpose and objectives of staging the event are contra bonus mores or for an illegal purpose.
- (b) Upon the rejection of an application, the Event Organiser must be informed of the reasons for the rejection by the Municipal Manager or delegated official and has a right of appeal in terms section 62 of the Municipal Systems Act.

16. CONTINGENCY PLAN

- (a) An event contingency plan must be prepared by the event organiser as part of the event plan setting out the action to be taken in response to incidents at the event which might prejudice public safety or disrupt normal operations. This will include aspects such as pre-defined levels of emergency services involvement etc.
- (b) The plan must include contact details for the event organiser as well as Law Enforcement where the public can report any issues with regards to the applicable event.

17. SETUP AND CONSTRUCTION (TEMPORARY STRUCTURES)

An application must be submitted to the Municipality's Building Control department for the erection of a temporary structure in terms of the National Building Regulations A23 and the Municipality's Community Fire Safety By-law. The setup and construction of equipment and facilities may only be commenced with after final approval has been granted by the Municipal Manager or delegated official.

18. NOISE CONTROL

- (a) If the events committee has reason to believe that a proposed event could cause a disturbing noise or noise nuisance, it may instruct the person intending to host the event in writing to apply for an exemption in terms of regulation (12)(a)(ii) of the Western Cape Noise control regulations.
- (b) The Applicant needs to set out full reasons for the application, and the events coordinator will further have to invite potential interested and affected parties to submit their representations and then allow the applicant to comment on the representations.
- (c) The Events Coordinator needs to consider the application, and is entitled to make the exemption application subject to certain conditions.
- (d) The Events Coordinator may grant an exemption, subject to certain conditions, including that the Events Organiser provides a noise impact assessment in terms of SANS 10328 before making a decision. One of the conditions may further limit the date and time for which the exemption applies and whether noise levels must be monitored, and if so how, and that a record of such levels must be kept. One of the key considerations the Events Coordinator must consider is whether the event is likely to adversely affect the rights of interested and affected parties.
- (e) Before the Events Coordinator takes a decision it can call upon the applicant to submit a noise impact assessment by an accredited sound engineer. If the events coordinator with the input from the events committee is satisfied that the noise will not create a public nuisance or otherwise exceed certain levels, an exemption may be granted, subject to certain conditions.

19. PUBLIC PARTICIPATION

As part of the public participation process of the Overstrand Municipality concurrences from the ward committee, and / or ward councillor/s be submitted on behalf of the affected community to the events coordinator's office. In the event that the event falls within the boundaries of a nature reserve or an environmentally sensitive area the representations of the necessary environmental advisory bodies will be required.

20. MINIMUM EVENT APPLICATION FEE AND DEPOSIT

A minimum application fee will be levied to set-off staff costs, overtime, and services. Any remaining surplus of the application fee will be set-off from the actual cost, whilst any shortfall from the actual cost will be recoverable from the event organiser after the event.

The municipality may in writing require a deposit to recover any damages or additional expenditure to cover contingencies, and such deposit will be payable to the Municipality within 5 (five) working days of approval by the Events Coordinator.

21. INDEMNITY FORM

An Indemnity Form must be completed and submitted to the office of the Events Coordinator in order for the Municipality to be indemnified against all actions, lawsuits, proceedings, claims, demands, costs and expenses arising out of the permission. In addition, the insurer specifying the insurance coverage for public liability with such insurance company must submit a letter of confirmation.

22. EVENT CANCELLATION

- (a) The Municipality may, where the event organizer fails to comply with a compliance notice issued in terms of the By-law or on receipt of information on non-compliance to permit conditions by the event organizer, issue a written notice to the event organizer, informing the event organizer-
- i. that the approval for the event is immediately suspended, pending compliance with the permit conditions; or
 - ii. that the permit for the event has been cancelled, and that the event organizer is liable for any costs incurred, associated with the revoking of the permit,
 - iii. on condition that in the case of an emergency, or when it is not practical or possible to issue a written notice to the event organizer on non-compliance to permit conditions, a verbal notice or a notice in any other practical way shall be acceptable.
- (b) The Municipality may, where action has been taken in terms of subsection 10(1) of the By-law, withhold the repayment of the deposit paid by an event organizer for an event, as security for the payment of any associated costs.

23. DISMANTLING AND CLEARING

During the dismantling and clearing phase, the Event Organiser will be responsible to perform an audit on the environmental impact and (in the case of events conducted on municipal property) structural or other damage caused during the event and the cleanliness of the venue after the event. It is the responsibility of the event organiser to return the venue and its environment to the condition it was in prior to the event.

24. DEBRIEFING

At the conclusion of an event or at least within 1(one) month after the event, the Event Planning Committee may reconvene to consider lessons learned and address problems experienced in order to prevent these from occurring in future.

25. REVIEW AND FURTHER DEVELOPMENT OF THE POLICY

This policy is to be reviewed annually by the Events Committee

26. ADOPTION OF THE POLICY

Adopted by Council on: _____

Annexure A**A16/18**

Size	Category - Attendee Participation Size	Minimum time before an event to submit an application to the Municipality
Small	50 - 500	1 month
Medium	501 - 2000	2 months
Large	2001 - 5000	3 months
Very Large	5001 - above	6 months

NOTE:

- (1) Events of fewer than 50 persons where there is no amplified sound or no temporary structures to be used need not submit an application. However, the Municipality may determine whether the impact and risk attached to an event of fewer than 30 persons would require the submission of an application.
- (2) Note this excludes any specific or special application directives which the Municipality may issue from time to time, which may vary by event type, risk, size, the time of the year, duration, venue or location (for example over the festive season or public holiday or related to a type of event or specific venue/location) or impact on the transport network or any other Municipality activity.
- (3) Any event which involves an application for a temporary land use departure and where the departure has not been granted must follow the appeal process as outlined in the Land Use Planning Act, 2014 (Ordinance No. 3 of 2014).
- (4) If an event includes food vendors, a minimum of 20 working days will be required if food vendors need to apply for licenses and Certificates of Acceptability.
- (5) Appeals against the decision of the Events Coordinator will be handled in terms of section 62 of the Municipal Systems Act.
- (6) The timeframes do not include event applications where a land use planning approval is required i.e. where an event is to be held on land which is not appropriately zoned. In such instances, the determinable time frames will be dependent on the Municipalities Zoning Scheme Regulations and the Land Use Planning By-law.

Excellence award for Fire Department

Overstrand Fire Department received the prestigious *Rosenbauer Excellence Award* for the second year running.

The prize giving ceremony on 29 October 2017, took place during the bi-annual SAESI Conference that was held at the Expo Centre in Nasrec, Johannesburg. The competition is the biggest emergency management services (EMS) event in Africa and is only open to local and district municipalities. Contestants are judged along strict criteria over a prescribed period. These include the speed of response to fire emergencies and community awareness

programmes like fire and life safety, to name but a few.

Together with the award, the Fire Department also received cutting-edge tools and equipment worth a staggering R80 000.

The conference was attended by Fire Chief Lester Smith and Assistant Fire Chief Angelo Aplon, who accepted the prize on behalf of the municipality from Michael von der Heyde, the Director of Rosenbauer South Africa.

Rosenbauer is the manufacturer and distributor of world-class fire equipment apparatus and trucks.

Seen with some of the equipment that forms part of the recently bestowed Rosenbauer Service Excellence Award are Overstrand's Chief Fire Officer Lester Smith (left) and Assistant Chief Fire Officer Angelo Aplon (right), along with the Director of Rosenbauer South Africa Michael Von der Heyde (centre).
