6. Background/Discussion/Evaluation/Conclusion

6.1 Background

6.1.1 Upgrading of Informal Settlements Programme

The key objective of the **Upgrading of Informal Settlements Programme (UISP)** is to facilitate the structured *in situ* upgrading of informal settlements as opposed to relocation to achieve the following complex and interrelated policy objectives :

- **Tenure security** : to enhance the concept of citizenship, incorporating both rights and obligations, by recognising and formalising the tenure rights of residents within informal settlements;
- **Health and Security** : to promote the development of healthy and secure living environments by facilitating the provision of affordable and sustainable basic municipal engineering infrastructure to the residents of informal settlements. This must allow for scaling up in the future; and
- **Empowerment** : to address social and economic exclusions by focusing on community empowerment and the promotion of social and economic integration, building social capital through participative processes and addressing the broader social needs of communities.

(National Housing Code. 2009. Volume 4. Part 3. P13)

Transit Camp, Asazani and New Camp will be upgraded and formalised as follow:

No	Vacant Land	Type of project	Estimated new number of sites
1	Transit Camp	Serviced sites	127
2	Asazani	Serviced sites	27
3	New Camp	Serviced sites	13
	TOTAL SITES		167

Qualifying beneficiaries from these informal settlements will be accommodated in the development on Site C2 of 132 BNG housing units, Swartdam Road.

(National Housing Code. 2009. Volume 4. Part 3. P16)

Any residents in the informal settlement that are owners of property elsewhere in the Overstrand municipal area will not be considered for UISP, but be requested to move to their original housing opportunity.

6.1.4 Rental

In the event of the disapproval of the subsidy application by the Provincial Department of Human Settlements. A rental agreement can be concluded between the Overstrand Municipality and a potential beneficiary who do not comply with the above criteria for low cost housing for UISP.

6.1.5 Temporary Relocation Area

The Directorate : Infrastructure and Planning is currently developing a TRA to provide for an area where families occupying the affected informal settlements will be temporarily relocated to, whilst the particular informal settlements are developed into serviced erven with BNG housing, where applicable.

The area between Still and Church Street, originally approved by the Department of Human Settlements (hereinafter referred to as Department) was identified for a TRA. Due to the location of the area in relation to high income areas such as Westcliff and other coastal developments in the vicinity, the Department was requested to consider an approved TRA proposal.

The Department usually allows for temporary structures that need to be removed once the residents have been relocated to permanent facilities (pre-fabricated structures costing R25,000 each). The result is a total

**AGENDA of the
Portfolio Committee : Community Services

(Also the agenda for the Mayoral Committee Meeting : 2 December 2016)**

waste of these funds. Overstrand Municipality therefore applied to the Department to deviate from the normal practice to provide temporary structures and rather provide funding for permanent structures which can be used over and over again. This was approved, as a first in the country. The approved amount per unit is R44,837,00 which is a huge improvement on the original pre-fabricated structures. When finished, the structures will look no different from a normal subsidised house, except for the internal temporary arrangements. However, this amount does not allow for permanent facilities such as a kitchen, bathroom and toilet.

In the TRA, families will have access to one toilet for every two families, situated on the site, as well as water and washing facilities. Furthermore, roads and storm water drainage built to municipal standards are already in place. People currently living in informal structures will move to a situation which is much better than where they come from. Afterwards families will move back to fully serviced sites, with the option to build their own homes.

The TRA will occupy 125 of the 164 residential sites, in other words 39 permanent houses will be constructed as soon as the funding has been approved. These houses will be constructed along Church Street and be provided to people qualifying for houses as originally intended, but only much earlier. The 125 housing units will be subdivided into 20m² units to temporarily accommodate 250 families at a time.

As families are relocated to the TRA, the affected informal settlements will be redeveloped where after affected families will move to BNG housing opportunities (if qualify in terms of criteria) or serviced sites. The relocation order is as follows (refer to Annexure D):

- Mandela Square
- Transit camp, Asazani, New Camp and Thambo Square
- Tsepe-Tsepe and Serviced Sites

In terms of the planning, the TRA will be upgraded in the envisaged five years to BNG houses for qualifying beneficiaries from January 2017.

6.2 Discussion

6.2.1 Potential beneficiaries

In order to upgrade and formalise the informal settlement, preference must be given to current inhabitants to become beneficiaries in the project. This will ensure that the informal settlement will be eradicated.

The administration had to do a survey in conjunction with the implementing agent to ensure that all families residing in the informal area

Portfolio Committee : Community Services

(Also the agenda for the Mayoral Committee Meeting : 2 December 2016)**

are recorded on the municipal waiting list. A number of 393 beneficiaries (refer Annexures A, B and C) on the waiting list were recorded.

It is recommended that the composition of the list of beneficiaries be compiled in the following order of preference (including disabled beneficiaries):

a) Potential beneficiaries resident in Transit Camp	:	283
b) Potential beneficiaries resident in Asazani	:	61
c) Potential beneficiaries resident in New Camp	:	49
Total	:	393

6.2.2 Process for the occupation of new development

The residents that will benefit from the project are existing residents of Transit Camp, Asazani and New Camp.

The upgrading of Transit Camp, Asazani and New Camp will take place in the following stages, namely

- The relocation of qualifying beneficiaries to the newly developed houses on site C2, Swartdam Road.
- The relocation of the remaining residents of Transit Camp and Asazani to the Temporary Relocation Area (TRA) next to the housing department.
- The upgrading (installation do civil services) of the informal area of the two areas, namely Transit Camp and Asazani
- The relocation of remaining families of New Camp and Asazani in rating order onto serviced sites.
- Relocation of residents from New Camp to the Temporary Relocation Area.
- Upgrading of New Camp.
- Relocation of remaining families in rating order onto serviced sites.

6.2.3 Processing of applications

Potential beneficiaries will be formally invited to complete subsidy application forms. It is recommended that in the event of no response after the first written notice of 30 days, a second and final written notice of 7 days be issued.

After successful notification by Council, the lists of potential beneficiaries will be communicated to Motlekar Cape (Pty) Ltd.
