1. EXECUTIVE SUMMARY

An application applicable to Erven 39, 41 and 42, Sandbaai has been received on 6 November 2017 from Messrs Planactive Town & Regional Planners on behalf of LN & D Westgarth-Taylor, DA Kotzé and JJ Wessels for the following:

- ❖ Removal of restrictive title conditions in terms of Section 16(2)(f) of the Overstrand Municipality By-Law on Municipal Land Use Planning, 2015 for the removal of the restrictive conditions C.2.(a) and C.2.(c) as contained in Title Deed No. T47662/2005 applicable to Erf 41, Sandbaai in order to accommodate a guesthouse with five (5) guestrooms on the property.

The restrictive conditions reads as follows:

“(a) That the above erf or erven be used for residential purposes only.

“(c) That not more than one dwelling together with the necessary outbuildings and accessories be erected on any one of the above erven and that not more than one/half the area of any one of the above erven be built upon.”

- ❖ Removal of restrictive title conditions in terms of Section 16(2)(f) of the Overstrand Municipality By-Law on Municipal Land Use Planning, 2015 for the removal of the restrictive conditions B.2.(a), B.2.(c) and B.2.(d) as contained in Title Deed No. T43101/2017 applicable to Erf 39, Sandbaai in order to accommodate six (6) parking bays on the property for the proposed guesthouse on Erf 41, Sandbaai.

The restrictive conditions reads as follows:

“(a) That the above erf or erven be used for residential purposes only.

“(c) That not more than one dwelling together with the necessary outbuildings and accessories be erected on any one of the above erven and that not more than half the area of any one of the above erven be built upon.

“(d) That no building shall be erected on the above erf or erven within 4,72 metres of any boundary wall between the said erf or erven and any street, road or avenue on which such erf or erven abuts; such space may be used as gardens but shall not be built upon.”

- ❖ Consent use in terms of Section 16(2)(o) of the Overstrand Municipality By-Law on Land Use Planning, 2015 for a guesthouse in order to accommodate a guesthouse with five (5) guestrooms on Erf 41, Sandbaai.
- ❖ Departure in terms of Section 16(2)(b) of the Overstrand Municipality By-Law on Municipal Land Use Planning, 2015 from the primary rights applicable to Erf 39, Sandbaai in order to accommodate the above-mentioned six (6) parking bays on the property.

A Locality Plan of the property concerned is attached as Annexure A. The Motivation Report from the applicant in support of the proposal is attached as Annexure B, while the proposed Site Development Plan is attached as Annexure C. The Title Deeds are attached as Annexure D.

Municipal Planning Tribunal

3. BACKGROUND / SITE HISTORY

Erven 39, 41 and 42, Sandbaai are zoned for Residential Zone 1: Single Residential purposes. Erf 39, Sandbaai measure 814m² in extent, Erf 41, Sandbaai measure 714m² in extent and Erf 42, Sandbaai also measure 714m² in extent. Erf 39, Sandbaai is undeveloped, Erf 41, Sandbaai is developed with a dwelling unit, double garage and granny flat, and Erf 42, Sandbaai is developed with a dwelling unit.

The main purpose of the application is to conduct a five (5) bedroom guesthouse from Erf 41, Sandbaai. The owners of Erf 41 also purchased the undeveloped Erf 39, Sandbaai to utilize a portion thereof for parking purposes for the guesthouse on Erf 41, Sandbaai. A portion of ±14m² of the western corner of Erf 42, Sandbaai will be utilised as a right of way from Erf 41 to Erf 39, Sandbaai to provide access to the parking bays on Erf 39, Sandbaai. Both Erven 39 and 41, Sandbaai are owned by the same owners, the primary erven relating to the application.

It should be noted that prior to the compilation of this submission it was discovered that the proposed guesthouse on Erf 41 is already in operation and is actively being marketed on the internet as "Shore's Edge Guest House". Photographs of the guesthouse and remarks of guests who stayed at the guesthouse were downloaded from one of the websites on which the guesthouse is being advertised, which is attached as Annexure H. It was further observed from the latest Overstrand GIS aerial layer of July 2018 that Erf 39, Sandbaai is already being used for parking purposes with a built parking area and that access is already gained over Erf 42, Sandbaai to the parking area (see extract attached as Annexure I).

4. SUMMARY OF APPLICANT'S MOTIVATION

Only the main points of motivation are summarised as follows (the detailed report is attached as Annexure C):

- ❖ The use of the existing dwelling on Erf 41, Sandbaai to create a five (5) bedroom guesthouse will offer great tourist accommodation for people (tourists) visiting the Sandbaai area.

- ❖ In order to accommodate a five (5) guestroom guesthouse on Erf 41, Sandbaai, a right of way servitude has to be registered over Erf 42, Sandbaai to accommodate six (6) parking bays on Erf 39, Sandbaai.
- ❖ The guesthouse will consist of five (5) guestrooms, each with their own en-suite bathroom; living room; dining room; kitchen; pool rooms; swimming pool; outdoor space; garage and parking area.
- ❖ The manager/owner will reside in the granny-flat that is located in close proximity of the rear boundary of Erf 41, Sandbaai and that is attached to the existing double garage.
- ❖ Only one (1) vehicle can be accommodated in the double garage due to its close proximity to the lateral north-western boundary. Subsequently six (6) additional parking bays will have to be accommodated. Subsequently the owners of Erf 41, Sandbaai, Mr. D. A. Kotze and Mrs. L.N. Westgarth-Taylor, bought Erf 39, Sandbaai to accommodate six (6) parking bays thereon and also negotiated with the owner of Erf 42, Sandbaai to access the proposed parking bays via a small right of way servitude. A right of way servitude will be registered over a portion of Erven 39 and 42, Sandbaai.
- ❖ The proposed consent use, departure and removal of restrictive title deed conditions and to create a right of way servitude over a portion of Erf 42, Sandbaai will have a low impact on the surrounding erven as the subject property's zoning will be retained.
- ❖ The proposal will have a low impact on the environment and traffic of the area.
- ❖ The subject properties are situated in an area that is characterized by established single dwellings and some tourist accommodation establishments. The proposal will be compatible with the character of the surrounding erven.
- ❖ The impact on the existing character of the area will be kept to a minimum and the proposal will not have a negative impact on the surrounding property values.
- ❖ The subject property is ideally positioned to explore all the great attractions of Sandbaai. The subject property is in close proximity of the popular coastal walkways, beaches tourist hubs such as the Hemel & Aarde Village, the Hermanus CBD, other beaches such as the famous Grotto Beach and the Fernkloof Nature Reserve is also easily accessible.
- ❖ Due to the location and accessibility of the property the subject property has the potential to be developed as a guesthouse. The subject property is situated in the picturesque Sandbaai offering great views over the ocean.
- ❖ All services on the subject property already exist and are sufficient to accommodate the proposed guesthouse with five (5) guest rooms. It is the opinion that the impact on services will be minimal.
- ❖ The existing access from Kusweg to the existing dwelling will be used to access the proposed six (6) parking bays proposed on Erf 39, Sandbaai.
- ❖ The existing double garage on Erf 41 will be used to provide one (1) parking bay for the exclusive use by the owner/manager of the guesthouse. The location of the double garage makes it physically possible to park two (2) vehicles in the double garage. One (1) additional parking bay for the sole use of the owner/manager has been provided on Erf 39, Sandbaai. A total of seven (7) parking bays will therefore be provided.
- ❖ The impact on the traffic of the area will be kept to a minimum since guests never arrive and depart at the same time at tourist accommodation establishments.
- ❖ The reasons to have the title deed restrictions removed are mainly to make provision for the establishment of six (6) parking bays on Erf 39, Sandbaai and to give the owners the opportunity to utilise the properties to its fullest potential in terms of the primary land use rights under the current zoning of Residential Zone I.

- ❖ Should the conditions in the Title Deed of Erf 39, Sandbaai not be removed the owners will be restricted to only using the property for single residential purposes and therefore prohibits the proposed six (6) parking bays.
- ❖ The Overstrand Spatial Development Framework (2006) earmarks the area where Erven 39, 41 and 42, Sandbaai are situated, for residential purposes. The current Residential Zone I zoning of the properties will be retained and the application only constitutes mainly a consent use for a guesthouse and the creation of right of way servitudes access and to use proposed parking bays located on another erf. Subsequently the proposal will be in line with the spatial planning guidelines for the area.

N/A

10.2 (In)consistency with the Spatial Planning and Land Use Management Act, 2013 (Act 16 of 2013)

The application is in line with the planning objectives applicable to this application.

The objectives relating to:

Spatial Justice

The application will not perpetuate spatial injustices.

Spatial sustainability

The application is located within the urban edge and thus will not lead to urban sprawl. No natural habitat is impacted upon and it will have no negative influence on the environment.

Efficiency

The application will optimize the use of property in terms of municipal services and infrastructure.

Spatial resilience

The accommodation establishment will ensure that the existing resource (land) is used to its maximum in an affordable manner and in line with the Overstrand Municipality's forward planning documents.

Good administration

The application follows the required planning procedures and a good public participation process has been followed.

10.3 (In)consistency with the principles referred to in Chapter VI of the Land Use Planning Act, 2014 (Act 3 of 2014)

Same as Point 10.2 above.

10.8 Existing and proposed zoning comparisons and considerations

The application is in line with the Overstrand Spatial documents.

10.9 Additional Planning Motivation For Removal of Restrictive Condition**The financial or other value of the rights**

The removal of the relevant conditions will have a beneficial financial impact for the landowners since they will be able to operate an accommodation establishment with five (5) bedrooms from Erf 41, Sandbaai. The value of the property will thus increase due to the fact that the landowners will obtain an additional land use right.

The personal benefits which will accrue to the holder of rights and/or to the person seeking the removal

The original holder of rights was the township developer whose rights became null and void when the Municipality took over its functions.

The social benefit of the restrictive condition remaining in place, and/or being removed/amended

Should the restrictive conditions be removed from the Title Deeds or not, it will have no social benefits.

Will the removal, suspension or amendment completely remove all rights enjoyed by the beneficiary or only some of those rights?

It will only result in the landowners gaining additional land use rights.

10.10 THE DESIRABILITY OF THE PROPOSAL

Removal of Restrictive Title Deed Conditions Erven 39 and 41, Sandbaai

Erf 41, Sandbaai

The property is burdened with land use restrictions in the Title Deed and the owners wish to have the relevant restrictive conditions removed in order to conduct a five (5) bedroom guesthouse from Erf 41, Sandbaai. The removal of the restrictive conditions would also enable the owners to be in line with the applicable primary rights and development parameters as set out in the Zoning Scheme. These primary rights and parameters are more lenient than the restrictions in the Title Deed of the property. The removal of the restrictive title deed conditions will not be to the detriment of the character of the area since numerous applications for the removal of these restrictive conditions have been approved in the past in Sandbaai already.

Erf 39, Sandbaai

It is also proposed to remove similar conditions from the Title Deed of Erf 39, Sandbaai in order to utilize a portion thereof as a parking area for the guests of the proposed guesthouse on Erf 41, Sandbaai, as well as to be in line with the primary rights and parameters as set out in the Zoning Scheme. Since Erf 41, Sandbaai will retain its single residential zoning status, two (2) parking bays for the main dwelling and one (1) parking bay for the second dwelling unit is required in terms of the Zoning Scheme. A further five (5) parking bays are required one (1) for each of the five (5) guest rooms. A total of eight (8) parking bays have to be provided.

Refer to the copy of the approved building plan for the double garage and outbuilding (attached as Annexure J). Although a double garage exists on Erf 41, Sandbaai the landowner (or previous landowner) moved the garage door from the southern wall of the structure to the western wall that makes parking for two (2) vehicles in the garage unpractical due to the close proximity of the access to the garage from the western lateral boundary. The applicant confirms the latter in its motivation report. However, since only one (1) vehicle can be accommodated in the garage, there will be a shortage of one (1) parking bay. Subsequently seven (7) parking bays will have to be accommodated on Erf 39, Sandbaai and not six (6) as indicated on the layout plan. The applicant will have to submit an amended layout plan for approval by the Municipality.

It is further the opinion that the complete removal of condition B.2.(a) as contained in in the Title Deed of Erf 39, Sandbaai that restricts the usage of the property to single residential purposes only cannot be supported. Should the condition be removed the landowner will have "day care centre" and "home occupation" as additional land use rights and once exercised will lead to parking problems in view of the parking area that is to be provided for the guesthouse. However, should the restrictive condition not be removed it would not be possible to allow for the parking area as it will be in contradiction with the said condition. It is thus proposed that the condition rather be amended and not be completely removed and to read as follows:

"That the above erf be used for single residential and parking purposes only."

The removal of condition B.2.(c) that allows for one (1) dwelling only on Erf 39, Sandbaai in lieu of two (2) dwellings as per the primary rights set out in the Zoning Scheme, cannot be supported. A second dwelling unit requires one (1) additional parking bay and a main dwelling requires two (2) parking bays. As

mentioned above parking problems will most probably develop on the property in view of the seven (7) parking bays that need to be created for the guesthouse and a second dwelling unit together with a main dwelling will most probably only worsen the situation.

The removal of condition B.2.(d) that requires that all buildings be 4,72m from the street boundary of the property, is however supported. Taking the applicable 4m Zoning Scheme street building line into consideration the removal of the condition will allow for more developable space on the property which will be to the benefit of the landowners.

Consent Use and Departure: Erven 41 and 39, Sandbaai

The guesthouse will have a low impact on the rights of surrounding property owners and the surrounding built environment or the character of the area as the guesthouse will be conducted from an existing functional dwelling unit. Further, no objections were received against the application. Land uses in the broader area of the subject properties vary from single residential dwellings to tourist related uses such as guesthouses. It is therefore apparent that the subject properties are situated in an area where rights have already been obtained to establish guesthouses/accommodation establishments.

An approved servant's quarter at the rear of Erf 41, Sandbaai has already been converted into a second dwelling unit that is to be utilised by the manager of the guesthouse. With the removal of the relevant restrictive conditions in the Title Deed of Erf 41, Sandbaai, the second dwelling (granny-flat) will automatically become a primary land use right. Building plans however needs to be submitted to the Building Department for approval.

Ample and practical parking for the guesthouse on Erf 41, Sandbaai can be provided on Erf 39, Sandbaai by means of a departure use, which erf is also owned by the owners of Erf 41, Sandbaai. The property is undeveloped. The parking area to and from Erf 39, Sandbaai will be gained via a right of way access over a small portion of Erf 42, Sandbaai - see layout plan. (Permission has been obtained for the right of way from the owner of Erf 42, Sandbaai.) This will ensure that there will be minimal impact on the normal flow of traffic in the area since a one-way traffic flow is proposed – the access point at Erf 41, Sandbaai from Kusweg and the exit point at Erf 39, Piet Retief Crescent, Sandbaai. It is however the opinion that the parking area be surveyed and the surveyed area be registered against the Title Deed of Erf 39, Sandbaai as parking in favour of Erf 41, Sandbaai by means of notarial tie for as long as the guesthouse is in operation. This is also to ensure that no on-street parking for the guesthouse on Erf 41, Sandbaai will occur at some stage in future. Since the departure use for the parking area on Erf 39, Sandbaai does not entail a permanent change in the land use of Erf 39, Sandbaai, a condition must also be imposed that the dominant use of the remaining extent of Erf 39, Sandbaai must still be for single residential purposes.

The applicant also applied for municipal approval for the right of way access over Erf 42, Sandbaai. However, right of ways are exempted from municipal approval in terms of Section 26 of the By-Law. Should the application be approved a condition must be imposed that the right of way be registered prior to the guesthouse being operated and that proof of such registration be submitted to the Municipality for its records.

It should be noted that in terms of the applicable forward planning documents of the Municipality, the tourism industry should be promoted as far as possible.

No objections were received and the applicable development parameters as set out in the Zoning Scheme will be maintained.

In view of the above, it is the opinion that the application under consideration for the removal of the restrictive title deed conditions, the consent use, and the departure holds sufficient merit not to be deemed undesirable from a town planning perspective.

Further in view of the above, the application is only partially supported in the manner as set out in the recommendation of this submission.

11. RECOMMENDATION

1. that the application in terms of Section 16.(2)(f) of the Overstrand Municipality By-Law on Municipal Land Use Planning, 2015 (By-Law) for the removal of the restrictive title deed conditions C.2.(a) and C.2.(c) as contained in Title Deed No. T47662/2005 applicable to Erf 41, Sandbaai in order to accommodate a guesthouse with five (5) guestrooms on the property, **be approved** in terms of the provisions of Section 61 of the By-Law;
2. that the application in terms of Section 16.(2)(o) of the By-Law for consent use for a guesthouse in order to accommodate a guesthouse with five (5) guestrooms on Erf 41, Sandbaai, **be approved** in terms of the provisions of Section 61 of the By-Law;
3. that the application in terms of Section 16.(2)(f) for the removal of restrictive title deed conditions B.2.(a) and (c) as contained in Title Deed T43101/2017 applicable to Erf 39, Sandbaai in order to accommodate a parking area on the property for the guesthouse on Erf 41, Sandbaai as well as to be in line with the primary rights and development parameters applicable to single residential properties as set out in the Overstrand Zoning Scheme, **be refused** in terms of the provisions of Section 61 of the By-Law;
4. that condition B.2.(a) as contained in Title Deed T43101/2017 applicable to Erf 39, Sandbaai, **be amended** to read as follows:

“That the above erf be used for single residential and parking purposes only.”
5. that the application in terms of Section 16.(2)(b) of the By-Law for departure in order to deviate from the primary rights applicable to Erf 39, Sandbaai in order to accommodate the above-mentioned parking area on the property, **be approved** in terms of the provisions of Section 61 of the By-Law;
6. that the approvals in points 1., 2., and 5. be approved subject to the following conditions:

- (a) that a revised layout plan be submitted for approval by the Authorized Official of the Municipality, which plan must indicate the five (5) guestrooms, manager's/owner's accommodation, seven (7) parking bays on Erf 39, Sandbaai and one (1) parking bay (garage) on Erf 41, Sandbaai as well as the servitude areas;
- (b) that the parking area on Erf 39, Sandbaai be surveyed and that the surveyed area be registered against the Title Deed of Erf 39, Sandbaai as parking in favour of Erf 41, Sandbaai by means of notarial tie for as long as the guesthouse is in operation
- (c) that the dominant use of the remaining extent of Erf 39, Sandbaai must still be for single residential purposes;
- (d) that the right of way area over Erf 42, Sandbaai be registered prior to the guesthouse being operated and that proof of such registration be submitted to the Municipality for its records;
- (e) that a maximum of five (5) bedrooms be let to guests/tourists from the dwelling on Erf 41, Sandbaai;
- (f) that building plans be submitted to the Building Department for approval and that all conditions of the Building – and the Fire Department be complied with at that stage;
- (g) that the owner/manager resides permanently on the premises, and be responsible for the proper management of the guest house;
- (h) that the guest house is utilized as such – no self-catering will be permitted;
- (i) that no kitchen facilities and/or prep bowls be allowed in the guestrooms;
- (j) that no facilities (bar/restaurant or any other) be provided for non-residents of the accommodation establishment and that these facilities only be used by bona-fide guests of the establishment;
- (k) that the selling or serving of liquor on Erf 41, Sandbaai will be subject to the owners obtaining the necessary Liquor Licence;
- (l) that a minimum of one (1) permanently demarcated parking bay per guestroom and two (2) for the owner/manager be provided within the erf boundaries of Erven 39 and 41, Sandbaai;
- (m) that the applicable rates and service tariffs, as determined by the annual budget is applicable, which tariffs are automatically adjusted in terms of the annual budget;
- (n) that the accommodation facility complies with Health and Safety Legislation and that this approval will be subject to regular inspections by the Fire Control Co-ordinator and the Health Inspector;

- (o) that only a single non-illuminated sign that complies with the Municipal By-Law on Signage, may be displayed on the premises;
- (p) that the guest house be conducted in such a manner that it is not found to be detrimental to the peacefulness and amenity of the surrounding area;
- (q) that a R918 Certificate of Acceptability must be applied for at the Overberg District Municipality;
- (r) that the conditions of Engineering Services, Fire Services and Telkom, respectively (attached as Annexures E, F and G), be complied with;
- (s) that this approval does not absolve the landowners from compliance with any other relevant legislation, and
- (t) that all other applicable development parameters as prescribed in the relevant Zoning Scheme be complied with.

7. that the applicant be notified of its appeal right in terms of Section 78 of the Overstrand Municipality By-Law on Land Use Planning, 2015 with regard to the above decision.

12. REASONS FOR RECOMMENDATION

Erf 41, Sandbaai: Removal of Restrictions and Consent Use for Guesthouse

- ❖ The application has followed due procedure.
- ❖ No objections were received from the public.
- ❖ It is in line with policy documents.
- ❖ The accommodation establishment will be beneficial for optimization of the erf.
- ❖ It will promote the tourism industry.
- ❖ Is not regarded as being undesirable from a town planning point of view.

Erf 39, Sandbaai: Refusal for Removal of Conditions B.2.(a) and (c) and Amendment of Condition B.2.(a), as well as approval for the Removal of Condition B.2.(d), and Departure for Parking Area

- ❖ Should Condition B.2.(a) be removed the landowner will have “day care centre” and “home occupation” as additional land use rights and once exercised will lead to parking problems in view of the parking area that is to be provided for the guesthouse on the property. To still allow for the parking area and to avoid the said parking problems, the better alternative is to amend the condition in the manner as set out in the decision rather to have it completely removed from the Title Deed.
- ❖ Should Condition B.2.(c) be removed from the Title Deed to allow for a second dwelling unit, the required parking area for the guesthouse and parking required for a second dwelling unit together with a main dwelling will only worsen parking problems on the property.
- ❖ The removal of Condition B.2.(d) will allow for more developable space on the property which will be to the benefit of the landowners.

- ❖ The departure to allow a parking area on the property will enable the landowners to provide the required parking bays for the guesthouse and second dwelling unit on Erf 41, Sandbaai. Erf 39, Sandbaai will still retain its single residential status and can still be developed for such purposes, thus there should be no negative financial impacts for the landowners.

MOTIVATION REPORT

1. BACKGROUND

The company Plan Active has been instructed by the owners of Erven 39, 41 & 42 Sandbaai, Mr. D. A. Kotze, Mrs. L.N. Westgarth-Taylor and Mr. J.J. Wessels to apply for a consent use, departure, the creation of right of way servitudes and removal of restrictive Title Deed conditions applicable to Erven 39, 41 and 42 Sandbaai in order to:

- Establish a Guesthouse on Erf 41 Sandbaai;
- To make provision for access to Erf 39 Sandbaai over Erf 42 Sandbaai;
- To provide parking for the proposed guesthouse on Erf 39 Sandbaai.

Erf 39 Sandbaai was recently purchased by Mr. D.A. Kotze and Mrs. L.N. Westgarth-Taylor. The new Title Deed reflecting their names was not available at the time of submission of this application and we have therefore enclosed the draft Title Deed and letter from DVHS Attorneys confirming the transfer.

The erf numbers, size, ownership and Title Deed Numbers can be tabled as follow:

Erf Number	Size	Owner	Title Deed Nr.
Erf 39 Sandbaai	814m ²	D.A. Kotze & L.N. Westgarth-Taylor	43101/2017
Erf 41 Sandbaai	714m ²	D.A. Kotze & L.N. Westgarth-Taylor	T47662/2005
Erf 42 Sandbaai	714m ²	J.J. Wessels	T16751/88

It is the intention of the owners of Erf 41 Sandbaai to establish a guesthouse on the mentioned erf. Not enough parking space is available on Erf 41 Sandbaai, and therefore it is required that we make provision for additional parking bays on Erf 39 Sandbaai that is accessed over Erven 41 & 42 Sandbaai. The use of the existing dwelling on Erf 41 Sandbaai to create a 5 bedroom guesthouse will offer great tourist accommodation for people (tourists) visiting the Sandbaai area.

2. APPLICATION DETAILS

In order to accommodate a 5 guestroom guesthouse on Erf 41 Sandbaai and right of way servitudes over Erven 42 and 39 Sandbaai to accommodate 6 parking bays on Erf 39 Sandbaai an application is lodged in terms of:

- Chapter 4, Section 16(2)(o) of the Overstrand Municipality's By-law on Municipal Land Use Planning, 2016, for the consent use of Erf 41 Sandbaai for a guesthouse on the subject property;
- Chapter 4, Section 16(2)(b) of the Overstrand Municipality's By-law on Municipal Land Use Planning, 2016, for a permanent departure from the provisions of the zoning scheme in order to accommodate parking on Erf 39 Sandbaai.
- Chapter 4, Section 16(2)(d) of the Overstrand Municipality's By-law on Municipal Land Use Planning, 2016, for the registration of 2 new servitudes;
- Chapter 4, Section 16(2)(f) of the Overstrand Municipality's By-law on Municipal Land Use Planning, 2016, for the removal of restrictive Title Deed conditions.

3. GENERAL APPLICATION INFORMATION

3.1 PROPERTY DESCRIPTION

The subject properties are situated at 108 Kusweg, 241 and 243 Piet Retief Crescent, Sandbaai. Please refer to the enclosed locality plan. Erven 41 and 42 Sandbaai are developed and being used for residential purposes. In addition to Erf 42 Sandbaai, Erf 41 Sandbaai also accommodates a granny-flat located in close proximity of rear boundary. Erf 39 Sandbaai is vacant.

The main goal of this application is to make use of the existing dwelling situated on Erf 41 Sandbaai to establish a 5 bedroom guesthouse, create a small access servitude over Erf 42 Sandbaai and a servitude area on Erf 39 Sandbaai to accommodate sufficient parking bays for guests staying at the guesthouse.

The subject erven are situated in a predominant residential area where a number of guesthouses and other tourist related uses have been approved.

3.2 ZONING

Erven 39, 41 and 42 Sandbaai are zoned Residential Zone I and is utilized as such. Surrounding properties are also zoned for single residential purposes.

3.3 LAND USE

The land use of the subject erven can be described as follows:

Erf 39 Sandbaai

Erf 39 Sandbaai is currently vacant.

Erf 41 Sandbaai

A modern double storey dwelling, double garage, swimming pool and granny-flat are established on Erf 41 Sandbaai. Access to Erf 41 Sandbaai is obtained from Kusweg.

Erf 42 Sandbaai

A double storey dwelling and garage are established on Erf 42 Sandbaai. Access to Erf 42 Sandbaai is obtained from Piet Retief Crescent.

Land uses that surround Erven 39, 41 & 42 Sandbaai are single dwellings, public roads, public open spaces and tourist related uses such as guesthouses. It is therefore evident that the subject erven is within a predominant single residential area where rights have been obtained by means of consent uses to establish guesthouses.

3.4 PROPOSED DEVELOPMENT

In order to accommodate a 5 guestroom guesthouse on Erf 41 Sandbaai, a right of way servitude over Erf 42 Sandbaai and a right of way servitude to accommodate 6 parking bays on Erf 39, Sandbaai an application is lodged in terms of:

- Chapter 4, Section 16(2)(o) of the Overstrand Municipality's By-law on Municipal Land Use Planning, 2016, for the consent use of Erf 41 Sandbaai for a guesthouse on the subject property;
- Chapter 4, Section 16(2)(b) of the Overstrand Municipality's By-law on Municipal Land Use Planning, 2016, for a permanent departure from the provisions of the zoning scheme to accommodate parking on Erf 39 Sandbaai.
- Chapter 4, Section 16(2)(d) of the Overstrand Municipality's By-law on Municipal Land Use Planning, 2016, for the registration of 2 new servitudes;
- Chapter 4, Section 16(2)(f) of the Overstrand Municipality's By-law on Municipal Land Use Planning, 2016, for the removal of restrictive Title Deed conditions.

The owners of Erven 39 & 41 Sandbaai, Mr. D. A. Kotze and Mrs. L.N. Westgarth-Taylor intend to utilise the existing dwelling situated on Erf 41 Sandbaai as a 5 guestroom guesthouse. The guesthouse will consist of:

- 5 guestrooms, each with their own en-suite bathroom;
- Living Room;
- Dining Room;
- Kitchen;
- Pool Rooms;
- Swimming Pool;
- Outdoor space;
- Garage;
- Parking area.

With reference to the above proposed uses of the dwelling the manager / owner will reside in the granny-flat that is located in close proximity of the rear boundary of Erf 41 Sandbaai and that is attached to the existing double garage. Please refer to the enclosed site development plan. The swimming pool separates the guesthouse from the granny-flat. The communal spaces such as the kitchen, dining room and living room are located on the ground floor as well as 2 guestrooms. The remaining 3 guestrooms, sitting room and pool room are located on the first floor. Only one vehicle can be accommodated in the double garage due its close proximity to the lateral north western boundary. Subsequently 6 additional parking bays will have to be accommodated.

With reference to the site plan it is clear that the required parking bays cannot be accommodated on Erf 41 Sandbaai. Subsequently the owners of Erf 41 Sandbaai, Mr. D. A. Kotze and Mrs. L.N. Westgarth-Taylor, bought Erf 39 Sandbaai to accommodate 6 parking bays thereon and also negotiated with the owner of Erf 42 Sandbaai to access the proposed parking bays via a small right of way servitude. A right of way servitude will be registered over a portion of Erf 39 and 42 Sandbaai. The detail of the access and parking will be dealt with in paragraph 3.8 below.

The Title Deeds applicable to erven 39 and 41 have restrictions that need to be removed in order for this application to be approved. Please refer to Section 3.7 of the motivation report for the details concerning the title deed restrictions that prohibit

the proposed consent use for a guesthouse on Erf 41 Sandbaai and 6 parking bays proposed on Erf 39 Sandbaai.

The proposed consent use, departure and removal of restrictive Title Deed conditions to utilise the existing dwelling on Erf 41 Sandbaai as a guesthouse, use a small portion of Erf 39 Sandbaai for the provision of 6 parking bays and to create a right of way servitude over a portion of Erf 42 Sandbaai will have a low impact on the surrounding erven as the subject property's zoning will be retained.

The above mentioned proposal can be summarised as follow:

- **Consent use:** It is proposed that the existing dwelling situated on Erf 41 be used as a 5 bedroom guesthouse and that the manager / owner resides in the granny-flat. In order to accommodate the 5 guestroom guesthouse on Erf 41 Sandbaai it would be required that we apply for a consent use for a guesthouse.
- **Departure:** The proposed 6 parking bays proposed on Erf 39 Sandbaai over which a right of way servitude will be registered cannot be accommodated under the prescribed primary right or as a consent in terms of the land use rights under a Residential Zone 1 zoning. In order to accommodate the 6 parking bays it would be required that we apply for a departure from the land use restrictions.
- **Creation of right of way servitudes:** 6 Parking bays are proposed on Erf 39 Sandbaai in favour of the proposed guesthouse (Erf 41 Sandbaai). Access to the proposed 6 parking bays will be via the existing driveway situated on the north western lateral boundary of Erf 41 Sandbaai and over the rear western corner of Erf 42 Sandbaai. The size of the proposed right of way servitude over the western rear corner of Erf 42 Sandbaai is $\pm 14\text{m}^2$ in extent. The proposed right of way servitude for the 6 proposed parking bays proposed on Erf 39 Sandbaai is $\pm 141\text{m}^2$.
- **Removal restrictive Title Deed conditions:** The Title Deeds of erven 39 and 41 have restrictions that limit the use of the property to residential use and the construction of dwelling only. In order to accommodate a guesthouse on Erf 41 Sandbaai and parking on Erf 39 Sandbaai would require that the Title Deed restrictions be removed.

The proposed consent use, departure and removal of restrictive Title Deed conditions will have a low impact on the environment and traffic of the area. We therefore do not anticipate any problems with the proposed application.

3.5 CHARACTER OF THE ENVIRONMENT

The subject property is situated in Sandbaai at 241 and 243 Piet Retief Crescent and 108 Kusweg. The Sandbaai area is characterized by established single dwellings and some tourist accommodation establishments. The impact on the subject properties character will be minimal since it is proposed to use the existing dwelling on Erf 41 Sandbaai as a guesthouse, provide access over erven 41 and 42 Sandbaai to 6 parking bays proposed on Erf 39 Sandbaai. The proposal will also be compatible with the character of the surrounding erven.

We are therefore of the opinion that the impact on the existing character of the area will be kept to a minimum. The proposed consent use, departure and removal of restrictive Title Deed conditions will not have a negative impact on the surrounding property values.

3.6 THE POTENTIAL OF THE PROPERTY (DESIRABILITY OF THE PROPOSED UTILIZATION)

The subject property is ideally positioned to explore all the great attractions of Sandbaai. The subject property is in close proximity of the popular coastal walkways, beaches tourist hubs such as the Hemel & Aarde Village, the Hermanus CBD, other beaches such as the famous Grotto Beach and the Fernkloof Nature Reserve is also easily accessible.

Due to the location and accessibility of the property the subject property has the potential to be developed as a guesthouse. The subject property is situated in the picturesque Sandbaai offering great views over the ocean.

7

3.7 IMPACT ON EXTERNAL ENGINEERING SERVICES

3.7.1 PROVISION OF SERVICES

All services on the subject property already exist and are sufficient to accommodate the proposed guesthouse with 5 guest rooms. It is our opinion that the impact on services will be minimal.

3.8 TRAFFIC IMPACT, PARKING AND ACCESS

The existing access from Kusweg to the existing dwelling will be used to access the proposed 6 parking bays proposed on Erf 39 Sandbaai. In order to access the 6 proposed parking bays it would require driving over a portion of Erf 42 Sandbaai. Please refer to the enclosed site development plan indicating an area of $\pm 141\text{m}^2$ allocated for parking purposes on Erf 39 Sandbaai and a portion of Erf 42 Sandbaai of $\pm 14\text{m}^2$ to be used to access the parking bays via Kusweg.

The existing double garage will be used to provide 1 parking bay for the exclusive use by the owner / manager of the guesthouse. The location of the double garage makes it physically possible to only park 1 vehicle in the double garage. 1 additional parking bay for the sole use of the owner / manager has been provided on Erf 39 Sandbaai. A total of 7 parking bays will therefore be provided.

With reference to the Overstrand Zoning Scheme Regulations, 1 bay per guestroom plus 2 additional parking bays for the owner / manager will be required to accommodate a guesthouse.

The required parking bays can be calculated as follow:

Land Use	Parking Bays Required	Parking Bays Provided
5 guest rooms	5	5
Owner / Manager	2	2
TOTAL	7	7

From the above it is apparent that sufficient parking bays can be provided for on site. The impact on the traffic of the area will be kept to a minimum since guests never arrive and depart at the same time at tourist accommodation establishments.

3.9 TITLE DEED

Erf 39 Sandbaai:

The enclosed Title Deed, T43101/2017 contains the following Title Deed restrictions that have to be addressed:

- Page 3, paragraph (2)(a): "That the above erf or erven be used for residential purposes only."
- Page 3, paragraph (2)(c): "That not more than one dwelling together with the necessary outbuildings and accessories be erected on any one of the above erven and that not more than half of the area or any one of the above erven be built upon."
- Page 3, paragraph (2)(d): "That no building be erected on the above erf or erven within 4.72 metres of any boundary line between the said erf or erven and any street, road or avenue on which such erf or erven abuts, such space may be used as gardens but shall not be built upon."

The reasons to have the above mentioned Title Deed restrictions removed are mainly to make provision for the establishment of 6 parking bays on Erf 39 Sandbaai and to give the owner the opportunity to utilise the property to its fullest potential in terms of

the primary land use rights under the current zoning of Residential Zone 1. The primary rights referred to are as follow:

6.1 RESIDENTIAL ZONE 1: SINGLE RESIDENTIAL (SR1)

Use of the property

6.1.1 The following use restrictions apply to property in this zone:

- (a) **Primary uses** are: day care centre, dwelling house, guest rooms, home occupation, second dwelling unit;

If paragraphs 2(a) & (c) of the above mentioned Title Deed are not removed the owner will be restricted to only use the property for single residential purposes and therefore prohibits the proposed 6 parking bays.

The Title Deed restriction, paragraph 2(d) as mentioned above prescribes a 4.72m street building line that is more restrictive than the prescribed building lines in terms of the Overstrand Municipality Zoning Scheme under a zoning of Residential Zone 1. With the removal of the restrictive Title Deed condition our client will at least gain an additional 0.72m to build.

Erf 41 Sandbaai:

The enclosed Title Deed, T47662/2005 contains the following Title Deed restrictions that have to be addressed:

- Page 4, paragraph (2)(a): "That the above erf or erven be used for residential purposes only."
- Page 4, paragraph (2)(c): "That not more than one dwelling together with the necessary outbuildings and accessories be erected on any one of the above erven and that not more than half of the area or any one of the above erven be built upon."

The reasons to have the above mentioned Title Deed restrictions removed is mainly to give the owner the opportunity to utilise the property to its fullest potential in terms of the primary land use rights under the current zoning of Residential Zone 1 and to accommodate the 5 guestroom guesthouse on Erf 41 Sandbaai.

The primary rights referred to are as follow:

6.1 RESIDENTIAL ZONE 1: SINGLE RESIDENTIAL (SR1)

Use of the property

6.1.1 The following use restrictions apply to property in this zone:

- (a) **Primary uses** are: day care centre, dwelling house, guest rooms, home occupation, second dwelling unit;

If paragraphs 2(a) & (c) of the above mentioned Title Deed are not removed the owner will be restricted to only use the property for single residential purposes and cannot establish a guesthouse on the Erf 41 Sandbaai.

The Title Deed restriction, paragraph 2(d) reads as follow:

"That no building shall be erected on the above erf or erven within 4.72 metres of any boundary line between the said erf or erven and any street, road or avenue on which such erf or erven abuts, such space may be used as gardens but shall not be built upon."

The above restriction prescribes a 4.72m street building line that is more restrictive than the prescribed building lines in terms of the Overstrand Municipality Zoning Scheme under a zoning of Residential Zone 1. With the removal of the restrictive Title Deed conditions our client will at least gain an additional 0.72m to build in the future.

Please take note that the proposed removal of the restrictive Title Deed conditions is mainly because they are more restrictive than the land use restrictions under the current zoning of the property that is Residential Zone 1. It is not proposed that we depart from any land use restrictions as prescribed in the Overstrand Municipality Zoning Scheme, Residential Zone 1.

3.10 FORWARD PLANNING & OTHER LAND USE DOCUMENTS

3.10.1 OVERSTRAND SPATIAL DEVELOPMENT FRAMEWORK (2006)

The Overstrand Spatial Development Framework (2006) earmarks the area where Erven 39, 41 & 42 Sandbaai are situated, for residential purposes. The current Residential Zone 1 zoning will be retained of the subject erven and this application only constitutes mainly a consent use for a guesthouse and the creation of right of way servitudes access and use proposed parking bays located on another erf. Subsequently the proposal will be in line with the spatial planning guidelines for the area.

The proposed guesthouse access to the proposed parking area will also be compatible with the existing residential land uses of the area.

3.10.2 OVERSTRAND MUNICIPAL GROWTH MANAGEMENT STRATEGY (2010)

With reference to the Overstrand Growth Management Strategy the subject erf falls within Planning Unit 3 that consists mainly of Sandbaai's single residential erven. No densification of this planning unit is proposed.

With the proposed consent use, departure, the creation of right of way servitudes and removal of restrictive Title Deed conditions in order to accommodate a guesthouse on Erf 41 Sandbaai, access the proposed parking bays over Erf 42 Sandbaai and to use a portion of Erf 39 Sandbaai to accommodate 6 parking bays the density of the subject erf will not be increased and therefore the Growth Management Strategy does not apply to this application.

3.11 THE RELEVANT LEGISLATION FOR CONSIDERATION OF THE APPLICATION

3.11.1 HERITAGE VALUE AND IMPACT

Erven 39, 41 & 42 Sandbaai are not situated within the Heritage Overlay Zone as determined by the Overstrand Municipality Growth Management Strategy (2010). The existing dwellings situated on Erven 41 & 42 Sandbaai are not earmarked for heritage conservation purposes in terms of the Overstrand Heritage Survey Report (2009).

The subject properties are not associated with any important persons or groups or important events and activities. The subject properties have no association with the history of slavery and is not used for living heritage.

In the light of the above mentioned it is evident that the proposed consent use, departure, creation of right of way servitudes and the removal of restrictive Title Deed conditions will not have a negative impact on the heritage value of the subject properties or the Greater area of Sandbaai.

3.11.2 ENVIRONMENTAL IMPACT

The proposed consent use, departure, the creation of right of way servitudes and removal of restrictive Title Deed conditions erven 39, 41 & 42 Sandbaai do not trigger any listed activities in terms of the National Environmental Management Act (NEMA), 1998 (Act no. 107 of 1998).

3.12 PLANNING PRINCIPLES

Spatial justice: The proposed guesthouse will create employment opportunities for local residents in town. Most of the staff who will benefit from working in the proposed guesthouse will be local residents living in the informal settlements of Sandbaai (i.e. previously disadvantaged communities).

Spatial sustainability: The proposed guesthouse and associated parking will be accommodated in an established residential area. The proposed application will have no impact on the conservation worthy areas of Sandbaai. Spatially the land use will be in keeping with the residential character of the area.

Efficiency: The guesthouse and proposed parking is easily accessible and conveniently located close to the beaches, walkways, the Hermanus CBD, Fernkloof Nature Reserve and other tourist attractions in the area. Last mentioned makes travelling to the subject property to make use of the proposed guest accommodation easy and accessible to everybody.

Spatial resilience: Not applicable to this application.

Good administration: Our firm is committed to the principle of good administration and will cooperate with the Overstrand Municipality to ensure a time efficient, uncomplicated land use planning process.

4. RECOMMENDATION

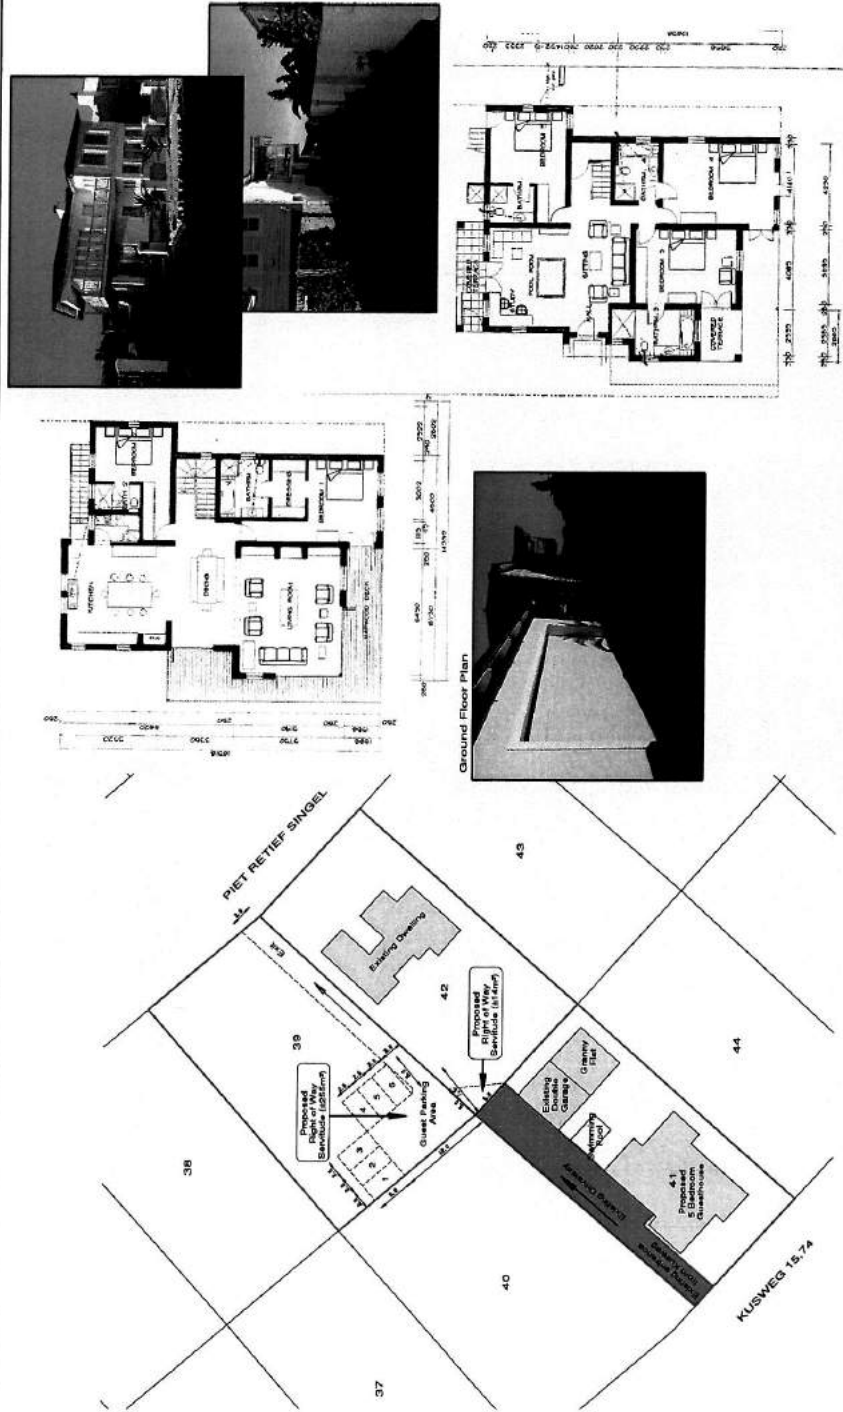

When this application is evaluated it is important to take note of the following:

- The proposed consent use, departure, creation of right of way servitudes and removal of restrictive Title Deed conditions are compatible with the existing built character of the area;
- The proposed land use is compatible with the land uses of the area;

- The impact on the traffic and services will be kept to a minimum;
- There are no environmental or heritage factors that prohibit the proposed land use;
- The proposal will not have a negative impact on the current character and land values of the surrounding erven;
- All the required parking bays are being provided;
- The proposed application complies with the spatial planning policies of the area;
- The proposal is a low impact guest accommodation establishment.

With regards to the above mentioned it would be appreciated if Council would approve the proposed consent use, departure, creation of right of way servitudes and removal of Restrictive Title Deed conditions of Erven 39, 41 & 42 Sandbaai.

We had a lovely stay at Shore's Edge Guesthouse. The staff there bent over backwards to make us feel welcome and to help in any way they could. That included making us a welcome cup of tea or coffee on their beautiful veranda when we returned each afternoon and attention to detail during our stay was exceptional. In addition breakfast was delicious. We would recommend Shore's Edge to anyone wishing to stay in Sandbaal.
