This table reflects the operating budget (Financial Performance) in the standard classifications which are the GFS Functions and Sub-functions. These are used by National Treasury to assist the compilation of national and international accounts for comparison purposes, regardless of the unique organisational structures used by the different institutions.

The main functions are Governance and administration; Community and public safety; Economic and environmental services; and Trading services.

It is for this reason that Financial Performance is reported in standard classification, Table C2, and by municipal vote, Table C3.

The operating expenditure budget is approved by Council on the municipal vote level. The municipal votes reflect the organisational structure of the municipality which is made up of the following directorates: Council; Municipal Manager; Management Services; Finance; Community Services; Local Economic Development; Infrastructure & Planning and Protection Services.

Unauthorised expenditure by year end would occur either for the municipality as a whole if the adjusted budget for 'Total Expenditure by Vote' or if any of the individual budgets for any specific vote/s were overspent. During the financial year some of the figures are influenced by transactions that occur annually only.

Debtors' levels remain stable with a marginal decrease in debtor's over 90 days. The increased debtors results from the year-on-year increase in billings from increased tariffs at the start of the new financial year. This conclusion can be drawn from the increase in the 0-30 days (current) debtors.
