Part 1 – Annual Budget

1.1 Mayor's Report

The Executive Mayor delivers his Budget speech with the tabling of the final budget for approval. A copy of the speech will be included thereafter.

The second review of the current new generation 5 year IDP and draft SDBIP will also be tabled during the Council meeting.

1.2 Council Resolution

The following is the resolution that will be considered for the approval and adoption of the annual budget for 2019/2020:

RECOMMENDATION TO THE COUNCIL:

1. that in terms of section 24 of the Municipal Finance Management Act, (Act 56 of 2003) the annual budget of the Overstrand Municipality for the 2019/20 to 2021/22 MTREF (Medium Term Revenue and Expenditure Framework) period **be approved** as set out in the following schedules:

   Schedule 1: Budgeted financial performance (revenue & expenditure by municipal vote)
   Schedule 2: Budgeted financial performance (revenue by source & expenditure by type)
   Schedule 3: Budgeted single & multi-year capital appropriations by functional classification (vote) and associated funding by source
   Schedule 4: Budgeted financial position
   Schedule 5: Budgeted cash flow
   Schedule 6: Cash backed reserves and accumulated surplus reconciliation
   Schedule 7: Asset management
   Schedule 8: Basic service delivery measurement

2. that in terms of section 75A of the Local Government: Municipal Systems Act (Act 32 of 2000) the property rates reflected in **Annexure A, be imposed** for the budget year 2019/20;

3. that in terms of section 75A of the Local Government: Municipal Systems Act (Act 32 of 2000) tariffs and charges reflected in **Annexure A, be approved** for the budget year 2019/20;

4. that the Municipal Manager be authorised to sign all the necessary agreements and documents to give effect to the 2nd draw down of the proposed three year borrowing programme for external loans amounting to R54 million per year, as well as for the loan of R20.3m for the Hermanus Waste Management Facility;

5. that the following schedules be noted:

   Schedule 9: Budgeted financial performance (Rev. & Exp. by functional classification)
   Schedule 10: Budgeted capital appropriations by municipal vote

6. that **cognisance be taken** of the letters of comment received from the community and the LG MTEC 3 Assessment Report by Provincial Treasury and the Provincial Department of Local Government, included in Annexure K & L respectively of the budget report; and

7. that **cognisance be taken** of the 2019/2020 Budget Report.

OVERSTRAND MUNICIPALITY

1.3 Executive Summary

The application of sound financial management principles for the compilation of the Municipality's financial plan is essential and critical to ensure that the Municipality remains financially viable and that municipal services are provided sustainable, economically and equitably to all communities.

The Municipality's business and service delivery priorities were reviewed as part of this year's planning and budget process. Where appropriate, funds were transferred from low- to high-priority programmes so as to maintain sound financial stewardship. A critical review was also undertaken of expenditure with regards to cost containment measures, non-core and 'nice to have' items.

The Municipality has undertaken various customer care initiatives to ensure that the municipality truly involves all citizens in the process of ensuring a people lead government. Encouragement of structured community participation in the matters of the municipality is a strategic objective.

Important to note that the context of the 2019/20 budget must be considered in view of a considerable challenging 2018/19 year with regard to provision of emergency housing and related basic service rendering in this regard, as well as providing for expenditure related to the devastating wild fires experienced during January 2019. Both these instances were addressed from a budgetary provision perspective in tabling adjustments budgets for unforeseen and unavoidable expenditure as announced by the Executive Mayor in Council on the two respective occasions.

A Provincial Disaster Management Grant allocation of R5m in support, to some extent for certain expenditure incurred, has been included as Revenue, with the appropriation of funds on the capital budget for 2019/2020, for a fire truck destroyed during the fires as well as operational expenditure incurred in this regard.

The municipality has expanded on the implementation of Repairs and Maintenance allocated as projects in terms of the mSCOA version 6.3, which distorted the year-on-year comparative figures. This is also applicable on Contracted Services. These allocations are guided by the respective owner departments.

The publishing of the Municipal Regulations on the Standard chart of Accounts (mSCOA) on 22 April 2014 has had a profound effect on the business of local government. This reform is not limited to a financial reform, but a business reform as a whole. It is the largest reform since the promulgation of the Municipal Finance Management Act in 2003. The mSCOA regulations took effect on 1 July 2017 and therefore subsequent budgets have been compiled to adhere to the regulations.

The following are extracts from the preamble to the regulations:

"Section 216 of the Constitution of the Republic of South Africa, 1996, provides that national legislation must prescribe measures to ensure transparency and expenditure control in each sphere of government by introducing generally recognised accounting practice, uniform expenditure classifications and uniform treasury norms and standards." "These Regulations propose segments and a classification framework for the standard chart of accounts to be applied in local government in similar form to that implemented for national and provincial government departments. In order to enable the National Treasury to provide consolidated local government information for incorporation in national accounts, national policy and other purposes, it must obtain financial information from individual municipalities."

The regulations contain amongst others, the segment and classification framework for mSCOA, minimum business processes and system requirements and responsibilities of municipal councils and accounting officers.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The segments classification consists of the following:

Funding segment – This segment relates to the various sources of funding available to municipalities and municipal entities for financing expenditure relating to the operation of the municipality and provides for both capital and operational spending.

Function segment - This segment provides for the classification of the transaction according to the function or service delivery objective and provides for the standardisation of functions and sub-functions across local government.

Municipal Functional classification Segment - This segment provides for the organisational structure and functionality of an individual municipality, which is not prescribed.

Project Segment - This segment provides for the classification of capital and operating projects on the basis of whether it relates to a specific project and if so, the type of project.

Regional Indicator Segment - This segment identifies and assigns government expenditure to the lowest relevant geographical region within which the intended beneficiaries of the service or capital investment are located.

Item Segment - This segment provides for the classification of item detail in the presentation of the financial position, performance and cash flow according to the nature of the transaction either as revenue, expenditure, asset, liability or net asset.

Costing Segment - This segment provides for a classification structure for secondary cost elements with reference to departmental charges, internal billing etc. and acts as a cost collector in determining inter alia total cost of services.

Overstrand municipality was identified as one of the official national pilot sites to early implement mSCOA and to pilot the Bytes SAMRAS system. This was first implemented for the 2015/2016 financial year and continued in 2016/17. The piloting stage ended 30 June 2017. A report regarding the status of implementation of mSCOA can be found in Annexure I of the budget documentation.

National Treasury issued MFMA Budget Circulars No. 93 & 94 for guidance for the compilation of the 2019/20 MTREF. A revised A Schedule – mSCOA Version 6.3 (Municipal annual budgets and MTREF & supporting tables) (28 March 2019) was also issued.

MFMA Circular No. 82 (updated November 2016) relating to direction and guidance regarding Cost Containment Measures was issued. National Treasury has since published Draft Regulations on Cost Containment Measures and the closing date for comments was 30 March 2018. The circular and draft regulations as well as the status relating to cost containment measures are included in Annexure H to this report.

The Western Cape Provincial Treasury has issued Circular No. 7 of 2019 regarding budget related matters and the proposed LG MTEC Budget & IDP engagements.

The main challenges experienced during the compilation of the 2019/20 MTREF can be summarised as follows:

- The on-going difficulties in the national and local economy;
- Ever aging water, roads, sewage and electricity infrastructure;
- Sustainable refuse disposal;
- The need to reprioritise projects and expenditure within the existing resource envelope;
- The cost of bulk electricity;
- Revenue recovery from cost reflective core municipal services;

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- Wage increases for municipal staff that have exceeded headline consumer inflation in the past, as well as the need to restructure certain components for operational efficiencies;
- Affordability of capital projects and the operational expenditure associated with prior year's capital investments needed to be factored into the budget as part of the 2019/20 MTREF process;
- Maintaining a positive cash flow; and
- Ensuring financial sustainability.

The following budget principles and guidelines directly informed the compilation of the 2019/20 MTREF:

- The 2018/2019 Adjustments Budget priorities and targets, as well as the base line allocations contained in the Budget Circulars informed the upper limits for the new baselines for the 2019/20 annual budget;
- Comments and representations received during the Community Consultation Process were considered by the Budget Steering Committee;
- Service level standards were used to inform the measurable objectives, targets and any backlog eradication goals;
- Tariffs and property rates increases should aim to be affordable;
- Some price increases in the input costs of services are beyond the control of the municipality, for instance the cost of fuel, chemicals and electricity. In addition, tariffs need to remain or move towards being cost reflective, and should take into account the need to address infrastructure maintenance and backlogs;
- There will be no budget allocated to national and provincial funded projects unless the necessary grants to the municipality are reflected in the national and provincial budget and have been gazetted as required by the annual Division of Revenue Act;
- The following cost saving measures were applied:
  - The principle of a minimal increase in non-core general expenses unless valid motivations such as contractual inflation adjustments dictate.
  - Cost containment measures referred to in Circular 82 of 30 March 2016 (updated in November 2016) are reported in Annexure H (Budget Circulars)

In view of the aforementioned, the following table is a consolidated overview of the proposed 2019/20 Medium-term Revenue and Expenditure Framework:

Table 1 Consolidated Overview of the 2019/20 MTREF

(a) Total Revenue (including capital grants)

R thousand	Budget Year 2018/19	Budget Year 2019/20	Budget Year +1 2020/21	Budget Year +2 2021/22

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Total revenue (including capital grants) to expenditure (Table 1a) indicates varying surplus/deficits over the 2019/20 MTREF due to fluctuations in capital grant funding.

Total operating revenue (Table 1a) indicates an increase in revenue of 8,3 per cent for the 2019/20 financial year when compared to the 2018/2019 Adjustments Budget. For the two outer years, operational revenue will increase by 8,7 and 9,8 per cent respectively. The fluctuations of revenue in Table 1(a) are informed mainly by the allocation of the Housing grant between operating (top structures) and capital (infrastructure) in the respective financial years.

Total operating expenditure for the 2019/20 financial year has been appropriated at R1,250bn and translates into a budgeted deficit of R76,4m (excluding capital grants) and a deficit of R6,3m (including capital grants). When compared to the 2018/2019 Adjustments Budget, operating expenditure has increased by 8,3 per cent in the 2019/20 budget and increases by 7,4 and 6,7 per cent for each of the respective outer years of the MTREF.

It should be noted that although the 2019/2020 operational budget and indicative years indicate budgeted deficits (Table 1b), this does not reflect the actual cash position. This phenomenon will continue for the foreseeable future. These circumstances arose as the result of the implementation of GRAP, with special reference to GRAP 17 (Property, Plant and Equipment-PPE). The asset value before depreciation is in excess of R5,5 billion, which relates to substantially high depreciation charges. Although accurately reflecting asset value, the cost of a substantial portion of these assets had been fully redeemed previously, but the useful life of assets were extended as well as ever increasing assets funded by grants. The replacement thereof can thus not be recouped via current tariffs as this would lead to taxation in advance of need and no reserves may be established for these purposes. The principle of recovering actual cash costs during each financial period is adhered to.

The capital budget of R261,7m for 2019/20 is 49,7 per cent more when compared to the 2018/2019 Budget. The increase is mainly due to roll-over projects amounting to R61m from the 2018/19 adjustments budget and the year-on-year fluctuation and allocation of the Housing grant between operating (top structures) and capital (services infrastructure). The increased own funding from surplus is due to cash generated from operations, which includes a further portion from land sales. Further projects from the proceeds of land sales were prioritised, subject to maintaining minimum financial sustainability levels. The capital programme decreases to R148,5m and increases to R154,3m in the outer years, which is above the estimated minimum of R100m required annually to sustain capital infrastructure. Own funding (new borrowings) is anticipated at R64m. New borrowings contribute to 36,3 % of the funding over the 2019/20 MTREF. Internally generated funds contributes 31,6 % and capital grants 32,1%. The balance relates to various sources of funded roll-over projects.

The Municipality had reached its planned outer borrowing limit of 60% of operational revenue in 2012. This was a result of much needed investment in infrastructure during the period from 2009 to 2012, after which the municipality embarked on a strategy to manage this rate down by at least 10% over a ten year period. In January 2014 National Treasury published the first norms and standards circular in which it recommended an upper limit of 45% to revenue. It is estimated that this rate would be at 44% and at the end of the 2019/20. The repayment of capital and interest (debt services costs) remains within the NT acceptable norm band. Consequently, the capital budget reflects an increase compared to the previous three years.

1.4 Operating Revenue Framework

For Overstrand to continue delivering and improving the quality of services provided to its citizens it needs to generate the required revenue. In these tough economic times strong revenue management is fundamental to the financial sustainability of the municipality. The reality is that we are faced with an increasing population (7th highest growth nationally as per the 2011 census), development backlogs and increasing poverty levels. The expenditure required to address these

OVERSTRAND MUNICIPALITY 2019 -05- 23

challenges will inevitably always exceed available funding, hence difficult choices have to be made in relation to tariff increases and balancing expenditures against realistically anticipated revenues.

The municipality's revenue strategy is built around the following key components:

- National Treasury's guidelines and macroeconomic policy;
- Growth in the Municipality and continued economic development;
- Efficient revenue management, which aims to maintain levels of above 99 per cent annual collection rates for property rates and other key service charges.;
- Electricity tariff increases for Eskom and the municipality, as approved by NERSA;
- Achievement of cost recovery of specific user charges and especially in relation to services;
- Determine tariff escalation rate by establishing the revenue requirement of each service;
- The municipality's Property Rates Policy approved in terms of the Municipal Property Rates Act, 2004 (Act 6 of 2004) (MPRA);
- Increased pressure to deliver and maintain services and recover costs;
- The municipality's Indigent Policy and rendering of free basic services; and
- Tariff policies of the Municipality.

In line with the formats prescribed by the Municipal Budget and Reporting Regulations, capital transfers and contributions are excluded from the operating statement, as inclusion of these revenue sources would distort the calculation of the operating surplus/deficit.

The VAT on property rates is levied at a rate of 0%.

Revenue generated from rates and services forms a significant percentage of the revenue basket for the Municipality. Rates and services revenues comprise 77,5% of the total operating revenue mix for 2019/20. For the 2018/2019 financial year, revenue from rates and services charges totals R859,7m. This increases to R918,5m, R1,010bn and R1,119bn in the respective financial years of the MTREF.

The following table is a summary of the 2019/20 MTREF (classified by main revenue source):

Table 2 Summary of revenue classified by main revenue source

Description	2015/16	2016/17	2017/18	Current Year 2018/19			2019/20 Medium Term Revenue & Expenditure Framework

The above table, relating to percentage increases for the different revenue categories, could reflect percentage changes that are not consistent with the annual tariff increases. This would be due to the baseline for 2018/19 and the subsequent adjustments budget and further reclassifications of revenue categories relating to mSCOA. The determination of proposed revenue for 2019/20 has been based on the current statistics available, limited growth and a conservative approach.

After collective service charges, property rates are the second largest revenue source. The third largest source is operational grants from national and provincial government, which is showing growth over the MTREF. This is followed by fines, interest on investments and 'other revenue' which consists of various items such as revenue received from permits and licenses, building plan fees, connection fees, advertisement fees etc. Departments delivering these services have been urged to review the tariffs of these items on an annual basis to ensure they are cost reflective.

Operating grants and transfers total R152,2m in the 2019/20 financial year. This increases in the outer years to R157,1 in 2020/21 and R168,2 in 2021/22 respectively, of the MTREF. Fluctuations may occur due to housing grant allocations and the splitting thereof between operating and capital budgets. The housing allocation for the building of top structures for housing development amounts to R79,6m over the MTREF. Equitable share increases over the 3 year MTREF period, from the current 2018/19 adjustments budget by 35% in terms of the equitable share formula, after the release of the 2011 census figures, as a result of the population growth in the Overstrand area.

The following table gives a breakdown of the various operating grants and subsidies allocated to the municipality over the medium term:

Tariff-setting is a pivotal and strategic part of the compilation of any budget. When rates, tariffs and other charges were revised, local economic conditions, input costs and the affordability of services was taken into account to ensure the financial sustainability of the Municipality.

National Treasury continues to encourage municipalities to keep increases in rates, tariffs and other charges as low as possible. Inflation (CPI) is currently within the 3 to 6 per cent target band of the South African Reserve Bank's inflation targets (current inflation expectations for 2019 still indicated above 5 per cent - Bureau of Economic Research), with an increase in inflation over the 2019/20 MTREF. Municipalities should justify increases in excess of the 5,6 per cent projected inflation target as indicated in Municipal Budget Circular 93. Excessive increases are by nature fundamentally likely to be counterproductive, which could result in possible higher levels of non-payment.

The increase in property rates has been set at 5,7%. Property rates increases were below inflation over previous years before 2014/15. In the eight years prior to 2014/2015, the property rates tariff had only on two occasions challenged the annual inflation rate. Furthermore, average increases in water and sewage service charges are also set at 5,7%, with the exception of electricity and refuse tariffs and the first 6kl or water.

The percentage increase of Eskom bulk tariffs charged to municipalities has been set at 15,63% by NERSA. The revised overall tariff increases for municipal electricity tariffs are based on the latest guideline tariffs of 13,07%, for the electricity basket, as published in the NERSA guidelines for municipal tariff increases.

The following table sets out the costing of services.

It should be noted that the revised budget presentation for the costing of services relating to FBS, in comparison with previous years' revenue accrual of subsidies for basic services to indigents, are now reflected as a reduction of revenue. The portion of the Equitable Share equal to the cost and revenue cost of FBS to indigents has since 1 July 2017 been reflected as revenue to the relevant

OVERSTRAND MUNICIPALITY

OVERSTRAND MUNICIPALITY

service. This is to ensure that the tariffs for these services are not unduly burdened as a result of the revised budget presentation.

OVERSTRAND MUNICIPALITY

It must also be noted that the consumer price index, as measured by CPI, is not always an ideal indicator of the cost increases of goods and services relevant to municipalities. The basket of goods and services utilised for the calculation of the CPI consist of items such as food, accommodation, petrol and medical services, whereas the cost drivers of a municipality are informed by items such as the cost of remuneration, bulk purchases of electricity, chemicals, fuel etc. The current challenge facing the Municipality is managing the gap between cost drivers and tariffs levied, as any shortfall must be made up by either operational efficiency gains or service level reductions. Within this framework the Municipality has undertaken the tariff setting process relating to rates and service charges as follows:

1.4.1 Property Rates

Property rates revenue should cover the cost of the provision of general community and support services. Determining the effective property rates tariff is therefore an integral part of the municipality's budgeting process.

National Treasury's MFMA Circular No. 51 deals, inter alia with the implementation of the Municipal Property Rates Act, with the regulations issued by the Department of Co-operative Governance. These regulations came into effect on 1 July 2009 and also prescribe the rate ratio for the non-residential categories, public service infrastructure and agricultural properties relative to residential properties.

The following stipulations in the Property Rates Policy are highlighted:

TARIFF CODE	CLASS TAX	TYPE OF PROPERTY	REBATE OR EXEMPTIONS
BUS	General Tax: Commercial	All business, industries, Bed and Breakfast and Guest Houses	No exemptions. Bed and Breakfast as well as Guesthouses can apply before 30 June for the following rebate on the difference between Bus and Res. rate: 1 -2 X lettable room: 100% 3 X lettable rooms: 75% 4 X lettable rooms: 50% 5 X lettable rooms: 25%
BUSO	General Tax: Tourism and recreational resorts outside the municipal urban areas	Hotels, Guest Houses, Cottages, Caravan parks and Holiday Resorts, Chalets	50% rebate on the tax applicable on commercial property in urban areas.
RES	General Tax: Residential properties within the municipal service areas	Single residential properties, Group housing, Retirement Villages, Flats, Sectional Schemes, small holdings not used for bona fide farming purposes	The first R15 000.00 of the rateable value of all residential properties is exempted from property tax. A further R35 000.00 of the rateable value is exempted in respect of all residential properties where a residential completion certificate has been issued and an additional rebate of 20% of the levy calculated on such properties, is granted. Rebate to qualifying property owners as indicated under "*Other Rebate*"
RESO	General Tax: Residential properties outside the municipal urban area	Single residential properties, Group housing, Retirement Villages, Flats, Sectional Schemes	50% of the tax applicable on residential property in urban areas. Rebate to qualifying property owners as indicated under "Other Rebate"

OVERSTRAND MUNISIPALITEIT

OVERSTRAND MUNICIPALITY

1.4.2 Sale of Water and Impact of Tariff Increases

Evermore South Africa faces challenges with regard to potable water supply, since demand growth outstrips supply, coupled with the possible impact of climate change, where the Western Cape is experiencing the worst drought since 1933. Due to water source and infrastructure investment in the previous few years, made by Overstrand municipality, a water crisis could up till now, be averted. Consequently, National Treasury is encouraging all municipalities to carefully review the level and structure of their water tariffs to ensure:

- Water tariffs are fully cost-reflective – including the cost of maintenance and renewal of purification plants, water networks and the cost associated with reticulation expansion;
- Water tariffs are structured to protect basic levels of service and ensure the provision of free water to the poorest of the poor (indigent); and
- Water tariffs are designed to encourage efficient and sustainable consumption.

National Treasury has urged all municipalities some years ago to ensure that water tariff structures are cost reflective from 2014 onwards. Overstrand has implemented a phased approach in this regard.

Water source management and maintenance of infrastructure together with cost-reflective tariffs will ensure that the supply challenges are managed in future to ensure sustainability. It needs to be noted that the second infrastructure levy (Table 7 below), implemented in the 2018/19 financial year, relates to a loan for water & waste water infrastructure networks, to be raised over a period of three years.

Tariff increases as from 1 July 2019 are indicated in the list of tariffs in Annexure C. The 6 kℓ free water per 30-day period has since 2014 only been granted to registered indigents. The third level of phasing in the increases in the 0 – 6 kℓ category as implemented during 2013/14, to recover minimum cost of the production of water, further postponed in 2014/15, has been further phased-in. This is the reason for the higher than 6% collective increase in this category of the tariffs.

A summary of the proposed tariffs for households (residential) are as follows:

Table 7 Comparison between current water charges and increases (Domestic)

OVERSTRAND MUNICIPALITY

1.4.3 Sale of Electricity and Impact of Tariff Increases

NERSA announced a revised bulk electricity pricing structure at 15.63% increase in the Eskom bulk electricity tariffs to municipalities, effective from 1 July 2019. The revised tariff increases that were factored into the final budget are based on the guideline increases applicable on municipal electricity tariffs to consumers, as published by NERSA. The guideline increase was set at 13,07%.

The estimated increase in basic charges of 17,5%, as tabled in the Draft Budget in March 2019, has since been revised and an increase of 15% in basic charges are now proposed. The basic charge increase for households is to further mitigate the disparity between fixed and variable costs.

The revised increases for the respective brackets of the Inclining Block Tariffs (0-350 kWh, 351-600kWh, and >600kWh), are also now proposed at 12%, 12,6% and 12,7% respectively. This is to mitigate the increase in basic charges and it should be noted that the basket (household account) for electricity would thus still average 13,07%.

Furthermore, Local Government has been urged in discussions at various forum meetings and workshops to address the disparity in recovery of costs in relation to basic charges versus unit cost charges with regard to fixed costs and variable costs respectively. The municipality is revisiting cost allocation in terms of before-mentioned on an annual basis in order to ensure parity.

Registered indigents continue to be granted 50 kWh per 30-day period free of charge, in the instance that they qualify for this indigent benefit.

The following table shows the impact of the proposed increases in electricity tariffs for domestic consumers:

Table 8 Comparison between current electricity charges and increases (Domestic)

Tariff Code	Detail		2019/2020		2018/2019		
			Exclude VAT	Include VAT	Exclude VAT	Include VAT

	kWH Unit cost						
E1A2	IBT BLOCK 1 0 - 350 kWh	c	128.67	147.97	114.88	132.11	12.00%
E1A3	IBT BLOCK 2 351 - 600 kWh	c	188.97	217.31	167.82	192.99	12.60%
E1A4	IBT BLOCK 3 > 600 kWh	c	232.18	267.01	206.02	236.92	12.70%
E1B	**Two-Part Tariff: Pre-paid up to 60 Amp (13.8 kVA BDMD) (Including Resorts)**						
E1B1	Basic Monthly charge per meter	R	335.34	385.64	291.60	335.34	15.00%
	kWH Unit cost						
E1B2	IBT BLOCK 1 0 - 350 kWh	c	118.85	136.68	106.12	122.03	12.00%
E1B3	IBT BLOCK 2 351 - 600 kWh	c	178.07	204.78	158.14	181.86	12.60%
E1B4	IBT BLOCK 3 > 600 kWh	c	223.18	256.66	198.03	227.73	12.70%

The IBT for electricity, as previously proposed by NERSA has continued. As mentioned above, with the latest recommendations, the tariff increases in the inclining block tariff for the electricity consumption tariffs has been set at 12%, 12,6% and 12,7% for the respective inclining blocks. The reduced tariffs for prepaid meters, compared to conventional meters, will continue as in the past.

The full proposed tariffs are included in Annexure C.

1.4.4 Sanitation and Impact of Tariff Increases

A tariff increase of 5,7 per cent for sanitation (basic & consumption) is proposed from 1 July 2019.

This is based on tariff increases related to inflation increases as mentioned earlier in this report.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The following factors inform the proposed tariffs:

- Sanitation charges are calculated according to the percentage water discharged as indicated in the table below;
- Tariff structure comparability research was undertaken by the Infrastructure & Planning directorate, where it was found that the current tariff structure compares very favourably, towards the consumer, against tariff structures locally and international; and
- Free sanitation (4,2 kℓ of 6 kℓ water) will be applicable to registered indigents.

The following table compares the current and proposed tariffs:

Table 9 Comparison between current sanitation charges and increases (Domestic)

Tariff Code	Detail	2019/2020		2018/2019		
		Exclude VAT	Include VAT	Exclude VAT	Include VAT

SE7A1	0 - 35kl per kl (based on 70% of max 50kl water usage) - per unit per month , Conservancy tank service only during office hours per month. For after hours service, refer to tariff SE9B.	13.70	15.76	12.96	14.90	5.71%
SE8	BASIC CHARGE					
SE8A	Basic Monthly Charge Developed sites per erf/unit per month	121.65	139.90	115.09	132.35	5.70%

The full proposed tariffs are included in Annexure C.

1.4.5 Waste Removal and Impact of Tariff Increases

The operation of the Karwyderskraal waste disposal site for cell 3 by Overstrand municipality, re-opened during 2015/16, was to improve operational efficiencies regarding solid waste disposal from Hermanus and Kleinmond, which is channelled to this site. The Theewaterskloof municipality previously disposed of solid waste at Karwyderskraal when it was operated by the District municipality. Theewaterskloof municipality also utilised the service operated by Overstrand municipality, who operated Cell 3 of the site till the end of March 2019.

The Overberg District municipality officially re-launched the Karwyderskraal waste disposal on 29 March 2019, as it was in a position to construct a new Cell 4 and resumed operations at the site from 1 April 2019.

A tariff increase of 12,86% is proposed for 2019/20, in view of the increased costs to be incurred by Overstrand Municipality in dumping waste at the newly constructed Cell 4, with another contributing cost for the relocating of the Hermanus Waste Management Facility, for will borrowing will be incurred. Refer to the Top 10 Capital Projects.

Services relevant to refuse removal, refuse dumps and solid waste disposal mechanisms must comply with stringent legislative requirements such as the National Environmental Management: Waste Act, No 59 of 2008. This service will receive further revision of the solid waste strategy to ensure that this service can be rendered in a sustainable manner over the medium to long-term.

The following table compares current and proposed amounts payable from 1 July 2019:

All proposed refuse tariffs are listed in Annexure C.

1.4.6 Overall impact of tariff increases on households

The following table shows the overall expected impact of the tariff increases on large, medium and small household consumers (**with a pre-paid electricity meter**), as well as an indigent household receiving free basic services.

OVERSTRAND MUNICIPALITY

1.5 Operating Expenditure Framework

The Municipality's expenditure framework for the 2019/20 budget and MTREF is informed by the following:

- Balanced budget constraint (cash operating expenditure should not exceed cash operating revenue) unless there are sound reasons for utilising existing uncommitted cash-backed reserves to fund any deficit;
- The repairs and maintenance plan relating to the asset management strategy;
- Funding of the budget over the MTREF as informed by Section 18 and 19 of the MFMA;
- Reducing expenditure on non-core programmes;
- Implementing operational gains and efficiencies;
- Strict adherences to the principle of *no project plan no budget.* If there is no business plan no funding allocation will be made; and
- Taking cognisance of cost containment guidelines and assessing the status of current measures.

The following table is a high level summary of the 2019/20 budget and MTREF (classified per main type of operating expenditure):

Table 12 Summary of operating expenditure by functional classification item

The budgeted allocation for employee related costs and remuneration of councillors for the 2019/20 financial year totals R411,2m which equals 32,9 per cent of the total operating expenditure and is within the NT norm of 25 – 40 per cent. Of this total, the provisions relating to employee related costs amounts to R14,8m of which the majority of the amount is a long term liability (post-retirement benefits) and therefore not cash remuneration.

The current three year collective SALGBC salary agreement came into operation on 1 July 2018. Salary increases, according to the principles of the agreement, were estimated at 6,25 % for the 2019/20 financial year, based on the average inflation for the period February 2018 to January 2019, with a minimum inflation rate of 5% plus 1,5% for the second year of the agreement.

With effect from 1 July 2010, the Section 57 Employees (Directors) remuneration is determined by an independent consulting firm, appointed by the Employer to determine market related cost-to-employer remuneration packages. The afore-mentioned employees receive no bonuses, which principle was negotiated with them. The recommendation does compare the salaries of incumbents

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

with similar job descriptions, whether it is the private or government sector. The remuneration model developed by the consultants for senior managers in the local government sector has been adjusted to reflect the remuneration trends in the labour market. This determination will be completed at a later stage for 2019/2020. For budgeting purposes, a similar increase as for other employees has been factored into the budget for this category of employees.

Regulations have been promulgated, which provide for the Minister of Co-operative Governance to determine the total remuneration packages payable to any new employees to the posts of Municipal Manager and Section 57 Employees (Directors), with effect from 1 July 2014. Existing contracts however continue until they lapse.

The cost associated with the remuneration of councillors is determined by the Minister of Co-operative Governance and Traditional Affairs in accordance with the Remuneration of Public Office Bearers Act, 1998 (Act 20 of 1998). The proclamation with regard to the 2018/2019 increases was published during January 2019. No indication for 2019/20 has been received to date and therefore remuneration of councillors has been factored into the 2019/20 budget at the same rate as the 2018/2019 determination.

The provision of debt impairment and write-off of bad debts for consumer accounts has been determined based on an annual collection rate of close to 100 per cent and the Debt Write-off Policy of the Municipality. For the 2019/20 financial year this amount equates to R0,7m. Impairment for traffic fines, resulting from the implementation of IGRAP1, has been budgeted according to the trends from the three previous financial years and amounts to R24,2m.

Provision for depreciation and asset impairment has been informed by the Municipality's Asset Management Policy. Depreciation is widely considered a proxy for the measurement of the rate of asset consumption. Budget appropriations in this regard total R131,3m for the 2019/20 financial year and equates to 10,5 per cent of the total operating expenditure. Note that the implementation of the GRAP 17 accounting standard meant bringing a range of assets previously fully depreciated and not included in the assets register, back onto the assets register. This resulted in a significant increase in depreciation at implementation, relative to previous years. This aspect is further highlighted in para. 1.3 of this report.

Finance charges consist of the repayment of interest on long-term borrowing (cost of capital). Finance charges comprise 4,1 per cent of operating expenditure. The gearing ratio of borrowing to revenue is expected to be 44 per cent for 2019/20, which is below the outer proposed limit of National Treasury.

Bulk purchases are directly informed by the purchase of electricity from Eskom. The proposals from the NERSA determination for Eskom, for a 15.63% bulk price increase to municipalities from 1 July 2019 has been factored into the budget appropriations and also directly informs tariff increase.

Other materials, now classified as Inventory in mSCOA, comprise amongst others the purchase of materials for maintenance, cleaning materials, fuel, printing and stationary, top structures for housing projects etc. The expenditure on top structures relating to Housing Projects funded through the Human Settlement Grant that fluctuates from year to year causes major discrepancies in the trend for this type of expenditure.

In line with the Municipality's repairs and maintenance plan this group of expenditure has been prioritised to ensure sustainability of the Municipality's infrastructure. The introduction of further reclassification resulting from mSCOA caused a shift in expenditure budgeted under Repairs and maintenance as well as Contracted Services, in relation to previous years' figures.

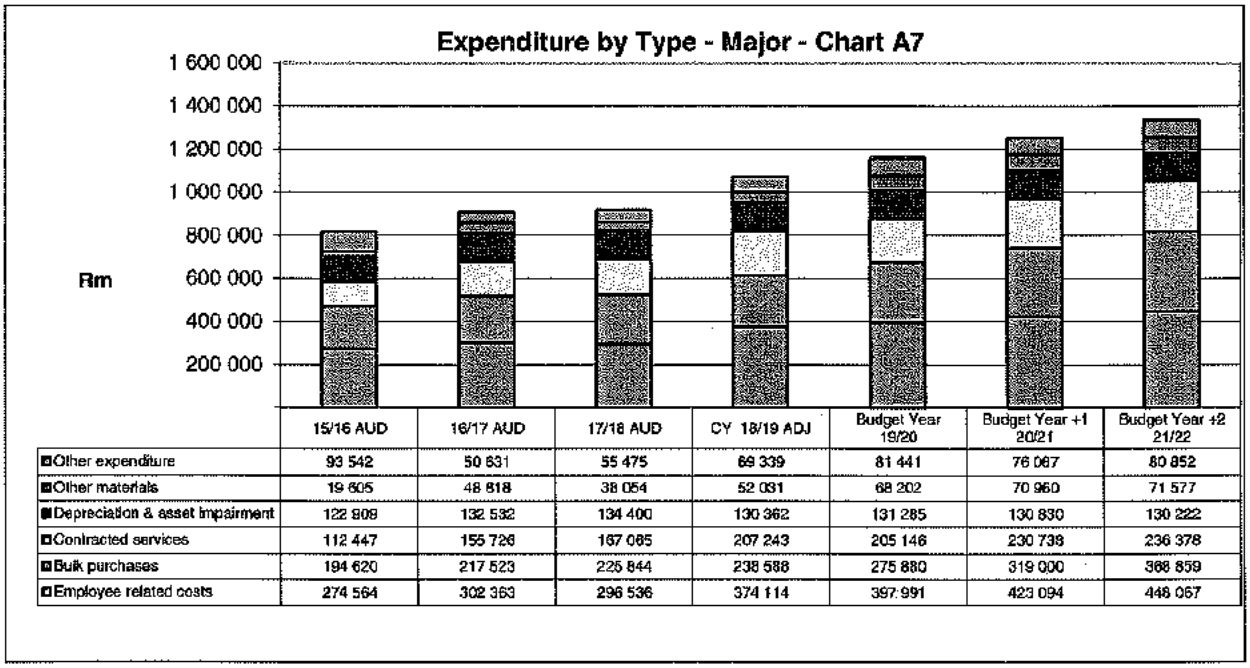

Contracted services have been identified as an area for the municipality to implement efficiencies. As part of the compilation of the 2019/20 MTREF this group of expenditure was critically evaluated and operational efficiencies are being enforced. In the 2019/20 financial year, this group of

OVERSTRAND MUNISIPALITEIT 2019 -05- 23 OVERSTRAND MUNICIPALITY

expenditure totals R207,5m. The introduction and reclassification resulting from mSCOA has caused a shift in expenditure previously classified and budgeted under general expenses. Further details relating to contracted services can be seen in Table 62 MBRR SA1 (see page 100).

Other Expenditure, now classified as Operational Costs in mSCOA, comprises of various line items relating to the daily operations of the municipality. The introduction and reclassification resulting from mSCOA has caused a shift in expenditure previously classified and budgeted under general expenses to Inventory (materials) and contracted services. This group of expenditure has also been identified as an area in which cost savings and efficiencies can be achieved. Further details relating to other expenditure can be seen in Table 62 MBRR SA1 (see page 100). It is highlighted that the NT A Schedules, although revised, does not sufficiently reflect all mSCOA classifications relating to all types of expenditure.

The following table gives a breakdown of the major expenditure categories for the 2019/20 financial year.

	15/16 AUD	16/17 AUD	17/18 AUD	CY 18/19 ADJ	Budget Year 19/20	Budget Year +1 20/21	Budget Year +2 21/22

1.5.1 Priority given to repairs and maintenance

Aligned to the priority being given to preserving and maintaining the Municipality's current infrastructure, the 2019/20 budget and MTREF provides for continuing in the area of asset maintenance, as informed by the asset maintenance strategy and repairs and maintenance plan of the Municipality.

In terms of the Municipal Budget and Reporting Regulations, operational repairs and maintenance is not considered a direct expenditure driver but an outcome of certain other expenditures, such as remuneration, purchases of materials and contracted services. Considering these cost drivers, the following table is a consolidation of all the expenditures associated with repairs and maintenance.

During the compilation of the 2019/20 MTREF operational repairs and maintenance was identified as a strategic imperative owing to the aging of the Municipality's infrastructure. As part of the 2019/20 MTREF this strategic imperative remains a priority. In relation to the total operating expenditure, repairs and maintenance comprises on average 15,63 per cent of the budget over the respective financial years of the MTREF.

The municipality has expanded on the implementation of Repairs and Maintenance allocated as projects in terms of the mSCOA version 6.3, which distorted the year-on-year comparative figures. This is also applicable to Contracted Services. These allocations are guided by the respective owner departments.

The table below provides a breakdown of the repairs and maintenance in relation to asset classes:

OVERSTRAND MUNICIPALITY

For the 2019/20 financial year, 15,9 per cent or R199,2m of the total budget will be spent on repairs and maintenance, of which R140m is for infrastructure. Roads infrastructure has received a significant proportion of the infrastructure allocation totalling 32,8 per cent (R65,3m), followed by community assets at 20,2 per cent (R40,2m) and electricity at 18,6 per cent (R37m).

1.5.2 Free Basic Services: Basic Social Services Package

The social package assists households that are indigent/poor or face other circumstances that limit their ability to pay for services. To receive these free/subsidised services the households are required to register in terms of the Municipality's Indigent Policy. The budgeted indigent households for 2019/20 is estimated at 7 850 and will be reviewed monthly.

The following is an extract from NT Budget Circular 85:
"The change in the treatment of cost of free basic services indicates that municipalities must not disclose the support to indigents on table SA21 "Transfers and grants". The change in the treatment of free basic services has been fully implemented during the 2017/2018 financial year.

Details relating to free services and basic service delivery measurement is contained in Table 26 MBRR A10 (Basic Service Delivery Measurement) on page 46.

The cost of the social package of the registered indigent households is fully covered by the local government equitable share received in terms of the annual Division of Revenue Act and that portion relating to a specific service has been apportioned as revenue to that specific service.

The policy for Grants-in-aid to organisations has been reviewed and approved by Council. Advertisements requested interested parties to submit applications for grant-in-aid for the 2019/2020 financial year. The table below reflects the allocation for 2019/2020.

For 2019/20 an amount of R162,4m has been appropriated for the development of basic services infrastructure which represents 66,1 per cent of the total capital budget of R261,7m. In the outer years this amount totals R104,3m, 70,2 per cent and R76,8m, 50 per cent respectively for each of these financial years. Waste water infrastructure has the highest allocation at R62,8m in 2019/20 which equates to 38,7 per cent of the basic services infrastructure allocation, followed by water management at 29,9 per cent, R48,5 million and then electricity 20,1 per cent, R34,1m. Over the MTREF the capital housing grant expenditure relating to housing infrastructure provision amounts to R79,2 million.

Further detail relating to asset classes and proposed capital expenditure is contained in Table 25 MBRR A9 (Asset Management) on page 42. In addition to the MBRR Table A9, MBRR Tables SA34a, b, c & e provides a detailed breakdown of the capital programme relating to new assets construction as well as operational repairs and maintenance by asset class (refer to page 91). Some of the salient projects to be undertaken during 2019/2020 includes, amongst others:

Top 10 Capital Projects

Furthermore, pages 94 to 97 and Annexure E contains a detailed breakdown of the capital budget per project over the medium-term.

The following graph provides a breakdown of the capital budget to be spent per vote over the MTREF.

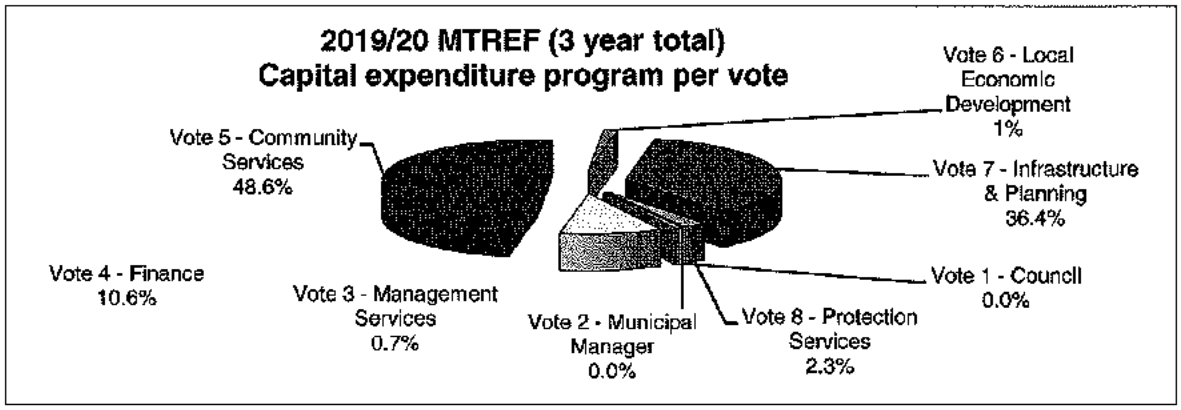

Figure 2 Capital Infrastructure Programme

Further capital projects have been considered and prioritised for the 2019/2020 capital budget from the proceeds of land sales received in the prior year.

1.6.1 Future operational cost of new infrastructure

An estimate has been included in Table 58 MBRR SA35 on page 93. Furthermore, a long term financial plan implementation policy has been developed to encompass costs over the long term. It needs to be noted that as part of the 2019/20 MTREF, this expenditure has been factored into the two outer years of the operational budget.

1.7 Annual Budget Tables

The following section of the report presents the ten main budget tables as required in terms of section 8 of the Municipal Budget and Reporting Regulations. These tables set out the municipality's 2019/20 final budget and MTREF to be approved and/or noted by the Council. Each table is accompanied by *explanatory notes* on the facing page.

OVERSTRAND MUNICIPALITY

Explanatory notes to MBRR Table A1 - Budget Summary

1. Table A1 is a budget summary and provides a concise overview of the Municipality's budget from all of the major financial perspectives (operating, capital expenditure, financial position, cash flow, and MFMA funding compliance).
2. The table provides an overview of the amounts approved by Council for operating performance, resources deployed to capital expenditure, financial position, cash and funding compliance, as well as the municipality's service delivery and commitment to eliminating basic service delivery backlogs.
3. Financial management reforms emphasises the importance of the municipal budget being funded. This requires the simultaneous assessment of the Financial Performance, Financial Position and Cash Flow Budgets, along with the Capital Budget. The Budget Summary provides the key information in this regard:
    a. The operating surplus/deficit (after Total Expenditure) is positive over the MTREF
    b. Capital expenditure is balanced by capital funding sources, of which
        i. Transfers recognised is reflected on the Financial Performance Budget;
        ii. Borrowing is incorporated in the net cash from financing on the Cash Flow Budget
        iii. Internally generated funds are financed from a combination of the current operating surplus and accumulated cash-backed surpluses from previous years. The amount is incorporated in the Net cash from investing on the Cash Flow Budget. The fact that the municipality's cash flow remains positive and stable indicates that the necessary cash resources are available to fund the Capital Budget.
4. The Cash backing/surplus reconciliation shows a slight decrease in cash over the MTREF.
5. Even though the Council is placing great emphasis on securing the financial sustainability of the municipality, this is not being done at the expense of services to the poor. The section of Free Services shows that the amount spent on Free Basic Services and the revenue cost of free services provided by the municipality continues to increase. In addition, the municipality continues to make progress in addressing service delivery backlogs.

OVERSTRAND MUNICIPALITY

Explanatory notes to MBRR Table A2 - Budgeted Financial Performance (revenue and expenditure by functional classification) - mSCOA – Function/Sub Function

1. Table A2 is a view of the budgeted financial performance in relation to revenue and expenditure per functional classification. The modified GFS functional classification, now Function/Sub Function, divides the municipal services into 15 functional areas. Municipal revenue, operating expenditure and capital expenditure are then classified in terms of each of these functional areas, which enables National Treasury to compile 'whole of government' reports.
2. Note the Total Revenue on this table includes capital revenues (Transfers recognised: capital) and so does not balance to the operating revenue shown on Table A4.

OVERSTRAND MUNICIPALITY

Explanatory notes to MBRR Table A3 - Budgeted Financial Performance (revenue and expenditure by municipal vote) – mSCOA – Own Segment

1. Table A3 is a view of the budgeted financial performance in relation to the revenue and expenditure per own segment: municipal vote (directorate). This table facilitates the view of the budgeted operating performance in relation to the organisational structure of the Municipality. This means it is possible to present the operating surplus or deficit of a vote.
2. Note the Total Revenue on this table includes capital revenues (Transfers recognised: capital) and so does not balance to the operating revenue shown on Table A4.

OVERSTRAND MUNICIPALITY

Explanatory notes to Table A4 - Budgeted Financial Performance (revenue and expenditure)

1. Total operating revenue is R1,083 billion in 2018/2019 and indicates an increase to R1,174 billion in 2019/20.
2. Revenue to be generated from property rates is R235 million in the 2018/2019 financial year and increases to R242,1 million by 2019/20 which represents 20,6 per cent of the operating revenue base of the Municipality and therefore remains a significant funding source for the municipality.
3. Services charges relating to electricity, water, sanitation and refuse removal constitutes the biggest component of the revenue basket of the Municipality totalling R624,7 million for the 2018/2019 financial year and indicates an increase to R676,3 million by 2019/20. For the 2019/20 financial year services charges amount to 57,6 per cent of the operating revenue base.
4. Transfers recognised – operating grants includes the local government equitable share and other operating grants from national and provincial government.
5. The following graph illustrates the major expenditure items per type.

	Employee related costs	Bulk purchases	Contracted services	Depreciation & asset impairment	Other materials	Other expenditure
15/16 AUD	274 564	194 620	112 447	122 909	19 605	93 542
16/17 AUD	302 363	217 523	155 726	132 532	48 818	50 631
17/18 AUD	296 536	225 844	167 065	134 400	38 054	55 475

Budget Year +1 20/21	423 094	319 000	230 738	130 830	70 960	76 087
Budget Year +2 21/22	448 067	368 859	236 378	130 222	71 677	80 852

Figure 3 Expenditure by major type

6. Bulk purchases have significantly increased over the 2015/16 to 2021/22 period escalating from R194,6 million to R368,8 million. These increases can be attributed to the substantial increase in the cost of bulk electricity from Eskom over the past years. The change in the trend for contracted services also relates to the reclassification of expenditure resulting from mSCOA implementation.
7. Employee related costs and bulk purchases are the main cost drivers within the municipality and alternative operational gains and efficiencies will have to be identified to lessen the impact of wage and bulk tariff increases in future years.

OVERSTRAND MUNICIPALITY

Explanatory notes to Table A5 - Budgeted Capital Expenditure by vote, functional classification and funding source

1. Table A5 is a breakdown of the capital programme in relation to capital expenditure by municipal vote (multi-year and single-year appropriations); capital expenditure by functional classification; and the funding sources necessary to fund the capital budget, including information on capital transfers from national and provincial departments.
2. The MFMA provides that a municipality may approve multi-year or single-year capital budget appropriations. The capital expenditure amounts to R261,7 million in 2019/20.
3. Unlike multi-year capital appropriations, single-year appropriations relate to expenditure that will be incurred in the specific budget year such as the procurement of vehicles and specialized tools and equipment. The budget appropriations for the two outer years are indicative allocations based on the departmental business plans as informed by the IDP and will be reviewed on an annual basis to assess the relevance of the expenditure in relation to the strategic objectives and service delivery imperatives of the Municipality.
4. The capital programme is funded from national and provincial grants and transfers, public contributions and donations, borrowing and internally generated funds from previous year surpluses. For 2019/20, capital transfers total R70,2 million. Borrowing has been provided at R90,5 million, finance leases (nil) and internally generated funding totaling R101 million. These funding sources are further discussed in detail in paragraph 2.6 (Overview of Budget Funding).
5. Rolled over borrowing amounts to R26,5m.

Explanatory notes to Table A6 - Budgeted Financial Position

1. Table A6 is consistent with international standards of good financial management practice, and improves understandability for councilors and management of the impact of the budget on the statement of financial position (balance sheet).
2. This format of presenting the statement of financial position is largely aligned to GRAP1, which is generally aligned to the international version which presents Assets less Liabilities as "accounting" Community Wealth. The order of items within each group illustrates items in order of liquidity; i.e. assets readily converted to cash, or liabilities immediately required to be met from cash, appear first.
3. Table 64 is supported by an extensive table of notes (SA3 which can be found on page 104) providing a detailed analysis of the major components of a number of items, including:
   - Call investments deposits;
   - Consumer debtors;
   - Property, plant and equipment;
   - Trade and other payables;
   - Provisions non-current;
   - Changes in net assets; and
   - Reserves
4. The municipal equivalent of equity is Community Wealth/Equity. The justification is that ownership and the net assets of the municipality belong to the community.
5. Any movement on the Budgeted Financial Performance or the Capital Budget will inevitably impact on the Budgeted Financial Position. As an example, the collection rate assumption will impact on the cash position of the municipality and subsequently inform the level of cash and cash equivalents at year end. Similarly, the collection rate assumption should inform the budget appropriation for debt impairment which in turn would impact on the provision for bad debt. These budget and planning assumptions form a critical link in determining the applicability and relevance of the budget as well as the determination of ratios and financial indicators. In addition the funding compliance assessment is informed directly by forecasting the statement of financial position.

Explanatory notes to Table A7 - Budgeted Cash Flow Statement

1. The budgeted cash flow statement is the first measurement in determining if the budget is funded.
2. It shows the expected level of cash in-flow versus cash out-flow that is likely to result from the implementation of the budget.
3. It can be seen that the expected cash levels of the Municipality indicates a slight decrease over the 2019/20 to 2021/22 period.
4. The 2019/20 MTREF has been informed by the planning principle of ensuring adequate cash over the medium-term.
5. Cash and cash equivalents totals R444,1 million as at the end of the 2019/20 financial year and is estimated to decrease to R414,6 million by 2021/22.

OVERSTRAND MUNICIPALITY

Explanatory notes to Table A8 - Cash Backed Reserves/Accumulated Surplus Reconciliation

1. The cash backed reserves/accumulated surplus reconciliation is aligned to the requirements of MFMA Circular 42 – Funding a Municipal Budget.
2. In essence the table evaluates the funding levels of the budget by firstly forecasting the cash and investments at year end and secondly reconciling the available funding to the liabilities/commitments that exist.
3. The outcome of this exercise would either be a surplus or deficit. A deficit would indicate that the applications exceed the cash and investments available and would be indicative of non-compliance with the MFMA requirements that the municipality's budget must be "funded".
4. As part of the budgeting and planning guidelines that informs the compilation of the 2019/20 MTREF the end objective of the medium-term framework is to ensure the budget is funded and aligned to section 18 of the MFMA.
5. As can be seen the budget has been modelled to ensure that the budget is funded.

OVERSTRAND MUNICIPALITY

Explanatory notes to Table A9 - Asset Management

1. Table A9 provides an overview of municipal capital allocations to building new assets and the renewal/upgrading of existing assets, as well as spending on repairs and maintenance by asset class.
2. The following graph provides an analysis between depreciation and operational repairs and maintenance over the MTREF.

	15/16 AUD	16/17 AUD	17/18 AUD	CY 18/19 ADJ	Budget Year 19/20	Budget Year +1 20/21	Budget Year +2 21/22
Depreciation	122 909	132 532	134 400	130 362	131 285	130 830	130 222
Repairs & maintenance	109 977	120 795	160 086	231 959	199 189	208 776	221 386

Explanatory notes to Table A10 - Basic Service Delivery Measurement

1. Table A10 provides an overview of service delivery levels, including backlogs (below minimum service level), for each of the main services.
2. Good progress is being made with the eradication of current services backlogs. Housing remains a challenge.
    a. Electricity services – the current backlog has provisionally been eliminated.
3. The budget provides for 7 850 households to be registered as indigent in 2019/20, and therefore entitled to receiving Free Basic Services. The number is set to increase over the MTREF, especially by poor people seeking economic opportunities.
4. It is anticipated that the cost of these Free Basic Services will amount to R84 million in 2019/20. This is covered by the municipality's equitable share allocation from national government.
5. In addition to the Free Basic Services, other rates rebates also apply to households.

Part 2 – Supporting Documentation

2.1 Overview of the annual budget process

Section 53 of the MFMA requires the Mayor of the municipality to provide general political guidance in the budget process and the setting of priorities that must guide the preparation of the budget. In addition Chapter 2 of the Municipal Budget and Reporting Regulations states that the Mayor of the municipality must establish a Budget Steering Committee to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act.

The Budget Steering Committee consists of the Full-time Councillors, Municipal Manager and senior officials of the municipality meeting under the chairpersonship of the MMC for Finance.

The primary aims of the Budget Steering Committee are to ensure:

- that the process followed to compile the budget complies with legislation and good budget practices;
- that there is proper alignment between the policy and service delivery priorities set out in the Municipality's IDP and the budget, taking into account the need to protect the financial sustainability of municipality;
- that the municipality's revenue and tariff setting strategies ensure that the cash resources needed to deliver services are available; and
- that the various spending priorities of the different municipal departments are properly evaluated and prioritised in the allocation of resources.

2.1.1 Budget Process Overview

In terms of section 21 of the MFMA the Mayor is required to table in Council ten months before the start of the new financial year (i.e. in August 2018) a time schedule that sets out the process to prepare the IDP and prepare the budget.

The Mayor tabled in Council the required IDP and budget time schedule on 29 August 2018. Key dates applicable to the process are as follows:

- **August 2018** – Budget Office submits current 3 year Capital Budget to the Strategic Office. Review status of Samras Budget Portal functionality and MTREF budget information;
- **August 2018** – Ward Committee meetings to review current needs on the wish list;
- **October 2018** – Mayoral strategic session with Councillors and Senior Management to determine Strategic direction for the 2019/20 IDP review;
- **August-October 2018** – Ward Committees met to review their ward priorities for 2019/2020;
- **12 October 2018** – Top management meeting to discuss budget proposals and affordability;
- **31 October 2018** – Mayoral directional IDP/Budget speech;
- **October/December 2018** – Various Budget Steering Committee and Management meetings relating to draft Capex and Opex budgets;
- **November 2018** – Submission of tariff proposals and tariff workshops;
- **November 2018** – Workshop on tariffs and tariff related policies;
- **November/December 2018** – Review of all budget related policies;
- **December 2018** – Mid-year review by the BSC of the 2018/2019 progress and review of 2019-2022 draft operational expenditure including financial forecasting and scenario considerations;
- **January 2019** – Tariff finalisation, consider budget related policies changes and overview of draft 2019/20 Capex & Opex;
- **22 January 2019** - Council considered the 2018/2019 Mid-year Review;
- **31 January 2019** – Final tariffs and adjustments budget review;
- **11 February 2019** – BSC review/finalises draft Capex/Opex;

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- **11-22 February 2019** – Finalisation of adjustments budget;
- **28 February 2019 –** OMAF Consultation & Budget Proposals;
- **March 2019** – Budget office finalises budget report;
- **27 March 2019** - Tabling in Council of the draft 2019/20 IDP, SDBIP and 2019/20 MTREF for public consultation;
- **28 March – 30 April 2019** – Draft Budget available to the public and any other stakeholders for perusal and the submission of comments and representations;
- **01-04 April 2019** – Mini OMAF's;
- **30 April 2019** - Closing date for written comments;
- **3 May 2019 –** BSC considered all comments received and amendments to the Draft Budget;
- **6 May 2019** – LG MTEC3 engagement;
- **6-15 May 2019** – finalisation of the 2019/20 IDP and 2019/20 MTREF, taking into consideration comments received from the public, comments from NT & PT and updated information from the most recent DoRA and financial framework;
- **16-22 May 2019 –** Budget Office compiles final report and schedules and final review of budget report and schedules ;
- **23 May 2019** – Final budget distribution; and
- **29 May 2019** - Tabling of the 2019/20 MTREF in Council for consideration and approval.

2.1.2 IDP and Service Delivery and Budget Implementation Plan

This is the second review of the latest new generation IDP (2018/2022) to be considered and adopted by Council in May 2019. The draft IDP process started in September 2018 after the tabling of the IDP Process Plan and the Budget Time Schedule for the 2019/20 MTREF in August 2018.

The Municipality's IDP is its principal strategic planning instrument, which directly guides and informs its planning, budget, management and development actions. This framework is rolled out into objectives, key performance indicators and targets for implementation which directly inform the Service Delivery and Budget Implementation Plan. The Process Plan applicable to the Draft IDP cycle included the following key IDP processes and deliverables:

- Registration of community needs;
- Compilation of departmental business plans with key performance indicators and targets;
- Financial planning and budgeting process;
- Public participation process;
- Compilation of the SDBIP, and
- The review of the performance management and monitoring processes.

The IDP was taken into a business and financial planning process leading up to the 2019/20 MTREF, based on the approved 2018/2019 MTREF, mid-year review and adjustments budget. The business planning process was subsequently refined in the light of current economic circumstances and the resulting revenue projections.

With the compilation of the 2019/20 MTREF, each department/function had to review the business planning process, including the setting of priorities and targets after reviewing the mid-year and third quarter performance against the 2018/2019 Departmental Service Delivery and Budget Implementation Plan. Business planning links back to priority needs and master planning, and essentially informed the detail operating budget appropriations and three-year capital programme.

2.1.3 Financial Modelling and Key Planning Drivers

Strategic objectives of the compilation of the 2019/20 MTREF include the undertaking of extensive financial modelling to ensure affordability and long-term financial sustainability. The following key factors and planning strategies have informed the compilation of the 2019/20 MTREF:

OVERSTRAND MUNICIPALITY
2019 -05- 23

- Municipality growth
- Policy priorities and strategic objectives
- Asset maintenance
- Economic climate (trends, inflation, Eskom increases, household debt, migration patterns)
- Performance trends
- The approved 2017/2018 adjustments budget and performance against the SDBIP
- Cash Flow Management Strategy
- Debtor payment levels
- Loan and investment possibilities
- The need for tariff increases versus the ability of the community to pay for services;
- Improved and sustainable service delivery

In addition to the above, the strategic guidance given in National Treasury's MFMA Circulars 93 & 94 was taken into consideration in the planning and prioritisation process.

Emphasis is again placed on the following two aspects:
The importance of the context of the 2019/20 budget to be considered in view of a considerable challenging 2018/19 year with regard to provision of emergency housing and related basic service rendering in this regard, as well as providing for expenditure related to the devastating wild fires experienced during January 2019. Both these instances were addressed from a budgetary provision perspective in tabling adjustments budgets for unforeseen and unavoidable expenditure as announced by the Executive Mayor in Council on the two respective occasions.

The municipality has expanded on the implementation of Repairs and Maintenance allocated as projects in terms of the mSCOA version 6.3, which distorted the year-on-year comparative figures. This is also applicable on Contracted Services. These allocations are guided by the respective owner departments.

Cost containment has already been implemented across the organisation over the past three years.

2.1.4 Community Consultation on the Draft Budget

The draft 2019/20 MTREF, was tabled in Council on 27 March 2019 and made available to the community as follows:

Copies of the document could be viewed:

- At the offices of all Area Managers
- All public libraries within the municipality
- At the website: www.overstrand.gov.za

The tabling of the draft budget was advertised in all local newspapers and a copy of the advertisement was placed on the notice boards at municipal offices and libraries. All documents in the appropriate format (electronic and printed) were provided to National Treasury and Provincial Treasury in accordance with section 23 of the MFMA, to provide an opportunity for comment.

A delegation of the municipality, consisting of the Executive Mayor, MMC for Finance, other full time Councillors, Municipal Manager and Area Managers, all Directors and officials from the Budget Office and Strategic Planning Office, engaged the community at the Mini OMAF's with ward committees from the respective administration areas to present the draft budget. These engagements will took place from 1 to 4 April 2019. Further engagements with the community were also scheduled.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Submissions received during the community consultation process and additional information regarding revenue and expenditure and capital projects was considered by the Budget Steering Committee at a meeting held on 3 May 2019 for the finalisation of the 2019/2020 Budget.

Comments from the community and the municipality's responses thereto are included as an Annexure to the final report.

2.2 Overview of alignment of annual budget with IDP

The Constitution mandates local government with the responsibility to exercise local developmental and cooperative governance. The eradication of imbalances in South African society can only be realised through a credible integrated developmental planning process. Municipalities in South Africa need to utilise integrated development planning as a method to plan future development in their areas and so find the best solutions to achieve sound long-term development goals. A municipal IDP provides a five year strategic programme of action aimed at setting short, medium and long term strategic and budget priorities to create a development platform, which correlates with the term of office of the political incumbents. The plan aligns the resources and the capacity of a municipality to its overall development aims and guides the municipal budget. An IDP is therefore a key instrument which municipalities use to provide vision, leadership and direction to all those that have a role to play in the development of a municipal area. The IDP enables municipalities to make the best use of scarce resources and speed up service delivery. Integrated developmental planning in the South African context is amongst others, an approach to planning aimed at involving the municipality and the community to jointly find the best solutions towards sustainable development. Furthermore, integrated development planning provides a strategic environment for managing and guiding all planning, development and decision making in the municipality. It is important that the IDP developed by municipalities correlate with National and Provincial intent. It must aim to co-ordinate the work of local and other spheres of government in a coherent plan to improve the quality of life for all the people living in that area. Applied to the Municipality, issues of national and provincial importance should be reflected in the IDP of the municipality. A clear understanding of such intent is therefore imperative to ensure that the Municipality strategically complies with the key national and provincial priorities. The aim of this new five year IDP cycle is to develop and coordinate a coherent plan to improve the quality of life for all the people living in the area, also reflecting issues of national and provincial importance. One of the key objectives is therefore to ensure that there exists alignment between national and provincial priorities, policies and strategies and the Municipality's response to these requirements.

The national and provincial priorities, policies and strategies of importance include amongst others:

- Green Paper on National Strategic Planning of 2009;
- Government Programme of Action;
- Development Facilitation Act of 1995;
- Provincial Growth and Development Strategy (GGDS);
- National and Provincial spatial development perspectives;
- Relevant sector plans such as transportation, legislation and policy;
- National Key Performance Indicators (NKPIs);
- Accelerated and Shared Growth Initiative (ASGISA);
- National 2015 Vision;
- National Spatial Development Perspective (NSDP);
- The National Priority Outcomes; and
- National Development Plan

The Constitution requires local government to relate its management, budgeting and planning functions to its objectives. This gives a clear indication of the intended purposes of municipal integrated development planning. Legislation stipulates clearly that a municipality must not only give effect to its IDP, but must also conduct its affairs in a manner which is consistent with its IDP. The following table highlights the IDP's five strategic objectives for the 2019/20 MTREF and further planning refinements that have directly informed the compilation of the budget:

OVERSTRAND MUNICIPALITY
2019 -05- 23

Table 27 IDP Strategic Objectives

2019/20 MTREF
The provision of democratic, accountable and ethical governance
The provision and maintenance of municipal services
The encouragement of structured community participation in the matters of the municipality
The creation and maintenance of a safe and healthy environment
The promotion of tourism, economic and social development

In order to ensure integrated and focused service delivery between all spheres of government it was important for the Municipality to align its budget priorities with that of national and provincial government. All spheres of government place a high priority on infrastructure development, economic development and job creation, efficient service delivery, poverty alleviation and building sound institutional arrangements.

Local priorities were identified as part of the IDP review process which is directly aligned to that of the national and provincial priorities. The key performance areas can be summarised as follows against the five strategic objectives:

Provision of quality basic services and infrastructure which includes, amongst others:

- Provide electricity;
- Provide water;
- Provide sanitation;
- Provide waste removal;
- Provide housing;
- Provide roads and storm water;
- Provide municipality planning services; and
- Maintaining the infrastructure of the Municipality.

Economic growth and development that leads to sustainable job creation by:

- Ensuring there is a clear structural plan for the Municipality;
- Ensuring planning processes function in accordance with set timeframes;
- Facilitating the use of labour intensive approaches in the delivery of services and the building of infrastructure.

Fight poverty and build clean, healthy, safe and sustainable communities:

- Effective implementation of the Indigent Policy;
- Extending waste removal services and ensuring effective municipality cleansing;
- Ensuring all waste water treatment works are operating optimally;
- Working with strategic partners such as SAPS to address crime;
- Ensuring safe working environments by effective enforcement of building and health regulations;
- Promote viable, sustainable communities through proper zoning; and
- Promote environmental sustainability by protecting wetlands and key open spaces.

Integrated Social Services for empowered and sustainable communities

- Work with provincial departments to ensure the development of community infrastructure such as schools and clinics is properly co-ordinated with the informal settlements upgrade programme

Foster participatory democracy and Batho Pele principles through a caring, accessible and accountable service by:

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- Optimising effective community participation in the ward committee system; and
- Implementing Batho Pele in the revenue management strategy.

Promote sound governance through:

- Publishing the outcomes of all tender processes on the municipal website

Ensure financial sustainability through:

- Reviewing the use of contracted services
- Continuing to implement the infrastructure maintenance strategy and the repairs and maintenance plan

Optimal institutional transformation to ensure capacity to achieve set objectives

- Review of the organisational structure to optimize the use of personnel;

In line with the MSA, the IDP constitutes a single, inclusive strategic plan for the Municipality. The five-year programme responds to the development challenges and opportunities faced by the Municipality by identifying the key performance areas to achieve the five the strategic objectives mentioned above.

In addition to the five-year IDP, the Municipality undertakes an extensive planning and developmental strategy which primarily focuses on a longer-term horizon; 15 to 20 years for infrastructure planning. This process is aimed at influencing the development path to restructure current patterns of settlement, activity and access to resources in the Municipality so as to promote greater equity and enhanced opportunity. It provides direction to the Municipality's IDP, associated sectorial plans and strategies, and the allocation of resources of the Municipality and other service delivery partners.

This development strategy introduces important policy shifts which have further been translated into seven strategic focus areas/objectives as outlined below:

- Developing dormant areas;
- Enforcing hard development lines – so as to direct private investment;
- Maintaining existing urban areas;
- Strengthening key economic clusters;
- Building social cohesion;
- Strong developmental initiatives in relation to the municipal institution as a whole; and
- Sound financial fundamentals.

Lessons learned with previous IDP revision and planning cycles as well as changing environments were taken into consideration in the compilation of the new IDP of the 2018/2022 cycle, including:

- Strengthening the analysis and strategic planning processes of the Municipality;
- Initiating zonal planning processes that involve the communities in the analysis and planning processes. More emphasis was placed on area based interventions, within the overall holistic framework;
- Ensuring better coordination through a programmatic approach and attempting to focus the budgeting process through planning interventions; and
- Strengthening performance management and monitoring systems in ensuring the objectives and deliverables are achieved.

The 2019/20 MTREF has therefore been directly informed by the 1st review of the 2018/2022 IDP process and the following tables provide a reconciliation between the IDP strategic objectives and operating revenue, operating expenditure and capital expenditure.

2.3 Measurable performance objectives and indicators

Performance Management is a system intended to manage and monitor service delivery progress against the identified strategic objectives and priorities. In accordance with legislative requirements

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

and good business practices as informed by the National Framework for Managing Programme Performance Information, the Municipality has developed and implemented a performance management system of which system is constantly refined as the integrated planning process unfolds. The Municipality does targets, monitor, assess and review organisational performance which in turn is directly linked to individual employee's performance.

At any given time within government, information from multiple years is being considered; plans and budgets for next year; implementation for the current year; and reporting on last year's performance. Although performance information is reported publicly at each quarter, the performance information process begins when policies are being developed, and continues through each of the planning, budgeting, implementation and reporting stages. The planning, budgeting and reporting cycle can be graphically illustrated as follows:

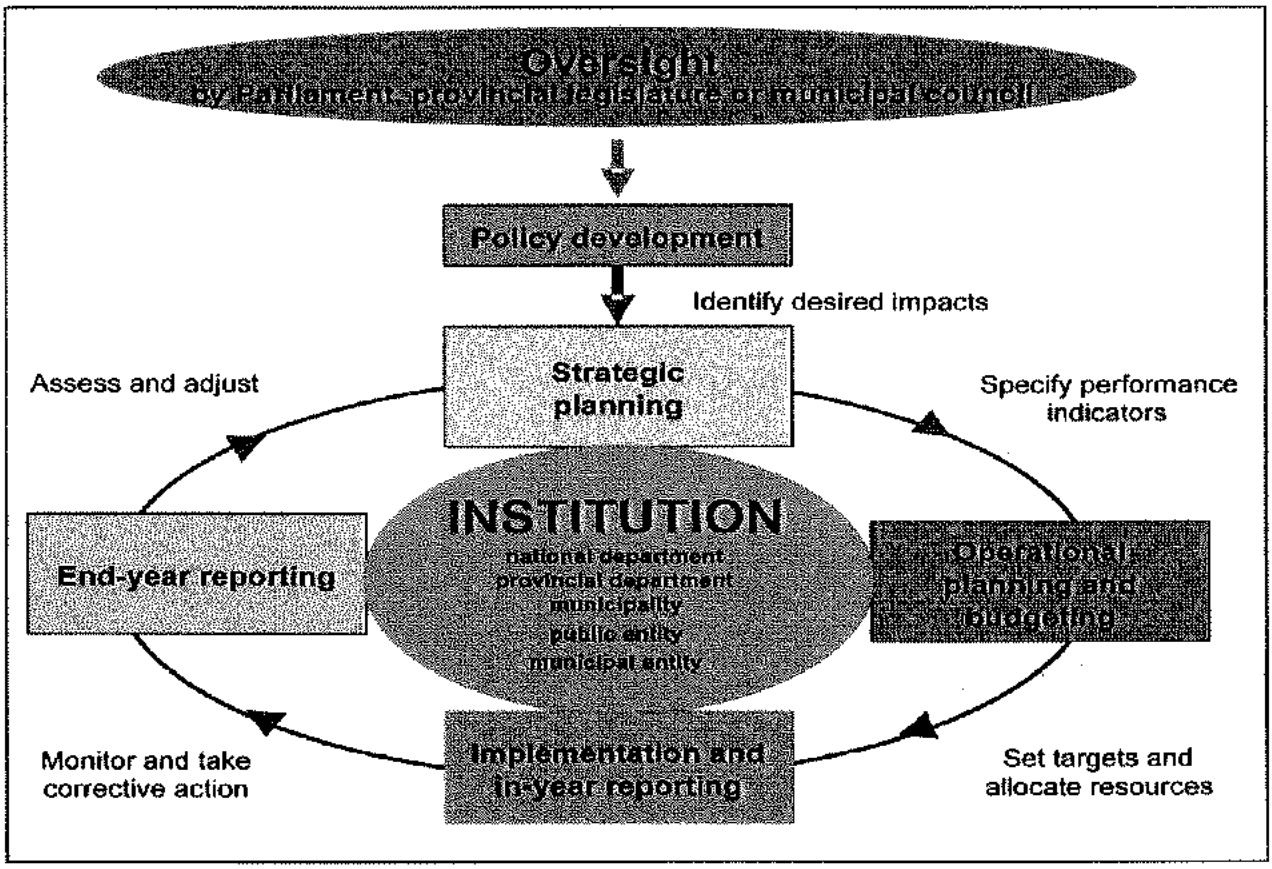

Figure 5 Planning, budgeting and reporting cycle

The performance of the Municipality relates directly to the extent to which it has achieved success in realising its goals and objectives, complied with legislative requirements and meeting stakeholder expectations. The Municipality therefore has adopted one integrated performance management system which encompasses:

- Planning (setting goals, objectives, targets and benchmarks);
- Monitoring (regular monitoring and checking on the progress against plan);
- Measurement (indicators of success);
- Review (identifying areas requiring change and improvement);
- Reporting (what information, to whom, from whom, how often and for what purpose); and
- Improvement (making changes where necessary).

The performance information concepts used by the Municipality in its integrated performance management system are aligned to the ***Framework of Managing Programme Performance Information*** issued by the National Treasury:

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

2.3.1 Performance indicators and benchmarks

Overstrand has been compiling and including in the annual budget documentation the Financial Ratios and Norms in terms of MFMA Circular 71 dated 17 January 2014, for each of the budget year's being compiled, since 2014/2015.

National Treasury requested information based on the ratios and norms in respect of the 2016/2017 and 2017/2018 audit outcomes. This, and information relating to the current financial year (2018/2019) and all three years of the 2019/20 MTREF has been compiled and is included in Annexure H of this report. The six year horizon has thus been compiled and analised.

It should be noted that instances where indicators are not favourable with the norms indicated by NT, are not necessarily a negative indication, as the Overstrand financial strategy may differ from the envisaged outcome of the ratios and norms. In most instances the trend for those indicators are the same over the six year horizon. In other instances Overstrand is well above some of the ratios and norms over the six year horizon.

2.3.1.1 Borrowing Management

Capital expenditure in local government can be funded by capital grants, own-source revenue and long term borrowing. The ability of a municipality to raise long term borrowing is largely dependent on its creditworthiness and financial position. As with all other municipalities, Overstrand's borrowing strategy is primarily informed by the affordability of debt repayments. The structure of the Municipality's debt portfolio is dominated by annuity loans. The following financial performance indicators have formed part of the compilation of the 2019/20 MTREF:

- *Capital charges to operating expenditure* is a measure of the cost of borrowing in relation to the operating expenditure. It can be seen that the cost of borrowing remains steady. While borrowing is considered a prudent financial instrument in financing capital infrastructure development, this indicator will have to be carefully monitored going forward.

- *Borrowing funding of own capital expenditure* measures the degree to which own capital expenditure (excluding grants and contributions) has been funded by way of borrowing. The average over the MTREF is 36,3 per cent which indicates that the amount available from own sources to finance capital has shown an increase. This is as a result of utilising a portion of surpluses as they became available, as well as land sales.

In summary, various financial risks could have a negative impact on the future borrowing capacity of the municipality. In particular, the continued ability of the Municipality to meet its revenue targets and ensure its forecasted cash flow targets are achieved will be critical in meeting the repayments of the debt service costs. As part of the compilation of the 2011/2012 MTREF the potential of smoothing out the debt profile over the longer term was investigated and borrowing was capped at 60% in the borrowing policy. The gearing on borrowing had to be reduced by 10 per cent over a period of ten years as started in 2012. To date this has now been achieved, with the indication that the 2019/20 budget year is estimated to end on 44%.

2.3.1.2 Safety of Capital

- *The gearing ratio* is a measure of the total long term borrowings over funds and reserves. This ratio is not conducive to the GRAP accounting framework due to the low amount of reserves.

2.3.1.3 Liquidity

- *Current ratio* is a measure of the current assets divided by the current liabilities and as a benchmark the Municipality has set a bottom limit of 1.5, therefore at no point in time should this ratio be less than 1.5. Over the 2019/20 MTREF the current ratio is 2,40 increasing to 2,55

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

by 2021/2022. National Treasury has set a current ratio minimum of 1.5 in circular 71. Going forward it will be necessary to preserve this ratio, notwithstanding that it could tie up cash needed for capital investment.

- *The liquidity ratio* is a measure of the ability of the municipality to utilize cash and cash equivalents to extinguish or retire its current liabilities immediately. Ideally the municipality should have the equivalent cash and cash equivalents on hand to meet at least the current liabilities, which should translate into a liquidity ratio of 1. Overstrand Municipality's liquidity ratio is at an average of 2,3 over the MTREF. The liquidity includes consumer deposits and provisions which are not likely to be realised in the short term. As part of the longer term financial planning objectives this ratio should be preserved as mentioned, notwithstanding that it could tie up cash needed for capital investment.

2.3.1.4 Revenue Management

- As part of the financial sustainability strategy, an aggressive revenue management framework has been implemented to increase cash inflow, not only from current billings but also from debtors that are in arrears in excess of 90 days. The intention of the strategy is to streamline the revenue value chain by ensuring accurate billing, customer service, credit control and debt collection.

2.3.1.5 Creditors Management

- The Municipality has managed to ensure that creditors are settled within the legislated 30 days of invoice. By applying daily cash flow management the municipality has managed to ensure compliance to this legislative obligation. This has had a favourable impact on suppliers' perceptions of risk of doing business with the Municipality, which is expected to benefit the Municipality in the form of more competitive pricing of tenders, as suppliers compete for the Municipality's business.

2.3.1.6 Other Indicators

- The electricity distribution losses have been managed downwards from 8.3 per cent in the 2010/2011 financial year to 5,57 per cent over the MTREF. This includes measureable technical losses, which further reduces the percentage of losses. The initiatives to ensure these targets are achieved include managing illegal connections, regular meter audits and managing theft of electricity by rolling out smart metering systems, including prepaid meters. It should be noted that technical losses range between 3 – 5 per cent over the Overstrand area. When taking this into consideration it is evident that distribution losses are well managed.

- The water distribution losses have been significantly reduced from 27,4 per cent in 2009/10 to 17,98 per cent over the 2019/20 MTREF. This has been achieved with investing in the upgrading of water reticulation infrastructure, which is set to continue over the MTREF. Active attention is also given to reported leaks by the public and a further measure is to install flow limiters.

- Employee costs as a percentage of operating revenue remains stable. This is primarily owing to limited expansion of the personnel structure.

- In real terms, repairs and maintenance has increased as part of the municipality's strategy to ensure the management of its asset base

2.3.2 Free Basic Services: basic social services package for indigent households

The social package assists residents that have difficulty paying for services and are registered as indigent households in terms of the Indigent Policy of the Municipality. Only registered indigents qualify for the free basic services.

OVERSTRAND MUNISIPALITEIT
2019 -05- 29
OVERSTRAND MUNICIPALITY

For the 2019/20 financial year 7 850 registered indigents have been provided for in the budget. In terms of the municipality's indigent policy, registered households are entitled to 6kℓ free water, 50 kWh of electricity on qualifying in terms of the particular Indigent Policy requirements, weekly refuse removal and, where applicable, sewer services which includes sewage output based on 70% of the water consumption and the latest infrastructure levy for water and waste water. Further subsidies are capped at the full revenue cost of the basic services provided above. Households with a property valuation of R220 000 qualify upon registration as indigents, for particular subsidised levels.

Further detail relating to the number of households receiving free basic services, the cost of free basic services, highest level of free basic services as well as the revenue cost associated with the free basic services is contained in Table 26 MBRR A10 (Basic Service Delivery Measurement) on page 46.

Note that the number of households in informal areas that receive free services and the cost of these services (e.g. the provision of water through stand pipes) are not taken into account in the table noted above due to the measuring criteria.

2.3.3 Providing clean water and managing waste water

The Department of Water Affairs conducts performance rating of water and sewage treatment works, presenting a Blue Drop or Green Drop award respectively to potable water treatment works and waste water treatment works that meet certain criteria of excellence.

The municipality has achieved Blue Drop and Green Drop awards during the latest review, indicating that the municipality's drinking water is of good quality.

The following is briefly the challenges facing the municipality:

- Some infrastructure is old and insufficient to treat the increased volumes of waste water to the necessary compliance standard;
- Shortage of skilled personnel makes proper operations and maintenance difficult;

2.4 Overview of budget related-policies

The Municipality's budgeting process is guided and governed by relevant legislation, frameworks, strategies and related policies.

2.4.1 Customer Care, Credit Control and Debt Collection Policy

The 2019/20 MTREF has been prepared on the basis of achieving an average debtors' collection rate in excess of 99 per cent on current billings. The current collection rate is in excess of 99 per cent. In addition the collection of debt in excess of 90 days has been prioritised, as well as debt older than two years, where interest could be waived, subject to a signed agreement for the remainder of the debt.

2.4.2 Asset Management Policy

The Asset Management Policy is considered a strategic guide in ensuring a sustainable approach to asset renewal, repairs and maintenance. In addition the policy prescribes the accounting and administrative policies and procedures relating to property, plant and equipment (fixed assets).

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

A proxy for asset consumption can be considered the level of depreciation each asset incurs on an annual basis. Preserving the investment in existing infrastructure needs to be considered a significant strategy in ensuring the future sustainability of infrastructure and the revenue base.

2.4.3 Budget Policy

The budget process is governed by various provisions in the MFMA and is aimed at instilling and establishing an increased level of discipline, responsibility and accountability in the financial management practices of municipalities. To ensure that the Municipality continues to deliver on its core mandate and achieves its developmental goals, the mid-year review and adjustment budget process will be utilised to ensure that underperforming functions are identified and funds redirected to performing functions.

2.4.4 Supply Chain Management Policy

The Supply Chain Management Policy was first adopted by Council in 2008. The policy is continually revised to incorporate amending legislation.

2.4.5 Virement Policy

The Virement Policy aims to empower senior managers with an efficient financial and budgetary amendment and control system to ensure optimum service delivery within the legislative framework of the MFMA and the Municipality's system of delegations.

2.4.6 Investment, Liquidity & Cash Management Policy

The aim of the policy is to ensure that the Municipality's surplus cash and investments are prudently and adequately managed.

2.4.7 Tariff Policy

The Municipality's tariff policies provide a broad framework within which the Council can determine fair, transparent and affordable charges that also promote sustainable service delivery.

2.4.8 Long term Financial Planning & Implementation Policy

Funding for the compiling of a The Long term Financial Planning Policy was acquired from the Provincial Government. A long term financial plan has been compiled in 2014/15, after a service provider had been appointed. The policy is reviewed annually.

2.4.9 Contract Management Policy

This policy has been introduced to further enhance the supply chain management function.

2.4.10 Pay Day Policy

This policy has been introduced to give effect to the council resolution in this regard.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The following policies have also been subject to review:

- Property Rates Policy;
- Funding and Reserves Policy;
- Borrowing Policy;
- Indigent Policy;
- Travelling & Subsistence;
- Petty Cash
- Special rating Area Policy
- Unauthorised, Irregular and Fruitless & Wasteful Expenditure Policy

2.5 Overview of budget assumptions

2.5.1 External factors

The effects of a technical recession are evident. After a protracted standstill in interest rates, this has since increased. Upwards pressure is also evident in the inflation rate and the Rand continues to weaken against leading currencies. International oil prices are rising after a significant decrease over the previous months.

2.5.2 General inflation outlook and its impact on the municipal activities

There are five key factors that have been taken into consideration in the compilation of the 2019/20 MTREF:

- National Government macro-economic targets;
- The general inflationary outlook and the impact on Municipality's residents and businesses;
- The impact of municipal cost drivers;
- The increase in prices for bulk electricity and fuel; and
- The increase in the cost of remuneration. Employee related costs comprise 32,9 per cent of total operating expenditure in the 2019/20 MTREF and therefore increases above inflation places a disproportionate upward pressure on the expenditure budget

2.5.3 Interest rates for borrowing and investment of funds

The MFMA specifies that borrowing can only be utilised to fund capital or refinancing of borrowing in certain conditions. The municipality chiefly engages in amortisation-style loans requiring both regular principal and interest payments. Surplus cash is invested and re-invested at short intervals.

2.5.4 Collection rate for revenue services

The base assumption is that tariff and rating increases will increase at a rate linked to CPI over the medium term. It is also assumed that current economic conditions, and relative inflationary conditions, will continue for the forecasted term.

The revenue collection rate is currently expressed as a percentage (99,9%) of annual billings. Cash flow is assumed to be 99,9 per cent of billings from an increased collection of arrear debt.

2.5.5 Growth or decline in tax base of the municipality

Debtors' revenue is assumed to increase at a rate that is influenced by the consumer debtors collection rate, tariff/rate pricing, real growth rate of the Municipality, household formation growth rate and the poor household change rate.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Household formation is the key factor in measuring municipal revenue and expenditure growth, as servicing 'households' is a greater municipal service factor than servicing individuals. Household formation rates are assumed to convert to household dwellings. In addition the change in the number of poor households influences the net revenue benefit derived from household formation growth, as it assumes that the same costs incurred for servicing the household exist, but that no consumer revenue is derived as the 'poor household' mainly limits consumption to the level of free basic services.

2.5.6 Salary increases

The current three year collective SALGBC salary agreement came into operation on 1 July 2018. Salary increases, according to the principles of the agreement, were estimated at 6,25 % for the 2019/20 financial year, based on the average inflation for the period February 2018 to January 2019, with a minimum inflation rate of 5% plus 1,5% for the second year of the agreement.

2.5.7 Impact of national, provincial and local policies

Integration of service delivery between national, provincial and local government is critical to ensure focussed service delivery and in this regard various measures were implemented to align IDPs, provincial and national strategies around priority spatial interventions. In this regard, the following national priorities form the basis of all integration initiatives:

- Creating jobs;
- Enhancing education and skill development;
- Improving Health services;
- Rural development and agriculture; and
- Fighting crime and corruption.

To achieve these priorities integration mechanisms are in place to ensure integrated planning and execution of various development programs. The focus will be to strengthen the link between policy priorities and expenditure thereby ensuring the achievement of the national, provincial and local objectives.

2.5.8 Ability of the municipality to spend and deliver on the programmes

It is estimated that a spending rate of 99 per cent could be achieved on operating expenditure and 95 per cent on the capital programme for the 2019/20 MTREF.

2.6 Overview of budget funding

2.6.1 Medium-term outlook: operating revenue

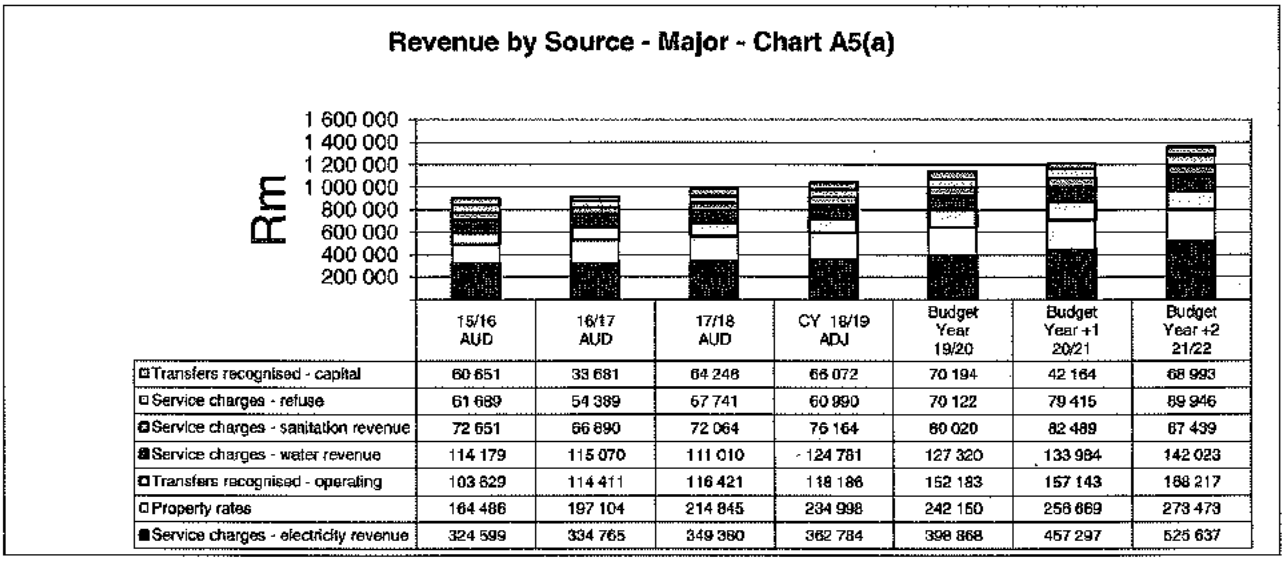

The following table is a breakdown of the operating revenue over the medium-term:

Tariff setting plays a major role in ensuring desired levels of revenue. Getting the right assists in the compilation of a credible and funded budget. The Municipality derives most of its operational

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

revenue from the provision of goods and services such as water, electricity, sanitation, solid waste removal, property rates, operating and capital grants from organs of state and other minor charges (such as building plan fees, licenses and permits etc).

The revenue strategy is a function of key components such as:

- Growth in the municipality and economic development;
- Revenue management and enhancement;
- Achievement of a 99 per cent annual collection rate for consumer revenue;
- National Treasury guidelines;
- Electricity tariff increases within the National Electricity Regulator of South Africa (NERSA) approval;
- Achievement of full cost recovery of specific user charges;
- Determining tariff escalation rate by establishing/calculating revenue requirements; and
- The Property Rates Policy in terms of the Municipal Property Rates Act, 2004 (Act 6 of 2004), as amended (MPRA).

The above principles guide the annual increase in the tariffs charged to the consumers and the ratepayers aligned to the economic forecasts.

Table 34 Proposed tariff increases for 2019/2020

Description Rand/cent	Current Year 2018/19	Budget Year 2019/20 % Incr.	Budget Year 2019/20

Total small household bill:	**2 321.92**	**9.5%**	**2 543.00**
% increase/-decrease	–		**9.5%**

Refer to Annexure C for Tariffs increases

The levying of property rates is considered a strategic revenue source.

Services charges relating to electricity, water, sanitation and refuse removal constitutes the biggest component of the revenue basket.

Operational grants and subsidies have shown increases over the MTREF. It needs to be noted that in real terms the grants receipts from national government are growing over the MTREF. This can be seen in the increase in equitable share over the MTREF.

Investment revenue contributes marginally to the revenue base. It needs to be noted that these allocations have been conservatively estimated. The actual performance against budget will be carefully monitored. Any variances in this regard will be addressed as part of the mid-year review and adjustments budget.

The tables below provide detail investment information and investment particulars by maturity.

For the medium-term, the funding strategy has been informed directly by ensuring financial sustainability and continuity. The surplus is intended to partly fund capital expenditure from own sources as well as ensure adequate cash backing of reserves and funds.

2.6.2 Medium-term outlook: capital revenue

The following table is a breakdown of the funding composition of the 2019/20 medium-term capital programme:

Internally generated funds consist of a mixture between surpluses generated on the operating statement of financial performance, cash backed reserves and proceeds on land sales. In determining the credibility of this funding source it becomes necessary to review the cash flow budget as well as the cash backed reserves and accumulated funds reconciliation, as discussed below. Internally generated funds consist of R101 million in 2019/20.

It should be noted that the level of borrowings decreases over the MTREF, from R64m in 2019/2020 to R50m in 2021/2022.

The following graph illustrates the growth in outstanding borrowing for the 2015/16 to 2021/22 period.

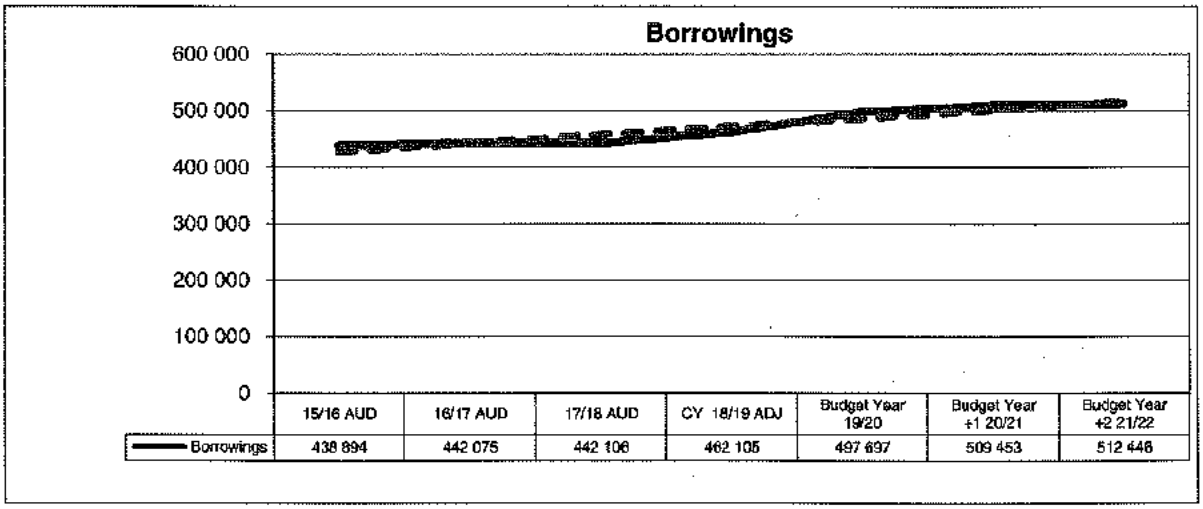

Figure 9 Growth in outstanding borrowing (long-term liabilities)

Cash Flow Management

Cash flow management and forecasting is a critical step in determining if the budget is funded over the medium-term. The table below is consistent with international standards of good financial management practice and also improves understanding for councillors and management.

NET CASH FROM/(USED) FINANCING ACTIVITI	8 496	(3 727)	1 455	23 944	21 583	21 583	58 619	16 410	7 676
NET INCREASE/ (DECREASE) IN CASH HELD	69 794	85 034	215 153	(2 217)	14 047	14 047	(44 895)	(24 684)	(4 825)
Cash/cash equivalents at the year begin:	104 987	174 780	259 815	382 460	474 967	474 967	489 014	444 120	419 436
Cash/cash equivalents at the year end:	174 780	259 815	474 967	380 242	489 014	489 014	444 120	419 436	414 611

The above table shows that cash and cash equivalents of the Municipality reflects steady growth from the 2015/2016 to 2018/2019 financial years. For the 2019/20 MTREF the budget has been prepared to ensure sustained levels of cash and cash equivalents over the medium-term with cash levels anticipated to remain stable.

2.6.3 Cash Backed Reserves/Accumulated Surplus Reconciliation

This following table meets the requirements of MFMA Circular 42 which deals with the funding of a municipal budget in accordance with sections 18 and 19 of the MFMA. The table seeks to answer three key questions regarding the use and availability of cash:

- The predicted cash and investments available at the end of the budget year?
- How are those funds used?
- What is the net funds available or funding shortfall?

A surplus would indicate the cash-backed accumulated surplus that is available. A shortfall (applications > cash and investments) is indicative of non-compliance with section 18 of the MFMA requirement that the municipality's budget must be 'funded' It is also important to analyse trends to understand the consequences. Cash surpluses have been realised over the past three years, which is inevitably utilised to finance capital. The working capital has to be optimally managed.

Unspent borrowing	–	15	10 450	–	–	–	26 501	–	–
Statutory requirements									
Other working capital requirements	(32 015)	(27 181)	(16 863)	(36 964)	(18 462)	(18 462)	(17 691)	(17 766)	(36 578)
Other provisions									
Long term investments committed	29 740	37 982	44 595	50 546	50 546	50 546	57 885	65 460	73 191
Reserves to be backed by cash/investments	2 177	3 251	3 259	3 300	3 300	3 300	3 340	3 350	3 370
Total Application of cash and investments:	**1 281**	**20 541**	**63 312**	**16 883**	**39 184**	**39 184**	**75 671**	**51 044**	**39 983**
Surplus(shortfall)	**203 239**	**277 256**	**456 250**	**413 906**	**500 376**	**500 376**	**426 333**	**433 852**	**447 818**

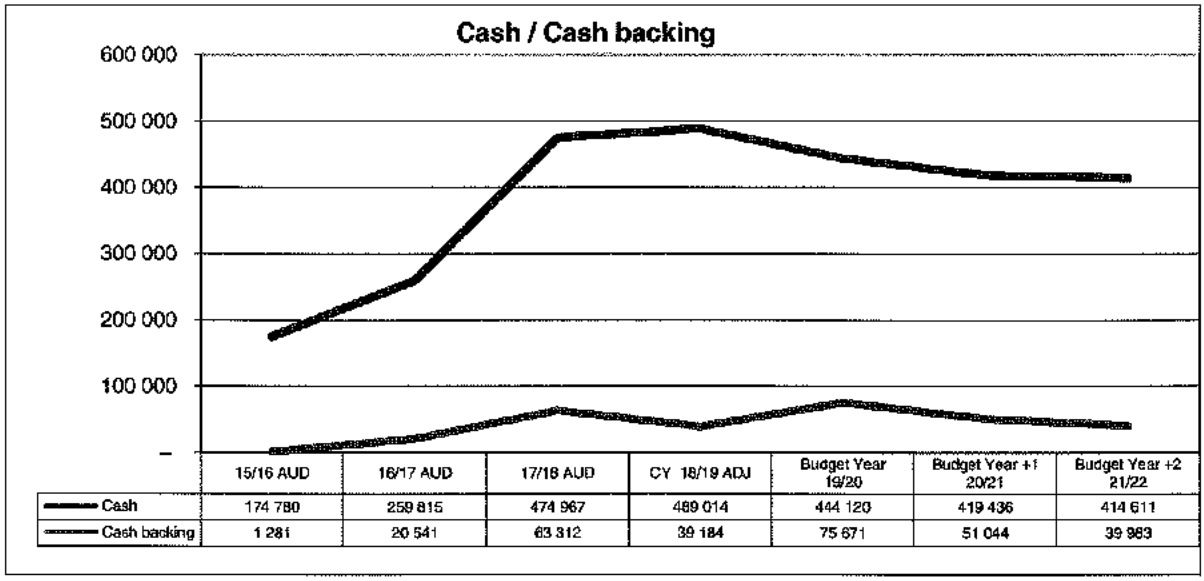

From the above table it can be seen that the cash and investments total R539,5 million in the 2018/2019 financial year and decrease to R502 million in 2019/20, including the projected cash and cash equivalents as determined in the cash flow forecast. The following is a breakdown of the application of this funding:

- Unspent conditional transfers (grants) are automatically assumed to be an obligation as the municipality has received government transfers in advance of meeting the conditions. Ordinarily, unless there are special circumstances, the municipality is obligated to return unspent conditional grant funds to the national revenue fund at the end of the financial year. Stringent measures have been implemented by NT regarding unspent grants.
- Unspent borrowing amounting to R26,5m from the previous financial year is anticipated. Borrowings are only drawn down once substantial expenditure has incurred against the particular projects.
- Provisions for statutory requirements could include VAT owing to SARS at year end.
- The main purpose of other working capital is to ensure that sufficient funds are available to meet obligations as they fall due. A key challenge is often the mismatch between the timing of receipts of funds from debtors and payments due to employees and creditors. For the purpose of the cash backed reserves and accumulated surplus reconciliation, at least two months operational expenditure is covered at all times. It needs to be noted that although this can be considered prudent, the desired cash levels should be 90 days to ensure continued liquidity of the municipality. Any underperformance in relation to collections could place upward pressure on the ability of the Municipality to meet its creditor obligations.
- Long term investments consist primarily of the sinking funds for the repayment of future borrowings. The sinking fund value is held within long term investments and must be 'held to maturity' and is not available for spending.

When considering the funding requirements of section 18 and 19 of the MFMA, it needs to be noted that for all practical purposes the 2019/20 MTREF is funded, from a pure cash flow perspective (cash out flow versus cash inflow), and is therefore credible. The challenge for the Municipality will be to ensure that the underlying planning and cash flow assumptions are meticulously managed, especially the performance against the collection rate.

The following graph supplies an analysis of the trends relating cash and cash equivalents and the cash backed reserves/accumulated funds reconciliation over a seven year perspective.

2.6.4 Funding compliance measurement

National Treasury requires that the municipality assess its financial sustainability against fourteen different measures that look at various aspects of the financial health of the municipality. These measures are contained in the following table. All the information comes directly from the annual budgeted statements of financial performance, financial position and cash flows. The funding compliance measurement table essentially measures the degree to which the proposed budget complies with the funding requirements of the MFMA. Each of the measures is discussed below.

OVERSTRAND MUNICIPALITY

2.6.4.1 Cash/cash equivalent position

The Municipality's forecast cash position was discussed as part of the budgeted cash flow statement. A 'positive' cash position, for each year of the MTREF would generally be a minimum requirement, subject to the planned application of these funds such as cash-backing of reserves and working capital requirements.

If the municipality's forecast cash position is negative, for any year of the medium term budget, the budget is very unlikely to meet MFMA requirements or be sustainable and could indicate a risk of non-compliance with section 45 of the MFMA which deals with the repayment of short term debt at the end of the financial year. The forecasted cash and cash equivalents for the 2019/20 MTREF indicates R441,1 million, R419,4 million and R414,6 million for each respective financial year.

2.6.4.2 Cash plus investments less application of funds

The purpose of this measure is to understand how the municipality has applied the available cash and investments as identified in the budgeted cash flow statement. The detail reconciliation of the cash backed reserves/surpluses is contained in Table 41, on page 72. The reconciliation is intended to be a relatively simple methodology for understanding the budgeted amount of cash and investments available with any planned or required applications to be made. This has been extensively discussed above.

2.6.4.3 Monthly average payments covered by cash or cash equivalents

The purpose of this measure is to understand the level of financial risk should the municipality be under stress from a collection and cash in-flow perspective. Regardless of the annual cash position an evaluation should be made of the ability of the Municipality to meet monthly payments as and when they fall due. It is especially important to consider the position should the municipality be faced with an unexpected disaster that threatens revenue collection such as services boycotts. The ratio is above 4 over the 2019/20 MTREF.

2.6.4.4 Surplus/deficit excluding depreciation offsets

The main purpose of this measure is to understand if the revenue levels are sufficient to conclude that the community is making a sufficient contribution for the municipal resources consumed each year. An 'adjusted' surplus/deficit is achieved by offsetting the amount of depreciation related to externally funded assets. Municipalities need to assess the result of this calculation taking into consideration its own circumstances and levels of backlogs. If the outcome is a deficit, it may indicate that rates and service charges are insufficient to ensure that the community is making a sufficient contribution toward the economic benefits they are consuming over the medium term. The issue relating to depreciation has been discussed at length elsewhere in this report. This indicator cannot be measured as depreciation offset do not form part of the GRAP reporting framework. It needs to be noted that a deficit does not necessarily mean that the budget not is funded from a cash flow perspective and the first two measures in the table are therefore critical.

2.6.4.5 Property Rates/service revenue as a percentage increase less macro inflation target

The purpose of this measure is to understand whether the municipality is contributing appropriately to the achievement of national inflation targets. This measure is based on the increase in 'revenue', which will include both the change in the tariff as well as any assumption about real growth such as new property development, services consumption growth etc.

The factor is calculated by deducting the maximum macro-economic inflation target increase (which is projected at 5,2 per cent). Refer to Annexure B for Rates, Tariffs and Service Charges.

2.6.4.6 Cash receipts as a percentage of ratepayer and other revenue

This factor is a macro measure of the rate at which funds are 'collected'. This measure is intended to analyse the underlying assumed collection rate for the MTREF to determine the relevance and

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

credibility of the budget assumptions contained in the budget. Given that the assumed collection rate was based on a 99,9 per cent performance target, the cash flow statement has been accurately determined. This measure and performance objective will have to be meticulously managed. Should performance with the mid-year review and adjustments be positive in relation to actual collections of billed revenue, the adjustments budget will be amended accordingly.

2.6.4.7 Debt impairment expense as a percentage of billable revenue

Overstrand Municipality has provided for adequate Debt impairment.

2.6.4.8 Capital payments percentage of capital expenditure

The purpose of this measure is to determine whether the timing of payments has been taken into consideration when forecasting the cash position. The municipality aims to ensure strict compliance with the legislative requirement that creditors be paid within 30 days.

2.6.4.9 Borrowing as a percentage of capital expenditure (excluding transfers, grants and contributions)

The purpose of this measurement is to determine the proportion of a municipality's 'own-funded' capital expenditure budget that is being funded from borrowed funds to confirm MFMA compliance. Externally funded expenditure (by transfers/grants and contributions) has been excluded. It can be seen that borrowing equates to 42, 60 and 58 per cent of own funded capital.

2.6.4.10 Transfers/grants revenue as a percentage of Government transfers/grants available

The purpose of this measurement is mainly to ensure that all available transfers from national and provincial government have been budgeted for. A percentage less than 100 per cent could indicate that not all grants as contained in the Division of Revenue Act (DoRA) have been budgeted for. The Municipality has budgeted for all transfers.

2.6.4.11 Consumer debtors change (Current and Non-current)

The purpose of these measures is to ascertain whether budgeted reductions in outstanding debtors are realistic. There are 2 measures shown for this factor; the change in current debtors and the change in long term receivables, both from the Budgeted Financial Position.

2.6.4.12 Repairs and maintenance expenditure level

This measure must be considered within the context of the funding measures criteria because a trend that indicates insufficient funds are being committed to asset repair could also indicate that the overall budget is not credible and/or sustainable in the medium to long term because the revenue budget is not being protected. Details of the municipality's strategy pertaining to asset management and repairs and maintenance are contained in Table 56 MBRR SA34C on page 91.

2.6.4.13 Asset renewal/rehabilitation expenditure level

This measure has a similar objective to aforementioned objective relating to repairs and maintenance. A requirement of the detailed capital budget (since MFMA Circular 28 which was issued in December 2005) is to categorise each capital project as a new asset or a renewal/rehabilitation project. The new mSCOA Framework has further categorised asset classes. The objective is to summarise and understand the proportion of budgets being provided for new assets and also asset sustainability. A declining or low level of renewal funding may indicate that a budget is not credible and/or sustainable and future revenue is not being protected, similar to the justification for 'repairs and maintenance' budgets. Further details in this regard are contained in Table 55 MBRR SA34a on page 90.

OVERSTRAND MUNICIPALITY
MUNISIPALITEIT
2019 -07- 23

2.10 Annual budgets and SDBIP

The draft SDBIP will be tabled as a separate item at the Council meeting to be held on 29 May 2019, where after the Executive Mayor has 28 days to approve the SDBIP for 2019/20.

2.11 Contracts having future budgetary implications

In terms of the Municipality's Supply Chain Management Policy all contracts awarded beyond the medium-term revenue and expenditure framework (three years) are listed in Table 73 on page 113. In ensuring adherence to this contractual time frame limitation, all reports submitted to either the Bid Evaluation and Adjudication Committees must obtain formal financial comments from the Financial Management Division of the Treasury Department.

2.12 Capital expenditure details

The following four tables present details of the Municipality's capital expenditure programme, firstly on new assets, then the renewal of assets, the repair and maintenance of assets and finally, the depreciation of assets.

OVERSTRAND MUNISIPALITEIT
OVERSTRAND MUNICIPALITY
2019 -05- 23

2.13 Legislation compliance status

Compliance with the MFMA implementation requirements have been adhered to through the following activities:

1. In year reporting
   Reporting to National Treasury in electronic format is being fully complied with on a monthly basis. Section 71 reporting to the Executive Mayor (within 10 working days) is being fully complied with and includes monthly published financial performance on the Municipality's website.

2. Internship programme
   The Municipality is participating in the Municipal Financial Management Internship programme and currently has five inters in the programme.

3. Budget and Treasury Office
   The Budget and Treasury Office has been established in accordance with the MFMA.

4. Audit Committee
   An Audit Committee has been established and is fully functional.

5. Service Delivery and Implementation Plan
   A draft SDBIP document was tabled in council on 27 March 2019 as part of the draft IDP.

6. Annual Report
   Annual report is compiled in terms of the MFMA and National Treasury requirements.

7. MFMA Training
   In excess of 120 municipal officials of Overstrand Municipality have completed the MFMA training.

8. Policies
   All budget related policies have been reviewed and were tabled in Council on 27 March 2019.

SERVICE LEVEL STANDARDS

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Province: Municipality(WC032) - Schedule of Service Delivery Standards	
Description	
Standard	**Service Level 2019/2020**
Solid Waste Removal	
Premise based removal (Residential Frequency)	WEEKLY
Premise based removal (Business Frequency)	UP TO 5 TIMES PER WEEK (AS PER REQUEST)
Bulk Removal (Frequency)	NO
Removal Bags provided(Yes/No)	NO
Garden refuse removal Included (Yes/No)	NO
Street Cleaning Frequency in CBD	DAILY
Street Cleaning Frequency in areas excluding CBD	DAILY ON ROTATIONAL BASIS
How soon are public areas cleaned after events (24hours/48hours/longer)	WITHIN 24 HRS
Clearing of illegal dumping (24hours/48hours/longer)	48 HOURS
Recycling or environmentally friendly practices(Yes/No)	Yes
Licenced landfill site(Yes/No)	Yes
Water Service	
Water Quality rating (Blue/Green/Brown/NO drop)	1 Blue Drop 90.79% (2013); 4 Green Drops 89.14% (2012); No Drop 100%
Is free water available to all? (All/only to the indigent consumers)	Indigent Consumers
Frequency of meter reading? (per month, per year)	Monthly
Are estimated consumption calculated on actual consumption over (two month's/three month's/longer period)	N/A
On average for how long does the municipality use estimates before reverting back to actual readings? (months)	N/A
Duration (hours) before availability of water is restored in cases of service interruption (complete the sub questions)	
One service connection affected (number of hours)	4.00
Up to 5 service connection affected (number of hours)	4.00
Up to 20 service connection affected (number of hours)	8.00
Feeder pipe larger than 800mm (number of hours)	N/A
What is the average minimum water flow in your municipality?	Min 2.4Bar pressure
Do you practice any environmental or scarce resource protection activities as part of your operations? (Yes/No)	Yes. Groundwater Monitoring Programs and environmental impact assessments as and when required
How long does it take to replace faulty water meters? (days)	5 days
Do you have a cathodic protection system in place that is operational at this stage? (Yes/No)	No
Electricity Service	
What is your electricity availability percentage on average per month?	98,78% (Eskom Loadshedding included) 99.7% (Eskom Loadshedding excluded)
Do your municipality have a ripple control in place that is operational? (Yes/No)	YES
How much do you estimate is the cost saving in utilizing the ripple control system?	R 14777.32.00 p/a
What is the frequency of meters being read? (per month, per year)	PER MONTH
Are estimated consumption calculated at consumption over (two month's/three month's/longer period)	N/A
On average for how long does the municipality use estimates before reverting back to actual readings? (months)	N/A
Duration before availability of electricity is restored in cases of breakages (immediately/one day/two days/longer)	IMMEDIATE
Are accounts normally calculated on actual readings? (Yes/no)	YES
Do you practice any environmental or scarce resource protection activities as part of your operations? (Yes/No)	NO
How long does it take to replace faulty meters? (days)	
Do you have a plan to prevent illegal connections and prevention of electricity theft? (Yes/No)	YES
How effective is the action plan in curbing line losses? (Good/Bad)	GOOD

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Description	
Standard	**Service Level 2019/2020**
How soon does the municipality provide a quotation to a customer upon a written request? (days)	7
How long does the municipality takes to provide electricity service where existing infrastructure can be used? (working days)	5
How long does the municipality takes to provide electricity service for low voltage users where network extension is not required? (working days)	5
How long does the municipality takes to provide electricity service for high voltage users where network extension is not required? (working days)	5
Sewerage Service	
Are your purification system effective enough to put water back in to the system after purification?	YES, effective to put water back into water resources in accordance with license conditions.
To what extent do you subsidize your indigent consumers?	Basic charge plus 4,2kl or tanker service
How long does it take to restore sewerage breakages on average	
Severe overflow? (hours)	6.00
Sewer blocked pipes: Large pipes? (Hours)	6.00
Sewer blocked pipes: Small pipes? (Hours)	4.00
Spillage clean-up? (hours)	8.00
Replacement of manhole covers? (Hours)	8.00
Road Infrastructure Services	
Time taken to repair a single pothole on a major road? (Hours)	24.00
Time taken to repair a single pothole on a minor road? (Hours)	72.00
Time taken to repair a road following an open trench service crossing? (Hours)	72.00
Time taken to repair walkways? (Hours)	72.00
Property valuations	
How long does it take on average from completion to the first account being issued? (one month/three months or longer)	3 months
Do you have any special rating properties? (Yes/No)	yes
Financial Management	
Is there any change in the situation of unauthorised and wasteful expenditure over time? (Decrease/Increase)	Decrease
Are the financial statement outsources? (Yes/No)	No
Are there Council adopted business process tsructuing the flow and managemet of documentation feeding to Trial Balalnce?	Standard Operating Procedures
How long does it take for an Tax/Invoice to be paid from the date it has been received?	30 days
Is there advance planning from SCM unit linking all departmental plans quaterly and annualy including for the next two to three years procurement plans?	Yes
Administration	
Reaction time on enquiries and requests?	1 to 10
Time to respond to a verbal customer enquiry or request? (working days)	1 to 10
Time to respond to a written customer enquiry or request? (working days)	1 to 10
Time to resolve a customer enquiry or request? (working days)	1 to 10
What percentage of calls are not answered? (5%,10% or more)	1
How long does it take to respond to voice mails? (hours)	
Does the municipality have control over locked enquiries? (Yes/No)	yes
Is there a reduction in the number of complaints or not? (Yes/No)	no

OVERSTRAND MUNICIPALITY

Blue Drop Requirements for 2014

2014 BLUE DROP REQUIREMENTS		
(1) WATER SAFETY PLANNING 35%	(1.1) **WATER SAFETY PLANNING PROCESS** (10%)	a) The Water Safety Planning Process is steered by a group of people which includes the technical, financial and management staff of the municipality. Where a Water Services Provider arrangement exist the WSA and Water Services Provider should partake in this process b) There should be clear indication that the Water Services Institution conducted a water safety planning process and not only drafted a document c) There should be clear reference to the specific water supply system at hand and not only global risk management measurements put in place
	(1.2) **RISK ASSESSMENT** (35%)	a) The Risk Assessment must cover catchment, treatment and reticulation b) The Water Services Institution (WSI) must provide information on findings of the Risk Assessment (and detail Risk Prioritisation method followed) for the specific water supply system including water resource quality. Format not important but it should be proven not to be a desktop study c) The Water Safety Planning process must include (adequate) Control Measures for each significant hazard or hazardous event identified d) A Water Quality Analyses conducted for at least 95% of the SANS 241 list of determinands (min 80%) (SANS 241). This is to verify whether treatment technology is adequate to treat the raw water to comply with national standard limits e) The WSI to proof implementation of mitigation measures from previous Water Safety Plans
	(1.3) **MONITORING PROGRAMME** (30%)	a) Prove Operational Monitoring is: i) Informed by the Risk Assessment ii) Required sites to monitor: Raw water, after filtration (per process unit) and final water iii) Determinands (minimum): pH, turbidity and disinfectant residual iv) Frequency of analyses: at least every 8 hours v) Equipment used + calibration records
		b) Prove Compliance Monitoring is: i) Informed by the Risk Assessment and SANS 241 compliant ii) Monitoring programme is registered on BDS iii) Actual monitoring occur according to registered BDS monitoring programme (>80%) iv) Required sites to monitor: Water works final & distribution network + Frequency of analyses: Water works final according SANS 241; distribution network according SANS 241 v) Coverage of population served must at least be 80%
	(1.4) **CREDIBILITY of DWQ DATA** (15%)	a) Certificate of Accreditation for applicable methods OR Z-scores results (z-scores must be ≥–2 & ≤ 2 are acceptable) in a recognised Proficiency Testing Scheme b) DWQ Data credibility on the BDS (Blue Drop Certified Data)
	(1.5) **INCIDENT MANAGEMENT** (10%)	a) **Protocol to specify:** 1) Alert levels 2) Response times 3) Required actions 4) Roles & responsibilities 5) Communication vehicles/methods and 6) Must include response on possible risks identified in the Risk Assessment of the Water Safety Planning process b) **Incident Register to include:** 7) Date, location and description of incident 8) Action taken and date of resolution 9) Outcome of cause investigation
	BONUS (1): **Sampler's Training**	

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

	BONUS (2): **Incident Management Protocol Communication**	
(2) DWQ PROCESS MANAGE-MENT & CONTROL 8%	(2.1) **WORKS CLASSIFICATION COMPLIANCE** (15%)	Treatment works classified according the requirements of Regulation 2834- ONLY the classification as it appears on BDS will be used. Supporting evidence to allow the correct classification to be loaded on BDS, Water Services Institutions remains accountable for correctness of information / classification Certificate to be displayed at treatment works (*confirmed during on-site assessments*)
	(2.2) **PROCESS CONTROL REGISTRATION COMPLIANCE** (50%)	a) Process Control Staff must be Registered according to Regulation 2834 with the Department of Water Affairs. Water Services Institutions to prove per treatment works that Process Control Staff complies with the legislative requirements of: i) Number of Process Controllers' ii) Complying with the required Classification levels b) The Supervisor must comply with legislative requirements Information as it appears on BDS will be used ONLY, WSI's to ensure correct classification of all staff per treatment plant
	(2.3) **WATER TREATMENT WORKS' LOGBOOK** (35%)	a) A logbook is in place to record all incidents and observations at the water treatment works b) Evidence is presented that the logbook process is (i.e. communication medium between process controllers and shifts) being implemented (It is NOT required to be implemented for the entire assessment period)
	BONUS (1): **Process Control Training**	
	BONUS (2): **Process Control Excellence**	
Water Quality Data Period – 1 January 2013 – 31 December 2013		
(3) DRINKING WATER QUALITY VERIFICATION 30%	(3.1.1) **MICROBIOLOGICAL DWQ COMPLIANCE** (50%)	The Microbiological Quality of the water supply must comply with the South African National Standard (specifically, the 2014 Blue Drop Limits which have been derived from SANS241: 2006 and 2011) as per the Excellent Requirements set by the Blue Drop Programme (*E coli*) - Excellent Compliance (97% for <100 000 population) & (99% for >100 000 population)
	(3.1.2) **CHEMICAL DWQ COMPLIANCE** (45%)	The Chemical Quality of the water supply must comply with the Excellent Requirements set by the Blue Drop Programme for all chemical-health determinands listed in the South African National Standard (the 2014 Blue Drop Limits, derived from SANS241: 2006 and 2011) Chemical – Health (Acute and Chronic): - Excellent Compliance (95% for <100 000 population) & (97% for >100 000 population) - Good Compliance (93% for <100 000 population) & (95% for >100 000 population)
	(3.1.3) **OPERATIONAL**	The compliance of operational determinands must comply with the 2014 Blue Drop Excellent Limits set by the Blue Drop Programme

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

	COMPLIANCE (5%)	- Excellent Compliance (93% for <100 000 population & 95% for >100 000 population) - Good Compliance (90% for <100 000 population & 93% for >100 000 population)
	BONUS (1): **Aesthetic DWQ Compliance**	The Aesthetic Quality of the water supply must comply with the Excellent Requirements set by the Blue Drop Programme for all aesthetic determinands listed in the 2014 Blue Drop Limits - Excellent Compliance (93% for <100 000 population & 95% for >100 000 population) - Good Compliance (90% for <100 000 population & 93% for >100 000 population)
	PENALTY (1): **Data Difference**	Should there be a difference between data available on BDS and that which is presented in hardcopy for verification the penalty will apply
	PENALTY (2): **<11 Months' Data**	Less than 11 months data available to assess Microbiological and Chemical compliance
	PENALTY (3): **Notification of Failure**	If there is any significant (sustained) failure with no evidence of a Water Quality Alert Notice (Boil Water Notice) being issued, this penalty will apply. NB! This may have an implication on qualification for certification
(4) MANAGE-MENT, ACCOUNTA-BILITY, & LOCAL REGULATION 10%	(4.1) **MANAGEMENT COMMITMENT** (30%)	Management's commitment to effective Drinking Water Quality Operations & Management should be portrayed by Proof of signature approval of the: a) Water Safety Plan b) DWQ Monitoring Programme c) Water Treatment Plant Logbook d) Operations and Maintenance Budget e) Water Services Development Plan
	(4.2) **PUBLICATION OF PERFORMANCE** (25%)	Evidence should be provided on the various means of drinking water quality information made public to the constituencies supplied with drinking water from this specific water supply system Forms of Publication: >Newspaper publication >Municipal Billing >Community Radio >Annual Report >Posters & Pamphlets >Population and Promotion of "My Water" >Electronic Webpage Water Services Institutions must provide evidence of adequate marketing of Existing Blue Drop Certified water supply systems
	(4.3) **SERVICE LEVEL AGREEMENT/ PERFORMANCE AGREEMENT** (15%)	Should there be an institutional arrangement between the Water Services Authority and the Water Services Provider, then it is essential that the legislatively required contract (Section 19 of the Water Services Act) stipulate the Service Level Agreements between the two entities. A copy of this document is required, **OR** Should the Water Services Authority fulfil the function of Water Services Provider as per Section 78 arrangements, then it is required that the responsible manager (official) have a Performance Agreement (Workplan) in place which stipulates Drinking Water Quality Management Responsibilities
	(4.4) **SUBMISSION OF DWQ DATA** (30%)	a) 12 months of data had been submitted on the Blue Drop System (BDS) (DWA will only consider data available on the BDS) b) **All** compliance monitoring test results are required to be submitted c) As per a requirement of the Water Services Act, compliance data submission occurred monthly (Section 62 of the Water Services Act, Section 9 Regulations) (measured as BDS submission compliance)
	BONUS (1): **Publication of Performance**	
	BONUS (2):	

OVERSTRAND MUNISIPALITEIT

	Performance Agreement	
	BONUS (3): **Procurement processes**	
	PENALTY: **Submission of DWQ Data**	Penalty will apply should the Department find proof during / post assessment that the WSI are guilty of an offence as per Section 82 of the Water Services Act, by only submitting partial information in order to present a false impression of DWQ Performance and/or compliance
(5) ASSET MANAGE-MENT 14%	(5.1) **ANNUAL PROCESS AUDIT** (20%)	Process Audit Report on technical inspection/assessment of treatment facility and evidence of implementation of findings This process assessment should've been done within the 12-month assessment period
	(5.2) **ASSET REGISTER** (15%)	The Institution must present a complete Asset Register. The asset register must: a) Detail relevant equipment and infrastructure b) Indicate asset description c) Location d) Condition (remaining life) e) Replacement value
	(5.3) **AVAILABILITY & COMPETENCE of MAINTENANCE TEAM** (15%)	a) The Institution must present evidence of a competent Maintenance Team (in form of Organogram; Contract or Invoice). Logbook with maintenance entries will serve as adequate evidence (for Mechanical, Electrical, Instrumentation and Civil work) b) Additional prove required on team competency (e.g. Qualification & Experience & Trade-test)
	(5.4) **OPERATIONS & MAINTENANCE MANUAL** (15%)	O&M manual to contain: a) Civil, mechanical, electrical detail / drawings of plant b) Design capacity of plant c) Operational schedules, maintenance schedules d) Process detail and control e) Mechanical and electrical equipment specification f) Fault finding g) Monitoring
	(5.5) **OPERATIONS & MAINTENANCE BUDGET and EXPENDITURE** (20%)	The Institution must present credible evidence of: a) Maintenance Budget (as part of Operations Budget) b) Maintenance Expenditure (as part of the Operations Expenditure) c) Maintenance Expenditure should be more than 5% of the Operations Expenditure in Total for the preceding Financial Year Financial expenditure to apply as per Municipal Budget Year: Jul 2012 to Jun 2013
	(5.6) **DESIGN CAPACITY vs. OPERATIONAL CAPACITY** (15%)	Proof to be submitted of the documented design capacity and documented daily operating capacity over the past 12 months Groundwater dependant systems must have an acceptable plan which stipulates abstraction patterns that will prevent aquifer damage Flow meters must be calibrated at least annually
Blue Drop Requirements= TOTAL 97%

OVERSTRAND MUNICIPALITY

Regulatory Impression

The Overstrand Local Municipality team was well prepared and demonstrated their commitment to the Blue Drop assessment and water quality excellence. The Municipality is to be congratulated for obtaining Blue Drop status for the Greater Hermanus system. A decreased municipal score was however achieved during this assessment. The reason for the observed decrease in compliance includes:

- Full compliance with the requirements of SANS 241 with regard to monitoring and analysis could not be demonstrated. No chemical determinants have been analysed in the reticulation network to monitor the chemical quality of water provided to the consumer and identify any potential health impacts. In addition, the frequency of analysis does not comply with the requirements for the final water produced at treatment facilities receiving surface water or within the reticulation network. The Municipality however confirmed that subsequent to the assessment that a service provider has been appointed to implement a risk based monitoring programme that fully complies with the requirements of SANS 241, sampler training and uploading of analytical data to the BDS.
- Detailed annual process audits could not be demonstrated that assessed the performance of the treatment systems and each process unit with the design capacity of the plant. Recommendations should be incorporated into the review process of water safety plan.
- Poor microbiological compliance was observed in the Baardskeerdersbos system. This should be mitigated when the new plant to treat borehole water is commissioned in August 2014.

Significant progress has been made by the municipality with regard to WC/WDM and projects have been ongoing for the last three years. Good baseline information and a formal strategy are available that enables the municipality to make informed decisions regarding ongoing planning to minimise non-revenue water.

It is anticipated that the identified gaps will be addressed by the Overstrand Local Municipality and that an upward trend towards Blue Drop compliance will once again be achieved in the next assessment.

Based on the Audit results, the DWS has serious concerns on the poor microbiological drinking water quality and the resultant risk to consumers of the Baardskeerdersbos water supply system. These concerns have to be addressed as a matter of urgency and drinking water quality results and appropriate actions must be communicated to consumers should the water be found to be unfit for human consumption.

The overall **2014 Risk Rating** for Overstrand LM is 41% which translates into the 10th best performance in the Western Cape. Note that this value is based on the 3 specific areas indicated below and shows concerns (medium to critical risks) for

OVERSTRAND MUNISIPALITEIT

Site Inspection Scores

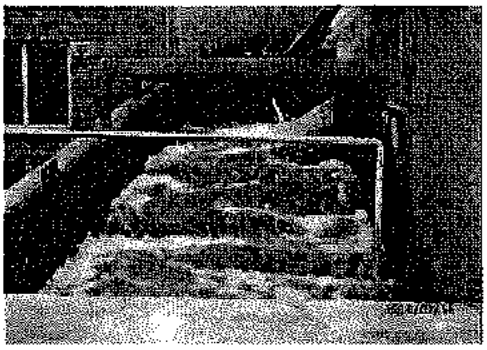

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The **Preekstoel and Buffels River Base WTWswere** inspected to verify the Overstrand Local Municipality Blue Drop findings.

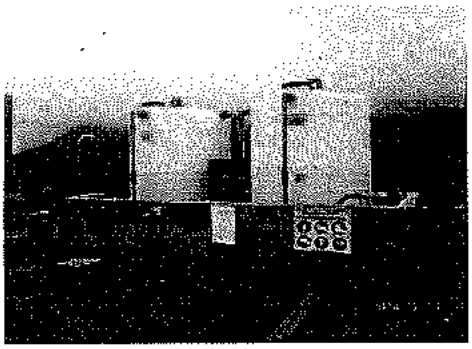

Preekstoel WTW: **88%**
Buffels River WTW: **90%**

The site inspection impression at the **Preekstoel WTW** was considered to be good. A number of drinking water quality management practices still require attention, including:

- A flow chart was displayed of the incident management protocol that indicates roles and responsibilities but alert levels were not included.
- Records of the results of the jar tests that are routinely undertaken could not be provided.
- Emergency shower and eye wash facilities were not located at the chemical dosing room.
- Manual post dosing of lime was being undertaken at the time of the assessment due to equipment failure. This was to be repaired as part of the maintenance contract with an external service provider. Standby equipment was not installed.
- Standby chlorine dosing equipment is not installed.

Flocculent dosing at point of high turbulence tanks

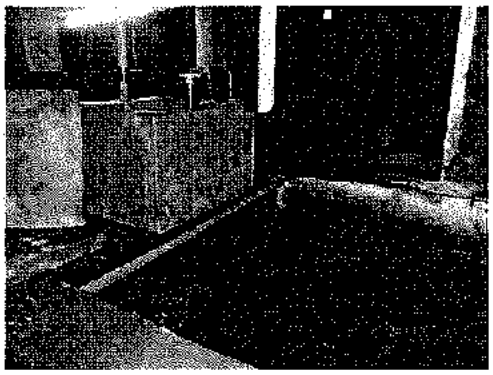

Bunded area for chemical storage

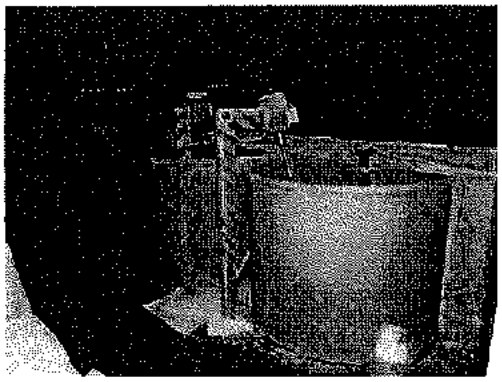

The site inspection impression at the **Buffels River WTW** was considered to be good. A number of drinking water quality management practices still require attention, including:

- A flow chart was displayed of the incident management protocol that indicates roles and responsibilities but alert levels were not included.
- The original O&M manual for the WTW is not available. Standard operating procedures have been compiled.
- Records of jar tests undertaken by the service provider could not be provided.
- Chemical tanks are not contained within a bunded area.
- Standby chlorine dosing equipment is not installed.
- Standby air compressor is not installed.

OVERSTRAND MUNICIPALITY

The following is an example of a typical municipal report card that appears in the Green Drop Report 2013.
Results are provided in colour coded format – each colour has a specific meaning and performance reference.

Water Services Authority	ABC Local Municipality
Water Services Provider(s)	ABC WSP

2013 Municipal Green Drop Score	80.63%
2011 Municipal Green Drop Score	63.80%
2009 Municipal Green Drop Score	75.00%

The Municipal Green Drop score is a **Performance Indicator** of the overall municipal wastewater business (function of the available design capacity and the individual Green Drop scores).
Arrows: Depict the current Green Drop status of the plant. A ↑ arrow shows improvement upon the 2009situation, ↓ shows digress, → shows unchanged situation

Key Performance Area	Weight	System X
Process Control & Maintenance Skills	10%	**67**
Monitoring Programme	15%	**95**
Submission of Results	5%	**100**
Effluent Quality Compliance	30%	**16**
Risk Management	15%	**90**
Local Regulation	5%	**100**
Treatment Capacity	5%	**100**
Asset Management	15%	**94**
Bonus Scores		8.48
Penalties		1.90
Green Drop Score (2013)		74.88%
2011 Green Drop Score		67.70%
2009 Green Drop Score		66.00%
System Design Capacity	Ml/d	2.3
Capacity Utilisation (% ADWF ito Design Capacity)		112.0%
Resource Discharged into		Pienaars River (sensitive, special standard apply)
Microbiological Compliance	%	12.95%
Chemical Compliance	%	24.35%
Physical Compliance	%	20.69%
Overall Compliance	%	20.90%
Wastewater Risk Rating (2012)		76.50%
Wastewater Risk Rating (2013)		76.47%

Note: volumetric capacity refers to Average Dry Weather Flow

Colour codes	Appropriate action by institution
90-100%	Excellent situation, need to maintain via continued improvement
80-<90%	Good status, improve where gaps identified to shift to 'excellent'
50-<80%	Fair performance, ample room for improvement
31-<50%	Very poor performance, need targeted intervention towards gradual sustainable improvement
0-<31%	Critical state, need urgent intervention for all aspects of the wastewater services business

≥90% = Green Drop Certification
<30% = Purple Drop Status

Plant is receiving 12% more wastewater compared to its original design capacity (ADWF)

Effluent quality compliance to legislative standards carries a high (30%) weight in the GDC score

The CRR% Deviation (CRR/ CRRmax) score is specific to the wastewater "treatment" function of the service. This score indicates the actual risk as a % of the maximum risk that the plant potentially can reach. An orange and redblock indicate that the plant is in high- or critical risk that warrants urgent attention. A higher value reflects a high risk state (undesirable). A lower value reflects a lower risk state.

CRR% Deviation	
	90 – 100% Critical risk WWTP
	70 - <90% High Risk WWTP
	50-<70% Medium risk WWTP
	<50% Low Risk WWTP

1. GREEN DROPSCORECARD 2012/13

The Stockdale paradox:
Confront the brutal truth of the situation, yet at the same time, never give up hope.

Green Water Services Audits are conducted by a panel consisting of a qualified wastewater professional as Lead Assessor, supported by 2 Assessors. The team selection is done based on the outcomes of a Green Drop Examination which tests the assessor's knowledge and competence in the subject field.

The following scorecard outlines the key requirements of the Green Drop assessment and indicates the Portfolio of Evidence that was required by each Water Services Institution to calculate a Green Drop score per wastewater system.

Green Water Services Audit Period : 1 July 2011 – 30 June 2012

Green Drop Key Performance Area	Requirements	Sub-Requirements
(1) Process Control and Maintenance	**(1.1) WORKS REGISTRATION**	**a)** The wastewater treatment facility is registered as per the Requirements of Regulation 2834/17.
[10%]	**(1.2) PROCESS CONTROLLER & SUPERVISOR REGISTRATION**	**a)** Copies of Registration Certificates of Process Controllers and Supervisor(s) **b)** Copies of the classification certificates of all process controllers/operators and supervisors/ superintendents must be uploaded on the GDS; **c)** Compliance with Regulation 2834 (must comply at least 50% in each of the shifts); WSI must indicate shift patterns or measures in place when a shift does not comply with Regulatory Process Control Requirements. **d)** WSI must indicate process controllers and/or supervisors that are 'shared' across different plants/sites.
	1.3) MAINTENANCE TEAM	**a)** Evidence of Maintenance Team used for general maintenance work at the plant & pump-stations(both mechanical and electrical) **b)** Information on in-house staff (or organogram) or external contractor/s **c)** Provide additional proof of competency of team (e.g. Qualification & Experience & Trade-test) **d)** Provide a site specific operation and maintenance schedule (routine / scheduled) **e)** Contract or Logbook with maintenance entries to serve as evidence of the above aspects
	1.4) OPERATIONS & MAINTENANCE MANUAL	**a)** Proof of a 'site-specific' Operation & Maintenance Manual O&M manual to contain: *1. structural,* *2. mechanical,* *3. electrical detail of plant,* *4. design specifications of plant,* *5. reference to drawings,* *6. operational schedules,* *7. maintenance schedules,* *8. process detail and control,* *9. instrumentation specification/type,* *10. fault finding,* *11. monitoring,* *12. pump curves,* *13. supportive appendices*
	(1.5) OPERATIONAL LOGBOOK	**a)** A logbook is in place to record all incidents at the wastewater treatment works. **b)** Evidence is presented that the logbook process is being implemented

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

	BONUS **(Process Control)**	**BONUS**: Proof of Process Controller staff being subjected to relevant training the past 24 months **1.** Names of trainees and signature of attendance / Certificate **2.** Date and training subject field 3. Training provider and content of training
(2) **Wastewater Monitoring Programme** **[15%]**	**(2.1)** **OPERATIONAL MONITORING**	Details of Operational Monitoring: **a)** Proof of Operational Monitoring sites, determinands and frequency; **b)** Samples must include: i) *inflow* *ii) outflow* *iii) process flows* *iv) industrial* *v) sludge* **c)** Determinands monitored; **d)** as per Authorisation / as per best practice per technology type; **e)** Frequency: as per Authorisation /as per best practice (1/month for micro & small plants, 1 /week for medium plants, and 1/day for large & macro plants)
	(2.2) **COMPLIANCE MONITORING**	Details of Compliance Monitoring (For ALL Effluent Discharges). **a)** Sampling Sites as per Authorisation; **b)** Determinands as per Authorisation (This would include determinands not categorised as Microbiological, Chemical or Physical, e.g. SAR) ; **c)** Sampling frequency occurs as Authorisation Requirements Note 1: For zero-effluent treatment systems - still need to monitor for impact on catchment / environment (for both lined and unlined systems). Where oxidation ponds are producing effluent for irrigational purposes then General Limits apply. Note 2: A monitoring programme alone will not be sufficient to obtain full score; Analyses results should proof implementation of the monitoring programme.
	(2.3) **LABORATORY USED**	**a)** Name lab(s) for operational analysis (in-house or on-site) and lab for compliance analysis/checks (in-house or external) **b)** Provide the turnaround in laboratory analysis (in hours: from time of submission to time of results dissemination)
	(2.3) **LABORATORY CREDIBILITY**	**a)** Certificate of Accreditation for applicable methods, **b)** Or Z-scores results following participation a recognised Proficiency Testing Scheme (–2 ≥ z-score ≥ 2 are unacceptable) **c)** Or Proof of Intra- and inter-laboratory proficiency (quality assurance as prescribed in Standard Methods)
	(2.4) **PROCESS CONTROL / MONITORING RESULTS**	**a)** Explain how monitoring results are used to amend/improve process controlling *[The assessor will select at random analytical parameter/s from the presented analytical results to present an audit question. This might be checked during on-site assessment.]*
(3) **Submission of Wastewater Quality Results** **[5%]**	**(3.1)** **DATA SUBMISSION**	1. 12 months of data submitted to DWA on the GDS **2.** WSA must ensure that 12 months' sets of results are submitted and recorded on the GDS prior to the assessment. Note: All compliance results' data required
[redacted]	[redacted]	[redacted]
[redacted]	[redacted]	[redacted]

OVERSTRAND MUNICIPALITY
2019-05-23

(4)Wastewater Effluent Quality Compliance	**(4.1) WATER USE AUTHORISATION**	**a)** Copy of authorisation, detailing Effluent Quality Standards. **NOTE:** List Standards to comply with.
[30%]	**(4.2) EFFLUENT QUALITY COMPLIANCE**	**a)** 90% **Microbiological Compliance** (e.g. E Coli; Faecal Coliforms) **b)** 90% **Chemical Compliance** (e.g. COD, Ammonia, Nitrogen, Nitrate, Nitrite, Residual Chlorine, Ortho-Phosphates, Fluoride, Arsenic, Cadmium, Copper, Manganese, Iron, Selenium, Zinc, Boron, *etc.*) **c)** 90% **Physical Compliance** (e.g. pH, Suspended Solids, Electrical Conductivity, Soap, Oil or Grease, etc)
	BONUS (GDIP)	**a)** A practical Green Drop Improvement Plan (GDIP) in place – with baseline (current) score, tasks, responsible person, completion date, budget, target GDC score; **b)** Implementation evidence and proof of management of process
(5) Wastewater Quality Risk Management	**(5.1) WASTEWATER RISK ABATEMENT PLAN (W_2RAP)**	**a)** A practical and site specific Wastewater Risk Abatement Plan (W_2RAP) is in place which identify and prioritise risks, with measures to mitigate inefficiencies/inadequacies that result in non-compliance **b)** Implementation evidence and proof of management commitment
[15%]	**(5.2) INCIDENT REGISTER**	**a)** Provide evidence of implementation of Protocol **b)** Wastewater Quality Failure Incident and Sewer Spillage Incident register.
	(5.3) WASTEWATER INCIDENT MANAGEMENT PROTOCOL	**a)** Evidence of a documented Wastewater Incident Management Protocol **b)** Protocol to specify alert levels, response times, required actions, roles & responsibilities and communication measures/vehicles. **c)** NB. Include Pumpstation failure (sewer collector system spillages)
	BONUS (Energy)	WSI is able to provide DWA with: **a)** Electricity consumption over last financial year (in KWh/day) and Rand value (R/year) of treatment plant; **b)** Energy demand projections over next >3 years (in KWh/day) and in Rand value (R/year); and **c)** Calculate cost of energy (KWh/kl wastewater treated)
(6) Local Regulation	**(6.1) BYLAWS**	Proof of the Bylaws providing for the regulation of: *1. Industrial (trade) influent (volumes & quality) discharged into municipal system,* *2. package plants,* *3. decentralized systems,* *4. vacuum tank discharges and* *5. Spillages into the environment.* *6. Storm-water connections to sewer system.*
[5%]	**(6.2) ENFORCEMENT**	1. Proof of application of Bylaw clause in practice, supported by written notice/s to offender **OR** 2. Proof of adequate enforcement (informing relevant sectors and means of monitoring industrial or other sewer influent.) 3. Records of Package Plants in area of jurisdiction (where development was approved by the Authority (Local Government).

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

	BONUS **(Publication)**	1. Annual Publication of wastewater management performance against the requirements of the site-specific License conditions or General Authorisations 2. Name and date of publication, copy of information pertaining to audit question. 3. Note: Communication must include compliance summary
(7) **Wastewater Treatment Capacity**	**(7.1)** **DESIGN CAPACITY**	**a)** Documented design capacity (hydraulic and organic) of the wastewater treatment facility 1. Design capacity as Average Dry Weather Flow (ADWF) and COD load to the plant and **b)** Documented daily receiving flows over the 12 months of assessed period (ideally ≤ than design capacity) 1. Evidence of daily flows and subsequent calculated averages. Measurement method to be explained 2. Evidence of peak wet weather flow to plant during rain events (record rain event and flow to plant) 3. Evidence of minimum night flow (minimum monitoring: monthly) 4. Water services institution is required to provide motivation/proof of accuracy of meter readings. **c)** Monitoring of outflow volumes (available records) - provide proof of verification system and/or calibration of meters)
[5%]	**(7.2)** **WWTW CAPACITY PLANNING**	Medium to long term planning to ensure sufficient capacity for treatment system and to ensure effluent quality compliance; 1. Detailed Work-plan which stipulates: *i) type of work,* *ii) associated budget,* *iii) projected timeframe* *iv) planned output of this work.*
	(7.3) **COLLECTOR CAPACITY PLANNING**	Medium to long term planning to ensure sufficient capacity for collecting system1. Detailed Work-plan which stipulates: *i) type of work,* *ii) associated budget* *iii) projected timeframe* *iv) iv) the planned output of this work* Note for 7.2 and 7.3: When the WSI is motivating that 'no work' is needed, then provide basis for such standpoint (i.e. quantified design versus operational capacity, usage of system, expected housing developments, condition of treatment system)
(8) **Wastewater Asset Management**	**(8.1)** **PROCESS AUDIT**	**a)** Process Audit reporting (evidence required of audit findings and recommendations) on treatment facility efficacy. The audit to include the (design) capability of the plant to meet compliance standards, as well as actual performance of plant. Should've been done between July 2010 and June 2012. **b)** Evidence/plan of implementation of findings during year following Audit Report required.
[15%]	**(8.2)** **SEWER MAIN INSPECTION**	**c)** Site inspection of sewer reticulation network and pump-station/s. Provide evidence in form of capacity and condition assessment and recommendations of system. Report to include flow balance that provides evidence which % of total sewage is received at treatment plant. Note: both the process audit and sewer network report could serve as baseline to the W_2RAP (may run concurrently with "system description and risk identification/rating)

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

	(8.3) WASTEWATER ASSET REGISTER	d) Updated sanitation / wastewater Infrastructure Asset Register 1. Proof of Asset Register, evidence to be submitted. Asset register to include movable equipment and immovable infrastructure / assets with matching detail. The asset register must detail : a) relevant equipment and infrastructure b) indicate asset description c) location d) condition (remaining life) e) replacement value
	(8.4) O&M BUDGET &EXPENDITURE	e) Operation and maintenance budget and comparative expenditure detail for: 1. *wastewater treatment (in cents/m^3), and* 2. *collection system (R/m^3)* The assessor will require the WSI to explain how these figures compare or are benchmarked to determine whether budget is (in)sufficient NOTE: Indicate whether WSI could only provide global figures or system specific figures.
	(8.5) PUMPSTATION MAINTENANCE	Proof of maintenance work done on mechanical, electrical, civil per pumpstation
Additional Bonuses	(AB 1) CROSS-POLLINATION	WSI is able to provide evidence of improvement partnership initiatives with smaller municipalities (Cross-pollination). Green Drop scores will serve as good evidence to measure the outcomes of such initiative/s.
	(AB 2) STORMWATER MANAGEMENT	Proof of a Storm-water management plan detailing how storm-water entry is quantified, managed and monitored to prevent entry to sewer systems. Plan should also include measures to prevent sewage from entering stormwater systems. Evidence of implementation required
	(AB 3) WATER DEMAND MANAGEMENT	Water Demand Management Plan which provides a strategy and/or work plan that identify, quantify, monitor and manage leakages and water losses of any kind that (may) create an artificial water demand due to higher hydraulic loading of wastewater collection and treatment infrastructure. The bonus will be maximised should a wastewater flow balance be provided.

Green Drop Certification status = ≥90% score against the above criteria.

Purple Drop status = <30% against the above criteria.

"If you are going to achieve excellence in big things, you develop the habit in little matters. Excellence is not an exception, it is a prevailing attitude."

Colin Powell

Regulatory Impression

The Overstrand Local Municipality is to be congratulated with an outstanding performance and able presentation of their Portfolio of Evidence. The Inspection team were impressed with "*... the team's enthusiasm, expertise and knowledge of the wastewater business.*" As result, Overstrand is awarded with four Green Drop Certificates. The overall management of all five systems is consistent and indicative of the personnel's dedication and discipline to wastewater management. Regrettable, the Kleinmond system did not perform on par with the other 3 systems, which weakened the municipal Green Drop score to 89.14%, just short of overall Green Drop award.

The points of strength include the high overall compliance of effluent quality, prominent risk abatement, and technical skilled staff with strong management support and involvement. The presence of the Finance department contributed to the positive score received for asset management and ringfenced costing. The Hermanus WWTW is currently in the process of upgrading the works to 12ML/d. Monitoring programs should be revised to include sludge monitoring at all systems and to ensure sufficient sampling frequency where process upgrades have occurred.

Overall, Overstrand has managed to produce a polished Green Drop Performance. Overstrand is also one of very few municipalities that were using the opportunity to score against all the bonus criteria. ***Well done***. The absolute consistency displayed in keeping all systems in low risk zones using the W_2RAP process, is commendable. Overstrand is an accomplished service provider in wastewater management, and deserves to be mentioned amongst the top performers in the Province.

Green Drop findings:

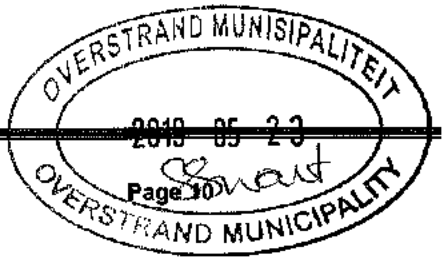

1. Regulation 17 compliance need to receive attention
2. Sea outfall monitoring frequency need to be revised for Hermanus
3. Sludge monitoring and handling could improve going forward
4. Some shortcomings are evident on process assessment which might possibly resolve some of the lower compliance to ammonia, EC, O-PO_4, SS/COD at some plants, given that ample capacity exist at all plants.

Site Inspection Report

Kleinmond **75%**

The Kleinmond plant was inspected to verify the Green Drop findings:

- The plant is beautifully set, with notices, PFD, manuals and signage in place
- Process control logbooks can be improved, as well as instrumentation
- Flows recorded, except nightflow, 60% tankered, daily pumpstations checks
- Aeration of wastewater well maintained, goo process control, lime slightly slug dosed, MLSS used along temperature
- Disinfection via ultraviolet radiation, clear overflows to reed beds (Phragmites) for polishing. UV performance questioned.

OVERSTRAND MUNICIPALITY

Introduction

This circular comes at a time where National Treasury needed to respond to a call by the President of the Republic of South Africa for a stimulus package and the implementation of the recovery plan in order to stimulate the economy. The stimulus package call responds to amongst others the recent technical recession, the high percentage of unemployment that sits at 27 per cent, slow economic growth, weakening of the currency amidst rising global interest rates and the strengthening of the US dollar affecting most developing countries.

Local government has a vital role to play in turning around the economy. In many areas of the country, municipal finances are under pressure. This is the result of the rising cost of delivering basic services and weak financial planning and controls, with poor management decisions leading to underinvestment in and insufficient maintenance of infrastructure. In some cases, corrupt practices have taken root in local administrations. Over the period ahead, national transfers to local government will continue to support the delivery of basic services, while incentivising improved performance and the turnaround of troubled municipalities.

In the local space, fiscal prudence cannot be overemphasised, renewed attitude towards revenue management, improvement of governance and financial management to support service delivery including the adoption of funded budgets and implementation of the municipal standard chart of accounts and the long awaited plan to infuse consequence management for maladministration must be the primary way to respond to a stimulus package plan by the President.

The purpose of the annual MFMA budget circular is to guide municipalities with their compilation of the 2019/20 Medium Term Revenue and Expenditure Framework (MTREF), in particular to ensure that funded budgets are adopted by municipal Councils. This means that expenditure must be contained within realistic revenue projections.

In 2010 National Treasury introduced the local government budget and financial reform agenda and since then several projects to further this agenda have been introduced. The current implementation of the Municipal Standard Chart of Accounts *(m*SCOA*)* and the accompanying "game changers" signals a smarter way forward to strengthening local government finances.

Among the objectives of this budget circular is to demonstrate how municipalities should undertake annual budget preparation in accordance with the budget and financial reform agenda and associated "game changers".

Municipalities are reminded to refer to the annual budget circulars of the previous years for guidance on budget preparation that is not covered in this circular.

1. The South African economy at a crossroads

South Africa finds itself at a crossroads. The Medium Term Budget Policy Statement (MTBPS) presented by the Minister of Finance, Mr Tito Mboweni highlights the difficult economic and fiscal choices confronting government over the next several years. In the 2018 MTBPS, the Minister of Finance stated that given *the current economic climate the country faces, the government is confronted by difficult economic and fiscal choices over the medium term*. The Minister further indicated that South Africa needs to choose a path that leads to faster and more inclusive economic growth and strengthens private and public sector investment. The path should also stabilise and reduce the national debt, as South Africa cannot afford to borrow at the rate we are currently borrowing at.

OVERSTRAND MUNICIPALITY
2019 -05- 23

The 2018 Budget set out expectations of improved economic performance that proved premature. During the first half of this year, South Africa experienced a technical recession – that is, declining of the two consecutive quarters of Gross Domestic Product (GDP) – driven primarily by contractions in agriculture and mining.

A strengthening US dollar and rising global interest rates have triggered fiscal crises in several major developing countries. South Africa's inflation targeting regime, flexible exchange rate and prudent debt management strategy have protected the economy from some of the global fallout. However, these events have led to a sharp depreciation of the Rand and large increases in government bond yields. It is important to note that the 2018 projected GDP growth forecast has been revised down from 1.5 per cent to 0.7 per cent. Growth is expected to recover gradually to over 2 per cent in 2021 as confidence returns and investment gathers pace.

To promote a return to faster growth and job creation, the President announced an economic stimulus and recovery plan in September 2018. The initiative focuses on five interventions:

- Implementing growth-enhancing economic reforms;
- Reprioritising public spending to support economic growth and job creation;
- Establishing an infrastructure fund;
- Addressing urgent matters in education and health; and
- Investing in municipal social infrastructure improvement.

Increased investment in social and economic infrastructure will be a focus of economic recovery over the medium term. This requires an increased role for private sector and better implementation of government's existing plans.

Similar to the same period last year (2017), the country's tax collection targets have not been met, further reducing the funds available to allocate across the three spheres of government.

The following macro-economic forecasts must be considered when preparing the 2019/20 MTREF municipal budgets.

Table 1.1 Macroeconomic projections, 2017 – 2021

Calendar year	2017 Actual	2018 Estimate	2019	2020 Forecast	2021
Percentage change unless otherwise indicated					
Household consumption	2.2	1.6	1.9	2.3	2.6
Gross fixed-capital formation	0.4	0.9	1.5	2.1	2.9
Real GDP growth	**1.3**	**0.7**	**1.7**	**2.1**	**2.3**
GDP at current prices (R billion)	**4,651.8**	**4,949.1**	**5,317.2**	**5,724.1**	**6,167.2**
CPI inflation	5.3	4.9	5.6	5.4	5.4
Current account balance (% of GDP)	-2.4	-3.2	-3.2	-3.7	-3.9

Source: Reserve Bank and National Treasury

Note: the fiscal year referred to is the national fiscal year (April to March) which is more closely aligned to the municipal fiscal year (July to June) than the calendar year inflation.

OVERSTRAND MUNICIPALITY

2. Key focus areas for the 2019/20 budget process

2.1 Local government conditional grants and additional allocations

The proposed division of revenue continues to prioritise funding services for poor communities. Allocations to local government subsidise the cost of delivery of free basic services to low-income households, and the infrastructure needed to deliver those services.

The 2018 Medium Term Budget Policy Statement (MTBPS) indicates transfers to local government for the 2019 MTEF are R415.5 billion, of which R269.2 billion is in the form of unconditional allocations while the remainder is conditional grant funding. The allocations for local government over the medium term represent 8.9 per cent of non-interest expenditure and grows to 9.1 per cent during the same period, which constitutes an increase of 7.2 per cent. These are notable increases from 2018 MTEF, which require municipalities, despite the rising cost of providing basic services, find innovative, effective and efficient ways of making better use of the limited resources, given the current economic situation.

The equitable share and the allocation of the general fuel levy to local government constitute unconditional funding. Municipalities are reminded that this funding allocation is formula driven and designed to fund the provision of free basic services to disadvantaged communities.

Conditional grant funding must be utilised for the intended purpose within the stipulated timeframes, as specified in the annual Division of Revenue Act. Monies not spent must be returned to the fiscus and requests for roll-overs will only be considered where unforeseen and unavoidable circumstances led to underspending of conditional grants.

The annual Division of Revenue Bill will be tabled in February 2019 when the Minister of Finance delivers the budget speech. The grant allocations will be specified in this Bill and municipalities must reconcile their budgets to the numbers published therein.

Municipalities are advised to use the indicative numbers presented in the 2018 Division of Revenue Act to compile their 2019/20 MTREF. In terms of the outer year allocations (2021/22 financial year), it is proposed that municipalities conservatively limit funding allocations to the indicative numbers as proposed in the 2018 Division of Revenue Act for 2020/21. The DoRA is available at:

http://www.treasury.gov.za/documents/national%20budget/2018/default.aspx

Changes to local government allocations

- Over the MTEF period, R415.5 billion will be transferred to local government, including R146.3 billion in infrastructure conditional grants. The largest transfer to municipalities is the local government equitable share, which grows by 9.9 per cent in 2019/20, 9.7 per cent in 2020/21 and 8.6 per cent in 2021/22. These above-inflation increases are due to expected growth in household numbers, and higher bulk water and electricity costs.
- Government will strengthen municipal capacity to improve the use of these allocations. Although the rules have been changed to allow municipalities to use grant funds to refurbish infrastructure, develop water conservation projects and maintain roads if certain conditions are met – few municipalities have taken advantage of these provisions. The national departments that administer these grants are improving their capacity to support municipalities and to assess proposed projects.

OVERSTRAND MUNICIPALITY
2019 -05- 23

- It should be emphasised that the widespread decline in the quality and performance of essential municipal infrastructure significantly constrains the potential for inclusive economic growth. Municipalities should prioritise the maintenance and where necessary the refurbishment of essential municipal infrastructure.

- In many areas of the country, municipal finances are under pressure. This is the result of the rising cost of delivering basic services and weak financial planning and controls, with poor management decisions leading to underinvestment in and insufficient maintenance of infrastructure. In some cases, corrupt practices have taken root in local administrations. Over the period ahead, national transfers to local government will continue to support the delivery of basic services, while incentivising improved performance and the turnaround of troubled municipalities.

- The Department of Cooperative Governance (DCoG) has managed the process to assess applications from municipalities to shift from the Municipal Infrastructure Grant to the new Integrated Urban Development Grant. This new grant has different planning requirements and incentives intended to more integrated developments and greater leveraging of non-grant finance. Several municipalities applied to join this grant during 2018 and the Department of Cooperative Governance (DCoG) will notify those municipalities that have qualified. All other non-metropolitan municipalities should continue to adhere to the Municipal Infrastructure Grant's project registration processes in preparation for 2019/20.

- More than 3.1 million South Africans live in informal settlements, over half of which are in metropolitan municipalities. Over the medium term, informal-settlement upgrading will intensify. On-site upgrading of settlements involves providing municipal services and security of tenure to households. This will encourage residents to improve their own dwellings. Public programmes and funding mechanisms will focus on allowing more flexible and differentiated improvements to settlements. Government will prioritise engagement with communities and their inclusion in upgrading, for example through helping to build and maintain infrastructure. New conditions and ring-fenced funding for upgrading will be included in the urban settlements development grant for metropolitan areas and the human settlements development grant for provinces in 2019/20. Following the pilot phase, government intends to introduce separate metropolitan and provincial grants for informal settlement upgrading. With most electrification backlogs in metros in informal settlements, it is also proposed that allocations for the integrated national electrification programme (municipal) grant be incorporated into the new grant mechanism in these cities.

Reforms to local government fiscal framework

Metropolitan areas and other large cities fund most of their operational budgets from revenues they raise themselves. There is ample scope for creditworthy municipalities with strong financial management to increase local capital investment by expanding municipal borrowing. In 2017/18, half of infrastructure spending by metros and large cities was still funded from transfers, primarily from national government. Reforms over the medium term will enhance the ability of municipalities to raise revenue to invest in their own development.

Government will introduce: Policy reforms to clarify the role of development finance institutions in municipal borrowing and to regulate municipal development charges are under way to broaden municipal access to private capital markets. Financing arrangements with development finance institutions and multilateral development institutions will include much needed technical assistance to improve project planning, preparation and implementation. Government is also updating the policy framework for municipal borrowing and financial emergencies.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The purpose is to establish a system which not only ensures stability and certainty in local government finances, but also seeks to implicitly create incentives and attract more players in the municipal debt market space, i.e. insurers, pension funds, fund managers and DFIs.

2.2 Tabling of funded budgets

The importance of tabling funded budgets is highlighted in MFMA Circular No. 74 and 89. Adopting a funded budget has become more critical now than before as it has direct bearing on the financial sustainability of the institution. It has been agreed that no municipality will adopt an unfunded budget in the future. There are cases that may warrant a plan as this may not be achievable over one year. As a result, such municipalities must, together with their 2019/20 MTREF budget, table a plan in a municipal council on how and by when the budget will improve from an unfunded to a funded position. This will be essential when the National and provincial treasuries are assessing the budget to determine its credibility. The assessment of the 2018/19 MTREF budgets have shown a deterioration with more budgets being unfunded. Plans and support will have to be re-evaluated to produce a positive outcome.

2.3 Addressing the growing financial crisis in municipalities

In 2018/19, 113 municipalities adopted unfunded budgets, compared to 83 in the prior year. In addition, municipalities owe more than R23 billion in arrears, including to Eskom and water boards. Although the primary responsibility to resolve these financial problems rests with municipalities themselves, the Constitution states that when a municipality is in financial crisis, the provincial government must intervene – and if the province is not able to, then national government must do so. However, few past interventions have succeeded in producing a sustained turnaround.

Over R2.5 billion has been allocated per year over the 2019/20 MTREF to enable National and provincial treasuries to better manage interventions. This will strengthen the National Treasury's Municipal Financial Recovery Service (MFRS) capacity to draft financial recovery plans for municipalities and that of provinces to implement these plans. These recovery plans set revenue and spending targets for the municipality and identify specific revenue-raising measures.

The new grant that government had proposed to help municipalities facing financial crisis will no longer be introduced. The funds set aside for this will instead be reprioritised for other initiatives that will assist the turnaround of municipalities. Ultimately, sustainable financial recovery will require improved governance within the affected municipalities following the intervention. And better use of grants, together with improved maintenance, will also reduce pollution from wastewater treatment works, which has become a more pressing concern in a number of municipalities.

Government also provides extensive support to build municipal capacity, including over R2.5 billion per year allocated for this purpose in the budget. The growing number of distressed municipalities indicates the need to make better use of these resources. The current system will be reviewed during 2019.

2.4 Municipal Standard Chart of Accounts (*m*SCOA)

Release of Version 6.3 of the Chart

On an annual basis, the *m*SCOA chart is reviewed to address implementation challenges and correct chart related errors. Towards this end, Version 6.3 is released with this circular (see Annexure A). Version 6.3 of the chart will be effective from 2019/20 and must be used to compile the 2019/20 MTREF and is available on the link below:

http://mfma.treasury.gov.za/RegulationsandGazettes/MunicipalRegulationsOnAStandardChartOfAccountsFinal/Pages/default.aspx

Amendments of adopted budget errors during the adjustments budget

During the 2018/19 budget verification process it was evident that municipalities are still not able to align *m*SCOA original budget data string to the original budget adopted by municipal council. The root cause for the discrepancies is that municipalities do not plan, test and generate the Schedules A1 directly from the financial systems but prepare the Schedules A1 manually on excel spreadsheets and then captured the tabled and original budgets on the system (or worse, the core system vendor does it for them) after these were tabled and adopted in Council.

Furthermore, some municipalities prepared their tabled budgets in the financial system but made changes to it during community consultation and council meeting(s). These changes were effected to the Schedule A that served before Council but never made on the financial system. Hence, the municipality started transacting against the tabled budget on the system instead of the adopted budget. In terms of the *m*SCOA Regulations, the budget must be approved and locked on the financial system prior to the municipality transacting against it on the financial system.

In terms of the MFMA and Municipal Budget and Reporting Regulations, errors in the budget can only be corrected during the adjustments budget process. Municipalities should therefore ensure that their adjusted budget data strings align to Schedule B adopted by municipal council. National and provincial treasuries will undertake a verification process on the adjusted budgets in relation to the data strings. Municipalities are advised to submit the draft adjusted budget data strings and Schedule B in advance for verification purposes to ensure that aligned documents are adopted by municipal council by 28 February 2019.

Changing of the Core Financial System

Municipalities must follow the required due diligence processes required in terms of MFMA Circular 80 and *m*SCOA Circulars No. 5 and 6 prior to changing their core financial systems. In terms of these circulars:

1. A municipality must conduct an ICT due diligence of all the existing ICT system(s).
2. Once this ICT Due Diligence has been completed, the municipality's *m*SCOA Project Steering Committee (chaired by the Accounting Officer) must:
    a) Assess whether the municipality's existing system(s) as a package, meets the systems comply with the functionality requirements for its category and 15 business processes required in terms of *m*SCOA. This should be the main consideration in the decision on whether a new financial system is required.
    b) Consider the cost of any additional functionality the municipality will have to procure from its existing package of service provider(s) and the affordability

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

thereof to the municipality considering its budget. Importantly, if a municipality did not budget to purchase or upgrade their core financial system or any component thereof in the budget adopted by Council, then the purchase will have to be deferred to the next financial year to avoid irregular expenditure;

c) Compare the total cost of its existing 'package of system(s)', including the cost for any additional functionality with the other available service offerings for its category; and

d) Consider the penalties and reasons for contract termination in any of its contracts with existing service providers.

3. The project steering committee must document its decision and recommendation(s) on the way forward (relating to the items listed above) for the municipality and its municipal entities (on the municipality's 'package of existing system(s)'), clearly setting-out its findings.

4. Once the municipality's *m*SCOA project steering committee has made its decision and recommendation(s), the municipality must solicit the comments of the National Treasury and Provincial Treasury. A detailed motivation on the need to change the core financial system should be provided to the National and Provincial Treasuries, the Municipal Manager and Council.

5. Once the municipality has received the comments of the National Treasury and the Provincial Treasuries, the *m*SCOA Project Steering Committee and Municipal Manager should consider such comments and prepare a recommendation to the Municipal Council in this regard.

6. The municipal manager must submit a copy of the municipal council's decision to the National Treasury and Provincial Treasury within five (5) working days after the meeting during which the Municipal Council has made the decision in this regard.

7. **The municipality should then follow its own tender processes to procure a financial system on the open market until such time that a new transversal tender for the procurement of integrated municipal financial and internal control systems are in place.** Thereafter, municipalities may request permission from National Treasury's Office of the Chief Procurement Officer to use the transversal tender to procure a financial system.

8. The municipality should ensure that the Service Level Agreement entered into with the system provider provides for specific and realistic milestones and include penalties and termination clauses for failing to meet milestones. In addition, municipalities should implement proper contract management and exercising tight control over contractual obligations by system providers.

The National Treasury has also secured funding to conduct independent audits on all municipal core financial systems to determine to what extend these systems comply with the functionality requirements and 15 business processes required in terms of *m*SCOA. These results will also inform the new transversal tender for the procurement of municipal financial and internal control systems in 2019. Until these audits have been concluded and the results have been released, municipalities should exercise caution when changing their financial system to avoid purchasing a system that do not comply with the necessary *m*SCOA functionality requirements.

Municipalities are advised to use their internal audit function to ensure that the correct process was followed. Internal audit must ensure that the municipality has complied with the requirements of *m*SCOA and the reports of internal audit must be tabled at audit committee and at municipal council for their consideration.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

3. The revenue budget

The economic situation has not improved since the previous financial year. Therefore, municipalities are reminded as it was communicated in MFMA Circular No. 89 that weak economic growth has put stress on consumers' ability to pay for services, while transfers from national government are growing more slowly than in the past. Some municipalities have managed these challenges well, but others have fallen into financial distress and face liquidity problems. These include municipalities that are unable to meet their payment obligations to Eskom, water boards and other creditors. There is a need for municipalities to focus on collecting revenues owed to them, and eliminate wasteful and non-core spending. Municipal budgets will be scrutinised to ensure that municipalities adequately provide to service their debt obligations. Municipalities must ensure that expenditure is limited to the maximum revenue collected and not spend on money that they do not have.

National Treasury encourages municipalities to maintain tariff increases at levels that reflect an appropriate balance between the affordability to poorer households and other customers while ensuring the financial sustainability of the municipality. The Consumer Price Index (CPI) inflation is forecasted to be within the upper limit of the 3 to 6 per cent target band; therefore, municipalities are required to ***justify all increases in excess of the*** **projected inflation target for 2019/20** in their budget narratives, and pay careful attention to the differential incidence of tariff increases across all consumer groups. In addition, municipalities should include details of their revenue growth assumptions for the different service charges in the budget narrative.

3.1 Maximising the revenue generation of the municipal revenue base

Municipalities must comply with Section 18 of the MFMA and ensure that they fund their 2019/20 MTREF budgets from realistically anticipated revenues to be collected. Subsequently, municipalities are cautioned against assuming collection rates that are unrealistic and unattainable as this has been identified as a fundamental reason for municipalities in financial distress.

It is critical to compare the valuation roll data to that of the billing system to ensure that revenue anticipated from property rates are realistic. The list of exceptions derived from this reconciliation will provide an indication of where the municipality may be compromising its revenue generation in respect of property rates. A further test would be to reconcile this with the deeds office registry. This reconciliation should be undertaken quarterly. Towards this end, municipalities are requested to submit the following information to the National Treasury:

1. A copy of the approved current General Valuation Roll of the municipality;
2. A copy of the approved Supplementary Valuation Roll of the municipality;
3. An extract from the financial system showing the property rates information (preferably in excel);
4. The detail of the reconciliation between the GVR and the financial system illustrating the variances; and
5. The proposed process to rectify the variances.

In addition, the format below (excel) is required that captures a high level summary of the exercise.

	Approved General Valuation Roll		*Financial System*			
Rates Category	*Number of Properties*	*Consolidated Value of Properties*	*Number of Properties*	*Consolidated Value of Properties*	*Variance*	*Comments*

The above information must be submitted on a CD or USB to the LGBA, for attention:

Pretoria, 0002	Pretoria, 0001

In addition, municipalities that maintain an indigent register and not utilise a targeted approach, are requested to periodically review the indigent register to verify that beneficiaries are still legible for the subsidy that they obtain. Municipalities are also encouraged to revise their Local Economic Development strategies to have a targeted approach to alleviate the situation of the indigents as part of poverty alleviation.

3.2 Eskom bulk tariff increases

The National Energy Regulator of South Africa (NERSA) develops the municipal tariff guideline increase based on Eskom's approved bulk price increase of electricity to municipalities and the increase on the municipalities' cost structures. Eskom has made a revenue application for the 2019/20 financial year, but NERSA has yet to make a decision on the application. Municipalities should refer to www.nersa.org.za for updates on the outcome of this process. Municipal bulk tariff increases will depend on the outcome of that process.

Municipalities are also urged to examine the cost structure of providing electricity services and to apply to NERSA for electricity tariff increases that reflect the total cost of providing the service so that they work towards achieving fully cost-reflective tariffs that will help them achieve financial sustainability. Municipalities in arrears with Eskom should ensure that their payment arrangements are effected in their 2019/20 MTREF budget.

3.3 Water tariff increases

Drought conditions makes it difficult for some municipalities to improve revenue generation from this service. It is now more important to improve demand management, infrastructure maintenance, loss management, meter reading and tariff setting in respect of water services.

Municipalities must ensure that the tariffs charged are able to cover for the cost of bulk purchases, ongoing operations as well as provision for future infrastructure. There are municipalities that are struggling to pay water boards due to a number of issues, one of which is poor financial sustainability and cost recovery. All municipalities in arrears with bulk suppliers must ensure that their payment arrangements are effected in their 2019/20 MTREF budget.

Accounting officers should take note that failure to undertake proper due diligence in terms of the affordability of payment arrangements and making the necessary provision in the municipality's budget will be considered as an act of financial misconduct and the necessary action in terms of chapter 15 of the MFMA read with the Municipal Regulations on Financial Misconduct Procedures and Criminal Proceedings, 2014, will have to be taken.

4. Funding choices and budgeting issues

As a result of the economic landscape and weak tariff setting, municipalities are under pressure to generate additional revenue. The ability of customers to pay for services continues to decline, leading to limited revenue collection. Therefore, municipalities must consider the following when compiling their 2019/20 MTREF budgets:

- improving the effectiveness of revenue management processes and procedures;

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- paying special attention to cost containment measures by, amongst other things, controlling unnecessary spending on nice-to-have items and non-essential activities as was highlighted in MFMA Circular No. 82;
- ensuring value for money through the procurement process;
- the affordability of providing free basic services to all households; and
- curbing consumption of water and electricity by the indigents to ensure that they do not exceed their allocation.

Accounting officers are reminded of their responsibility in terms of Section 62(1)(a) of the MFMA to use the resources of the municipality effectively, efficiently and economically. Failure to do this will result in the accounting officer committing an act of financial misconduct which will trigger the application of Chapter 15 of the MFMA read with the Municipal Regulations on Financial Misconduct Procedures and Criminal Proceedings.

4.1 Employee related costs

The *Salary and Wage Collective Agreement* for the period 01 July 2018 to 30 June 2021 dated 15 August 2018 through the South African Local Government Bargaining Council Circular No. 6 of 2018 should be used when budgeting for employee related costs for the 2019 MTREF. Municipalities are encouraged to perform an annual head count and payroll verification process by undertaking a once a year manual salary disbursement, in order to root out ghost employees.

4.2 Remuneration of councilors

Municipalities are advised to budget for the actual costs approved in accordance with the Government Gazette No. 20 of 1998 on the Remuneration of Public Office Bearers Act: Determination of Upper Limits of Salaries, Allowances and Benefits of different members of municipal councils published annually between December and January by the Department of Cooperative Governance (DCoG). Any overpayment to councilors contrary to the upper limits as published by the Minister of Cooperative Governance and Traditional Affairs will be irregular expenditure in terms of Section 167 of the MFMA and must be recovered from the councilor(s) concerned.

4.3 Budgeting for Trade Payables on Table SA3

Municipalities raised concerns about the calculation used for determining the creditors' payment period ratio. As a result, an analysis was undertaken of the note in the Annual Financial Statements relating to Trade Payables from Exchange Transactions as it is disclosed on the face of the Statement of Financial Position. The analysis revealed that this liability includes creditors which do not have a direct impact on the ratio, such as payments received in advance, funds administered on behalf of third parties, retention, accrued staff leave, license fees etc.

The inclusion of such liabilities as "Trade and Other-Payables from Exchange Transactions" under "Working Capital – Creditors due" on Table A8 has an impact on the funding assessment as they are considered when determining whether the budget is funded as per the Municipal Budget and Reporting Regulations schedules. Table A8 is separated into three disclosures which are:

- Unspent Grants – linked by a formula from Table SA3;
- Working Capital – Creditors due - linked by a formula from Table SA3 that currently includes all Trade and Other-Payables from Exchange Transactions as explained above; and

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- Statutory Requirements – This refers to VAT and taxation and is not linked by a formula to any table as it may include VAT and taxation receivable included under Other Debtors in Table A6 and/or VAT and taxation payable included in Table SA3.

The disclosure above may be adequate in terms of the requirements to determine the funding of the budget on Table A8, but it does not assist with disclosing Trade Payables ("true trade creditors") for the purpose of calculating the expenditure management efficiency ratio "Creditors Payment Period (Trade Creditors)" in terms of the National Treasury Circular No. 71.

Accordingly, Table SA3 has been amended to separate Trade and Other Creditors into two separate lines. The revised disclosure will be as follows:

- Trade payables - (should be "true creditors" only);
- Other creditors – (should include all the above liabilities, except VAT that is disclosed separately);
- Unspent conditional transfers; and
- VAT.

"Trade Payables" and "Other Creditors" will be added together for the purpose of calculating "Creditors Due" in row 31 under the working capital calculation on Table A8.

4.4 Budgeting for Inventory: Water

Bulk water purchases meet the criteria of the definition of inventory as per GRAP 12, paragraph .07. Therefore, water bulk purchases should be treated as inventory and should be budgeted and accounted for accordingly. National Treasury issued guidance on the treatment of non-revenue water and electricity in Annexure B to the MFMA Circular No. 70 for the 2014/15 MTREF. However, since the issue of that circular, National Treasury has allowed municipalities to either budget for water bulk purchases as a direct expense in the Statement of Financial Performance as an interim measure or to account for water under inventory. The *m*SCOA chart also makes provision for such. However, to ensure compliance to GRAP 12 the necessary amendments must be effected to the Schedule A tables and the chart.

National Treasury considered the impact that the changes to the Schedule A tables will have on municipalities, as a result it was resolved that they are significant and should not be implemented in the 2019/20 MTREF. This entails a change in approach where water bulk purchases will be processed as a cash transaction in the Statement of Financial Position – Acquisition of Inventory (Table A6). The system input volume (acquisitions) of water stock includes the following:

- Bulk purchases - Supply from bulk or other water service providers recognised by the amount paid;
- Water purified - Potable supply from Water Treatment Works. Value is to be determined by calculating primary and secondary cost components; and
- Natural sources - Supply from boreholes, springs, fountains if not supplied through the water treatment plant. Value is to be determined by calculating primary and secondary cost components.

It is therefore evident that the total input volume of water as it relates to water purified and water from natural sources should include both primary and secondary cost components. The allocation of secondary cost to the input volume of water will necessitate the utilisation of the Costing Segment of the *m*SCOA chart.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Municipalities are cautioned that the Schedule A for the 2020/21 MTREF will be amended in line with the prescripts of GRAP12 and *m*SCOA in relation to the treatment of water bulk purchases as inventory. Therefore, municipalities will be required to budget accordingly and should now in advance consider the requirements necessary to facilitate this conversion and to ensure accurate configuration of their financial systems as it is a *m*SCOA requirement that the schedules must be extracted directly from the system. Municipalities are urged to refer to the *m*SCOA chart on the definitions and the detail of what constitutes water inventory consumed (cost of sales). Furthermore, reference should be made to the Department of Water and Sanitation (DWS) Municipal Water Balance Guideline for guiding principles which is accessible on the link below:

Department of Water and Sanitation (DWS) Municipal Water Balance Guideline

5. Conditional Grant transfers to Municipalities

5.1 Summary of changes in the Division of Revenue Amendment Bill, 2018

An adjustments budget provides for unforeseen and unavoidable expenditure; appropriation of monies already announced during the tabling of the annual budget (but not allocated at that stage); the shifting of funds between and within votes where a function is transferred; the utilisation of savings; and the roll-over of unspent funds from the preceding financial year. If the adjustments budget effects changes to the division of revenue as contained in the Division of Revenue Act for the relevant year, the Minister of Finance must table a Division of Revenue Amendment Bill with the revised framework. There are amendments to the 2018 Budget that affect the Division of Revenue Act, 2018 which will be effected through the Division of Revenue Amendment Act, 2018, once enacted. The amendments as they impact on provinces and municipalities are discussed below.

Funding for drought relief

The Minister of Finance announced during the 2018 Budget Speech that, "a provisional allocation of R6 billion has been set aside in 2018/19 for several purposes, including drought relief and to augment public infrastructure investment." National Treasury managed a process to determine the allocation of drought relief funds that included two windows for applications. All applications were reviewed together with inputs from sector departments and the National Disaster Management Centre. A total of R3.4 billion in drought response funding has been allocated to all three spheres of government, including several direct and indirect grant allocations, which are included in this Bill.

A total of R1.98 billion is added to direct conditional grants for drought relief. These amounts have already been gazetted on 4 October 2018, after the Minister of Finance approved that the funds could be spent in terms of Section 6(1) of the Appropriation Act, 2018, (Act No. 4 of 2018). This section provides for the Minister of Finance to approve expenditure before an adjustment appropriation bill is enacted if that expenditure cannot reasonably be delayed without negatively affecting service delivery and such expenditure was announced during the tabling of the 2018/19 national annual budget. The following amounts have been added to direct conditional grants to municipalities:

- R288.1 million for the water services infrastructure grant to local government. This allocation will fund a variety of water supply augmentation projects for drought-affected municipalities, including drilling and equipping boreholes to access groundwater and implementing water conservation measures where the reduction of water losses will improve the sustainability of supply.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- R1.03 billion for the municipal disaster recovery grant to local government. Funds allocated through this grant will be transferred to three metropolitan municipalities that have been severely impacted by the drought: Cape Town, Nelson Mandela Bay and Mangaung. The funds will subsidise the costs of water augmentation projects, including groundwater development and water conservation measures where the reduction of water losses will improve the sustainability of supply. All of these cities are also expected to contribute funds from their own revenue base to their water augmentation projects.

The following amounts have been added to indirect conditional grants that benefit local government:

- R1.01 billion for the indirect water services infrastructure grant. This allocation will fund a variety of water supply augmentation projects for drought affected municipalities, including drilling and equipping boreholes to access groundwater and implementing water conservation measures where the reduction of water losses will improve the sustainability of supply.
- R6 million for the indirect regional bulk infrastructure grant. This allocation will fund a water supply augmentation project in Ndlambe Local Municipality affected by drought. The municipality is already receiving an allocation managed through this indirect grant in the 2018/19 financial year.

Additional changes to local government allocations

- *Additional allocations to support disaster recovery*

  R143.3 million is added to the municipal disaster recovery grant for post disaster repair and rehabilitation projects in a number of municipalities in KwaZulu-Natal and Western Cape. The municipalities in KwaZulu-Natal are allocated a total of R138.7 million for the repair and rehabilitation of roads, storm water and sanitation infrastructure and community facilities that were damaged by floods. R4.6 million is allocated for the repair and rehabilitation of water and electricity infrastructure in the Bitou Local Municipality in Western Cape.

- *Additional allocation for the public transport network grant*

  R33 million is added to the public transport network grant for the City of Cape Town to begin detailed design on a new phase of the MyCiti public transport network approved through the Budget Facility for Infrastructure.

- *Conversion of the municipal systems improvement grant from Schedule 6, Part B (indirect) to Schedule 5, Part B (direct)*

  R23.2 million of the municipal systems improvement grant will be converted from Schedule 6, Part B (indirect) to Schedule 5, Part B (direct) for 22 municipalities affected by major boundary changes that took effect after the 2016 local government elections. This amount was made available in the indirect municipal systems improvement grant in 2018/19, to assist with the completion of transitional work in the affected municipalities, following the end of the municipal demarcation transition grant (Schedule 5, Part B (direct)) at the end of the 2017/18 financial year.

These municipalities have been implementing the institutional and administrative changes that were required as a result of the boundary changes, including with funding from the former municipal demarcation transition grant. This conversion supports these 22 municipalities to complete the implementation of these transitional matters.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

5.2 Conditional grant monitoring support and Non-compliance of in year monitoring

National Treasury has through its in-year Division of Revenue Act monitoring observed that certain departments that administer municipal grants have not fully complied with the provisions of the Act. Notably the national departments of Transport and Water Services have not fully transferred some of the transfers that were due to the municipalities. Stringent measures are being put in place to ensure compliance to the Division of Revenue Act, 2018 (Act No 1 of 2018) in that regard.

Furthermore, National Treasury has facilitated an adjustment gazette in terms of the Division of Revenue Act in terms of distressed municipalities that could not safeguard the transfers bestowed to them but also to reallocate some of these grants to the respective district municipalities in support of their distressed locals. Government gazette No. 42067 of 28 November 2018 provides for the following in this regard:

Municipal Infrastructure Grant (MIG)

National Treasury in consultation with the Department of Cooperative Governance (DCoG), concluded that municipalities reflecting significant uncommitted underspending would have their funds stopped within four provinces, namely: Eastern Cape, Free State, Northern Cape and North West, and be re-allocated to the respective District Municipalities for delivery on behalf of their locals.

The Municipal Emergency Housing Grant (MEHG)

The Department of Human Settlements (DHS) recommended to National Treasury that an allocation of an amount of R3.9 million is allocated through MEHG following a fire disaster that damaged most of the informal settlements within the Bitou LM in the Western Cape in order to fund the relocation costs and Transitional Residential Area units.

The Neighbourhood Development Partnership Grant (NDPG)

Based on Msunduzi Local Municipality's (LM) request, R27.4 million is stopped from Msunduzi's 2018/19 allocation and re-allocated to West Rand District Municipality (DM) in Gauteng province and City of Matlosana LM in North West province. West Rand DM will receive R20 million, while City of Matlosana LM will be allocated R7.4 million of the R27.4 million stopped from Msunduzi LM.

5.3 Support afforded to municipalities reflecting significant underspending

The municipalities that are affected by the stopping process due to governance and financial challenges will continue to receive support from National Treasury, DCoG and the relevant stakeholders on the MIG cost reimbursement and invoice verification which has been ongoing in the current financial year.

5.4 2017/18 Unspent conditional grant process

National Treasury has concluded the assessment of the 2017/18 conditional grant rollovers and the verification of the unspent conditional grants. This is a process that is governed by Section 22 of the 2017 Division of Revenue Act.

National Treasury through this process undertakes to travel to all provinces on a roadshow and set-up a combined session with all provincial treasuries and all sector departments responsible for administering conditional grants. In these sessions, rollover requests from municipalities are assessed in accordance to the division of revenue act and the guiding MFMA Circular. It is a process that begins on 31 August 2018 and ends 03 December 2018.

OVERSTRAND MUNICIPALITY
2019 -05- 23

Municipalities with unspent conditional grants that were not approved for rollover, are afforded an opportunity to refund the portion of the unspent funds to the National Revenue Fund (NRF). In instances wherein the unspent funds are not refunded to the NRF, National Treasury in accordance to Section 22 of the Division of Revenue Act, offsets these funds against the equitable share allocations.

6. Preparation of Municipal Budgets for 2019/20 MTREF

6.1 Schedule A1 version to be used for the 2019/20 MTREF

National Treasury has released Version 6.3 of the Schedule A1 (the Excel Formats) which is aligned to Version 6.3 of the *m*SCOA classification framework and must be used when compiling the 2019/20 MTREF budget. Refer to Annexure B for the changes to this version of the Schedule A1.

ALL municipalities **MUST** use this version for the preparation of their 2019/20 MTREF budget.

It is imperative that all municipalities prepare their 2019/20 MTREF budgets in their financial systems and that the Schedule A1 be produced directly from their financial system. Vendors have recently demonstrated their budget modules to the National Treasury and provincial treasuries. All financial systems have this functionality to assist and prepare budgets and to generate the prescribed Schedule A1 directly from the financial system. Municipalities **must** start early enough to capture their tabled budget (and later the adopted budget) in the budget module provided and **must** ensure that they produce their Schedule A1 directly out of the budget module.

To promote this approach, from the **2020/21 MTREF** the National Treasury will only accept a Schedule A1 in PDF format, containing ALL sheets as prescribed and with each worksheet displaying an embedded system stamp to certify that it has been produced directly from the system. For purposes of collecting additional data which we previously did using the Schedule A1 in Excel, a prescribed data string containing the data must be populated and uploaded by each municipality (refer to the attachment to MFMA Budget Circular No 93 on the website).

http://mfma.treasury.gov.za/Circulars/Pages/default.aspx

Special attention must be given to the supporting schedules in the prescribed Schedule A1. Where detailed data is lying in a sub-system e.g. human resource data for SA22 to SA24, this data must be pulled from the sub-system into the applicable supporting sheet and must form part of the complete endorsed Schedule A1.

Version 6.3 of Schedule A1 is available on the following link:

The Municipal Budget and Reporting Regulations, formats and associated guides are available on National Treasury's website at:
http://mfma.treasury.gov.za/RegulationsandGazettes/Pages/default.aspx

OVERSTRAND MUNICIPALITY

6.2 Assistance with the compilation of budgets

If municipalities require advice with the compilation of their respective budgets, specifically the budget documents or Schedule A1, they should direct their enquiries to their respective provincial treasuries or to the following National Treasury officials:

Province	Responsible NT officials	Tel. No.	Email
Eastern Cape	Bernard Mokgabodi Matjatji Mashoeshoe	012-315 5936 012-315 5553	Bernard.Mokgabodi@treasury.gov.za Matjatji.Mashoeshoe@treasury.gov.za
Free State	Jordan Maja Cethekile Moshane	012-315 5663 012-315 5079	Jordan.Maja@treasury.gov.za Cethekile.moshane@treasury.gov.za
Gauteng	Kgomotso Baloyi	012-315 5866	Kgomotso.Baloyi@treasury.gov.za
KwaZulu-Natal	Bernard Mokgabodi Johan Botha	012-315 5936 012-315 5171	Bernard.Mokgabodi@treasury.gov.za Johan.Botha@treasury.gov.za
Limpopo	Una Rautenbach Sifiso Mabaso	012-315 5700 012-315 5952	Una.Rautenbach@treasury.gov.za Sifiso.Mabaso@treasury.gov.za
Mpumalanga	Willem Voigt Mandla Gilimani	012-315 5830 012-315 5807	WillemCordes.Voigt@treasury.gov.za Mandla.Gilimani@treasury.gov.za
Northern Cape	Jordan Maja Anthony Moseki	012-315 5663 012-315 5174	Jordan.Maja@treasury.gov.za Anthony.Moseki@treasury.gov.za
North West	Willem Voigt Makgabo Mabotja	012-315 5830 012-315 5156	WillemCordes.Voigt@treasury.gov.za Makgabo.Mabotja@treasury.gov.za
Western Cape	Kgomotso Baloyi Kevin Bell	012-315 5866 012-315 5725	Kgomotso.Baloyi@treasury.gov.za Kevin.Bell@treasury.gov.za
Technical issues with Excel formats	Elsabe Rossouw	012-315 5534	lgdataqueries@treasury.gov.za

National and provincial treasuries, will undertake a compliance check and, where municipalities have not provided complete budget information, the municipal budgets will be returned to the mayors and municipal managers of the affected municipalities for the necessary corrections. Municipal managers are reminded that the annual budget must be accompanied by a quality certificate and council resolution in accordance with the format specified in item 31 of Schedule A of the Municipal Budget and Reporting Regulations.

The National Treasury would like to emphasise that where municipalities have not adhered to the Municipal Budget and Reporting Regulations, ***they will be required to go back to the municipal Council and table a complete budget document aligned to the requirement of the Municipal Budget and Reporting Regulations. In addition, where municipalities have adopted an unfunded budget, they will be required to correct the budget to ensure they adopt and implement a funded budget. However, where there are challenges the process indicated in paragraph 2.2 above will be applied.***

Municipalities with municipal entities are once again reminded to prepare consolidated budgets and in-year monitoring reports for both the parent municipality and its entity or entities. The following must be compiled:

- An annual budget, adjustments budget and monthly financial reports for the parent municipality in the relevant formats;
- An annual budget, adjustments budget and monthly financial reports for the entity in the relevant formats; and
- A consolidated annual budget, adjustments budget and monthly financial reports for the parent municipality and all its municipal entities in the relevant formats.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The A Schedule that the municipality submits to National Treasury must be a consolidated budget for the municipality (including entities) and the budget of the parent municipality. D schedules must be submitted for each entity.

7. Budget process and submissions for the 2019/20 MTREF

7.1 Submitting budget documentation and schedules for 2019/20 MTREF

To facilitate oversight of compliance with the Municipal Budget and Reporting Regulations, accounting officers are reminded that:

- Section 22(b)(i) of the MFMA requires that, ***immediately*** after an annual budget is tabled in a municipal council, it must be submitted to the National Treasury and the relevant provincial treasury in both printed and electronic formats. If the annual budget is tabled to council on 29 March 2019, the final date of submission of the electronic budget documents and corresponding electronic returns is **Monday, 01 April 2019**. The deadline for submission of hard copies including council resolution is **Friday, 05 April 2019**.
- Section 24(3) of the MFMA, read together with regulation 20(1) of the Municipal Budget and Reporting Regulations, requires that the approved annual budget must be submitted to both National Treasury and the relevant provincial treasury ***within ten working days*** after the council has approved the annual budget. E.g. if the council approves the annual budget on 31 May 2019, the final date for such a submission is Friday, 14 June 2019.

The municipal manager must submit:

- the budget documentation as set out in Schedule A (version 6.3) of the Municipal Budget and Reporting Regulations, including the main Tables (A1 - A10) and ALL the supporting tables (SA1 – SA38) in PDF format with stamp that will confirm production directly out of the financial system;
- the draft service delivery and budget implementation plan in both printed and electronic format;
- the draft integrated development plan;
- the council resolution;
- signed Quality Certificate as prescribed in the Municipal Budget and Reporting Regulations; and
- schedules D specific for the entities.

Budget related documents and schedules must be uploaded by approved registered users using the LG Upload Portal at:

https://lguploadportal.treasury.gov.za/

Please note that the LG Upload Portal does not have size restrictions to the documents but requires all documents to:

1. be in PDF format; and
2. each PDF file must NOT contain multiple document e.g. council resolution and quality certificate within the budget document.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Municipalities may still send electronic versions of documents and the Schedule A1 to lgdocuments@treasury.gov.za but only when experiencing problems with the LG Upload Portal. Any problems experienced in this regard can be addressed with Elsabe Rossouw at Elsabe.Rossouw@treasury.gov.za.

Note: lgbigfiles@gmail.com is no longer available.

Municipalities are required to send printed submissions of their budget documents and council resolution to:

For couriered documents	***For posted documents***
Ms Linda Kruger	Ms Linda Kruger
National Treasury	National Treasury
40 Church Square	Private Bag X115
Pretoria, 0002	Pretoria, 0001

In addition to the above-mentioned budget documentation, metropolitan municipalities must submit the draft Built Environment Performance Plan (BEPP) tabled in council by 29 March 2019 to Yasmin.coovadia@treasury.gov.za. If the BEPP documents are too large to be sent via email (exceeds 4MB) please submit to yasmin.coovadia@gmail.com or send to Yasmin Coovadia via Dropbox; any problems experienced in this regard can be addressed with Yasmin.Coovadia@treasury.gov.za. Hard copies of the BEPP may be sent to Yasmin Coovadia, National Treasury, 3rd floor 40 Church Square, Pretoria, 0002 or Private Bag X115, Pretoria, 0001.

7.2 Retirement of the Budget reform returns (Appendix B)

From 2019/20 onwards, municipalities will no longer be required to continue with the use of the Budget Reform Returns to upload budget and monthly expenditure to the National Treasury Local Government Database for publication purposes. The National Treasury will use only the *m*SCOA data strings required for submission as prescribed and all publications will use the data collected from the *m*SCOA data strings.

This places the responsibility on each municipality to ensure that:

1. Budgets are accurately locked into the financial system;
2. Each transaction is accurately recorded on a daily base;
3. Data collected from sub-systems is accurately represented in the General Ledger (GL);
4. At the end of the reporting period, all reconciliations are done, sub-systems are in balance and the Municipal Manager and CFO agrees with the figures as presented in the Schedule C and other management reports or dashboards;
5. The reporting period is **CLOSED** for further transactions; and
6. The data string for the period is produced directly out of the financial system and uploaded using the LG Upload Portal.

While the National Treasury will still share control reports and Schedule C as produced from the data uploaded by municipalities, the verification process before each quarterly Section 71 publication will fall away as the responsibility now lies with the municipality **BEFORE** submitting the data strings to ensure that the data is an accurate reflection of the state of municipal finances.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The tabled and adopted budget data strings submitted to the Local Government Database and Reporting system should also be consolidated figures.

NOTE: Municipalities must conclude all reporting for 2018/19 up to restated audit outcomes on the Appendix B (old electronic returns) to lgdatabase@treasury.gov.za before we can retire the returns.

7.3 Budget verification process

Annually during the budget verification process, it is noted that municipalities have challenges to align the audited years, which results in amendments to the Schedule A. Municipalities must ensure that the audited figures and adjusted budget figures captured on the Schedule A aligns to the annual financial statements and Schedule B respectively.

7.4 Publication of budgets on municipal websites

In terms of section 75 of the MFMA, all municipalities are required to publish their tabled budgets, adopted budgets, annual reports (containing audited annual financial statements) and other relevant information on the municipality's website. This will aid in promoting public accountability and good governance.

All relevant documents mentioned in this circular are available on the National Treasury website, http://mfma.treasury.gov.za/Pages/Default.aspx . Municipalities are encouraged to visit it regularly as documents are regularly added / updated on the website.

Annexure A – Changes to *m*SCOA Version 6.3

No.	Segment	Amendment
1	Item Revenue: National transfers and subsidies	Included all national transfers and subsidies as per MTBPS and allowed for the split between operating and capital as per the grant frameworks
2	Item Revenue: Provincial transfers and subsidies	Allowed provincial transfers and subsidies to be breakdown required where municipalities will specify the names of the grants
3	Item Revenue: Property rates	Included the new property categories as per section 8 of the Municipal Property Rates Act (MPRA)
4	Item Revenue: Sale of goods: Agricultural products	Added a separate line for fresh produce
5	Item Revenue	Added availability charges under non-exchange revenue
6	Item Expenditure: Operational costs	Included breakdown for Speaker under entertainment
7	Item Expenditure: Depreciation	Retired sport and recreation facilities as an asset category as it is included in community assets as per CIDMS
8	Item Expenditure	Changed the spelling for Eskom
9	Item gains and losses	Aligned the high level structure for impairment and reversal of impairment to depreciation and amortisation
10	Item gains and losses and Item assets	Added a line for impairment of construction work in progress assets as per GRAP 21
11	Item assets	Retired libraries as an asset category as it is included in community assets as per CIDMS
12	Item assets: Construction Work in Progress	Added a line to transfer assets from construction work in progress to completed assets
13	Item assets	Changed the definition for general plant to align to the ASB guideline
14	Function	Retired the line item for Budget and Treasury Office as it is part of Finance
15	Function	Retired public forces, traffic and street parking control from Road Transport and included it as Public Safety
16	Region	Included ward / township breakdown as requested by municipalities
17	Region	Retired decommissioned municipalities due to demarcation
18	Region	Swopped municipalities included under DC 36 and DC 30
19	Region	Retired duplicated municipality

Annexure C – Participation in RT15-2016 Vodacom transversal contract

Participation in RT15-2016 Vodacom transversal contract for the supply and delivery of mobile communication services to the state

It has become apparent that an increasing number of municipalities are intending to embrace smart technology to augment their operations. One such opportunity is through the RT15-2016 transversal contract that provides the option for an account management service offering in respect of smart meters. The pre-requisite, however, is that the municipality intending to participate must demonstrate evidence of adequate operating budget provision over the MTREF. The following process is applicable for the approval to participate.

In this regard the municipality should engage the Office of the Chief Procurement Officer (OCPO) in the National Treasury as the first point of contact. Kindly contact Ms. Kwanele Mtembu, Tel: (012) 406 9188 or email: Kwanele.Mtembu@treasury.gov.za for guidance.

OVERSTRAND MUNICIPALITY

Introduction

This budget circular is a follow-up to the one issued on 07 December 2018 and it complements the many other circulars that have been issued previously. It guides municipalities with their preparation of the 2019/20 Medium Term Revenue and Expenditure Framework (MTREF) and, as with previous annual budget circulars it should be read within this context. Among the objectives of this Circular, is to support municipalities with giving effect to National Treasury's Municipal Budget and Reporting Regulations (MBRR) within the current economic climate. The key focus of this Circular is the grant allocations per the 2019 Budget Review and the 2019 Division of Revenue Bill.

1. The South African economy and inflation targets

The economic and revenue outlook has deteriorated since the October 2018 Medium Term Budget Policy Statement (MTBPS). Funding pressures from state-owned companies have increased and require government financial support. Given these developments, the 2019 Budget proposes large-scale expenditure reprioritisation and tax measures that narrow the deficit from 4.5 per cent of GDP in 2019/20 to 4 per cent by 2021/22.

The 2018 MTBPS noted that weak economic performance and revenue shortfalls had contributed to some slippage in fiscal projections. Since then, economic growth has remained subdued and the domestic GDP outlook has been revised down. In the current year, tax revenue will be R15.4 billion below the 2018 MTBPS estimate. Funding pressures from Eskom and other financially distressed state-owned companies have increased, with several requesting state support to continue operating. In this context, the 2019 Budget proposes a series of tax and expenditure measures aimed at narrowing the deficit and stabilising the debt-to-GDP ratio. Additions to spending amount to R75.3 billion over the medium term, consisting mainly of transfers to support the reconfiguration of Eskom. These additions are partially offset by reductions to expenditure baselines and proposed savings from compensation adjustments totalling R50.3 billion. Tax measures raise an additional R15 billion in 2019/20 and R10 billion in 2020/21.

In combination, these measures are expected to narrow the consolidated budget deficit from a projected 4.5 per cent of GDP in 2019/20 to 4 per cent of GDP in 2021/22. Gross national debt is projected to stabilize at 60.2 per cent of GDP in 2023/24. Net loan debt (gross loan debt excluding government's cash balances) stabilises at 57.3 per cent of GDP in 2024/25.

The GDP growth rate is forecasted at 1.5 per cent in 2019, 1.7 per cent in 2020 and 2.1 per cent in 2021. The revisions take into account weaker investment outcomes in 2018, a more fragile recovery in household income and slower export demand than expected due to moderating global growth. Consumer inflation has also been revised down due to lower oil prices and food inflation than previously assumed.

The main risks to the economic outlook are continued policy uncertainty and deterioration in the finances of state-owned entities. These factors, alongside continued high unemployment and slow growth will continue to exert pressure on municipal revenue generation and collection levels hence a conservative approach is advised for municipal revenue projections. Municipalities affected by the drought should also consider its impact on revenue generation. In this context, municipalities will have to improve their efforts to limit non-priority spending and to implement stringent cost-containment measures.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The following macro-economic forecasts must be considered when preparing the 2019/20 MTREF municipal budgets.

Table 1: Macroeconomic performance and projections 2018 -2021

Fiscal Year	2018/19 Estimates	2019/20	2020/21 Forecast	2021/22
Consumer Price Inflation (CPI)	4.7%	5.2%	5.4%	5.4%
Real GDP Growth	0.7%	1.5%	1.7%	2.1%

Source: 2019 Budget Review.

Note: the fiscal year referred to is the national fiscal year (April to March) which is more closely aligned to the municipal fiscal year (July to June) than the calendar year inflation.

2. Key focus areas for the 2019/20 municipal budget process

Over the medium-term expenditure framework (MTEF) period, after budgeting for national government's debt-service costs, the contingency reserve and provisional allocations, 47.9 per cent of nationally raised funds are allocated to national government, 43 per cent to provinces and 9.1 per cent to local government.

Local government receives the smallest share of the division of nationally raised revenue because it has significant own revenue-raising powers. These revenue raising powers must be exercised more than ever before in the current dispensation. Local government raises about 70 per cent of its own revenue, but would be able to raise more if municipalities improved municipal revenue policies, billing and collection practices. In 2017/18, almost half of all municipalities collected less than 80 per cent of their billed revenue.

Spending outcomes for 2017/18 varied across the 257 municipalities. Many municipalities continue to adopt unrealistic spending plans. As a result, 217 municipalities underspent their operating budgets and 220 municipalities underspent their capital budgets. Of the R30 billion in conditional grants transferred to municipalities in 2017/18, R28 billion (93 per cent) was spent – an improvement from 86.8 per cent in 2016/17.

2.1 Local government grants and municipal revenue strength

Since the 2018 Medium Term Budget Policy Statement (MTBPS) reprioritisation and reductions undertaken have affected planned spending for 2018/19. Over the next three years there is strong growth in allocations to the local government equitable share, while growth in conditional grants recovers following significant reductions made in the 2018 MTEF. Total direct allocations to local government will now grow at an annual average rate of 7.6 per cent over the MTEF period.

Over the 2019 MTEF period, R414.7 billion will be transferred directly to local government and a further R22.5 billion has been allocated to local government through indirect grants. Direct transfers to local government over the medium term account for 9 per cent of national government's non-interest expenditure. When indirect transfers are added to this, total spending on local government increases to 9.4 per cent of national non-interest expenditure.

While there are some reductions in some grant programmes, they do not affect all conditional grants and not all grants were reduced by the same percentage. The infrastructure conditional grants, particularly the larger ones, were mainly affected as this was considered the most practical approach. However strong growth is realized in the local government equitable share with an average annual rate of 9.4 per cent over the MTEF period, while the conditional transfers see slower growth at an annual average rate of 7.6 per cent.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Conditional grant funding targets delivery of national government's service delivery priorities. It is imperative that municipalities understand and comply with the conditions stipulated in the Division of Revenue Act (DoRA) in order to access this funding. The equitable share and the sharing of the general fuel levy constitute unconditional funding, of which the equitable share is designed to fund the provision of free basic services to disadvantaged communities.

Government has repeatedly emphasised the importance of municipalities focussing on growing their own revenue base in order to expand resources available for local service delivery. Municipalities with significant revenue bases are expected to invest more of their own resources, offsetting some of the impact of reductions to infrastructure grants, while building partnerships with the private sector for infrastructure delivery over the period ahead.

Legislation governing local planning and budgeting emphasises community participation in decision-making. The partnership between municipalities and communities relies on households and businesses recognising the value of, and paying for, municipal services. While government subsidises municipal services for low-income households, these services are only sustainable if people who can afford them – and use larger quantities – pay their bills. Therefore, the sustainability of municipalities depends on how they collect and spend their own revenues.

Municipalities are reminded that all allocations included in their budgets must correspond to the allocations listed in the Division of Revenue Bill. All the budget documentation can be accessed from the National Treasury website by clicking on the link below:
http://www.treasury.gov.za/documents/national%20budget/2019/

2.1.1 Changes to local government allocations

2.1.1.1 Unconditional grants

In the process of determining the baseline for the outer year (2021/22) of the 2019 MTEF period, the local government equitable share allocation has grown by 8.6 per cent of the baseline. This will cover the anticipated increase in the costs of providing free basic services to a growing number of households, and takes account of likely above-inflation increases in the costs of bulk water and electricity. It will also allow for above-inflation increases in the allocations to poorer and rural municipalities through the redistributive components of the equitable share formula.

2.1.1.2 Conditional grants

- A total of R295.9 million has been cut from direct local government conditional grant allocations for the MTEF period ahead to fund other government priorities. Indirect grants to local government have been reduced by an additional R600 million.

- An amount of R60.7 million is shifted from the incentive component of the integrated urban development grant in 2019/20 and added to the municipal disaster recovery grant to fund the repair of roads damaged by floods in Joe Gqabi District Municipality in the Eastern Cape.

- A total of R2.8 billion is added to the public transport network grant for the construction of a new public transport corridor on the MyCiti bus network in Cape Town. This corridor, connecting Mitchells Plain and Khayelitsha to the city, was approved through the Budget Facility for Infrastructure and will be implemented over a nine-year period.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

2.2 Technical adjustment and continued funding of Drought disaster relief

The following technical adjustments were made to grant programmes:

- R2.9 billion over the MTEF period from the municipal infrastructure grant to a new integrated urban development grant.

- R814.5 million over the MTEF period from the integrated national electrification programme (municipal) grant to the urban settlements development grant, as electrification projects in municipal licenced areas in metropolitan municipalities will now be funded as part of this integrated grant.

- R3 billion in 2020/21 and R4.4 billion in 2021/22 from the urban settlements development grant to create a new informal settlements upgrading partnership grant for municipalities.

2.2.1 Funding for Disaster Relief

After the initial response to a disaster has been addressed, including funding from the municipal disaster relief grant discussed below, the repair of damaged municipal infrastructure is funded through the municipal disaster recovery grant.

The municipal disaster relief grant is administered by the National Disaster Management Centre in the Department of Cooperative Governance as an unallocated grant to local government. The centre is able to disburse disaster-response funds immediately, without the need for the transfers to be gazetted first. The grant supplements the resources local government would have already used in responding to disasters. To ensure that sufficient funds are available in the event of disasters, section 21 of the Division of Revenue Bill allows for funds allocated to the provincial disaster relief grant to be transferred to municipalities if funds in the municipal grant have already been exhausted, and vice versa. Over the MTEF period, R1 billion is available for disbursement through this grant. To ensure that sufficient funds are available for disaster relief, clause 20(6) of the Division of Revenue Act allows funds from other conditional grants to be reallocated for this purpose, subject to the National Treasury's approval.

2.3 Response to the Finance and Fiscal Commission (FFC)'s recommendations

Government continues to provide responses to the FFC's recommendations on an annual basis. These annual recommendations by the FFC are required in terms of section 9 of the Intergovernmental Fiscal Relations Act. The FFC, amongst other recommendations, indicated that government should develop and strengthen control measures on the financial transfers in order to ensure compliance and that these funds be properly spent for their intended purposes, typically of improving service delivery and related specific priority outcomes.

The commission further highlighted that control measures should be underpinned by tighter monitoring of and reporting by sub-national governments on the use of grant funding and associated outcomes of such spending, and that National Treasury should ensure that decisive action, such as withholding of funds, is taken by national sector departments as soon as cases where inefficient, ineffective, wasteful or irregular spending of these funds are detected.

National Treasury in its response indicated that in terms of the annual Division of Revenue Act, the transferring officer of the grant (the department administering a conditional grant) is responsible for monitoring performance and withholding funds where necessary. However, the National Treasury is also empowered by section 216(2) of the Constitution to stop the transfer of funds to any organ of state that commits a serious or persistent breach of the

OVERSTRAND MUNISIPALITEIT
2019
OVERSTRAND MUNICIPALITY

measures prescribed to promote transparency, accountability and the effective financial management of the economy, debt and the public sector. A legislative framework and related policies, including guidelines and circulars, already exists to assist with early detection of issues that warrant withholding funds (by transferring officers or the National Treasury). Chapter 6 of the Budget Review describes complementary efforts to build municipal capacity. National Treasury will strengthen this role in the 2019/20 financial year in support of the recommendation by FFC.

2.4 Borrowing for capital infrastructure

The Circular also provides clarity and updates the December 2017 MFMA Circular No. 89 specifically with regards to long-term borrowing.

National Treasury has taken the position that municipalities may not incur long-term debt to replenish internally generated funds which were spent in prior financial years, even if such spending was for capital expenditure. Borrowing to replace municipal funds previously spent is inconsistent with section 46 of the MFMA, which provides that a municipality can only incur long-term debt for the purpose of capital expenditure on property, plant, and equipment to be used for lawful purposes, and in certain circumstances, for refinancing existing long-term debt. Borrowing proceeds must be used to fund current and future capital expenditure, and may not be attributed to expenditures in previous years.

PLEASE NOTE that the sentence contained on MFMA Circular No. 89 stating that *"The incurring of the expenditure against a different source of finance that was approved will be regarded as unauthorised expenditure" has been revoked.*

3. The revenue budget

National Treasury encourages municipalities to maintain tariff increases at levels that reflect an appropriate balance between the affordability to poorer households and other customers while ensuring the financial sustainability of the municipality. The Consumer Price Index (CPI) inflation is forecasted to be within the upper limit of the 3 to 6 per cent target band; therefore, municipalities are required to ***justify all increases in excess of the* projected inflation target for 2019/20** in their budget narratives, and pay careful attention to the differential incidence of tariff increases across all consumer groups. In addition, municipalities should include details of their revenue growth assumptions for the different service charges in the budget narrative.

Local government also confronts tough fiscal choices in the face of financial and institutional problems that result in service-delivery breakdowns and unpaid bills. Municipalities can offset these trends by improving own revenue collection, working more efficiently and implementing cost containment measures. Addressing bloated organizational structures that have been observed to contribute towards this problem warrants decisive action across all municipalities.

3.1 Eskom bulk tariff increases

The National Energy Regulator of South Africa (NERSA) published their new multi-year price determination for the period from 2019/20 to 2021/22 on 7 March 2019.

NERSA will shortly publish their "Municipal Tariff Guideline Increase, Benchmarks and Proposed Timelines for Municipal Tariff Approval Process for the 2019/20 financial year". Municipalities are encouraged to download the full guideline document when it becomes available (at www.nersa.org.za) and study it carefully. The guideline includes an update to the average cost structure used to determine the municipal tariff increase. It will set out proposed timeframes for the approval of municipal tariffs.

OVERSTRAND MUNISIPALITEIT
2019-05-23
OVERSTRAND MUNICIPALITY

Municipalities are urged to examine the cost structure of providing electricity services and to apply to NERSA for electricity tariff increases that reflect the total cost of providing the service so that they work towards achieving fully cost-reflective tariffs that will help them achieve financial sustainability. Municipalities in arrears with Eskom should ensure that their payment arrangements are effected in their 2019/20 MTREF budget.

The 2019 Budget Review notes that, the NERSA tariff increases would be announced after the equitable share allocations had been calculated and tabled in the Division of Revenue Bill. In the absence of approved tariff increases for the period ahead, the equitable share formula allocations were calculated using the previously approved Multi-Year Price Determination of an 8 per cent annual bulk price increase for electricity in its calculations. If the approved tariff increases are higher than this, the equitable share allocations will not be increased in 2019/20. The Budget Review then explains that municipalities are expected to offset the increased cost of providing free basic services against above cost increases that they have received in the past. In recent years, municipalities have benefited from equitable share funding that has grown faster than actual increases in electricity costs (in 2017/18 the formula calculation used a bulk electricity price increase of 8 per cent, but NERSA only approved a bulk price increase of 0.3 per cent for the municipal financial year, and in 2018/19 a bulk increase of 8 per cent was used in the formula, but the actual increase was only 7.3 per cent). Municipalities have also benefited from increased allocations that were provided to cover household growth projections that were higher than the revised estimates in the 2017 General Household Survey. To provide for the possibility of larger cost increases in future, amounts of R1 billion in 2020/21 and R1.1 billion in 2021/22 remain unallocated in the equitable share.

4. Conditional Grant Transfers to Municipalities

This section provides guidance to municipalities with regard to the preparation for the 2018/19 unspent conditional grant and roll-over process and should be referenced against previous annual budget circulars.

4.1 Criteria for the rollover of conditional grant funds

Section 22 of the 2018 Division of Revenue Act (DoRA) requires that any conditional grants which are not spent at the end of the municipal financial year must revert to the National Revenue Fund, unless the receiving officer, provincial treasury and transferring national officer proves to the satisfaction of National Treasury that the unspent allocation is committed to identifiable projects, in which case the funds may be rolled over.

When applying to retain unspent conditional allocations committed to identifiable projects or requesting a rollover in terms of section 22(2) of the DoRA, municipalities must include the following information with their submission to National Treasury:

1. A formal letter, signed by the accounting officer must be addressed to the **National Treasury** requesting the rollover of unspent conditional grants in terms of section 22(2) of the 2018 DoRA;
2. A list of all the projects that are linked to the unspent conditional grants and a breakdown of how much was allocated and spent per project;
3. The following evidence indicating that work on each of the projects has commenced, as applicable to the specific rollover(s):

    a) Proof that the project tender was published and the period for tender submissions closed before 31 March;
    b) Proof that a contractor or service provider was appointed for delivery of the project before 31 March; or

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

c) Proof of a project tender, appointment of contractor or service provider for delivery of service before 30 June in cases where additional funding was allocated during the course of the final year of the project;
d) Incorporation of the Appropriation Statement;
e) Evidence that all projects linked to an allocation will be fully utilised by 30 June 2019 (attach cash flow projection for the applicable grant).

4. A progress report (also in percentages) on the status of each project's implementation that includes an attached, legible **implementation plan**);
5. The value of the committed project funding, and the conditional allocation from the funding source;
6. Reasons why the grants were not fully spent during the year of original allocation per the DoRA;
7. Municipalities must not include previous year's unspent conditional grants as a rollover request. Rollover of rollovers will not be considered;
8. An indication of the time-period within which the funds are to be spent if the roll over is approved; and
9. Proof that the Municipal Manager and Chief Financial Officer are permanently appointed.

No rollover requests will be considered for municipalities with vacant or acting Chief Financial Officers and Municipal Managers for a period exceeding 6 months from the date of vacancy.

If any of the above information is not provided or the application is received by National Treasury (Intergovernmental Relations Division) after 31 August 2019, the application will be declined.

In addition, National Treasury will also consider the following information when assessing rollover applications; and reserves the right to decline an application should there be non-performance by the municipality in any of these areas:

1. Compliance with the in-year reporting requirements in terms of sections 71 and 72 of the MFMA and section 12 of the 2018 DoRA, **including the municipal manager and chief financial officer signing-off on the information** sent to National Treasury;
2. Submission of the pre-audited Annual Financial Statements information to National Treasury by 31 August 2019;
3. Accurate disclosure of grant performance in the 2018/19 pre-audited Annual Financial Statements, (i.e. correct disclosure of grant receipts and spending in the notes to the AFS);
4. Cash available in the bank (net position including short term investments) as at 30 June 2019 is in line with the cash flow statements to finance the roll-over request. If the full amount that is requested for roll over is not entirely cash backed, such a roll over will not be approved. National Treasury will not approve portions of roll over requests.

It should be noted that under no circumstances will the National Treasury consider requests to roll-over:

1. The entirety of any allocation to the municipality, as there should be a minimum spend of 50 per cent of the allocation per programme;
2. Funding from the same grant for the third consecutive time;
3. Funding for projects constituted through Regulation 32 of the Municipal Supply Chain Management Regulations (Gazette No.27636). Projects linked to additional funding and disasters are exempted; and
4. Funding where there is evidence that the roll over application is linked to invoices that were issued within the last 30 days of the municipal financial year end.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

4.2 Unspent conditional grant funds for 2018/19

The process to ensure the return of unspent conditional grants for the 2018/19 financial year will be managed in accordance with section 22 of the DoRA. In addition to the previous MFMA Circulars, the following practical arrangements will apply:

Step 1: Municipalities must submit their June 2019 conditional grant expenditure reports according to section 71 of the MFMA reflecting all accrued expenditure on conditional grants and further ensure that expenditure reported to both National Treasury and national transferring officers reconcile.

Step 2: When preparing the Annual Financial Statements, a municipality must determine the portion of each national conditional grant allocation that remained unspent as at 30 June 2019. These amounts MUST exclude all interest earned on conditional grants, retentions and VAT related to conditional grant spending that has been reclaimed from SARS, which must be disclosed separately.

Step 3: If the receiving officer wants to motivate in terms of section 22(2) of the 2018 DoRA that the unspent funds are committed to identifiable projects, the roll over application pack must be submitted to National Treasury by 31 August 2019.

National Treasury will not consider any rollover requests that are incomplete or received after this deadline.

Step 4: National Treasury will confirm in writing whether or not the municipality may retain any of the unspent funds as a rollover based on criteria outlined above by 22 October 2019 or whether it will agree to any alternative payment arrangement or schedules.

Step 5: National Treasury will communicate the unspent conditional grants amount by 05 November 2019. A municipality must return the remaining unspent conditional grant funds that are not subject to a specific repayment arrangement to the National Revenue Fund by 18 November 2019.

Step 6: Any unspent conditional grant funds that should have, but has not been repaid to the National Revenue Fund by 18 November 2019, and for which a municipality has not requested a repayment arrangement, will be offset against the municipality's 02 December 2019 equitable share allocation.

All other issues pertaining to Appropriation Statement and reporting on approved roll overs are addressed in the Annexure to MFMA Circular No. 86.

5. The Municipal Budget and Reporting Regulations

5.1 Tabling of budget documents

The slow spending of capital budgets by most municipalities is a national concern as it has a negative impact on service delivery. In most cases the hockey stick phenomenon that exists (i.e. spending increases in the last six months of the year) is a direct result of poor planning by municipalities. Going forward and to address weak planning process, all municipalities will be required to table the following supporting documents to Council, as part of the budget pack, when they table their budgets by 29 March 2019:

1) Service Delivery and Budget Implementation Plan (SDBIP); and
2) Procurement Plan.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

This is also in terms of the requirements and spirit of the MFMA and its Municipal Budget and Reporting Regulations.

5.2 The impact of VAT on tariffs

VAT remains at 15 per cent, which was an increase from 1 April 2018 in the previous year. To mitigate the effects of this increase on low income households, the MTBPS announced various zero rated items, wherein the VAT would be charged at 0 per cent.

Whether the additional amount is recoverable from the customer or not, the supplier must account for VAT on any supplies made on or after 1 April 2018 at the increased VAT rate. (See MFMA Circular No. 91 on the relevant supporting documentation regarding the VAT guides).

5.3 Schedule A - version to be used for the 2019/20 MTREF

National Treasury has released Version 6.3 of the Schedule A1 (the Excel Formats) which is aligned to Version 6.3 of the *m*SCOA classification framework and must be used when compiling the 2019/20 MTREF budget.

ALL municipalities **MUST** use this version for the preparation of their 2019/20 MTREF budget.

It is imperative that all municipalities prepare their 2019/20 MTREF budgets in their financial systems and that the Schedule A1 be produced directly from their financial system. Vendors have recently demonstrated their budget modules to the National Treasury and provincial treasuries. All financial systems have this functionality to assist and prepare budgets and to generate the prescribed Schedule A1 directly from the financial system. Municipalities **must** start early enough to capture their tabled budget (and later the adopted budget) in the budget module provided and **must** ensure that they produce their Schedule A1 directly out of the budget module.

To promote this approach, from the **2020/21 MTREF** the National Treasury will only accept a Schedule A1 in PDF format, containing ALL sheets as prescribed and with each worksheet displaying an embedded system stamp to certify that it has been produced directly from the system. For purposes of collecting additional data which we previously did using the Schedule A1 in Excel, a prescribed data string containing the data must be populated and uploaded by each municipality (refer to the attachment to MFMA Budget Circular No 93 on the NT Website).

http://mfma.treasury.gov.za/Circulars/Pages/default.aspx

Special attention must be given to the supporting schedules in the prescribed Schedule A1. Where detailed data is lying in a sub-system e.g. human resource data for SA22 to SA24, this data must be pulled from the sub-system into the applicable supporting sheet and must form part of the complete endorsed Schedule A1.

The following supporting tables will be included for perusal and sign-off during the verification process of the 2019 MTREF: SA11, SA12a, SA13a, SA14, SA22, SA23, SA24, SA25, SA27, SA36, SA37 and SA38.

It is therefore important to focus on the additional supporting data as well as the financial data submitted on A1 to A10 during the verification process undertaken with National Treasury, the provincial treasuries and all municipalities.

Download Version 6.3 of Schedule A1 by clicking HERE

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The Municipal Budget and Reporting Regulations, formats and associated guides are available on National Treasury's website at:
http://mfma.treasury.gov.za/RegulationsandGazettes/Pages/default.aspx

5.4 Assistance with the compilation of budgets

In cases where the municipality requires advice with the compilation of their respective budgets, specifically the budget documents or Schedule A1, they should direct their enquiries to their respective provincial treasuries or to the following National Treasury officials:

Province	Responsible NT officials	Tel. No.	Email
Eastern Cape	Bernard Mokgabodi Matjatji Mashoeshoe	012-315 5936 012-315 5553	Bernard.Mokgabodi@treasury.gov.za Matjatji.Mashoeshoe@treasury.gov.za
Free State	Jordan Maja Cethekile Moshane	012-315 5663 012-315 5079	Jordan.Maja@treasury.gov.za Cethekile.moshane@treasury.gov.za
Gauteng	Kgomotso Baloyi	012-315 5866	Kgomotso.Baloyi@treasury.gov.za
KwaZulu-Natal	Bernard Mokgabodi Johan Botha	012-315 5936 012-315 5171	Bernard.Mokgabodi@treasury.gov.za Johan.Botha@treasury.gov.za
Limpopo	Una Rautenbach Sifiso Mabaso	012-315 5700 012-315 5952	Una.Rautenbach@treasury.gov.za Sifiso.Mabaso@treasury.gov.za
Mpumalanga	Willem Voigt Mandla Gilimani	012-315 5830 012-315 5807	Willem.Voigt@treasury.gov.za Mandla.Gilimani@treasury.gov.za
Northern Cape	Jordan Maja	012-315 5663	Jordan.Maja@treasury.gov.za
North West	Willem Voigt Makgabo Mabotja	012-315 5830 012-315 5156	Willem.Voigt@treasury.gov.za Makgabo.Mabotja@treasury.gov.za
Western Cape	Vuyo Mbunge Kevin Bell	012-315 5661 012-315 5725	Vuyo.Mbunge@treasury.gov.za Kevin.Bell@treasury.gov.za
Technical issues with Excel formats	Elsabe Rossouw	012-315 5534	lgdataqueries@treasury.gov.za

National Treasury, together with the provincial treasuries, will undertake a compliance check and, where municipalities have not provided complete budget information, the municipal budgets will be returned to the mayors and municipal managers of the affected municipalities for the necessary corrections. Municipal managers are reminded that the annual budget must be accompanied by a quality certificate and council resolution in accordance with the format specified in item 31 of Schedule A of the Municipal Budget and Reporting Regulations. In addition to the above compliance check, the *m*SCOA data strings will be assessed to determine whether the municipalities are compliant.

The National Treasury herewith emphasises that where municipalities have not adhered to the Municipal Budget and Reporting Regulations, ***they will be required to return to the municipal council and table a complete budget document aligned to the requirement of the Municipal Budget and Reporting Regulations***.

Municipalities with municipal entities are once again reminded to prepare consolidated budgets and in-year monitoring reports for both the parent municipality and its entity or entities. The following must be compiled:

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- An annual budget, adjustments budget and monthly financial reports for the parent municipality in the relevant formats;
- An annual budget, adjustments budget and monthly financial reports for the entity in the relevant formats; and
- A consolidated annual budget, adjustments budget and monthly financial reports for the parent municipality and all its municipal entities in the relevant formats.

The Schedule A that the municipality submits to National Treasury must be a consolidated budget for the municipality (plus entities) and the budget of the parent municipality. Schedules D must be submitted for each entity.

6. Municipal Chart of Accounts (*m*SCOA)

6.1 Virement in an *m*SCOA environment

The MFMA and the Municipal Budget and Reporting Regulations, 2009, allow for the shifting of funds between items, projects, programmes and votes in the budget in line with a Council approved virement policy. MFMA Circulars No. 12, 51 and 88 provide the principles municipalities must consider when doing a virement.

With the promulgation of the *m*SCOA Regulation in 2014, municipalities should have aligned their virement policies to *m*SCOA. *m*SCOA provides a uniform and standardised financial transaction classification framework for municipalities and their entities to transact in and record its transactions using seven (7) segments. Six of these *m*SCOA segments are compulsory[1].

6.2 *m*SCOA training

The National Treasury has developed *m*SCOA training materials on the fundamentals and reporting requirements of *m*SCOA. Officials from National and Provincial Treasuries and the Preferred Trainers on *m*SCOA from the Chartered Institute of Government Finance, Auditors and Risk Officers (CIGFARO) have been trained to provide training in this regard.

While the CIGFARO Preferred Trainers have been issued with certificates of competence to provide training on the "On the fundamentals and reporting requirements of *m*SCOA", it should be emphasized that this training is **unaccredited.** There is currently not any accredited training available on *m*SCOA that has been endorsed by the National Treasury. Therefore, municipalities and other role-players that require training on *m*SCOA should not request for accredited training or trainers in their adverts.

The contact details of the CIGFARO Preferred Trainers is available on the CIGFARO website, www.CIGFARO.co.za.

7. Budget process and submissions for the 2019/20 MTREF

7.1 Budgeting for the audited years on Schedule A (*m*SCOA)

According to international learning practices, it is appropriate to reclassify historical information in accordance with the changes that occur in the Standard Chart of Accounts. Municipalities must capture the reclassified audit outcomes for 2015/16 to 2017/18 in version 6.3 of the Schedule A when compiling 2019/20 MTREF budgets.

[1] Refer to Municipal SCOA Circular No 1. An introduction to the seven (7) segments.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

7.2 Submitting budget documentation and schedules for 2019/20 MTREF

To facilitate oversight of compliance with the Municipal Budget and Reporting Regulations, accounting officers are reminded that:

- Section 22(b)(i) of the MFMA requires that, ***immediately*** after an annual budget is tabled in the municipal council, it must be submitted to the National Treasury and the relevant provincial treasury in both printed and electronic formats. If the annual budget is tabled to council on 29 March 2019, the final date of submission of the electronic budget documents and corresponding data strings is **Wednesday, 03 April 2019**. The deadline for submission of hard copies including council resolution is **Friday, 05 April 2019**.
- Section 24(3) of the MFMA, read together with regulation 20(1), requires that the approved annual budget must be submitted to both National Treasury and the relevant provincial treasury ***within ten working days*** after the council has approved the annual budget. If the council only approves the annual budget on 30 June 2019, the final date for such a submission is **Friday, 12 July 2019**, otherwise an earlier date applies.

The municipal manager must submit:

- the budget documentation as set out in Schedule A (version 6.3) of the Municipal Budget and Reporting Regulations, including the main Tables (A1 - A10) and ALL the supporting tables (SA1 – SA38) in both printed and electronic formats;
- the draft Service Delivery and Budget Implementation Plan (SDBIP) in both printed and electronic format;
- the draft Integrated Development Plan (IDP);
- Procurement Plan;
- the council resolution;
- signed Quality Certificate as prescribed in the Municipal Budget and Reporting Regulations;
- the budget locking certificate; and
- schedules D specific for the entities.

Municipalities are required to send electronic versions of documents and the A1 schedule to lgdocuments@treasury.gov.za. Any problems experienced in this regard can be addressed with Elsabe Rossouw at Elsabe.Rossouw@treasury.gov.za. Budget related documents and schedules may also be uploaded using the LG Upload Portal at

https://lguploadportal.treasury.gov.za/sites/lguploadportal/SitePages/Home.aspx

Municipalities are required to send printed submissions of their budget documents and council resolution to:

For couriered documents	***For posted documents***
Ms Linda Kruger	Ms Linda Kruger
National Treasury	National Treasury
40 Church Square	Private Bag X115
Pretoria, 0002	Pretoria, 0001

In addition to the above-mentioned budget documentation, metropolitan municipalities must submit the draft Built Environment Performance Plan (BEPP) tabled in council by 29 March 2019 to yasmin.coovadia@treasury.gov.za. If the BEPP documents are too large to be sent via email (exceeds 4MB) please submit to yasmin.coovadia@gmail.com or send to Yasmin Coovadia via Dropbox; any problems experienced in this regard can be addressed with yasmin.coovadia@treasury.gov.za. Hard copies of the BEPP may be sent to Yasmin

7.3 Retirement of the Budget reform returns (Appendix B)

From 2019/20 onwards, municipalities will no longer be required to continue with the use of the Budget Reform Returns to upload budget and monthly expenditure to the National Treasury Local Government Database for publication purposes. The National Treasury will use only the *m*SCOA data strings required for submission as prescribed and all publications will use the data collected from the *m*SCOA data strings.

This places the responsibility on each municipality to ensure that:

1. Budgets are accurately locked into the financial system;
2. Each transaction is accurately recorded on a daily base;
3. Data collected from sub-systems is accurately represented in the General Ledger (GL);
4. At the end of the reporting period, all reconciliations are done, sub-systems are in balance and the Municipal Manager and CFO agrees with the figures as presented in the Schedule C and other management reports or dashboards;
5. The reporting period is **CLOSED** for further transactions; and
6. The data string for the period is produced directly out of the financial system and uploaded using the LG Upload Portal.

While the National Treasury will still share control reports and Schedule C as produced from the data uploaded by municipalities, the verification process before each quarterly Section 71 publication will fall away as the responsibility now lies with the municipality **BEFORE** submitting the data strings to ensure that the data is an accurate reflection of the state of municipal finances.

The tabled and adopted budget data strings submitted to the Local Government Database and Reporting system should also be consolidated figures.

NOTE: Municipalities must conclude all reporting for 2018/19 up to restated audit outcomes on the Appendix B (old electronic returns) to lgdatabase@treasury.gov.za before we can retire the returns.

7.4 Upload of the *m*SCOA budget data strings to the LG upload portal

Municipalities must upload the *m*SCOA data strings for the tabled (**TABB**) and adopted (**ORGB**) budget to the upload portal. The budget data strings must be accompanied by the IDP project details data strings (**PRTA** and **PROR**). The deadlines for submission of the MBRR documents are also applicable to the *m*SCOA data strings. Refer to paragraph 7.2 above.

7.5 Publication of budgets on municipal websites

In terms of section 75 of the MFMA, all municipalities are required to publish their tabled budgets, adopted budgets, annual reports (including the audited annual financial statements) and other relevant information on the municipality's website. This will aid in promoting transparency and good governance.

All relevant documents mentioned in this circular are available on the National Treasury website, http://mfma.treasury.gov.za/Documents/Forms/AllItems.aspx. Municipalities are encouraged to visit it regularly as documents are regularly added / updated on the website.

7.6 The process to be followed to issue version 6.4 of the *m*SCOA chart

Municipalities have raised concerns that National Treasury issue the *m*SCOA chart changes late in the budget process. Therefore, to address this challenge, the FAQ database will be closed on 31 August 2019 for logging new queries. As a result, the new version of the chart will be issued by 31 October 2019.

MUNICIPAL BUDGET CIRCULAR FOR THE 2019/20 MTREF AND ASSOCIATED SIME: 2019 LG MTEC PROCESSES

1. PURPOSE

This Circular supplements Circular 38 of 2018 issued on 21 December 2018. The Circular aims to:

- guide municipalities with their finalisation of the 2019/20 Medium Term Revenue and Expenditure Framework (MTREF) Budgets and accompanied budget documentation; and
- brief municipalities on the 2019 Strategic Integrated Local Government Medium Term Expenditure Committee Process (i.e. LG MTEC) and related matters.

2. LEGISLATIVE CONTEXT

The Western Cape Provincial Government (WCG) has institutionalised the LG MTEC Engagements process in fulfilment of its obligations under –

- Sections 5, 22 and 23 of the Local Government: Municipal Finance Management Act (MFMA), Act No. 56 of 2003; and
- Chapter 5 of the Local Government: Municipal Systems Act (Act No. 32 of 2000) [MSA].

The 2019 process aims to strengthen the alignment between municipal and provincial planning and budgeting and the continuity of the theme of ***Consolidation for Maximum Citizen Impact*** for the current 4th Generation Integrated Development Planning Cycle and the ensuing 2020 - 2024 Provincial Strategic Plan.

3. AN INTEGRATED APPROACH TO PLANNING AND BUDGETING

The WCG's Provincial Strategic Plan promotes an integrated management approach to better align provincial and local government policy, planning, budgeting and implementation, while supporting the spatial and local context. This alignment is formalised through a structured Integrated Work plan which specifically gives effect to the concept of *partnerships*, a prominent feature of Provincial Strategic Goal 5 which synchronises key processes within the WCG by strengthening joint planning, co-ordination, collaboration and coherence across sector departments, municipalities and national organs of state.

The Integrated Workplan aims to strengthen integration by focussing on the governance, economic and financial elements associated with sustainability. Practical effect is given to this envisaged outcome by the establishment of three platforms for role-players across the spheres of government to engage one another. These are in short:

- Strategic Integrated Municipal Engagements (SIME): SIME considers municipalities' mission, vision and strategic direction for the year ahead. These engagements usually take place in October.
- Technical Governance and Integrated Municipal Engagements (TIME): Held annually in February, the TIME considers performance challenges associated with the day-to-day functioning of municipalities. Importantly, the TIME sessions assess the extent to which operational functions align to the strategic vision outlined at the SIME.

- *Local Government Medium Term Expenditure Committee Engagements (extended SIME):* LG MTEC engagements take place in April and May, preceding the adoption of municipal budgets. The LG MTEC process provides Provincial Government the opportunity to assess the municipality's planning efforts for the upcoming budget year – LG MTEC serves as a holistic process that measures the extent to which strategic planning and budgeting is credible, sustainable and responsive.

These platforms create opportunities for a continued link and feedback mechanism for areas of collaboration as well as for concerns raised. In particular, the LG MTEC provides the opportunity to reflect on the outcomes from previous engagements and test whether the issues raised have been incorporated into provincial and municipal budgets and strategic plans. It also gives Provincial Government the opportunity to review and provide feedback on practicalising its commitments within the partnerships.

Ensuring stability and certainty in the integrated planning and budgeting process during the formulation of the 2019/20 MTREF budgets will guarantee continued focus on expenditure control within budget limits, while embedding the fiscal and budget policy principles of allocative efficiency, fiscal consolidation, fiscal sustainability and fiscal discipline. This is key for government to ensure maximum citizen impact by focusing on more efficient and effective use of resources.

Mainstreaming the Whole of Society Approach (WoSA) to improve governance for delivery and implementation drives maximum citizen impact and public value. Considering the common objectives and principles of Integrated Management and WoSA, presents an opportunity to strengthen collaboration through an integrated approach which drives joint delivery through strengthening governance for delivery in areas where value can be added.

The 2019 LG MTEC will reflect on the following: local government's strategic direction as identified in the IDPs and associated plans; budgetary alignment to social and economic development priorities; prioritisation of spending for maximum service delivery and citizen impact; and credibility and sustainability of the budget.

4. PURPOSE, OBJECTIVES AND STRATEGIC FOCUS OF THE SIME: 2019/20 LG MTEC

Although the different spheres of government have distinct and sometimes overlapping service delivery mandates the country is collectively confronted with the same challenges which amongst others include current economic pressures as well as resource, capacity and governance constraints which impacts upon the ability of government to provide basic services and to improve the overall quality of life of its citizens.

Service delivery challenges is most visible at a municipal level which is commonly regarded as the service delivery arm of government as it is the closest sphere of government to the citizens.

The theme ***Consolidation for Maximum Citizen Impact*** aims to promote the concept of working in unison as different spheres of government to uplift communities both economically and socially.

The LG MTEC process which is entrenched in legislation and in practice and emanates from Provincial Government's oversight responsibilities, presents opportunities to, through its interactions and discussions with municipalities, make a meaningful impact within the local government space. In addition, it presents an opportunity to deepen and strengthen existing partnerships, as well as identify new areas for collaboration.

A key focus of the 2019/20 LG MTEC process will be on local governments responsiveness to its socio-economic environment and the related impact for its citizens. This will also reveal potential opportunities and gaps for collaboration or partnerships with Province or other stakeholders.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The overall objectives of the 2019/20 LG MTEC process and the key messages therefore emphasises:

- Aligning strategic intent as encapsulated within Integrated Development Plans (IDP) and municipal budgets to create public value based on the community needs/ priorities identified through the public participation processes;
- Safeguarding of municipal sustainability by ensuring that municipalities table funded budgets and the strengthening of municipal financial management;
- Ensure optimal citizen impact and targeted service delivery through strategic spatial planning and alignment;
- Deepening of an integrated approach to service delivery with the intention of creating synergies through the consolidation/concentration of resources, also across different spheres of government;
- Identification of areas for support, training as well as opportunities for collaboration and partnerships.

Municipalities are formulating their 2019/20 MTREF budgets in a volatile, uncertain, complex and ambiguous (VUCA) world, which includes a general election which takes place just over a month after the budget and IDP tabling. It is therefore anticipated that the local government IDP and budget preparation process takes place during a period of heightened political uncertainty, which plays itself out within the local government space. Ensuring maximum service delivery and citizen impact is critical notwithstanding the challenging political, economic, fiscal, environmental and service delivery environments and risks.

Despite municipalities making significant progress to address such challenges; there is an increased acknowledgement that true service delivery excellence can only be achieved through integrated development planning, considered decision-making and appropriate policy responses by all spheres of government.

- The discussions at the engagements will be pitched at a strategic level. Hence, the representation at the LG MTEC engagements between the Province and municipalities will be as follows:
    - The Provincial Government - senior officials from the Provincial Treasury, Department of Local Government, Department of Environmental Affairs and Development Planning, the Department of the Premier and the Economic Development Partnership and relevant provincial departments.
    - Municipalities - Municipal Manager, section 56 Managers, Budget and Treasury officials, IDP Manager/officials and Planning officials.
- The LG MTEC engagements have been confirmed and is scheduled to take place from 23 April 2019 to 6 May 2019. The schedule of the LG MTEC engagements is attached as Appendix A.

5. HIGHLIGHTS OF THE 2019/20 PROVINCIAL BUDGET

The 2019 Provincial Budget, which was tabled by the Minister for Finance, Dr Ivan Meyer on 5v March 2019, was formulated in an environment of slow economic growth and constrained fiscal environment. The prolonged effect of the drought weighed heavily on the province's economic growth; it is estimated that the provincial economy have contracted by 0.1 per cent in 2018, mainly due to a huge slump in the agriculture, forestry and fishing sector. Despite the improved [illegible] levels

OVERSTRAND MUNICIPALITY
2019 -05- 23
OVERSTRAND MUNICIPALITY

and expected recovery in the agricultural, forestry and fishing sector in 2019 prospects of a full scale economic recovery will be constrained by the current energy crisis as investment and business confidence wane.

Guided by the Western Cape Fiscal Strategy and budget and policy principles, the 2019 Budget draws on the collective insight of the Western Cape Government in response to the identified risks and gives effect to the strategic policy priorities as set out the 2014 - 2019 Provincial Strategic Plan. The 2019 Budget presents a credible, sustainable and responsive allocation of resources in support of improved service delivery and maximum impact.

The 2019 Provincial Budget is premised on the theme: Consolidation for Maximum Citizen Impact. The Provincial Budget aims to provide opportunities for **youth**; supports the creation of **safe and secure environment** for the citizens of the Western Cape; provides and enabling environment for **job creation and skills development**; builds and maintain **economic and social infrastructure**; and applies **good governance** standards.

The Provincial Budget amounts to R67.148 billion in 2019/20, R70.368 billion in 2020/21 and R74.611 billion in 2021/22.

6. NATIONAL TREASURY AND PROVINCIAL TREASURY GUIDELINES

6.1 Context

- Municipalities are advised to consult the latest Budget Circular, MFMA Circular 94 released on 8 March 2019, which is a follow up circular on MFMA Circular 93 issued on 7 December 2018.
- Municipalities must include the National and Provincial Treasury Budget Circulars as part of the source documents consulted in the preparation of the 2019/20 MTREF Budget documents and to table it as part of the budget documentation in the Municipal Council.

6.2 Municipal Tariffs and Charges Increases

- Municipalities are urged to maintain tariff and charges increases at levels that reflect an appropriate balance between the affordability to poorer households and other customers while ensuring sustainability of the municipality.
- Consumer Price Index (CPI) inflation is forecasted to be within the upper limit of the 3 to 6 per cent target band; thus municipalities are required to justify all increases in excess of the projected inflation target of ***5.2 per cent*** for 2019/20, ***5.4 per cent*** of 2020/21 and ***5.4 per cent*** for 2021/22 in their budget narratives, and pay careful attention to the differential incidence of tariff increases across all consumer groups.
- Municipalities should include details of their revenue growth assumptions for the different service charges in their budget narrative.

6.2.1 Electricity Supply and Tariffs

- The National Energy Regulator of South Africa (NERSA) published their new multi-year price determination for the period from 2019/20 to 2021/22 on 7 March 2019. The new effective tariff increases are ***13.8 per cent*** more for electricity in 2019/20, ***12.5 per cent*** for 2020/21 and ***9.6 per cent*** for 2021/22.
- Based on the above, Provincial Treasury estimates the weighted average electricity increase to be 11.75 per cent in 2019/20.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- NERSA must still publish their "Municipal Tariff Guidelines Increases, Benchmarks and Proposed Timelines for Municipal Tariff Approval Process for the 2019/20 financial year". It is unlikely that this document will be published before 31 March 2019. As such, municipalities therefore should use above stated price determination as a guide. **Municipalities should also include a disclaimer in the Budget documentation and Tariff List** which states that the electricity tariffs are still subject to change due to the non-availability of the NERSA Tariff Guidelines for municipalities. Provincial Treasury has already written to NERSA to expedite this process.

- Municipalities are urged to examine the cost structure of providing electricity services and to apply to NERSA for electricity tariff increases that reflect the total cost of providing the services so that they work towards archiving fully cost-reflective tariffs that will help them achieve financial sustainability. Municipalities that are in arrears with Eskom must ensure that their payment arrangements are effected in their 2019/20 MTREF budget.

- NERSA is planning a workshop regarding the 2019/20 2019/20 Municipality Tariff Guideline Consultation Paper with all Electricity Distribution Licensees on 8 April in Midrand, Gauteng. Municipalities are requested to confirm their availability to Dr Nleya at email: ndodana.nleya@westerncape.gov.za by 25 March, in order for NERSA to finalise the logistics.

- Given the current energy crisis and global trends to move **away from fossil-based energy towards cleaner and more renewable forms of energy** municipalities are advised to:

  - Consider the development of a legal framework for Small-scale Embedded Generation (SSEG/Solar PV) and feed-in tariffs (if not done already);

  - Investigate the development and implementation of a wheeling framework;

  - Investigate the advantages of implementing the Property Assessed Clean Energy (PACE) model;

  - Prepare for the purchase of power from IPPs – the IPP Office has already designed a procurement process;

  - Explore the financial feasibility of energy storage; and

  - Explore the financial feasibility of installing solar PV at its own buildings or building a renewable energy generation facility.

- Municipalities that require more information on the subject of green and sustainable energy practices can contact Dr Hildegarde Fast, Lead: Energy Security Game Changer whom made a presentation on the subject matter at the recent Municipal Chief Financial Forum and Premier Coordinating Forum at: hildegarde.fast@westerncape.gov.za.

6.2.2 Water and sanitation Tariffs

- Although dam levels have improved, large parts of the Western Cape are still at risk of experiencing water shortages due to effects of the prolonged drought. It is now more crucial than ever before to adopt a holistic approach to secure water sustainability through improved demand management, infrastructure maintenance, loss management, meter reading and tariff setting in accordance with a pricing strategy to ensure full cost recovery of water services.

- Municipalities in arrears with water boards should ensure that their payment arrangements are effected in their 2019/20 MTREF Budgets.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- In order to balance water demand, water provision and revenue, municipalities must include a comprehensive set of water tariffs which makes provision for various levels of water scarcity/availability with the approval of the 2019/20 MTREF budget. This should be reflected in the municipal tariff policies and by-laws.

- Alternative measures should be considered to curb water consumption to address the water shortage by reducing the amount of water to its users and regulate the availability of water during certain time periods.

- Municipalities are urged to develop a Drought Management Plan/Policy that would indicate the actions municipalities should take if water resources fall to and below predetermined levels. The Provincial Disaster Management Centre and the Department of Water and Sanitation are willing to assist municipalities to develop these plans/policies. Municipalities that need assistance can contact the Director: Disaster Recovery Operations: Ms J Pandaram on **021-937 6306.**

6.3 Approval of capital projects

- Municipalities are advised to consult sections 19 and 33 of the MFMA and regulation 13 of the MBRR dealing with the approval of capital projects above specific thresholds.

- Section 19 of the MFMA regulates budgetary matters in relation to capital projects. In terms of section 19(1)(b), a municipality may not spend any money on a capital project unless the council has approved the specific project including the total cost. Adding to this provision, section 19(3) indicates that capital projects below a prescribed value may be approved either individually or as part of a consolidated capital programme.

- Regulation 13 of the MBRR further elaborates by stating that the following capital projects may be approved by council either individually or as part of a consolidated capital programme as contemplated in section 19(3) of the MFMA:

    - capital projects of which the total projected costs is below 5 per cent of the municipality's revenue, in the case of a municipality with approved total revenue in its current annual budget not exceeding R250 million.

    - capital projects of which the total projected costs is below 8 per cent of the municipality's revenue, in the case of a municipality with approved total revenue in its current annual budget greater than R250 million but not exceeding R500 million.

    - capital projects of which the total projected costs is below R50 million, in the case of a municipality with approved total revenue in its current annual budget greater than R500 million.

- Municipality's mostly comply with these provisions by adopting capital projects as part of the capital works plan included in the annual budget. However, a footnote to regulation 13 states that capital projects of which the total projected cost is above the values detailed above must be approved individually by the council in terms of section 19(1)(b) of the MFMA.

For ease of reference and interpretation, regulation 13(2) is summarised as follows:

MBRR		Approved total revenue range	Total projected cost of capital project (%)	Total projected cost of capital project (Maximum value)
13(2)(a)	Capital projects of which the total projected costs is below 5 per cent of the municpality's revenue. In the case of a municipality with approved total revenue in its current annual budget not exceeding R250 million.	≤ R250.0 million	5%	R12.5 million
13(2)(b)	Capital projects of which the total projected costs is below 8% of the municpality's revenue. In the case of a municipality with approved total revenue in its current annual budget greater than R250 million but not exceeding R500 million.	R251.0 million - R500.0 million	8%	R21.1 million
13(2)(c)	Capital projects of which the total projected costs is below R50 million. In the case of a municipality with approved total revenue in its current annual budget greater than R500 million.	> R500.0 million	-	Above R50.0 million

- Municipalities with total approved revenue within the ranges specified in above table, must approve all capital projects that exceed the values detailed in the furthest right-hand column, individually, as per the requirements of regulation 13 of the MBRR.

- Provincial Treasury recommends that the annual budget specifically makes reference to this provision and the identified projects and that all such projects be listed in a separate report to the tabled together main budget document. Note that this report should list all of the required information as prescribed within section 19 of the MFMA. It is further advised that a one-page (preferably) project description plan be developed for each project and subsequently included in the main budget document. A specific council resolution should be adopted for this report.

6.4 The Municipal Budget and Reporting Regulations

6.4.1 Schedule A- version to be used for the 2019/20 MTREF

- National Treasury has released Version 6.3 of Schedule A1 (the excel formats) which is aligned to Version 6.3 of mSCOA. **ALL** municipalities **MUST** use this version with updates to "Service Charges - Other Revenue" on Table A4 and "Public contributions & donations" on Table A5 in preparation of their 2019/20 MTREF Budget, published on the National Treasury website (file name: "A1 Schedule - mSCOA vs 6.3 - 30 Jan 2019") with the following link:

  http://mfma.treasury.gov.za/RegulationsandGazettes/Municipal%20Budget%20and%20Reporting%20Regulations/Documents/Forms/AllItems.aspx?RootFolder=http%3a%2f%2fmfma%2etreasury%2egov%2eza%2fRegulationsandGazettes%2fMunicipal%20Budget%20and%20Reporting%20Regulations%2fDocuments%2f2019-20&FolderCTID=0x012000186OD4A2BD7AD042BF8427FC3BB59F67

- Municipalities must prepare their 2019/20 MTREF budgets in their financial systems. Schedule A1 must be produced directly from their financial system.

- National and Provincial Treasury will conduct compliance checks to ascertain if municipalities have complied with the Municipal Budget and Reporting Regulations (MBRR). In cases where municipalities have not adhered to the MBRR they will be required to return to the municipal council and table a complete budget documents aligned to the requirements of the MBRR.

- Municipalities with municipal entities must prepare consolidated budgets for both the municipality and its entity(ies). The Schedule A that the municipality must submit to National and Provincial Treasury must be the consolidated budget for both the municipality as well as the plus entity(ies). Schedule D must be submitted for each entity.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

6.4.2 Tabling of funded budgets

- The importance of tabling funded budgets is highlighted in MFMA Circulars No. 74, 89 and 93. Municipalities are required to adopt funded budgets. There are cases that may warrant a plan as the approval of a funded budget may not be achievable over one year. As a result, such municipalities must, together with their 2019/20 MTREF budget, table a plan in a municipal council on how and by when the budget will improve from an unfunded to a funded position. This will be essential when the National and provincial treasuries are assessing the budget to determine its credibility.

6.4.3 Tabling of budget documents

- The slow spending of the capital budget by municipalities is a challenge as it has direct impact on service delivery. This is a direct result of poor planning by municipalities. To address this weak planning process, all municipalities are required to table the following supporting documents to council when they table their draft budgets:
    - Service Delivery and Budget implementation plan (SDBIP) and
    - Procurement Plan.

7. MUNICIPAL BUDGET PROCESS

7.1 Non-compliance with the provisions of Chapter 4 of the MFMA

- As per section 27 of the MFMA, the mayor of a municipality must inform the MEC for Finance in writing of any impending non-compliance with the provisions of the MFMA or any other legislation pertaining to the tabling or approval of an annual budget or compulsory consultation processes.
- If the impending non-compliance pertains to a time provision, except section 16(1) of the MFMA, the mayor should have applied to the MEC for Finance for an extension, in writing by **15 March 2019** in accordance with Schedule G of the Municipal Budget and Reporting Regulations. It is recorded that no such applications were submitted to the MEC for Finance by the regulated date.

7.2 Municipal Budget Day

According to sections 16(2) and 17(3)(d) of the MFMA, the Mayor of a municipality must table the annual budget at a council meeting at least 90 days (i.e. by 29 March for this year) before the start of the budget year.

It is important to note there is no explicit requirement for council to endorse or approve the tabled budget or reviewed or amended IDP tabled by the mayor for public participation. The municipal council only has the legal authority to consider a tabled budget and reviewed/amended IDP after the completion of one or more public participation processes undertaken pursuant to section 22, read with section 23 of the MFMA. Council will only consider for approval "*the product of an inclusive budget preparation and consultative process*" when the proposed annual budget (as amended, if applicable) is placed before council in terms of section 24(1) of the MFMA.

Given that the preparation, consultation, adoption and implementation of a municipality's annual budget is inextricably linked to, and must be substantially aligned to and informed by the contents of that municipality's IDP, it would be procedurally flawed by the mayor to proceed with the tabling of the proposed annual budget (and commence with public participation process required in terms of section 22 of the MFMA) at a time when the annual review and/or revision of the municipality's IDP has not been completed.

OVERSTRAND MUNICIPALITY
2019 -05- 23
OVERSTRAND MUNICIPALITY

If a municipality has failed to complete the relevant processes applicable to review and revision of the annual budget and IDP in time for the deadline applicable to the tabling of the proposed annual budget (i.e. 31 March), the mayor should submit an application for an extension of the said deadline to MEC for Finance as outlined in paragraph 7.1 above.

Municipalities are kindly requested to indicate any changes to the confirmed tabling dates as per **Appendix B** with the Provincial Treasury as it is crucial for the collection of the budget documentation and the assessment process leading up to the LG MTEC engagements. Municipalities are requested to indicate any changes to the confirmed tabling dates to Tania.Bosser@westerncape.gov.za by **25 March 2019**.

7.3 Submitting budget documentation and schedules for 2019/20 MTREF

- Section 22 (b)(i) of the MFMA requires that, immediately after an annual budget is tabled in municipal council, it must be submitted to the National Treasury and the relevant provincial treasury in both printed and electronic format.

- If the annual budget is tabled in council on **29 March 2019**, the final date of submission of the electronic budget documents and corresponding data strings is **Wednesday, 3 April 2019.** The deadline for submission of hard copies including council resolution is **Friday, 5 April 2019.**

- It is important to note that although National Treasury has granted municipalities from 3 to 5 April 2019 to submit the electronic and hard copies of the budget documentation, the Western Cape Provincial Treasury requires these documents on the tabling date to fulfil its responsibilities in terms of section 5 of the MFMA.

- In order to facilitate this, the Provincial Treasury will deploy officials to attend the budget tabling proceedings and collect the tabled budget documentation (inclusive of budget, IDP, SDF, budget related policies and draft SDBIP). It is important for the CFO's office to liaise with the relevant departments for the submission of documents (eg. IDP, SDFs, relevant sector plans) which is not the responsibility of the Finance Directorate.

- A designated municipal official should ensure that a set of these documents is prepared in both hard (where required) and electronic copy, except for the budget policies which are only required in electronic copy.

- The municipal manager must submit –

  - the budget documentation as set out in Schedule A (version 6.3) of the Municipal Budget and Reporting Regulations, including the main Tables (A1 - A10) and ALL the supporting tables (SA1 - SA38) in both printed (signed and stamped) and electronic formats;

  - the draft Service Delivery and Budget Implementation Plan (SDBIP) in both printed and electronic format;

  - the draft Integrated Development Plan (IDP) (as amended/reviewed);

  - Procurement Plan;

  - the council resolution;

  - signed Quality Certificate as prescribed in the Municipal Budget and Reporting Regulations;

  - the budget locking certificate; and

  - schedules D specific for the entities.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- The designated official needs to co-sign the accompanying checklist (see **Appendix C**) as confirmation that the set of budget documents have been submitted.

7.4 Electronic and Hard copy submissions

Municipalities must follow the process of ensuring that their Information and Communication Technology Infrastructure can accommodate official email addresses.

For the purpose of the implementation of mSCOA the Local Government Database requires municipalities to update their contact details and provide official email addresses instead of private accounts.

NT electronic documents should be submitted to: lgdocuments@treasury.gov.za or if the budget documentation are too large (exceeds 4 MB) via lgbigfiles@gmail.com.

PT electronic documents should be submitted to: MFMA.MFMA@westerncape.gov.za or if too large (exceeds 3 MB) must be submitted via the lift server function (http://lift.pgwc.gov.za/).

How to lift:

1. Go to the website: http://lift.pgwc.gov.za/
2. Type in the email address: MFMA.MFMA@westerncape.gov.za
3. Browse to correct file for uploading
4. Press: Submit

Municipalities are required to submit the signed hard copies of their budget documents and council resolutions to the following addresses:

National Treasury	**Provincial Treasury**
Ms Linda Kruger	Mr Paul Pienaar
40 Church Square	7 Wale Street, Room 3-50
Pretoria, 0002	Cape Town, 8000

Metropolitan municipalities should submit the BEPP to Yasmin.coovadia@treasury.gov.za or if it exceeds 4 MB to Yasmin.coovadia@gmail.com. Hardcopies of the BEPP may be sent to Yasmin Coovadia, National Treasury, 3rd Floor, 40 Church Square, Pretoria, 0002 or Private Bag X115, Pretoria, 0001. The BEPP should also be submitted to Provincial Treasury together with the budget documentation.

7.5 Publication of budgets on municipal website

In terms of section 75 of the MFMA, all municipalities are required to publish their tabled budgets, adopted budgets, annual reports (containing audited annual financial statements) and other relevant information on the municipality's website. This will aid in promoting public accountability and good governance.

LG MTEC INTEGRATED PLANNING AND BUDGETING: 2019/20 CHECKLIST
SUBMISSION OF TABLED BUDGET DOCUMENTATION

MUNICIPALITY: _____

In completing and signing the budget documentation checklist below, the municipality confirms that Schedule A1 **complies with the Municipal Budget and Reporting Regulations (MBRR)** and that the main tables (A1 - A10) and the supporting tables (SA1 - SA38) are completed in ***version 6.3*** of Schedule A1 (the Excel formats) and **drawn directly from the municipal financial system.**

Please ensure that (as per MFMA Circular 72) **each page of the hard copy of the budget documentation** as set out in Schedule A of the Municipal Budget and Reporting Regulations, including the main Tables (A1 - A10) and all the supporting tables (SA1 - SA38) and prescribed minimum narrative information that is submitted to Provincial Treasury (and National Treasury) **has been stamped and signed** by the secretariat responsible for ensuring accurate records of council decisions.

The IDP Document as set out in Section 26, 32 and 34 of the Local Government: Municipal Systems Act, No 32 of 2000 and Regulations (MSA) and Section 21 of the Local Government Municipal Finance Management Act 56 of 2003 (MFMA).

The Spatial Development Framework, Disaster Management Framework and additional documents must be submitted as required in terms of budget circulars.

OVERSTRAND MUNICIPALITY

NATIONAL TREASURY

MFMA Circular No. 82

Municipal Finance Management Act No. 56 of 2003

Cost Containment Measures (updated November 2016)

Purpose

Section 62(1)(a) of the Municipal Finance Management Act No. 56 of 2003 (MFMA) stipulates that the accounting officer of a municipality is responsible for managing the financial administration of a municipality and must for this purpose take all reasonable steps to ensure that the resources of the municipality are used effectively, efficiently and economically.

In terms of the legal framework, the elected councils and accounting officers are required to institute appropriate measures to ensure that the limited resources and public funds are appropriately utilized to ensure value for money is achieved.

The purpose of this Circular is to guide municipalities and municipal entities on cost containment measures that must be implemented in an effort to address the impact of the country's economic challenges and to promote growth, address unemployment and equality, amongst others.

Background

The national government has been aware of the need to contain costs and Cabinet resolved that all spheres of government, including municipalities and municipal entities must implement measures to contain operational costs and eliminate all non-essential expenditure.

In the 2016 State of the Nation Address, cost containment measures were re-emphasised. It was highlighted that excessive and wasteful expenditure has to be reduced, and that increased action be taken to manage unnecessary expenditure. The following measures were among those announced:

- Curtailment of overseas trips;
- The submission of strong motivation to MM's, Mayors and, where necessary, oversight mechanisms at local, provincial and national spheres of Government by those requesting permission to travel either locally or abroad: i.e. their detailed report including research which argues the necessity of the trip and the benefit the country will achieve in undertaking the journey;
- The institutionalization of further restrictions on conferences, catering, entertainment and social functions.

In reinforcing the above, the Minister of Finance also announced further cost containment measures in his budget speech on 24 February 2016, and urged Mayors of municipalities to exercise and oversee the elimination of wasteful expenditure in

OVERSTRAND MUNICIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

government. SALGA supported the call for cost containment measures to be implemented in municipalities as per the Budget Forum engagements and commitments.

Municipalities must make clear and quantified commitments in this regard when tabling their upcoming budgets, and to reference these commitments when submitting budget documentation to the National and Provincial Treasuries, as required by the MFMA.

Annexure A of this circular presents cost containment measures that accounting officers and chief finance officers must consider in order to contain operational costs and eliminate non-essential expenditure. In addition, municipalities are advised to refer to MFMA Budget Circular No. 70 and other relevant Circulars on the elimination of non-priority spending. (http://mfma.treasury.gov.za/Circulars/Pages/default.aspx).

Enforcement of cost containment measures

SALGA recently expressed concern over the lack of enforcement of such measures and municipal councils are herewith reminded of Section 171(1) of the MFMA whereby the accounting officer of a municipality commits an act of financial misconduct if that accounting officer deliberately or negligently contravenes a provision of the Act, or fails to comply with a duty imposed by the Act on the accounting officer of the municipality.

Failure to fulfill the duty outlined in section 62(1) (a) of the MFMA may result in the accounting officer committing an act of financial misconduct and that disciplinary or criminal proceedings are instituted against any official who has allegedly committed an act of financial misconduct or an offence in terms of chapter 15. The accounting officer also has a duty to ensure that unauthorized, irregular or fruitless and wasteful expenditure and other losses are prevented.

In addition, section 167 of the MFMA provides that a municipality may only remunerate its office bearers within the parameters set out in that section. In particular, sub-section 167(2) provides that any benefit paid that is outside the parameters set out in subsection (1) is irregular expenditure and must be recovered from the political office-bearer concerned.

Details of precisely what a municipality may pay or remunerate its political office bearers are set out in the Notices issued in terms of the Political Office Bearers Act by the Minister of Cooperative Governance and Traditional Affairs.

Municipalities are reminded that the National Treasury will soon be conducting municipal budget benchmark engagements with non-delegated municipalities during which all municipal budgets will be assessed against the cost containment measures outlined in this Circular. Provincial Treasuries will be conducting similar engagements and budget assessments with delegated municipalities.

Consideration has been given to the lack of enforcement measures and therefore it is envisaged that regulations will be issued to align these measures with financial misconduct regulations. Disclosure of cost containment measures applied by the municipality and entity must be included in the Municipal Budget and Annual Report. Measures implemented and regular reports must be submitted to the Municipal Public

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Accounts Committee for review and recommendations to Council on additional measures to be taken.

The contents of this Circular has been shared with the office of the Auditor-General for their application, scrutiny and assessment.

Conclusion

It is important that the accounting officer ensures that the content of this Circular is brought to the attention of the Municipal Council and all other relevant officials within municipalities and municipal entities. It is recommended that:

- Municipalities adopt this Circular together with their annual budgets;
- Municipalities are advised to review other finance related policies to ensure consistency with this Circular;
- Municipalities implement the circular by creating the appropriate oversight mechanisms to monitor cost containment measures;
- Implementation of such measures will assist in ensuring that the provisions of sections 62 and 167 of the MFMA are complied with to ensure that reasonable steps are taken for public resources to be used effectively, efficiently, economically and in the best interests of the local community.

Any queries relating to municipalities preparation of municipal budgets in line with the cost containment measures should be directed to the respective National or Provincial Treasury official responsible for monitoring the municipality's budget. The names of these officials can be obtained from MFMA Circular 79 and / or other related MFMA Circulars. This Circular must be tabled before the municipal council for adoption together with the 2016/17 MTREF budget.

TV PILLAY
CHIEF DIRECTOR: MFMA IMPLEMENTATION
30 MARCH 2016

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Annexure A – Cost Containment Measures

Cabinet resolved, on 23 October 2013 that cost containment measures must be implemented to eliminate wasteful expenditure, reprioritize spending and ensure savings on the following focus areas among others; engagement of consultants, travel and subsistence costs, issuing of credit cards, accommodation costs, office furnishing costs, advertising or sponsorship costs, catering and events related costs.

It is prudent that Municipalities consider consultation with its employees and through public participation to obtain input and consideration from affected stakeholders such as communities, ratepayers, businesses, and so on which may prove to be beneficial when facilitating the implementation of cost containment policies and actions.

Municipalities are advised to ensure appropriate monitoring and reporting on such cost saving measures is instituted for ease of reporting to management and council on progress on a regular basis. The internal audit unit of municipalities must be copied with such reports.

1. Engagement of Consultants

- Accounting Officers must only contract with consultants after a gap analysis report has confirmed that the municipality does not have the requisite skills or resources in its permanent employment to perform the services required.
- Evidence of acute planning of the project must be visible to all relevant persons including the administration and political oversight mechanisms in place at the municipality.
- Consultants, including construction and infrastructure related services, must only be remunerated at the rates equal to or below those:
  - determined in the "Guidelines on fees for audits done on behalf of the Auditor-General South Africa", issued by the South African Institute of Chartered Accountants (SAICA);
  - set out in the "Guide on Hourly Fee Rates for Consultants", by the Department of Public Service and Administration (DPSA); or
  - Prescribed by the body regulating the profession of the consultant.
- Ensure an exacting "specification" of the work to be accomplished accompanies the tender and is used as a monitoring tool, are appropriately recorded and monitored.
- Ensure that contracts for consultants include retention and penalty clauses for poor performance and in this regard against the above specification, accounting officers must invoke such clauses, where deemed necessary.
- It is mandatory that accounting officers of municipalities and municipal entities conclude on the best "value for money", i.e. matching fees against quality and against benchmarked practices.
- Accounting officers of municipalities and municipal entities must appoint consultants on a time and cost basis with specific start and end dates.
- Travel and subsistence costs for the appointment of consultants must be in accordance with the travel policy of government and the contract price specifies all travel & subsistence costs.

OVERSTRAND MUNICIPALITY / OVERSTRANDMUNISIPALITEIT
2019 -05- 23

- If travel and subsistence costs for appointed consultants are exclusive of the contract, the costs must be in accordance with the following provisions:
  a) Hotel accommodation may not exceed the amount mentioned in this Circular;
  b) Only economy class air tickets may be purchased for flights;
  c) Only group B vehicles or lower may be hired for engagements, as mentioned in this Circular;
  d) Kilometres claimed for the use of private vehicles may not exceed the rates approved by the National Department of Transport, as updated from time to time.
- Municipalities are urged to develop consultancy reduction plans.
- Undertake all engagements of consultants in accordance with the SCM Regulations and the municipality's SCM policy.

2. Travel and subsistence

The National Treasury, on behalf of all three spheres of government, has negotiated improved upfront discounts for flights as well as discounted accommodation rates. Therefore municipalities and municipal entities are requested to utilize these agreements to assist in their respective cost containment measures, unless they can negotiate lower air travel rates or utilize other service providers that offer lower rates.

Net and Non-Commissionable Rates
All rates offered to Government as of 1 April 2016 will be net and non-commissionable. This will include the informal accommodation market e.g. Guest Houses and Bed & Breakfast establishments.

Rebates, Overrides, Volume based income
In the spirit of transparency, the OCPO is taking a firm position on rebates, overrides or any volume driven target incentives being paid by suppliers to Travel Management Company (TMC). As of 1 April 2016 these payments and the practice of overrides is to discontinue for Government business.

2.1 National Travel Policy

The National Treasury will issue a National Travel Policy framework during December 2016.

(http://ocpo.treasury.gov.za/Buyers_Area/Legislation/Pages/default.aspx)

2.2 Air Travel

- The National Treasury has negotiated with South African Airways (SAA) and Comair/British Airways (BA) for upfront discounted air fares for government employees travelling domestically for official purpose. These Domestic Air Travel Fares will be regularly reviewed by the National Treasury. (These rates are not applicable for International Air Travel).
- For SAA, the discounts range from 5% (L class) up to 30% (Y Class) for Economy Class tickets; and 10% (D Class) up to 26% (C Class) for Business

OVERSTRAND MUNICIPALITY
2019 -05- 23

Class tickets. Please note that business class is not encouraged, however where a single flight exceed 5 hours, consideration may be applied.

- For BA the discounts range from 10% (O, Q class) up to 25% (Y Class) for Economy Class tickets; and 20% (J Class) for Business Class tickets. Please note that business class is not encouraged, however where a single flight exceeds 5 hours, consideration may be applied.
- Treasury entered into a short-term Corporate Agreement from 1 April 2016 to 30 September 2016. This has been extended by a further six months. .
- The premise of "Best Fare on the Day" should be implemented making full use of the negotiated Government Corporate Agreements with SAA and BA Comair. Quotations are to be obtained from at least SAA and BA Comair before issue. Municipalities must also request quotations from other Low Cost Carriers. Please note that all discounted rates are subject to class availability.
- In order to make full use of the corporate discount with SAA and BA, municipalities and municipal entities must instruct their appointed TMCs or persons making their bookings for domestic airline tickets, to book against the relevant deal codes as detailed in Annexure B.
- Corporate agreements with SAA and BA/Comair will be made available to TMCs that are currently contracted to Government. Should the municipal TMC have not been contacted by the full service carrier representative, they are to inform National Treasury with the agents name; physical address, contact name, email address and IATA number. Upon receipt of the information, the representatives of the full service carriers will ensure that the TMC is given access to the deal code. The TMC must have an authenticated IATA number.
- Accounting officers of municipalities and municipal entities are advised to include a clause in their respective documents that travel agencies are only permitted to make booking arrangements on behalf of municipalities and municipal entities in line with this Circular. Current arrangements need to be updated and amended to reflect these changes.
- Disabled persons can be accommodated in economy class, however, in extremely exceptional and rare cases an Accounting Officer may approve, with evidence, other than economy class air travel.

2.3 Domestic Hotel Accommodation

National Treasury has established maximum allowable rates for domestic accommodation. When sourcing accommodation for officials, municipalities should find options that are equal to or lower than the rates in Table 1, depending on the allowable star grading and the band. Competition and cost effectiveness must remain a key principle.

Page 7 of 15

- Where there is an alternative star grading indicated in **Table 1** (i.e. 4/5 or 3/4), the maximum allowable rate of the lower star grading will be the benchmark. The higher star grading can only be booked if:
  a. the higher star graded facility is the only available option due to location and availability; or
  b. the municipality or municipal entity has negotiated lower rates with the higher star graded facility.
- Accounting officers must ensure that overnight accommodation is limited to instances where the distance travelled by road by the employee exceeds 500 kilometres to and from the destination (return journey).

2.4 Vehicle Hire

- Municipalities are encouraged to continue considering their own fleet first, where viable, prior to hiring of vehicles;
- Notwithstanding the provisions above, all employees must make use of shuttle services if the cost of such a service is below the cost of hiring a vehicle.
- Accounting officers must also consider making use of shuttle services if the cost of kilometres claimable by the employee and the cost of parking are higher than the shuttle services.
- Ensure the hiring of vehicles from a category below Group B or an equivalent class. Accounting officers may permit employees to accept up-graded group of hired vehicles if such an up-grade is offered for free or at a lower charge than Group B.
- Vehicle travel claims by employees of municipalities and municipal entities must be restricted to the actual distance travelled in excess of the normal distance from the employee's residence to his or her place of work or as may be negotiated using a motor vehicle allowance scheme.

3 Credit Cards

The use of credit and debit cards was addressed in an earlier MFMA Circular.

A bank, or any other institution, may not issue credit cards or debit cards linked to a bank account of a municipality or a municipal entity to any councillors, entity board members, municipal or entity officials or any other person. The issuing and use of such cards be it for official purposes:

- contravenes section 11 and 85 of the MFMA as there is no way of ensuring that all purchases made on the card are in accordance with the items listed in the sections or as prescribed;
- contravenes section 167 of the MFMA which provides that any bursary, loan, advance or other benefit paid to a municipal councillor otherwise than in accordance with the provisions of the Remuneration of Public Office Bearers Act constitutes irregular expenditure;
- contravening section 15 of the MFMA by incurring expenditure not authorised in an approved budget;
- non-compliance with section 164 of the MFMA which provides that no municipality or municipal entity may make loans to councillors or officials of the municipality, directors or officials of the entity or members of the public;
- non-compliance with the supply chain management regulations; and

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- undermines efforts to safeguard municipal funds, combat fraud and corruption, as well as other irregular practices.

While the use of petrol cards or garage cards for municipal vehicles is permitted, it must be utilised in accordance with an appropriate policy and related procedures to avoid misuse thereof. Cost containment measures should be applied in managing and planning trips.

Where officials or councillors incur expenses in relation to official municipal activities, they should use their personal credit cards or cash, and request reimbursement from the municipality in accordance with the relevant municipal policy and processes. Alternatively, the municipality should make arrangements with the service provider that the expenditure be settled directly by the municipality.

4 Catering costs

- Do not incur catering expenses for any meetings where only municipal officials are in attendance. Notwithstanding the above, the accounting officer may incur catering expenses for the following, provided that such lasts for five (5) continuous hours or more:
  a) The hosting of conferences, workshops, courses, forums, recruitment interviews, training courses, hearings;
  b) Meetings related to commissions or committees of inquiry; or
  c) Meetings hosted by municipal councils and the board of directors of municipal entities, including governance committee meetings.
- Ensure that entertainment allowances of qualifying officials do not exceed two thousand rand (R2 000) per person per financial year. The National Treasury may periodically review this amount.
- Do not incur expenses on alcoholic beverages.
- Ensure that team building and social functions, including year-end functions, are not financed from the municipal budgets or by any suppliers or sponsors.
- Notwithstanding the above, accounting officers may incur no more than the petty cash allocation or limitations on expenditure from their respective budgets to host farewell functions to employees who are either:
  (a) proceeding on retirement due to ill health; or
  (b) proceeding on retirement after reaching the qualifying age limit of a minimum of ten (10) or more years working for the public service.
- Accounting officers and accounting authorities may **not** host farewell functions for employees who have:
  (a) been dismissed;
  (b) elected to resign or leave by accepting severance packages; or
  (c) Approached the end of their contractual term.

5 Events, advertising and sponsorships

- Eliminate wasteful expenditure on events, advertising in magazines, television, newspapers etc. where the municipality can use other cost effective means such as websites to market the institution or properly publicise the matters or events under consideration.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- Memorabilia, gifts and other novelties should be of token value only and should only be offered by municipalities and municipal entities in order to acknowledge support or a visit or attendance by a dignitary in connection with a benefit to the local community; to reciprocate the giving of a similar token gift by another organisation; or similar but in all cases there must be an identifiable benefit to the community.
- Limit or stop all unnecessary expenditure on matters such as printing of shirts, hosting of sporting events, festivals and other associated events, cruises, lavish functions, and extraordinary costs associated with visits of dignitaries or induction of new councillors.

6 Conferences, meetings, study tours, etc.

- Employees of municipalities and municipal entities may attend conferences hosted by professional bodies or non-governmental institutions (external conferences) held within the borders of South Africa provided that expenses related to their attendance do not exceed two thousand five hundred rand (R2 500) per person per day. In instances where the cost exceeds this amount, officials must obtain prior approval from the accounting officer. The number of municipal officials attending such conferences and workshops must be limited, see below. The National Treasury may periodically review this amount.
- Employees must make every effort to take advantage of early registration discounts by seeking the required approvals to attend well in advance of the conference as it relates to their area of work. No late registration is acceptable.
- Conferences abroad must be limited to its ultimate minimum or none at all.
- Utilise municipal and/or provincial office facilities for conferences, meetings, strategic planning sessions etc. where an appropriate venue exists within the municipal jurisdiction.
- Limit or stop overseas trips and the delegations going on such trips unless a tangible and clear benefit to the local community and performance of essential service provision can be established beforehand.
- The number of employees travelling to conferences or meetings on official duty for the same matter is limited to three (3) employees, unless otherwise approved in advance by the relevant accounting officer, having due regard to the cost containment measures.
- Similar to the above, the number of employees travelling by air to other centres to attend an official engagement on the same matter is also limited to three (3) employees, unless otherwise approved in advance by the relevant accounting officer, having due regard to the cost containment measures.

7 Office furnishing

- Municipalities should exercise due precaution in refurbishing offices, purchasing equipment, etc. especially when new persons are elected or appointed. Use of existing facilities and equipment is encouraged.
- Office furnishing, when required, should be contained to minimal costs avoiding elaborate and expensive furniture or equipment.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

8 Staff study, perks and suspension costs

- Training attended by employees and councillors of municipalities and municipal entities may only be attended at pre-approved service providers to ensure sufficient quality of training and obtain value for money.
- Expenditure associated with overseas study tours by councillors or officials must be reduced and preferably stopped.
- Encourage staff to take time off to make up for overtime worked.
- Planned overtime must be submitted to management for consideration on a monthly basis.
- Unplanned overtime worked must be motivated and approved by management.
- Costs associated with long-standing staff suspensions and legal costs associated with not following due processes when suspending and dismissing staff must be eliminated.
- Constant management of staff, improvements in productivity levels and feedback must be provided to all staff.

9 Cost containment on other related expenditure items

- Accounting officers of municipalities and municipal entities are advised to ensure that all commodities and products that the National Treasury designated as transversal contracts are utilised to benefit from savings where lower prices or rates have been negotiated.
- Periodic or quarterly threat assessments against councillors and key officials should be undertaken by the appropriate authority (SAPS) and reported to the Speakers Office. Approval for security measures must be informed by such reports, if paid for from municipal funds. The use of metropolitan traffic officers for such purposes should be avoided.
- Municipal funds may not be used to fund election campaign activities, including the provision of supporting material, clothing, food, inducements to vote either as part of, or during election rallies.
- Printing of documents should carefully considered be back-to-back and use of colour printing for graphs only, while use of electronic means should be preferred.
- Review and introduce limits on municipal staff telephones and limiting private call to a reasonable amount.
- Every effort must be made to recover debt from consumers before write-off. Municipalities to avoid the excessive usage of debt collectors and improve its internal capacity for debt collection.
- Ensure synergy between municipal divisions or departments to avoid duplication of processes and efforts.
- Where possible the warranties on vehicle and computer equipment should be extended instead of procuring new ones.
- Labour saving devices should be shared to optimize the capacity utilization of each device.
- Purchasing of newspapers and other publications for municipal employees to limited and stopped.
- Municipalities should ensure that awareness is raised with municipal staff so that a high degree of energy saving measures can be introduced, e.g. air-conditioning and lights in buildings are switched off at night and when offices are not in use.

OVERSTRAND MUNISIPALITEIT
2019-05-31
OVERSTRAND MUNICIPALITY

- All other cost containment measures introduced by council are also encouraged and supported.

OVERSTRAND MUNICIPALITY

OVERSTRAND MUNICIPALITY – COST CONTAINMENT MEASURES:

NATIONAL TREASURY MFMA Circular No. 82 Municipal Finance Management Act No. 56 of 2003 Cost Containment Measures (Updated November 2016)

May 2019

Update: Draft Municipal Cost Containment Regulations

The urgency expressed in the State of the Nation Address and announcements by the Minister of Finance, after consulting SALGA and Minister of Cooperative Government and Traditional Affairs, is articulated in the Draft Municipal Cost Containment Regulations, as published on 16 February 2018, in Part 2 of *Government Gazette* No. 41445 (attached), distributed for attention and submission of comments before 30 March 2018.

The content of the regulations must also inform municipalities when they prepare their 2018/19 MTREF budgets for implementation on 1 July if these measures could not be implemented sooner.

The status with regard to the Cost Containment Measures is unchanged up to date of this report.

Current Status: MFMA Circular No. 82 Cost Containment Measures

This document presents to council the status regarding cost containment measures in terms of MFMA Circular No. 82 Cost Containment Measures (Updated November 2016).

Purpose

Section 62(1)(a) of the Municipal Finance Management Act No. 56 of 2003 (MFMA) stipulates that the accounting officer of a municipality is responsible for managing the financial administration of a municipality and must for this purpose take all reasonable steps to ensure that the resources of the municipality are used effectively, efficiently and economically.

In terms of the legal framework, the elected councils and accounting officers are required to institute appropriate measures to ensure that the limited resources and public funds are appropriately utilized to ensure value for money is achieved.

The purpose of the Circular is to guide municipalities and municipal entities on cost containment measures that must be implemented in an effort to address the impact of the country's economic challenges and to promote growth, address unemployment and equality, amongst others.

Background

The national government has been aware of the need to contain costs and Cabinet resolved that all spheres of government, including municipalities and municipal entities must implement measures to contain operational costs and eliminate all non-essential expenditure.

In the 2016 State of the Nation Address, cost containment measures were re-emphasised. It was highlighted that excessive and wasteful expenditure has to be reduced, and that increased action be taken to manage unnecessary expenditure. The following measures were among those announced:

- **Curtailment of overseas trips;**
- The submission of strong motivation to MM's, Mayors and, where necessary, oversight mechanisms at local, provincial and national spheres of Government by those requesting

OVERSTRAND MUNICIPALITEIT 2019 -05- 23 OVERSTRAND MUNICIPALITY

permission to travel either locally or abroad: i.e. their detailed report including research which argues the necessity of the trip and the benefit the country will achieve in undertaking the journey;

- The institutionalization of **further restrictions on conferences, catering, entertainment and social functions.**

In reinforcing the above, the Minister of Finance also announced further cost containment measures in his budget speech on 24 February 2016, and urged Mayors of municipalities to exercise and oversee the elimination of wasteful expenditure in government. SALGA supported the call for cost containment measures to be implemented in municipalities as per the Budget Forum engagements and commitments.

Municipalities must make clear and quantified commitments in this regard when tabling their upcoming budgets, and to reference these commitments when submitting budget documentation to the National and Provincial Treasuries, as required by the MFMA.

Annexure A of the circular presents cost containment measures that accounting officers and chief finance officers must consider, in order to contain operational costs and eliminate non-essential expenditure. In addition, **municipalities are advised to refer to MFMA Budget Circular No. 70 and other relevant Circulars on the elimination of non-priority spending.** (http://mfma.treasury.gov.za/Circulars/Pages/default.aspx).

<u>Enforcement of cost containment measures</u>

SALGA recently expressed concern over the lack of enforcement of such measures and municipal councils are herewith reminded of Section 171(1) of the MFMA whereby the accounting officer of a municipality commits an act of financial misconduct if that accounting officer deliberately or negligently contravenes a provision of the Act, or fails to comply with a duty imposed by the Act on the accounting officer of the municipality.

Failure to fulfill the duty outlined in section 62(1) (a) of the MFMA may result in the accounting officer committing an act of financial misconduct and that disciplinary or criminal proceedings are instituted against any official who has allegedly committed an act of financial misconduct or an offence in terms of chapter 15. The accounting officer also has a duty to ensure that unauthorized, irregular or fruitless and wasteful expenditure and other losses are prevented.

Reference in Circular 82	Overstrand Mun Response
In addition, section 167 of the MFMA provides that a municipality may only remunerate its office bearers within the parameters set out in that section. In particular, sub-section 167(2) provides that any benefit paid that is outside the parameters set out in subsection (1) is irregular expenditure and must be recovered from the political office-bearer concerned. Details of precisely what a municipality may pay or remunerate its political office bearers are set out in the Notices issued in terms of the Political Office Bearers Act by the Minister of Cooperative Governance and Traditional Affairs.	Comply. The cost associated with the remuneration of councillors is determined by the Minister of Co-operative Governance and Traditional Affairs in accordance with the Remuneration of Public Office Bearers Act, 1998 (Act 20 of 1998)

Municipalities are reminded that the National Treasury will be conducting municipal budget benchmark engagements with non-delegated municipalities during which **all municipal budgets will be assessed**

OVERSTRAND MUNISIPALITEIT 2019 -05- 23 OVERSTRAND MUNICIPALITY

against the cost containment measures outlined in this Circular. Provincial Treasuries will be conducting similar engagements and budget assessments with delegated municipalities.

Consideration has been given to the lack of enforcement measures and therefore it is envisaged that regulations will be issued to align these measures with financial misconduct regulations. Disclosure of cost containment measures applied by the municipality and entity must be included in the Municipal Budget and Annual Report. Measures implemented and regular reports must be submitted to the Municipal Public Accounts Committee for review and recommendations to Council on additional measures to be taken.

The contents of the Circular has been shared with the office of the Auditor-General for their application, scrutiny and assessment.

Conclusion

It is important that the accounting officer ensures that the content of this Circular is brought to the attention of the Municipal Council and all other relevant officials within municipalities and municipal entities. It is recommended that:

Reference in Circular 82	Overstrand Mun Comments
• Municipalities adopt this Circular together with their annual budgets;	• The Circular was included in the budget documentation to Council end of May 2017
• Municipalities are advised to review other finance related policies to ensure consistency with this Circular;	• The Circular was included in the final 2016/2017 Budget documentation which served before Council on 31 May 2017
• Municipalities implement the circular by creating the appropriate oversight mechanisms to monitor cost containment measures; • Implementation of such measures will assist in ensuring that the provisions of sections 62 and 167 of the MFMA are complied with to ensure that reasonable steps are taken for public resources to be used effectively, efficiently, economically and in the best interests of the local community.	• This document to be included in the quarterly budget report to Council.

Any queries relating to municipalities preparation of municipal budgets in line with the cost containment measures should be directed to the respective National or Provincial Treasury official responsible for monitoring the municipality's budget. The names of these officials can be obtained from MFMA Circular 79 and / or other related MFMA Circulars. This Circular must be tabled before the municipal council for adoption together with the 2016/17 MTREF budget.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Annexure A – Cost Containment Measures (Overstrand Municipality comments noted in the second column):

Cabinet resolved, on 23 October 2013 that cost containment measures must be implemented to eliminate wasteful expenditure, reprioritize spending and ensure savings on the following focus areas among others;

engagement of consultants, travel and subsistence costs, issuing of credit cards, accommodation costs, office furnishing costs, advertising or sponsorship costs, catering and events related costs.

It is prudent that Municipalities consider consultation with its -

• employees and • through public participation to obtain input and consideration from affected stakeholders such as communities, ratepayers, businesses, and so on which may prove to be beneficial when facilitating the implementation of cost containment policies and actions.	• Noted • Circular 82 was included in the Draft Budget for 2017-2018 to Council on 29 March 2017 and was available for public participation and comments; • The Circular was included in the budget documentation to Council end of May 2017.

Municipalities are advised to ensure appropriate monitoring and reporting on such cost saving measures is instituted for ease of reporting to

- management and council on progress on a regular basis.
- The internal audit unit of municipalities must be copied with such reports.

1. Engagement of Consultants

• Accounting Officers must only contract with consultants after a gap analysis report has confirmed that the municipality does not have the requisite skills or resources in its permanent employment to perform the services required. • Evidence of acute planning of the project must be visible to all relevant persons including the administration and political oversight mechanisms in place at the municipality. • Consultants, including construction and infrastructure related services, must only be remunerated at the rates equal to or below those: o determined in the "Guidelines on fees for audits done on behalf of the Auditor-General South Africa", issued by the South African Institute of Chartered Accountants (SAICA); o set out in the "Guide on Hourly Fee Rates for Consultants", by the Department of Public Service and Administration (DPSA); or o Prescribed by the body regulating the profession of the consultant. • Ensure an exacting "specification" of the work to be accomplished accompanies the tender and is used as a monitoring tool, are appropriately recorded and monitored. • Ensure that contracts for consultants include retention and penalty	Contents of the circular are noted; Appointment of consultants in terms of services required and listed.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

clauses for poor performance and in this regard against the above specification, accounting officers must invoke such clauses, where deemed necessary. • It is mandatory that accounting officers of municipalities and municipal entities conclude on the best "value for money", i.e. matching fees against quality and against benchmarked practices. • Accounting officers of municipalities and municipal entities must appoint consultants on a time and cost basis with specific start and end dates. • Travel and subsistence costs for the appointment of consultants must be in accordance with the travel policy of government and the contract price specifies all travel & subsistence costs. • If travel and subsistence costs for appointed consultants are exclusive of the contract, the costs must be in accordance with the following provisions: a) Hotel accommodation may not exceed the amount mentioned in this Circular; b) Only economy class air tickets may be purchased for flights; c) Only group B vehicles or lower may be hired for engagements, as mentioned in this Circular; d) Kilometres claimed for the use of private vehicles may not exceed the rates approved by the National Department of Transport, as updated from time to time. • Municipalities are urged to develop consultancy reduction plans. • Undertake all engagements of consultants in accordance with the SCM Regulations and the municipality's SCM policy.	

2. Travel and subsistence

The National Treasury, on behalf of all three spheres of government, has negotiated improved upfront discounts for flights as well as discounted accommodation rates. Therefore municipalities and municipal entities are requested to utilize these agreements to assist in their respective cost containment measures, unless they can negotiate lower air travel rates or utilize other service providers that offer lower rates. Net and Non-Commissionable Rates All rates offered to Government as of 1 April 2016 will be net and non-commissionable. This will include the informal accommodation market e.g. Guest Houses and Bed & Breakfast establishments. Rebates, Overrides, Volume based income In the spirit of transparency, the OCPO is taking a firm position on rebates, overrides or any volume driven target incentives being paid by suppliers to Travel Management Company (TMC). As of 1 April 2016 these payments and the practice of overrides is to discontinue for Government business.	The Overstrand Municipality Travel and subsistence Policy is developed and guided by the following: • South African Revenue Services (SARS) • Municipal Finance Management Act, 2003 (Act No. 56 of 2003) • South African Local Government Association (SALGA) • Remuneration of Public Office Bearers Act, 1998 (Act No. 20 of 1998) • Income Tax Act, 1962 (Act No. 58 of 1962). This Policy must be read in conjunction with any of the Municipality's approved related policies, practices and standard operating procedures addressing specific issues essential for a full understanding of this Policy and which are not dealt with adequately herein.

OVERSTRAND MUNICIPALITY
2019 -05- 23

2.1 National Travel Policy

The Treasury will issue a National Travel Policy framework during December 2016.

This will be available on the OCPO's website:

(http://ocpo.treasury.gov.za/Buyers_Area/Legislation/Pages/default.aspx)

2.2 Air Travel

- The National Treasury has negotiated with South African Airways (SAA) and Comair/British Airways (BA) for upfront discounted air fares for government employees travelling domestically for official purpose. These Domestic Air Travel Fares will be regularly reviewed by the National Treasury (These rates are not applicable for International Air Travel).
- For SAA, the discounts range from 5% (L class) up to 30% (Y Class) for Economy Class tickets; and 10% (D Class) up to 26% (C Class) for Business Class tickets. Please note that business class is not encouraged, however where a single flight exceed 5 hours, consideration may be applied.
- For BA the discounts range from 10% (O, Q class) up to 25% (Y Class) for Economy Class tickets; and 20% (J Class) for Business Class tickets. Please note that business class is not encouraged, however where a single flight exceed 5 hours, consideration may be applied.
- Treasury entered into a short-term Corporate Agreement from 1 April 2016 to 30 September 2016. This has been extended by a further six months.
- The premise of Best Fare on the Day will be implemented making full use of the negotiated Government Corporate Agreements with SAA and BA Comair. Quotations are to be obtained from at least SAA and BA Comair before issue. Other Low Cost Carriers may also be requested for quotations. Please note that all discounted rates are subject to class availability.

- In order to make full use of the corporate discount with SAA and BA, municipalities and municipal entities must instruct their appointed TMCs or persons making their bookings for domestic airline tickets, to book against the relevant deal codes as detailed in Annexure B.
- Corporate agreements with SAA and BA/Comair will be made available to TMCs that are currently contracted to Government. Should the municipal TMC have not been contacted by the full service carrier representative, they are to inform National Treasury with the agents name; physical address, contact name, email address and IATA number. Upon receipt of the information, the representatives of the full service carriers will ensure that the TMC is given access to the deal code. The TMC must have an authenticated IATA number.
- Accounting officers of municipalities and municipal entities are advised to include a clause in their respective documents that travel agencies are only permitted to make booking arrangements on behalf of municipalities and municipal entities in line with this Circular. Current arrangements need to be updated and amended to reflect these changes.
- Disabled persons can be accommodated in economy class, however, in extremely exceptional and rare cases an Accounting Officer may approve, with evidence, other than economy class air travel.

The Overstrand Municipality Travel and subsistence Policy is developed and guided by the following:

- South African Revenue Services (SARS)
- Municipal Finance Management Act, 2003 (Act No. 56 of 2003)
- South African Local Government Association (SALGA)
- Remuneration of Public Office Bearers Act, 1998 (Act No. 20 of 1998)
- Income Tax Act, 1962 (Act No. 58 of 1962).

This Policy must be read in conjunction with any of the Municipality's approved related policies, practices and standard operating procedures addressing specific issues essential for a full understanding of this Policy and which are not dealt with adequately herein. The policy was revised during May 2018.

OVERSTRAND MUNICIPALITY

2.3 Domestic Hotel Accommodation

- National Treasury has established maximum allowable rates for domestic accommodation. When sourcing accommodation for officials, municipalities should find options that are equal to or lower than the rates in Table 1, depending on the allowable star grading and the band. Competition and cost effectiveness must remain a key principle.

Table 1: Rates set for Domestic Hotel Accommodation

Voucher Includes	BAND 1	BAND 2	BAND 3
	Room Only Tourism Levy VAT	Bed & Breakfast Tourism Levy VAT	Dinner, Bed and Breakfast Tourism Levy VAT 2 x soft Drinks at Dinner
Graded Hotel, Boutique Hotel, Lodge or Resort

Dinner	R 150	R 150	R -
Total	**R 420**	**R 300**	**R 150**

Accommodation costs are assumed to be inclusive of Parking and Wi-Fi (if available), and exclusive of Laundry expenses.
**Including Exclusive and Shared Facilities. Exclusive facilities offer travellers a sole occupancy unit consisting of one or more bedrooms and self-contained public areas e.g. kitchen, dining area and lounge.*
Shared Facilities consisting of one or more bedrooms and self-contained shared public areas e.g. kitchen, dining area and lounge.
***Maximum amounts that can be claimed for meals. The claim for the actual amounts must be supported by a receipt.*

- If a negotiated rate for a specific star grading is equivalent to or lower than the rate for the lower star grading, the official may be accommodated in the establishment with the higher star grading. This means that an official may be accommodated at a four star establishment if the rate at the four star establishment is the same as or lower than a three star establishment.
- Where there is an alternative star grading indicated in **Table 1**

The Overstrand Municipality Travel and subsistence Policy is developed and guided by the following:

- South African Revenue Services (SARS)
- Municipal Finance Management Act, 2003 (Act No. 56 of 2003)
- South African Local Government Association (SALGA)
- Remuneration of Public Office Bearers Act, 1998 (Act No. 20 of 1998)
- Income Tax Act, 1962 (Act No. 58 of 1962).

This Policy must be read in conjunction with any of the Municipality's approved related policies, practices and standard operating procedures addressing specific issues essential for a full understanding of this Policy and which are not dealt with adequately herein. The policy was revised during May 2018.

OVERSTRAND MUNISIPALITEIT

OVERSTRAND MUNICIPALITY

(i.e. 4/5 or 3/4), the maximum allowable rate of the lower star grading will be the benchmark. The higher star grading can only be booked if: a. the higher star graded facility is the only available option due to location and availability; or b. the municipality or municipal entity has negotiated lower rates with the higher star graded facility. • Accounting officers must ensure that overnight accommodation is limited to instances where the distance travelled by road by the employee exceeds 500 kilometres to and from the destination (return journey).	

2.4 Vehicle Hire

• Municipalities are encouraged to continue considering their own fleet first, where viable, prior to hiring of vehicles; • Notwithstanding the provisions above, all employees must make use of shuttle services if the cost of such a service is below the cost of hiring a vehicle. • Accounting officers must also consider making use of shuttle services if the cost of kilometres claimable by the employee and the cost of parking are higher than the shuttle services. • Ensure the hiring of vehicles from a category below Group B or an equivalent class. Accounting officers may permit employees to accept up-graded group of hired vehicles if such an up-grade is offered for free or at a lower charge than Group B. • Vehicle travel claims by employees of municipalities and municipal entities must be restricted to the actual distance travelled in excess of the normal distance from the employee's residence to his or her place of work or as may be negotiated using a motor vehicle allowance scheme.	The Overstrand Municipality Travel and subsistence Policy is developed and guided by the following: • South African Revenue Services (SARS) • Municipal Finance Management Act, 2003 (Act No. 56 of 2003) • South African Local Government Association (SALGA) • Remuneration of Public Office Bearers Act, 1998 (Act No. 20 of 1998) • Income Tax Act, 1962 (Act No. 58 of 1962). This Policy must be read in conjunction with any of the Municipality's approved related policies, practices and standard operating procedures addressing specific issues essential for a full understanding of this Policy and which are not dealt with adequately herein. The policy was revised during May 2018.

3 Credit Cards

The use of credit and debit cards was addressed in an earlier MFMA Circular.

A bank, or any other institution, may not issue credit cards or debit cards linked to a bank account of a municipality or a municipal entity to any councillors, entity board members, municipal or entity officials or any other person. The issuing and use of such cards be it for official purposes: • contravenes section 11 and 85 of the MFMA as there is no way of ensuring that all purchases made on the card are in accordance with the items listed in the	• Overstrand Municipality does not allow the use of credit and debit cards.

OVERSTRAND MUNICIPALITY
2019 -05- 23
OVERSTRAND MUNICIPALITY

sections or as prescribed; • contravenes section 167 of the MFMA which provides that any bursary, loan, advance or other benefit paid to a municipal councillor otherwise than in accordance with the provisions of the Remuneration of Public Office Bearers Act constitutes irregular expenditure; • contravening section 15 of the MFMA by incurring expenditure not authorised in an approved budget; • non-compliance with section 164 of the MFMA which provides that no municipality or municipal entity may make loans to councillors or officials of the municipality, directors or officials of the entity or members of the public; • non-compliance with the supply chain management regulations; and • undermines efforts to safeguard municipal funds, combat fraud and corruption, as well as other irregular practices.	
While the use of petrol cards or garage cards for municipal vehicles is permitted, it must be utilised in accordance with an appropriate policy and related procedures to avoid misuse thereof. Cost containment measures should be applied in managing and planning trips.	• Noted
Where officials or councillors incur expenses in relation to official municipal activities, they should use their personal credit cards or cash, and request reimbursement from the municipality in accordance with the relevant municipal policy and processes. Alternatively, the municipality should make arrangements with the service provider that the expenditure be settled directly by the municipality.	• Noted

4 Catering costs

• Do not incur catering expenses for any meetings where only municipal officials are in attendance. Notwithstanding the above, the accounting officer may incur catering expenses for the following, provided that such lasts for five (5) continuous hours or more: a) The hosting of conferences, workshops, courses, forums, recruitment interviews, training courses, hearings; b) Meetings related to commissions or committees of inquiry; or c) Meetings hosted by the board of directors of municipal entities, including governance committee meetings. • Ensure that entertainment allowances of qualifying officials do not exceed two thousand rand (R2 000) per person per financial year. The National Treasury may periodically review this amount. • Do not incur expenses on alcoholic beverages. • Ensure that team building and social functions, including year-end functions, are not financed from the municipal budgets or by any suppliers or sponsors. • Notwithstanding the above, accounting officers may incur no more than the petty cash allocation or limitations on expenditure from their respective budgets to host farewell functions to employees who are either: (a) proceeding on retirement due to ill health; or (b) proceeding on retirement after reaching the qualifying age limit of a minimum of ten (10) or more years working for the public service. • Accounting officers and accounting authorities may not host farewell functions for employees who have: (a) been dismissed; (b) elected to resign or leave by accepting severance packages; or (c) Approached the end of their contractual term.	• Noted. Expenditure in this regard only approved after consideration being given to cost containment measures.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

5 Events, advertising and sponsorships

• Eliminate wasteful expenditure on events, advertising in magazines, television, newspapers etc. where the municipality can use other cost effective means such as websites to market the institution or properly publicise the matters or events under consideration. • Memorabilia, gifts and other novelties should be of token value only and should only be offered by municipalities and municipal entities in order to acknowledge support or a visit or attendance by a dignitary in connection with a benefit to the local community; to reciprocate the giving of a similar token gift by another organisation; or similar but in all cases there must be an identifiable benefit to the community. • Limit or stop all unnecessary expenditure on matters such as printing of shirts, hosting of sporting events, festivals and other associated events, cruises, lavish functions, and extraordinary costs associated with visits of dignitaries or induction of new councillors.	• Noted. Expenditure in this regard only approved after consideration being given to cost containment measures.

6 Conferences, meetings, study tours, etc.

• Employees of municipalities and municipal entities may attend conferences hosted by professional bodies or non-governmental institutions (external conferences) held within the borders of South Africa provided that expenses related to their attendance do not exceed two thousand five hundred rand (R2 500) per person per day. The number of municipal officials attending such conferences and workshops must be limited, see below. The National Treasury may periodically review this amount. • Employees must make every effort to take advantage of early registration discounts by seeking the required approvals to attend well in advance of the conference as it relates to their area of work. No late registration is acceptable. • Conferences abroad must be limited to its ultimate minimum or none at all. • Utilise municipal and/or provincial office facilities for conferences, meetings, strategic planning sessions etc. where an appropriate venue exists within the municipal jurisdiction. • Limit or stop overseas trips and the delegations going on such trips unless a tangible and clear benefit to the local community and performance of essential service provision can be established beforehand. • The number of employees travelling to conferences or meetings on official duty for the same matter is limited to three (3) employees, unless otherwise approved in advance by the relevant accounting officer, having due regard to the cost containment measures. • Similar to the above, the number of employees travelling by air to other centres to attend an official engagement on the same matter is also limited to three (3) employees, unless otherwise approved in advance by the relevant accounting officer, having due regard to the cost containment measures.	Noted. Expenditure in this regard only approved after consideration being given to cost containment measures

7 Office furnishing

• Municipalities should exercise due precaution in refurbishing offices, purchasing equipment, etc. especially when new persons are elected or appointed. Use of existing facilities and equipment is encouraged. • Office furnishing, when required, should be contained to minimal costs, avoiding elaborate and expensive furniture or equipment.	• Noted. Expenditure in this regard only approved after consideration being given to cost containment measures.

8 Staff study, perks and suspension costs

• Training attended by employees and councillors of municipalities and municipal entities may only be attended at pre-approved service providers to ensure sufficient quality of training and obtain value for money. • Expenditure associated with overseas study tours by councillors or officials must be reduced and preferably stopped. • Encourage staff to take time off to make up for overtime worked. • Planned overtime must be submitted to management for consideration on a monthly basis. • Unplanned overtime worked must be motivated and approved by management. • Costs associated with long-standing staff suspensions and legal costs associated with not following due processes when suspending and dismissing staff must be eliminated. • Constant management of staff, improvements in productivity levels and feedback must be provided to all staff.	• Noted. Expenditure in this regard only approved after consideration being given to cost containment measures.

9 Cost containment on other related expenditure items

• Accounting officers of municipalities and municipal entities are advised to ensure that all commodities and products that the National Treasury designated as transversal contracts are utilised to benefit from savings where lower prices or rates have been negotiated. • Periodic or quarterly threat assessments against councillors and key officials should be undertaken by the appropriate authority (SAPS) and reported to the Speakers Office. Approval for security measures must be informed by such reports, if paid for from municipal funds. The use of metropolitan traffic officers for such purposes should be avoided. • Municipal funds may not be used to fund election campaign activities, including the provision of supporting material, clothing, food, inducements to vote either as part of, or during election rallies. • Printing of documents should carefully considered be back-to-back and use of colour printing for graphs only, while use of electronic means should be preferred. • Review and introduce limits on municipal staff telephones and limiting private call to a reasonable amount. • Every effort must be made to recover debt from consumers before write-off. Municipalities to avoid the excessive usage of debt collectors and improve its internal capacity for debt collection. • Ensure synergy between municipal divisions or departments to avoid duplication of processes and efforts.	• Consideration as part of strategic sourcing. • Noted and in compliance, with constant consideration of opportunities to ensure cost containment.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

• Where possible the warranties on vehicle and computer equipment should be extended instead of procuring new ones. • Labour saving devices should be shared to optimize the capacity utilization of each device. • Purchasing of newspapers and other publications for municipal employees to limited and stopped. • Municipalities should ensure that awareness is raised with municipal staff so that a high degree of energy saving measures can be introduced, e.g. air-conditioning and lights in buildings are switched off at night and when offices are not in use. • All other cost containment measures introduced by council are also encouraged and supported.

OVERSTRAND MUNICIPALITY

Object of Regulations

2. The object of these Regulations, in line with section 62(1)(a), 78(1)(b), 95(a) and 105(1)(b) of the Act, is to ensure that resources of a municipality and municipal entity are used effectively, efficiently and economically by implementing cost containment measures.

Application of Regulations

3. These Regulations apply to all municipalities and municipal entities.

Cost containment policies

4. (1) Each municipality and municipal entity must revise or develop and implement a cost containment policy which must–
   (a) in the case of a municipality, be adopted by the municipal council, and in the case of a municipal entity, by the board of directors as part of its budget related policies; and
   (b) be consistent with the Act and these Regulations.

(2) The cost containment policy of a municipality or a municipal entity contemplated in sub-regulation (1) must–
   (a) be in writing;
   (b) give effect to these Regulations;
   (c) be reviewed annually, as may be appropriate;
   (d) be communicated on the municipality's or municipal entity's website; and
   (e) set out–
      (i) measures for ensuring implementation of the policy;
      (ii) procedures for the annual review of the policy; and
      (iii) consequences for non-adherence to the measures contained therein.

Use of consultants

5. (1) A municipality or municipal entity may only appoint consultants if an assessment of the needs and requirements confirms that the affected municipality or municipal entity does not have the requisite skills or resources in its full time employ to perform the function.

(2) An accounting officer must adopt a fair and reasonable remuneration framework for consultants taking into account the rates–
   (a) determined in the "Guideline on fees for audits undertaken on behalf of the Auditor-General of South Africa", issued by the South African Institute of Chartered Accountants;
   (b) set out in the "Guide on Hourly Fee Rates for Consultants", issued by the Department of Public Service and Administration;
   (c) as prescribed by the body regulating the profession of the consultant.

(3) The tender documentation for the appointment of consultants must include a clause that the remuneration rates will be subject to negotiation, not exceeding the applicable rates mentioned in sub-regulation (2).

(4) When negotiating cost-effective consultancy rates for international consultants, the accounting officer may take into account the relevant international and market-determined rates.

(5) When consultants are appointed, an accounting officer must–
   (a) appoint consultants on a time and cost basis with specific start and end dates;
   (b) where practical, appoint consultants on an output-specified basis, subject to a clear specification of deliverables and associated remuneration;
   (c) ensure that contracts with consultants include overall cost ceilings by specifying whether the contract price is inclusive or exclusive of travel and subsistence disbursements;
   (d) develop consultancy reduction plans; and
   (e) undertake all engagements of consultants in accordance with the Municipal Supply Chain Management Regulations and the municipality's Supply Chain Management policy.

This gazette is also available free online at www.gpwonline.co.za

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

(6) All contracts with consultants must include fee retention or penalty clause for poor performance.
(7) A municipality or municipal entity must ensure that the specifications and performance, are used as a monitoring tool for the work to be undertaken and is appropriately recorded and monitored.
(8) The travel and subsistence costs of consultants must be in accordance with the travel policy issued by the National Department of Transport, as updated from time to time.
(9) The contract price must specify all travel and subsistence cost and, if the travel and subsistence costs for appointed consultants are excluded from the contract price, such costs must be reimbursed in accordance with the abovementioned travel policy of the National Department of Transport.

Vehicles used for political office-bearers

6. (1) The threshold limit for vehicle purchases relating to official use by political office-bearers may not exceed R700 000 or 70% of the total annual remuneration package for different grades, whichever is greater.
(2) The procurement of vehicles must be undertaken using the national government transversal contract mechanism.
(3) If any other procurement process is used, the cost may not exceed the threshold set out in sub-regulation (1).
(4) Before deciding on another procurement process as contemplated in sub-regulation (3), the chief financial officer must provide the council with information relating to the following criteria which must be considered:
(a) status of current vehicles;
(b) affordability;
(c) extent of service delivery backlogs;
(d) terrain for effective usage of vehicle; and
(e) any other policy of council.
(5) Regardless of their usage, vehicles for official use by public office bearers may only be replaced after completion of 120 000 kilometres.
(6) Notwithstanding sub-regulation (5), a municipality or municipal entity may replace vehicles for official use by public office bearers before completion of one hundred and twenty thousand kilometres only in instances where the vehicle experiences serious mechanical problem and is in a poor condition, and subject to obtaining a detailed mechanical report by the vehicle manufacturer or approved dealer.

Travel and subsistence

7. (1) An accounting officer–
(a) may only approve purchase of economy class tickets for officials where the flying time for the flights is five hours or less; and
(b) for flights exceeding five hours, may purchase business class tickets only for accounting officers, and persons reporting directly to accounting officers.
(2) Notwithstanding sub-regulation (1), an accounting officer may approve the purchase of business class tickets for officials with disabilities.
(3) The cost containment policy must limit international travel to meetings or events that are considered critical. The number of officials attending such meetings or events must be limited to those officials directly involved in the subject matter related to such meetings or events.
(4) An accounting officer may approve accommodation costs that exceed an amount as determined from time to time by the National Treasury only–
(a) during peak holiday periods; or
(b) when major local or international events are hosted in a particular geographical area that results in an abnormal increase in the number of local and/or international guests in that particular geographical area.
(5) Officials of a municipality or municipal entity must–
(a) utilise the municipal fleet, where viable, before incurring costs to hire vehicles;

This gazette is also available free online at www.gpwonline.co.za

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

(b) make use of shuttle service if the cost of such a service is lower than-
  (i) the cost of hiring a vehicle;
  (ii) the cost of kilometres claimable by the employee; and
  (iii) the cost of parking.
(c) not hire vehicles from a category higher than Group B or an equivalent class; and
(d) where a different class of vehicle is required for a particular terrain or to cater for the special needs of an official, seek the written approval of the accounting officer before hiring the vehicle.

(6) Municipalities and municipal entities must utilise the negotiated rates for flights and accommodation, communicated by the National Treasury, from time to time, or any other available cheaper flight and accommodation.

Domestic accommodation

8. An accounting officer must ensure that costs incurred for domestic accommodation and meals are in accordance with the maximum allowable rates for domestic accommodation and meals, as communicated by the National Treasury, from time to time.

Credit cards

9. (1) An accounting officer must ensure that no credit card or debit card linked to a bank account of a municipality or a municipal entity is issued to any official or public office bearer, including members of the board of directors of municipal entities.
(2) Where officials or public office bearers incur expenditure in relation to official municipal activities, such officials or public officer bearers must use their personal credit cards or cash or arrangements made by the municipality or municipal entity, and request reimbursement from the municipality or municipal entity in accordance with the relevant municipality or municipal entity's policy and processes.

Sponsorships, events and catering

10. (1) A Municipality or municipal entity may not incur catering expenses for meetings which are only attended by persons in the employ of the municipality or municipal entity, unless the prior written approval of the accounting officer is obtained.
(2) An accounting officer may incur catering expenses for hosting of meetings, conferences, workshops, courses, forums, recruitment interviews, and proceedings of council that exceed five hours.
(3) Entertainment allowances of officials may not exceed two thousand rand per person per financial year, unless approved otherwise by the accounting officer.
(4) An accounting officer may not incur expenses on alcoholic beverages.
(5) An accounting officer must ensure that social functions, team building exercises, year-end functions, sporting events, budget vote dinners and other functions that have a social element are not financed from the municipality or municipal entity's budgets or by any suppliers or sponsors.
(6) A municipality or municipal entity may not incur expenditure on corporate branded items like clothing or goods for personal use of officials, other than uniforms, office supplies and tools of trade, unless costs related thereto are recovered from affected officials.
(7) An accounting officer may incur expenditure to host farewell functions in recognition of officials who retire after serving the municipality or municipal entity for ten or more years or retire on grounds of ill health, not exceeding the limits for petty cash usage.

Communication

11. (1) A Municipality or municipal entity must, as far as possible, advertise municipal related events on its website instead of advertising in magazines or newspapers.
(2) An accounting officer must ensure that allowances to officials for private calls are limited to an amount as determined by the accounting officer in the cost containment policy of the municipality or municipal entity.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

(3) Newspapers and other related publication for the use of officials must be discontinued on expiry of existing contracts or supply orders.
(4) A municipality or municipal entity must participate in the transversal term contract arranged by the National Treasury for the acquisition of mobile communication services.

Conferences, meetings and study tours

12. (1) An accounting officer must establish policies and procedures to manage application by officials to attend conferences or events hosted by professional bodies or non-governmental institutions held within and outside the borders of South Africa taking into account their merits and benefits, costs and available alternatives.
(2) An accounting officer may consider appropriate benchmark costs with other professional bodies or regulatory bodies prior to granting approval for an official to attend a conference or event within and outside the borders of South Africa.
(3) Such benchmark costs may not exceed an amount as determined by the National Treasury.
(4) When considering applications from officials to attend conferences or events within and outside the borders of South Africa, an accounting officer must take the following into account–
(a) the official's role and responsibilities and the anticipated benefits of the conference or event;
(b) whether the conference or event addresses relevant concerns of the institution;
(c) the appropriate number of officials, not exceeding three officials, attending the conference or event; and
(d) availability of funds to meet expenses related to the conference or event.
(5) The amount referred to in sub-regulation (3) above excludes costs related to travel, accommodation and related expenses, but includes–
(a) conference or event registration expenses; and
(b) any other expense incurred in relation to the conference or event.
(6) When considering costs for conferences or events these may not include items, such as laptops, tablets and other similar tokens that are built into the price of such conferences or events.
(7) The accounting officer of a municipality or municipal entity must ensure that meetings and planning sessions that entail use of municipal funds are, as far as may be practically possible, held in-house.
(8) Municipal or provincial office facilities must be utilised for conference, meetings, strategic planning sessions, inter alia, where an appropriate venue exists within the municipal jurisdiction.
(9) An accounting officer may consider granting approval, as contemplated in sub-regulation (4), for officials, and in the case of Councillors, the Mayor.
(10) A municipality or municipal entity must, where applicable, take advantage of early registration discounts by granting the required approvals to attend the conference, event or study tour, in advance.

Other related expenditure items

13. (1) All commodities, services and products covered by a transversal contract concluded by the National Treasury must be procured through that transversal contract before approaching the market, to benefit from savings where lower prices or rates have been negotiated.
(2) Municipal resources may not be used to fund elections, campaign activities, including the provision of food, clothing and other inducements as part of, or during election periods.

Enforcement Procedures

14. Failure to implement or comply with these Regulations may result in any official of the municipality or municipal entity, political office bearer or director of the board that authorised or incurred any expenditure contrary to these regulations being held liable for financial misconduct

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

as set out in Chapter 15 of the Act read with the Municipal Regulations on Financial Misconduct Procedures and Criminal Proceedings.

Disclosures of cost containment measures

15. (1) The disclosure of cost containment measures applied by the municipality and municipal entity must be included in the municipal in-year budget reports and annual costs savings disclosed in the annual report.

(2) The measures implemented and aggregate amounts saved per quarter, together with the regular reports on reprioritisation of cost savings, on the implementation of the cost containment measures must be submitted to the Municipal Council for review and resolution. The municipal council can refer such reports to an appropriate Council Committee for further recommendations and actions.

(3) Such reports must be copied to the National Treasury and relevant Provincial Treasuries within seven calendar days after the report is submitted to Municipal Council.

Short title and commencement

16. These Regulations are called the Municipal Cost Containment Regulations, 2018 and take effect on 01 July 2018.

OVERSTRAND MUNICIPALITY

PART B

EXPLANATORY MEMORANDUM ON DRAFT COST CONTAINMENT REGULATIONS INTENDED TO BE MADE IN TERMS OF LOCAL GOVERNMENT: MUNICIPAL FINANCE MANAGEMENT ACT, 2003

The wider implementation of the Local Government: Municipal Finance Management Act, 2003 (MFMA) in all municipalities and entities is an important element in the roll out strategy to modernise and improve financial management in local government. Linked to this strategy are the fundamental principles of effective and efficient utilisation of public resources in a transparent and accountable manner.

Despite the provisions in the MFMA and the reforms developed over the last 13 years to support the implementation of the MFMA, municipalities and municipal entities continue to spend public funds and municipal resources on non-priority items. More often than not this results in a diversion of public funds from core service delivery to other expenditures resulting in dissatisfaction by communities and delays in service delivery.

Government has therefore committed in the Medium Term Strategic Framework for 2014 – 2019 to urgently implement cost saving measures across all three spheres of government to assist in re-prioritizing expenditure and free up resources that can be targeted towards service delivery. These measures introduced are also intended to eliminate wastage of public resources on non-service delivery items. This will be undertaken through advocacy, strengthening the legal and policy prescripts and frameworks aimed at cost containment and ensuring the implementation thereof by municipalities and municipal entities.

The Minister of Finance has also pronounced during the February 2016 Budget Speech and the October 2016 Medium Term Budget Policy Statement that the National Treasury will issue regulations on cost containment measures for local government. The initial cost containment measures were introduced through MFMA Circular. Additional measures will also be taken to ensure a transparent tendering system by ensuring that value for money is attained through the revised procurement process. Similar measures have also been introduced in national and provincial government in terms of the Public Finance Management Act 1 of 1999.

Over the last 4 to 5 years, the Auditor-General's General Report on Local Government Audit Outcomes highlighted the extent of wastage of public resources. This was also observed through various publications in the print media and other government publications. Weak governance as well as the significant increase in the number of municipalities incurring unauthorised, irregular as well as fruitless and wasteful expenditure, were also highlighted as areas of concern.

Building on the MFMA Circular, the National Treasury in association with other stakeholders, have drafted regulations that will promote the cost containment measures introduced in a number of spending areas.

Section 168(1)(b) and (p) of the MFMA provides that the Minister may regulate financial management and internal control and generally, any other matter that may facilitate the enforcement and administration of the Act, respectively. The object of the draft Regulations is to ensure that the resources of municipalities and municipal entities are used effectively, efficiently and economically (regulation 2). The Regulations will apply to all municipalities and municipal entities (regulation 3).

Regulation 1 contains the definition of terms that are used in the regulations. Regulation 4 deals with the establishment of cost containment policies including the principles applicable to such policies.

Regulations 4 to 13 contain the actual cost containment measures to be implemented by municipalities and municipal entities. These measures include:

- Principles around appointment of consultants to perform municipal functions and assessment to be undertaken by municipalities and municipal entities before appointing consultants;

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- Procurement of mayoral vehicles. The regulations introduce a ceiling in terms of the value of the vehicles to be procured and principles in terms of management of such vehicle by the municipalities and municipal entities;

- Travel and subsistence allowance. This section of the regulations provides the thresholds for purchasing air tickets and hiring of vehicles. The intention with this specific measure is to ensure that institutions actually realise the discounts which have been negotiated at National Government level. These thresholds will contribute towards institutions achieving cost savings on their travel and accommodation budgets;

- Prohibition on issuance of credit or debit cards linked to municipal bank accounts to officials or public office bearers;

- Prohibition on using municipal funds for specific functions which include, amongst others, spending on catering for internal meetings only attended by officials, and social, farewell or team building activities. This section also prohibits the utilisation of municipal funds on alcoholic beverages;

- The regulations also make it mandatory for institutions to procure vehicles, cell phone and other related assets via the transversal contract negotiated at National Government level. This will ensure that there are cost savings and benefits passed to municipalities on all such items;

- The regulations also introduce a monetary threshold for conference fees which include the attendance of both local and international conferences;

- The regulations are intended to reduce excessive spending on office furniture and equipment;

- Municipalities and municipal entities are also encouraged to ensure that proper processes are followed when dismissing and suspending officials, this minimise unnecessary legal costs. Institutions are also encouraged to manage their expenditure on leave and overtime benefits; and

- The regulations make it mandatory for municipalities to conduct threat assessments before approving any security measures for councillors or officials.

Regulation 4 introduces consequence management aspects for non-adherence to the regulations. Non-compliance with these measures must be investigated for financial misconduct in terms of the Municipal Regulations on Financial Misconduct Procedures and Criminal Proceedings.

Regulation 5 provides the framework for disclosure of actual cost savings achieved by institutions in their annual reports, this improve transparency.

Regulation 6 contains the short title and the commencement date of the regulations.

These draft regulations therefore propose to provide a framework that is consistent with the provisions of the MFMA. The effective implementation of the regulations is intended to ensure that municipalities and municipal entities achieve value for money in utilising public resources to deliver municipal services. It is the intention that the Regulations would become effective on 01 July 2018.

Comments received during the consultation process will be considered and processed with a view to addressing any shortcomings.

OVERSTRAND MUNICIPALITY

NATIONAL TREASURY

MFMA Circular No. 71

Municipal Finance Management Act No. 56 of 2003

Uniform Financial Ratios and Norms

The purpose of this Circular is to provide a set of uniform key financial ratios and norms suitable and applicable to municipalities and municipal entities. Section 216 (1)(c) of the Constitution and section 2 of the Municipal Finance Management Act (MFMA) enable National Treasury to introduce uniform treasury norms and standards to ensure sound and sustainable management of fiscal and financial affairs of municipalities and municipal entities.

A number of institutions currently use a variety of financial ratios and norms to assess and compare the financial health and performance of municipalities. Municipalities also use different financial ratios and norms to assess their own performance and set benchmarks for improvement to be measured over time. Results of our research show that there are in excess of two hundred different sets of financial ratios, with different derivatives used to assess municipality's financial status. This results in conflicting interpretation, inconsistent application and misunderstanding of the financial status of a municipality, often with incorrect diagnosis of the challenges and therefore inappropriate responses.

This Circular aims to bring consistency in interpretation and application of certain financial information using standardised financial ratios. It is important that any one of these ratios should not be read in isolation of one another, as this could lead to distortions in interpretation. Ideally, a number of interrelated ratios should be analysed together in order to get a broader picture of a municipality's or municipal entity's financial performance. When used in a combined manner analysis of different ratios will provide policy makers and the public with a very good sense of the financial status of the municipality and its entity. This Circular will also assist in municipalities being able to identify areas of financial management that need constant monitoring and improvement.

The Circular addresses different categories of ratios norms, interpretation and covers various aspects of a municipality's finances, such as financial position, financial performance and budget implementation, so that these can be used as part of in-year and end of year analysis. This will also aid in long-term financial planning and can be used to track progress over a number of years. Each ratio is explained to remove ambiguity and misinterpretation. The source of such information is also explained in the annexures to this Circular. Norms or standards have been assigned to each financial ratio, which are explained later in this Circular.

Categorisation Financial Ratios, Formulas, Norms and Interpretation

Categorisation

In order to perform a holistic financial analysis of a municipality or municipal entity all financial aspects of the institution should be considered. Ratios are divided into various

OVERSTRAND MUNISIPALITEIT
2013 -05- 23
OVERSTRAND MUNICIPALITY

categories to address the different financial aspects and operations of a municipality or municipal entity.

1) **Financial Position**

2) **Financial Performance**

3) **Budget Implementation**

Financial Ratios, Formulas, Norms and Interpretation

The ratios presented in this Circular are categorised in accordance with the previous section, and are presented in further detail to include the following:

- Purpose/ description of the Financial Ratio;
- Formula to be Used;
- Norms per Ratio; and
- Interpretation of Ratio Analysis Results.

Tables that provide a summary of the financial ratios, formulas, data source and norms are presented in Annexure 1.

1. FINANCIAL POSITION

A. Asset Management

1. Capital Expenditure to Total Expenditure

Purpose/Description of the Ratio

This Ratio is used to assess the level of Capital Expenditure to Total Expenditure, which indicates the prioritisation of expenditure towards current operations *versus* future capacity in terms of Municipal Services.

Formula

Total Capital Expenditure / Total Expenditure (Total Operating Expenditure + Capital Expenditure) × 100

Norm

The norm range between **10% and 20%**

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Interpretation of Results

When assessing the level of Investment in Assets, a ratio less than 10% reflects lower spending by the municipality in infrastructure and holds potential risks to service delivery. A ratio of more than 20% reflects higher spending on infrastructure and acceleration in service delivery, but could also hold financial sustainability risks if the infrastructure do not include both economic (revenue generating) and social type infrastructure.

The environment of the municipality should be considered when assessing the level of Investment in Assets. A municipality that has already invested in assets to address service delivery backlogs, would be required to maintain and improve such service levels, and therefore the percentage of spending allocated to new assets may not be significant higher.

On the other hand a municipality where the infrastructure and level of services provided is low and the associated expenditure is also low, the percentage of investment in new assets to total expenditure would be significantly higher.

The results from this ratio should be read together with the results from the analysis of the funding mix for capital expenditure.

It is critical that capital expenditure is largely directed toward service delivery infrastructure and not administrative assets.

2. ***Impairment of Property, Plant and Equipment and Investment Property and Intangible Assets (Carrying Value)***

Purpose/ Description of the Ratio

Asset impairment refers to the loss in future economic benefits or service potential of an asset, over and above the systematic recognition of the loss of the asset's future economic benefits or service potential through depreciation.

This implies that the utilisation of assets did not deliver the value or service levels envisaged when approval was originally obtained for procuring the assets. When the approval is obtained to invest in Property, Plant and Equipment or Intangible Assets by the Municipality or Municipal Entity, the value should be realised through utilisation and reflected as Depreciation and not through unexpected losses due the Impairment of Property, Plant and Equipment or Intangible Assets. Impairment is therefore unexpected and only detected when the assessment for Impairment is performed as per the requirements of the applicable GRAP standards. It is therefore not planned for or expected and will not be budgeted.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Formula

Property, Plant and Equipment + Investment Property + Intangible Assets Impairment/ (Total Property, Plant and Equipment + Investment Property + Intangible Assets) x 100

Norm

The norm is **0%**

Interpretation of Results

The purpose of the Ratio is to indicate the percentage of Impairments compared to the Carrying Value of the Assets; a ratio above 0% reflects a risk in service delivery and therefore corrective measures should be implemented.

3. ***Repairs and Maintenance as a % of Property, Plants and Equipment and Investment Property (Carrying Value)***

Purpose/ Use of the Ratio

The Ratio measures the level of repairs and maintenance to ensure adequate maintenance to prevent breakdowns and interruptions to service delivery. Repairs and maintenance of municipal assets is required to ensure the continued provision of services.

Formula

Total Repairs and Maintenance Expenditure / Property, Plant and Equipment and Investment Property (Carrying Value) x 100

Norm

The norm is **8%**

Interpretation of Results

A ratio below the norm is a reflection that insufficient monies are being spent on repairs and maintenance to the extent that it could increase impairment of useful assets.

An increasing expenditure trend may be indicative of high asset-usage levels, which can prematurely require advanced levels of Repairs and Maintenance or a need for Asset Renewal / Replacements. Also, should an increasing expenditure trend suddenly drop to lower levels without an increase in the fixed asset value, this may be indicative of challenges in spending patterns. This may also indicates that the Municipality is experiencing cash flow problems and therefore unable to spend at

OVERSTRAND MUNISIPALITEIT
2019 -05- 29
Page 4 of 23
OVERSTRAND MUNICIPALITY

appropriate levels on its repairs to existing assets or purchase of new assets thus impacting negatively on service delivery.

B. Debtors Management

1. Collection Rate

Purpose/ Use of the Ratio

The Ratio indicates the collection rate; *i.e.* level of payments. It measures increases or decreases in Debtors relative to annual billed revenue. In addition, in order to determine the real collection rate bad debts written-off is taken into consideration.

Formula

Gross Debtors Opening Balance + Billed Revenue – Gross Debtors Closing Balance - Bad Debts Written Off) / Billed Revenue x 100

Norm

The norm is **95%**

Interpretation of Results

Assessing the Collection Ratio will provide an indication of the performance against a number of areas, for example:

- Quality of Credit Control - ensuring that what is billed is collected; and
- Quality of Revenue Management - the ability to set affordable tariffs and bill correctly.

If the ratio is below the norm this is an indication that revenue collection of the municipality requires urgent attention and corrective measures should be implemented. A municipality with outstanding debtors should aim at achieving a collection rate of more than 100%. The results from this ratio should be viewed along with results from the age analysis and net debtor's day's ratio.

2. Bad Debts Written-off as % of the Bad Debt Provision

Purpose/ Use of the Ratio

The Ratio compares the value of Bad Debts Written-off on Consumer Debtors to Bad Debts Provided for Consumer Debtors to ensure that the Provision for Bad Debts is sufficient.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Formula

Bad Debts Written-off (Period under review)/ Provision for Bad Debt (Period under review x 100

Norm

The norm is **100%**

Interpretation of Results

Municipality should only write-off Bad Debts already provided for and, if the results are less than 100%, it should be ideally due to the recoverability of debtors. When 100% is exceeded, it indicates that the Municipality had not previously identified the Debtor/s as having the potential for defaults, which could indicate weakness in calculation of the Provision for Bad Debt, the methodology used and/or poor credit control processes.

3. *Net Debtors Days*

Purpose/ Use of the Ratio

This ratio reflects the collection period. Net Debtor Days refers to the average number of days required for a Municipality or Municipal Entity to receive payment from its Consumers for bills/invoices issued to them for services.

The Ratio exclude balances for Debtors, which the Municipality or Municipal Entity has assessed as potentially irrecoverable, and is also a good indication of the effectiveness of credit control procedures within the Municipality or Municipal Entity as well as the extent to which the Municipality or Municipal Entity has provided for Doubtful Debts.

Formula

((Gross Debtors - Bad Debt Provision) / Billed Revenue)) × 365

Norm

The norm is **30 Days**

Interpretation of Results

This Ratio adjusts for Municipality's who have had significant write-offs of Irrecoverable Debtor balances in the Gross Debtors Days analysis as it only assesses the performance of collectable Debtors. In addition, it provides an indication of the quality of credit control policy, effectiveness of the implementation thereof and quality of revenue management. If the ratio is above the norm, this indicates that the Municipality is exposed to significant Cash Flow risk. This is also an indication that the municipality is experiencing challenges in the collection of outstanding amounts due to it. In addition

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
Page 6 of 23
OVERSTRAND MUNICIPALITY

this indicates that a significant amount of potential cash is tied up in consumer debtors and the municipality must improve its revenue and cash flow management.

C. *Liquidity Management*

1. *Cash/ Cost Coverage Ratio (Excluding Unspent Conditional Grants)*

Purpose/ Use of the Ratio

The Ratio indicates the Municipality's or Municipal Entity's ability to meet at least its monthly fixed operating commitments from cash and short-term investment without collecting any additional revenue, during that month.

The Ratio is adjusted for Unspent Conditional Grants as the cash is not available for normal Municipal day-to-day operational expenditure but rather reserved for Grant related expenditure.

Formula

((Cash and Cash Equivalents - Unspent Conditional Grants - Overdraft) + Short Term Investment) / Monthly Fixed Operational Expenditure excluding (Depreciation, Amortisation, and Provision for Bad Debts, Impairment and Loss on Disposal of Assets)).

Norm

The norm range between **1 month to 3 months.**

Interpretation of Results

If a municipality has a ratio below the norm it would be vulnerable and at a higher risk in the event of financial "shocks/set-backs" and its ability to meet its obligations to provide basic services or its financial commitment is compromised. The results from this ratio should be viewed along with results from analysis on Debtor Management to fully assess Cash Flow Risk. The more cash reserves a municipality or municipal entity has available the lower the risk of it being unable to fund monthly fixed operational expenditure and to continue rendering services.

2. *Current Ratio*

Purpose/ Use of the Ratio

The Ratio is used to assess the Municipality's or Municipal Entity's ability to pay back its Short-term Liabilities (Debt and Payables) with its Short-term Assets (Cash, Inventory, Receivables).

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Formula

Current Assets / Current Liabilities

Norm

The norm range between **1.5 to 2 :1**

Interpretation of Results

The higher the current Ratio, the more capable the Municipality or Municipal Entity will be to pay its current or short-term obligations and provide for a risk cover to enable it to continue operations at desired levels. A financial ratio under 1 suggests that the Municipality or Municipal Entity would be unable to pay all its current or short-term obligations if they fall due at any specific point.

If current liabilities exceed current assets, it highlights serious financial challenges and likely liquidity problems *i.e.* insufficient cash to meet short-term financial obligations. Current assets must therefore be increased to appropriately cover current liabilities otherwise there is a risk that non-current assets will need to be liquidated to settle current liabilities.

D. Liability Management

1. Capital Cost (Interest Paid and Redemption) as a % of Total Operating Expenditure

Purpose/ Use of the Ratio

The Ratio indicates the cost required to service the borrowing. It assesses the Borrowing or Payment obligation expressed as a percentage of Total Operating Expenditure.

Formula

Capital Cost (Interest Paid and Redemption) / Total Operating Expenditure x 100

Norm

The norm is between **6% to 8%**

Interpretation of Results

Operating below the Norm could indicate that the Municipality has the capacity to take on additional financing from borrowing to invest in infrastructure projects or it could relate to cash flow problems where it is unable to access borrowed funds or the funding decisions of the municipality impacts of these levels. On the other hand, exceeding the Norm could pose a risk to the Municipality should changes or fluctuations in financing costs arise.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

When assessing this ratio, the cash flow requirements of the Municipality or Municipal Entity should also be considered.

2. Debt (Total Borrowings)/ Total Operating Revenue

Purpose/ Use of the Ratio

The Ratio indicates the extent of Total Borrowings in relation to Total Operating Revenue. It indicates short and long term debt financing relative to operating revenue of the municipality.

The purpose of the Ratio is to provide assurance that sufficient Revenue will be generated to repay Liabilities. Alternatively stated, the Ratio indicates the affordability of the Total Borrowings.

Formula

Debt (Short Term Borrowing + Bank Overdraft + Short Term Lease + Long Term Borrowing + Long Term Lease) / Total Operating Revenue - Operating Conditional Grant

Norm

The norm is **45%**

Interpretation of Results

If the result of the Ratio analysis indicates less than 45% then the Municipality still has capacity to take increase funding from borrowings, however, this should be considered within the cash flow requirements of the Municipality or Municipal Entity.

E. Sustainability

1. Level of Cash Backed Reserves (Net Assets - Accumulated Surplus)

Purpose/ Use of the Ratio

The Ratio measures the extent to which the Other Reserves, which are required to be cash backed are actually backed by Cash Reserves.

Formula

(Cash and Cash Equivalents - Bank Overdraft + Short Term Investment + Long Term Investment - Unspent Conditional Grants) / (Net Assets - Accumulated Surplus – Non Controlling Interest – Share Premium – Share Capital – Fair Value Adjustment – Revaluation Reserve)

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Norm

The norm is **100%**

Interpretation of Results

If a Municipality or Municipal Entity has less than 100% Cash Reserves it could negatively impact the Municipality's or Municipal Entity ability to comply with the conditions for creating the Reserves and on its ability to fund current and future operations.

2. FINANCIAL PERFORMANCE

A. Efficiency

1. Net Operating Surplus Margin

Purpose/ Use of the Ratio

The Ratio assesses the extent to which the Municipality generates Operating Surpluses.

Formula

(Total Operating Revenue – Total Operating Expenditure)/ Total Operating Revenue x 100%

Norm

The norm is equal to or greater than **0%**

Interpretation of Results

Municipalities should at least recover operational costs for the services being delivered. In addition, a ratio which is greater than 0% will enable the municipality to generate a surplus which will assist to contribute towards its capital funding requirements. If the result is less than 0% it implies that the municipality is operating at a deficit and measures must be implemented to address this situation to ensure sustainable service delivery. In a case of an operating deficit it is critical to ascertain the extent to which the accounting policy, i.e. revaluation method has impacted on the calculations to avoid any distortions in interpretation of the outcome. Refer to Circular 58 section 4.3 regarding revaluation in terms of GRAP 17 and treatment of depreciation and GRAP 24.

2. Net Surplus /Deficit Electricity

Purpose/ Use of the Ratio

This ratio measures the extent to which the municipality generates surplus or deficit in rendering electricity service. The purpose of the Ratio is to determine the contribution

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

made by the provision of Electricity Services, being one of the major functions of a municipality.

Formula

Total Electricity Revenue less Total Electricity Expenditure /Total Electricity Revenue x 100%

Norm

The Norm range between **0% and 15%**

It should be noted that this norm will be superseded by sector determinations from time to time, as other regulatory bodies address the appropriate level of tariffs and surpluses.

Interpretation of Results

A ratio below 0% depicts that electricity service is rendered at a deficit/loss and will be unsustainable if other revenue is not allocated to fund such services. The results must be between the range to ensure services are sustainable and that all costs associated with the delivery of Electricity Services are at least recovered with a margin for future growth and/ or capital funding for electricity assets.

3. Net Surplus / Deficit Water

Purpose/ Use of the Ratio

This ratio measures the extent to which the municipality generates surplus or deficit in rendering water service. The purpose of the Ratio is to determine the contribution made by the provision of water service being one of the major functions of a municipality.

Formula

Total Water Revenue less Total Water Expenditure / Total Water Revenue x 100%

Norm

The norm is equal to or greater than **0%** and will be superseded by the sector determination from time to time, as other regulatory bodies address the appropriate level of tariffs, surpluses and subsidisation.

Interpretation of Results

A ratio below 0% depicts that water service is rendered at a loss and unsustainable. The results must not be below the norm so as to ensure that the Services are sustainable and that all costs associated with the delivery of Water Services are at least recovered with a margin for future growth and/ or capital funding for water assets.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

4. *Net Surplus /Deficit Refuse*

Purpose/ Use of the Ratio

This ratio measures the extent to which the municipality generates surplus or deficit in rendering refuse service. The purpose of the Ratio is to determine the contribution made by the provision of refuse service being one of the major functions of a municipality.

Formula

Total Refuse Revenue less Total Refuse Expenditure /Total Refuse Revenue x 100%

Norm

The Norm is equal to or greater than **0%** and will be superseded by the Sector determination from time to time, as other regulatory bodies address the appropriate level of tariffs, surpluses and subsidisation.

Interpretation of Results

A ratio below 0% depicts that refuse service is rendered at a loss and unsustainable. The results must not be below the norm so as to ensure that the Services are sustainable and that all costs associated with the delivery of Refuse Services are at least recovered with a margin for future growth and/ or capital funding for Refuse assets.

5. *Net Surplus / Deficit Sanitation and Waste Water*

Purpose/ Use of the Ratio

This ratio measures the extent to which the municipality generates surplus or deficit in rendering sanitation and waste water service. The purpose of the Ratio is to determine the contribution made by the provision of sanitation and waste water services being one of the major functions of a municipality.

Formula

Total Sanitation and Waste Water Revenue less Total Sanitation and Waste Water Expenditure / Total Sanitation and Waste Water Revenue x 100%

Norm

The norm is equal to or greater than **0%** and will be superseded by the sector determination from time to time, as other regulatory bodies address the appropriate level of tariffs, surpluses and subsidisation.

OVERSTRAND MUNISIPALITEIT
2015 -05- 23
OVERSTRAND MUNICIPALITY

Interpretation of Results

A ratio below 0% depicts that sanitation and waste water is rendered at a loss and unsustainable. The results must not be below the norm so as to ensure that the Services are sustainable and that all costs associated with the delivery of sanitation and waste water are at least recovered with a margin for future growth and / or capital funding for assets.

B. Distribution Losses

1. Electricity Distribution Losses (Percentage)

Purpose/ Use of the Ratio

The purpose is to measure the percentage loss of potential revenue from Electricity Services through electricity units purchased and generated but not sold as a result of losses incurred through theft (illegal connections), non or inaccurate metering or wastage. It is expected that implementation of the free basic service policy is included in the calculation for sale of electricity.

Formula

(Number of Electricity Units Purchased and / or Generated - Number of Electricity Units Sold) / Number of Electricity Units Purchased and / or Generated) × 100

Norm

The Norm is between **7% and 10%** and will be superseded by the sector determination.

Interpretation of Results

A ratio below the norm depicts that electricity losses are well managed. If the Ratio exceeds the norm it could indicate various challenges, for example, deteriorating electricity infrastructure or poor management of the networks, affecting the Municipality or Municipal Entity, which would require further analysis to determine the reasons for such losses. In addition, the root causes should be addressed.

2. Water Distribution Losses (Percentage)

Purpose/ Use of the Ratio

The purpose of this ratio is to determine the percentage loss of potential revenue from water service through kilolitres of water purchased but not sold as a result of losses incurred through theft (illegal connections), non- or incorrect metering or wastage as a result of deteriorating water infrastructure. It is expected that implementation of the free basic service policy is included in the calculation for sale of water.

OVERSTRAND MUNISIPALITEIT
2019-05-28
OVERSTRAND MUNICIPALITY

Formula

(Number of Kiloliters Water Purchased or Purified - Number of Kilolitres Water Sold) / Number of Kiloliters Water Purchased or Purified × 100

Norm

The Norm is between **15% and 30%**

Interpretation of Results

A ratio within the norm depicts that water losses and water infrastructure are well managed. If the Ratio exceeds the norm it could indicate various challenges, for example, ageing water infrastructure or poor management, affecting the Municipality or Municipal Entity, which would require further analysis and explanation to determine the reasons for such losses. In addition, the root causes should be addressed.

C. Revenue Management

1. Growth in Number of Active Consumer Accounts

Purpose/ Use of the Ratio

The ratio measures the actual growth in the Revenue base of the Municipality brought about by an increase in the Consumer base rather than tariff increases.

Formula

(Period under Review's Number of Active Debtor Accounts - Previous Period's Number of Active Debtor Accounts) / Previous Period Number of Active Debtor Accounts x 100

Norm

No Norm is currently being proposed for this Ratio but will be monitored and a determined in the future. Municipalities are requested to report on this aspect to its Council.

Interpretation of Results

The results from this analysis will have to be taken into consideration when assessing the Growth in Revenue to determine the Real Growth in the Customer base vs growth due to tariff and inflationary adjustments. Growth in number of active consumers indicates an increase in revenue base.

Further, the impact of growth on the Indigent Base vs Growth in Paying Consumers should be assessed regularly as this must be used to inform Councils policy.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

2. ***Revenue Growth (%)***

Purpose/ Use of the Ratio

This Ratio measures the overall revenue growth. In addition, this ratio will assist in determining if the increase in Expenditure will be funded by an increase in Revenue base or by some other means.

Formula

(Period Under Review's Total Revenue - Previous Period's Total Revenue) / Previous Period's Total Revenue) x 100

Norm

The norm is at the rate of **CPI**

Interpretation of Results

The Revenue Growth has to be assessed in conjunction with the growth in the Revenue base and number of consumer accounts to determine the real Growth in Revenue.

3. ***Revenue Growth (%) - Excluding Capital Grants***

Purpose/Use of the Ratio

This Ratio measures the overall Revenue Growth adjusted for Capital Grants. In addition, this ratio will assist in determining if the increase in Expenditure will be funded by the increased Revenue Base or by some other means.

Formula

((Period Under Review's Total Revenue Excluding Capital Grants - Previous Period's Total Revenue Excluding Capital Grants)/ Previous Period's Total Revenue Excluding Capital Grants) x 100

Norm

The norm is at the rate of **CPI**

Interpretation of Results

The Revenue Growth has to be assessed in conjunction with the growth in the Revenue base, number of consumer accounts to determine the real Growth.

OVERSTRAND MUNISIPALITEIT
2019-05-23
OVERSTRAND MUNICIPALITY

D. Expenditure Management

1. Creditors Payment Period (Trade Creditors)

Purpose/ Use of the Ratio

This ratio indicates the average number of days taken for Trade Creditors to be paid.

Formula

Trade Creditors Outstanding / Credit Purchases (Operating and Capital) × 365

Norm

The norm is **30 days**

Interpretation of Results

A period of longer than 30 days to settle creditors is normally an indication that the Municipality may be experiencing cash flow problems, however in certain instances this may be as a result of disputes, processing of payments, etc. In addition, a ratio that exceeds the norm indicates that the Municipality may not be adequately managing its Working Capital or that effective controls are not in place to ensure prompt payments. The municipality will be required to provide further explanations in this regard.

2. Irregular, Fruitless and Wasteful and Unauthorised Expenditure/ Total Operating Expenditure

Purpose/ Use of the Ratio

The ratio measures the extent to which the Municipality has incurred Irregular, Fruitless and Wasteful and Unauthorised Expenditure.

Formula

(Irregular, Fruitless and Wasteful and Unauthorised Expenditure) / Total Operating Expenditure x 100

The net amount after condonement should be used in this calculation.

Norm

The norm is **0%**

Interpretation of Results

A ratio that exceeds 0% must be investigated and acted upon.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

3. Remuneration (Employee Related Costs and Councillors Remuneration) as % of Total Operating Expenditure)

Purpose/ Use of the Ratio

The ratio measures the extent of Remuneration to Total Operating Expenditure.

Formula

Remuneration (Employee Related Costs and Councillors' Remuneration) / Total Operating Expenditure x 100

Norm

The norm range between **25% and 40%**

Interpretation of Results

If the ratio exceed the norm it could indicate inefficiencies, overstaffing or even the incorrect focus due to misdirected expenditure to non-essentials or non-service delivery related expenditure. Various factors need to be considered when commenting on this ratio, such as the powers and functions performed by the municipality or entity, as this can create distortions in the outcomes, if the analysis ignores such factors.

4. Contracted Services % of Total Operating Expenditure

Purpose/ Use of the Ratio

This ratio measures the extent to which the municipalities resources are committed towards contracted services to perform Municipal related functions.

Formula

Contracted Services / Total Operating Expenditure x 100

Norm

The norm range between **2% and 5%**

Interpretation of Results

A ratio in excess of the Norm could indicate that many functions are being outsourced to Consultants, or that Contracted Services are not effectively utilised. This also depends on the model of service delivery selected by the municipality. In addition, outsourcing decisions will have to be weighed against the ability to attract skills; however, increases in this ratio can further expose the municipality to other risks, such as its inability to build capacity and ongoing reliance on Contractors.

OVERSTRAND MUNISIPALITEIT
2019-05-23
OVERSTRAND MUNICIPALITY

E. Grant Dependency

1. Own Funded Capital Expenditure (Internally Generated Funds + Borrowings) to Total Capital Expenditure

Purpose/ Use of the Ratio

The Ratio measures the extent to which the municipality's Total Capital Expenditure is funded through Internally Generated Funds and Borrowings.

Formula

Own Funded Capital Expenditure (Internally Generated Funds + Borrowings) / Total Capital Expenditure x 100

Norm

No norm is proposed at this time. It is critical that the funding mix of capital expenditure is undertaken in such a manner that affordable borrowing is directed towards addressing service delivery needs and that there is also opportunity for increased capacity on internally generated funding to attain an improved balance of the funding sources.

2. Own Funded Capital Expenditure (Internally Generated Funds) to Total Capital Expenditure

Purpose/ Use of the Ratio

The Ratio measures the extent to which Total Capital Expenditure of the Municipality is funded through Internally Generated Funds.

Formula

Own funded Capital Expenditure (Internally Generated Funds) / Total Capital Expenditure x 100

Norm

No norm is proposed at this time. The funding mix for capital expenditure is dependent on the municipal policy and ability to raise revenue from different sources. Increased capacity for internally generated funding is required in some circumstances, which could also improve the balance in funding sources.

3. Own Source Revenue to Total Operating Revenue (Including Agency Revenue)

Purpose/ Use of the Ratio

The Ratio assesses the extent of Own Source Revenue to Total Operating Revenue including Agency Revenue hence self-sufficiency.

OVERSTRAND MUNISIPALITEIT
2010-05-23
OVERSTRAND MUNICIPALITY

Formula

Own Source Revenue (Total Revenue - Government Grants and Subsidies – Public Contribution and Donations)/ Total Operating Revenue (Including Agency Services) x 100

Norm

No norm is proposed at this time. The municipal specific circumstances, including the powers and functions assigned to it, must be considered when assessing the level of own source revenue or its self-sufficiency. An analysis of the trends and levels of own source of revenue will also inform the municipality and users of measures taken to optimise own revenues. The ratio measuring own source revenue should be increasing over time as it reflects municipal efforts towards self-sufficiency.

3. BUDGET IMPLEMENTATION

1. Capital Expenditure Budget Implementation Indicator

Purpose/ Use of the Ratio

This ratio measures the extent to which Budgeted Capital Expenditure has been spent during the financial year, under review. Further, this ratio measures the municipality's ability to implement capital projects and monitor the risks associated with non-implementation. The ratio also assess whether the municipality has effective controls in place to ensure that expenditure is incurred in accordance with an approved budget.

Formula

Actual Capital Expenditure / Budget Capital Expenditure x 100

Norm

The norm range between **95% and 100%**

Interpretation of Results

This can be used in-year to monitor progress. Any variance below 95% indicates discrepancies in planning and budgeting, capacity challenges to implement projects and/or Supply Chain Management process failures, which should be investigated and corrective measures implemented.

Under-spending is also an indicator that the Municipality might be experiencing possible cash flow difficulties to implement projects. Ideally, under-spending should be the result of improved efficiencies and not as a result of non-implementation of programmes and/or projects.

OVERSTRAND MUNISIPALITEIT
2019 -05- 29
OVERSTRAND MUNICIPALITY

Overspending may also indicate inaccurate budgeting or poor financial management control.

2. ***Operating Expenditure Budget Implementation Indicator***

Purpose/ Use of the Ratio

This ratio measures the extent to which Budgeted Operating Expenditure has been spent during the financial year, under review. The ratio also assess whether the municipality has effective controls in place to ensure that expenditure is incurred in accordance with an approved budget.

Formula

Actual Operating Expenditure / Budgeted Operating Expenditure x 100

Norm

The norm range between **95% and 100%**

Interpretation of Results

Any variance from 100% indicates either challenge in capacity to implement, issues of financial controls and management and/or poor budgeting.

Under-spending normally is an indicator that the Municipality experiences possible Cash Flow difficulties or capacity challenges to undertake Budgeted/ planned service delivery, and/ or does not prepare accurate and credible Budgets. Ideally, under-spending should be the result of improved efficiencies and not as a result of non-implementation of programmes and/or projects.

Overspending may also indicate inaccurate budgeting or poor financial management control in respect of budget control.

3. ***Operating Revenue Budget Implementation Indicator***

Purpose/ Use of the Ratio

This ratio measures the extent of Actual Operating Revenue (Excl. Capital Grant Revenue) received in relation to Budgeted Operating Revenue during the financial year, under review.

Formula

Actual Operating Revenue / Budgeted Operating Revenue x 100

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Norm

The norm range between **95% and 100%**

Interpretation of Results

A ratio below 95% indicates either a challenge in capacity to implement, ineffective billing and credit control, weakness in compilation of budgets or issues of financial controls and management of the Municipality.

4. ***Service Charges and Property Rates Revenue Budget Implementation Indicator***

Purpose/ Use of the Ratio

The ratio measures the extent of Actual Service Charges and Property Rates Revenue received in relation to Budgeted Service Charges and Property Rates Revenue during the financial year, under review.

Formula

Actual Service Charges and Property Rates Revenue / Budgeted Service Charges and Property Rates Revenue x 100

Norm

The norm range between **95% and 100%**

Interpretation of Results

A ratio below 95% indicates either a challenge in capacity to implement, ineffective billing and credit control, weakness in compilation of budgets or issues of financial controls and management of the Municipality.

Monitoring

It is important that these indicators are not seen or used in isolation of one another but used in a combined manner so as to provide a holistic picture of the financial status of the municipality or municipal entity. Poor outcomes with relation to these indicators can also point to weaknesses in Institutional and Governance aspects in a municipality that need attention. Therefore, Councillors, Municipal Managers, Chief Financial Officers, Accounting Offices of Municipal Entities, and all financial officials should derive benefits from a deeper understanding of these Ratios and Norms and their implications. The primary responsibility to avoid, identify and resolve financial problems in a municipality rests with the municipality and proper monitoring and use of these indicators, will support decision-makers overcome such challenges.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The use of these Ratios and Norms should assist Municipalities and Municipal Entities to predict, identify, prevent, avoid, and resolve financial problems/crisis timeously and serve as an early warning mechanism. Moreover, this will ensure that Municipalities and Municipal Entities make strategic decisions based on empirical and factual information and analysis for a sustainable outcome. Monitoring and trend analysis of these ratios is critical to ensure that measures are introduced to address areas needing attention and that there is progressive improvements of municipalities own position against the norms. These indicators and their norms, when viewed holistically, provide an overview of the financial position and performance of the Municipalities and Municipal Entities, while recognising institutional differences. Sound and effective financial management practices form the basis for an effective long term sustainable municipality.

The oversight role played by the Municipal Executive, Audit Committee, and Municipal Public Account Committee will also be enhanced with the use of these financial Ratios and Norms through implementation and reporting of financial information. The financial ratios and norms will strengthen financial management and accountability and be used throughout the cycle - integrated development plans (including long term financial plan), budgets, in-year reports for example section 52, 71 and 72 reports, annual financial statements, annual report and oversight reports. Comparison with other municipalities is now possible.

An Excel template has been developed (Annexure 2 of this Circular) to assist municipalities and Municipal Entities to populate relevant financial information, automate calculations, and assist in interpretation thereof.

These Ratios and Norms will be used to assess financial position and performance, quality of budgeting, management, and other characteristics of Municipalities and Municipal Entities, and should holistically provide an overview of the financial health of the Municipality or Municipal Entity, taking the respective and unique circumstances into account. Benchmarking and comparisons between Municipalities and Municipal Entities can also be undertaken, made simpler in future, and will further assist in targeting assistance and support, where needed.

Different institutions including, financial institutions, research organisations, rating agencies, national and provincial government, legislatures, amongst others, can use these uniform set of financial indicators, ratios and norms to monitor the financial position and performance of municipalities.

Implementation

The ratios and norms provided in this Circular and elaborated in the annexures are to be understood in an aspirational context and utilised as soon as possible to enable municipal councils to commence with the process of introducing measures to address areas needing attention. Municipalities and Municipal Entities should take advantage of the transition period, covering the medium term, to allow for progressive improvements of their own status against the ratios and norms.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Conclusion

The variety of financial ratios and norms, over 200, used by various institutions to assess and compare the financial health and performance of Municipalities and Municipal Entities has resulted in confusion across the sector, as users formulate assumptions based on different interpretation of the same financial information.

The Circular creates a uniform categorisation of ratios, standardising formulas and inputs, providing guidance on norms and interpretation of the financial ratio analysis, as applicable to Municipalities and Municipal Entities. There may be other ratios and norms used by analysts that are more appropriate to the financial status of private sector institutions, therefore, the use, differentiation and range described in this Circular should be understood within the context of a public sector institution.

This Circular therefore attempts to address the above challenges and also provide a more structured approach for holistic analysis, taking into cognisance the different type of Municipalities and Municipal Entities. The consistent use of these ratios and norms will assist in reporting accurately the status of municipal finances.

Institutions performing financial ratio analysis for Municipalities and Municipal Entities should therefore refer to this Circular and interpretation therein to ensure uniformity and consistency of application.

It is important that the Municipal Manager ensure that this Circular is brought to the attention of the Municipal Council, Board of Directors of Municipal Entities, relevant oversight structures (Municipal Executive, Audit Committee, and Municipal Public Account) and all other relevant stakeholders. Training providers are also requested to bring this Circular to the attention of trainees.

The introduction and application of these uniform norms, coupled with other financial reforms, will allow for comparisons with different type of municipalities and municipal entities and it is expected that they will replace earlier regulations issued that cover financial ratios and norms as these are based on the latest reforms in financial management.

ANNEXURE I

mSCOA REGULATIONS & IMPLEMENTATION

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

MUNICIPAL REGULATIONS ON A STANDARD CHART OF ACCOUNTS (mSCOA):

POST IMPLEMENTATION STATUS OF THE mSCOA PROJECT – MAY 2019

Executive Summary

The purpose of this submission to Council is to:

1) Inform Council on specific initiatives to date by National Treasury to enable a full and complete understanding of the scope and extent of the SCOA implementation as applicable to all municipalities and municipal entities;
2) Report to Council on progress made to date with the implementation of mSCOA at the Overstrand Municipality since the previous report to Council.
3) Maintain an on-going awareness of specific mSCOA initiatives in the Overstrand Municipality; and
4) Considerations on the way forward with the core financial system, being SamrasClassic, currently in use by the Overstrand Municipality.

A comprehensive supplementary report in this regard, providing the necessary detail with regard to background and historic information over the past number of years for this National Treasury project, is also included at the end of the *updated status* section of this report, referenced as Annexure (to the mSCOA post implementation status of the mSCOA project).

Updated status of the mSCOA Project since the previous reporting to Council in January 2019:

The challenges experienced with the day-to-day operational requirements were also reported to Council recently with regard to the submission of the Annual Financial Statements, a shortened version of the background to this stated that since the inception of mSCOA, there have been 5 versions to date that Overstrand has had to contend with as a Pilot Site, all of them bringing new challenges with regards to chart of accounts changes. As a pilot site and having implemented mSCOA since July 2015 (started on version 5.3) has experienced more challenges over a prolonged period with the structures already created and operationally in use, especially since non-pilot municipalities started to implement with only the relevant and latest version of the mSCOA Chart, on a clean slate.

Before-mentioned historic implementation in the instance of Overstrand lead to new challenges as from 1 July 2017 and which could not be foreseen by the municipality as the municipality had no insight into the subsequent development of these particular areas to accommodate the non-pilot municipalities.

Since 01 July 2015, the municipality has officially logged 669 system queries (CIMS) with the vendor all of which relates to the implementation of mSCOA. (Annexure E) For the period 01 June 2017 to date a total of 201 system queries with varying degrees of severity were logged all of which contributed to the inability to produce quarterly financial statements.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

From the period 01 July 2017 to 31 August 2018 the vendor has released 78 system changes, many of them consisting of multiple program changes. We have experienced numerous instances where one issue is resolved only to discover that another has occurred. Of the 78 system changes a total of 14 system changes with multiple program changes were implemented during period 01 July 2018 to 29 August 2018. This effectively equated to 1 suite of multiple program changes every three working days over this period.

National Treasury recently communicated the following update regarding the status of mSCOA implementation on a national level, to municipalities:

"Despite our position that was communicated that the *m*SCOA (ORGB) (data strings) must be corrected by 12 October 2018 if it does not reconcile to the Adopted Budget approved by Council, we once again have received a number of requests from municipalities for extension to correct their ORGB.
After further investigation into the reasons for such non-compliance, it is our conclusion that:

In some cases the ORGBs data strings are correct but the information on the adopted A1 schedules are incorrect (once again the A1 Schedules that were submitted to Council were not prepared in and drawn from the system). These data strings will not reconcile to the budgets unless the municipality takes the A1 Schedule back to Council for ratification. Apart from the MFMA not allowing for this until the Adjustments budget process, municipalities have already started transacting against the ORGBs. Allowing municipalities to reverse any actual transactions on posting level after month closure is not only a contravention of the *m*SCOA Regulations but will also affect the already reconciled bank accounts, stores, billing, etc. for the three months already passed;

Some municipalities have already approved and captured roll-over budgets which they are transacting against and therefore have already implemented an adjusted budget;

Most municipalities do not use and combine the correct segments to populate an accurate cash flow statement;

Municipalities do not know how to do balance sheet budgeting and as a result they are not populating tables A2, A6 and A7 in the A1 budget schedules correctly; and

Municipalities are not using the segments correctly when they budget. E.g. Municipalities are not using the project segment as the departure point for all transactions and are not populating the funding segment correctly.

Our investigation also revealed that the reason why some municipalities are not using the budget preparation modules to generate A1 Schedules directly from the financial system, is because these modules are not functioning properly, are impractical and are not user friendly. This is unacceptable and means that some system vendors are equally guilty where municipalities could not conclude the data string verifications for these reasons. It also seems as if municipalities are not allowing sufficient time for the preparation of the tabled and adopted budget at the posting level (as required in terms of *m*SCOA).

OVERSTRAND MUNICIPALITY
2019 -05- 23

Careful consideration was given to the above challenges and after lengthy deliberations, the National Treasury resolved that it is willing to compromise in the following manner:

1. We will also request all vendors to present their budget module (specifically on the statement of financial performance (Table A4), statement of financial position (table A6) and cash flow statement (table A7) and how these feed and reconcile into the A1 Schedules to the National and Provincial Treasuries in November 2018 in order to provide guidance to vendors where required. In an attempt to ensure that, going forward, all municipalities budget directly in the financial system manage their statements of financial position and cash flow in the correct manner. Invitations for these engagements will be distributed to all system vendors and Provincial Treasuries in due course;

2. In an attempt to ensure that, going forward, all municipalities budget directly in the financial system and manage their statements of financial position and cash flow in the correct manner, the National Treasury will offer training to the municipal officials preparing the budgets on the population of the A1 budget schedules and *m*SCOA data strings. Details on the training will be communicated in due course;

3. The National Treasury has also secured funding to conduct independent audits on all municipal core financial systems to determine to what extend these systems comply with the functionality requirements and 15 business processes required in terms of *m*SCOA. These audits will commence within the next month and the results will be published and shared in a media release. These results will also inform the new transversal tender for the procurement of municipal financial systems when RT25-2016 comes to an end in March 2019; and

4. National Treasury will still submit to Parliament and the Auditor-General and publish on our website the names of all municipalities whose data strings did not reconcile to their adopted budgets.

Updated status of the mSCOA Project since the tabling of the Draft Budget in Council on 27 March 2019:

1. No feedback regarding the anticipated outcome of the audit process of mSCOA system vendors by National Treasury has been communicated to municipalities.

2. This is also compounded by the fact that the Municipality has yet to receive an updated project plan for the rollout of the complete suite of the Samras web based modules from Bytes Systems Integration.

Background/Discussion

(Information now following in this report attempts to provide the background to requirement for this report to Council, and has already previously been reported to Council)

As required by National Treasury, the mSCOA Project went live on 01 July 2017 based on the mSCOA Release Version 6.1. Although the core financial system is currently fully operational and functional, there still remain some material issues and constraints to achieve full mSCOA compliance.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

National Treasury Directives and Technical Specifications

Due to the continuous changes in directives and amendments to the initial mSCOA implementation frameworks and technical system design specifications as issued by National Treasury since July 2015, it is fair and reasonable to accept that the sum total and impact of all the scope changes introduced by National Treasury to the initial scope of mSCOA implementation project plan, and in such a fragmented fashion, will still impose certain potential risks to the successful implementation of mSCOA in totality.

Vendor Technical Systems Design and Development Strategies

During the piloting process, based on circumstances, the vendor decided to retain its current legacy system and database architectures for all transactional processing, and to develop a separate Web-portal architecture as required by National Treasury for Budgeting and Reporting purposes for the mSCOA implementation phase up to 1 July 2017.

Development of the remainder of the mSCOA functional requirements for implementation was envisaged by not later than 31 September 2017, to coincide with the commencement of Budget planning cycle for the next financial year: 2018/2019, which, at the time made good business sense, given the scope of the transversal tender, RT25-2016 functional requirements as well.

It was thus also the intent of the vendor to decommission its legacy system and database architectures and to migrate all the municipal financial data to a new Web-enabled systems and database architecture, to also coincide with the commencement of the budget planning cycle for 2018/2019.

The Vendor informed the municipality during the User Acceptance Testing phase prior to 1 July 2017, that they will not be able to implement in accordance to the time frames as indicated for the intended migration strategy to the new Web-enabled architecture. At a user group meeting held in October the vendor informed the meeting that the migration to a Web-enable architecture will not take place before 01 July 2018. The Overstrand Municipality as with various other municipalities on a national basis, are currently functional with hybrid systems and database architecture framework.

As previously reported to Council, the mSCOA Project went live on 01 July 2017 based on the mSCOA Release Version 6.1 and although the core financial system is currently fully operational and functional, there still remain some material issues and constraints to achieve full mSCOA compliance.

A meeting with the service provider took place in Cape Town on 16 November 2017, where a number of municipalities discussed the most critical challenges with Bytes to ensure that these matters receive the necessary attention. It is crucial that the financial system provides for technical requirements timeously to enable the administration to comply with relevant legislation.

A subsequent meeting, as arranged by the Western Cape Provincial mSCOA Project Manager with the service provider and the municipalities involved, took place on 11 January 2018. The purpose of this meeting was to obtain feedback from Bytes regarding the status update per municipality that details the outstanding activities and

OVERSTRAND MUNICIPALITY
2019 -05- 23

planned delivery dates. The service provider was also notified at the same time that the Western Cape Provincial Treasury, together with municipalities, are working towards 31 March 2018 to ensure that all modules are fully functional and that all 3rd Party Integrations are complete and operational.

It is not foreseen that before-mentioned time-line will be achievable, taking into account the outstanding issues regarding most critical modules which still have to be addressed up to the end of March 2018.

The national and provincial treasuries have communicated on various occasions with municipalities around the successful submissions of data strings and the alignment of the C-Schedules, as the next stage of the mSCOA implementation. National Treasury intensified efforts to encourage municipalities to meet the following priorities:

1) Submission of TABB (Tabled Budget) data strings for 2018/19: Deadline was 5 April 2018 (as per budget circular);
2) Submission of PRTA (Project Detail Tabled Budget) data strings for 2018/19;
3) Submission of M01 to M12 (Monthly, cumulative) for 2017/18: Deadline is 10 working days after the end of the month.

Overstrand Municipality has already complied to a large extent with these requirements and have focused on the submissions that reflect an error validation status.

The implementation of mSCOA Regulations from 01 July 2017 revealed some of the challenges with version 6.1 of the chart that had to be addressed. As a result of this, the chart was updated and version 6.2 was released with the 2018/19 MFMA Budget Circular no. 89. Version 6.2 of the chart is effective from the 2018/19 budget year and was used to compile the 2018/19 MTREF.

The Way Forward with mSCOA

To date the core financial system of the municipality is functional and operational, for day-to-day transacting, primarily due to the collective efforts and competence of the Overstrand municipal officials involved with the implementation of mSCOA.

Accurate data string extracts from the web-based financial system remained a challenge to date, also in view of the fact that some vital modules are not deployed in the web yet). These and other system operational challenges are continually being logged with the service provider for solutions.

The Overstrand Municipality currently has its own existing and mutually accepted Main Agreement with the Bytes Technology Group, effective till 30 June 2019. In view of the following confirmation by National Treasury as discussed above, The municipality is currently following a proposed amendment of contract process for the financial system in terms of the enabling provisions of Section 116(3) of the Local Government: Municipal Finance Management Act 2003, Act 56 of 2003 (MFMA), in order to ensure business continuity –

The National Treasury has also secured funding to conduct independent audits on all municipal core financial systems to determine to what extend these systems comply with the functionality requirements and 15 business processes required in terms of mSCOA. These audits will commence within the next month and the results will be

OVERSTRAND MUNICIPALITY
2019 -05- 23

published and shared in a media release. These results will also inform the new transversal tender for the procurement of municipal financial systems when RT25-2016 comes to an end in March 2019;

The municipality will keep the Council and National Treasury informed of any changes to the current status.

ANNEXURE (TO THE mSCOA POST IMPLEMENTATION STATUS OF THE mSCOA PROJECT

1. **Executive Background**

The Minister of Finance has, in terms of section 168 of the Local Government: Municipal Finance Management Act, 2003 (Act No.56 of 2003), and acting with the concurrence of the Minister of Cooperative Governance and Traditional Affairs gazetted the Municipal Regulations on Standard Chart of Accounts (mSCOA) into effect on 22 April 2014

The Regulation initially provided for a three year preparation and readiness window for all municipalities and municipal entities till 01 July 2017 to be compliant to the mSCOA classification framework. Since then this date for compliance has now been extended to 31 March 2019, but this Regulation:
"Shall remain in effect until the satisfactory implementation of mSCOA within the municipality and will only terminate by agreement of the Municipal Manager and the Municipal Council."

Since the previous report submitted to management in August 2017, at least two events occurred that directly impact on the existing contractual relationship and service delivery expectations the Overstrand municipality have with its current Service Provider, being **Bytes Technology Group:**

1) The legislative and regulatory compliance requirements for mSCOA implementation have been amended twice by National Treasury from mSCOA V6.1 to mSCOA V 6.2 effective from 01 July 2018 and more recently, mSCOA V6.3 has been introduced in December 2018 for full compliance by not later than 31 March 2019, to co-incide with the Budget Planning Cycle for 2019/2020;
2) The **National Treasury Transversal Contract: RT25-2016**, effective from 01 June 2016, **for the appointment of Service Providers for the implementation of a fully Integrated Financial Management System for Local Government**, will be discontinued by National Treasury, effective from 31 May 2019, thus;
   - *"Any municipality that considers the services of an alternative system vendor will need to embark on its own procurement process consistent with Chapter 10 of the MFMA, read together with the Municipal Supply Chain Management (SCM) Regulations and the written council approved Municipal Supply Chain Management policy."*

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

2. Legislative and Regulatory Frameworks

Section 216 of the Constitution of the Republic of South Africa, 1996, provides that national legislation must prescribe measures to ensure transparency and expenditure control in each sphere of government by introducing generally recognized accounting practice (GRAP), uniform expenditure classifications and uniform treasury norms and standards. The Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003) (MFMA), determines those measures for the local sphere of government and enables the Minister of Finance to further prescribe by regulation such measures in terms of section 168 thereof.

3. mSCOA: Scope and Overview

3.1. Business Rationale

mSCOA stands for "***municipal Standard Chart of Accounts***" and provides a uniform and standardised financial transaction classification framework. mSCOA is a "proudly South African" project researched by National Treasury based on municipal practices, reporting outcomes, policy implementation and reviews.

Prior to mSCOA, each municipality managed and reported on its financial affairs in accordance with its own organizational structure and unique chart of accounts. The result is a disjuncture amongst municipalities and municipal entities and between municipalities and the other spheres of government as to how they classify revenue and expenditure and consequently report thereon. This compromises transparency, reliability and accuracy throughout the planning and reporting process and impedes the ability of national government to integrate information and to formulate coherent policies in response to the objectives of local government.

This is done at transactional level and ensures that a municipality and its entities must have minimum business processes in place.

- **In essence it means that mSCOA is primarily a business reform rather than a mere financial reform and requires multi-dimensional recording and reporting of every transaction across 7 pre-defined segments.**

3.2. Key Objectives of mSCOA

Key Objective 1 – The mSCOA Regulations to provide for a national standard for the uniform recording and classification of municipal budget and financial information at a transaction level by prescribing a standard chart of accounts for municipalities and municipal entities which-

- Are aligned to the budget formats and accounting standards prescribed for municipalities and municipal entities and with the standard charts of accounts for national and provincial government; and

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- Enable uniform information sets recorded in terms of national norms and standards across the whole of government for the purposes of national policy coordination and reporting, benchmarking and performance measurement in the local government sphere.

Key Objective 2 - The Regulations to enable the alignment of budget information with information captured in the course of the implementation of the budget.

3.3. mSCOA Classification Framework

As per the directive from National Treasury, from 01 July 2017, all municipalities had to capture all their financial transactions against a predefined classification framework, which will result in uniformity of line items in terms of revenue, expenditure, assets and liabilities.

4. mSCOA Project Governance and Management

During the Life Cycle of the mSCOA Project Implementation, National Treasury has provided various Project Implementation Frameworks to assist municipalities to achieve full compliance with all the mSCOA Legislative, Regulatory functional systems requirements. These frameworks has been applied as a reference guide by the Overstrand municipality to ensure that:

1) A fully informed and transparent assessment of all legislative and regulatory mSCOA functional compliance requirements are done;
2) All non-compliance matters are identified and assessed in terms of its relevance and,
3) Corrective measures to be instituted timeously to achieve full compliance status by National Treasury and the Auditor General of South Africa.

Every municipality and local government entity is ultimately responsible to ensure full compliance to all the mSCOA legislative and regulatory requirements.

Chapter 6 of the MFMA tasks the Municipal Manager of the municipality with managing the financial administration of the municipality. The Municipal Manager also has the overall responsibility to manage the successful implementation of the mSCOA project within the municipality.

The Municipal Manager, in terms of the MFMA has delegated some of these mSCOA Implementation responsibilities. The Municipal Manager has tasked an mSCOA Steering Committee and mSCOA Project Implementation Team to drive and oversee the successful implementation of the Municipal Regulations on Standard Chart of Accounts in the municipality and to advise the Municipal Manager and to report progress go to council at least on a quarterly basis.

Best practice Project Governance and Management structures and forums were established to monitor progress with the mSCOA Implementation Project

OVERSTRAND MUNICIPALITY 2019-05-23

and to assess the quality of service delivery by the appointed Service Provider and to report at least quarterly to council on progress being made with the mSCOA project Implementation and all other relevant matters.

5. mSCOA Project Implementation Frameworks

5.1. mSCOA Compliance Frameworks

To maximise the integrity and transparency of the mSCOA assessment process the mSCOA compliance frameworks as prescribed by National Treasury during the various project implementation phases, were used by the Overstrand municipality.

5.1.1. RT25 –2016: ICT Due Diligence Functional Assessment Framework

The RT25 National Treasury Transversal Tender, published in the MFMA 80, dated 8 March 2016, states that:
"*The technical systems specifications was designed to address not only the mSCOA requirements but also to list all the components needed to fully automate and accommodate the accountability cycle of municipalities (considering the current local government legal environment). Best Practices and Optional requirements were discerned in this tender in order to clearly identify only the essential systems functionality. Optional systems features and functions have been identified as non-regulated options / add-ons. The RT25-2016 also allowed for 3rd party integration as well as future developments. Through this approach the National Treasury allowed for a municipality to follow an evolutionary systems approach if such is preferred.*"

The RT25-2016 National Treasury Transversal contract also aimed to achieve the following additional key objectives

(a) improved data quality and credibility;

(b) the achievement of a greater level of standardization;

(c) the development of uniform data sets critical for 'whole-of-government' reporting;

(d) the standardization and alignment of the 'local government accountability cycle' by the regulation of not only the budget and in-year reporting formats but also the annual report and annual financial statement formats;

(e) the creation of the opportunity to standardize key business processes with the consequential introduction of further consistency in the management of municipal finances;

(f) improved transparency, accountability and governance through uniform recording of transactions at posting account level detail;

(g) enabling deeper data analysis and sector comparisons to improve financial performance; and

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

(h) the standardization of the account classification to facilitate mobility in financial skills within local government and between local government and other spheres as well as the private sector and to enhance the ability of local government to attract and retain skilled personnel.

- In line with the directives as stated above, the Overstrand municipality decided to follow an evolutionary process and therefor **only the Legislative and mSCOA regulatory functional requirements** were assessed for compliance and only the core financial system, being the Samras system, was assessed.
- During the initial assessment process in 2017 it was found that:

  1) Some of the sub-processes/modules nominated by National Treasury in the RT25 Tender, do not require any legislative and/or mSCOA regulatory functional requirements; and,
  2) Some sub-process/modules do not form part of the Samras systems portfolio currently used by the Overstrand municipality and,

  therefor have been excluded from the functional compliance assessment process.

5.1.2. Financial Management and Internal Control Requirements

As per MFMA Circular 80, paragraph 4, (Dated 8 March 2016) states as follows:

"*Municipalities must ensure when examining the functionality of their current systems of financial management and internal control that it meets the minimum business processes and system requirements as stated in the mSCOA Regulation. In this regard it refers to a system of financial management and internal controls capable of providing for the uniform recording and classification of both municipal and financial information at a transactional level in the prescribed municipal standard chart of accounts. As a consequence, systems of financial management and internal control* ***must****, as a minimum, comply with these explicit business process requirements:*"

5.1.3. mSCOA Budgetary Compliance Requirements

(Reference: Addendum to MFMA Circular 80, paragraph 3, dated 18 October 2016)

Whether employing the RT25-2016 panel or not, municipalities are required to:

1) Have a systems-integrated IDP (integrated development plan) Module.
2) Have a systems-integrated Budget Module.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

3) Enable a municipality, with effect 1 July 2017, to transact across the seven segments of *m*SCOA with subsystems seamlessly integrating to the core financial system.

4) It should specifically be noted that the due date for all these deliverables was set by the Service provider to be 31 March 2017.

5.1.4. Business Process Requirements and Associated System

(Reference: Addendum to Circular 80, Paragraph 5, dated 18 October 2016)

Any system of financial management and internal control, as a minimum, must comply with the seven main business and process components. The seven components must integrate seamlessly with the *m*SCOA general ledger and comply at a posting level to the *m*SCOA Regulations and GRAP. The seven main components are defined as follows

1) General Ledger;
2) Billing;
3) Supply chain management;
4) Assets management;
5) Inventory and stores;
6) Budgeting and planning; and
7) Human Resources and payroll.

Directly aligned to the defined components as listed above, fifteen major business processes have been defined within Local Government.

- These 15 business processes have been reviewed and submitted to council for approval at the council meeting held on 25 May 2017 and is reviewed annually.

6. mSCOA Training and Status of Operations – February 2019

To date, training has been provided to all applicable officials in the Overstrand municipality to:

1) Plan and develop Departmentsal budgets, but;
   - regressed from capturing budgets on the Web portal to capturing information on Excel spreadsheets by Budget Holders due to the functionality not being available on time with regard to the requirements related to the annual Budget Cycle, also with reference to the latest nSCOA version of the Chart (V6.3), published by National Treasury only on 7 December 2019.
     Before-mentioned resulted in the release of relevant system functionality only weeks later, impacting severely on the adherance to the time-lines for tabling of the draft budget in Council during March 2019;

OVERSTRAND MUNICIPALITY
2019 -05- 2 3
OVERSTRAND MUNICIPALITY

2) Process all finacial data at a transactional level across all seven mSCOA segments, but;
   - Only still in SamrasClassic
3) Extract and compile all required financial and management reports across the Annual Financial Accountability Reporting Life Cycle , but:
   - This aspect still requires much manual intervention.

7. Bytes Systems and Engagements

7.1 In 2014 the Overstrand municipality opted to be one of a few municipalities selected by National Treasury to engage with our current Service Provider on a pilot mSCOA Implementation project, taking full advantage of early lessons learned and a focussed support from National Treasury. However still to date, the functional and operational status of the Samras system still does not justify an unqualified report to Council and National Treasury that the Samras system is fully mSCOA compliant, primarily due to the following issues and constraints:

i. The current hybrid Systems Architectures (SamrasClassic and the Web-portal) maintained by the vendor in an attempt to deliver a fully functional Samras system, poses a severe risk due to the lack of proper validation rules between the two data architectures and data being ceded between the two Samras System Architectures.

ii. Before-mentioned continues to impact on the day to day operations of the Finance Directorate mostly, and places severe pressure on the Financial Services Department (Budget/Reporting/Annual Financial Statements). This impacts on an ongoing basis in maintaining performance in adherence/compliance to deadlines related to legislation (Sub-systems/modules might reconcile or function properly on one day and then will be dysfunctional again the very next day (refer NT budget schedules, formulae and reports, with particular incidents reported to the vendor remaining unresolved relating to any permanent solutions, progress, and/or implementation.)

7.2 Bytes Systems and Engagements

As reference point again, extract from MFMA Circular 57

> *"Service delivery is a by-product of effective, efficient and economical processes that are informed by strategic direction, resource planning and implementation. Furthermore, a municipality with poorly designed business processes will not resolve the problem by implementing a new (financial) system.*
>
> *Firstly, processes must be redesigned with the necessary data validation rules if the municipality is to improve its data integrity. This foundation is integral to ensuring that software applications generate credible information and can be used effectively by municipalities."*

ICT Industry Migration to Knowledge Based Systems Architectures

Since Y2K the demand for large databases systems and broad band data communications networks has brought about a total new paradigm how databases and Management Information Systems must be designed and developed. .

This requirement for *"knowledge based systems and best industry practice systems architectures"*, providing access to *"data on demand" at "anytime from anywhere"*, eventually also found its inroads into all three spheres of government in the Republic of South Africa with various ICT initiatives being deployed by various governmental institutions:

- The mSCOA initiative introduced by National Treasury in 2011, being one of them. (Reference: MFMA Circular 57: Financial Systems and Processes, dated 20 October 2011)

7.3 SAMRAS Financial System

The transactional and operational processing in the SamrasClassic environment were also at an acceptable level of functionality at the time. Flat file structures with some relational database capabilities was primarily the state of the art for Information databases and Systems Architectures, but then also primarily for a localised environment i.e. the Overstrand municipality.

However, given the emergence of *"Knowledge based systems and Database Architectures"* Bytes, our current Service Provider, at the time realised that the SamrasClassic systems and database architectures cannot be the ICT enabling platform to provide all the required functionalities going forward into the 21st Century: mSCOA and the Smart Cities concepts being some of the strategic initiatives for local government institutions.

Since 2009 Bytes made service offerings to its local government clients with the intent to also introduce best practice ICT enabling platforms as part of its internal growth strategies moving into the 21st Century.

With the advent of MSCOA, now being in its final phase of completion, it is now also the most appropriate time to assess the outcomes of the various Samras service offerings by Bytes since 2009 to determine to what extent these service offerings were able to align with the expectations of local government, enabling good governance and improved service delivery to all our communities and residents.

Summarised Overview and Assessment of the Bytes Service Offerings and Service Delivery Performance

Time frames	Bytes Service Offerings	Objective/Intent	Assessment
2013 to Date	mSCOA: Initial Bytes Implementation Project Refer Diagram 1 below	Introduced by NT to provide for a national standard for the uniform recording and classification of municipal budget and financial information at a transaction level by prescribing a standard chart of accounts for municipalities and municipal entities	The Overstrand municipality was one of the selected pilot sites to implement mSCOA in a two year time frame: 2013 to 2015. To date the Samras System still operates on two architecture platforms: The Web Portal only for budget reporting to NT in production environment at Overstrand and all operational processing still occurs in the SamrasClassic Domain. Data ceding between the two platforms remain a work in progress and an operational challenge as earlier indicated.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

2015/2019	Samras Modernisation, subsequently referenced /WebEnablement (Web Interface Business Process) Refer Diagram 2 & 3 below	2015 Planning - Deliver a complete Web based solution, with self-service focus for rate payers: Aligned with all financial business processes and transparency to all stakeholders. 2016 Planning - Complete full delivery of all core processes on the Web by April 2017; sufficient time for completion of development test and handover; Construction of Computer based training. 2019 Expectation - is to deliver a fully Web based Solution and phase out SamrasClassic by not later than December 2019.	Still no clear feedback regarding phasing out of the SamrasClassic. February 2019: Still await updated detailed Project Implementation Plan and Modernisation Scope and Specifications from Bytes. Samras User Group scheduled for 6 to 7 March 2019 provided some high level indications without detailed implementation plan made available thus far.

2018/2019 Samras Monthly Performance Ratings:

Ratings Range: 5 =Exceptionally Good Services, to 1 =Exceptionally Poor Services

- KPI Description: Deliver financial system services within agreed time, cost and quality:
- KPI Rating: Monthly performance ratings since July 2018 = 1

July 2018: The ceding of the budget were not ready in time for the year end. We could not process any transactions for almost a week at the start of the financial year due to problems with the ceding seeding of the budget.

Monthly Reviews: Not all issues on production system have been solved in time. Bi-weekly meetings held with supplier, alternatively telecon meetings as far as possible.

Before-mentioned rating also to be considered in view of the following – Due to the continuous changes in directives and amendments to the initial mSCOA implementation frameworks and technical system design specifications as issued by NT since July 2015, it is fair and reasonable to accept that the sum total and impact of scope changes introduced by NT to the initial scope of mSCOA implementation project plan, and in a fragmented fashion, impacted on service providers to some extent and still impose potential risks to successful implementation of mSCOA in totality.

GOVERNMENT NOTICE

NATIONAL TREASURY

No. R. 312 **22 April 2014**

LOCAL GOVERNMENT: MUNICIPAL FINANCE MANAGEMENT ACT, 2003: MUNICIPAL REGULATIONS ON STANDARD CHART OF ACCOUNTS

The Minister of Finance has, in terms of section 168 of the Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003), and acting with the concurrence of the Minister of Cooperative Governance and Traditional Affairs, made the regulations as set out in the Annexure.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

ANNEXURE

Preamble

Section 216 of the Constitution of the Republic of South Africa, 1996, provides that national legislation must prescribe measures to ensure transparency and expenditure control in each sphere of government by introducing generally recognised accounting practice, uniform expenditure classifications and uniform treasury norms and standards. The Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003), determines those measures for the local sphere of government and enables the Minister of Finance to further prescribe by regulation such measures in terms of section 168 thereof. The National Treasury is responsible for enforcing compliance with such measures, in addition to those functions assigned to it in terms of the Public Finance Management Act, 1999 (Act No. 1 of 1999). The National Treasury must compile national accounts incorporating all three spheres of government.

Uniform expenditure classifications have already been established and implemented for national and provincial government departments. These Regulations propose segments and a classification framework for the standard chart of accounts to be applied in local government in similar form to that implemented for national and provincial government departments. In order to enable the National Treasury to provide consolidated local government information for incorporation in national accounts, national policy and other purposes, it must obtain financial information from individual municipalities. Currently, each municipality manages and reports on its financial affairs in accordance with its own organisational structure and unique chart of accounts. The result is a disjuncture amongst municipalities and municipal entities and between municipalities and the other spheres of government as to how they classify revenue and expenditure and consequently report thereon. This compromises transparency, reliability and accuracy throughout the planning and reporting process and impedes the ability of national government to integrate information and to formulate coherent policies in response to the objectives of local government.

Therefore it is necessary for the Minister of Finance to specify national norms and standards for the recording and collection of local government budget, financial and non-financial information which will include in some instances the specification of information required for national policy coordination and reporting. This will result in an improved understanding of the role of local government in the broader national policy framework and linkage to other government functions.

The Municipal Budget and Reporting Regulations, 2009, provide for the formalisation of norms and standards in order to improve the credibility, sustainability, transparency, accuracy and reliability of municipal budgets. The prescribed budget formats provide the framework for the identification of the categories of municipal

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

financial and non-financial information required in developing municipal budgets. A key objective of the proposed Regulations is to enable the alignment of budget information with information captured in the course of the implementation of the budget.

Additional key objectives, which also illustrate the potential benefits, include-

(a) improved data quality and credibility;
(b) the achievement of a greater level of standardisation;
(c) the development of uniform data sets critical for 'whole-of-government' reporting;
(d) the standardisation and alignment of the 'local government accountability cycle' by the regulation of not only the budget and in-year reporting formats but also the annual report and annual financial statement formats;
(e) the creation of the opportunity to standardise key business processes with the consequential introduction of further consistency in the management of municipal finances;
(f) improved transparency, accountability and governance through uniform recording of transactions at posting account level detail;
(g) enabling deeper data analysis and sector comparisons to improve financial performance; and
(h) the standardisation of the account classification to facilitate mobility in financial skills within local government and between local government and other spheres as well as the private sector and to enhance the ability of local government to attract and retain skilled personnel.

These Regulations apply to all municipalities and municipal entities and indicate its applicability and relevance to each specific municipal environment while accommodating organisational uniqueness and structural differences. These Regulations also proposes the specification of minimum business process requirements for municipalities and municipal entities as well as the implementation of processes within an integrated transaction processing environment.

CHAPTER 1

INTERPRETATION, OBJECT AND APPLICATION

Definitions

1. In these Regulations, a word or expression to which a meaning has been assigned in the Regulation has the same meaning as in the Act and unless the context indicates otherwise—

"Act" means the Local Government: Municipal Finance Management Act, 2003 (Act No. 56 of 2003);

"board of directors", in relation to a municipal entity, has the meaning assigned to it in section 1 of the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000);

"business processes" means the set of activities taking place from the initiation of a process within a municipality or municipal entity to the completion thereof;

"classification framework" means the classification framework provided for in the standard chart of accounts;

"Director-General" means the Director-General of the National Treasury;

"general ledger" means the central depository of accounting data transferred from all sub-ledgers;

"minimum business process requirements" means the set of minimum components of all business processes determined in terms of regulation 6;

"minimum system requirements" means those specifications for an integrated software solution, incorporating an enterprise resource management system determined in terms of regulation 7;

"municipal entity" has the meaning assigned to it in section 1 of the Local Government: Municipal Systems Act, 2000;

"municipal council" has the meaning assigned to it in section 1 of the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998);

"municipality" has the meaning assigned to it in section 1 of the Local Government: Municipal Systems Act, 2000;

"SCOA Committee" means the Technical Committee for the Standard Chart of Accounts for municipalities and municipal entities established by regulation 8; and

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

"standard chart of accounts" means a multi-dimensional classification framework providing the method and format for recording and classifying financial transaction information in the general ledger forming part of the books of account containing a standard list of all available accounts.

Object of these Regulations

2. The object of these Regulations is to provide for a national standard for the uniform recording and classification of municipal budget and financial information at a transaction level by prescribing a standard chart of accounts for municipalities and municipal entities which—

(a) are aligned to the budget formats and accounting standards prescribed for municipalities and municipal entities and with the standard charts of accounts for national and provincial government; and

(b) enable uniform information sets recorded in terms of national norms and standards across the whole of government for the purposes of national policy coordination and reporting, benchmarking and performance measurement in the local government sphere.

Application of these Regulations

3. These Regulations apply to all municipalities and municipal entities.

CHAPTER 2

STANDARD CHART OF ACCOUNTS FOR MUNICIPALITIES AND MUNICIPAL ENTITIES

Segments and classification framework for the standard chart of accounts

4.(1) The standard chart of accounts for a municipality or municipal entity must contain the segments as set out in the Schedule.

(2) The Minister must, by notice on the website of the National Treasury, determine the classification framework provided for in the standard chart of accounts.

This gazette is also available free online at www.gpwonline.co.za

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Implementation requirements

5.(1) The standard chart of accounts of a municipality or municipal entity—

(a) must contain the segments in the Schedule as required by regulation 4(1);

(b) must accurately record all financial transactions and data in the applicable segment; and

(c) may not contain data which is mapped or extrapolated or which otherwise does not reflect transactions recorded or measured by the municipality or municipal entity.

(2) The financial and business applications or systems used by a municipality or municipal entity must—

(a) provide for the hosting of the general ledger structured in accordance with the classification framework determined in terms of regulation 4(2);

(b) be capable of accommodating and operating the standard chart of accounts;

(c) provide a portal allowing for free access, for information purposes, to the general ledger of the municipality or municipal entity, by any person authorised by the Director-General or the Accounting officer of the municipality.

(3) Each municipality and municipal entity must have, or have access to, computer hardware with sufficient capacity to run the software which complies with the requirements in sub-regulation (2).

CHAPTER 3

MINIMUM BUSINESS PROCESS AND SYSTEM REQUIREMENTS

Minimum business process requirements

6.(1) The Minister may, by notice in the *Gazette*, determine minimum business process requirements for municipalities and municipal entities to enable implementation of regulations 4 and 5.

(2) Each municipality and municipal entity must implement the minimum business process requirements by the date determined in the notice referred to in sub-regulation (1).

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Minimum system requirements

7.(1) The Minister may, by notice in the *Gazette*, determine the minimum system requirements for municipalities and municipal entities to enable implementation of regulations 4 and 5.

(2) Each municipality and municipal entity must implement the minimum system requirements by the date determined in the notice referred to in sub-regulation (1).

CHAPTER 4

TECHNICAL COMMITTEE FOR STANDARD CHART OF ACCOUNTS

Establishment of Technical Committee for Standard Chart of Accounts

8. A committee known as the Technical Committee for the Standard Chart of Accounts is hereby established as a structure of the National Treasury.

Composition of SCOA Committee

9.(1) The SCOA Committee must consist of—

(a) a chairperson;

(b) a deputy chairperson;

(c) five other members, each representing the functional areas of public finance, intergovernmental relations, accounting, budget office and supply chain management; and

(d) such further members as the Director-General considers necessary;

(2) The Director-General must designate employees of the National Treasury as members of the SCOA Committee in the respective capacities for a term of three years.

(3) A member referred to in sub-regulation (1)(c) or (d) may nominate an alternate to act in that member's stead if unavailable.

(4) The deputy chairperson of the SCOA Committee must act in the place of the chairperson of the Committee if unavailable.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

(5) The Director General must take all reasonable steps to ensure that the SCOA Committee is provided with the technical, administrative, financial and logistical resources to enable it to fulfil its function and must determine its procedures.

Functions of SCOA Committee

10. The SCOA Committee—

(a) must review the classification framework and, where required, make recommendations to the Minister on amendments to that framework;

(b) must develop guidelines and training material that are aligned to the classification framework determined from time to time in terms of regulation 4(2);

(c) must review the implementation of the standard chart of accounts in government as a whole to ensure the alignment of the standard chart of accounts provided for in these Regulations and the standard chart of accounts applicable in national and provincial government;

(d) when required to align these Regulations with changes to other legislation applicable to local government, must make recommendations to the Minister on amendments to these Regulations;

(e) must undertake such other functions relating to the implementation of these Regulations as the Minister may direct;

(f) may make recommendations to the Director-General and the Minister on any matter referred to in paragraphs (b), (c) and (e); and

(g) must undertake any functions necessarily ancillary to any matter referred to in paragraphs (a) to (f).

Meetings of SCOA Committee

11. The chairperson of the SCOA Technical Committee or the Director-General may, as required, convene meetings of the Committee, but the Committee must convene at least once a year.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

CHAPTER 5

RESPONSIBILITIES OF MUNICIPAL FUNCTIONARIES

Responsibilities of municipal councils and boards of directors

12. The municipal council of a municipality and the board of directors of a municipal entity must take the necessary steps to ensure that these Regulations are implemented by the adoption of any resolutions, policies and budgetary provisions necessary for the implementation of these Regulations.

Responsibilities of accounting officers

13. The accounting officer of a municipality or municipal entity must take all necessary steps to ensure that these Regulations are implemented by at least—

(a) delegating the necessary powers and duties to the appropriate officials;

(b) ensuring that the responsible officials have the necessary capacity by providing for training and ensuring that they attend training or workshops provided by the National Treasury;

(c) ensuring that the financial and business applications of the municipality or municipal entity have the capacity to accommodate the implementation of these Regulations and that the required modifications or upgrades are implemented; and

(d) submitting reports and recommendations to the municipal council or the board of directors, as the case may be, that provide for the adoption of any resolutions, policies and budgetary provisions necessary for the implementation of these Regulations.

CHAPTER 6

GENERAL

Access by National Treasury

14.(1) All municipalities and municipal entities must ensure that—

(a) the business and financial applications used by them incorporate a portal allowing for free access to their general ledgers for information purposes to any person authorised by the Director-General; and

(b) such access is provided.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

(2) The accounting officer of a municipality and a municipal entity must ensure that its system providers cooperate with the National Treasury to implement the necessary programme amendments to provide the standard of access required by the National Treasury.

(3) The National Treasury may use any of the information to which it has access in terms of this regulation for the purposes of—

(a) preparing national accounts for the whole of government;

(b) development of consolidated accounts for the local government sphere;

(c) verifying the correctness of municipal financial and business information;

(d) assessment of municipal financial performance and benchmarking; and

(e) fulfilling any obligations in terms of legislation.

Postponement of implementation and exemption

15.(1) The Minister may, by notice in the *Gazette* on good cause shown by a municipality or municipal entity and after considering any recommendations of the SCOA Committee, exempt such municipality or municipal entity from the application of a provision of these Regulations, for the period and on the conditions determined in the notice.

(2) A postponement or exemption in terms of sub-regulation (1) may–

(a) apply to–

(i) municipalities generally; or

(ii) municipal entities generally, or

(b) be limited in its application to a particular–

(i) municipality;

(ii) category of municipalities, which may be defined either in relation to a type or budgetary size of municipality or in any other manner;

(iii) municipal entity; or

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

(iv) a category of municipal entities, which may either in relation to a type or budgetary size of municipal entity or in any other manner.

Short title and commencement

16. These Regulations are called the Standard Chart of Accounts for Local Government Regulations, 2014, and take effect on 1 July 2017.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

SCHEDULE

SEGMENTS OF STANDARD CHART OF ACCOUNTS FOR MUNICIPALITIES AND MUNICIPAL ENTITIES

The standard chart of accounts must consist of at least the following segments, each of which incorporates a classification within the general ledger to record transaction information identified by codes within fields within the database:

Funding Segment

1. This segment identifies the various sources of funding available to municipalities and municipal entities for financing expenditure relating to the operation of the municipality and provides for both capital and operational spending. The appropriate classification code of a transaction in this segment will be determined according to the source of funding against which a payment is allocated and the source of revenue against which income is received.

Function Segment

2. This segment provides for the classification of the transaction according to the function or service delivery objective and provides for the standardisation of functions and sub-functions across local government with due regard to specific service delivery activities and responsibilities of each individual municipality or municipal entity.

Municipal Standard Classification Segment

3. This segment provides for the organisational structure and functionality of an individual municipality, which is not prescribed, but must incorporate the structure and functionality as determined by that municipality.

Project Segment

4. This segment provides for the classification of capital and operating projects as provided for in the Integrated development plan, as provided for in the Municipal Structures Act, 1998 (Act No. 117 of 1998), and funded in the budget and records information on spending as against the budget as well as the utilisation of funds provided for the project. The appropriate classification code of a transaction in this segment will be determined on the basis of whether it relates to a specific project and if so, the type of project.

Regional Indicator Segment

5. This segment identifies and assigns government expenditure to the lowest relevant geographical region as prescribed and the appropriate classification code will be determined according to the defined geographical area within which the

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

intended beneficiaries of the service or capital investment are located who are is deriving the benefit from the transaction.

Item Segment

6. This segment provides for the classification of item detail in the presentation of the financial position, performance and cash flow of the municipality or municipal entity. The appropriate classification code will be determined according to the nature of the transaction either as revenue, expenditure, asset, liability or net asset.

Costing Segment

7. This segment provides for a classification structure for secondary cost elements and acts as a cost collector in determining inter alia total cost of a service or function, identification of productivity inefficiencies and tariff determination of municipal services. Classification codes are identified with reference to departmental charges, internal billing and activity based recoveries for purposes of recording specific activities and functions in terms of their unit costs and cost categories.

#	ORGANISATION/ INDIVIDUAL	LODGED BY:	DATE	WATER & ELEC	SEWER	REFUSE	RATES	REMUNE	OTHER (SPECIFIED, COMBINED)	
1 (a)	Individual	Cllr Jean Orban	07-Apr-19						AVM Maps	AVM maps for the entire Overstrand Area's Biodiversity Conservation Areas exist and is available from the Environmental Office. It is also available on the GIS Portal under the Environmental Section.
									Daar is 3 areas wat dringend aandag nodig het waar indringer plantegroei 'n beduidende brandgevaar inhou. Nr 1 Die berghang agter Berghof en die ou Munisipale stortingsterrein. Hierdie area is ook deur die brandweer aangedui as 'n hoë risiko area vir weghol veldbrande. Die bedrag wat benodig word vir hierdie gedeelte is R 268 957.00. Dit is aansienlik minder as die potensiele koste van brandbestryding. Nr 2 Die oostelike oewer van die Onrusrivier by die mond. Daar is ook heelwat indringer plantegroei. Die bedrag wat benodig word om dit te verwyder is R 44 496. Nr 3 Die oostelike oewer van die Onrusrivier, onder die R43 brug. Daar is ook heelwat aangrensende privaat eiendomme met heelwat indringer plantegroei. Daar word R 80 000 benodig om hierdie gedeelte te bestuur. Nr 1 en Nr 3 hou beduidende gevare in vir die gemeenskap, verder sal dit ook help om die rivierstelsel gesonder te kry as die indringers verwyder kan word. Die totale bedrag wat benodig word is R 393 453.00	Clearing of private properties takes place in terms of the Community Fire Safety Bylaw. An increased amount has been allocated to Alien Clearing this year by both Environmental Service and Operational Services to decrease the risk of fires.
1 (b)	Individual	Cllr Jean Orban	15-Apr-19						Hiermee versoek ek, socs deur die BM aangewys, dat daar oorweeg word vir die nuwe Ablusie geriewe by Onrus strand. Dit is ook op die wyks IDP.	Cost Estimate of R750 000 provided for on the Capital Budget.
2	Individual	Henk Lombard	30-Mar-19						To investigate the current deficiencies which exist within Overstrand Municipality pertaining to the management of communal housing developments in Ward 7, and investigate possible corrective actions.	This investigation is underway and certain corrective measures are beieng taken to resolve future issues
3	Individual	JP La Grange	10-Apr-19			1. Refuse removal – In my opinion the increase is not sustainable and unreasonable for the public to fit the bill. Your increase of 12.86% is more than double the the CPI and even double than last what year's 6% increase. So form my point of view relook at the increase as it is unaffordable to most household not just the indigent households a more CPI related increase is suitable.				The Overberg District municipality will officially re-launch the Karwyderskraal waste disposal on 29 March 2019, as it was in a position to construct a new Cell 4 and will operate the site from 1 April 2019. A tariff increase of 12,86% is set for 2019/20, in view of the increased costs to be incurred by Overstrand Municipality in dumping at the newly constructed Cell 4, with another contributing cost the moving of the Hermanus Waste Management Facility, for will borrowing will be incurred. Refer Top 10 Capital Projects. Services relevant to refuse removal, refuse dumps and solid waste disposal mechanisms must comply with stringent legislative requirements such as the National Environmental Management: Waste Act, No 59 of 2008. This service will receive further revision of the solid waste strategy to ensure that this service can be rendered in a sustainable manner over the medium to long-term.

PUBLIC COMMENTS ON DRAFT 2019/2020 BUDGET

#	ORGANISATION/ INDIVIDUAL	LODGED BY:	DATE	WATER & ELEC	SEWER	REFUSE	RATES	REMUNE	OTHER (SPECIFIED, COMBINED)	
					2. Sanitation + Basic Monthly Charge – The 5.71% increase is also above CPI as projected by National Treasury but it is more suitable increase and not way out of line like the others, also it is less that last years increase of 6%.					Increases above inflation are addressed comprehensively in the budget report. Various areas are highlighted in the comments received, however without evaluating comprehensive information in context. The budget report provides the guidance and explanations related to various cost drivers and strategies and policies to provide the necessary framework.
				3. Water – Once again as per my opinion the increase is not sustainable and unreasonable for the public to fit the bill. National Treasury in fact has project a CPI of 5.2% for this current year as per the (*Budget Review 2019 National Treasury Republic of South Africa 20 February 2019) that was published. Your increase of 11.5% is more than double the CPI and last year it was also increased by 11.5% which makes this increase inaccurate and unfounded and what is more disturbing is the fact that it is pushed to the consumers who try to use less water under 6kl. This for me is disturbing as you are milking the people who do not qualify for free services. The rest of the water block tariffs are in line with CPI.						Evermore South Africa faces challenges with regard to potable water supply, since demand growth outstrips supply, coupled with the possible impact of climate change, where the Western Cape is experiencing the worst drought since 1933. Due to water source and infrastructure investment in the previous few years made by Overstrand, a water crisis could up till now, be averted. Consequently, National Treasury is encouraging all municipalities to carefully review the level and structure of their water tariffs to ensure: • Water tariffs are fully cost-reflective – including the cost of maintenance and renewal of purification plants, water networks and the cost associated with reticulation expansion; • Water tariffs are structured to protect basic levels of service and ensure the provision of free water to the poorest of the poor (indigent); and • Water tariffs are designed to encourage efficient and sustainable consumption. National Treasury has urged all municipalities some years ago to ensure that water tariff structures are cost reflective from 2014 onwards. Overstrand has implemented a phased approach in this regard. Increases above inflation are addressed comprehensively in the budget report. Various areas are highlighted in the comments received, however without evaluating comprehensive information in context. The budget report provides the guidance and explanations related to various cost drivers and strategies and policies to provide the necessary framework.

PUBLIC COMMENTS ON DRAFT 2019/2020 BUDGET

#	ORGANISATION/ INDIVIDUAL	LODGED BY:	DATE	WATER & ELEC	SEWER	REFUSE	RATES	REMUNE	OTHER (SPECIFIED, COMBINED)	
							4. Property Rates – Even though the increase is CPI related and less that last year's 6%. I feel it can be looked at to increase the rebate of the R 15 000.00 and the R 35 000.00 to a more reasonable rebate of R 60 000.00 or R 100 000.00 which will benefit all residents.			For Overstrand to continue delivering and improving the quality of services provided to its citizens it needs to generate the required revenue. In these tough economic times strong revenue management is fundamental to the financial sustainability of the municipality. The reality is that we are faced with an increasing population (7th highest growth nationally as per the 2011 census), development backlogs and increasing poverty levels. The expenditure required to address these challenges will inevitably always exceed available funding, hence difficult choices have to be made in relation to tariff increases and balancing expenditures against realistically anticipated revenues. The municipality's revenue strategy is built around the following key components: • National Treasury's guidelines and macroeconomic policy; • Growth in the Municipality and continued economic development; • Efficient revenue management, which aims to maintain levels of above 99 per cent annual collection rates for property rates and other key service charges.; • Electricity tariff increases for Eskom and the municipality, as approved by NERSA; • Achievement of cost recovery of specific user charges and especially in relation to services; • Determine tariff escalation rate by establishing the revenue requirement of each service; • The municipality's Property Rates Policy approved in terms of the Municipal Property Rates Act, 2004 (Act 6 of 2004) (MPRA); • Increased pressure to deliver and maintain services and recover costs;
				5. Electricity + Basic charge – Let me just say, it is unrealistic and a joke that you think it is reasonable to have increases of +/- 17.5% like these that is more double the CPI and more than double last years' increase. Each block of electricity has increased with more than 14% almost triple the project CPI and as per National Treasury and almost more than 7% of last year's increase. The basic charge is 17.5% increases. Prices have to be relooked at and be in line with what CPI is and not these amount you get that will put people in more pressure and even increase the indigent amount of people. Maybe reduce the basic charge which is ridiculously high even higher than other municipalities around the country which is shocking.						The fixed cost of providing Electricity is still subsidized by the consumption tariff at this stage. Local Government has been urged in discussions at various forum meetings and workshops to address the disparity in recovery of costs in relation to basic charges versus unit cost charges with regard to fixed costs and variable costs respectively. The municipality is revisiting cost allocation in terms of before-mentioned on an annual basis in order to ensure parity. Section 53 of the MFMA requires the Mayor of the municipality to provide general political guidance in the budget process and the setting of priorities that must guide the preparation of the budget. In addition Chapter 2 of the Municipal Budget and Reporting Regulations states that the Mayor of the municipality must establish a Budget Steering Committee to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act. The Budget Steering Committee consists of the Full-time Councillors, Municipal Manager and senior officials of the municipality meeting under the chairpersonship of the MMC for Finance. The primary aims of the Budget Steering Committee are to ensure: · that the process followed to compile the budget complies with legislation and good budget practices; · that there is proper alignment between the policy and service delivery priorities set out in the Municipality's IDP and the budget, taking into account the need to protect the financial sustainability of municipality; · that the municipality's revenue and tariff setting strategies ensure that the cash resources needed to deliver services are available; and · that the various spending priorities of the different municipal

PUBLIC COMMENTS ON DRAFT 2019/2020 BUDGET

#	ORGANISATION/ INDIVIDUAL	LODGED BY:	DATE	WATER & ELEC	SEWER	REFUSE	RATES	REMUNE	OTHER (SPECIFIED, COMBINED)	
									For my last comment is there is so many infrastructure charges and levies and charges we as the residents don't know about and it just gets added. It cannot be expected for consumers to pay these prices to supplement the municipality short comings of money. One is that the refuse charges is so high even more than the rates on a property sometimes. I feel that some of these prices and infrastructure cost is just a to milk the people for more and more.	Water source management and maintenance of infrastructure together with cost-reflective tariffs will ensure that the supply challenges are managed in future to ensure sustainability. It needs to be noted that the second infrastructure levy, implemented in the 2018/19 financial year, relates to a loan for water & waste water infrastructure networks, to be raised over a period of three years.
4	Individual	A P Berrisford	05-Apr-19						Proposals For Submission- Review of Policies and by-laws I experienced a leak in my domestic piping. This resulted in a debit to my Current account of nearly R24000 in November 2018.(No one told me about this!). I applied for a Rebate. I was referred to the "Customer Assistance Policy". The Municipality is to be Commended for Having such a policy! But if it is genuinely intended to assist customers it should do just that! On examination I discovered that, far from assisting customers, It actually penalizes customers who experience leaks! For ease of reference, I type the wording of the Customer Assistance Policy in black, below. My comments and recommendations are typed in red.	The Budget related policies of Council are revised on an annual basis and approved by Council. The particular policy, Overstrand Customer Care and Debt Collection Policy, is also revised as part of this process on an annual basis. The contents of this policy are in alignment with industry related policies. The municipality cannot agree to the request to charge water usage related to leakages for less than the actual cost per kilolitre.
5	Onrus Handelspos	Theo Agenbag	12-Apr-19						Namens die eienaarsvereniging van die Onrus Handelspos, rig ek graag 'n versoek, dat daar begroot word vir "traffic calming" vir Onrus Hoofweg en Vermont rylaan. Daar is vele klagtes van kliente, dat as gevolg van die hoe spoed van aankomende verkeer, dit baie moeilik en gevaarlik is vir bestuurders en voetgangers, om in en uit die parkeerterrein te beweeg. Ons vra asb u dringende aandag tov die saak.	The Ward Councillor and Ward Committee to consider and recommend a request on behalf of the community.
6 (a)	Individual	Caroline Gabb	02-Apr-19						Director, on the Draft Capital Budget there is R500k budgeted for CCTV cameras.	This amount has been increased with the roll-over of the current year, as well as an increased amount of R500 000 added as well.
									1. How does this fit in with the new circumstances re the dissolution of HPP and the fact that OM might inherit the existing equipment? Are you actually planning to use this full amount for CCTV cameras?	Plan to utilise the full budget amount for the setting up of Overstrand Municipality Backbone (IT Infrastracture)
									2. I have heard it being discussed in some circles that there is a Joint Operations Monitoring Centre being planned, with all NHW's having access, is this on the cards? Will it be financed through this budget amount?	Yes, It will be called Incident Command Center, and financed through Council's budget. NHW will have access.
									3. Please clarify whether you will install any cameras at municipal properties in Ward 13 eg the Campsite, the Electricity Depot, the Municipal offices, and where will these be monitored?	Still awaiting the Camera Deployment Plan, all the said areas will be monitored at ICC
									4. What exactly is the Backbone the Major mentioned this evening, will it come out of this budget?	This refers to the IT Infrastructure required to enable the CCTV acces to Overstrand Municipality
									5. The new legislation pertaining to Law Enforcement gives LE officers more powers, have you budgeted for the additional training these officers will need, eg Riot / Crowd control?	Training has been provided for and will be provided on continuos basis free of charge, by SAPS and City of Cape Town Municipality
									6. Will the municipal K9 unit be housed on the Municipal Farm? Are there any implications for the SAPS unit in this regard?	Yes, K9 unit will be housed on the Farm, and there are no implications for SAPS unit till later where provision could be possibly made for sufficient space to accommodate the unit.
6 (b)	Individual	Caroline Gabb	14-Apr-19						Onrus Lagoon Water Quality is Number 1 on Ward 13 Priority List, yet no funds have been budgeted in this regard.	Water Quality for Recreational Use is the function of the District Municipality. Funds for taking of Water Quality for Recreational Use must be allocated for and requested at District Level. If Funds is required to measure the water quality of the storm water that enter the estuary, then funding should be allocated at the Enginering Department that deals with storm water management .

PUBLIC COMMENTS ON DRAFT 2019/2020 BUDGET

#	ORGANISATION/ INDIVIDUAL	LODGED BY:	DATE	WATER & ELEC	SEWER	REFUSE	RATES	REMUNE	OTHER (SPECIFIED, COMBINED)	
6c	Individual	Caroline Gabb	30-Apr-19						My (personal) queries / areas of concern: 1. The R500 000 budgeted for CCTV cameras does not seem a very substantial amount, is it sufficient?	This amount has been increased with the roll-over of the current year, as well as an increased amount of R500 000 added as well.
									2. Has anything at all been budgeted for the running of the full capacity of the CCTV set up that will apparently be inherited from HPP? Monitoring and response?	The Council's resolution is awaited in finalising on the strategy subsequent to the winding down of the HPP.
									Considering the impact that alien vegetation has on increasing the intensity of fires, has enough been budgeted for alien clearing?	Clearing of private properties takes place in terms of the Community Fire Safety Bylaw. An increased amount has been allocated to Alien Clearing this year by both Environmental Service and Operational Services to decrease the risk of fires.
7	Individual	SG Clark	15-Apr-19			STRONGLY OBJECT TO REFUSE REMOVAL CHARGES INCREASE - 12.86%				The Overberg District municipality will officially re-launch the Karwyderskraal waste disposal on 29 March 2019, as it was in a position to construct a new Cell 4 and will operate the site from 1 April 2019. A tariff increase of 12,86% is set for 2019/20, in view of the increased costs to be incurred by Overstrand Municipality in dumping at the newly constructed Cell 4, with another contributing cost the moving of the Hermanus Waste Management Facility, for will borrowing will be incurred. Refer Top 10 Capital Projects. Services relevant to refuse removal, refuse dumps and solid waste disposal mechanisms must comply with stringent legislative requirements such as the National Environmental Management: Waste Act, No 59 of 2008. This service will receive further revision of the solid waste strategy to ensure that this service can be rendered in a sustainable manner over the medium to long-term.
8	Individual	M &J Clark	15-Apr-19			SENIOR CITIZENS STRONGLY OBJECT TO REFUSE REMOVAL CHARGES INCREASE - 12.86%				The Overberg District municipality will officially re-launch the Karwyderskraal waste disposal on 29 March 2019, as it was in a position to construct a new Cell 4 and will operate the site from 1 April 2019. A tariff increase of 12,86% is set for 2019/20, in view of the increased costs to be incurred by Overstrand Municipality in dumping at the newly constructed Cell 4, with another contributing cost the moving of the Hermanus Waste Management Facility, for will borrowing will be incurred. 9	Fisherhaven Ratepayers Association	Rob Michaud	17-Apr-19						An amount of R14 million for Dust Control treatment of the gravel roads throughout the village.	An amount of R3 million has been allocated for dust proofing of roads in Overstrand. Fisherhaven will be included in this allocation
									An amount of R400,000 for the provision of wheelie bins for all the 462 developed properties.	The owner of a property is responsible to provide his own receptable. Baboon proof wheelie bins are available from the municipality at the owners cost
									We would like an amount of R2 million allocated to permanent eradication of alien vegetation	Clearing of private properties takes place in terms of the Community Fire Safety Bylaw. An increased amount has been allocated to Alien Clearing this year by both Environmental Service and Operational Services to decrease the risk of fires.
									Due to the increasing incidence of crime in the area we require an additional R500 000 to be allocated for more surveillance cameras throughout Fisherhaven.	Rollout of CCTV in Greater Hermanus will be informed by the outcomes of Camera Deployment Plan

PUBLIC COMMENTS ON DRAFT 2019/2020 BUDGET

#	ORGANISATION/ INDIVIDUAL	LODGED BY:	DATE	WATER & ELEC	SEWER	REFUSE	RATES	REMUNER	OTHER (SPECIFIED, COMBINED)	
11	Individual	Richard Binedell	18-Apr-19						Compliment - Pearly Beach	Noted with thanks
12	Bettysbaai belastingbetalersvereniging(BBBV)	Werner Zybrands	21-Mar-19		Ten slotte is daar ook waardering vir die verbetering in die suigtenkdiens as gevolg van die toewysing van nuwe/meerdere suigtenkvragmotors	Die vullisverwyderingsdiens is puik en baie betroubaar - baie dankie daarvoor.			Daar is met waardering kennis geneem dat 'n tender vir die opgradering van die waternetwerk reeds toegeken is (al is daar 'n hangende appèl) veral aangesien dit een van ons grootste probleme sal oplos. Dit word vertrou dat die beloofde brandkrane vir Sunny Seas, wat tans slegs 5 brandkrane het, deel van die projek sal wees. Die onlangse rampspoedige brand het net bevestig hoe 'n groot behoefte dit is.Daar is ook waardering dat 'n nuwe begraafplaas vir die Hangklip/Kleinmondgebied begroot word. Soos met 'n vorige besoek aan Bettysbaai aan u uitgewys, is daar 'n dringende behoefte om van die bestaande gruispaaie permanent te bou hetsy as teerpaaie of as geplaveide paaie (dalk ook as deel van werkskepping?). Tydens ons pasafgelope belastingbetalersvereniging vergadering is besluit dat paaie wat aan die volgende kriteria voldoen, voorkeur behoort te geniet: -Paaie wat gereeld verspoel en onbegaanbaar raak; en - paaie waar daar reeds verdigting (en dus meerdere gebruikers) is. Die volgende paaie wat aan hierdie kriteria voldoen, is voorgestel: Waterfall; Cliff; Dolphin (West); Mermaid; Serruria; en Lakeside-Porteraansluiting. Uiteraard sal nie al hierdie paaie nou gebou kan word nie, maar daar is voorgestel dat die Munisipaliteit se tegniese personeel, na oorlegpleging met die BBBV, die finale volgorde bepaal. Die bou van die meeste van hierdie paaie sal ook oplossings vir stormwaterverspoelings moet insluit. 'n Versoek van verlede jaar wat skynbaar nog geen aandag ontvang het nie, is die aanbring van reflekterende straatnaambords op Clarence rylaan (die R44). Ofskoon dit 'n	Fire hydrants will be installed during the implementation of the pipe replacement contract, in Sunny Seas. Fire hydrants are considered in consultation with the Chief: Fire Services. An action plan (generic) compiled and distributed for implamentation. Funding of R 1m for dust control allocated for Betties Bay/Pringle Bay area. Provision for crusted stone for Kleinmond area is 8,5% above the norm of 3% increase for 2019/2020. Re-gravelling of roads will be determined in consultation with the ward committee in accordance with available funding. In progress to provide new signs in conjunction with the Roads Department. Existing storm water channels are cleaned bi-annually. An amount of R2,5m budgeted for expansion of the stormwater network - Hangklip area. The appreciation expressed is acknowledged with thanks.
									Ten slotte word navraag gedoen of die Bettysbaaibrand wel as 'n ramp erken is en, indien daar wel hulpverlening toegeken word, wat die aard daarvan is en hoe dit die geaffekteerde eienaars sal bevoordeel.	A minimum fixed fee was approved by Council regarding building plan fees, with regard to properties destroyed during disasters. The municipality has furthermore considered applications with regard to excessive water consumption related to the fire fighting, in instances where information could be verified in so far hoses were used to assist the Fire Brigade to contian the spreading of fires in residential areas.
13	Individual	Thys Sutherland	30-Apr-19						I am hereby submitting the following budget and IDP inputs on behalf of the De Wet Hall Committee and the Kaffiefees which I represent on the Ward 13 Committee: 1. The request is for additional funding for the completion of the Atlantic Drive which is presently not completed and a dangerous situation for both vehicles and pedestrians. I think that it will be more beneficial to complete the project as soon as possible rather than to do piecemeal improvements. 2. There are various requests for street calming in Onrus/ Vermont areas ,especially on the major roads to avoid the public from speeding. Traffic Dept. has indicated that speed monitoring in these areas is extremely difficult. 3. De Wet Hall floors: I submit herewith a copy of my letter addressed to the Acting Manager Hermanus Administration and the Councilor regarding the very bad state of the floors of the De Wet Hall and what the engineers report (which the Council obtained) suggested to rectify the dampness and damage to the floors. Kindly consider making finance available to start with this process suggested by the engineer	Funding budgeted to the amount of R270,000 on Capital Budget. Traffic calming measures to be considered and recommended by local Ward Committee. Currently planning a project to attend to the De Wet Hall floor, to be funded through operational budget for 2019/2020.

PUBLIC COMMENTS ON DRAFT 2019/2020 BUDGET										
#	ORGANISATION/ INDIVIDUAL	LODGED BY:	DATE	WATER & ELEC	SEWER	REFUSE	RATES	REMUNE	OTHER (SPECIFIED, COMBINED)	
14	Whale Coast Conservation	Rob Fryer	30-Apr-19						1. Provision to be made for the appointment and functioning of an Ombudsman, as agreed to by the executive mayor in the Stakeholder's Meetings	The necessary provision was made for expenditure that might be incurred in this regard.
									2. Provision to be made for the establishment of an independent environmental services department.	The Environmental Department is one of the thirty departments spread over six directorates within the Municipality. The Municipal Manager is of the opinion that, taking into consideration the Municipality's core and support functions, the Environmental Department is suitably placed within the Directorate: Infrastructure and Planning. This viewpoint is underpinned by the provisions of Part BB of Schedules 4 and 5 of the Constitution of the Republic of South Africa, 1996, read with Chapter 5 of the Municipal Structures Act, No 117 of 1998, Section 66 of the Local Government : Municipal Systems Act, No. 32 of 2000 and Regulations on Appointment and Conditions of Employment of Senior Managers (GN 37245 dated 17 January 2014).
									3. Realistic budget allocation to implement IDP statements about the creation and maintenance of a safe and healthy environment. 4. Recognition of the need for relief for local businesses facing tough economic conditions.	The application of sound financial management principles for the compilation of the Municipality's financial plan is essential and critical to ensure that the Municipality remains financially viable and that municipal services are provided sustainable, economically and equitably to all communities. The Municipality's business and service delivery priorities were reviewed as part of this year's planning and budget process. Where appropriate, funds were transferred from low- to high-priority programmes so as to maintain sound financial stewardship. A critical review was also undertaken of expenditure with regards to cost containment measures, non-core and 'nice to have' items. The Municipality has undertaken various customer care initiatives to ensure that the municipality truly involves all citizens in the process of ensuring a people lead government. Encouragement of structured community participation in the matters of the municipality is a strategic objective. The structuring of tariffs as well as options available to businesses facing tough economic conditions in terms of the Overstrand Customer Care and Debt Collection Policy, in recognition within sustainability requirements for the

#	ORGANISATION/ INDIVIDUAL	LODGED BY:	DATE	WATER & ELEC	SEWER	REFUSE	RATES	REMUNE	OTHER (SPECIFIED, COMBINED)	
15	Individual	Tommy Snibbe	30-Apr-19	Die OM maak voorsiening vir 'n Tarief verhoging van 15% deur NERSA. Sal die tarief aangepas word noudat NERSA nie 15% goedgekeur het nie? Het die OM al ooit beswaar gemaak teen die buitensporige verhogings van ESKOM? Eskom tariewe styg met 613% oor die afgelope 12 jaar!!! Totaal en al onaanvaarbaar!!!					OPERATIONAL BUDGET: Expenditure increased by R36,6m Revenue increased by R11,7m What is the reason for this shortfall of R24,9m? Is the Municipal Manager going to debit his Broeksak Account to make good the shortfall? CAPITAL BUDGET: 2018 / 2019 budget will have a net decrease of R34,4m. Which projects will be / have been affected? Upgrading of the Sewer network in Kleinmond? Raadslede en Amptenary is in diens van die Kiesers. Hulle moet ons belange beskerm. Die inwoners doen 'n beroep op die OM om namens hulle in opstand te kom teen hierdie buitensporige verhogings! Various other comments- Refer to Email of 30 April 2019	The municipality provides inputs at various forums regarding the annual ESKOM tariff increase application in objection of excessive increases submitted by ESKOM to NERSA. The fixed cost of providing Electricity is still subsidized by the consumption tariff at this stage. Local Government has been urged in discussions at various forum meetings and workshops to address the disparity in recovery of costs in relation to basic charges versus unit cost charges with regard to fixed costs and variable costs respectively. The municipality is revisiting cost allocation in terms of before-mentioned on an annual basis in order to ensure parity. Section 53 of the MFMA requires the Mayor of the municipality to provide general political guidance in the budget process and the setting of priorities that must guide the preparation of the budget. In addition Chapter 2 of the Municipal Budget and Reporting Regulations states that the Mayor of the municipality must establish a Budget Steering Committee to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act. The Budget Steering Committee consists of the Full-time Councillors, Municipal Manager and senior officials of the municipality meeting under the chairpersonship of the MMC for Finance. The primary aims of the Budget Steering Committee are to ensure: • that the process followed to compile the budget complies with legislation and good budget practices; • that there is proper alignment between the policy and service delivery priorities set out in the Municipality's IDP and the budget, taking into account the need to protect the financial sustainability of municipality; • that the municipality's revenue and tariff setting strategies
16	Individual	Pat Redford	30-Apr-19						Various Comments on the Draft IDP	Comments and responses : Separate Items to Council in May 2019: Final Revised IDP
									Refer to email of 30 Apr 2019	Comments and responses : Separate Items to Council in May 2019: Final Revised IDP
17	Hermanus Business Chamber	Pine Pienaar	30-Apr-19						The HBC accepts that this 19/20 budget is a revision of the 5 year IDP approved by the Municipality in 2017 and therefore has been drawn up within parameters and context which have somewhat changed since 2017. The biggest change would certainly be the 2018 social unrest and stay away actions which have impacted all our members adversely. The HBC welcomes the opportunity that is provided to submit commentary and hereby wishes to submit our inputs on behalf of our members. We do so in anticipation that we will be granted an opportunity to supplement this submission with further debate and motivations during the month of May 2019.04.30 / Housing Needs / CBD Revitalisation / Closure of HHP	1. The housing plan contained in the IDP makes provision for the delivery of 5 671 housing opportunities throughout the Overstand Municipal area at a cost of R610m. This excludes the figures for the Schulphoek and Afdaksrivier developments which is included in the plan but not added to the totals because details are not yet available. We content that the plan is indeed meaningful.Chapter 10 of the IDP is exclusively dedicated to the SDF where the SDF is discussed in detail. The CBD REvitalisation project is implemented as budget becomes available. The concern of the public is noted. The orderly winding down process of HPP will be dealt with in a report to council.
18	Hermanus Ratepayers Association	Brian Waldgway	29-Apr-19						1. The single most important issue from a Ratepayer's point of view is the lack of any meaningful housing plan at all which was one of the primary reasons for the civil unrest experienced in 2018. In the IDP (P145/147: OS 5(a) human settlements) it says that there are currently more than 11000 on housing waiting list however the proposed new 5-year housing schedule does not even scratch the surface.	1. The housing plan contained in the IDP makes provision for the delivery of 5 671 housing opportunities throughout the Overstand Municipal area at a cost of R610m. This excludes the figures for the Schulphoek and Afdaksrivier developments which is included in the plan but not added to the totals because details are not yet available. #	ORGANISATION/ INDIVIDUAL	LODGED BY:	DATE	WATER & ELEC	SEWER	REFUSE	RATES	REMUNE	OTHER (SPECIFIED, COMBINED)	
		Duncan Heard							Completion of new walkway along Atlantic Drive, Onrus	Funding to amount of R220,000 on budget.
20	Onrus Ratepayers Association	Hennie Greeff	29-Apr-19						After due consultation with our members, we the ratepayers of Onrus and WARD13, would like to submit our plea for mure funding for the following projects in order to achieve a safer town and bettar environment to live in: 1. Earlier completion of Atlantic Drive as there is presently a dangerous bottleneck for pedestrians and traffic where the work has stopped. 2. Traffic calming measures on our major access roads.	Funding to amount of R220,000 on budget. Traffic calming measures to be recommended by local Ward Committee.
		Hennie Greeff							3. Sufficient funding for sustained alien management of our Estuary area as it forms an integral part of the drive for blue flag status of our beach.	Clearing of private properties takes place in terms of the Community Fire Safety Bylaw. An increased amount has been allocated to Alien Clearing this year by both Environmental Service and Operational Services
23	Individual	Gerhard Ras	28-Apr-19	Can I have clarity on the final percentage increase for electricity to be applied in the approved council budget.					2. Ad Table 1 Page 4: the municipality is budgeting for an overall budget deficit of R 20 304 million. Is this statutorily permissible and if so, how does the municipality plan to cover the said shortfall.	Total revenue (including capital grants) to expenditure (Table 1a) indicates varying surplus/deficits over the 2019/20 MTREF due to fluctuations in capital grant funding. It should be noted that although the 2019/2020 operational budget and indicative years indicate budgeted deficits (Table 1b), this does not reflect the actual cash position. This phenomenon will continue for the foreseeable future. These circumstances arose as the result of the implementation of GRAP, with special reference to GRAP 17 (Property, Plant and Equipment-PPE). The asset value before depreciation is in excess of R5,5 billion, which relates to substantially high depreciation charges. Although accurately reflecting asset value, the cost of a substantial portion of these assets had been fully redeemed previously, but the useful life of assets were extended as well as ever increasing assets funded by grants.
		Deon van Staden		3.1 The operational cost component in respect of electricity expenditure has increased from R 651 980 to R 11 295 091 from 2018/2019, which represents an astronomical increase of 1632,4%. Unless there is a justifiable rational reason for this extra-ordinary increase, I request that this matter be investigated and adjusted to reasonably acceptable levels.	I strongly object to the levying of a basic charge for sewerage in De Kelders where properties do not have waterborne sewerage or access to waterborne sewerage infrastructure from the municipality.					Please bear in mind that sewerage in De Kelders where properties do not have waterborne sewerage or access to waterborne sewerage infrastructure from the municipality, still needs to be treated at the waste water treatment plant with addequate capacity, this function/activity thus related to fixed costs incurred to provide the facility to treat sewerage. Local Government has been urged in discussions at various forum meetings and workshops to address the disparity in recovery of costs in relation to basic charges versus unit cost charges with regard to fixed costs and variable costs respectively. The municipality is revisiting cost allocation in terms of before-mentioned on an annual basis in order to ensure parity.
				The operational cost component in respect of water expenditure has increased from R 5 034 539 to R 7 049 529 from 2018/2019, which represents a major increase of 40%.						Various areas are highlighted in the comments received, however without evaluating comprehensive information in context. The budget report provides the guidance and explanations related to various cost drivers and strategies and policies to provide the necessary framework. Of importance that the 40% increase on a lesser amount of R2.4m, be considered in view of re-classifications as highlighted in the budget report and secondly, the increase in the total expenditure budget in comparission with the current financial year.

PUBLIC COMMENTS ON DRAFT 2019/2020 BUDGET

#	ORGANISATION/ INDIVIDUAL	LODGED BY:	DATE	WATER & ELEC	SEWER	REFUSE	RATES	REMUNE	OTHER (SPECIFIED, COMBINED)	
				Your rationale for the 17,5% increase is flawed and contestable. Please reconsider and bring it in line with the said 5,7% as per the other services.						The proposed Electricity tariffs were based on the Eskom application for their increases. Subsequent to the tabling of thedraft budget, the Nersa determination was published, resulting in a lower increase, as con be confirmed in the final budget report and tariffs. The fixed cost of providing Electricity is still subsidized by the consumption tariff at this stage. Local Government has been urged in discussions at various forum meetings and workshops to address the disparity in recovery of costs in relation to basic charges versus unit cost charges with regard to fixed costs and variable costs respectively. The municipality is revisiting cost allocation in terms of before-mentioned on an annual basis in order to ensure parity.
				The stepped tariff applied by the municipality is irrational in that it discourages the consumption of electricity by penalising increased usage.						The structuring of a sliding scale for electricity is indeed to acknowlegde the understanding that consumers with a lower household income can afford electricity in their homes in the instance that their consumption reflects a modest and sparingly usage, whilst households with a much larger household income, can without doubt afford the luxury of consuming electricity without a limited/tight budget being a factor.
22	Individual	David Ralph	29-Apr-19						I believe that an amount of R14.5 million was set aside in last year's budget for a baboon management programme however I see no mention of any amount allocated in this year's budget. According to Leizl Bezuidenhout a "compactum" was due to be signed between the MEC Environmental Affairs, the CEO of Cape Nature and the Mayor on the 18th April which would allow such an item to be budgeted and would therefore not be regarded as "fruitless and wasteful expenditure".	The information in this comment is misconstruded and the full understanding of the process is not clear.The R14.5 million was an estamate amount calculated to manage all the affected areas over a three year period. There was never such an ammount budgeted for in last year's budget. A Compactum has already been signed in order for the three organs of state to draft a strategic implementation plan for the management of baboons and to identify the actual cost for the implementation of such a plan. The legal mandate and associated function still needs to be discussed between the three organs of state in order to make the decision of management final.
23	Individual	Michael Raimondo	28-Apr-19						R220 000 for alien clearing - how do we object Please advise how you suggest we as the public object to the tiny allocation of funds for alien clearing. Who do we write to - what should we do to help increase this number.	Clearing of private properties takes place in terms of the Community Fire Safety Bylaw. Only R250 000 has been allocated to Alien Clearing which is not enough for the entire Overstrand to decrease the risk of fires. The requested amount for the new financial year was R800 0000 which was allocated to the high risk areas in Overstrand Wide but this request has not been approved due to lack of available funds.
24	Onrus-Vermont SRA Steering committee & Onrus-Vermont Neighbourhood watch	Abner Inghels	25-Apr-19						Various CCTV installations are mentioned for different wards.	The project is inclusive to Greater Hermanus and plan includes all wards hereof.
									2. Ward 13 is not included (Even though the Caravan Park has been promised cameras at various occasions).	Rollout of CCTV in Greater Hermannus will be informed by the outcomes of Camera Deployment Plan
									3. We see a separate R500 000 CCTV item which is not specified for a ward. What will this be used for?	These funds are for a Backbone which is the IT Infrastructure for CCTV access in Overstrand Municipality

Goeiedag,

Hiermee wil ek graag "n voorstel maak vir 'n wysiging tot die 2019/2020 begroting.

Daar is 3 areas wat dringend aandag nodig het waar indringer plantegroei 'n beduidende brandgevaar inhou.

Nr1 Die berghang agter Berghof en die ou Munisipale stortingsterrein. Hierdie area is ook deur die brandweer aangedui as 'n hoë risiko area vir weghol veldbrande. Die bedrag wat benodig word vir hierdie gedeelte is R 268 957.00. Dit is aansienlik minder as die potensiele koste van brandbestryding.

Nr 2 Die oostelike oewer van die Onrusrivier by die mond. Daar is ook heelwat indringer plantegroei. Die bedrag wat benodig word om dit te verwyder is R 44 496.

Nr 3 Die oostelike oewer van die Onrusrivier, onder die R43 brug. Daar is ook heelwat aangrensende privaat eiendomme met heelwat indringer plantegroei. Daar word R 80 000 benodig om hierdie gedeelte te bestuur.

Nr1 en Nr3 hou beduidende gevare in vir die gemeenskap, verder sal dit ook help om die rivierstelsel gesonder te kry as die indringers verwyder kan word.

Die totale bedrag wat benodig word is R 393 453.00

Ek hoop dit is in orde.

Groete

OBJECT

To investigate the current deficiencies which exist within Overstrand Municipality pertaining to the management of communal housing developments in Ward 7, and investigate possible corrective actions.

METHOD

1.) All estates within Ward 7 were contacted and common problems were discussed, and deficiencies were identified.

2.) Possible corrective actions were investigated.

3.) Problems and corrective actions were discussed at numerous Ward Committee Meetings.

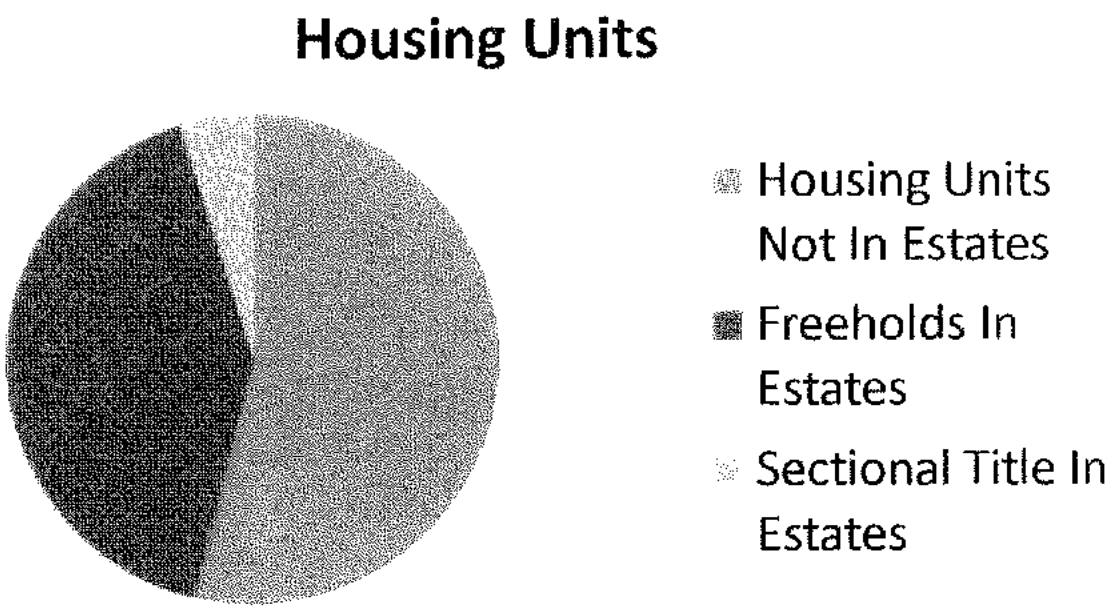

4.) Problems and corrective actions were then discussed with municipal officials on the following dates: 28-09-2016, 09-01-2018 and 19-04-2018. Some of the meetings were attended by the executive mayor and municipal manager.

5.) Feedback from municipal officials was analysed and reported on at Ward Committee Meetings.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

FINDINGS

a.) Almost half of the current residents in Ward 7 live in communal housing developments.

b.) The majority of estates or complexes in Hermanus are freehold units, which are governed by home owners associations.

c.) The purpose of a home owners association is to ensure that the collective rights and interests of the owners in a development are respected and preserved. The constitution of the association is an important element pertaining to the quality of life of the residents.

d.) If a Home Owners' Associations was set up in terms of a Municipal Ordinance Section 29 of the Land Use Planning Ordinance, No 15 of 1985, the developer files the first constitution with the local municipality. (Western Cape Land Use Planning Act, 2015)

e.) Owners in complexes require a proper constitution for their representative body, in order to ensure that the collective rights and interests of the owners in a development are respected and preserved.

f.) Our municipality does not have minimum standards for these constitutions and allows ridiculous clauses in these initial constitutions which are to the detriment of the owners of the units.

g.) Example: Notwithstanding all or any of the provisions contained in this Constitution, the DEVELOPER shall be entitled at any General Meeting to a number of votes equal to the total number of votes plus one of all the other members of the Association. In addition, the DEVELOPER shall be entitled to appoint an equal number of EXCOM members plus one to the EXCOM members appointed by the members in General Meeting. The provisions of this Clause shall remain until ONE HUNDRED PERCENT (100%) of the erven in the Township Area have been transferred out of the name of the DEVELOPER.

h.) Example: The Developer shall be entitled to make amendments or additions to the Constitution and shall be obliged to give notice thereof to each member by prepaid registered post, by hand, by facsimile or by e-mail.

i.) Example: While Clause 13 hereof is in force, the Developer's interpretation of this Constitution and any rules and regulations of the Association shall be binding on EXCOM and all the members unless a contrary view is given by any court having jurisdiction.

j.) In many cases, owners have to spend a lot of money in order to just get a functional constitution which ensures that the collective rights and interests of the owners in a development are respected and preserved.

k.) Most of the "Section 29" constitutions in Ward 7 do not specify when this transfer must take place.

l.) The "De Facto" rule currently applied by Overstrand Department of Infrastructure and Planning is to force developers to transfer before registration of the last erf in the complex.

OVERSTRAND MUNICIPALITY
2019 -05- 23
OVERSTRAND MUNICIPALITEIT

m.) There are numerous examples of developers going insolvent before transferring the public areas.

n.) In the case of Villa Anadia, the developer failed to transfer the public areas and deregistered the CC acting as the developer.

o.) It is very difficult to effect upgrades of roads and infrastructure before transfer of ownership the infrastructure.

p.) The current system does not allow for a project closure and hand over phase during the development of estates.

q.) No work breakdown structure is required either.

r.) This results in total chaos and confusion. Green Haven is one such an example. There are big arguments and confusion regarding service agreements and responsibilities. Had the above been in place, everything could have been managed properly.

s.) Minimum standards for infrastructure in communal housing developments are not available.

t.) The current system allows developers to submit drawing for approval of a development, and only resubmit drawings after completion of a development. No revisions of drawings are required where developers deviate from original drawings submitted for approval.

u.) In estates, the responsibility for support and maintenance of the completed infrastructure in the estate falls on the owners even when the estate is not fully developed.

v.) In uncompleted estates, the HOAs do not know what they have got, and in completed estates like Villa Anadia, they suspect that the drawings are incorrect.

w.) There are many failures of combination ownership housing schemes and only one success story in Overstrand. This resulted in many court cases.

x.) At the meeting of 19-04-2018, it was suggested that contact details of all developments in Ward 7 be submitted to the municipality and that an official from the municipality was to be appointed to coordinate these actions and that each development be investigated individually.

y.) The contact details were provided and Mr. Petrus Roux was appointed as the coordinating official. Although it is not the fault of Mr. Roux, the feedback has been slow, ineffective and the quality of feedback that he received from his colleagues was generally of a low quality and ineffective. Some of his colleagues even suggested the owners in communal developments are responsible for the EPC (Engineering Procurement & Construction) of infrastructure in the development.

CONCLUSIONS

- Although the municipal officials currently employed by Overstrand Municipality will most probably have the ability to address the deficiencies pertaining the management of communal housing developments, it appears that their capacity is fully taken up by their normal duties.
- Coordination across municipal departments is near impossible.
- The absence of proper management structures in this area as well it not being incorporated in the municipal ERP(SAMPRAS) system leads to further complications.
- The most serious complication identified is that many housing units in Ward 7 do not have Certificates of Occupation. In many cases, the owners are unaware of this, and there appears to be no flagging from the ERP system to warn owners of the deficiency. Effectively many owners are technically speaking squatting in their own homes.
- The real complication very often manifests when the property is being sold. There are many heartrending stories of older people having to deal with this problem when they want to sell their properties in order to scale down.
- It is unlikely that the deficiencies will be addressed by municipal officials internally.

RECOMMENDATIONS

i. That this challenge be identified as a key strategic priority.
ii. That an external project coordinator be appointed.
iii. That budget be created to outsource the following actions required:
iv. Create minimum standards for constitutions of HOAs.

v. Change the "De Facto" rule to 80% of completion of an estate.

vi. Create standards where drawing revisions will be required for deviations from the initial submissions, and that the drawings must reflect what is actual in the estates and be available.

vii. Limit the "no rates" holiday given to developers to between 5 and 8 years and have a Work Breakdown Structure (WBS) for every development.

viii. Have a requirement for the infrastructure to be completed within a certain timeframe + WBS.

ix. Have minimum standards for infrastructure in estates or complexes.

x. Ensure that HOAs have access to drawings and information regarding infrastructure in their complexes to enable maintenance. (Integrity of information systems)

xi. Assist Owners of property in estates to obtain "Certificates of Occupation"

xii. Incorporate all of the above in the municipal ERP system.

Coenie Groenewald - Comment on Draft Budget 2019-2020

From: Johan La Grange <johan.lgrng@gmail.com>
To: <cgroenewald@overstrand.gov.za>
Date: 09/04/2019 02:17 PM
Subject: Comment on Draft Budget 2019-2020
Cc: <enquiries@overstrand.gov.za>, <mayor@overstrand.gov.za>

Good Day Coenie

I am hereby formally sending my comments in relation to the 2019/2020 Municipal Draft budget. I do not know if there is a formal online place to comment, but as advised the Hermanus Municipality I can send my comments to you.
I own a flat in Gansbaai and my account number is 900000480487, to validate my comments.

1. **Refuse removal** – In my opinion the increase is not sustainable and unreasonable for the public to fit the bill. National Treasury in fact has project a CPI of 5.2% for this current year as per the (*Budget Review 2019 National Treasury Republic of South Africa 20 February 2019) that was published. Your increase of **12.86%** is more than double the the CPI and even double than last what year's 6% increase. So form my point of view relook at the increase as it is unaffordable to most household not just the indigent households a more CPI related increase is suitable.
2. **Sanitation + Basic Monthly Charge** – The 5.71% increase is also above CPI as projected by National Treasury but it is more suitable increase and not way out of line like the others, also it is less that last years increase of 6%.
3. **Water** – Once again as per my opinion the increase is not sustainable and unreasonable for the public to fit the bill. National Treasury in fact has project a CPI of 5.2% for this current year as per the (*Budget Review 2019 National Treasury Republic of South Africa 20 February 2019) that was published. Your increase of **11.5%** is more than double the CPI and last year it was also increased by **11.5%** which makes this increase inaccurate and unfounded and what is more disturbing is the fact that it is pushed to the consumers who try to use less water under 6kl. This for me is disturbing as you are milking the people who do not qualify for free services. The rest of the water block tariffs are in line with CPI.
4. **Property Rates** – Even though the increase is CPI related and less that last year's 6%. I feel it can be looked at to increase the rebate of the R 15 000.00 and the R 35 000.00 to a more reasonable rebate of R 60 000.00 or R 100 000.00 which will benefit all residents.
5. **Electricity + Basic charge** – Let me just say, it is unrealistic and a joke that you think it is reasonable to have increases of +/- **17.5%** like these that is more double the CPI and more than double last years' increase. Each block of electricity has increased with more than **14%** almost triple the project CPI and as per National Treasury and almost more than 7% of last year's increase. The basic charge is **17.5%** increases. Prices have to be relooked at and be in line with what CPI is and not these amount you get that will put people in more pressure and even increase the indigent amount of people. Maybe reduce the basic charge which is ridiculously high even higher than other municipalities around the country which is shocking.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

515

For my last comment is there is so many infrastructure charges and levies and charges we as the residents don't know about and it just gets added. It cannot be expected for consumers to pay these prices to supplement the municipality short comings of money. One is that the refuse charges is so high even more than the rates on a property sometimes. I feel that some of these prices and infrastructure cost is just a to milk the people for more and more.

Regards

JP La Grange

Gooday

I experienced a leak in my domestic piping. This resulted in a debit to my Current account of nearly R24000 in November 2018.(No one told me about this!).

I applied for a Rebate. I was referred to the "Customer Assistance Policy". The Municipality is to be Commended for Having such a policy! But if it is genuinely intended to assist customers it should do just that!

On examination I discovered that, far from assisting customers, It actually penalizes customers who experience leaks! For ease of reference, I type the wording of the Customer Assistance Policy in black, below. My comments a recommendations are typed in red.

6.8 Customer Assistance Policy

6.8.1 Water Leakage

(a) If the leakage is on the customer's side of the meter, the customer will be responsible for payment of the full account.

Comment: This assumes that a customer's piping system is separate and independent of the Municipal System.

In actual fact, the systems are interconnected. The connection is via the meter. The pressure in domestic systems is determined by Municipal pressure. I attach a few articles on Water Hammer. (A). Probably the most common cause of leakage in domestic (and Municipal) pipes, is variation in pressure. (Over-pressure more than under-pressure). Whenever repairs or additions are effected in Municipal pipes, valves are turned off. When the work is done, valves are opened again. When valves are turned on or off, in general, a pressure variation occurs. If valves are turned off or on , carelessly, (for example rapidly), the pressure changes (for example rapidly), correspondingly. Please read the attached articles on Water Hammer, or Google yourself?. You will see that rapid pressure changes, such as those caused by water Hammer, can cause serious, potentially catastrophic, damage to pipes and connected devices. I strongly suggest you Google "Water Hammer" to get an appreciation of the potential for damage to domestic (and Municipal) piping systems. An obvious observation is that the Municipality, can quite conceivably, contribute to damage to domestic piping and connected devices. And be ignorant of this! So, many leaks in domestic piping systems may well be actually caused, inadvertently, by the Municipality itself.

A clever lawyer could quite easily bring serious charges for damages against the Municipality.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

517

Recommendation: So, the first recommendation, is to change the wording of (a) to "Leakage on the Customer's side of the meter, may be the responsibility of the customer. If this is the case, the Customer will be responsible for payment of the full account."

Further comment: There are frequent instances of breakages and consequent leakages in the Municipal piping system supplying water to consumers. It is quite conceivable, that frequent pressure changes in the piping system contribute to increasing the frequency of such leaks. Therefore, I recommend that a standing instruction be issued to employees who need to disconnect/reconnect pipes, to open and close valves gradually. This could largely reduce leakages caused by frequent pressure changes.

(b) no comment

(c) I attach the Rebate calculation done by Ms E Stadler (B). You will see that the cost of 566Kl supposedly lost, was calculated to be some R24000. (Note: I am separately querying the 566 Kl-I think there has been some serious finger trouble-but that is not the purpose of this email) The credit Is less than half the debit to my account. Clearly not "assistance".
There are two reasons for this. Firstly, the 566 Kl was calculated using the Overstrand Tariff list 2018/2019.
This calculation used the sliding scale of charges. This scale of charges is intended to discourage users from wasting water-very commendable. But it should not be used to calculate the value of water leaks! The rate of R21.63 is roughly similar to the 19-30Kl/m tariff no. WIB3.

R21.63 does not represent the value of lost water. It has been calculated including Overheads and sunk costs. These have no bearing at all on leaks. The only cost attributable to water leaks is the variable cost of water. Water is collected in dams and flows under gravity to consumers. The only relevant cost is the cost of chemical dosing. (cost of chemicals times the rate of dosing). This is a very low figure.

So I have Recommendations:

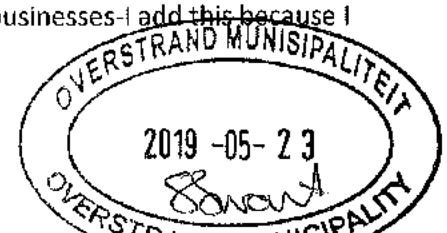

Recommendation no. 1 Change the title from Customer Assistance Policy to Customer Assistance and Care Policy.
2 Calculate the cost of leaks using a much lower charge rate than is used using the scale of charges-perhaps R6/Kl?
3 You must definitely stop using R21.63 in the rebate calculation! That is, if your intention is to "assist" customers. The R21.63 actually penalizes customers. This is not supposed to be what is intended by the Municipality. Calculate a rate that is representative of the actual cost of leaked water, ie the cost of the dosing chemicals times the rate of dosing. Create a new category in the Overstrand Tariff list for use in calculating rebates.

Beste Jean

Namens die eienaarsvereniging van die Onrus Handelspos, rig ek graag 'n versoek, dat daar begroot word vir "traffic calming" vir Onrus Hoofweg en Vermont rylaan. Daar is vele klagtes van kliente, dat as gevolg van die hoe spoed van aankomende verkeer, dit baie moeilik en gevaarlik is vir bestuurders en voetgangers, om in en uit die parkeerterrein te beweeg. Ons vra asb u dringende aandag tov die saak.

Byvoorbaat dankie

Theo Agenbag

Dear Marian, please forward this to Clr. De Coning, I do not have her email address:

Dear Clr. De Coning,

Thank you to the Council and Administration management for the OMAF meeting this evening, it was very informative and we, as Ward committee members, appreciate the transparent manner in which the budget is handled.

Questions moved off the security issue more quickly than I expected, I regret not asking Dir. Michaels any questions about his budget, I hope I can ask here:

Director, on the Draft Capital Budget there is R500k budgeted for CCTV cameras.

1. How does this fit in with the new circumstances re the dissolution of HPP and the fact that OM might inherit the existing equipment? Are you actually planning to use this full amount for CCTV cameras?
2. I have heard it being discussed in some circles that there is a Joint Operations Monitoring Centre being planned, with all NHW's having access, is this on the cards? Will it be financed through this budget amount?
3. Please clarify whether you will install any cameras at municipal properties in Ward 13 eg the Campsite, the Electricity Depot, the Municipal offices, and where will these be monitored?
4. What exactly is the Backbone the Major mentioned this evening, will it come out of this budget?
5. The new legislation pertaining to Law Enforcement gives LE officers more powers, have you budgeted for the additional training these officers will need, eg Riot / Crowd control?
6. Will the municipal K9 unit be housed on the Municipal Farm? Are there any implications for the SAPS unit in this regard?

Sorry I didn't ask these questions at the meeting, it ended before I had collected all my thoughts!

Thank you,
Caroline

Thank you Rita.
I would also like to enquire about one more thing: Onrus Lagoon Water Quality is Number 1 on Ward 13 Priority List, yet no funds have been budgeted in this regard.
We could budget for additional water sampling (laboratory costs) a) to establish an additional monitoring point in the lagoon (there are currently 2 points) or b) for extra monitoring during the season.
We could also consider acquiring a dedicated machine / probe where data (other than bacterial) can be captured, eg temperature, pH, salinity, turbidity, on a daily (or more regular) basis; this data does not have to go to a laboratory for analysis but there is a need for expensive solutions. so even if we borrowed a machine from WCC there would still be a cost involved to get results. WCC have a machine but the pH probe needs to be replaced annually and the cost of this is R7000, and there is something else that needs to be replaced, I think Rob Fryer said it would cost R12k to get their machine running 100%.
As we are applying for Blue Flag status for Onrus Beach this coming season, we will need to do regular testing of the ocean water at the beach, do we need to budget for this or who will cover the costs involved?
Caroline

CFO - IDP comment

From: Caroline Gabb<caroline@biogrow.co.za>
To: CFO@overstrand.gov.za<CFO@overstrand.gov.za>
Date: 30-Apr-19 12:45 AM
Subject: IDP comment
Cc: 'Jean Orban'<jorban@overstrand.gov.za>

My (personal) queries / areas of concern:

1. The R500 000 budgeted for CCTV cameras does not seem a very substantial amount, is it sufficient?
2. Has anything at all been budgeted for the running of the full capacity of the CCTV set up that will apparently be inherited from HPP? Monitoring and response?

(I personally saw first hand the role the cameras played during the unrest last year, and am well aware of the role they play in crime prevention. I strongly believe that Phase 2 of the camera project must proceed and that OSM needs to safeguard this facility until the future SRA is established, or alternatively (and preferably) that a plan is made to enable HPP to continue operating without jeopardy, ie without harm, loss or failure.)

3. Considering the impact that alien vegetation has on increasing the intensity of fires, has enough been budgeted for alien clearing?

Please take these comments into account,
Thank you,
Caroline Gabb

15th April, 2019

Mr. C. Groenewald
Municipal Manager
Overstrand Municipality
Magnolia Street
HERMANUS.

Dear Sir,

MUNICIPAL BUDGET 2019/20
REFUSE REMOVAL CHARGES INCREASE – 12.86%

I as Municipal Ratepayer strongly object to the proposed refuse removal charge increase of 12.86%.

The reasons for the objection are:

1. The destruction of the refuse removal and recycling plant was definitely not of our making nor did I contribute thereto. Therefore, why should I the ratepayer be held responsible for the financial component to rebuild the facility?
2. The tax base of the municipality is limited whereby those who wreak destruction are not held accountable for that destruction nor do they contribute to the economy of the municipality yet they expect housing, water, refuse removal etc. to be free and I have to subsidise this?
3. Why should I be compromised and penalised due to the illegal actions of others?

If all is to be free for the non-taxpayers who seek to destroy facilities and infrastructure then what of any benefit to the taxpayer?
I appreciate that there needs to be an increase to facilitate maintenance and growth in our town but believe it should be no more than 5.7% to a maximum 7 % in line with the other increases.

Best regards

S. & Clark

15th April, 2019

Mr. C. Groenewald
Municipal Manager
Overstrand Municipality
Magnolia Street
HERMANUS.

Dear Sir,

MUNICIPAL BUDGET 2019/20
REFUSE REMOVAL CHARGES INCREASE - 12.86%

We as Municipal Ratepayers and senior citizens strongly object to the proposed refuse removal charge increase of 12.86%.

The reasons for the objection are:

1. As senior citizens on a limited income, the municipality kindly affords us a 40% reduction in our property rates.
2. We are recipients of monthly SASSA social grant.
3. The destruction of the refuse removal and recycling plant was definitely not of our making nor did we contribute thereto. Therefore, why should we the ratepayers be held responsible for the financial component to rebuild the facility?
4. The tax base of the municipality is limited whereby those who wreak destruction are not held accountable for that destruction nor do they contribute to the economy of the municipality yet they expect housing, water, refuse removal etc to be free.
5. Why should we be compromised due to illegal actions of others when we already live on a very limited monthly budget, struggle to make ends meet while monitoring every cent we spend.

If all is to be free for the non-taxpayers, then there should be concessions for those of limited means. We appreciate that there needs to be an increase, but believe it should be no more than 5.7% in line with the other increases.

Yours faithfully

CFO - OSM Budget proposals 2019/2020.

From: Rob McDavid <rob.mcdavid@gmail.com>
To: Coenie Groenewald <cgroenewald@overstrand.gov.za>
Date: 17-Apr-19 02:34 PM
Subject: OSM Budget proposals 2019/2020.
Cc: Elnora gillion <egillion@overstrand.gov.za>, Hinke Nixon <hinke@hinke.co...

On behalf of the Ratepayers and Residents of Fisherhaven we would like to put forward the following items for inclusion in the 2019/2020 budget allocations.

1. An amount of R14 million for Dust Control treatment of the gravel roads throughout the village. The state of the roads in Fisherhaven have slowly deteriorated over the past few years due to the lack of maintenance. The grader used by the Council is extremely old and subject to continual breakdowns. Roads have to be graded twice per year at considerable cost whereas the Dust Control treatment would result in a 5 year cycle for maintenance of the roads. Not only is this a financially justifiable expense but it would also greatly enhance the general aesthetic of the village, which is suffering from an air of neglect.

2. An amount of R400,000 for the provision of wheelie bins for all the 462 developed properties. Currently the horses and dogs get into the garbage bags on Mondays and apart from the danger it presents to the horses, the resultant mess left behind is unacceptable. The residents themselves do actually clean up the streets on a regular basis but it is not sufficient to control the damage. The existing garbage trucks are equipped to handle the wheelie bins.

3. Fisherhaven is surrounded by open land which represents an extremely high fire risk to the area and following the recent fires along the coast we believe it is only a matter of time before Fisherhaven is affected. Within the confines of the village there are municipal properties overgrown with alien vegetation which further exacerbate the fire risk. Over time the clearing of alien vegetation has decreased resulting in the risk of catastrophic fire greatly increasing. We would like an amount of R2 million allocated to permanent eradication of alien vegetation.

4..Fisherhaven has allocated R125 000 of its ward fund allocation to the provision of Licence Plate Recognition cameras as well as surveillance cameras for the entrances to Fisherhaven as well as the slip way area. Due to the increasing incidence of crime in the area we require an additional R500 000 to be allocated for more surveillance cameras throughout Fisherhaven.

Rob McDavid
Chairperson Fisherhaven Ratepayers Association.

FRANSKRAAL BELASTINGBETALERS- EN -INWONERSVERENIGING

Mnr Coenie Groenewald
Munisipale Bestuurder
Overstrand Plaaslike Owerheid
Posbus 20
Hermanus
7200

18 Maart 2019

Geagte Mnr Groenewald

VOORGESTELDE WYSIGING VAN OVERSTRAND PLAASLIKE OWERHEID SE TARIEF BY-WET VIR DIE VERPLIGTE BASIESE/INFRASTRUKTUUR RIOOLHEFFING ASOOK DIE EIENDOMSBELASTINGBELEID KORTING RAKENDE VERSKEIE PERSONE

Tydens die Franskraal Belastingbetalers – en Inwonersvereniging se laaste bestuursvergadering was daar versoek dat die munisipaliteit genader word om oorweging te skenk om die volgende tariewe soos vervat in die Munisipale Tarief beleid, By-wet en Eiendomsbelastingsbeleid te hersien en wel om die volgende redes:

1. VERPLIGTE BASIESE/INFRASTRUKTUUR RIOOLHEFFING

Tans moet die inwoners van Franskraal en moontlik ook ander uitbreidings binne die jurisduksie van die Overstrand Munisipaliteit 'n basiese/infrastruktuur Rioolheffing betaal vir 'n diens wat tans nie bestaan of in die nabye toekoms beskikbaar sal wees nie.

Daar is tans geen interne rioolnetwerk of hoof rioolafvoer infrastruktuur wat Franskraal met die bestaande rioolafvalwerke buite die Gansbaai dorpsgebied kan verbind nie. Daar is wel 'n suigtenkdiens wat deur die Munisipaliteit gelewer word waarvoor die inwoners betaal as hulle van die diens gebruik maak.

Derhalwe mag 'n Munisipaliteit nie tariewe hef vir 'n diens wat nie bestaan of gelewer kan word nie, wat ook moontlik teenstrydig met die Land se Grondwet kan wees, en dit die rede is waarom die Munisipaliteit se By-wet op Sanitasiedienste ingevolge Artikel 59(4), uitdruklik bepaal dat 'n ooreenkoms eers kan bestaan as 'n inwoner by die Munisipaliteit se riool stelsel aangesluit is of aangesluit kan word. Hierdie Artikel lees soos volg:

"59 Application for use of sewage disposal system

(4) Where premises have been connected to the sewage disposal system or are reasonably capable of being connected, it shall deemed that an agreement in terms of subsection (2) exists."

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Ingevolge hierdie Artikel is daar geen plaaslike rioolinfrastruktuur in Franskraal geïnstalleer, waarby die inwoners kan aansluit ten einde die riool na 'n rioolsuiweringswerk af te voer nie, wat beteken dat daar geen ooreenkoms met die grondeienaars sou kon bestaan nie. Siende dat daar geen Rioolnetwerk in/of by Franskraal bestaan of gelewer gaan word nie, moet die Riooldienste alleenlik slegs ingevolge Artikel 66 van die By-wet op Sanitasiedienste gelewer word. Inwoners behoort dus slegs vir hierdie diens te betaal.

Artikel 66 van dieselfde By-wet is blyk dus die enigste wetlike klousule te wees waarop die Munisipaliteit riool aan Franskraal kan lewer en dit lees soos volg:

" **66. Services associate with onsite sanitation services;**

(1) The removal or collection of conservancy tank and septic tank contents will be undertaken by the municipality, unless otherwise provided by an agreement

(2) Prescribe fees in respect of the removal or collection of conservancy tank contents or the emptying of a septic tank will cover the **operating (which I presume include costs like finance charges etc.) and maintenance costs** based on the quantity removed by the vacuum tank, transportation to disposal site, the **treatment of the contents** to achieve sanitary condition and the final disposal of any solid residues

(3) Prescribe fees will be in accordance with Tariffs By-Law of the municipality"

Dit blyk dus dat paragraaf 9.5 van die Munisipaliteit se Tariefbeleid ten opsigte van sanitasie heffings nie heeltemal in lyn is met die By-Wet nie. Dit word algemeen aanvaar dat wanneer plaaslike owerhede tarief vasstelling vir 'n vaste heffing oorweeg, dit gebaseer word op erkende onveranderlike koste wat gedurende 'n finansiële periode aangegaan moet word, met inagneming dat die koste **deel moet vorm van die diens wat aan gebruikers gelewer word**. (Byvoorbeeld, finansieringskoste en salarisse wat nie van ander dienste verhaal word nie en instandhouding van die netwerk om net 'n paar te noem)

Dit sou geen probleem wees indien die Munisipaliteit 'n vaste heffing sou vorder by die gebruiker waar daar 'n rioolnetwerk geïnstalleer is en kapitale uitleg moes aangegaan om die diens daar te stel en dit in stand te hou nie, maar die munisipaliteit kan nie van die inwoners van Franskraal verwag om die vaste heffing te betaal vir 'n diens wat nie in die gebied bestaan nie en ook nie in die nabye toekoms sal bestaan nie.

Dit wil voorkom asof inwoners van Franskraal ander verbruikers subsidieër wat van 'n rioolnetwerk voorsien is. Franskraal inwoners is derhalwe nie bereid om 'n heffing te betaal wat regtens nie gehef mag word nie.

In die lig van die voorafgaande is dit duidelik dat die Inwoners van Franskraal dubbel betaal, ingevolge Artikel 59 en Artikel 66, terwyl slegs een, nl. Artikel 66 van toepassing behoort te wees.

2. Eiendomsbelasting Afslagbeleid – Senior Burgers, Kinderhoof Huisgesinne, Ongeskikte of Medies ontslane persone (disability grantees or medically boarded persons)

Die Franskraal Belastingbetalersverening is bewus van die huidige Eiendomsbelastingafslagbeleid ten opsigte van pensioenarisse wat beslis verouderd is en bied ook nie veel voordele vir die afgetrede eienaars binne die munisipaliteit nie. Hierdie

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

beleid behoort hersien te word om meer erkenning aan die afgetrede eienaars te gee vir die bydraes wat hulle in die verlede gelewer het.

Die bestaande "Indigent" beleid vir die armer deel van die gemeenskap is geregverdig sodat die Munisipaliteit 'n jaarlikse inkomste toedeling van die staat vir die doel ontvang.

U word egter versoek om wel oorweging te skenk om die Eiendomsbelasting Afslagbeleid te wysig om ook voorsiening te maak vir die insluiting van die volgende kategorieë persone en voorwaardes, wat tans nie ingesluit is nie.

"1. Proposed Amendment to Tariff Table

SENIOR CITIZENS, DISABILITY GRANTEES / MEDICALLY BOARDED PERSONS AND CHILD HEADED HOUSEHOLDS

(i) That in addition to the reduction of R15 000 above, a rebate not exceeding R2400 or such lesser amount as may otherwise be payable, be and is hereby approved for qualifying Senior Citizens, disability grantees / medically boarded persons and child headed households as defined in the rates policy.

(ii) That it be and is hereby resolved to place a maximum limit of R1.5 million on the value of the property, in order to qualify for the Senior Citizens rebate in (i) above.

(iii) That it be and is hereby resolved that a rebate under clause 7.2.2.4 of the rates policy may be granted to qualifying Senior Citizens who are trustees in a trust, notwithstanding that an independent professional person also holds office as a trustee and does not meet the qualifying criteria.

2. Proposed Amendment of Rates Policy

SENIOR CITIZENS

The aim of this rebate is to alleviate the burden on Senior Citizens who have a fixed income and limited resources.

7.2.1 Subject to the criteria set out in clause 7.2.2 and 7.2.3 Senior Citizens may be granted a rebate on their Primary Property, with effect from the next practical billing cycle, following the date of approval of an application.

7.2.2 The criteria for the grant of the Senior Citizens' Rebate are as follows:

7.2.2.1 The applicant -

a) must be sixty (60) years or older;

b) must produce a South African bar-coded identity document or a Smart Identity card;

7.2.2.2 The property in respect of which the rates rebate application applies, must meet the following criteria:

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

a) The property must be the Primary Property of the applicant;

b) In the case of owners married in community of property, the property must be registered in the name of the applicant, and/or the applicant's spouse;

c) In the case of the co-ownership of a property other than in terms of a marriage in community of property, the property must be registered jointly in the names of the applicant and the co-owner (who must be a natural person) in equal and undivided shares;

d) In the case of a property subject to a usufruct or a personal servitude of use or habitation in favour of the applicant, such right of usufruct, use or habitation must be registered; or

e) The value of the property must not exceed a value as determined by the Council when approving the Municipality's annual budget.

7.2.2.3 The rebate will only be granted to an applicant in respect of one property.

7.2.2.4. In the case of a property registered in the name of a Trust:

a) the application must be made by the trustee(s) of the Trust; and

b) all the beneficiaries of the Trust must meet the criteria in clause 7.2.2; and

c) the trustee(s) must submit with the application for the rebate, certified copies of:

(i) the title deed of the property; and
(ii) the trust deed; and

(iii) any document amending the trust deed; and

(iv) the current Letters of Authority in respect of the Trust.

7.2.2.5 In the case of an application by the holder of a usufruct or a personal servitude of use or habitation, the applicant must submit with the application:

(i) the title deed of the property; and

(ii) where applicable, the registered notarial deed of usufruct or use or habitation.

7.2.2.6 In the case of owners married in community of property, and only one spouse is a Senior Citizen, the property may still qualify for a rebate under this Policy, and the application must be made by the spouse who is a Senior Citizen.

7.2.2.7 In the case of the co-ownership of a property other than in terms of a marriage in community of property:

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

a) All the owners in their individual capacities must meet the applicable qualifying criteria for a Senior Citizen; and
b) The property must be registered jointly in the names of the applicant and the co-owner (who must be a natural person) in equal and undivided shares.

7.2.3 The Senior Citizens Rebate will lapse –

a) on the death of the applicant if the applicant owns 100% of the property;

b) on the date of transfer of the property;

c) when the applicant ceases to reside permanently in the property;

d) in the case of a property registered in the name of a trust, when the beneficiaries no longer meet the qualifying criteria;

e) in the case of a property which is subject to a usufruct or a personal right of use or habitation, when the holder of the right of usufruct, use or habitation no longer meets the qualifying criteria;

f) at the end of the Municipal Financial Year for which the rebate is granted;

g) when the primary property undergoes a category change and no longer meets the qualifying criteria for relief; or

h) on the date of transfer of the applicant's undivided share in the property, in the case of co-ownership in equal and undivided shares as contemplated in 7.2.2.7.

7.2.4 Rebates granted in error or due to false or incorrect information supplied by the applicant, will be reversed immediately from date of inception of the rebate.

7.2.5 Council may approve further rebates at its annual budget meeting, based on its indigence support programme and the income level of qualifying applicants.

7.2.6 For the purposes of clause 7.2.2.3, an owner in a Sectional Title Scheme who owns, in addition to the residential unit, a garage, parking, granny flat or storage room, on separate Title, is deemed to be the owner of one (1) property.

7.2.7 For the purposes of clause 7.2.2.3, an owner of two or more properties which are notarially tied to each other, is deemed to be the owner of one (1) property.

7.2.8 Where a Senior Citizen has failed to make application for relief before 30 April as specified in 7(d), and the failure was not due to any negligence on the part of such Senior Citizen, the Senior Citizen may submit representations to the CFO as to why the Relief should be renewed.

(a) Representations shall be made by submitting an affidavit or affirmation, signed before a Commissioner of Oaths, indicating the reasons for the failure to make timeous application for the renewal of the Relief and the grounds why the renewal of the Relief should be granted. The prescribed

MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

renewal application form, duly completed, must accompany such document.

(b) Any representations must be submitted within three (3) months of the new Municipal financial year for which the relief is sought (i.e. by 30 September).

(c) A panel of 3 officials within the Revenue Management Unit, nominated by the CFO, one (1) of whom shall be the Head Revenue Management, will consider the representations and reply thereto in writing.

(d) Such panel may conduct independent investigations to verify the facts or call for additional information.

(e) The panel may-

(i) Allow the representations if there are reasonable grounds indicating that the Relief ought to be renewed in which event the Relief will apply in respect of the whole of the Municipal financial year for which the Relief is sought, subject to 7.2.3.

(ii) Reject the representations if there are no such reasonable grounds.

7.3 DISABILITY GRANTEES OR MEDICALLY BOARDED PERSONS

7.3.1 The intention of this rebate is to assist those people who have a physical or mental condition that constrains him/her from performing normal work related functions and as a consequence he/she is unable to find employment or unable to maximise his/her earning capacity.

In the spirit of this, the CFO may hear representations where an application has been rejected. The same process as laid down in section 25 (Disputes) of the Municipality's Credit Control and Debt Collection Policy shall apply, with such changes as are necessary. The Applicant may be required to submit to further medical examinations by a Municipal appointed medical practitioner, at the expense of the Applicant. The CFO or his nominee may make a decision that is binding.

7.3.2 Disability Grantees including temporary disability grantees or Medically Boarded persons may, on annual application, be granted a rebate, with effect from the next practical billing cycle following the date of application, subject to the following:

a) **Disability grantees:** the applicant must be in possession of a letter, issued by the Department of Social Services, confirming receipt of a disability grant, or a specialist medical practitioner confirming disability and inability to work. ;

b) **Medically boarded persons**: the applicant must produce a letter from the Applicant's relevant ex-employer or the underwriter for the employer confirming medical boarding;

c) The applicant must produce a South African bar coded identity document or Smart Identity Card;

d) The applicant must reside on the Primary Property;

e) The applicant must be the registered owner of the Primary Property. This includes co-owners who are married to each other or property owned solely by either spouse;

f) Joint owners must each meet the above criteria or the criteria set out in 7.2 (i.e. as a senior citizen / disabled / medically boarded person);

g) In the case of a Trust, the beneficiaries must meet all of the above criteria. A copy of the Title Deed must be produced;

h) In the case of a usufruct or other personal servitude, the servitude must be registered over the whole property. The holder of the personal servitude must meet all of the above criteria, where applicable. A copy of The Title Deed must be produced. The holder/s of the servitude will be granted the rebate jointly on one property only; and

i) Executors/Administrators of deceased estates, Liquidators and Trustees of Insolvent Estates and temporary disability grantees are excluded from the rebates.

7.3.3 The rebate will lapse:

a) Subject to clause 7.3.3 (e), on death of the applicant if the applicant owns 100% of the property ;

b) on the date of transfer of the property;;

c) When the applicant ceases to reside permanently on the primary property;

d) In the case of a property registered in the name of a medically boarded person when a medically boarded person gains employment;

e) At the end of a Municipal financial year for which the rebate is granted;

f) When the property undergoes a category change and no longer meets the qualifying criteria for Relief.

7.3.4 Rebates granted in error or due to false or incorrect information supplied by the applicant, will be reversed immediately from date of inception of the rebate.

7.4 CHILD HEADED HOUSEHOLDS

7.4.1 A property shall be classified as a "Child Headed Household" if either:

7.4.1.1 all the occupants of the property are minors; or

7.4.1.2 the adult/s occupying the property together with a Minor/s are so debilitated by age or disease that they are unable to function as the head of the household; and

7.4.1.3 a social worker from the Department of Social Welfare has investigated the circumstances of the property and has certified that the circumstances set out in 7.4.1.1.and 7.4.1.2 apply to the property.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

7.4.2 A Child Headed Household may receive a rebate, from a date as determined by the CFO, subject to the following–

7.4.2.1 The property is registered in the name of a debilitated adult or one or more minors, or in the name of an adult who has died; and

7.4.2.2 The minors reside permanently on the property; and

7.4.2.3 The value of the property must not exceed a value as determined by resolution of Council at its annual budget meeting.

7.4.3 The application for the rebate must be accompanied by confirmation from the Department of Social Welfare that the criteria set out in 7.4.1.1 or in 7.4.1.2 have been met and that in fact the property is headed by a minor.

7.4.4 In addition, if the property is registered in the name of one or more persons who have died, the application must be accompanied by:

7.4.4.1 A copy of the Letters of Executorship or the Letters of Administration in respect of the estate of the registered owner;

7.4.4.2 A copy of the Liquidation and Distribution Account or the Statement of Assets and Liabilities authorising the transfer of the property to the minor(s), if those documents have been drafted and submitted to the Office of the Master of the High Court.

7.4.5 In the case of a property where the only adult occupant(s) is/are terminally ill, the application must be accompanied by a certified copy of the medical report confirming that the adult(s) is/are terminally ill.

7.4.6 An application for a rebate must be renewed annually and endorsed by the Department of Social Welfare as contemplated in 7.4.3.

7.4.7 The Rebate will lapse –

7.4.1.1 once the minor reaches the age of 18;

7.4.1.2 on the date of transfer of the property;

7.4.1.3 when the minor(s) cease(s) to reside permanently in the property; or

7.4.1.4 if the Department of Social Welfare certifies that it no longer regards the household as a Child Headed Household;

7.4.1.5 if an application is not submitted annually (and in this regard late applications may be reinstated with effect from the next billing cycle); or

7.4.1.6 when the property undergoes a category change and no longer meets the qualifying criteria for relief.

OVERSTRAND MUNISIPALITEIT

2019/2020 VOORLOPIGE BERGROTING KOMMENTAAR

Met verwysing na ons vorige skrywe gedateer 18 Maart 2019 en die begroting oorsig vergadering van 03 April 2019 wil ons graag kommentaar uitspreek oor veral die verhogings ten opsigte van die elektrisiteit, water en vullisverwydering. Wat die begroting ingeheel aanbetref wil ons van die geleentheid gebruik maak om geluk te wens met die samestelling daarvan wat 'n moeilike taak is.

Naaanleiding van bogenoemde sal ons in die dokument ons bekommernis en moontlike voorstelle per diens uit een te sit.

1. Elektrisiteit

Hoewel ons nie oor voldoende inligting beskik wat gebruik was met die samestelling van die begroting wil ons tog sekere koste afwykings uitwys soos per die tabelle wat moontlik die tarief vasstelling mag beinvloed, inligting aanvra en sal dit waardeer indien u ons hiermee kan bystaan.

Hoewel ons bewus is van die feit dat u op 'n 15% Eskom verhoging gewerk het in plaas van die 13.7% maak dit nog steeds geen sin om die vaste basiese heffing met 17.5% en eenheids koste met 14.4% te verhoog as in ag gemeen word dat met die uitsluiting van Eskom verhoging die res van die uitgawe nie met meer as 5.6% moet verhoog nie.

Dit sal meer aanvaarbaar wees het as die gemiddelde verhoging vir resdensiele verbruikers se tariewe gemiddeld met tussen 10 en 11% verhoog was.

Dit is ook verder ons mening dat die huidige tarief vasstelling metode wat tans in gebruik nog uit die ou era van tarief vasstelling kom wat nie meer tredhou met huidige denkwyse om tarief soos saam testel dat dit bekostigbaar en koste besparende moet wees vir die verbruiker maar sal later meer uitbrei hieroor. Dit is ons versoek dat die munisipalitiet dit oorweeg om in die hele tarief vasstelling metode vorentoe moet hersien om meer besparing aan te moedig en geld di took vir kommersiele tariewe.

Die huidige tarief struktuur maak nie voorsiening om verbruikers aan te moedig om te bespaar of om dienste te verbruik volgens hulle vermoens maar kom dit voor dat die huidige tarief struktuur daar op uit is om vakansie huis eienaar vir dienste te laat betaal maar is dit nie in belang van die

OVERSTRAND MUNISIPALITEIT
2019 -05- 29
OVERSTRAND MUNICIPALITY

meerderheid van pernamente inwoners van Overstrand Munisipalitiet en sal die huidige tarief struktuur oor die lang termyn nie volhoubaar wees vir die meerderheid van pernamente inwoners.

Overstrand Munisipaliteit is al jare lank nie meer die vakansie dorp van die verlede aangesien daar oor die jare 'n goed gevestigde kommersiele bedryf ontwikkel het wat ook soos die muninisipalitiet 'n sosio ekonomiese verpligting teenoor die pernamente inwoners van die munisipalitiet.

Volgens Nationale Tesourie se omsend skrywe sal u moet motiveer waarom u uitgawe begroting met meer as 5.6% verhoog en ingevolge die Grondwet, Munisipale Stelsels en Munisipale Finansiele Bestuurs Wetgewing moet dienste op bekostigbare vlakte gelewer word aan al die inwoners van die munisipaliteit en met die uitsondering van Grootmaat aankope is die res van die uitgawe nie in lyn met die Tesourie se riglyne en wetgewing. Dit is ons mening dat behalwe vir die tarief struktuur u ook oorweeg om sekere van die uitgawe items se begroting te hersien soos hieronder berspreek.

Tabel 1 – Inkomste en Uitgawe Elektrisiteit

Beskrywing	Begroting 2018/2019	Begroting 2019/2020	Afwyking Bedrag	Afwykings %

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

1. Grootmaat Aankope

Volgens die tabel is die afwyking van grootmaat aankope +/- 19% wat nie inlyn is met die verhoging wat aan Eskom goedgekeur is met ingang 1 Julie 2019. Inteendeel is dit 5% meer en met die huidige ekonomiese klimaat is dit nie moontlik dat ons 'n 5% groei sal hê gedurende die finansiele jaar.

Hoewel ons tans nie die inligting het hoe die grootmaat aankope bereken is kan ons net aanname maak dat daar te konserwatief begroot is en van mening is dat die bedrag hersien word.

2. Gekontrakteerde Dienste

Volgens die tabel is die afwyking 41% wat die verhoging teiken van 5.6% ver oorskry en wat in meer detail verduidelik moet word en moontlik moet hersien. Dit is verontrustend om die tipe verhoging te sien met inagneming van die Eskom se verhoging.

Ons sal ook graag wil verneem wat die gekontrakteerde dienste behels.

Die munisipaliteit word versoek waar moontlik die dienste hersien word om sodoende koste te bespaar wat deur gegee kan na die verbruikers.

3. Vooraad Verbruik

Volgens die tabel is die afwyking 21% wat nog rede is vir die onaanvaarbare elektiese tarief verhoging. Daar kan aanvaar dat daar maak ouer infrastruktuur wees wat moontlik meer aandag mag geniet maar is seker dat dit in een jaar 21% verhoging regverdig. Volgens tabel 2 hieronder word ook voorsien dat die elektrisiteit instandhouding met 53% verhoog word wat nie sin maak.

Ons sal graag wil verneem hoe die verhoging berekening is en hoe u so 'n hoe verhoging in een jaar kan regverdig en kan nie miskien oor langer periodes verprie word nie.

4. Operasionele Koste

Volgens die tabel is die afwyking 'n astronomiese 1632% verhoging wat ook bygedra het tot gemiddelde 17% verhoging in die totale Elektrisiteits uitgawe en verhoogde tariewe. Om eerlik te wees maak die syfers nie en kan ook nie geregverdig word nie en behoort die Raad die begroting in sy total te hersien.

5. Distribusie Verliese

Ons sal ook graag wil verneem wat die beraamde distribusie verliese vir jaar voorsien was want dit het ook 'n mate effek op die elektisiteit verkope en tariewe

6. Voorsiening vir Oninbare Skulde

Involge tabel 3 hieronder is die verhoging van oninbare skulde 6% en volgens die begrotings verslag is belatings ratio op 99% bepaal maar verder in die verslag toon u 'n verhoging in die voorsiening vir oninbare skuld met 6% vir die 2019//2020 finansiele periode wat daarop neerkom dat die munisipaliteit net 96% betaling verwag. Hoewel dit nie in die bergroting waargeneem kan word sal ons graag wil verneem wat die bedrag is wat voorsien in die begroting vir die voorsiening van oninbare skulde vir elektristeit debiteure.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

7. Koste – Oorhoofs Departementele Heffing

Die uitgawe item toon 'n 5.3% verhoging wat inlyn met die begroting riglyne. In die geval is dit nie die verhoging maar die bedrag wat voorsien is vir departementele heffings as in ag gemeen word die munisipaliteit se samestelling en grote dit nogal 'n hoe toedeling van koste vanaf ander departmente wil voorkom dat die bedrag ietwat te hoog opgegee is, synde die rede vir die hoe vaste basiese heffing en lae eiendomsbelasting heffing. Volgens my ervaring is hierdie ingewikkelde berekening wat basiese net met goed gedefineerde koste stelsel bereken kan word en beskik meeste munisipalitiete nie oor so 'n stelsel. In die lig hiervan wil ons glo dat die bedrag akkuraat bereken is nie.

7. Inkomste

Volgens die tabel is die dienste nie inlyn met die 19% verhoging tenopsigte grootmaat aankope wat 'n groei van 5% toon wat nie sigbaar is in die inkomste voorsien. Verder toon die Koste vir gratis basiese dienste 'n 'n verhoging van 21%, terwyl die begroting voorsiening maak vir 'n groei van 12% in hulpbehoewendes. Vanwaar die 9% verskil. Dit wil voorkom dat die inkomste of tariewe nie heeltemal inlyn met elektrisiteits voorsiening uitgawe. Indien daar 5% groei voorsien was by die inkomste sou dit die taiewe heelwat beinvloed het.

Tabel 2 – Elektrisiteit Instandhouding

Beskrywing	Begroting 2018/2019	Begroting 2019/2020	Afwyking Bedrag	Afwykings %
Instandhouding Bates	23 747 000	36 347 000	12 600 000	53.06

Tabel 3 – Voorsiening Oninbare Debiteure

Beskrywing	Begroting 2018/2019	Begroting 2019/2020	Afwyking Bedrag	Afwykings %
Voorsiening	23 452 000	24 902 000	1 450 000	6.18

Met inagneming van bogenoemde wil ons die Raad versoek om die 17% verhoging op die basiese heffing en die 14.4% verhoging op eenheids verbruik herberekening en die tariewe dienooreenkomstig afwaarts te hersien.

2. Water

Tabel 1 – Billike Verdeling van Inkomste – (DoRA) - Water

Beskrywing	Begroting 2018/2019	Begroting 2019/2020	Afwyking Bedrag	Afwykings %
Billike Verdeling van Inkomste	96 068 000	106 697 000	10 629 000	11.06

Die tabel verteenwoordig 'n verhoging van 11% in billike verdeling van inkomste en volgens u Water tarief word die eerste 6kl water ook met 11% verhoog. Onwillekeurig kom die vraag op of die verhoging 11% verband hou met die billike vedeling van inkomste verhoging en nie noodwendig gebaseer is op werklike koste soos deur die burgermeester verkondig word.

MUNISIPALITEIT
2019 -05- 23
RAAD
MUNICIPALITY

Indien dit die geval is word dit voorstel dat die water verhoging van 11% vir die eertste 6kl herbereken word en verprei word oor die skuins tariefstruktuur van die water tarief vir huishoudelik verbruik.

3. Vullis Verwydering

Die enigste kommentaar wat ons het is dat ons vullis tarief van die hoogste is in land vir 'n baie beperkte diens.

Sover die verhoogde uitgawe weens die voorbereiding van Sel 4 by karwyderskraal vullis terrein aanbetref wil ons verneem of ander munisipaliteite ook gebruik maak van die terrein en indien wel wat hulle bydrae is in die verband sowel as kommersiele private storting by die terrein.
Ons wil ook graag verneem of die munisipalitiet enige beleid het tenopsigte van herwinbare afval en of die munisipaliteit enige inkomste daardeur genereer.

Daar is munisipaliteite waar diens insluit die voorsiening van kwartaliks 24 swart sakke per huishouding vullis, 24 blou sakke per huishouding vir herwinbare vullis en groen sakke vir tuin vullis wat deel vorm van die vullis tarief en wat heelwat goedkoper is as ons munisipaliteit.

Om die hoë vullis tarief te regverdig wil ons graag versoek dat die Raad oorweeg as deel van die dienste die volgende addisionele dienste lewer

1. Kwartaaliks 24 swart sakke insluit in die tarief
2. Kwartaaliks 24 sakke vir herwinbare items
3. Waar moontlik kleiner oorgang stasie in sekere voorsien waar inwoners tuin vullis, herwinbare items insluitend kartonbokse ens kan plaas vir hersirkulering (Addisionele bron van inkomste) (Bou materiaal uitgesluit)

U oorweging van ons kommentaar in die verband word hoog op prys gestel

CFO - Compliment - Pearly Beach

From: "Richard Binedell" <rbinedell@vodamail.co.za>
To: <cfo@overstrand.gov.za>, <cgroenewald@overstrand.gov.za>
Date: 18-Apr-19 02:47 PM
Subject: Compliment - Pearly Beach

Good day Madam/Sir

My last email to you was to lodge some complaints/requests and I wish to now give thanks for your part in the response and the officials directly responsible for these tasks.

Thank you for the dust proofing with liquid tar and stone chips of a number of the gravel roads last year and continuing this year. A great advantage is the long stretch Broadway Rd dust proofing, just completed, and with several speed humps. That is a great benefit to those who live along that road which is well used and created severe dust.

I also want to thank you and the directly involved officials who came to my place to evaluate and then put up the several speed humps at many strategic points on different roads here in Pearly Beach. Some of which is directly benefiting us and our neighbours. We live in a time of increased lawlessness. (This is not surprising as the Lord Jesus Christ foretold in the Scriptures that in latter times there will be disobedience and lawlessness increasing the closer we get to the time of His return. Authorities are however not excused but should endeavour to uphold the rule of law and safety of its community as the Lord God instructs in His Word). Thank you for showing your preparedness in the prompt response and action to my reports.

I wish to touch on the matter of electricity. We have such vast open spaces of land around Pearly Beach which I am sure a lot would be government land. Why can there not be put up solar panels in a system to generate electricity and put into the grid or to cover a certain region's supply and not be dependent on the defunct Eskom. Experts keep on pointing out that Eskom is definitely not out of trouble and will not be in the near future but more likely that a great disaster is facing us. The municipality is receiving a large amount of funds via the basic fees raised on every property. Surely that can be utilised towards an alternative project for electricity generation instead of utilising it into the present soon to collapse system. Look at the USA where whole large residential areas are part of such a solar electricity system where the panels are so placed and turns with the sun's movement to maintain a constant charge.

The other matter is the vast numbers unemployed living in squatter buildings or low cost government housing. Here in Pearly Beach there is no way of getting employment and there is no transport to get them to a place where the chances are slim anyhow to get work anywhere nearby. The poachers have no problem, they are enriching themselves, yet they also get low cost housing for free. We owners here suffer heavily under constant brake ins and thefts. The SAP are understaffed and in some cases are accomplices. The Overstrand authorities should negotiate with the Government to make resources available to provide our local unemployed family communities, who do not get the "elderly" grants, with food stamps so that they at least can get minimum nourishing. It will also help to give food stamps and partial cash grants to the elderly as often the poor and unemployed spend on drugs and other non-essentials. Since dagga is now legalised the Government should be made to provide some dagga to these people so that they do not have to steal to support their habits and keep them from having to buy from smugglers at high costs. Also just note what Hermanus is turned into.

CFO - Begroting 2019/20

From: Werner Zybrands <wernerzy@iafrica.com>
To: Dudley Coetzee <dcoetzee@overstrand.gov.za>, Dudley Coetzee <mayor@overs...
Date: 21-Mar-19 09:25 AM
Subject: Begroting 2019/20

Geagte Burgemeester en Santie

Baie dankie vir die geleeentheid om die OMAFvergadering te kon bywoon en die uitnodiging om versoeke te rig.

Ek skryf hierdie brief in my hoedanigheid as Onder-Voorsitter van die Bettysbaai belastingbetalersvereniging(BBBV) en in opdrag van daardie vereniging.

Daar is met waardering kennis geneem dat 'n tender vir die opgradering van die waternetwerk reeds toegeken is (al is daar 'n hangende appèl) veral aangesien dit een van ons grootste probleme sal oplos. Dit word vertrou dat die beloofde brandkrane vir Sunny Seas, wat tans slegs 5 brandkrane het, deel van die projek sal wees. Die onlangse rampspoedige brand het net bevestig hoe 'n groot behoefte dit is.

Daar is ook waardering dat 'n nuwe begraafplaas vir die Hangklip/Kleinmondgebied begroot word.

Soos met 'n vorige besoek aan Bettysbaai aan u uitgewys, is daar 'n dringende behoefte om van die bestaande gruispaaie permanent te bou - hetsy as teerpaaie of as geplaveide paaie (dalk ook as deel van werkskepping?). Tydens ons pasafgelope belastingbetalersvereniging vergadering is besluit dat paaie wat aan die volgende kriteria voldoen, voorkeur behoort te geniet:

-Paaie wat gereeld verspoel en onbegaanbaar raak; en

- paaie waar daar reeds verdigting (en dus meerdere gebruikers) is.

Die volgende paaie wat aan hierdie kriteria voldoen, is voorgestel:

Waterfall;

Cliff;

Dolphin (Wes);

Mermaid;

Serruria; en

Lakeside-Porteraansluiting.

Uiteraard sal nie al hierdie paaie nou gebou kan word nie, maar daar is voorgestel dat die Munisipaliteit se tegniese personeel, na oorlegpleging met die BBBV die maie

OVERSTRAND MUNISIPALITEIT
2019 -05- 22
OVERSTRAND MUNICIPALITY

541

volgorde bepaal. Die bou van die meeste van hierdie paaie sal ook oplossings vir stormwaterverspoelings moet insluit.

'n Versoek van verlede jaar wat skynbaar nog geen aandag ontvang het nie, is die aanbring van reflekterende straatnaamborde op Clarence rylaan (die R44). Ofskoon dit 'n provinsiale pad is, sal dit 'n munisipale inisiatief verg om die borde op te rig. Die brand van 11 Januarie het ook bevestig hoe noodsaaklik dit veral tydens noodsituasies is veral omdat daar GEEN straatligte in Bettysbaai is nie.

Wat die bedrysbegroting aanbetref, bly die instandhouding van paaie en die stormwaterkanale 'n prioriteit asook die skoonhou van munisipale eiendom en padreserwes. Laasgenoemde geld in besonder vir die westelike deel van Bettysbaai waar die brandgevaar al hoe meer 'n moontlikheid word.

Ten slotte is daar ook waardering vir die verbetering in die suigtenkdiens as gevolg van die toewysing van nuwe/meerdere suigtenkvragmotors. Die vullisverwyderingsdiens is puik en baie betroubaar - baie dankie daarvoor.

Ten slotte word navraag gedoen of die Bettysbaaibrand wel as 'n ramp erken is en, indien daar wel hulpverlening toegeken word, wat die aard daarvan is en hoe dit die geaffekteerde eienaars sal bevoordeel.

U simpatieke oorweging van hierdie versoeke sal waardeer word.

Mooi wense.

Subject: Vogprobleme De Wetsaal Onrus

Aan die Waarnemende bestuurder Hermanus Adminstrasie,

Beste mnr. Wyngaard,

Ek verwys na ons probleme met die De Wetsaalvloere a.g.v. vog watdie vloere se basis beskadig het.
Sien Item 4.5 van notule van 7/02/2017 en die bespreking wat daar plaasgevind het oor die veiligheid van die De Wetsaal vloere
asook die risiko's verbonde daaraan. Die besluit lees as volg: " Recomended : That a consulting engineer be appointed to investigate further options
to address the De Wet Hall's wooden floor dampness problem and that feedback will be given at a later stage"
Die nodige verslag is bekom en op 13 /09/ 2017 stuur Mnr. Kearney my n afskrif van die verslag getiteld:"De Wet Hall geotechnical report" – hierdie is n
lywige verslag wat ek nie insluit nie.
Op dieselfde dag skryf Mnr. Kerney aan my as volg:" Ek stuur vir julle die ingenieursverslag om soos versoek deur die wykskomitee en deur my onderneem.
L.W. Ons het slegs een persoon wat geboue –onderhoud hanteer . Ons is tans in die proses om verskeie projekte wat verlede jaar begin is, af te handel buiten
n paar dringende sake soos dakvervangings ens. Daar sal met die eerste fase begin word sodra die projekte afgehandel is . Ons kan later oor die finansiële sy praat"
Dit wil blyk dat die dakvervangings (na verwys) toe etlike meer gelde geverg het as wat verwag was maar tydens verdere besprekings met Mnr. Kearney sou met
die eerste fase van die projek by die De Wetsaal begin word in die volgende finansiële jaar 2018/2019 –die eerste fase sou blykbaar die drooglê van die fondamente
van die gebou asook die aangrensende gronde gedoen word. Dit wil vir my voorkom of die projek êrens gesneuwel het nieteenstaande die mededeling dat dit sou
spoedig sou plaasvind. Die fondse sou blykbaar uit die Geboue Instandhoudingsfonds geneem word.
Ek versoek vriendelik dat hierdie aspek weer ondersoek word vir bespreking by Wyk 13 vergadering van April en uitgepluis en opgelos sal word.
Ek moet benadruk dat die toestand van die vloer kommerwekkend is!!
Vriendelike groete
Thys Sutherland

To: Chief Financial Officer.
Dear Sir /Madam,
I am hereby submitting the following budget and IDP inputs on behalf of the De Wet Hall Committee and the Kalfiefees
which I represent on the Ward 13 Committee:

1. The request is for additional funding for the completion of the Atlantic Drive which is presently not completed and a dangerous situation for both vehicles and pedestrians.

I think that it will be more beneficial to complete the project as soon as possible rather than to do piecemeal improvements.

2. There are various requests for street calming in Onrus/ Vermont areas ,especially on the major roads to avoid the public from speeding. Traffic Dept. has indicated that speed monitoring in these areas is extremely difficult.
3. <u>De Wet Hall floors:</u>
   I submit herewith a copy of my letter addressed to the Acting Manager Hermanus Administration and the Councilor regarding the very bad state of the floors of the De Wet Hall and what the engineers report (which the Council obtained) suggested to rectify the dampness and damage to the floors.
   Kindly consider making finance available to start with this process suggested by the engineer.

   Your kind concideration of the aforesaid items will be appreciated.
   Kind Regards
   Thys Sutherland
   (member Ward 13 committee)

4.2	**Naming of beach area in Onrus/Vermont after famous locals that has passed on (Item 5.2 of the minutes 15/11/2016)**	
	The Area Manager informed the meeting on the feedback he received from the Legal Department relating to the naming of beach areas. There is a process and guidelines that needs to be followed before it is approved in principle by Council and then be sent to the National Naming Commission. **Noted**	
4.3	**Traffic light on R43 at Kidbrook (Item 5.4 of the minutes 15/11/2016)**	
	The Area Manager informed the meeting that the issue was reported to the Provincial Traffic Engineer, but no feedback on the matter was yet received. **Noted**	
4.4	**Vagrants on coastal zone (Item 9.1 of the minutes 15/11/2016)**	
	A short memorandum compiled by Dr M Weekes was distributed to the Ward Committee members. Dr Weekes also informed the meeting on the situation and requested that the Ward Committee indicate their support for action to be taken. Cllr. N Botha-Guthrie indicated that a public meeting is scheduled for 8 February 2017 at 9:00 in the Tourism Hall, Gansbaai to discuss the impact of poaching. The Ward Committee requested that the memorandum by Dr M Weeks relating to the vagrants on coastal zone be submitted to the organisers of the impact on poaching meeting. Cllr. N Botha-Guthrie offered to submit the memorandum on behalf of the Ward 13 Committee as she will be attending the meeting. She also invited all interested parties to attend the meeting on 8 February 2017 as it is a public meeting. **Recommended:** **That Cllr. N Botha-Guthrie submits the memorandum, drafted by Dr M Weekes, on behalf of the Ward 13 Committee to the organisers of the impact on poaching meeting.**	Cll Bot Gutl
4.5	**De Wet Hall Floors (Item 9.4 of the minutes 15/11/2016)**	
	Mr T Sutherland gave feedback and informed the meeting that the insurance issue was discussed with Ms A Kotze and the documentation relating to the De Wet Hall floors were handed to the Area Manager. The Area Manager informed the meeting that he had made funding available to address the problem with the floors. He then gave feedback of the site inspection that was held and the options to address the problem that were considered, but to date none of the options seemed to be the correct option. A consulting engineer will have to be appointed to investigate further options. Feedback will be given at a later stage. It was also mentioned, that should the floor be a safety risk, the type of functions the hall is being rented out for, should be re-considered or the complete closing of the hall. Mr J Conradie who is involved with the rental and administration of the facility, indicated that the current floor lasted 80 years. If the damaged sections of the floor are replaced and they last for another 20 years, it could be money well spent. To do selected rentals will not be viable as 80% of the activities for which the hall is rented out contains some kind of dancing or active movement.	

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

	The Area Manager indicated that it was reported by a consultant geologist that if the ground under the floor is drained and the clay layer further down dries out, the building could collapse, as has been the case with other historical buildings. **Recommended:** **That a consulting engineer be appointed to investigate further options to address the De Wet Hall's wooden floor and dampness problem and that feedback will be given at a later stage.**	D Kea
4.6	**Paradise Park sewerage pump station** (Item 9.5 of the minutes 15/11/2016)	
	Mr D Heard informed the meeting on the situation of the Paradise Park Sewerage pump station and gave some background/ history information. Mr Heard also mentioned that no backup generator has been installed and that the bund wall has not been build, but instead approximately 5 tons of building rubble has been dumped around the pump station which is illegal to do near or in a Wet lands area. The Area Manager indicated that the issues surrounding the problem at the sewerage pump station forms part of the court case between the owner of Paradise Park and the Overstrand Municipality. However, he will enquire from the Department Infrastructure and Planning about the information relating to the dumping of the building rubble and the legal aspects. The Ward Committee is concerned that, with the winter on hand, the sewerage pump station may have overspills into the Salt Pan which will land up in the open storm water trench in Shearwater and might have a health risk as children often play in the open storm water trench. **Recommended:** **That the Department of Infrastructure and Planning be invited to the next meeting to inform the Ward Committee on the situation relating the Paradise Park sewerage pump station.**	D Hend
4.7	**Lynx Avenue** (item 12 of the minutes 15/11/2016)	
	The Area Manager informed the meeting that he had not yet received feedback on the problem with the moles from M Bartman. This item will stand over till the next meeting. **Noted**	
4.8	**Ownership of public open spaces** (Item 9.2 of the minutes 15/11/2016)	
	The Area Manager informed the meeting that Ms Anja Kotze has not been given the directive to commence with the transfer of these properties yet. She has however commenced negotiation with the current title holders. This item will stand over till the next meeting. **Noted**	
5.	**NEW ITEMS**	
5.1	**SPATIAL DEVELOPMENT FRAMEWORK** (Item 9.6 of the minutes 15/11/2016)	
	Mr D Heard informed the meeting that the Spatial Development Framework referred to is not the one of the Overstrand Municipality but one that was

Financial Director
Overstrand Municipality
Email: cfo@overstrand.gov.za

Attention: Ms Santie Reyneke-Naude

Dear Madam

COMMENT ON THE DRAFT 2019/20 OVERSTRAND MUNICIPAL BUDGET

Whale Coast Conservation wishes to draw your attention to the following in relation to the 2019/20 budget formulation:

1. Provision to be made for the appointment and functioning of an Ombudsman, as agreed to by the executive mayor in the Stakeholder's Meetings
2. Provision to be made for the establishment of an independent environmental services department.
3. Realistic budget allocation to implement IDP statements about the creation and maintenance of a safe and healthy environment.
4. Recognition of the need for relief for local businesses facing tough economic conditions.

1 Ombudsman

A key objective in the IDP is given as "Foster participatory democracy and Batho Pele principles through a caring, accessible and accountable service by optimising effective community participation in the ward committee system; and implementing Batho Pele in the revenue management strategy."

The failure of the Overstrand council and administration to make real progress towards achieving this objective was demonstrated in 2018 by the widespread civil unrest and strong expressions of discontent by virtually all stakeholder representative bodies. During the Stakeholder Meetings following the period of violent unrest, facilitated by Premier Helen Zille, it was decided with the agreement of the Executive Mayor that a suitably experienced and qualified credible ombudsman would be appointed to facilitate expeditious addressing of arising issues.

If the council and administration does not address the tension between the community and the Overstrand municipality there is likely to be ongoing and

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

escalating strife between civil society and the local government to the detriment of all.

There appears to be no budgetary provision for the appointment and activities of of an ombudsman and this omission needs to be addressed in the budget proposal.

2 Independent Environmental Services Department

One of the key objectives within the IDP is to achieve "Optimal institutional transformation to ensure capacity to achieve set objectives" by means of "Review of the organisational structure to optimize the use of personnel."

There is a clear conflict of interests between infrastructure planning and development and the objective of promoting a safe and healthy environment and environmental sustainability by protecting wetlands and key open spaces. This conflict of interests has emerged repeatedly in recent years. The ongoing saga of arriving at a suitable management plan for Fernkloof Nature Reserve is but one example of where the director: Infrastructure and Planning has objectives that compromise good environmental management principles and adherence to environmental law. All departments within the municipality need to be subject to independent environmental oversight, especially the Infrastructure Planning Department.

Budgetary provision needs to be made for the establishment of an independent environmental services department that reports directly to the municipal manager.

3 Environmental Services budget

The environmental services department needs to be adequately provisioned to protect the natural environment upon which the entire Overstrand economy is dependent. The provision, for example, of R220 000 for control of invasive alien vegetation is totally inadequate even to control the spread on municipal nature reserve land. A task team that includes participation by civil society organisations should be created to draft a realistic budget proposal.

4 Local Economic Development

The Executive Mayor states in his speech to the OMAF meeting in February that "The hospitality industry again reported having experienced a very good December/ January season, including Hermanus, despite the affect that the civil unrest experienced during 2018 had businesses in Hermanus." In reality the local businesses are reporting a 20% year-on-year drop in turnover and the increasing number of "To let" signs appearing on small business premises is telling the truth about the serious downturn in local business.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

whale coast CONSERVATION

The budget needs to make provision for rates and services relief to small businesses and aggressive, innovative plans need to be drawn up in cooperation with the Hermanus Business Chamber (and others) to reinvigorate business and to diversify the local economy away from sole dependence on tourism. Zoning needs to be created for light industrial areas and land allocation and infrastructure needs to be provided for.

Integrated housing and light industrial parks need to be developed, using the model proposed by Provincial guidelines for urban development, that place workers near their workplaces and provide manufactured goods and services required locally and within reasonable transport distances.

Adequate budget needs to be provided for the planning process for diversifying the local economy and identifying means of achieving it.

Please acknowledge receipt of this letter.

Kind regards

Rob Fryer
General Manager

CFO - BEGROTING 2019/2020

From: Tommy Snibbe <tommy.wardcom@gmail.com>
To: <cfo@overstrand.gov.za>
Date: 30-Apr-19 04:16 PM
Subject: BEGROTING 2019/2020
Cc: <dcoetzee@overstrand.gov.za>, <rdeconing@overstrand.gov.za>, Grant Cohen...

Goeie middag,

Hieronder net 'n paar gedagtes wat ek graag wil opper oor die Konsep begroting wat gedurende Mei 2019 vir goedkeuring voor die Raad sal dien.

OPERATIONAL BUDGET:
Expenditure increased by R36,6m
Revenue increased by R11,7m
What is the reason for this shortfall of **R24,9m**?
Is the Municipal Manager going to debit his Broeksak Account to make good the shortfall?
CAPITAL BUDGET:
2018 / 2019 budget will have a **net decrease of R34,4m.**
Which projects will be / have been affected?
Upgrading of the Sewer network in Kleinmond?
ELEKTRISITEIT:
Die OM maak voorsiening vir 'n Tarief verhoging van 15% deur NERSA. Sal die tarief aangepas word noudat NERSA nie 15% goedgekeur het nie?
Het die OM al ooit beswaar gemaak teen die buitensporige verhogings van ESKOM?
Raadslede en Amptenary is in diens van die Kiesers. Hulle moet ons belange beskerm.
Eskom tariewe styg met 613% oor die afgelope 12 jaar!!! Totaal en al onaanvaarbaar!!!
Die inwoners doen 'n beroep op die OM om namens hulle in opstand te kom teen hierdie buitensporige verhogings!
TABLE 5:
Surplus Inkomste bo Uitgawes! Verlig asb. die las op verbruikers!
Elektrisiteit: R13,8m

Water: R6,7m

Waste Water Management: R9.2m

Waste: R3,6m
1st 6kl water gratis? Kan die arme Inwoners wat so getrou hul rekenings betaal dan nie ook hierdeur gehelp word nie? Straf die OM nie dalk die verkeerde mense nie?
DRAFT CAPITAL BUDGET 2019 / 2020:
Funding:
Land Sales R7.0m
Land Sales (Roll Over) R16,5m
Is the Land sold / to be sold suitable for housing, clinics, sports facilities etc?

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Will it be necessary to purchase / re-purchase land at a later stage to address the housing needs in the area?

At the Mini-Omaf meeting held in Kleinmond, the Hon. Mayor confirmed that the land sold / to be sold will not be suitable for housing. To quote him "It is not the policy of the OM to sell off land suitable for housing!" Does this include PARADISE PARK?

If the Paradise Park land is not suitable for housing, which seems to be the case as the land was in fact sold to a private Developer, why did the OM allow the present development some years ago?

The new Developer purchased the land with the intention to develop (hopefully Upper Class) housing on the land. If the land is not suitable for housing, which it apparently is, he will not be able to develop his housing project!

I fail to understand the reason behind this transaction!!
Provincial Housing Grant R29,5m. Where will this amount be spent? Will it be utilised to upgrade Over Hills in Kleinmond, or will it be spent in Hermanus, Gansbaai or somewhere else??

HOUSING:
How will increased costs of services be financed in view of the constant inflow of squatters?
Land recently made available to expand the Over Hills Informal Settlement in Kleinmond is not suitable for housing.
120 Stands were made available – **214** shacks were built making it totally impossible for service vehicles to enter the area. Sewer water running down the "streets". How is the OM going to address this problem?
How is the OM going to handle possible protest action when these people demand Municipal Services?
REFUSE:
Proposed increase **12,86%** - apparently for development of 3rd cell!
Previous increases to develop 2nd cell – No benefit for Taxpayers as the amount utilised to finance the development (which was added to our monthly accounts) of the 2nd cell was not reduced after the cell had been fully paid for!!

KONTRAKTEURS:
Met verwysing na Fig 3 Page 33 – "The change in the trend for contracted services also relates to the reclassification of expenditure resulting from mSCOA implementation".

Word hierdie toedeling volgens 'n vaste formule gedoen?

Indien wel – waarom nie die salaris komponent ook apart aantoon nie (al is dit dan net in die notas tot die begroting).
Salaris komponent van Kontrakteurs
Fig 3 Page 33 – **Aansienlike styging in Salaris rekening** ten spyte van **'n styging in die kontrakteurs koste.**
Salaries equals **32,8%** of the **total Operating Expenditure.**
Koontrakteurs vergoeding tesame met salarisse stoot die totale Salaris rekening op tot meer **as 40% van Operasionele Uitgawes**.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Ek kan met die OM saamstem op hierdie punt maar dit sal beteken dat ons dan albei verkeerd sal wees!!!
Aan die ander kant kan die OM besluit om saam met my stem en dan is ons albei reg!!!

SUPPLY CHAIN:

Voertuie staan soms tot 3 maande om klein herstelwerk te kan doen. Skiet 'n bedrag aan elke dorp voor om Kleiner uitgawes en dringende herstelwerk aan voertuie te kan doen.
Indien nie – Waarom nie?
Voertuie word blykbaar in Worcester gediens. Dit beteken dat twee werknemers en twee voertuie vir twee dae onproduktief is omdat die voertuig wat gediens moet word na Worcester bestuur moet word en dan moet daardie besturder weer terug gebring en weer weggebring word om die gedienste voertuig te gaan haal! Dit is nie net 'n vermorsing van ons belasting geld nie maar ook van produktiewe arbeid!!

CLINIC:

Gansbaai is getting a new Clinic and an amount of some R21M has been allocated to finance this project.

Kleinmond has been begging the OM for some years now to upgrade our present Clinic without any success. Would it be out of line to request that the OM pay the necessary attention to our requests in the 2020/2021 budget? A new Clinic would be most welcome in view of the uncontrolled inflow of squatters in the town. Kindly see this request as pro-active as the residents of Over Hills may just realise that the existing facilities are not up to standard and they can then quickly organise a tyre burning to put pressure on the OM to attend to this problem.

Ek vertrou dat hierdie punte die nodige aandag sal geniet.

Coenie Groenewald - Comments on Draft IDP dated March 2019

From: "Pat Redford" <patred@iafrica.com>
To: "'Coenie Groenewald'" <cgroenewald@overstrand.gov.za>, <mayor@overstrand...
Date: 03/04/2019 03:09 PM
Subject: Comments on Draft IDP dated March 2019

Attention:
The Municipal Manager
The Mayor
Ward 3 Kari Brice

Comment on the Draft IDP dated March 2019

Good Day.

My apologies for not being available to attend the public meeting this evening, due to previous arrangements.

I hereby submit my comments relating to the draft IDP for your comment.

Please respond to the following queries in writing, most of which relate to your **Strategic Objectives, Chapter 4, (referred to as numbered pages)**

Strategic Directives: Chapter 4

Page 109. EMS objectives and targets.: *'recognize intrinsic value of biodiversity, protect and restore them, to* ***promote corporate environmental responsibility".***

With respect, the Municipality is not doing enough to eliminate the sale of plastic cool drink bottles, polystyrene food trays and take away boxes.

Surely Hermanus could develop a more forceful campaign and establish bylaws to ban these items. If New York and other enormous cities can do this so can we??

The recent R43 road flooding near the mall, saw storm water drains totally blocked with refuse such as polystyrene and plastic bottles.
The attempts to become 'more environmentally alert' by Checkers, Pick and Pay, Coco cola and Woolworths are very **superficial.**

Please can we have a waste recycling plant reestablished with urgency, please consider corporate sponsorship?.

Surely the Municipality can easily promote this 'Corporate Environmental Responsibility" to ban all polystyrene and plastic bottles?

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Surely the Municipality can encourage a Corporate sponsorship of a new recycling plant? Those corporate who sell products to the community need to take responsibility to recyle or sponsor recycling programs.

Please be the FIRST TOWN TO BAN EPS!!! Why not?
Although Expanded Polystyrene can technically be recycled, the technology is of no-use if the litter is evading collection systems. The economics of EPS recycling in South Africa is also on shaky ground.
EPS is also a threat to human health. Polystyrene products are made from styrene, **a known carcinogen and neurotoxin that can leach into hot, greasy food**. EPS can be dangerous because it **emits toxic chemicals when the containers are burned,** and rubbish is routinely burned in informal settlements and outer areas of the Overstrand. EPS containers are so hazardous that many Countries and cities around the world have banned it, included Zimbabwe, New Dehli, New York City, Washington DC and San Francisco. The good news is that we don't really need EPS in our lives. Re-usable cups and containers are light and affordable for everyone and just require the self-discipline to carry these. There are also a number of other foodware materials that vendors can use that are less harmful on the environment, including recycled cardboard and paper pulp, other safer and more manageable plastic polymers and home-compostable containers made from renewable biomass (such as sugar cane).

Page 111 Priority 4 of Coastal Management Program : *"pollution control to minimize harmful discharges into coastal eco systems".*

How will you be managing Schulphoek refuse and sewerage at the coastal edge, and the Klein River farmers and new developers on the lagoon front?
How will you be managing water quality, can this to be made public every 2 weeks for at Onrus Lagoon and Klein River Lagoon/Grotto.

Page 115 Coastal Management Overlay lines

How will OM (or who will) manage the coastal protection zone lines at Schulphoek?

Page 116 Alien Management Plans

Who is responsible for clearing alien vegetation from *" our reserves and open spaces"*

Will EPA manage to rid overstrand of all alien vegetation in 3years. Is that ***R14.2million allocated to 'Working for Coast'*** **definitely being used for this purpose or will it be re directed to somewhere else without telling us?**

Page 117 Proposed Marine Hub at new harbor?

When will this project commence and what funding has been made available?

(17)

30 April 2019

The Chief Financial Officer

Overstrand Municipality

COMMENTS FROM THE HERMANUS BUSINESS CHAMBER (HBC) ON THE 2019/2020 MUNICIPAL BUDGET.

The HBC accepts that this 19/20 budget is a revision of the 5 year IDP approved by the Municipality in 2017 and therefore has been drawn up within parameters and context which have somewhat changed since 2017. The biggest change would certainly be the 2018 social unrest and stay away actions which have impacted all our members adversely. The HBC welcomes the opportunity that is provided to submit commentary and hereby wishes to submit our inputs on behalf of our members. We do so in anticipation that we will be granted an opportunity to supplement this submission with further debate and motivations during the month of May 2019.04.30

1. **Housing needs**: Our first concern is the apparent lack of provisioning for land and housing earmarked for the section of our communities that cannot afford to pay for formal housing (BNG housing). Notwithstanding the complexity of this social need, we are concerned that failing to address this might contribute to a repetition of the social unrest in 2018. It is therefore in our opinion, essential to make such provision since the Schulphoek development (Better Living Model) will not sufficiently cater for this need in its current format. The absence of an appropriate and current Spatial Development Framework (SDF) for the Overstrand area is not contributing to constructive debate in this regard. We therefore want to encourage the OM to finalise the development of the SDF without further delay and identify suitable options.
2. **CBD Revitalisation:** We welcome the current infrastructure development in the CBD as this part of our town is essential for attracting tourist and visitors to Hermanus. Our concern is that only R2m was made available

E-mail: info@hermanuschamber.co.za

Facebook: www.facebook.com/HermanusBusinessChamber

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

to complete, *inter alia*, the High Street Mall which seems to be insufficient for what is required.

3. **Closure of HPP:** We are concerned that there is no apparent provision for the continuation of these activities in the new financial year. We would therefore request that this matter be addressed by at least providing for the take over and management of infrastructure.

We would welcome any opportunity to further discuss these points of concern in order to ensure we are aligned in our objectives for the new financial year.

Yours sincerely

Pine Pienaar Pr.PlnA409/85

2019/20 IDP & Budget Comments

1. The single most important issue from a Ratepayer's point of view is the **lack of any meaningful housing plan at all** which was one of the primary reasons for the civil unrest experienced in 2018. In the IDP (**P145/147: OS 5(a) human settlements**) it says that there are currently more than 11000 on housing waiting list however the proposed new 5-year housing schedule does not even scratch the surface.

   It is well known that Province and the Municipality are actively involved in the Schulphoek development plan and yet nothing is even mentioned about this. It is also well known that the Municipality is preparing a revised Spatial Development Framework (SDF) that is (presumably) trying to identify land for future housing developments and yet nothing is mentioned about this.

   The HRA is very concerned that the housing proposals in this draft IDP will not be acceptable to large sections of the Zwelihle community.

2. **P42: Lists of Ward Priorities**. There is a mistake in that priorities 6 (Traffic Calming) & 11 (Fernkloof World Heritage Site) need swapping around. An earlier list also had this mistake in it and it was corrected at the Ward 3 Committee

3. **P52: Overstrand's Functions in terms of Constitution**. There is a mistake in that "Municipal Public Transport" is listed as an Overstrand function whereas it is the function of District Municipalities, i.e. Overberg District Municipality

4. **P57/58 & P99: Complaints Management Systems**. It is reported that Overstrand is a pilot site for *a mobile "Citizen Engagement Application" developed by COGTA* and under KPA OS2 (e) Enhance customer care, it is reported that the *"Collaborator"* system is being used to log issues and give feedback. A proper Complaints Management System has been repeatedly requested by the HRA for a number of years and supported by the Ward 3 Committee

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

5. **P84, 86,88,198: Transport Plans**. The Bypass Road write-up is a year out of date. The Mayor & Premier are on record as saying that priorities have changed, but there is no mention at all of this. The Overberg ITP comments are also outdated as they refer to the 2009 ITP whereas the Overberg ITP was revised in 2015 – especially as it relates to OLS & RATPLAN for taxis. Not enough emphasis on the Provincial Sustainable Transport Plan (PSTP) supported by Council as well as on non-motorised transport (NMT).

6. **P102/103: KPA OS4 (a&b) Road Safety & Law Enforcement**. No mention of contingency planning for HPP stopping and Law Enforcement possibly having to take over

7. **P106: KPA OS4 (d) Environmental Management.** Very impressive section but what is the budget amount for R2,1m for?

8. **P145/147: OS 5(a) human settlements.** Says that there are currently more than 11000 on housing waiting list. The proposed new 5-year housing schedule does not satisfy this...is it acceptable to the poorer communities...especially in Zwelihle?

9. **P154: KP OS 5(e) Sport & Recreation**. Another year goes by and the top priority sports facility in Overstrand over the last 10 years (Zwelihle Stadium) is left in a disgraceful state. This year R6m to Eastcliff Sports Complex next year R13,3m to Hawston Sports Complex? In the context of the unrest during 2018 and the importance of recreational football for the Zwelihle community the lack of funding is a major source of concern and reinforces negative perceptions.

10. **P231: CBD Revitalisation**. The write-up same as last year with no mention of the major upgrading about to start in the CBD?

2019/20 IDP & Budget Comments

Further to the comments made in our earlier communication we would like to suggest the following:

6. **P102/103 KPA OS4 Road Safety & Law Enforcement.** No mention is made of contingency planning in the event of HPP terminating and Law Enforcement possibly having to take over.

The HRA would strongly advise the municipality to continue to provide for the 10% HPP levy in the 2019/2020 Financial year as there is common cause that a new SRA should be established to replace HPP. If no provision is made in the budget for a 10% in and 10% out then it will be impossible to establish a new SRA until July 2021. There will be no obligation on the part of the Municipality to implement the levy collection and payment unless or until Council approves a new SRA application.

Kind regards,
Brian Wridgway
Chairperson

CFO - Overstrand Ward 13: Vermont Organisations' Inputs/Comments - 2nd Review of Current IDP and Budget 2019/20

From: "Duncan Heard" <duncanheard@telkomsa.net>
To: <cfo@overstrand.gov.za>
Date: 29-Apr-19 02:41 PM
Subject: Overstrand Ward 13: Vermont Organisations' Inputs/Comments - 2nd Review of Current IDP and Budget 2019/20
Cc: "Jean Orban" <jeanorban84@gmail.com>, "'Anver Wyngaard'" <awyngaard@over...

To Whom it May Concern

I am submitting the IDP inputs below on behalf of the following three Vermont organisations that are members of the Ward 13 Committee as follows:

1. **Vermont Ratepayers and Environmental Association** represented by Dr Mike Weekes;
2. **Vermont Conservation Trust** represented by Ann Bown; and
3. **Vermont Coastal Path Committee** represented by myself.

Inputs/Comments regarding priorities for greater the 2nd review (2019/20) of the current 5 year IDP:

- **Spread and Infestation of Listed Invasive Alien Vegetation (IAV) on Private Property in the Overstrand:** There has been no ongoing and/or consistent national IAV control programme in the Overstrand for the past two years to assist private landowners with IAV control work. This has in many cases, undone the IAV control work undertaken through the national Working for Water Programme in the Overstrand since about 1997. It is visibly clear that in many areas of the Overstrand (including the rural properties adjacent to Vermont such as Hoek van der Berg and those on the Onrusrivierberg) that existing IAV infestations are rapidly increasing in biomass and that infestations are also rapidly spreading. Private landowners of large properties seldom have sufficient financial resources of their own to combat IAV on their properties and therefore the present situation if left unattended, will have the following disastrous financial consequences for the Overstrand community in years to come:
    - Exponentially increasing IAV infestations requiring exponential increasing funding to be brought under control (this has been exacerbated by the recent widespread wildfires fires experienced throughout the Overstrand - which in many cases were difficult to control as a result of existing mature IAV infestations);
    - Increasing fire risk to adjacent urban and semi-urban areas (for example Vermont as well as Onrus and the residential developments on the north western shore of the Klein River Estuary – to name only a few). The risk to these areas can reach disastrous proportions in dry and gale force conditions because of the increased height and biomass of IAV as opposed to fynbos;
    - Reducing the agricultural potential of farming areas;
    - IAV infestations have a well-documented negative impact on our natural water resources thereby directly and indirectly degrading/reducing water resources available to mountain catchment areas, wetlands, rivers, groundwater and estuaries.
    - IAV infestations have a well-documented negative impact on our natural fynbos biodiversity. The Overstrand area is a global biodiversity hot spot with one World Heritage Site already and with the potential for other World Heritage Sites to be declared.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

561

- IAV have the ability, if left uncontrolled to degrade the natural character and beauty of our landscape which will certainly make the Overstrand less attractive for tourism – our core economic driver.
- IAV infested areas are also more readily used by homeless people, vagrants and criminals for squatting – and to start cooking/heating fires.

In terms of the municipal objective of "Maintaining a healthy and safe environment" and the principle of supporting sound Co-operative Governance, the Overstrand Municipality should be strongly facilitating an initiative to ensure that the national/provincial governments again institute an ongoing effective and sustainable IAV control programme in the Overstrand to proactively avoid/reduce the negative effects of the uncontrolled spread and densification of IAV across the Overstrand which will have disastrous effects on future generations in the Overstrand.

- **Spread and Infestation of Listed Invasive Alien Vegetation (IAV) on Overstrand Municipal Property:** The Overstrand Municipality has a legal mandate as determined by the National Environmental Management: Biodiversity Act (NEMBA) to ensure that listed IAV is combatted and controlled on municipal property and especially public open space and more importantly conservation-worthy public open spaces such as the Vermont Salt Pan and the Vermont Green Belt System, the municipal land adjacent to the Onrus River and estuary as well as on the Onrusrivierberg. It is of particular concern that the Vermont Green Belts have in the last two years seen a tremendous re-infestation with IAV. These areas were previously so clear of IAV before that it only required a few days of work per annum for a small team to undertake IAV follow-up control work. Presently, after no control for almost two years, it will take a sizable team, weeks to get it back to its controlled state. In the meantime, the increase in biomass of IAV is massively increasing the fire risk in these areas. The Overstrand Environmental Management Services has informed me that only limited funds are available to undertake IAV follow-up work on municipal property and that the relevant procurement process has been delayed by more than a year as a result of a procurement process that is incompatible with the practical and technical requirements for the work. The serious delay in procuring IAV control service providers has led to an unnecessary and exponentially significant increase in the cost of the IAV work. This inefficient procurement process for IAV control work is an unnecessary waste of taxpayer monies as the IAV infestation increases significantly due to the delays and also results in increased fire risk, depletes groundwater and impacts significantly on the biodiversity of the municipal conservation-worthy areas. The funding for IAV control work on municipal land in the Overstrand and especially its conservation-worthy areas urgently needs to be increased in order for IAV infestations to be brought under control within a reasonable period such as 5 years.

- **Vermont: Traffic Calming and other Road Management Measures:**

There has been an accelerated growth in residential development in Vermont for several years now. This is expected to continue for several more years as a result of the high housing demand. A greater percentage of the houses that are being built in Vermont are now occupied by permanent residents - working families with school-going children. There are also a number of new housing developments planned for the already rapidly developing north western area of Vermont.

This increase in the permanent Vermont population is bringing about a significant increase in traffic flow along the main feeder roads in Vermont, namely Links Avenue, Malmok Crescent, Fulmar Road and Vermont Avenue. The alignments of these residential roads with long straight stretches allows more easily for vehicles to travel faster than the speed limit (exacerbated by an increase of speeding mini taxies avoiding R43 traffic congestion at peak times). Vermont residents are therefore increasingly voicing their concern in this regard, fearing for the safety of their families using these roads. Malmok Avenue adjacent to Paradise Park is of greatest concern as it has two 'blind corners' which have the potential for serious accidents to occur.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

562

It was with grave concern that we were informed at the April 2019 Ward 13 Committee meeting that a 'traffic calming' study had been undertaken for Onrus and could be implemented soon, but no such study had been done for Vermont! Considering the growing permanent population of Vermont, it is critically important that funds be made available for a similar study be undertaken for Vermont without delay and that the identified priorities receive urgent attention as soon as possible.

In this connection too, it is important that the following road management associated priorities in relevant Ward 13 areas receive the necessary funding as soon as possible:

- **stormwater drainage** improvements in problem areas; and
- the upgrading of **sidewalks for pedestrians** as well as **cycle paths** where these would be frequently used.

- **Completion of new walkway along Atlantic Drive, Onrus:**
  The speedier completion of this walkway is supported. Only annual Ward allocations have been used to fund this project thus far and therefore the completion of this very important walkway, which a is mainly a pedestrian safety feature, is being delayed. Additional funds should be made available to expedite the completion of this walkway..

Kind regards

To Whom it May Concern:

ADDITIONAL FUNDING REQUESTED FOR ONRUSRIVIER

Dear Chief Financial Officer,

After due consultation with our members, we the ratepayers of Onrus and WARD13, would like to submit our plea for mure funding for the following projects in order to achieve a safer town and better environment to live in:

1. Earlier completion of Atlantic Drive as there is presently a dangerous bottleneck for pedestrians and traffic where the work has stopped.
2. Traffic calming measures on our major access roads.
3. Sufficient funding for sustained alien management of our Estuary area as it forms an integral part of the drive for blue flag status of our beach.

Yours Faithfully,

CFO - COMMENTS AND OBJECTIONS: 2019/2020 DRAFT OVERSTRAND MUNICIPALITY BUDGET

From: Gerhard Ras <gerhardrasct@gmail.com>
To: <cgroenewald@overstrand.gov.za>
Date: 28-Apr-19 09:09 PM
Subject: COMMENTS AND OBJECTIONS: 2019/2020 DRAFT OVERSTRAND MUNICIPALITY BUDGET
Cc: Riana deconing <rdeconing@overstrand.gov.za>, Dudley Coetzee <dudley.coe...

Dear Sir

I have scrutinised the above-mentioned document and herewith submit my comments and objections for consideration by your council.

1. Ad Speech of the Executive Mayor tabling the budget:
The executive mayor stated in his budget tabling speech that the municipality "assumed" a 15% increase for electricity tariffs as directed by NERSA. Can I have clarity on the final percentage increase for electricity to be applied in the approved council budget.

2. Ad Table 1 Page 4:
the municipality is budgeting for an overall budget deficit of R 20 304 million. Is this statutorily permissible and if so, how does the municipality plan to cover the said shortfall. Are there bulk votes in the budgets that allow allocating for expenditure on an as and when required basis or are all the votes dedicated to very specific expenditure? If there are bulk votes, how do we as ratepayers detect same and more importantly, how can we monitor accountability in respect of same?

3. Ad Table 5 Page 9:
3.1 The operational cost component in respect of electricity expenditure has increased from R 651 980 to R 11 295 091 from 2018/2019, which represents an astronomical increase of 1632,4%. Unless there is a justifiable rational reason for this extra-ordinary increase, I request that this matter be investigated and adjusted to reasonably acceptable levels.
3.2 The operational cost component in respect of water expenditure has increased from R 5 034 539 to R 7 049 529 from 2018/2019, which represents a major increase of 40%. Again I request that this matter be investigated and adjusted to an acceptable level of increase.
I respectfully submit that the above-mentioned increases in operational costs blur the true surplus of both the electricity and water income of the municipality, which in turn makes it very difficult for the ordinary ratepayer to understand what he/she is paying for. On the other hand the reasonable deduction, or in the words of the executive mayor "assumption", made that certain employee related costs are being included under operational costs to blur the effect of employee salary increases and the total staff costs versus total budget. I need clarity on the above for the sake of transparency.

4. Ad Table 8 Page 14:
4.1 The executive mayor, in his budget tabling address, stated that the municipality followed the NERSA guidelines in drafting the budget, yet the "basic meter charge" is indicated as 17,5% as opposed to 15% proposed by NERSA. I object to this unnecessary high increase which is way above inflation. The basic meter charge, respectfully, is unrelated to the NERSA increase as it does not form part of the purchasing cost of bulk electricity and should have been budgeted at

OVERSTRAND MUNICIPALITY
2019 -05- 23

565

the same 5,7% increase as per the basic for sewer. Your rationale for the 17,5% increase is flawed and contestable. Please reconsider and bring it in line with the said 5,7% as per the other services.

4.2 The stepped tariff applied by the municipality is irrational in that it discourages the consumption of electricity by penalising increased usage. One would have thought that the municipality wanted consumers to increase consumption in order to secure increased surplusses from electricity revenue. This approach is particularly anti-investment and detrimental to economic growth as businesses are being penalised if the require additional electricity for growth.

4.3 A further point of objection is the levying of a basic meter charge for electricity in itself. Although the municipality distributes electricity to residents, the maintenance and replacement of electricity meters are for the accounts of consumers, which make the rationale for the levy contestable. I intend to contest this at another forum that has jurisdiction to guide municipalities in this regard.

5. Ad Table 9 Page 15

I strongly object to the levying of a basic charge for sewerage in De Kelders where properties do not have waterborne sewerage or access to waterborne sewerage infrastructure from the municipality. The fact that a sewerage pumping service is available on call, does not justify the said service as sewerage pumping is done at a cost-recovering tariff. Failing to reconsider this matter will leave me no other alternative but to canvas the public so that we can jointly refer this matter to an appropriate forum to deal with the public interest in a responsive manner.

It is trusted that my comments and objections will be me with the necessary application of the mind and that reason shall prevail in the interest of over-burdened ratepayers.

Yours faithfully

Gerhard Ras

CFO - Comment on Draft Budget

From: "David Ralph" <ralphad@iafrica.com>
To: <CFO@overstrand.gov.za>
Date: 29-Apr-19 03:09 PM
Subject: Comment on Draft Budget

Dear Santie

I was given your details by the Mayor's office.

I would like to comment on the Overstrand Draft Budget for 2019/20.

I believe that an amount of R14.5 million was set aside in last year's budget for a baboon management programme however I see no mention of any amount allocated in this year's budget. According to Leizl Bezuidenhout a "compactum" was due to be signed between the MEC Environmental Affairs, the CEO of Cape Nature and the Mayor on the 18th April which would allow such an item to be budgeted and would therefore not be regarded as "fruitless and wasteful expenditure".

I would therefore be most grateful if a provision was made in this year's budget for a baboon management programme.

With kind regards

David Ralph

1. Various CCTV installations are mentioned for different wards.
2. Ward 13 is not included (Even though the Caravan Park has been promised cameras at various occasions).
3. We see a separate R500 000 CCTV item which is not specified for a ward. What will this be used for?

We urgently await your reply

Dear Mr Groenewald

COMPLIANCE WITH THE MUNICIPAL FINANCE MANAGEMENT ACT, MUNICIPAL BUDGETING AND REPORTING REGULATIONS, MUNICIPAL STANDARD CHART OF ACCOUNTS, MUNICIPAL SYSTEMS ACT AND ENVIRONMENTAL AND DEVELOPMENT PLANNING LEGISLATION AND GUIDELINES

Thank you for submitting the 2019/20 tabled budget, the draft reviewed IDP and supporting budget documents to Provincial Treasury subsequent to the tabling thereof in council by the Mayor on 27 March 2019 in terms of section 16(2) of the MFMA.

As you are aware sections 17 and 20 of the MFMA stipulates that the annual budget and supporting documents must be in the prescribed format. Furthermore, the Municipal Budget Reporting Regulations (MBRR) 9 and 77, read together with the applicable MFMA Circulars prescribe that all municipalities and municipal entities must prepare their annual budgets, adjustments budgets and in-year reports for the 2019/20 MTREF in accordance with the Municipal Budget and Reporting Regulations. Municipalities and municipal entities are also expected to comply with mSCOA regulations with effect from 1 July 2017. In this regard, municipalities must comply with:

- Submission of the A-Schedules Excel formats (Version 6.3) to NT and PT in electronic format (by Wednesday 3 April 2019) and hard copy (by 5 April 2019); and
- Successful submission of the mSCOA data strings to the NT LG Database (by 3 April 2019).

Budget Tabling and Submission Compliance Assessment:

Tabling	**Compliance Due Date**	**Yes/No**
A-Schedules (Version 6.3)	29 March 2019	Yes
Submission	**Compliance Due Date**	
A-Schedules (Version 6.3) - ecopy	3 April 2019	Yes
A-Schedules (Version 6.3) - hard copy	5 April 2019	Yes
mSCOA data strings TABB	3 April 2019	Yes
mSCOA data strings PRTA	3 April 2019	No

Provincial Treasury has reviewed the tabled budget documentation and found it complies with the MFMA Circular 94 requirements as per the table above. As Accounting Officer please ensure compliance with MFMA Circular 94 requirements.

In addition, Provincial Treasury, together with the Department of Environmental Affairs and Development Planning reviewed the tabled budget and related documents to assess if the documents conform to the requirements of the MFMA, MBRR, mSCOA (Version 6.3), MFMA Circulars, MSA and Environmental and Development Planning Legislation and Guidelines.

The findings and recommendations flowing from the review of the submitted documents are attached hereto:

- *Appendix B1*: General compliance overview of the 2019/20 MTREF Budget and related documentation in terms of the applicable legislation, regulations and guidelines.
- *Appendix B2*: Specific compliance findings on the A-Schedules and supporting budget schedules.

The Municipality is requested to consider the issues highlighted and to ensure that it is granted the necessary attention as may be required when the final MTREF Budget for 2019/20 is prepared.

Please do not hesitate to contact our offices should you require any assistance.

Yours faithfully

MR M BOOYSEN
pp HEAD OFFICIAL: PROVINCIAL TREASURY
DATE: 5 April 2019

APPENDIX B1

COMPLIANCE CHECKLIST

The table below outlines the conformance assessment of the Municipality's 2019/20 MTREF Budget, IDP & SDF.

WC032 Overstrand				
Findings and Recommendations				
Parameter		**Non-compliant/ Partly compliant/ Fully compliant OR Yes/No**	**Evidence**	**Recommendations**
Spatial Development - Implementation of SDF (DEA&DP)				
1	*Was the SDF adopted as a part of the IDP by the municipal council?	Yes	The municipality has verbally confirmed that the current SDF (2006) was approved together with the IDP. The minutes of a mayoral committee meeting held on the 31ST of May 2017, confirm that the 2006 SDF was adopted as a Sectoral Plan of the IDP.	The SDF is currently under review. Although it was the intention of the municipality to adopt the revised SDF together with the IDP in May 2019, it will now only be adopted later in the 2019/2020 financial year.
2	*Was a notice regarding the proposed Municipal SDF published in the Provincial Gazette inviting the public to submit written comment?	Partly compliant	The municipality verbally confirmed that a notice was placed in the Gazette for the 2006 SDF. The current SDF review has not reached this point in the process yet.	N/A

OVERSTRAND MUNICIPALITY
2019 -05- 23

WC032 Overstrand				
Findings and Recommendations				
Parameter		**Non-compliant/ Partly compliant/ Fully compliant OR Yes/No**	**Evidence**	**Recommendations**
3	*Was a notice of the proposed Municipal SDF placed in the media inviting the public to submit written comment?	Partly compliant	The municipality verbally confirmed that a notice was placed in the media.*The current SDF review has not reached this point in the process yet.*	N/A
4	*Was a notice placed in the Provincial Gazette making known the adoption of the Municipal SDF?	Partly compliant	A notice was not placed in the Provincial Gazette for the 2006 SDF. The current SDF review has not reached this point in the process yet.	N/A
5	*Was the adopted SDF submitted to the Provincial Minister within 10 days of the adoption?	Partly compliant	The current SDF review has not reached this point in the process yet.	N/A
6	In the instance where the MEC requested an adjustment to the SDF or an amended SDF, were these matters resolved?	Yes	In the official IDP Assessment letter to the Mayor of Overstrand in 2018, no immediate adjustments were requested on the SDF.	The municipality is encouraged to ensure that the content and process requirements, set out in SPLUMA and LUPA, are met as far as possible in the SDF Review process currently underway.
7	Is the budget allocation within the IDP responsive to the capital investment framework of the SDF?	Partly compliant	The SDF (which includes the IDF, GMS and various precinct plans) does not include a Capital Investment Framework.	The SDF review currently underway must ensure that the SDF includes a Capital Investment Framework/Capital Expenditure Framework and a Implementation Plan as set out in the applicable legislation.

OVERSTRAND MUNISIPALITEIT
OVERSTRAND MUNICIPALITY
2019 -05- 23

WC032 Overstrand				
Findings and Recommendations				
Parameter		**Non-compliant/ Partly compliant/ Fully compliant OR Yes/No**	**Evidence**	**Recommendations**
8	Does the municipality have strategies in place that give effect to the principle of Spatial Justice, including settlement restructuring? (Possible information which could be used to assess this includes IDP budget allocation and relevant planning decisions.)	Yes	The Growth Management Strategy of Overstrand Municipality,(2011) contains a number of programs that speak to the principle of spatial justice, such as the Integrated Residential Development Programme, the Upgrading of Informal Settlements Programme and the Social Housing Programme.	It is assumed that the SDF currently under review will contain strategies which give effect o the principle of Spatial Justice.
9	Does the municipality have strategies in place that give effect to the principle of Spatial Sustainability? (Possible information which could be used to assess this may include IDP budget allocation and relevant planning decisions.)	Yes	The Municipality has a Growth Management Strategy which speaks to densification, development that is sensitive to the character , heritage and environmental conditions, of each town. Furthermore it speaks to the need to integrate, update and rationalize service provision and infrastructure planning. Therefore it could be argued that a strategy is in place to give effect to the principle of spatial sustainability.	It is recommended that the IDP speaks with one voice when it comes to the principle of spatial sustainability. On one hand reference is made to how low density sprawl is a concern and how undeveloped areas and agricultural land are increasingly being consumed by urban development whereas on the other hand on page 122 of the IDP reference is made to how "Provincial Governments Strategies are often generic and not practical at ground level". The IDP goes on to say that"spatial planning problems arise as a result of a tight urban edge". From the aforementioned it would appear that spatial sustainablity is supported through compaction, but then undermined by not wanting a tight urban edge.

OVERSTRAND MUNICIPALITY
2019 -05- 23

WC032 Overstrand				
Findings and Recommendations				
Parameter		**Non-compliant/ Partly compliant/ Fully compliant OR Yes/No**	**Evidence**	**Recommendations**
10	Does the municipality have strategies in place that give effect to the principle of Efficiency? (Possible information which could be used to assess this includes IDP budget allocation and relevant planning decisions.)	Yes	As part of a Turn Around Strategy, the Municipality has a Water Conservation and Demand Management Plan. This looks at amoungst other things, the replacement of aging water pipes and meters; focused leak detection and repairs and the maximisation of the use of treated waste water effluent for irrigation purposes. A 3 year infrastructure external loan has been taken up to implement specific water and sewerage projets from 2018 to 2021. The focus on water conservation and repairing any issues that result in the loss of water will assist in making the Municipality more efficient.	It is assumed that the SDF currently under review will contain strategies which give effect o the principle of Efficiency
11	Does the municipality have strategies in place that give effect to the principle of Spatial Resilience, excluding climate change mitigation and adaptation, which is covered elsewhere? (Possible information which could be used to assess this may include IDP budget allocation and relevant planning decisions.)	Yes	In the IDP, it is stated that the Municipality supports the Provincial Department of Human Settlements Strategic Plan, which has the aim of enabling a resilient, sustainable, quality and inclusive living environment . In part this resilience will be through integrating low cost housing projects into existing suburbs.	It is assumed that the SDF currently under review will contain strategies which give effect o the principle of Spatial Resilience.

Coastal Management (coastal municipalities only) - Coastal municipalities: Municipalities whose areas of jurisdiction include sections of coastline (DEA&DP)				
32	Does your Municipality have a coastline?	Yes		
33	Has the district municipality entered into an agreement with the Local Municipality with respect to the designation of coastal access strips of land in terms of ICMA?	No	No agreement has been entered into between district and local municipalities wrt the designation of coastal access land.	The Overberg Coastal Access Audit and Pilot Study for Overberg District will guide/inform any agreements entered into.
34	Has a coastal access audit been conducted for your municipal coastline?	Yes	The Overberg Coastal Access Audit and Pilot Study was concluded.	The Overberg Coastal Access Audit and Pilot Study is a District wide study that will guide/inform all actions pertaining to the facilitation of public coastal access. The outcomes and recommendations of this study will be presented to the relevant MM's for uptake and implementation with support from the Department.
35	*Has the municipality adopted a coastal access by-law?	No		The Overberg Coastal Access Audit and Pilot Study (conducted under the auspices of the Provincial Coastal Access Strategy and Plan) will guide/ inform all actions pertaining to the facilitation of public coastal access. The Department has developed a Model Coastal Access By-law which is currently in a vetting process with DotP and provides a framework for all coastal municipalities for the development and adoption of the own Coastal Access By-law. The By-law will be made available to all the local municipalities for their consideration and implementation.

Parameter		**Non-compliant/ Partly compliant/ Fully compliant OR Yes/No**	**Evidence**	**Recommendations**
36	*Has your municipality designated strips of land as coastal access land in terms of the by-law?	No	The Overberg Coastal Access Audit and Pilot Study made recommendations for the designation of coastal access land in the Overstrand Municipality in terms of ICMA. These recommendations will be presented to the relevant MM's for consideration.	The Overberg Coastal Access Audit and Pilot Study (conducted under the auspices of the Provincial Coastal Access Strategy and Plan) will guide/inform all actions pertaining to the facilitation of public coastal access. The Department has developed a Model Coastal Access By-law which is currently in a vetting process with DotP and provides a framework for all coastal municipalities for the development and adoption of the own Coastal Access By-law. The By-law will be made available to all the local municipalities for their consideration and implementation with support from the Department.
37	*Did the municipality do all of the following when designating (or withdrawing) coastal access land: (a) Assess the potential environmental impacts of doing so (33%); (b) Consult with interested and affected parties (33%); and (c) Give notice of the intended designation (or withdrawal) to the owner of the land? (33%)	Partly compliant	The Overberg Coastal Access Audit and Pilot Study makes recommendations for the facilitation of public coastal access. Assessment of environmental impacts with facilitating public coastal access at the pilot site was conducted in accordance with the ICM Act and WCPCASP requirements. These outcomes and recommendations of the pilot study will be presented to the relevant MM's for consideration and implementation with support from the Department.	The Overberg Coastal Access Audit and pilot study was concluded. The pilot study highlighted the potential environmental considerations or impacts and an assessment of impacts was conducted in accordance with the ICM Act and WC PCASP requirements. The outcomes and recommendations of the pilot study will be presented to the relevant MM's for consideration and implementation with support from the Department.

WC032 Overstrand				
Findings and Recommendations				
Parameter		**Non-compliant/ Partly compliant/ Fully compliant OR Yes/No**	**Evidence**	**Recommendations**
38	*If your coastal municipality has designated coastal access land, have they complied with all of the requirements of 20(1) of the ICMA, where appropriate? In particular: (1) Erection of appropriate signage; (2) Provision of appropriate facilities/amenities for the usage of the coastal access land; (3) Developed any by-laws pertaining to the control and protection of coastal access land.			The WC Coastal Access Strategy and Plan; the Model Coastal Access By-law as well as the Overberg Coastal Access Audit and Pilot Study (conducted under the auspices of the Provincial Coastal Access Strategy and Plan) will guide/inform all actions pertaining to the facilitation of public coastal access.
39	*Has your Municipality determined or adjusted a coastal boundary for coastal access land?	No	No coastal boundaries were determined or adjusted.	The Overberg Coastal Access Audit and Pilot Study was concluded. The study identifies challenges and makes recommendations along the coastline pertaining to public coastal access for consideration and implementation by the municipality.

OVERSTRAND MUNISIPALITEIT
OVERSTRAND MUNICIPALITY
2019 -05- 23

WC032 Overstrand				
Findings and Recommendations				
Parameter		**Non-compliant/ Partly compliant/ Fully compliant OR Yes/No**	**Evidence**	**Recommendations**
40	*Did you take into account all considerations as set out in section 29 of ICMA, i.t.o.: (a) The kind of public access required; (b) Any potential adverse effects that public access may cause; (c) The need for parking, recreational and ablution facilities; (d) Any existing rights of way, public servitudes or customary means of gaining access to the seashore and coastal waters; (e) The need to protect any coastal protected areas; and (f) The importance of not restricting the rights of land owners unreasonably.		The Overberg Coastal Access Audit and Pilot Study currently was concluded and makes recommendations at various public access sites for consideration and implementation by the municipality.	The WC Coastal Access Strategy and Plan; the Model Coastal Access By-law as well as the Overberg Coastal Access Audit and Pilot Study (conducted under the auspices of the Provincial Coastal Access Strategy and Plan) highlights potential environmental considerations or impacts that will need to be assessed per the identified access land/strip(s).
41	*Has your municipality delineated the coastal management line(s) on a map or maps that form part of its zoning scheme?	Partly compliant	Although not yet established by the MEC, the management lines are being included in relevant municipal planning documents. The CML for the Overberg District was delineated in collaboration with the District and relevant local municipalities. The CML and associated coastal risk overlays was provided to the municipality for inclusion in their SDFs and applicable zoning schemes.	The Department is in the process of finalising the implementation mechanism for the CML and coastal overlay. The Overstrand Municipality have commenced with the process of inclusion of risk information into the zoning scheme.
42	*Has the coastal municipality adopted a Coastal Management Programme (CMP) or any amendments subsequent to a review?	No	CMP was adopted by the District council on condition that funding is secured for implementation.	Funding sources should be investigated and alternate mechanisms for project funding should be sourced if Municipal budgets are not sufficient. Alternatively these CMP projects should be prioritised where appropriate within the Municipal IDP.

Parameter		**Non-compliant/ Partly compliant/ Fully compliant OR Yes/No**	**Evidence**	**Recommendations**
47	*What percentage of listed Public Launch Sites 'PLS' in this municipality have an Operational Plan?	Non-compliant		The DEA&DP has developed a concept OP for municipalities. The SD: Coastal Management is available to assist municipalities in drafting the OPs for each PLS within their jurisdiction.
48	Has the municipality or any other stakeholder formally requested the MEC to **list** additional launch sites as a PLS in the current financial cycle?	Yes	A request was received to list Hawston as a PLS. The Department has engaged DAFF in order to facilitate the process.	
49	Has the municipality formally requested the MEC to **delist** one or more launch sites as a PLS in the current financial cycle?	Yes	The Department received a request to delist a few sites. Additional information was requested in order for the process to be carried forward.	
50	Has the municipality applied to the National Minister: Environmental Affairs to request the approval of an access fee or access fees ('access fees' as defined in NEM:ICMA) for PLSs where these types of fees are currently being charged or is intended to be charged?	No		
51	Does the signage erected at all public launch sites depict the status of the launch sites (i.e. listed public launch site or, no launching allowed).	Partly compliant	Provincial Government Branded PLS signage was issued to all municipalities for PLS sites.	Department conducted an audit in some of the Overberg sites in December 2018, the findings was that some of the sites do not have the Branded PLS signs which were previously provided by the Department
52	Does the municipality have an estuary/ies within its municipal area?	Yes		The Overstrand Municipality has the following estuaries within the municipal area: Rooiles, Buffels, Palmiet, Kleinmond/Bot, Klein, Uilkraals, Onrus

Parameter		**Non-compliant/ Partly compliant/ Fully compliant OR Yes/No**	**Evidence**	**Recommendations**
53	*What percentage of estuary/ies, under the Municipality's responsibility, have (draft) Estuarine Management Plans in line with the NEM Protocol?	Partly compliant	100% of the estuaries have a draft EMP. However, the Onrus EMP has not been assessed in tersms of the NeM Protocol.	DEA&DP, through the EMFIS project undertook the updating and drafting of the most of the EMPs, except the Onurs. The Onrus EMP was completed by a private individual.
54	*Has the Municipality followed the PPP as described in the NEM Protocol for each EMP?	No		Once the EMPs have been officially handed over to the Municipality and an implementation protocol signed, they will need to be subjected to the final PPP requirements (including gazetting) as per the NEMP.
55	*Has the Municipality, as the responsible management authority, submitted relevant EMPs to the MEC for approval?	No		The EMPs have not been submitted to the MEC.
56	*What percentage of approved EMPs has the Municipality, as the responsible management authority, adopted?	No		The EMPs have not been submitted to the MEC.
57	Has the EMP been incorporated into the broader Municipal Coastal Management Programme?	Partly compliant		The District Municipality completed their review of the CMP in 2018. The EMPs have been highlighted as a high priority area in the District CMP.
58	*Has the EMP been reviewed by the municipality at least every 5 years?	No		The EMPs have not been submitted to the MEC and adopted and thus is not yet due for a review.

Waste Management (DEA&DP)				
75	*Has the municipality designated, in writing, a Waste Management Officer?	Non-compliant	The Council Resolution of the Waste Management Officer`s designation must be forwarded to the Directorate: Waste Management	The newly appointed Waste Management Officer in Overstrand must be officially designated.
76	*Has the municipality's current IWMP been approved by their municipal council?	Fully compliant	IDP 2017/2018 - 2021/2022	
77	*Has the municipality submitted their IWMP to the MEC for assessment and endorsement?	Fully compliant	DEA&DP's IWMP Assessment Report for Overstrand Municipality	
78	*Did the municipality follow a consultative process w.r.t. the development of their IWMP as contemplated in section 29 of the Municipal Systems Act? Provide proof.	Fully compliant	4th Generation IWMP 2015	
79	*Is the IWMP integrated in the Municipal IDP?	Fully compliant	IDP 2017/2018 - 2021/2022	
80	*Does the municipality report on the implementation of the IWMP in the Annual Report?	Fully compliant	Draft Audited Annual Report 2019	
81	*Does the municipality's IWMP meet the minimum requirements as stipulated in the **National Environmental Management: Waste Act** (NEM: WA)?	Fully compliant	DEA&DP's IWMP Assessment Report for Overstrand Municipality	Any recommendations provided in DEA&DP's IWMP Assessment Report must be incorporated into the plan.
82	*Are your waste management facilities registered on **Integrated Pollutant and Waste Information System** (IPWIS)?	Yes	IPWIS registration number

Findings and Recommendations				
Parameter		Non-compliant/ Partly compliant/ Fully compliant OR Yes/No	Evidence	Recommendations
83	Indicate the number of operating waste management facilities with quantification systems.	Yes	Two (2) waste management facilities utilise the Waste Calculator and the other facility has a weighbridge	
84	Does the municipality report the waste quantities on IPWIS?	Fully compliant	As can be seen from online IPWIS reporting	
85	*What is the total percentage of waste diversion for the municipal area (including both municipal and private)?		46,69% diversion rate for 2017 and 51% diversion rate for 2018	
86	Indicate if your current integrated waste management infrastructure can accommodate the projected waste quantities over the next 5 years.	Yes	The municipality have various drop-offs and transfer stations available. The Municipality uses Karwyderskraal and Gansbaai WDF to dispose of waste. Karwyderskraal WDF is in the process of installing a new cell.	The maintenance and protection against vandalism of current infrastructure needs to be implemented.
87	*Are internal (quarterly) compliance audits being conducted at all waste facilities?	Fully compliant	Internal Audits are performed at the licenced facilities.	None
88	*Are external (annual) compliance audits being conducted at all waste facilities?	Partly compliant	Not all licenced facilities are being externally audited. External audits have been received for Karwyderskraal WDF, Gansbaai WDF, Hermanus WTS and Kleinmond WTS.	All licenced facilities are required to be audited, including the closed waste disposal facilities.
89	*Are all internal and external audits submitted to the department?	Fully compliant	Audit reports have been received.	None
90	Indicate the total number of operating waste management facilities.	Yes	13	None
91	*Does the municipality have an Integrated Waste Management By-law?	Yes	Integrated Waste Management By-law, 12 July 2013.	No comment

WC032 Overstrand				
Findings and Recommendations				
Parameter		**Non-compliant/ Partly compliant/ Fully compliant OR Yes/No**	**Evidence**	**Recommendations**
92	*Is the by-law aligned to the NEM: WA?	Yes	The By-law was published in 2013 and considered the requirements of the Waste Act.	No comment
93	Are there measures to divert waste from landfill incorporated into your IWMP?	Yes		
94	Has your municipality implemented any waste minimisation initiatives?	Yes	Municipality supports buy back centre in Hermanus and swop shops by collecting the waste and doing regular awareness at swop shop centres.	It is recommended the Municipality do more in informal and low income areas with regards to waste minimisation/recycling systems or infrastructure and to challenge current attitudes towards waste in these areas.
95	Which waste minimisation system has been implemented in the municipality?		The Municipality has a variety of systems in place. Municipality supports buy back centre in Hermanus and swop shops by collecting the waste and doing regular awareness at swop shop centres. 84% of households receive a recovery at source service. Igloos are provided and residents can take recyclables to drop-offs. A Green waste system include drop off facilities and the chipping and composting of it. The following facilities form the heart of the municipality's minimisation system: The Gansbaai landfill MRF, Stanford Drop-off, Voëlklip Drop off, Voëlklip Week End Drop-off, Hermanus Transfer Station, Onrus Week End Drop-off, Kleinmond Transfer Station and Betties Bay drop-off have special bins for recyclables.	It is recommended the Municipality do more in informal and low income areas with regards to waste minimisation/recycling systems or infrastructure and to challenge current attitudes towards waste in these areas.

Findings and Recommendations				
Parameter		Non-compliant/ Partly compliant/ Fully compliant OR Yes/No	Evidence	Recommendations
96	Does the municipality have any waste management awareness initiatives?		**Signage:** The Municipality use signage to direct residents to drop offs, transfer stations and landfills. **Various advertising boards** are erected throughout the Municipal area for the promotion and encouragement of responsible waste management and waste minimisation. **Pamphlets:** Residents are made aware via a monthly news bulletin and in season time they hand out pamphlets to inform holiday makers about their services, including their recycling initiatives. **DEA Awareness:** YJIW also creates awareness about recycling at taxi ranks, schools, door-to-door and beaches. Whale Coast Conservation has Youth Environment Programme. **Community/Business Awareness:** The Municipality give talks about recycling at swop shops. The Municipality communicate with residents via the **Overstrand News Bulletin** through the municipal monthly account. Talks at organizations, schools etc. to spread awareness throughout the Overstrand forms an important part of the Municipality's talks.	It is recommended the Municipality's awareness strategy extend to informal and low income areas assist with the challenge of changing current attitudes towards waste in these areas.

Climate Change (DEA&DP)				
97	Are climate change mitigation (low carbon) responses included in the municipality's IDP?	Yes	The municipality was involved in the development of the Overberg Climate Change Strategy; the municipality is also planning to establish their own climate change strategy. The municipality plans to implement or has already implemented the following measures: SSEG guidelines and tariffs have been implemented; LED streetlight project; implementation of energy efficiency measures as well as improve public transport in the municipality, incl. a NMT strategy; install SWHs in municipal-owned housing; introduce a energy efficient water heater by-law; drive renewable energy initiatives. The municipality is planning an energy audit on all municipal offices and buildings. A municipal Climate Change Response Strategy is referred to, but it is unclear if this is already completed or planned to be developed sometime in the future.	
98	Are there budget and capacity allocated for climate change mitigation responses?	No	None evident.

Findings and Recommendations				
Parameter		**Non-compliant/ Partly compliant/ Fully compliant OR Yes/No**	**Evidence**	**Recommendations**
99	Are climate change adaptation (risk reduction) responses included in the municipality's IDP?	Yes	The municipality has identified climate change risks, and was involved in the development of the Overberg Climate Change Strategy; the municipality is also planning to establish their own climate change strategy. The municipality has started diversifying water sources to avoid dependence on surface water (incl. water re-use and seawater desalination); CMLs to be incorporated into the IDP, IDF, SDF, Zoning scheme; the municipality will ensure that coastal development and planning provides for the effects of climate change; ecosystem restoration/green infrastructure protection; roll out an invasive species management programme; dune management to protect infrastructure from coastal processes; all new buildings to have rainwater harvesting features.	
100	Are there budget and capacity allocated for climate change adaptation responses?	No	It is implied that the Overstrand Environmental Section is responsible for climate change response, but this is not explicit.	
Pollution Management (DEA&DP)				
101	*Is there a dedicated line function or person responsible for coordinating and managing incidents in terms of section 30 of the National Environmental Management Act?	Partially	Communication with the Overstrand Municipality. Written confirmation of the line function or person responsible for incidents in the municipality is still outstanding.	Written confirmation of persons responsible for incidents must be provided via the office of the Municipal Manager. No formal confirmation has been provided in this regard. Further inputs will be made later in the year.

Parameter		Non-compliant/ Partly compliant/ Fully compliant OR Yes/No	Evidence	Recommendations
102	*Is a standard operating procedure or agreement in place with regard to cooperation between the local and district municipality, including disaster management in terms of the management of such incidents?	No	No formal arrangement to cooperate in the management of incidents is in place.	Engagements will be commissioned later in the year to commence with efforts in this regard.
103	*Is a database kept and available with complete records of all incidents which occurred in the area of jurisdiction of the municipality?	No	No indication or confirmation in this regard has been provided by the municipality.	A database to log and manage incident information must be prioritised.
104	*Has the requirements of section 30 of the National Environmental Management Act been incorporated in any by-laws, regulations and/or any other strategic programmes/plans?	No	No evidence in this regard has been shared with the Directorate: Pollution and Chemicals Management.	Proof to be provided of how incident information is utilised in guiding strategic matters.
105	*Is a system for monitoring compliance and taking enforcement action in place with respect to S30 incidents and/or contaminated land cases?	No	No information in this regard has been shared with the Department.	Engagements will aim to understand these aspects.
106	Is the national contaminated land register considered when rezoning applications are processed to prevent the transfer of contaminated land to unsuspecting parties? Is the department consulted when rezoning applications involving contaminated land are dealt with?	No	No evidence in this regard has been shared with the Directorate: Pollution and Chemicals Management.	Consideration of contaminated land management aspects must be incorporated into the rezoning process of the municipality.

OVERSTRAND MUNICIPALITY

SECTION 1: INTRODUCTION

The annual assessment of municipal Integrated development plans and budgets presents an opportunity to deepen and strengthen existing partnerships, as well as identify new areas for collaboration to further demonstrate *'Consolidation for Maximum Citizen Impact'*. The importance of this assessment is stipulated in Chapter 5 of the Local Government Municipal Systems Act 32 of 2000 (MSA), the MSA Regulations and the Local Government Municipal Finance Management Act 56 of 2003 (MFMA). Provincial assessments afford the provincial sphere of government an opportunity to exercise its monitoring and support role to municipalities as stipulated by the Constitution. In addition, the assessments provide an indication of the ability and readiness of municipalities to deliver on their legislative and constitutional mandates.

This report encapsulates comments by the Western Cape Provincial Government on the draft 2019/20 MTREF Budget, 2019/20 reviewed Integrated Development Plan (IDP) and Spatial Development Framework (SDF).

The assessment covers the following key areas:

- Conformance with the MFMA, MSA & Municipal Budget and Reporting Regulations (MBRR);
- Responsiveness of draft budget, IDP and SDF; and
- Credibility and sustainability of the Budget.

The MBRR A-Schedules, budget documentation, IDP and SDF submitted by the Municipality are the primary sources for the analysis. The quality of this assessment report therefore depends on the credibility of the information contained in the documents submitted by the Municipality.

The Provincial Government plans to meet the executives of your Municipality on 6th May 2019 where the key findings and recommendations of this report will be presented and deliberated upon. The planned engagement will contextualise the Municipality's challenges and responses as taken up in the draft budget, IDP, Local Economic Development (LED), SDF and various other strategies and plans.

All the information related to the assessment and analysis of the annual budget, IDP and SDF are found in the report below.

OVERSTRAND MUNICIPALITY

SECTION 2: PUBLIC VALUE CREATION

2.1 INTRODUCTION

Public Value is defined as putting the public at the centre of service delivery to continuously improve the quality of life for all within the focus of the mandate of the institution.

This section seeks to provide an overview of the current socio-economic reality of the municipal area, assesses the alignment of the budget to the Municipality's Integrated Development Plan's Strategic Objectives as well provides an environmental analysis of the Municipality and how it collectively contributes to achieving maximum public value and citizen impact.

2.2 SOCIO-ECONOMIC CONTEXT AND IMPLICATIONS

Table 1 presents the Socio-Economic Context of Overstrand Municipality.

Table 1: Socio-Economic Context

Key Socio-Economic Indicators	NDP Goals	Local Context	Implications
Demographics	0.5% - 1% per annum by 2030 (Nationally)	Estimated population growth of 2.0% per annum between 2018 and 2024 (SEPLG 2018)	The increased population growth will place a strain on the municipal services as well maintaining existing infrastructure.
Economy	Economic growth needs to exceed 5 percent a year on average	1.4% in 2015; 0.9% in 2016; 1.4% in 2017e	Current economic growth rates are below the NDP target of 5 per cent. This should be seen in the context of low economic growth nationally (0.6 per cent) and provincially (1.2 per cent) in 2016. A slowdown in economic activity may result in job losses and inability of households to pay for services leading to reduced municipal revenues.
Unemployment	14% by 2020	16.6% (2017) (SEPLG, 2018)	Unemployment have a direct impact on household income and ability to pay for services and further put a strain on municipal resources i.e. in terms of providing services to indigent households.
Education	A learner retention ratio of 90 per cent	Grade 12 Dropout rate-28.6% (SEP-LG 2018)	High dropout rates aggravates the high unemployment rate as early school leavers are low skilled, unemployable and contribute to the demand for indigent support.
Health	Maternal mortality to fall from 500 to 100 per 100 000 live births	Maternal Mortality was 0.0 per 100 000 live births in 2017/18. (SEP-LG 2018)	An improvement in health outcomes over the period indicates an improvement in overall development.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Key Socio-Economic Indicators	NDP Goals	Local Context	Implications
Poverty	For zero households to be below the R418 monthly income poverty line	15,9 per cent of the had no income (households below the poverty line) (MERO/SEPLG, 2018)	Lower per capita income amidst constraining economy and population increase; income inequality and Gini coefficient; Human Development Index is improving; poverty translates to greater reliance on social support structures.
Safety and Security	For all citizens to feel safe and free of the fear of crime	40 murders per 100 000 people (SEP-LG 2018)	High crime rate is closely linked to other social-ills, crime hampers growth, discourages investment and capital accumulation, cycle of crime and poverty.

- The 2018 Socio–Economic Profile (SEP-LG) of the Overstrand Municipality indicates that the municipal area has a growing population, high unemployment, and high levels of inequality as reflected by the Gini-Coefficient, high dropout rates, and high crime rates. The 2019/20 draft reviewed IDP takes cognisance of these socio-economic issues.

- Comparison to the National Development Plan (NDP) targets as reflected in the table above, indicates that the Overstrand Municipal Area has already met the targets for maternal mortality. The NDP targets relating to poverty, unemployment, learner retention and crime rates still needs to be achieved. This would then require an intergovernmental approach between the community and the three spheres of Government.

- Overstrand's strategic objectives alignment with the key policy directives on the global, national, provincial and district level is dealt with in chapter 7 of the 2019/20 draft reviewed IDP. The strategic objectives are aligned to Sustainable Development Goals (SDG's), National Development Plan (NDP), the Provincial Strategic Plan, the Provincial Game Changers as well as the Overberg District Municipality's strategic objectives.

2.3 INTEGRATED PLANNING ANALYSIS

An Integrated Development Plan (IDP) is the principal strategic planning instrument which guides and informs all planning and development, and all decisions with regard to planning, management and development in a municipality. An IDP provides the strategic direction for all the activities of a municipality over five years linked to the council term of office.

Each municipal council must annually review and may amend the IDP of the Municipality. Should the review process determine that an amendment is required, municipalities are to follow the process as stipulated in Regulation 3 of the Local Government: Municipal Planning and Performance Management Regulations of 2001.

The 2019/20 IDP review of the Overstrand Municipality is the second review of the 2017 - 2022 IDP. The 2019/20 IDP review approach takes into consideration the assessment of its performance measurements and to the extent that changing circumstances so demand and subsequently amended its 2017 - 2022 IDP.

The **attached detailed IDP report (Appendix A)** encapsulates comments by various sector departments including the Departments of Agriculture; Economic Development and Tourism; Cultural Affairs and Sport; Community Safety; Health; Human Settlements; Local Government; Social Development; Water and Sanitation; and Western Cape Education Department.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

2.4 MUNICIPAL BUDGET ALLOCATIONS TO IDP STRATEGIC OBJECTIVES

The 2019/20 MTREF budget breakdown in terms of the strategic objectives is indicated in the table below. Overstrand Municipality budgeted for a total operating expenditure of R1.25 billion and total capital budget of R232 .2 million in the 2019/20 financial year.

Table 2: Strategic Objectives for the 2019/20 Medium Term Revenue and Expenditure Framework

R thousand	Budget Year 2019/20	Budget Year 2020/21	Budget Year 2021/22	Average Annual Growth	Budget Year 2019/20	Budget Year 2020/21	Budget Year 2021/22	Average Annual Growth
The provision of democratic, accountable and ethical governance	252 640	264 856	271 144	3.6%	4 105	30 000	30 000	170.3%
The provision and maintenance of municipal services	639 901	690 998	758 999	8.9%	146 565	94 036	76 844	-27.6%
The encouragement of structured community participation in the matters of the municipality	1 085			-100.0%	38 510	13 287	39 480	1.3%
The creation and maintenance of a safe and healthy environment	153 113	177 381	187 452	10.6%	13 632	841		-100.0%
The promotion of tourism, economic and social development	201 162	210 145	214 970	3.4%	29 395	-	8 000	-47.8%
Total Expenditure	**1 247 901**	**1 343 380**	**1 432 564**	**7.1%**	**232 206**	**138 164**	**154 324**	**-18.5%**

The Municipality's five key strategic objectives remain unchanged as derived from the 5-year IDP cycle (2017/2021) as reflected above.

The Strategic Objective: the provision of basic services and Infrastructure receives the highest priority in the 2019/20 operating expenditure budget, amounting to R639.90 million (51.3 per cent) growing by 8.9 per cent annual average over the 2019/20 MTREF period.

The Strategic Objective: the provision of democratic, accountable and ethical governance receives the second highest priority in the 2019/20 budget amounting to R252.64 million (20.3 per cent).

The Strategic Objective: the promotion of tourism, economic and social development receives the third highest priority with an allocation amounting to R201.16 million (16.1 per cent) in 2019/20, growing by 3.4 per cent on average over the 2019/20 MTREF period.

The capital budget reflects a reduction of 27.6 per cent annual average over the 2019/20 MTREF period for the Strategic Objective: provision of basic services and infrastructure.

On the other hand the capital expenditure budget reflects a 170.3 per cent growth over the 2019/20 MTREF period for the Strategic Objective: provision of democratic, accountable and ethical governance. This allocation is earmarked for finance and administration.

(2) Potential/Expected impact of resource allocations

Whilst there are always competing priorities for limited resources, the Municipality always strives through the strategic allocation of its MTREF budget to focus on bulk infrastructure projects with the intention of providing bulk and other economic and social infrastructure to address the pressing needs of its citizens.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

2.5 ENVIRONMENTAL ANALYSIS

The overarching focus for this assessment is on municipal sustainability.

Most of the natural environment is covered with fynbos, due to its nutrient poor soils. The Overstrand Municipality has a large network of important wetlands and river corridors many of which have been identified by the South African National Biodiversity Institute (SANBI) as Freshwater Ecosystem Priority Areas (FEPAs) and/or as Flagship Free-Flowing Rivers. According to the SANBI's Overberg Transformation Map, ± 111 500ha (65.65%), Overstrand Municipality is classified as "natural habitat", whilst the remainder comprises degraded areas (3.44%); high density alien plant infested areas (6.93%); plantations (1.78%); intensively farmed areas (15.98% - excluding extensive grazing in natural vegetation); dams (0.14%); roads (3.60%); and urban areas (2.47%).

Biodiversity consist mostly of formally conserved land in Overberg, largely due to Kogelberg Biodiversity Reserve (KBR); however, need to rework the KBR buffer and transition model to make it practicable while working to increase landscape-scale conservation efforts. Sensitive wetlands and Marine Conservation Areas are still in good condition.

Risks are mostly fires along Betty's Bay-Pringle Bay region, which has been demarcated as nodes with high growth potential in the Overstrand SDF review status quo reports. Coastal and estuarine development are increasing. Gravel roads being upgraded to tar for long stretches and several small-scale housing projects is usually a precursor to development.

The Municipality is one of few municipalities with a dedicated Environmental Management Department, illustrating their commitment in protecting biodiversity in its municipal area.

Overstrand Municipality is currently reviewing its SDF, and CapeNature is part of the team. Overstrand Municipality has drafted their Environmental Management Overlay Zones and their Regulations for Coastal Protection; Protected Area Buffer; Riverine; and Urban Conservation. Overstrand Municipality is co-ordinating its fire strategy with the fire chief office and the environmental management component.

The Municipal Area includes the Bettys Bay Marine Protected Area, the Walker Bay Whale Sanctuary Marine Protected Area, and the Kogelberg Biosphere Reserve, which is one of South Africa's six existing Biosphere Reserves. The Municipality is also the appointed management authority for three proclaimed local government nature reserves namely Fernkloof (Flagship), Kleinmond Coastal and Mountain Reserve and Rooiels Nature Reserve. The Municipality also has four projects aimed at the rehabilitation of biodiversity including the Onrus River Rehabilitation and Restoration Project; Hawston - Paddavlei Rehabilitation and Restoration Project, Stanford Mill Stream Rehabilitation and Restoration Project and the Franskraal Milkwood Forest Rehabilitation. The Municipality also developed and implemented an Environmental Management System in 2017 to measure the impacts of Municipal Service delivery on the natural environment. The Municipality also has plans for the maintenance of ecological infrastructure, fire management and alien invasive species management.

The draft alien clearing management plan submitted to the National Department of Environmental Affairs is noted. However, it is proposed that the Municipality allocate specific funding to do clearing in specific priority areas such as water catchment areas. This is important especially because of the drought crises we are facing in the Western Cape. Fires are also listed as the most common threat to biodiversity and perhaps this should also be

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

listed as an urgent project with appropriate funding. The IDP and SDF should expand on the how WCBSP has taken climate change into consideration and make the link as to how to use the WCBSP as a key informant that will help to reduce disaster risk to settlements. CapeNature is currently engaging on the SDF which may influence the IDP going forward.

The designated Waste Management Officer (WMO) has recently resigned, and a new WMO has been appointed. However, the appointed WMO still needs to be designated in terms of section 10 of the Waste Act. Overstrand Municipality reports annually on their performance, including their performance in terms of waste management. Their Integrated Waste Management Plan: Annual Report January 2019 (draft) aims to determine whether the action plans and implementation items in the IWMP are being implemented and to what extent.

The Overstrand Municipality has taken over the management of the Overberg District Municipalities waste management facility namely Karwyderskraal landfill since May 2015. This facility is also required to register and report on Integrated Pollutant and Waste Information System (IPWIS) and is currently Fully Compliant in this regard. Risks in terms of waste information includes staff shortages, staff turnaround, lack of proper record keeping and lack of funding for waste information purposes. **The Municipality is managing their facilities very well and achieve high compliance ratings during audits however Vandalism is a matter of concern. The Kleinmond WTS had been vandalised. The Facility is still being used. The Hermanus Material Recover Facility (MRF) was totally burnt down. No waste is currently being recycled at the Hermanus MRF.**

Climate change is generally increasing the risk profiles of Western Cape municipalities associated with increased likelihood of drought and ongoing water scarcity, flash floods, coastal inundation, heat waves and extreme temperatures and increased fire risk leading to run away and uncontrollable fires. For more information on your location -specific changing risk profiles, please refer to your District's Climate Change Response Strategy/Framework, the Climate Change Advisory sent to your municipality by DEA&DP in 2016, the Disaster Management Risk Profile for your municipality (which will include climate change risks) as well as the Provincial Risk Profile which will be released by WCG in 2020.

From a mitigation perspective, municipalities have a role to play in reducing emissions in their own operations and encouraging their residents to move to a low carbon future. A particular action that municipalities can support is allowing Small-Scale Embedded Generation (SSEG)and putting in place appropriate tariffs that support residential, commercial and industrial consumers to invest in renewable energy, which the Municipality currently allows although work on the tariffs and policies is still underway.

The Overstrand Municipality is under severe strain with regards to coastal resource use (marine living resources, specifically poaching), exploitation of estuarine resources and access thereto, as well as coastal vulnerabilities (illegal ORV and coastal erosion).

The CML establishment process has been approved by the Provincial MEC and requires a final round of stakeholder engagement as per the Integrated Coastal Management Act No 24 of 2008 (ICM,2008). Although the Department is still in the process of finalising the implementation mechanism for the CML and coastal overlay, the Overstrand Municipality have including the CML and associated risk information into their zoning scheme as an Environmental Overlay Zone that will be enforceable through a bylaw. The Overberg District

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

CML's must, however, be amended to the 1:50 year risk line as the impact of erosion is already apparent along the current draft CML, which is based on the 1:20 year risk line.

As previously recognised, the risk of RMAs as identified in the NEMP not taking up the function has been realised and as such the DEA&DP is in the process of engaging with responsive municipalities to enter into arrangements via an inter-governmental agreement for the management of the identified estuaries.

The Provincial Coastal Access Strategy and Plan (PCASP) has been completed and was implemented in the Municipality. The Overberg coastal access audit and pilot study was concluded and the outcomes, specifically the outcomes of the pilot study to facilitate public access to the mouth of the Bot River estuary, must be taken up into municipal planning and IDPs. As such the District and Overstrand municipalities must enter into an agreement.

Emerging threats for the Municipality are:

- **Poor or unknown quality of the storm water effluent discharged to sea;**
- **Increased development of aquaculture facilities;**
- **Unlawful driving in the coastal zone;**
- **Lack of equitable public access to coast;**
- **Loss of CPP and threat to properties along the coast impacted by erosion as a result of increased storm surges.**

There are 16 public launch sites listed in the Overstrand, of which the Municipality has requested to delist some PLS based on an evaluation of the condition and use of the PLS's. Operational plans have been drafted for the listed sites but none have been finalised due to financial and capacity constraints. These financial constraints also impact the necessary upgrades required at PLS to bring it to the required operational standard.

The District facilitates the Municipal Coastal Committee (MCC), which is fully functional, despite the nature of challenges experienced in the District and its resource and capacity constraints. The Overstrand Municipality actively participates in the MCC. The Overberg District Municipality has an approved District CMP in conjunction with the local municipalities, however, unless adequate financial and human resources are assigned to both the districts and the local municipalities, implementation of the District CMP cannot be successfully attained.

In terms of the National Environmental Management: Air Quality Act (NEM: AQA), measures in respect of dust, noise and offensive odour is a Local Government responsibility. A By-law must be developed and adopted to ensure compliance to air quality management. As per Section 14(3) of the NEM: AQA, each municipality must designate an air quality officer from its administration. As per Section 15(2) of the NEM: AQA, each municipality must include in its IDP an Air Quality Management Plan (AQMP). The Overstrand Municipality is compliant with regards to the designated AQO and the adopted AQMP.

An AQMP budget allocation needs to be made available in the IDP. Funds should ideally cover the following: air quality monitoring (passive or continuous monitoring of air pollutants), staff training and implementing air quality intervention strategies.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

2.5.1 Current Work Undertaken (e.g. Support/Programmes/Projects)

WCG is in the process of reviewing the Western Cape Climate Change Response Strategy and inputs from municipalities will be important in the revision. We are also working with sector departments on the development of specific sector plans and how these sectors need to respond to climate change. By mainstreaming climate change into sector functions, it will filter down to municipal decision-making and planning through the municipal support efforts provided by the various WCG sector departments.

The sub-directorate coastal management monitors municipal coastal management performance through the IPSS annually and continues to support municipalities through the implementation of the Provincial Coastal Management Programme (PCMP) and Provincial Coastal Committee and other forums as well as technical support in implementing the municipal CMPs.

The Directorate: AQM provides a supportive and oversight role to municipalities with respect to air quality management. The D: AQM hosts Quarterly Air Quality Officer's Forums and Air Quality Management Plan Working Groups 1-3; to serve as platform for Air Quality Officers to share their achievements and challenges with regards to noise, dust and offensive odour management in their jurisdictional areas. It is imperative for the Municipal Air Quality Officer to attend these Forums in order to successfully implement the mandates of air quality management, as assigned by the NEM: AQA.

2.5.2 Key Findings, Risks/Recommendations

Main risks are mostly fires along Betty's Bay-Pringle Bay region, which has been demarcated as nodes with high growth potential in the Overstrand SDF review status quo reports.

It is proposed that the Municipality allocate specific funding to do alien clearing in specific priority areas such as water catchment areas as per their alien clearing plan.

The newly appointed WMO needs to be designated in terms of section 10 of the Waste Act.

The Overstrand Municipality is under severe strain with regards to coastal resource use (marine living resources, specifically poaching), exploitation of estuarine resources and access thereto, as well as coastal vulnerabilities (illegal ORV and coastal erosion).

An AQMP budget allocation needs to be secured in the IDP. Funds should ideally cover the following: air quality monitoring (passive or continuous monitoring of air pollutants), staff training and implementing air quality intervention strategies.

OVERSTRAND MUNICIPALITY

SECTION 3: ECONOMIC SUSTAINABILITY

3.1 INTRODUCTION

This section examines if the tabled 2019/20 MTREF Budget and Spatial Development Framework is responsive from an economic and socio-economic perspective and the Municipality's ability to meet the legitimate expectations of the community for services from its limited resources in order to effect inclusive growth and contribute towards achieving maximum citizen impact.

3.2 ECONOMIC GROWTH AND DEVELOPMENT

3.2.1 Promoting Inclusive Economic Growth

(1) Provincial and Municipal Capital Budget Expenditure 2019/20

Table 3: Comparison of Provincial and estimated Overstrand Municipal Infrastructure Expenditure: 2019/20 (R'000)

Total Infrastructure Spend	**232 512**	**232 206**	**464 718**

Source: 2019 Western Cape EPRE (Provincial spend), National Treasury Database (Municipal spend)

The Western Cape Government (WCG) will invest an estimated R232.51 million in infrastructure within the geographical boundaries of the Overstrand Municipal area, whilst the Overstrand Municipality will commit an equal allocation of R232.21 million towards capital expansions.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The WCG will in 2019/20 invest a total of R162.00 million in ***economic infrastructure*** throughout the Overstrand. This investment will specifically be directed towards the road transport and public works function.

As part of the broader economic infrastructure allocations, an amount of R12.00 million will also be channelled towards Cape Nature to fund developments at the Kogelberg Nature Reserve i.e. repairs, maintenance, upgrades and construction of chalets and conferencing facilities.

Provincial ***social infrastructure*** spend will in 2019/20 amount to R70.51 million, directed towards housing (R51.5 million), health (R16.962 million), education (R2.0 million).

The WCG allocations towards human settlements are complimented by an R21.325 million housing investment made by the Overstrand Municipality. The allocation towards human settlements is of particular significance given ongoing service delivery protests in the Overstrand Municipal area relating to access to adequate land and housing opportunities. Housing projects in Overstrand will in 2019/20 include developments in Masakhane (R14.1 million), Zwelihle (R8.4 million) and Stanford (R7.0 million).

Allocations towards education infrastructure are limited to the construction of the Qhayiya Secondary School in the Overstrand Municipality (R2.00 million). Assessment by the department of Education through the IDP indabas indicates concerns over massive growth in the enrolment over the past 10 years specifically in Hermanus/Zwelihle.

Notable health infrastructure projects to be undertaken by the WCG in 2019/20 include upgrades and additions to the Gansbaai Clinic in the Overstrand Municipality (R13.8 million).

As per Table 3 above, total municipal capital spends towards trading services in the Overstrand is expected to amount to R146.565 million in 2019/20. These funds will be applied to expand the current basic service delivery network to new housing developments and are therefore complimenting the substantial investments made by the WCG towards the housing function.

Closer consideration of basic service delivery infrastructure allocations reveals that most of municipal capital budgets will be directed towards the water function (R43.461 million; 18.7 per cent of total capital budget). This is followed by waste water management (R41.99 million, 18.1 per cent), electricity (R33.874 million or 14.6 per cent) and waste water management functions (R27.23 million; 11.7 per cent) which attests of efforts by the Municipality to maintain catalytic infrastructure and to roll-out an entire basic services package to new residents.

(2) Potential/Expected Impact of resource allocations

Investment, particularly in roads infrastructure unlocks the economic potential of towns as transport corridors and enable greater connectivity with markets thus creating the potential for economic growth and development in the area. It is therefore essential that interconnected regions have well developed and maintained roads for the transportation of good and linkages to external markets.

Bulk infrastructure development and investment extends basic services to those it has not yet reached, as well as ensures that continued quality services can be provided to those already receiving them. This has a concomitant effect on the consumer's willingness to pay for

OVERSTRAND MUNISIPALITEIT
2019-05-23
OVERSTRAND MUNICIPALITY

services, has the potential to increase the revenue base of the Municipality and improves the quality of life of its citizens.

3.2.2 Increasing Employment Opportunities

(1) Budget allocations and Implications

The 2018 SEP-LG of Overstrand indicates that 23 502 formal jobs were created in 2016.

The socio-economic profile further indicates that the majority of workers in the Overstrand labour force was dominated by semi-skilled workers (41.0 per cent) and low skilled (39. per cent) and only 19.3 per cent were skilled in 2016.

Furthermore, during the period 2006 - 2016 the number of skilled workers increased much more than that of semi-skilled workers, a decrease was experienced in the number of low-skilled workers. An improvement in education and economic performance can contribute to a further decrease in low-skilled workers.

Unemployment in the Overstrand municipal area increased from 8.6 per cent in 2015 to 15.6 per cent in 2016 and an estimated 16.6 per cent in 2017(SEPLG 2018).

Budget Implications and conclusions

Expanded Public Works Programme (EPWP)

The Municipality facilitates an environment that will attract sectors with high value and support industries that yield employment opportunities.

The 2017/18 Annual Report indicates that the Municipality has been able to create 994 temporary job opportunities through the Expanded Public Works Programme (EPWP).

Supporting Table SA18 indicates that for the financial year 2019/20, the grant funding for EPWP amount to R2.635 million. With the current allocation the Municipality plan to create 1 000 job opportunities through EPWP programme and as per set targets for the financial year 2019/20.

(2) Potential/Expected Impact of resource allocations

- The investment in LED and thorough implementation of the municipalities LED strategies will have positive externalities for the local economy as well as for the region. Collaboration through partnerships between the public and private sector as well as academia could enhance the effectiveness of the strategies employed and have a greater collective impact on the outcome of the strategies and maximise benefits to society.
- The creation of the job opportunities through EPWP and LED will provide poverty relief by bringing much needed income to households particularly if those jobs could be translated into permanent employment opportunities. This may in turn reduce the number of indigent households within the area and consequently reduce the number of households reliant on the Municipality for free basic services.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- The provision of employment opportunities also provides those involved with work experience and related skills and making candidates more employable and attractive to future employers.

3.2.3 Creating Public Value through Basic Services Provision

(1) Provision of basic services

Water

- The Municipality's risk register cites limited water resources as one of the top risks faced by the Municipality; these includes limited water resources, and the high cost of desalination in order to utilise seawater.

- The 2017/18 Annual Report specifies that a water demand management strategy is in place as part of the Municipality's Turn Around Strategy, with the focus to keep water demand under control and to decrease water losses

- According to Table A10 information presented in the budget, 29 174 households in Overstrand Municipality will be provided with piped water inside dwelling in 2019/20 and an additional 3 052 households will be provided with at least minimum service level. The Municipality also plan to provide services to informal households on invaded land with available funding.

Sanitation/Sewage

- Table A10 indicates that Sanitation will be provided to at least 29 165 households in 2019/20 and is expected to reach 30 941 households in 2021/22.

- Supporting table SA7 indicates that 29 841 formal households will be provided with sanitation. An additional 770 informal households will be provided with sanitation services. The Municipality further plan to provide an additional 120 households who occupy invaded land. The standard for sanitation provided is 1:5 households which can be improved for citizen impact.

Electricity

- Table A10 indicates the Municipalities intention to provide electricity to 26 491 households in 2019/20 and to increase this to 26 742 households in 2021/22. There is a growth in the number of households receiving prepaid electricity.

Refuse removal

- The 2017/18 Annual report reflects that 32 695 households had refuse removed once a week.

- Table A10 reflects a service target of 32 695 households for refuse removal increasing to 34 686 households in 2021/22.

- While Table SA7 indicates the intention to provide 32 990 formal households in Overstrand Municipality with refuse removal services throughout the 2019/20 MTREF period.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Housing

- The 2017/18 Annual Report indicates a growing housing backlog (housing waiting list) at 7 814 housing units. Progress regarding housing development for the reporting period is included in the Annual Report, however, the projects were not completed due to riots in the municipal area.
- Table SA9 indicates that 32 964 households have access to formal households while 4 764 resides in informal households.
- The Annual Report specifies that the housing backlogs will be dealt with progressively through a number of programs such as IRDP, UISP, Institutional Subsidy Programme and GAP housing.

Provision of free basic services

- As a response to poverty alleviation, the 2017/18 audited outcomes reflect that 7 400 households received free basic services as prescribed by the national policy.
- Table A10 indicates the Municipality's plan to provide free basic services to 8 300 households in 2019/20 increasing to approximately 9 200 households in 2021/22. This indicates growth in indigent's households and the need to provide additional relief to indigent households.
- SA7 indicates that free basic sanitation, refuse, electricity and water services will be provided to 7 400 indigent households in 2019/120 and this number is expected to remain the same in the two outer years of the 2019/20 MTREF period.

Budget Implications and conclusions

- The 2019/20 draft operating expenditure budget allocates R639.90 million towards trading services (51.3 per cent); electricity distribution receives the majority of this amount, a total of R363.84 million as reflected in Municipality's A-Schedule Table A2.
- Water receives the second highest priority in the operating budget at R117.498 million; followed by waste water management and waste management as reflected in Municipality's A-Schedule Table A2.
- The major capital expenditure planned for 2019/20 amounts to R146.57 million allocated to trading services (63.1 per cent). Of this allocation water management (43.46 million) and waste water management (R41.999 million) receives priority, this is followed by energy budgeted at R33.87 million and R27.23 million for waste management.
- Almost R84.05 million in 2019/20 is earmarked for the social package of services to assist the poor for free basic services such as electricity, refuse removal, water, and sanitation as reflected in Municipality's A-Schedule Table A10.

(2) Potential/Expected Impact of resource allocations

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Potential/Expected Impact of resource allocations

- The allocation towards human settlements is of particular significance given ongoing service delivery protests in the Overstrand Municipal area relating to access to adequate land and housing opportunities.
- The current housing allocation and those in the pipeline is expected to increase access to housing, although it is still not sufficient to meet the demand for housing within the municipal area. Land tenure has the potential to redress the inequalities of the past and serve as a financial tool to improve the economic status of the landowner whilst contributing to the local economy.
- Free basic service allocations will bring much needed poverty relief to indigent households within the municipal area; given that the Municipality has intention to provide free basic services to 8 300 households in 2019/20.

3.3 UTILISING PROCUREMENT PLANNING AS A LEVER TO IMPROVE PLANNING, BUDGETING AND PROCUREMENT STRATEGIES

The alignment between the budgeting and procurement planning process has become increasingly important based on recent statistics within municipalities in terms of the optimal and effective utilisation of their budgets. For this reason, the compilation of a demand plan and procurement plan needs to complement the Integrated Development Plan (IDP), municipal SDBIP, linked to the budget to ensure that funding for the acquisition of goods and services are available.

Procurement planning is becoming a national concern, hence National Treasury issued MFMA Circular No. 94 requiring the Accounting Officer to submit the procurement plan together with the Budget, Service Delivery and Budget Implementation Plan (SDBIP) in an effort to address the weak planning processes, as slow spending of capital budgets has a negative impact on service delivery.

By developing a procurement plan that takes into account environmental and social aspects in addition to traditional economic or financial considerations in conjunction with the demand plan to source items of a strategic nature and where possible source alternate suppliers or alternate commodities.

The purpose of this analysis is to provide a current status of the implementation of a demand management system by illustrating the potential influences procurement planning has on the local economy and citizens by ensuring an alignment between the IDP, budget, SDBIPS and procurement plans and ensuring service delivery objectives are met. Furthermore, to ensure that key socio-economic status indicators are influenced by the procurement planning activities within the Municipality.

In order to ensure maximum citizen impact key projects identified on the procurement plan needs to be prioritised as an effort to improve the delivery of municipal services and impact on the economic status from a citizen focus perspective.

It must be noted that the Municipality reports on its procurement planning processes and activities, listed on the procurement plan, however the spending against planned procurement are not tracked and monitored, hence no analysis could be done in terms of planned and actual figures.

OVERSTRAND MUNICIPALITY
2019 -05- 23

This is indicative that the Municipality needs to implement a monitoring of actual expenditure against planned procurement in order to minimise the delays in procurement.

It must be noted that the Overstrand Municipality has challenges in the following areas which are related to the procurement planning process, i.e.:

- User-departments not adhering to committed timeframes as captured in the procurement plan; and
- Planning challenges by end-user departments and a need for improved monitoring given the capacity constraints.

Procurement planning should be utilised as a strategic tool to drive LED with key linkages and partnerships within the Municipality that draws a nexus between its IDP, budget planning processes that are associated with procurement initiatives. Utilising procurement as a strategic enabler seeks to create an opportunity for role-players to not only engage on the key socio-economic challenges, but more importantly to share experiences which contribute to all stakeholders working together to uplift and grow our communities and grow the local economy.

In view of the above the Provincial Treasury is in the process of putting together a procurement planning toolkit to assist municipalities in the procurement planning process that is aligned to its budget and IDP. From the perspective of the Municipality it is therefore imminent that the Municipality puts in place a stakeholder engagement plan to facilitate such engagements with its Programme and sub-Programme managers. Key linkages with its LED component must also be established to support the procurement planning and an economically sustainable delivery model.

3.3.1 Responsiveness: Main Points and Risks/Findings

- Improved planning by end-user departments to ensure adherence to committed timeframes as captured in the procurement plan;
- Implementation of proper monitoring tool for procurement planning;
- Drive a process of accountability amongst project managers; and
- Utilise the procurement as a lever to positively impact socio-economic challenges.

3.4 SPATIAL ALIGNMENT, RESPONSIVENESS AND PERFORMANCE

With the Overstrand SDF Review process underway, this provides the ideal time to ensure that both a Capital Expenditure Framework and Implementation Plan are included in the SDF. The latter components of an SDF are key to ensuring that SDF's move beyond being visionary/high level documents, to a framework that facilitates the implementation of the principles of spatial justice, spatial sustainability, spatial resilience and efficiency. The implementation of these principles is far more likely to be achieved if the requirements of an IP, which include budgets, targets, dates and required resources, are met as per the planning legislation.

3.5 SPATIAL ALIGNMENT, RESPONSIVENESS AND PERFORMANCE

With the Overstrand SDF Review process underway, this provides the ideal time to ensure that both a Capital Expenditure Framework and Implementation Plan are included in the SDF. The latter components of an SDF are key to ensuring that SDF's move beyond being

OVERSTRAND MUNISIPALITEIT 2019 -05- 23 OVERSTRAND MUNICIPALITY

visionary/high level documents, to a framework that facilitates the implementation of the principles of spatial justice, spatial sustainability, spatial resilience and efficiency. The implementation of these principles is far more likely to be achieved if the requirements of an IP, which include budgets, targets, dates and required resources, are met as per the planning legislation.

SECTION 4: FINANCIAL SUSTAINABILITY

4.1 REVIEW OF THE AUDITED ANNUAL FINANCIAL STATEMENTS

4.1.1 The Financial Health and Performance - year ended 30 June 2018

The assessment of the financial health and performance is an integrated process involving a review of the Municipality's audited annual financial statements and audit report using selected financial ratios/norms. The results of the financial ratios/norms are used to support financial decisions and to identify factors which may influence the financial stability of the Municipality. It is also to enable timely corrective actions where service delivery may be at risk. The assessment is based on the 2016, 2017 and 2018 audited financial years which forms the basis for the 2019/20 budget. The assessment is according to the selected key financial ratios/norms as per National Treasury MFMA Circular No. 71, as submitted by the Municipality. Provincial Treasury has utilised these ratios for making certain assumptions and recommendations that might assist the Municipality to further improve its budget assumptions.

The Financial Performance as per the Audited Annual Financial Statement

Table below provides the financial ratio and norms for Overstrand Municipality.

Table 4: Financial ratios and norms

Financial ratios		Norms	2016 Audited	2017 Audited	2018 Audited	Comments
Asset Management						
1.	Capital Expenditure to Total Expenditure	**10 - 20%**	9.1%	8.5%	9.6%	Ratio results are not within the NT norm. Reflects lower spending on infrastructure and a potential risk to service delivery.
2.	Impairment of Property, Plant and Equipment, Investment Property and Intangible Assets (Carrying Value)	**0.00%**	20.4%	0.2%	0.1%	A declining trend is evident. Root causes to be determined and measures put in place to prevent future impairment.
3.	Repairs and Maintenance as a % of Property, Plant and Equipment, Investment Property (Carrying Value)	**8%**	3.2%	3.3%	4.5%	An increasing trend is evident, however it remains below the NT norm. Significant risk of PPE having reduced useful lives if adequate maintenance is not provided.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Financial ratios		Norms	2016 Audited	2017 Audited	2018 Audited	Comments
Debtors Management						
4.	Bad Debts Written-off as % of Provision for Bad Debt	**100%**	23.6%	5.4%	3.7%	A declining trend is evident. Alignment between provision and write-off as per norm to be targeted.
Liability Management						
5.	Capital Cost (Interest Paid and Redemption) as a % of Total Operating Expenditure	**6 - 8%**	7.4%	7.3%	7.7%	A fluctuating trend is evident. Ratio result remains within the NT norm.
6.	Debt (Total Borrowings)/Revenue	**<45%**	49.9%	49.8%	46.2%	A declining trend is evident. Not within the NT norm. High debt/revenue levels are evident.
Efficiency Management						
7.	Net Surplus/Deficit Refuse	**≥ 0%**	20.6%	3.0%	-1.2%	A declining trend is evident. Ratio results outside of the norm in the 2017/18 financial year. The reasons for the service running at a deficit: The rising cost of refuse removal not taken into account with tariff-setting. This matter to be urgently addressed in the budget to reverse the trend.
Revenue Management						
8.	Revenue Growth (%) - Excluding capital grants	**=CPI** CPI	24.7% 6.4%	7.1% 5.3%	3.8% 4.7%	A declining trend is evident. Below CPI in the 2017/18 financial year, indicative of negative growth.
Expenditure Management						
9.	Creditors Payment Period (Trade Creditors)	**30 days**	21 days	27 days	42 days	An increasing trend is evident taking the ratio outside of the NT norm, which is legislated. Underlying reasons to be determined and rectified to comply with the norm.
10.	Contracted Services % of Total Operating Expenditure	**2 - 5%**	12.0%	15.7%	16.8%	An increasing trend is evident. Not within the NT norm. Underlying reasons to be determined and alignment to norm targeted.
Grant Dependency						
11.	Own funded Capital Expenditure (Internally generated funds + Borrowings) to Total Capital Expenditure	**N/A**	35.3%	53.0%	34.8%	Ratio reveals a significant dependence on grant funding.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Financial ratios		Norms	2016 Audited	2017 Audited	2018 Audited	Comments
12.	Own funded Capital Expenditure (Internally Generated Funds) to Total Capital Expenditure	**N/A**	3.3%	14.3%	16.5%	An increasing trend is evident reflecting an increase in own funding for capital expenditure. High debt level would see would see this funding component increase further.
13.	Own Source Revenue to Total Operating Revenue (Including Agency Revenue)	**N/A**	88.1%	87.5%	88.7%	Ratio is fairly stable and indicates significant portion of own source revenue.
Budget Implementation						
14.	Capital Expenditure Budget Implementation Indicator	**95 - 100%**	90.6%	106.5%	90.2%	A fluctuating trend is evident. The reason for the underspending to be investigated and causes to be factored into budget.

Summary and recommendations

- Repairs and maintenance spending should be considered in light of the Municipality's underspending versus the NT norm.

Asset Management

- Capital spend is below the norm. Spend on repairs and maintenance also below norm and Impairments could be as a consequence of insufficient maintenance of assets.

Debtors Management

- Write-off to be aligned to provision for bad debts.

Liability Management

- Debt ratio to revenue has moved outside norm and interventions required to realign to norm.

Efficiency Ratios

- Deficit in Refuse requires attention. Ratio has shown a significant decline over the period under review. Measures to be put in place to address further decline.

Revenue Management

- Growth below CPI indicative of negative growth.

Expenditure Management

- Creditors' payment period to be aligned to legislated norm. Contracted Services above norm and requires attention.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Grant Dependency

- High dependency on grant funding for capital. Own source operating revenue improvement noted.

Budget Implementation

- Capital underspend to be investigated and factored into budget.

4.2 REVIEW OF THE NEW (2019/20) MTREF

4.2.1 Expected Outcome for Current Financial Year

Purpose: To consider current year and past revenue streams and spending trends that may have an impact on future budgetary provisions.

Table 5: Budgeted Performance against Audited Performance

Source: 2019/20 MTREF Budget 2016/17 and 2017/18 Annual financial Statements and LG Database

Findings, risks and recommendations

The Municipality in aggregate has performed well, with the implementation of the operating budget for the past two audited financial years. The Municipality has been conservative in the Investment revenue and other revenue projections which has resulted in variances in excess of 43 per cent and 32 per cent on average respectively when comparing the adjusted budget to the audited outcome.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The Municipality reported a variance in the 2017/18 AFS for employee costs which could be as a result of having more vacant posts than anticipated as it was already adjusted downwards during that year.

Depreciation recorded over performances in both 2016/17 and 2017/18 financial years. The 2019 MTREF budget projection is not in line with past performances and capital budget in the current and 2019 MTREF years.

In terms of capital budget performance, the Municipality has underspent in 2017/18 by 9.8 per cent and overspent by 6.5 per cent in 2016/17 financial year as reflected in the above table. For the current financial year, the year-to-date for capital expenditure is at 26.7 per cent against the adjusted budget of R174.75 million, which is low given the remaining period in the financial year.

In view of the above findings it is recommended that the Municipality consider current and past spending trends which set the baseline and therefore have an impact on future budgetary provisions.

4.2.2 Budget Overview

Table 6: Budget Overview

Description	2015/16	2016/17	2017/18	Current Year 2018/19			2019/20 Medium Term Revenue & Expenditure Framework

Source: 2019/20MTREF Budget, Main Schedules A1 and A4

Findings

The Municipality has tabled operating deficit budgets caused mainly by non-cash items such depreciation and asset impairment which are decreasing over the MTREF period. The operating deficit reflects a gradual improvement over the MTREF years which is a positive indication of a steady inflow of revenue to be realised. Depreciation is decreasing over the MTREF and is therefore slightly contributing to the decreasing operating deficit over the MTREF.

THE MUNICIPALITY'S BOOK VALUE OF PROPERTY PLANT AND EQUIPMENT (PPE) IS PROJECTED TO INCREASE, ON AVERAGE, BY 1.25 PER CENT OVER THE MTREF PERIOD.

OVERSTRAND MUNICIPALITY
2019 -05- 23
OVERSTRAND MUNICIPALITY

HOWEVER, THE DEPRECIATION AND ASSET IMPAIRMENT BUDGET AMOUNTS SHOWS A GRADUAL DECREASE OVER THE 2019/20 MTREF PERIOD.

Circular No. 55 states that over a medium term, a Municipality should budget for a moderate surplus on its financial performance budget in order to contribute to the funding of capital budget.

DEPRECIATION IS A NON-CASH EXPENDITURE ITEM, WHICH SHOULD BE SUPPORTED BY CASH SURPLUSES TO MAKE PROVISION FOR THE WRITE-OFFS AND REPLACEMENT OF ASSETS IN THE FUTURE. DEPRECIATION SEEMS TO BE PARTIALLY CASH-BACKED FOR THE 2019/20 MTREF.

The operating revenue increases by an average of 8.7 per cent and the operating expenditure by an average of 7.5 per cent over the MTREF therefore resulting in a decreasing trend in operating deficits. The Municipality is commended for driving costs down in relation to an increased revenue margin over the MTREF.

The growth in operating expenditure is still well above the inflation cap over the MTREF. In addition, the increased cost of water and bulk electricity purchase and other infrastructure demands are placing upward pressure on tariffs and causes continuous increases outside the parameters of inflation targets, which is not sustainable. The Municipality is encouraged to explore further efficiencies to reduce the impact on consumers.

4.2.3 Review of the Budget Assumptions

Purpose: To establish whether the budget documents provide minimum information/narratives/explanations to inform/motivate budgetary provisions.

Table 7: Assessment Criteria

No.	Description of the Budget Assumptions
1.	The forecasted CPIX is estimated at 5.2% for 2019/20, 5.4% for 2020/21 and 5.4% for the 2021/22 financial years.
2.	The 2019/20 budget was prepared on a projected revenue collection rate of above 99% of annual billing. Cash flow is assumed to be 99.5% of billings from an increased collection of arrear debt which is in line with current collection rates.
3.	The following principles and tariff increases, based on the cost reflectiveness of the tariffs are proposed: ● Property Rates = 5.7%. ● Electricity = basic levy increases by 17.5% and consumption by 14% (with a free 50 kWh per month to indigent households only, to be taken from the Equitable share). ● Water = Basic levy increase by 5.7% and the first consumption step (0 - 6 kl) 11.5%. ● Sanitation = 5.7% ● Refuse removal = 12.9%.
4.	Cost containment measures were provided for in the budget documentation.
5.	Employment related costs for the entire MTREF period were budgeted at an annual increase of **8.2%** (inclusive of annual notch increases). The Municipality projected an increase of **6.2%** + average notch adjustment for 2019/20.
6.	Bulk electricity purchases are projected to increase by **15.6%**.
7.	The Municipality projected to achieve performance of **99%** on the operational expenditure.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
26
OVERSTRAND MUNICIPALITY

No.	Description of the Budget Assumptions
8.	The municipal social package for free basic services are budgeted for 8 300 registered indigents to be reviewed monthly consist of 6 kl of free water, 50 kWh of electricity per 30-day period, sewer services and weekly refuse removal.
9.	The external loans to be taken up to fund the capital budget over the MTREF period are **R178.30** million excluding roll-over borrowing.

Findings, risks and recommendations

The overall budget assumptions are credible, reasonable and aligned to National Treasury guidelines however the following needs to be considered during the adoption of the final budget:

THE BUDGET DOCUMENT REFLECT TARIFFS INCREASES ABOVE THE INFLATION RATE, WHICH COULD RESULT IN POSSIBLE HIGHER LEVELS OF NON-PAYMENT. THE MUNICIPALITY IS ENCOURAGED TO ENSURE THAT THE PROPOSED TARIFFS REPRESENT A BALANCE BETWEEN AFFORDABILITY AND THE BULK PURCHASES COST AND THE COST OF INFRASTRUCTURE.

THE MUNICIPALITY BUDGETED A 99 PER CENT COLLECTION RATE FOR PROPERTY RATES AND SERVICE CHARGES; DURING THE FINAL ADOPTION OF THE ANNUAL BUDGET. THE MUNICIPALITY SHOULD CONSIDER TO REVIEW ITS COLLECTION RATE AS A PRUDENT MEASURE AGAINST THE BACKGROUND INFLATION TARIFF ADJUSTMENTS. THE PROPOSED ELECTRICITY TARIFF INCREASES WHICH WILL INCREASE BY 14.2 PER CENT AND BASIC LEVY BY 17.5 PER CENT COULD IMPACT ON THE AFFORDABILITY OF THE MUNICIPAL BILL.

Local government is at the forefront of service delivery. It plays a vital role in stimulating and promoting economic growth through fiscal prudence in budgetary planning and implementation, as well as improving governance and financial management. To this end, applying the principles of ***Integrated Management*** continues to shape the **Whole of Government Approach** between all stakeholders to strengthen joint planning and **maximise citizen impact.**

The municipal budget is therefore a key planning document structuring support from all spheres of government to foster the WOSA approach and ensuring maximum citizen impact.

Source: Overstrand A1 schedule

Findings, risks and recommendations

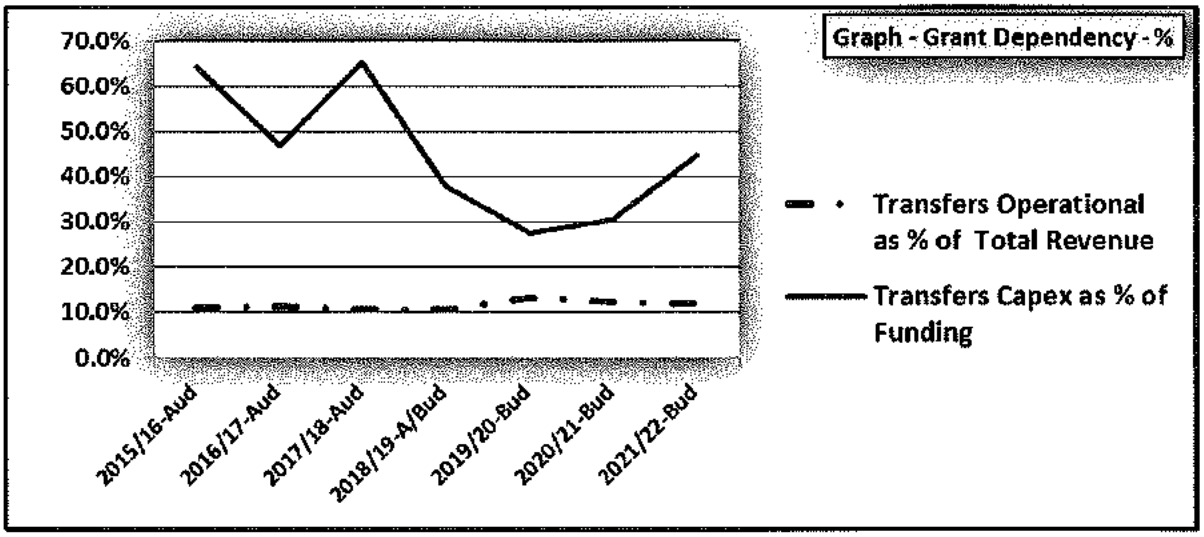

The operating revenue in aggregate shows an increase of 8.7 per cent over the 2019/20 MTREF, however if operating grants are excluded growth from own funds are projected to increase by 8.3 per cent. The most significant components of the operating revenue budget are service charges – electricity (34.1 per cent), property rates (20.6 per cent) and water services (10.2 per cent).

PROPERTY RATES ARE THE SECOND HIGHEST COMPONENT OF THE OPERATING REVENUE BUDGET AND REPRESENT 20 PER CENT ON AVERAGE OVER THE MTREF. PROPERTY RATES REVENUE ARE PROJECTED TO INCREASE BY 2.2 PER CENT FOR 2019/20 COMPARED TO THE 5.7 PER CENT INCREASE IN THE TARIFF. MARKET VALUE WILL INCREASE BY R13.16 MILLION WHILE THE CURRENT YEAR (SA12A) TO 2019/20 (SA12B) REMAIN UNCHANGED FOR ALL CATEGORIES OF CUSTOMERS. THIS COULD INDICATE NO FURTHER DEVELOPMENTS IN THE AREA AS ONLY EXPANSIONS/ADDITIONS ON CURRENT PROPERTIES. CIRCULAR NO. 89 STIPULATES THAT MORE EFFORT IS REQUIRED TO MAXIMISE REVENUE DERIVED FROM PROPERTY RATES. CIRCULAR NO. 93 FURTHER REQUIRES THE SUBMISSION OF THE RECONCILIATION BETWEEN THE GENERAL VALUATION ROLL AND THE FINANCIAL SYSTEM WHICH WILL PROVIDE THE SUPPORT ON PROJECTED INCREASES.

Operating **transfers recognised** account for 13.4 per cent of the total operating revenue which is an indication that the Municipality is self-supporting. The Municipality is commended for its efforts to be self-sustaining to fund own daily operations as depicted in the graph below.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Figure 1: Grant Dependency

Source: Budget Funding Assessment Tool

Electricity is a significant component of the operating revenue budget, representing 34.1 per cent with the revenue growth that is increasing by 9.8 per cent in 2019/20. The tariff increase of 17.5 per cent by the Municipality on the basic charge is above the NERSA's anticipated increases. The Municipality acknowledged the huge increase and cited to mitigate the disparity between fixed and variable costs which were the reason for such tariff increase.

NOTWITHSTANDING THE COST PRESSURE RESULTING FROM THE INCREASED CAPITAL INVESTMENT AND INCREASES IN THE BULK PURCHASES TARIFF, THE MUNICIPALITY MUST TAKE INTO CONSIDERATION THE AFFORDABILITY OF THE POOR/LOW INCOME HOUSEHOLDS, WHO ARE NON-INDIGENT. THE MUNICIPALITY SHOULD CONSIDER TO WHAT EXTENT A PORTION OF THE EQUITABLE SHARE CAN ALLEVIATE THE INCREASE IN BASIC CHARGE TO REDUCE THE IMPACT ON LOW INCOME HOUSEHOLDS. AN EXCESSIVE BASIC SERVICE LEVY MAY RESULT TO MANY HOUSEHOLDS' ELECTRICITY CUT OFF WHEN IMPLEMENTING CREDIT CONTROL AND DEBT COLLECTION INITIATIVES AND CAN ADVERSELY AFFECT THE QUALITY OF LIFE OF CITIZENS.

The current economic climate with a high inflation rate and slow economic growth are continuously exerting pressure on the consumer. In order to assist the community consideration should be given by not overburdening consumers while pursuing municipal financial sustainability.

Water revenue amounts to R118.84 million and constitute 10.2 per cent of the total revenue. It decreased by 4.8 per cent in 2019/20 due to the above inflation tariff rates charged in the previous years. The Municipality is commended for its investment in water sources and infrastructure during the previous financial year which ensures sustainability during the prevailing drought conditions.

The 2017/18 Annual Report highlighted the aging municipal infrastructure as part of the challenges that are faced by Municipality particularly to the provision of water to its communities. The Municipality is applauded for the replacement of the domestic water meters to address the challenge of aging infrastructure. Notwithstanding such efforts the Municipality is advised to monitor the municipal consumption regularly to manage water

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
29
OVERSTRAND MUNICIPALITY

losses. Furthermore, it is important for the Municipality to ring-fence a portion of the surpluses for future expansion or renewing of aging infrastructure.

The average growth of revenue in respect of **Sanitation charges** over the MTREF amounts to 4.7 per cent. The service does not yield a surplus in the current year of 2018/19, however in s in 2019/20 it is projected to cover the full cost of providing the service before transfers by 26.2 per cent due to a significant cut in expenditure (according to A2). It should be noted that the above Table 8 excludes the departmental costs or internal billings.

Waste management revenue will increase by an average of 13.8 per cent over the MTREF with a tariff increase of 12.86 per cent in 2019/20. The Municipal MFMA Budget Circular No. 93 indicates that municipalities should justify increases in excess of the 5.6 per cent and could result in amplified levels of non-payment by the consumers. However, it is noted that the Municipality will revise the solid waste strategy to ensure that this service can be rendered in a sustainable manner over the medium to long-term. The waste management revenue is projected to be increasing throughout the MTREF period, which is aligned to solid waste strategy stated above. Provincial Treasury note the agreement with between the Overstrand and Overberg District Municipality with regards the rendering of Waste Management services by the District Municipality. The Municipality is commended for fostering such partnerships to ensure whole of society approach.

Source: A4 Trading revenue (excl. capital grants), A2 Trading Expenditure and SA 1 – 2019/20 A Schedule

Findings and recommendations

For the purpose of this section the revenue reflected in Table 9 above indicates the municipal services charges revenue which excludes subsidies and rebates. In addition to this, A2 provide the expenditure information less the National Treasury allocation for Cost of Free Basic Services for trading services since it is already exempted on the revenue side.

The above table indicate that all the trading services will generate a surplus in the 2019/20 MTREF. In aggregate the trading services are yielding a surplus of R157.76 million of which electricity is the main contributor indicating that the Municipality is heavily reliant on it as a major revenue source.

Source: Overstrand Municipality, Draft Budget, 2019/20, A1 schedule, A4

Findings and recommendations

The **Operating expenditure** in aggregate increased by 8.09 per cent. Employee related costs (31.89 per cent), bulk purchases (22.11 per cent) and contracted service (16.44 per cent) are the main expenditure drivers for the 2019/20 MTREF.

Employee related costs on average constitute 31.89 per cent of the total operating expenditure budget over the 2019/20 MTREF and projected at the growth rate of 6.2 per cent. The measurement is within the national norm of between 25 - 40 per cent. In view of the current economic outlook, the Municipality is encouraged to promote staff efficiencies to drive down cost of delivering services without affecting quality of service delivery.

Contracted Services amount to R205.15 million in 2019/20 and constitute 16.44 per cent of the total operating expenditure for 2019/20 which is well above the recommend national threshold of 5 per cent. The main contributions of contracted services are contractors (averaging R98.70 million over the MTREF), outsourced services (averaging R93.62 million over the MTREF) and consultants and professional services (averaging R98.70 million over the MTREF) as reflected on SA1.

Depreciation and asset impairment is projected to increase by only 0.71 per cent or R923 thousand for 2019/20 budget, although the Municipality is expanding its infrastructure over the MTREF as per Schedule A9. The depreciation constitutes an average of 10.52 per

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

cent the total operating expenditure budget. It is advised that the Municipality review the projections in line with recommendations made in section: budget overview.

Bulk purchases amount to R275.88 million which constitutes 22.11 per cent of the total operating expenditure budget for 2019/20. The year-on-year increase is 15.63 per cent and the upward pressure is driven by resource scarcity and the ongoing difficulties in the national and local economy.

Repairs and maintenance amount on average to 5.6 per cent of the asset base which is below the national norm of 8 per cent. The Municipality is regressing from the current year percentage of 6.6 per cent, however it has improved when comparing to the most recent audit outcome (2017/18) of 4.6 per cent and is gradually moving towards the norm. As per the guidelines of MFMA Circular No. 55, the Municipality is required to provide a detailed explanations and assurance that the budgeted amount is adequate to secure the on-going health of the infrastructure assets as supported by the asset management plan.

As reflected in A-Schedule SA 1, repairs and maintenance amounts to R195.74 million or 15.7 per cent of the total operating budget of 2019/20 and this indicates a regression when compared to the current year adjustment budgeted amount of R231.96 million. Considering that repairs and maintenance was identified as a strategic imperative for the aging infrastructure, it is imperative for the Municipality to embark on the maintenance performance monitoring strategy on critical infrastructure to identify and prevent systemic failures, particular on those with high cost as well as its impact on core service delivery.

Provincial Treasury noted the Municipality's efforts to critically review its operating expenditure amounts. It is recommended that the Municipality continue to adhere to the cost containment policy which will ensure value for money, curbing non-essential activities and wastages.

4.2.6 Adequacy of Capital Budget

The budget narratives provide sufficient evidence that the 2019/20 MTREF capital budget is informed by the IDP objectives and that Council took cognisance of public involvement of Ward Committees and the community when drafting the budget.

Source: Overstrand Municipality, Draft Budget, 2019/20, A1 schedule, A5

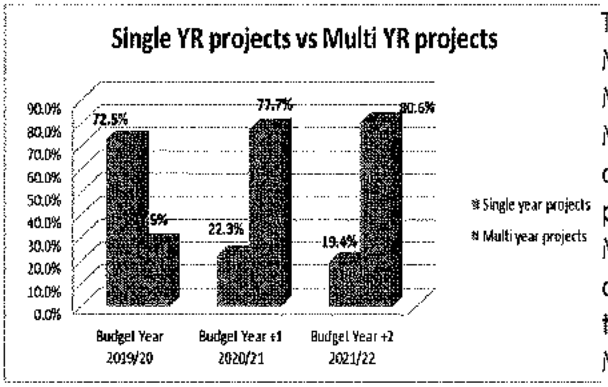

Findings and recommendations

The monthly projected spending is in line with the previous year's trends in terms of the increases during the second half of the financial year as depicted in SA 29, however not in line with current year's performance. The Municipality anticipates to utilise 46.4 per cent of the capital budget by February 2020 which is reasonably higher than the current year expenditure rate of 26.7 per cent as at February 2019. The Municipality achieved an average capital spending of 94.6 per cent over the last four (4) financial years with the lowest percentage of 89.5 per cent being achieved in 2014/15 budget year.

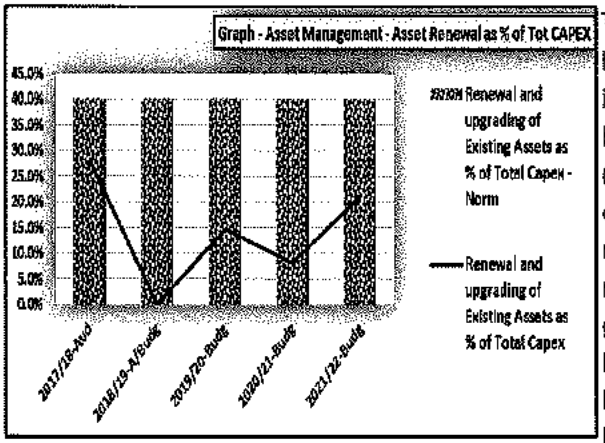

The Municipality has projected to increase its capital budget by 32.9 per cent or R55.56 million in 2019/20 and this is due to increases in trading services, community and public safety and economic and environmental services. Given the substantial increase in 2019/20, the Municipality should put measures in place to mitigate the risk of underspending. It is recommended that procurement processes are started earlier to ensure timeous spending of the capital budget.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

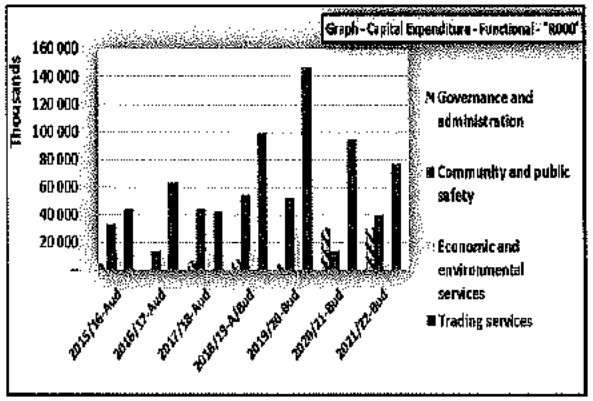

Figure 2: Capital Expenditure

The 2019/20 capital budget indicates that the Municipality incorporate section 16(3) of the MFMA into the budgeting process, as the Municipality allocated 61.9 per cent of capital budget allocation for multi-year projects over the 2019/20 MTREF. The Municipality is encouraged to maintain the appropriation of large capital budgets for three financial years, thus enabling the Municipality to improve on their planning and initial procurement processes for capital projects.

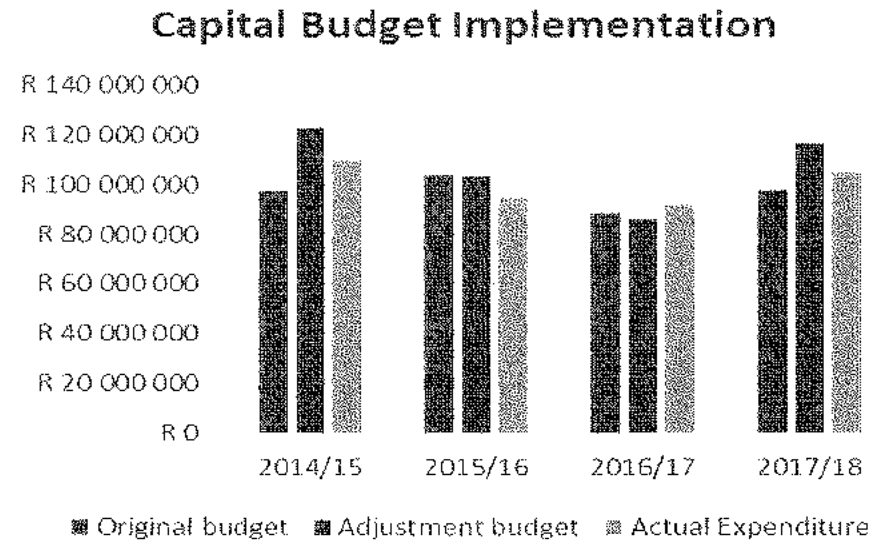

The allocated budget to secure the on-going health of the Municipality's existing infrastructure is low and the Municipality has budgeted an average of R7.08 million (4.1 per cent) and R18.84 million (10.8 per cent) of the total capital budget for the renewal and upgrade of existing assets respectively, which is below the national guideline of 40 per cent as per MFMA Circular No. 55. In the current year (2018/19) the Municipality did not separate its capital budget between upgrading and renewal of assets as reflected in A-Schedule A9. Asset maintenance is one of the key strategic planning factors of the budget, however performance remains below the NT norms outlined in Circular No. 55. This may indicate that future rate payers may carry the burden of current rate payer.

The Municipality allocated 63.1 per cent of the capital budget towards trading services which is revenue generating assets. It is thus evident that the capital budget of Overstrand Municipality is largely vested in trading services. The Municipality has tried to evenly distribute the budget of trading services across the different services with water management making up 18.7 per cent of the budget and waste water management making 18.1 per cent. The lowest allocation was for waste management with an allocation of 7.7 per cent of the trading services budget.

OVERSTRAND MUNICIPALITY

Figure 3: Capital Budget Implemented

Source: Overstrand Municipality, LG Database, Draft Budget, 2019/20, A1 schedule, A5

Findings and recommendations

Capital Funding

CAPITAL GRANTS AMOUNTS TO AN AVERAGE OF 27.6 PER CENT OVER THE 2019/20 MTREF CAPITAL BUDGET, INDICATING A SLIGHT DEPENDENCY ON CAPITAL GRANTS AND SUBSIDIES. NO UNSPENT CONDITIONAL GRANTS WERE REPORTED IN THE 2017/18 AUDIT OUTCOME REPORT WHICH IS COMMENDABLE. HOWEVER, FOR THE CURRENT YEAR THE MUNICIPALITY ONLY SPENT 13.7 PER CENT OF ITS CONDITIONAL CAPITAL GRANTS AS AT 28 FEBRUARY 2019 WHICH IS A CONCERN. THE MUNICIPALITY IS CAUTIONED AGAINST A SLOW SPENDING RATE AS IT WILL RESULT IN RETENTION OR WITHHOLDING OF CONDITIONAL GRANTS SHOULD THEY NOT BE FULLY SPENT BY THE END OF THE FINANCIAL YEAR.

The Municipality intends to take up external borrowings of R178.30 million over the MTREF and rolled over borrowing amounts to R14.70 million resulting in total borrowings of R193.01 million over the MTREF. The gearing ratio for the 2019/20 financial year is above the 45 per cent norm as prescribed by National Treasury in Circular No. 71. The Municipality to take into cognizance the impact of the additional borrowings and the pressure it will put on the tariffs that can result to affordability challenges by citizens given the current economic pressures. Furthermore, it has been noted that the other capital expenditure amounting to R156.39 million is funded from internally generated funds over the MTREF.

4.3 ESTABLISH THE LEVEL OF FUNDING THE BUDGET

4.3.1 Table A4 – Surplus/Deficit

The purpose is to assess the overall credibility of the budget in terms of surplus/deficit. Based on a comparison between the A4 (Financial Performance) and the A7 (Cash flow Statement) (supporting Schedule SA30) the Municipality reported an operating deficit over the MTREF period and a positive budgeted cash flow. The A4 (Financial Performance)

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Indicated a deficit of R20.30 million (2019/20), R33.06 million (2020/21) and a surplus of R28.74 million (2021/22). The A7 (Budgeted Cash Flow) indicated a surplus of R459.54 million (2019/20), R437.07 million (2020/21) million and R425.21 million (2021/22).

Revenue projections as extracted from A4 and A7 and depicted in the table below, reflect that the anticipated collection rate for property rates and service charges averages 99.6 per cent over the MTREF, however the collection rate from other revenue is much lower at an average rate of 78.3 per cent over the MTREF. This is largely influenced by the projected revenue collection of fines which is 11.5 per cent projected for 2019/20 which is not in line with trends outlined on page 32 of the AFS stating 37 per cent.
Refer to Impairment for traffic fines, resulting from the implementation of IGRAP1

The collection rate on pg.37 of the AFS is the average annual collection rate (% fines collected in total over a three year period) as opposed to the projected annual collection rate, i.e. fines collected in 2019/20 iro fines issued in 2019/20.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

4.3.2 Financial Position

Purpose

To undertake an assessment of the overall credibility of the budget funding (Table A6) and to establish the working capital requirements.

The table below depicts Ratio Analysis with Trends over the MTREF:

Table 13: Ratio Analysis

	2017	2018	2019	2020	2021	2022
Cash/Cost Coverage Ratio (Excl. Unspent Conditional Grants)	4 Months	6 Months	6 Months	5 Months	4 Months	4 Months
Current Ratio	2.25	2.91	3.07	2.56	2.40	2.60
Capital Cost (Interest Paid and Redemption) as a % of Total Operating Expenditure	7%	8%	7%	7%	7%	7%
Debt (Total Borrowings)/Revenue	50%	46%	48%	49%	46%	42%

Financial Position

The analysis of Table A6 (Budgeted Financial Position) indicates that the Municipality has reported positive working capital that demonstrates that it has enough funds to meet its short-term liabilities over the MTREF period. Table A8 below demonstrates that the Municipality has budgeted to achieve a positive working capital over the MTREF period. Upon analysing, it has been noted that the prior financial reveals that the Municipality had unspent grants amounting to R21.9 million and R6.5 million in 2015/16 to 2017/18 financial years. The Municipality has not budgeted for unspent conditional grants over the MTREF period as reflected in the below table. The Municipality is advised to reconsider its projections on the Table A8 on the disclosure of the unspent grants since they affect the calculation of the working capital.

Noted

FINANCIAL SERVICES

Cash and cash Equivalents

The Municipality continued to budget for a positive cash and cash equivalents throughout the MTREF financial years of R459 million; R437 million and R425 million for 2019/20, 2020/21 and 2021/22 respectively as reflected in Table A6, A7 and A8. Although the Municipality showed a decrease of its cash and cash equivalents over the MTREF budget, it depicts that it is sustainable.

Current Ratio

Table 13 shows that the Municipality's budgeted current ratio shows a fluctuating performance that is above the National Treasury Norm of 1.5 to 2.1. The budgeted current ratio is reported to be 2.56; 2.40 and 2.60 for the 2019/20, 2020/21 and 2021/22 years respectively. This ratio indicates that the Municipality has adequate financial resources to

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

settle its short-term debts. This is also an indication that the Municipality is not exposed to any liquidity risk.

Cash Cover Ratio

The cost coverage ratio continues to be above the NT Norm of between 1 - 3 months. The Municipality reflects a budgeted cost coverage of 5 times 2019/20; and 4 times in both 2020/21 and 2021/22. This indicates that the Municipality has sufficient cash resources to meet at least its monthly fixed operating commitments from cash and short-term investment without collecting any additional revenue, during that month. This clearly shows that the Municipality's cash and cash equivalents are improving year on year over the MTREF period.

Debt (Total Borrowings) to total Operating Revenue

The ratio is budgeted to improve from 49 per cent in the 2019/20 financial year to 42 per cent in the 2021/22 financial year and indicates that the Municipality still has the capacity to take increase funding from borrowings in 2021/22 financial year, however, this should be considered within the cash flow requirements of the Municipality. The ratio in both financial years 2019/20 and 2020/21 are above the National Treasury norm of 45 per cent except for 2021/22 financial year. Although the Municipality will generate adequate revenue and cash from its operations to service the additional debt, it should be noted any additional loans that will be taken must be considered in lieu of other factors that will have an impact on the Municipality's cash flow pressure. The Municipality is advised to ensure that any additional loans taken over time do not result in a ratio that is above the acceptable norm of 45 per cent.

Capital Cost (Interest Paid and Redemption/Total Operating Expenditure)

The Municipality reported capital cost of 7.4 per cent, 7.4 per cent and 7.3 per cent which are in line with the National Treasury Norm of 6 - 8 per cent over the MTREF period. This ratio indicates that the Municipality has capacity to take on additional financing from borrowings to invest in infrastructure projects. Emerging from the reported cost of capital ratio, the Municipality should be cautious not put its revenue under pressure since the ratio is close to the limits set up by National Treasury.

4.3.3 Cash and Borrowings

Purpose: To undertake an assessment of the overall credibility of the budget funding (Table A7) and of the projected cash and cash equivalents over the MTREF.

The Municipality will be taking borrowings amounting to R89 million for 2019/20; R54 million for 2020/21 FY and R50 million for 2021/22 to fund capital expenditure as reflected in A5. This reflects a year on year increase of 179 per cent in 2019/20 and 66 per cent in 2020/21 and a decrease of 7 per cent in 2021/22.

Source: Overstrand Municipality, Draft Budget, 2019/20, A1Source: Annual Budget Schedule A8

The Municipality has taken into consideration the required applications against the cash and cash equivalents as reflected above except for the unspent grants and other provisions such as long service awards, rehabilitation of sites, and post-employment health benefits. The Municipality reported short term portion of the unspent grants of R3.6 million; provisions of R26.1 million as reflected in the 2017/18 AFS. It has been noted that the amount for provision includes rehabilitation, long service awards, leave pay, bonuses and gratifications. Although the Municipality have not included these applications the budget remained funded and sustainable over the MTREF period. Therefore, the Municipality is advised to take into cognisance all the required application in line with the MFMA Circular No. 42 and No. 74 as well the Municipality's Funding Reserves, and Provision Policy during its final MTREF budget adoption.

Noted, clarification required.

FINANCIAL SERVICES

4.4 SUSTAINABILITY OVER 2019/20 MTREF

4.4.1 Service Delivery, Financial and Operational Sustainability and Asset Management

The Municipality's cash flow statement and the cash backed reserves for the outer two years indicate that the budget is sustainable and that the principles of multi-year budgeting over the MTREF are applied.

Source: Overstrand Municipality, Draft Budget, 2019/20, A1Source: Annual Budget Schedule SA10

Findings

The cash at year end versus employee and supplier payments shows a decrease from 5.1 times in 2019/20 to 4.1 times in 2021/22. The purpose of this ratio is to measure if the Municipality is able to meet its monthly payments when they fall due or an unexpected disaster threatens revenue collection. The ratio indicates that the Municipality have sufficient cash to operate over 4 months should no revenue be generated.

The Capital payments % of capital expenditure ratio assessed the extent to which budgeted capital expenditure will be spent during the budget year and the Municipality projected to spend 100 per cent. However, the past trends indicate an aggregated spending of 94.6 per cent since 2014/15 to 2017/18 as per the audited AFS, therefore it is noted with concern that the Municipality will achieve the target considering the historical trends.

The Borrowing as a % of capital expenditure (less transfers, grants and contributions) it has been noted that the Municipality's capital budget will be financed more from borrowings representing 38.33 per cent of the total capital expenditure, which implies that the Municipality is grants dependent to finance its capital expenditure over the MTREF period.

4.4.2 Service Delivery, Financial and Operational Sustainability and Asset Management

- The tabled municipal Budget is credible, sustainable and funded however the following should be considered with the finalisation of the final budget for adoption:

- The current economic climate continuously exert pressure on the consumer and it is important that all levels of government partner to ensure maximum citizen impact. Through this initiative, the Municipality should strike a balance between affordability (lessen the burden on consumers) while still safeguarding municipal sustainability.

- The Depreciation budget is declining over the MTREF and should be supported by cash surpluses to make provision for the write-offs and replacement of assets in the future.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- Asset maintenance is one of the key strategic planning factors of the budget, however performance remains below the NT norms outlined in Circular No. 55. This may indicate that future rate payers carry the burden of current rate payer.
- Repairs and maintenance amount to R195.74 million or 15.7 of the total operating budget of 2019/20 and have regressed from the current year adjustment budget amount of R231.96 million. The Municipality should further endeavour to do formal maintenance performance monitoring on critical infrastructure in order to identify and prevent systemic failures, particular those that have high cost and high impact on core service delivery.
- Staff efficiencies should be promoted to drive down cost of delivering services without compromising quality of service delivery.
- Slow spending on current grants may result in retention or withholding of grants and delay service delivery.
- Own funds contributed to capital investment should be monitored as a portion will be funded by current operations.

4.4.3 Forecasting and Multi-Year Budgeting

On assessment of supporting Tables SA25 to SA30 it is evident that Overstrand has taken into account seasonal fluctuations as well as making provision for budgeting for multi-year projects.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

SECTION 5: KEY FINDINGS, RISKS AND RECOMMENDATIONS

The Municipality has exercised strict financial discipline and maintained a funded financial position. This section outlines the main points and risks/recommendations based on the LG MTEC Assessment. In adopting the 2019/20 MTREF budget, the following potential risks and recommendations need to be carefully considered:

Responsiveness:

- The 2018 Socio-Economic Profile of the Overstrand Municipality indicates that the Overstrand municipal area has a wide array of socio-economic challenges which is also documented in the Municipality's draft reviewed IDP.
- Reconciliation of the Strategic objective to the IDP sees strategic objective "the provision of Basic Services and Infrastructure" receiving top priority in the total expenditure budget. However, the reconciliation of the strategic objectives (capital expenditure) mirrors an upward shift of the strategic objective Good Governance over the MTREF.
- Both the provincial and municipal spend prioritises economic infrastructure as a lever to promote economic growth.
- In terms of investment in social infrastructure; allocation towards human settlements is of particular significance given ongoing service delivery protests in the Overstrand Municipal area relating to access to adequate land and housing opportunities.
- The 2019/20 MTREF Municipal Budget indicates the intention by the Municipality to provide basic services to formal households, informal households and households in invaded land.
- Institutionalised demand and procurement planning within the senior management's key performance indicator (KPI) to measure the performance of each departments' projects/contracts. This will encourage the adherence to committed procurement dates by user departments.

ROCHELLE

- Drive a process of accountability amongst project managers by means of monthly performance management meetings.
- Implementation of an effective monitoring tool to address the procurement planning processes against the planned versus the actuals.
- The Municipality must ensure that key linkages with its LED component is established to support the procurement planning and an economically sustainable delivery model.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

Credibility:

The tabled municipal Budget is credible, sustainable and funded however the following should be considered with the finalisation of the final budget adoption:

- Local government is at the forefront of service delivery. It plays a vital role in stimulating and promoting economic growth through fiscal prudence in budgetary planning and implementation, as well as improving governance and financial management. To this end, applying the principles of Integrated Management continues to shape the Whole of Government Approach between the Western Cape Government and Western Cape Municipalities to strengthen joint planning and maximise citizen impact.

- External pressures such as lower than anticipated national tax collection; an increasing public-sector wage bill and an increasing debt to GDP ratio will lead to projected larger fiscal deficits and higher government debt, amid the slower growth, a weaker rand and higher inflation. In addition, municipal risks include the rising cost of delivering services, impact of the economy on revenue raising capabilities, the prevailing drought, fire and climate change, the extent of crime and risks to infrastructure delivery.

- It is therefore imperative that these economic, service delivery and budgetary risk forms an integral part of planning and also budgetary projections made by the Municipality.

- Fiscal discipline is imperative in our current economic climate and therefore the Municipality should continue to exercise sound financial management. The Municipality is commended for building reserves and for continuously finding a balance between addressing the need within the available resources resulting in a funded budget over the MTREF amid the persistent fiscal constraints.

The Municipality is further encouraged to consider the following:

- The current economic climate continuously exert pressure on the consumer and it is important that all levels of government partner to ensure maximum citizen **impact**. Through this initiative, **the Municipality should strike a balance affordability (lessen the burden on consumers)** while still safeguarding municipal sustainability. It is against this backdrop that the Municipality should review increasing tariffs outside the parameters of inflation versus the needs of infrastructure and cost of bulk purchases.

- Asset maintenance is one of the key strategic planning factors of the budget, however performance remains below the NT norms outlined in Circular No. 55. This may indicate that future rate payers carry the burden of current rate payer.

- The depreciations budget amount is reducing over the MTREF which are contributing to the reduced operating deficit. This amount should be supported by cash surpluses to make provision for the write-offs and replacement of assets in the future.

- Repairs and maintenance amount to R195.74 million or 15.7 of the total operating budget of 2019/20 and have regressed from the current year adjustment budget amount of R231.96 million. The Municipality should further endeavour to do formal maintenance performance monitoring on critical infrastructure in order to identify and prevent systemic failures, particular those that have high cost and high impact on core service delivery.

- **MIKE**

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

- Own funds contributed to capital investment should be monitored as a portion funded by current operations. The gearing ratio is within the norm however still high. Additional loans over the MTREF coupled with the high tariff increases in 2019/20 could impact on the affordability.

- Slow spending on current grants may result in retention or withholding of grants and delay service delivery. This should also be considered as a commitment in schedule A8 if the Municipality foresee to unspent grants.

- Staff efficiencies should be promoted to drive down cost of delivering services while continuously delivering services at a sustainable level.

- The Municipality should take into cognisance the budgeted unspent grant when reviewing the final budget unless there is absolute assurance that it will spent all the conditional grant allocations.

- The continuous improvements of its cash flow to maintain the positive financial position.

- To maintain and improve on its current a, liquidity and cash coverage ratio beyond the MTREF period to maintain its sustainability.

- The taking on of the borrowings over the MTREF will put more pressure on the tariffs to be outside the inflation parameters and can result to unaffordability for consumers and are not sustainable for a long period. When considering the tariff increases to recoup the repayments of loans, a financial outlook that is exacerbated by fiscal constraints should be taken into account.

- Other provisions and employee benefits were omitted as part of the application to be set of against the cash and cash equivalents and based on the historical trends the Municipality has provided for the omitted line items stated above. This have an impact of the available funds to the Municipality. The Municipality should consider the inclusion of the other provisions in the final budget.

OVERSTRAND MUNICIPALITY

SECTION 1: INTRODUCTION

An Integrated Development Plan (IDP) is the principal strategic planning instrument which guides and informs all planning and development, and all decisions with regard to planning, management and development in a municipality. An IDP provides the strategic direction for all the activities of a municipality over five years linked to the council term of office.

Each municipal council must annually review and may amend the IDP of the municipality. Should the review process determine that an amendment is required, municipalities are to follow the process as stipulated in Regulation 3 of the Local Government: Municipal Planning and Performance Management Regulations of 2001.

The 2019/20 IDP review of the IDP of Overstrand Municipality (the Municipality) is the second of the 2017 - 2022 IDP. The 2019/20 IDP review approach takes into consideration the assessment of the performance measurements of the Municipality and to the extent that changing circumstances so demand.

This report encapsulates comments by various sector departments including the Departments of Agriculture; Cultural Affairs and Sport; Community Safety; Health; Human Settlements; Local Government, Social Development; Water and Sanitation; and Western Cape Education Department.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

SECTION 2: INTEGRATED PLANNING ANALYSIS

2.1 IDP OVERVIEW

The Municipality followed a process of reviewing their 2017 - 2022 IDP in line with the Local Government Municipal Systems Act 32 of 2000 MSA. The Municipality has also received a clean unqualified audit opinion for the 2017/18 financial year.

The 2019/20 Draft Reviewed IDP reflects an in-depth socio-economic analysis of the municipal area. The Municipal Socio-Economic Profile (SEP-LG) indicates that Overstrand currently has a population of 102 024, rendering it the second largest municipal area within the Overberg District. This total is estimated to increase to 115 121 by 2024 which equates to a 2.0 per cent average annual growth rate. The estimated population growth rate of the Municipality is therefore below the estimated population growth of the Overberg of 2.6 per cent over the same period. The increased population growth will place increased pressure on the municipal resources to develop new as well as maintain existing infrastructure.

The 2019/20 Draft Reviewed IDP reflects that Zwelihle (wards 5, 6 and 12), has the largest population in the Municipality, totaling 23 097 residents as projected for 2018 projection. During 2018 the Zwelihle area experienced land invasions resulting in an estimated 5 000 population increase in the area. Therefore, the 2018 projected population of 23 097 for Zwelihle excludes the estimated 5 000 population increase due to land invasions. The municipality aims to provide water and sanitation services where land invasions occurred within funding available.

The 2019/20 Draft Review IDP reflects that the top three main reasons for moving to the Municipality were to look for paid work (2.47%), followed by retirement (1.77%) and moving as a household with a household member for health (1.65%).

The on-going In-migration into the Municipality will place increasing demands on the infrastructure and available space for urban growth. The increased urban footprint in the area needs careful management as it could have a negative impact on the natural environment.

2.2 MUNICIPAL INFRASTRUCTURE

2.2.1 Basic Service Provision

The 2019/20 Draft Reviewed IDP reflects that the Municipality provides the status of basic services and all the urban and informal areas of the Municipality have access to at least a basic refuse removal service. No refuse removal service exists in the rural areas and farming communities, however, all the rural areas have access to drop off facilities and landfill sites.

The 2019/20 Draft Reviewed IDP also reflects formal and informal settlements in the urban areas of the Municipality have access to at least basic water and sanitation services, however, there are still small backlogs in terms of water and sanitation services in the rural areas of the Municipality. The National Strategic Framework for Water Services reflects that farm owners are water services intermediaries, and are therefore responsible for the provision of water services to people living on their property. This provision is also included in the Overstrand Water Services bylaw.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The 2019/20 Draft Review IDP also indicates that water and sanitation services are provided where land invasions occurred, however, this is provided within budget constraints. The Municipality also reflects that there is an electricity services backlog, but is addressed in the 5-year housing plan.

2.2.2 Municipal Infrastructure Planning

During the Technical Integrated Municipal Engagements held in February 2019, the Municipality was requested to submit a 3-year Infrastructure Capital Plan and Financial Plan which should be based on a development forecast, but also aligned with the Spatial Development Framework and growth plans per town within the Municipality. The plan should also show integration between human settlements and other infrastructure and services grants i.e. Human Settlements Development Grant, Municipal Infrastructure Grant as well as counter funding from the Municipality.

It is recommended that:

- The Municipality include a 3-year Infrastructure Capital Plan and Financial Plan, which is based on a development forecast and is also aligned to the SDF, for each town, in the Final Reviewed IDP.

2.2.3 Energy

The Western Cape Government and City of Cape Town conducted an assessment of the likelihood of load shedding for the remainder of 2019 and beyond. This assessment was based on the input of various experts and energy documents

The factors that will influence whether load shedding take place include the ability of existing power plants to produce power, insufficient diesel for diesel-fired power plants, Eskom's financial situation, Eskom's generating capacity, the supply and availability of coal and a growth in demand should the economy grow.

In assessing each of these factors and weighing them up as a whole, the Western Cape Government is of the view that during 2019, its residents and businesses should prepare for stages 1 - 2 of load shedding during winter. This could increase to stages 3 - 4 if there are one or more unplanned events (such as an unplanned outage at one or more plants or labour disruptions). There is a lower likelihood of load shedding in summer, but it can still occur as a significant portion of the fleet is removed for planned maintenance.

Whether the risk of load shedding continues into 2020 depends on what happens with the various factors outlined above. The expectation is that due to Eskom's aging infrastructure and decommissioning of coal-fired plants, load shedding will continue for the next 3 - 5 years.

It is recommended that:

- In line with the resolutions of the Premier's Coordinating Forum held on 25 February 2019, all municipalities should ensure that Municipal Emergency Preparedness Teams are put in place and that the Pre-Incident, Incident and Post-Incident Plan are developed. Furthermore, all municipalities are encouraged to commence with the development of necessary regulatory frameworks that would facilitate them deriving value from the opportunities posed by the current energy crisis.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

2.2.4 Transport and roads

The 2019/20 Draft Reviewed IDP reflects on the approved Integrated Transport Plan (ITP) for the Municipality which was approved in 2012, and reviewed in March 2013. The 2019/20 Draft Reviewed IDP also reflects that the District Municipality has an approved District Integrated Transport Plan (DITP), which was facilitated through the Overberg District Municipality. The DITP incorporates the transport needs of all local municipalities in the Overberg District, (including Overstrand), as well as the infrastructure projects relating to the upgrading and maintenance of roads.

2.3 HUMAN SETTLEMENTS

The 2019/20 Draft Reviewed IDP includes a comprehensive progress report on the delivery of housing projects for the last seven years, which demonstrates the Municipality's continuous commitment towards addressing the housing backlog. The 2019/20 Draft Reviewed IDP furthermore includes a complete housing pipeline, which considers a range of programmes, as well as a detailed budget breakdown per project. However, this should be aligned with business plan commitments as received from Department of Human Settlements.

The 2019/20 Draft Reviewed IDP reflects that Overstrand experienced high in-migration, as well as a high population growth rate, and securing new land parcels for future human settlement development is therefore imperative.

2.4 DISASTER MANAGEMENT

2.4.1 Institutional Capacity

The 2019/20 Draft Reviewed IDP indicates there is insufficient budget and capacity for disaster management and was communicated in the previous assessment. Upon commencement on implementation of the Disaster Management Amendment Act (2015), Section 43 has been amended to include distinct obligations on local municipalities to establish and institutionalise capacity to develop and co-ordinate disaster management plans and the implementation of a disaster management function within the municipality.

2.4.2 Risk Reduction Planning

The Provincial Disaster Management Centre recently completed a Disaster Risk Assessment for the Municipality which identifies all the hazards and disaster risks prevalent in the area. The draft 2019/20 Reviewed IDP reflects that risk reduction programmes have been implemented, however no details are reflected.

2.4.3 Preparedness

The 2019/20 Draft Reviewed IDP mentions the approved 2018/19 disaster management plan, which was approved by Council. Disaster Management linkages are provided as per the relevant IDP objectives and the Disaster Management Plan is also attached to the 2019/20 Draft Reviewed IDP.

It is recommended that:

- It is recommended that the Municipality reflect in the 2019/20 Adopted IDP the high risk hazards identified in the 2018/19 Disaster Risk Assessment report.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

2.5 LOCAL ECONOMIC DEVELOPMENT

The 2019/20 Draft Reviewed IDP reflects that the Local Economic Development Strategy was initially adopted in 2007 and a review done in the 2017/2018 financial year. LED strategies form part of and is aligned with the Spatial Development Framework. The Municipality also has an approved Growth and Development Strategy, which is currently being reviewed.

The 2019/20 Draft Reviewed IDP reflects that economic growth is supported by the three top performing sectors i.e. Finance, Insurance, real estate and business services 24.3%, Wholesale and retail trade, catering and accommodation at 19.2%, and Manufacturing 14.7% respectively.

The 2019/20 Draft Reviewed IDP reflects that economic growth is stronger in sectors that do not provide the greatest employment opportunities such as the services sector. Slow growth is experienced in sectors such as manufacturing and construction and can be improved by ensuring that the Municipality attracts the right industries in the area to avoid jobless growth. The poverty headcount reflected in the 2019/20 Draft Reviewed IDP, shows that the number of poor people within the Municipality increased from 1.0% of the population in 2011 to 1.6% in 2016. The increasing poverty headcount is a concern as it may strain municipal financial resources.

2.6 SOCIAL SERVICES AND RELATED PROGRAMMES

2.6.1 Education

The 2019/20 Reviewed Draft IDP reflects that the literacy rate in the Municipality was recorded at 87.5 per cent in 2011, which is higher than the average literacy rates of the Overberg District at 81.1 per cent and the rest of South Africa at 80.9 per cent, but on par with the Western Cape at 87.2 per cent.

Learner enrolment in the Municipality increased by 2.2 per cent from 11 436 in 2015 to 11 696 in 2016 and increased at a higher rate of 4.4 per cent to 12 211 learners in 2017. This could be attributed to a number of factors including demographics and socio-economic context.

The 2019/20 Draft Reviewed IDP reflects that due to the tough economic climate, schools have been reporting an increase in parents being unable to pay their school fees. Nevertheless, the proportion of no-fee schools has remained at 70.6 per cent between 2015 and 2017.

2.6.2 Community Safety

The 2019/20 Draft Reviewed IDP reflects that the Municipality has an approved Community Safety Plan that incorporates Traffic, Law Enforcement and Fire Services and also formed a Municipal Community Safety Forum that meets annually.

2.6.3 Culture Affairs and Sport

The 2019/20 Draft Review IDP reflects that there is a need for mobile libraries services in some wards and it is noted that the Kleinmond and Hawston libraries received funding for upgrading during the 2018/19 financial year.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

The 2019/20 Draft Reviewed IDP reflects efforts to provide sports and recreation for all its inhabitants including people with disabilities.

2.6.4 Social Development

The 2019/20 Draft Reviewed IDP reflects that the municipality has a key social development role to play through designing an integrated and holistic approach that recognizes the special needs of vulnerable groups, i.e.: children, youth, women, people with disabilities, the elderly and people infected and affected by HIV/AIDS. Ensuring that these vulnerable groups have access to services and opportunities are particularly important from a social development perspective. The 2019/20 Draft Reviewed IDP reflects that the Local Economic Department assists the youth through the creation of employment opportunities and skills development projects and regular community outreach programmes in communities.

2.6.5 Thusong Programme

The Municipality reflects the Thusong programme which is owned and managed by the Municipality. The 2019/20 Draft Reviewed IDP reflects that 25 647 government services and information was accessed by citizens during the 2018/19 financial year. An emergency Thusong Outreach took place 3 - 4 October 2018 in Zwelihle and 2 426 government services and information was accessed by citizens. With an unemployment rate of 16.6 per cent, programmes such as the Thusong are important to assist with increased access to government services, opportunities and information.

It is recommended that:

- The Municipality should partner with the Department of Local Government in expanding the basket of services to include additional economic and social development programmes.

2.7 INSTITUTIONAL DEVELOPMENT AND TRANSFORMATION

2.7.1 Organisational Structure

Institutional capacity and development coupled with transformation, are critical for implementing any strategic plan. Institutions are the primary facilitators of social and economic development. They have an important redistributive role to play in making allocation of resources and the protection of the under privileged.

In terms of the Appointment and Conditions of Employment of Senior Managers Regulations, 2014, the organisational structure of each municipality needs to be reviewed after the adoption of an IDP. The 2019/20 Draft Reviewed IDP reflects the annual review of the organisational efficiency and improvement, as well as the necessary amendments to the organisation structure.

2.7.2 Key Institutional Challenges and Risk Impact on IDP Implementation

The 2019/20 Draft Reviewed IDP reflects that an organogram for the municipality has 1 165 posts as at the end of January 2019. 109 posts were vacant at the end of January 2019, resulting in a vacancy rate of 9 per cent. The 2019/20 Draft Reviewed IDP also reflects that Municipality's current Employment Equity Plan covers the period 1 July 2014 till 30 June 2018.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

2.8 PUBLIC PARTICIPATION

The Municipality has two distinct structures through which formalised public participation with its communities takes place i.e. Ward Committees as well as the Overstrand Municipal Advisory Forum.

The 2019/20 Draft Reviewed IDP reflects that the Municipality managed to implemented and maintain a successful ward committee system in all wards since 2003. Ward committees are acknowledged and respected as official public participation structures of the Municipality. An average number of nine meetings which are open to the public, per ward committee are held per annum. The meetings include four quarterly statutory report back meetings. The 2019/20 Draft Reviewed IDP also reflects the approval of a Public Participation Policy in September 2016.

OVERSTRAND MUNISIPALITEIT
2019 -05- 23
OVERSTRAND MUNICIPALITY

SECTION 3: CONCLUSION

The 2019/20 Draft Reviewed IDP conforms with all the requirements as stipulated in Section 26 of the MSA. The strategic trajectory of the Municipality remains unchanged and reflects adequate alignment with the global, national, provincial, district and local policy directives. The Municipalities strategic goals and objectives which give effect to the Municipality's vision and mission.

The 2019/20 Draft Review IDP includes the draft Top Layer Service Delivery Budget Implementation Plan, which includes the prescribed key performance indicators, and targets, aligned to the Municipality's strategic objectives and strategic goals, however, it would be advisable if the Municipality could link the budget to community priorities, to enhance citizen participation.

How does the socio-economic reality inform the IDP?

Chapter 2 in the 2019/20 draft reviewed IDP takes cognisance of the socio-economic issues facing the Municipality.

In summary Overstrand Municipality is characterised by:

- Increased population growth;
- Population growth exceeds economic growth;
- Increased need for low cost and affordable housing and land for said housing development (* land invasions and protest action);
- Increased need for socio-economic facilities (e.g. education facilities due to increased 2019 learner enrolment);
- 32.7 per cent of households fall within the low income bracket (implications for affordability of municipal services and long term financial sustainability of municipality).

Integrated Development Planning

Thusong Programme

"The Municipality reflects the Thusong programme which is owned and managed by the Municipality. The 2019/20 Draft Reviewed IDP reflects that 25 647 government services and information was accessed by citizens during the 2018/19 financial year. An emergency Thusong Outreach took place 3 - 4 October 2018 in Zwelihle and 2 426 government services and information was accessed by citizens. With an unemployment rate of 16.6 per cent, programmes such as the Thusong are important to assist with increased access to government services, opportunities and information.

It is recommended that:

The Municipality should partner with the Department of Local Government in expanding the basket of services to include additional economic and social development programmes."

Response: Director: Local Economic Development and Social Development: I concur with the recommendation and further discussions will be pursued with the Director: Community Services.

Integrated Development Planning

Key Institutional Challenges and Risk Impact on IDP Implementation

"The 2019/20 Draft Reviewed IDP reflects that an organogram for the municipality has 1 165 posts as at the end of January 2019. 109 posts were vacant at the end of January 2019, resulting in a vacancy rate of 9 per cent. The 2019/20 Draft Reviewed IDP also reflects the Municipality's current Employment Equity Plan covers the period 1 July 2014 till 30 June 2018.

The Municipality reflects that the vacancies cannot be filled due to a lack of funding however, emphasis will be placed on the vacancies in order to ensure that the structure and the budget is fully linked. ***The 2019/20 Draft Reviewed IDP also reflects that the Municipality will develop a human resources strategy during the 2018/19 financial year, and flowing from the strategy a total review will be eminent.***

It is recommended that:

The Municipality include the progress of the human resources strategy and the alignment in the future reviews of the 2017 - 2022 IDP."

Response: The highlighted statement above is incorrect and does not reflect within our IDP.

Currently Overstrand Municipality has a Human Resources Procedural Manual that sets out the required processes or procedures to be followed in dealing with personnel matters. Furthermore the Human Resources Manual is compiled to provide information and guidance to Human Resources Managers – practitioners, as well as line managers.

Spatial Planning & Development Analysis

"The Municipality was requested to submit a 3-year Infrastructure Capital Plan and Financial Plan which should be based on a development forecast, but also aligned with the Spatial Development Framework and growth plans per town within the Municipality. The plan should also show integration between human settlements and other infrastructure and services grants i.e. Human Settlements Development Grant, Municipal Infrastructure Grant as well as counter funding from the Municipality. The Municipality include a 3-year Infrastructure Capital Plan and Financial Plan, which is based on a development forecast and is also aligned to the SDF, for each town, in the Final Reviewed IDP."

667

Response: Larger capital projects to be listed in accordance with Municipal Strategies and Policies.

Prioritizing of the above according to the budget.

Budgeting for the above to be determined in the IDP Review and budget process.

OVERSTRAND MUNICIPALITY 2019 -05- 23

OVERSTRAND

Environmental Analysis

'The draft alien clearing management plan submitted to the National Department of Environmental Affairs is noted. However, it is proposed that the Municipality allocate specific funding to do clearing in specific priority areas such as water catchment areas. This is important especially because of the drought crises we are facing in the Western Cape. Fire are also listed as the most common threat to biodiversity and perhaps this should also be listed as an urgent project with appropriate funding. The IDP and SDF should expand on the how WCBSP has taken climate change into consideration and make the link as to how to use the WCBSP as a key informant that will help to reduce disaster risk to settlements. CapeNature is currently engaging on the SDF which may influence the IDP going forward."

668

Response: *The Environmental Management Department developed a draft Alien Clearing Strategy that has been The draft alien clearing management plan submitted to the National Department of Environmental Affairs, but still needs to be refined. The Environmental Department and the Disaster, Fire and Rescue Department has embarked on the development of a Fire Management Plan for the next 5 years. This living document includes the management of areas to reduce the risk of fires by ensuring the implementation of block burns, fire breaks and fuel load reduction. The Plan includes priority areas, time frames and budgets. This document will be presented at the EMT by June 2019.*

OVERSTRAND

Environmental Analysis

"The Provincial Coastal Access Strategy and Plan (PCASP) has been completed and was implemented in the Municipality. The Overberg coastal access audit and pilot study was concluded and the outcomes, specifically the outcomes of the pilot study to facilitate public access to the mouth of the Bot River estuary, must be taken up into municipal planning and IDPs. As such the District and Overstrand municipalities must enter into an agreement.

Emerging threats for the Municipality are:

"Poor or unknown quality of the storm water effluent discharged to sea;"
The proposed coastal access will not have an increase in stormwater run-off. Stormwater run-off comes from the existing housing developments on site. However the municipality will have to provide services such as ablution facilities, refuse removal and parking.

699

"Increased development of aquaculture facilities;"
There are no aquaculture facilities located or planned at the mouth of the Bot River estuary.

"Unlawful driving in the coastal zone;"
Vehicles cannot access the coastline from the mouth of the Bot River estuary. The only pedestrian access is via a wooden footbridge, during open and closed mouth condition

OVERSTRAND MUNICIPALITY
2019 -05- 23

Environmental Analysis

"Lack of equitable public access to coast;"
The Provincial coastal access assessment addresses all the access points within the Overstrand region.

"Loss of CPP and threat to properties along the coast impacted by erosion as a result of increased storm surges."
The Environmental Management Overlay zones (which is currently in draft form) will address development along the coastal zone. These zones will have specific regulations to guide development.

"From a mitigation perspective, municipalities have a role to play in reducing emissions in their own operations and encouraging their residents to move to a low carbon future. A particular action that municipalities can support is allowing Small-Scale Embedded Generation (SSEG)and putting in place appropriate tariffs that support residential, commercial and industrial consumers to invest in renewable energy, which the Municipality currently allows although work on the tariffs and policies is still underway."

Response: Guidelines and tariffs are already in place. Integrated into Electricity Supply By-law.

OVERSTRAND MUNICIPALITY
2019 -05- 23

Environmental Analysis

"It is proposed that the municipality allocate specific funding to do alien clearing in specific priority areas such as water catchment areas as per their alien clearing plan."

Response: The Environmental Section of the Municipality has identified priority areas in the draft Alien Clearing Strategy and does request funding on a yearly basis according to these priorities.

"An AQMP budget allocation needs to be made available in the IDP. Funds should ideally cover the following: air quality monitoring (passive or continuous monitoring of air pollutants), staff training and implementing air quality intervention strategies."

671

Response: Before funding is made available for air quality monitoring, the positions in order to fulfil these tasks need to be approved within the Environmental Section because there is currently no capacity to fulfil these tasks.

"The newly appointed WMO needs to be designated in terms of section 10 of the Waste Act."

Response: A recommendation to amend the municipality's delegations to this effect was made

OVERSTRAND

Environmental Analysis

How does the socio-economic reality inform the environment?

The current population growth or influx of residents in the town puts pressure on the natural resources of the area in the following ways;

- increased pressure in terms of water provision

- increased pressure on the availability of land for housing developments, we are finding that more and more of our open spaces are being transformed to residential developments

- residential developments are accompanied by infrastructure development such as roads, pipelines, sewer pump stations,

- due to the inequality in our economy, basic service provision is a priority.

- On the opposite end, the economic sector is tourism orientated, focusing on the natural environment (which is not considered a priority)

672

OVERSTRAND MUNICIPALITY
2019 -05- 23

Public Value Creation

How does the socio-economic reality inform the creation of public value?

- In the process of developing the IDP and the budget, Council make a decision that the municipality must take responsibility therefore the issues outlined become "public issues".
- In the process, the municipality collaborates with stakeholders across communities based on the public value they hold, in the process these are enhanced by the municipality action.
- The municipality introduced a process of performance evaluation of managers and middle management to intentionally create public value throughout, promoting efficiency, effectiveness and fairness at all times.
- Accountable and transparent governance (democratically elected leaders, budget and IDP roadshows demystifying budgets and agreeing on issues to be addressed per ward, ward based budget allocation emanating from consultative workshops on community priorities, council meetings held consistently for unanimous decision-making).

673

OVERSTRAND MUNICIPALITY 2019 -05- 23

We belong We care We serve

Public Value Creation continued...

- Maintaining clean audits for six years in a row;
- Basing the IDP on the current realities as outlined in the socio-economic profile as supported and developed by provincial treasury;

- **APPROACH**
- Introducing social responsibility, triple bottom-line approach as a concern for people and its earth;
- High percentage of 94.0% of refuse removal, 99.1% of water, 99.2% of electricity, 96.9% of sanitation and 79.1% of housing is a realisation that the public deserves better healthy living conditions;
- Electrification and provision of clean drinking water to informal settlements;
- Innovation to ensure citizen participation through improved technology for easy access (collaborator and any other creative IT programmes for community interface);
- Housing delivery to ensure effective human settlement – constant mapping of the communities to understand the demand;
- Roll-out of economic infrastructure that promotes economic development and linkages for communities to access their workplace.

674

Municipaliteit • U-Masipala • Municipality OVERSTRAND

Budget Responsiveness: Economic Sustainability

How does the socio-economic reality inform economic sustainability?

The application of sound financial management principles for the compilation of the Municipality's financial plan is essential and critical to ensure that the Municipality remains financially viable and that municipal services are provided sustainable, economically and equitably to all communities.

The municipality has taken into account an increased projection relating to the demand for municipal indigent support.

The Municipality's business and service delivery priorities were reviewed as part of this year's planning and budget process. Where appropriate, funds were transferred from low- to high-priority programmes so as to maintain sound financial stewardship. A critical review was also undertaken of expenditure with regards to cost containment measures, non-core and 'nice to have' items.

Important to note that the context of the 2019/20 budget must be considered in view of a considerable challenging 2018/19 year with regard to provision of emergency housing and related basic service rendering in this regard, as well as providing for expenditure related to the devastating wild fires experienced during January 2019. Both these instances were addressed from a budgetary provision perspective in tabling adjustments budgets for unforeseen and unavoidable expenditure as announced by the Executive Mayor in Council on the two respective occasions.

676

OVERSTRAND MUNICIPALITY
RECEIVED
2019 -05- 23

Budget Responsiveness: Economic Sustainability

"Capital spend is below the norm. Spend on repairs and maintenance also below norm and Impairments could be as a consequence of insufficient maintenance of assets."
Response: The capital budget of R232,2m for 2019/20 is 32,9 per cent more when compared to the 2018/2019 Adjustments Budget. The increase is mainly due to roll-over projects amounting to R36,6m from the 2018/19 adjustments budget and the year-on-year fluctuation and allocation of the Housing grant between operating (top structures) and capital (services infrastructure).

"Write-off to be aligned to provision for bad debts."
Response: The provision of debt impairment and write-off of bad debts for consumer accounts has been determined based on an annual collection rate of close to 100 per cent and the Debt Write-off Policy of the Municipality. For the 2019/20 financial year this amount equates to R0,7m. Impairment for traffic fines, resulting from the implementation of IGRAP1, has been budgeted according to the trends from the three previous financial years and amounts to R24,2m.

"Debt ratio to revenue has moved outside norm and interventions required to realign to norm."
Response: Finance charges comprise 4,1 per cent of operating expenditure. The gearing ratio of borrowing to revenue is expected to be 44,5 per cent for 2019/20, which is below the outer proposed limit of National Treasury.

617

OVERSTRAND MUNICIPALITY 2019-05-23

OVERSTRAND

Budget Responsiveness: Economic Sustainability

"Deficit in Refuse requires attention. Ratio has shown a significant decline over the period under review. Measures to be put in place to address further decline."

Response: The statement is false. Refer to the Costing of Services in Draft Budget Report. The budget for this service reflects a surplus of 4.13%, in comparision with the current year budget (2.25% surplus)

A tariff increase of 12,86% is set for 2019/20, in view of the increased costs to be incurred by Overstrand Municipality in dumping at the newly constructed Karwyderskraal Cell 4, with another contributing cost the moving of the Hermanus Waste Management Facility, for will borrowing will be incurred. Services relevant to refuse removal, refuse dumps and solid waste disposal mechanisms must comply with stringent legislative requirements such as the NEMA. This service will receive further revision of the solid waste strategy to ensure that this service can be rendered in a sustainable manner over the medium to long-term

678

"Growth below CPI indicative of negative growth."

Response: Total operating revenue (Table 1a) indicates an increase in revenue of 6,8 per cent for the 2019/20 financial year when compared to the 2018/2019 Adjustments Budget. For the two outer years, operational revenue will increase by 6,7 and 11,5 per cent respectively. The fluctuations of revenue in Table 1(a) are informed mainly by the allocation of the Housing grant between operating (top structures) and capital (infrastructure) in the respective financial years.

OVERSTRAND MUNICIPALITY REGISTRATION UNIT 2019 -05- 23

We belong We care We serve

OVERSTRAND

Budget Responsiveness: Economic Sustainability

"Creditors' payment period to be aligned to legislated norm. Contracted Services above norm and requires attention."

Response: Contracted services have been identified as an area for the municipality to implement efficiencies. As part of the compilation of the 2019/20 MTREF this group of expenditure was critically evaluated and operational efficiencies are being enforced. In the 2019/20 financial year, this group of expenditure totals R195,7m. The introduction and reclassification resulting from mSCOA has caused a shift in expenditure previously classified and budgeted under general expenses.

"High dependency on grant funding for capital. Own source operating revenue improvement noted."

Response: The capital programme is funded from national and provincial grants and transfers, public contributions and donations, borrowing and internally generated funds from previous year surpluses. For 2019/20, capital transfers total R64,1 million, of which R21,3 million represents Department of Human Settlements grant for infrastructure related to various housing projects. Borrowing has been provided at R89 million, finance leases (nil) and internally generated funding totalling R79 million.

679

"Capital underspend to be investigated and factored into budget."

Response: The impact of outstanding approvals with regard to grant funding projects (roll-overs) representing a large chunk of the capital budget (e.g. Housing), remains a challenge as this is an area where we have no authority in fast tracking these processes/decision. The K9 Unit grant funding (R3.8m will also be a roll-over) Refer to the DMP, as the planning document for procurement processes included in the Draft Budget report.

OVERSTRAND MUNICIPALITY 2019 -05- 23

OVERSTRAND

Budget Responsiveness: Economic Sustainability

"Institutionalised demand and procurement planning within the senior management's key performance indicator (KPI) to measure the performance of each departments' projects/contracts. This will encourage the adherence to committed procurement dates by user departments."

Response: Procurement planning and monitoring of the performance of contracts are included as corporate KPI's in the departmental SDBIP's and performance agreements of the Directors.

"The Municipality must ensure that key linkages with its LED component are established to support the procurement planning and an economically sustainable delivery model."

Response: The municipality has a contractor development policy that inform procurement strategies (earmarked for revision). Budget holders are required to identify opportunities for sub-contracting, applying prequalifying to designated groups, social responsibility criteria and other empowerment initiatives during the compilation of the demand management plan.

Budget Responsiveness: Economic Sustainability

"Repairs and maintenance amount to R195.74 million or 15.7 of the total operating budget of 2019/20 and have regressed from the current year adjustment budget amount of R231.96 million. The Municipality should further endeavour to do formal maintenance performance monitoring on critical infrastructure in order to identify and prevent systemic failures, particular those that have high cost and high impact on core service delivery."

Response: The introduction of further reclassification resulting from mSCOA caused a shift in expenditure budgeted under Repairs and maintenance as well as Contracted Services, in relation to previous years' figures. During the compilation of the 2019/20 MTREF operational repairs and maintenance was identified as a strategic imperative owing to the aging of the Municipality's infrastructure. As part of the 2019/20 MTREF this strategic imperative remains a priority. In relation to the total operating expenditure, repairs and maintenance comprises on average 15,3 per cent of the budget over the respective financial years of the MTREF.

Also noteworthy that the municipality has expanded on implementation of Repairs and Maintenance allocated as projects in terms of the mSCOA version 6.3, which distorted the year-on-year comparative figures.

681

OVERSTRAND MUNICIPALITY 2019 -05- 23

OVERSTRAND

Credibility and Sustainability

Total operating revenue indicates an increase in revenue of 6,8 per cent for the 2019/20 financial year when compared to the 2018/2019 Adjustments Budget. For the two outer years, operational revenue will increase by 6,7 and 11,5 per cent respectively. The fluctuations of revenue are informed mainly by the allocation of the Housing grant between operating (top structures) and capital (infrastructure) in the respective financial years.

Total operating expenditure for the 2019/20 financial year has been appropriated at R1,248bn and translates into a budgeted deficit of R80,6m (excluding capital grants) and a deficit of R20,3m (including capital grants). When compared to the 2018/2019 Adjustments Budget, operating expenditure has increased by 8,1 per cent in the 2019/20 budget and increases by 7,7 and 6,6 per cent for each of the respective outer years of the MTREF.

The capital budget of R232,2m for 2019/20 is 32,9 per cent more when compared to the 2018/2019 Adjustments Budget. The increase is mainly due to roll-over projects amounting to R36,6m from the 2018/19 adjustments budget and the year-on-year fluctuation and allocation of the Housing grant between operating (top structures) and capital (services infrastructure.

OVERSTRAND MUNICIPALITY
2019 -05- 23

Credibility and Sustainability

"The Municipality has tabled operating deficit budgets caused mainly by non-cash items such depreciation and asset impairment which are decreasing over the MTREF period. The operating deficit reflects a gradual improvement over the MTREF years which is a positive indication of a steady inflow of revenue to be realised. Depreciation is decreasing over the MTREF and is therefore slightly contributing to the decreasing operating deficit over the MTREF.

The Municipality's book value of property plant and equipment (PPE) is projected to increase, on average, by 1.25 per cent over the MTREF period. However, the depreciation and asset impairment budget amounts shows a gradual decrease over the 2019/20 MTREF period."

Response:

- WIP / Rollover projects are not yet capitalized to the asset register and do not incur depreciation. WIP additions in 2017/18 were about 80m compared to capital additions of R31 during 2017/18.
- Age of assets nearing end of life.
- Review of useful life assessments results in decreased estimates
- Redundant assets only are sold at auction. At the time they are fully depreciated or close to being fully depreciated and does not affect the depreciation amount significantly.
- Intangible assets purchased with infinite lifetimes.
- Some intangible assets reached end of life, resulting in lower depreciation charges.

683

OVERSTRAND MUNICIPALITY 2019 -05- 23

We belong We care We serve

Credibility and Sustainability

"Depreciation is a non-cash expenditure item, which should be supported by cash surpluses to make provision for the write-offs and replacement of assets in the future. Depreciation seems to be partially cash-backed for the 2019/20 MTREF."

Response: Provision for depreciation and asset impairment has been informed by the Municipality's Asset Management Policy. Depreciation is widely considered a proxy for the measurement of the rate of asset consumption. Budget appropriations in this regard total R131,3m for the 2019/20 financial year and equates to 10,5 per cent of the total operating expenditure. Note that the implementation of the GRAP 17 accounting standard meant bringing a range of assets previously depreciated and not included in the assets register, back onto the assets register. This resulted in a significant increase in depreciation at implementation, relative to previous years.

"The analysis of Table A6 (Budgeted Financial Position) indicates that the Municipality has reported positive working capital that demonstrates that it has enough funds to meet its short term liabilities over the MTREF period. Table A8 below demonstrates that the Municipality has budgeted to achieve a positive working capital over the MTREF period. Upon analysing, it has been noted that the prior financial reveals that the Municipality had unspent grants amounting to R21.9 million and R6.5 million in 2015/16 to 2017/18 financial years. The Municipality has not budgeted for unspent conditional grants over the MTREF period as reflected in the below table. The Municipality is advised to reconsider its projections on the Table A8 on the disclosure of the unspent grants since they affect the calculation of the working capital."

Response: Noted. We will update Table A6 & A8.

684

OVERSTRAND MUNICIPALITY
REGISTRATION NUMBER
2019-05-23

Credibility and Sustainability

"The Municipality has taken into consideration the required applications against the cash and cash equivalents as reflected above except for the unspent grants and other provisions such as long service awards, rehabilitation of sites, and post-employment health benefits. The Municipality reported short term portion of the unspent grants of R3.6 million; provisions of R26.1 million as reflected in the 2017/18 AFS. It has been noted that the amount for provision includes rehabilitation, long service awards, leave pay, bonuses and gratifications. Although the Municipality have not included these applications the budget remained funded and sustainable over the MTREF period. Therefore, the Municipality is advised to take into cognisance all the required application in line with the MFMA Circular No. 42 and No. 74 as well the Municipality's Funding Reserves, and Provision Policy during its final MTREF budget adoption.."

685

Response: Noted, We will update Table A8.

OVERSTRAND MUNICIPALITY

OVERSTRAND

Credibility and Sustainability

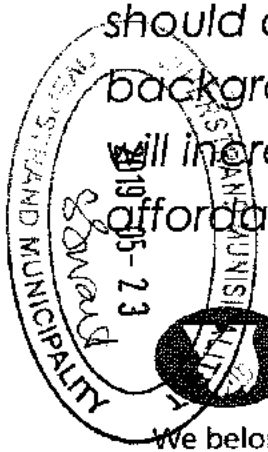

"The budget document reflect tariffs increases above the inflation rate, which could result in possible higher levels of non-payment. The Municipality is encouraged to ensure that the proposed tariffs represent a balance between affordability and the bulk purchases cost and the cost of infrastructure."

Response:

- The draft Electricity tariff on the budget was projected. The basket for electricity services will not exceed the NERSA guidelines, current 13.07%.
- Refuse tariff increase above inflation rate due to new disposal cell.

689

"The Municipality budgeted a 99 per cent collection rate for property rates and service charges; during the final adoption of the annual budget. The Municipality should consider to review its collection rate as a prudent measure against the background inflation tariff adjustments. The proposed electricity tariff increases which will increase by 14.2 per cent and basic levy by 17.5 per cent could impact on the affordability of the municipal bill."

OVERSTRAND

Credibility and Sustainability

Response: The statement w.r.t. electricity tariff increases does not acknowledge the structure of these tariffs to stay within the Nersa recommended increase. Overstrand Municipality budgeted for a 99% collection rate for property rates and services and actively pursues credit control and debt collection to ensure the timeous collection of monies.

The electricity tariff increases as follows:

Basic Fee 15%	0 – 350 kWh 12%
351 – 600 kWh 12.6%	> 600 kWh 12.7%

The basket increase overall with 13.07% as approved by NERSA bearing the following in mind:

Overstrand Municipality can be classified to a large as extent as a holiday town, the consumption patterns are thus different from the norm. Tt was decided to make the pre-paid tariff cheaper than that of the credit meter, to encourage domestic and commercial consumers to convert to pre-paid, and importantly, to acknowledge the fact that payment for units purchased is received immediately. The consumers can utilise deposits on hand to convert to pre-paid meters to ensure affordability.

OVERSTRAND

687

Credibility and Sustainability

"Property rates are the second highest component of the operating revenue budget and represent 20 per cent on average over the MTREF. Property rates revenue are projected to increase by 2.2 per cent for 2019/20 compared to the 5.7 per cent increase in the tariff. Market value will increase by R13.16 million while the current year (SA12a) to 2019/20 (SA12b) remain unchanged for all categories of customers. This could indicate no further developments in the area as only expansions/additions on current properties. Circular No. 89 stipulates that more effort is required to maximise revenue derived from property rates. Circular No. 93 further requires the submission of the reconciliation between the General Valuation Roll and the financial system which will provide the support on projected increases."

888

Response: The revenue projection for rates will be reviewed. The new valuation roll will be in effect from 01 July 2021. A Supplementary Valuation Roll is implemented annually. Reconciliations are performed on a monthly basis. Please keep in mind that the wild fires experienced in January 2019, destroyed properties in Bettysbaai, Hermel & Aarde Valley and Franskraal, impacting on property values and revenue.

"Asset maintenance is one of the key strategic planning factors of the budget, however performance remains below the NT norms outlined in circular 55. This may indicate that future rate payers carry the burden of current rate payers."

Response: During the compilation of the 2019/20 MTREF operational repairs and maintenance was identified as a strategic imperative owing to the aging of the Municipality's infrastructure. As part of the 2019/20 MTREF this strategic imperative remains a priority. In relation to the total operating expenditure, repairs and maintenance comprises on average 15,3 per cent of the budget over the respective financial years of the MTREF.

"Notwithstanding the cost pressure resulting from the increased capital investment and increases in the bulk purchases tariff, the Municipality must take into consideration the affordability of the poor/low income households, who are non-indigent. The Municipality should consider to what extent a portion of the equitable share can alleviate the increase in basic charge to reduce the impact on low income households. An excessive basic service levy may result to many households' electricity cut off when implementing credit control and debt collection initiatives and can adversely affect the quality of life of citizens."

Response: The Municipality has implemented Inclining Block tariffs to assist the poor/low income households. Consumers can apply for free basic services and will be registered as Indigents in the instance that they qualify to criteria (Indigent Policy).

689

OVERSTRAND MUNICIPALITY 2019-10-23

We belong We care We serve

Credibility and Sustainability

"Capital grants amounts to an average of 27.6 per cent over the 2019/20 MTREF capital budget, indicating a slight dependency on capital grants and subsidies. No unspent conditional grants were reported in the 2017/18 audit outcome report which is commendable. However, for the current year the Municipality only spent 13.7 per cent of its conditional capital grants as at 28 February 2019 which is a concern. The Municipality is cautioned against a slow spending rate as it will result in retention or withholding of conditional grants should they not be fully spent by the end of the financial year.

Response: The Expenditure for the MIG was 43.78% at February 2019 and will be spent 100% at the end of June 2019. The Housing Projects Capital Expenditure was 26% at February 2019 due to approvals not being received from Department of Human Settlements on time to execute on housing projects. Approvals have been received since then and spending will therefore increase.

069

OVERSTRAND MUNICIPALITY 2019 -05- 23

We belong We care We serve

OVERSTRAND

Credibility and Sustainability

"Revenue projections as extracted from A4 and A7 and depicted in the table below, reflect that the anticipated collection rate for property rates and service charges averages 99.6 per cent over the MTREF, however the collection rate from other revenue is much lower at an average rate of 78.3 per cent over the MTREF. This is largely influenced by the projected revenue collection of fines which is 11.5 per cent projected for 2019/20 which is not in line with trends outlined on page 32 of the AFS stating 37 per cent."

691

Response: The collection rate on pg.37 of the AFS is the average annual collection rate (% fines collected in total over a three year period) as opposed to the projected annual collection rate, i.e. fines collected in 2019/20 iro fines issued in 2019/20.

Risk and Opportunities towards Strategic Priorities

STRATEGIC OBJECTIVE: SOCIAL AND ECONOMIC DEVELOPMENT

- **Support for access to assistance in accessing livelihoods (e.g. social-welfare benefits that might be available given the limited availability and proximity to government offices**
- Assistance provided specifically to:
    - women to secure immediate financial support and promote opportunities for them to achieve and sustain income;
    - shelters to remove one of the greatest barriers to leaving abusive situations that exist for women and homelessness.
- The negative consequences of over population and overcrowding;
- Slow economic growth and its ability to accommodate new entrants in the labour market;
- Skills alignment and poverty;

We care

We serve

OVERSTRAND

Conclusion and way forward

The engagements must be extended to the establishment of work streams in the Province to suggest methodology approach and best practises to cross cutting issues;

Consider mainstreaming socio-economic challenges within departments both at local and provincial level.
