Income generated from these activities usually falls far short of even a minimum income standard, with very little capital invested, virtually no skills training in the particular field and only limited opportunities for growth into a viable business. This category is characterised by poverty and the attempt to survive.

**Micro enterprises** are very small businesses, often involving only the owner, some family members and at the most one or two paid employees. They usually lack 'formality' in terms of business licenses, value-added tax (VAT) registration, formal business premises, operating permits and accounting procedures. Most of them have a limited capital base and only rudimentary technical or business skills among their operators. However, many micro enterprises advance into viable small businesses. Earning levels of micro enterprises differ widely, depending on the particular sector, the growth phase of the business and access to relevant support.

**14. MBD 9 – CERTIFICATE OF INDEPENDENT BID DETERMINATION**

1. This Municipal Bidding Document (MBD) must form part of all bids invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>5</sup> Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:

## 19. SPECIFICATIONS

### 1. INTRODUCTION

The Overstrand Municipality is calling for tenders from prospective service providers for the provision of on-street (kerb-side) parking management within the Hermanus Central Business District (CBD) for a contract period ending 30 June 2020.

### 2. BACKGROUND

- 2.1. The Overstrand Municipality is responsible for the allocation, maintenance and operation of public parking within its area of jurisdiction. Public parking is intended to assist the public in their daily business. Kerbside parking within the Hermanus CBD is to facilitate short-term parking within closer proximity of places of business.
- 2.2. Motorists arriving early for work, by nature always seeks the closest and more convenient parking, which results in parking bays being occupied for longer periods where short term shoppers are forced to park further away and walk to their places of business. The result thereof is that business opportunities deteriorate in the CBD and this has potential for conflict.
- 2.3. One of the most efficient ways to prevent long-term parkers from occupying available nearby parking, is to direct them to available parking space just outside the CBD, as indicated on the attached map.
- 2.4. Services to be delivered by the preferred service provider shall include the appointment of parking marshals who will provide assistance to motorists and attempt to eliminate the so-called "informal parking marshals. The new parking management system must include methods to address these challenges, including crime preventative measures to safeguard stationary vehicles within the contract zones.

### 3. SCOPE

A system, comprising of the services needed from the service provider for the provision of the Parking Management System (PMS) in the Hermanus CBD. The service provider will be accountable for the performance of the PMS in its entirety and assume responsibility for all the activities, planning and implementation of the PMS. This includes provision of technology, administration and management of workers as well as the provision of protective clothing.

#### 3.1. Primary objectives:

- 3.1.1. Adequate parking in the Hermanus CBD
- 3.1.2. Optimal use of the Demarcated Parking Places (DPP) by the clients
- 3.1.3. Maintaining a high standard of financial control
- 3.1.4. An efficient database of all relevant activities, including maintenance of the Terminals, DPP and signage
- 3.1.5. Minimizing non-payment of parking fees to maximise income
- 3.1.6. Maintaining effective communication between the parties and sharing information in the environment
- 3.1.7. The efficient rotation of the Parking Marshals per zone
- 3.1.8. Maximum creation of local jobs

#### 3.2. Secondary objectives:

- 3.2.1. Limiting the amount of client complaints by providing an effective and efficient service
- 3.2.2. Zero tolerance to crime and theft from parked vehicles
- 3.2.3. Customer orientated service

- 3.3. The service provider will be expected to commence preparatory work as soon as the contract is awarded to minimise any disruption of services. Therefore it is advisable to do a pre-assessment of the parking areas before finalisation of the bid.
- 3.4. The required services will include but is not limited to the supply of such number of handheld parking meter systems with a portable printing facility as required by the service provider to fulfil its obligation in terms of the provisions of the agreement. Such handheld parking meter systems to be utilised by the parking marshal to capture registration numbers, gather statistical data, calculate parking fees payable and collected in cash, via smart card, or cashless smart card including sale of monthly tokens/disks.
- 3.5. Overstrand Municipality will also require such number of parking marshals as required by the service provider in order to fulfil its obligations in terms of the provisions of the agreement (at least one parking marshal per fifteen parking bays). The parking marshals must be issued with the relevant prescribed clothing (to be approved by the municipality) and equipment to execute their duties. Parking marshals must be employed by the service provider with preference given to the existing parking marshals as well as to local labour residing within the boundaries of Overstrand Municipality.
- 3.6. The Project income schedule will be provided to bidders so as to maintain income stream accordingly.
- 3.7. The supply, maintenance and day-to-day operation of the full contract will have no financial implications to the Overstrand Municipality.
