Survivalist and Micro enterprises may request such payments which may then be made at the discretion of the Municipality. These weekly payments will be reviewed after a period of 12 months of doing business with the Municipality, as it may be assumed that the enterprise will, by that stage be self-sustainable. It is the obligation of the supplier to arrange earlier payments with the creditors department.

- 12.1.1.8. Memorandum of Understanding/ Memorandum of Agreements

¹ SURVIVALIST ENTERPRISES / MICRO ENTERPRISES ARE DEFINED AS FOLLOWS:

Survivalist enterprises are generally defined as businesses set up by people unable to find a paid job or get into an economic sector of their choice. Income generated from these activities usually falls far short of even a minimum income standard, with very little capital invested, virtually no skills training in the particular field and only limited opportunities for growth into a viable business. This category is characterised by poverty and the attempt to survive.

Micro enterprises are very small businesses, often involving only the owner, some family members and at the most one or two paid employees. They usually lack 'formality' in terms of business licenses, value-added tax (VAT) registration, formal business premises, operating permits and accounting procedures. Most of them have a limited capital base and only rudimentary technical or business skills among their operators. However, many micro enterprises advance into viable small businesses. Earning levels of micro enterprises differ widely, depending on the particular sector, the growth phase of the business and access to relevant support.

1. This Municipal Bidding Document (MBD) must form part of all bids⁵ invited.
2. 3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:

 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

Bid rigging is, therefore, an agreement between competitors not to compete.

5. For the purposes of this Certificate and the accompanying bid, I understand that the word “competitor” shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - a. has been requested to submit a bid in response to this bid invitation;

 - c. provides the same goods and services as the bidder and/or is in the same line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium⁷ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - a. prices;
 - b. geographical area where product or service will be rendered (market allocation)

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.
